ARMISTICE DAY OBSERVED BY THE EMPIRE

WITH TOTAL OF OVER \$4,000,000 CITY HAS WON ONE HONOR CREST

Yesterday's Investment Almost Trebled Last Year's; Drive Goes Faster Than in 1918; Nanaimo and Courtenay now "Over"

With an investment of \$360,700 yesterday, Greater Victoria's Victory Loan total last night stood at \$4,130,656, which is \$930,656 greater than her honor flag quota and only \$869,344 below her \$5,000,000 objective.

With these facts before him this morning, Brigadier-General Clark, Island Loan Chairman, told a Times representative that there was absolutely no doubt that Victoria would reach her \$5,000,000 quota some time before Saturday night.

DOMINION TOTAL NEARS \$400,000,000

British Columbia Fights For Third Place in Canadian Loan

Toronto, Nov. 11.—The Victory Loan is sailing on toward the \$400,000,000, a total of \$354,942,032 having been reported up to noon today.

British Columbia, \$15,569,042; Alberta, \$7,868,090; Saskatchewan, \$6,526,650; Manitoba, \$19,417,100; Ontario (including Toronto), \$201,821,600; Quebec (including Montreal), \$54,424,300; New Brunswick, \$6,320,650; Nova Scotia, \$11,639,400; Prince Edward Island, \$387,600.

It should be noted that the figures for British Columbia and Alberta are up to Friday night; for Saskatchewan, Manitoba, City of Montreal, New Brunswick, Nova Scotia, Prince Edward Island up to Saturday night and for Quebec and Ontario up to Monday night.

The above totals include Toronto's figures up to noon today. Toronto has collected \$83,253,350, this morning's work having netted \$2,600,000.

Moncton, N. B., Nov. 11.—Up to Saturday night 5,719 employees of the Eastern and Transcontinental divisions of the Canadian National Railways had purchased Victory Bonds to the extent of \$1,291,550.

FRANCE WITNESSES A HOT CAMPAIGN

Numerous Riots and Personal Encounters Mark Election Contest

Paris, Nov. 10.—The political campaign continues with unabated vigor throughout France.

M. Briand, one of the most extreme Socialists in the last Chamber, who is seeking re-election, said at Moulins yesterday: "Peasants, the land is yours. You must take it. No more chateaus; no more landlords."

Although many riots and personal encounters have occurred, no deaths have yet been reported, but there have been many broken heads and hospital cases.

The National Council of the Women of France, under the presidency of Mme. Siegfried, wife of the former member of Havre, has issued an appeal to voters, demanding the right of women to vote.

Omsk Being Evacuated by Government Offices and Civilians

Omsk, Nov. 3.—Delayed—The advance of the Bolsheviki has been held up along the Ishim River at Petro-pavlovsk. Both sides seemingly are reforming for a new series of battles. The evacuation of Omsk by civil and military institutions, hospitals, Government offices and civilians continues in perfect order.

From Omsk, Omsk, Nov. 4.—Delayed—The Allied diplomatic and military representatives, with the exception of the Japanese, will depart from Omsk November 6, according to present plans.

NEUTRALS WILLING TO JOIN LEAGUE

Agreement of Fiume Question Reported in Sight at Last

London, Nov. 11.—A question in the House of Commons today elicited the reply that none of the thirteen neutral nations named in the annex to the covenant of the League of Nations has declined to join the League.

Rome, Nov. 11.—A definite agreement on the Fiume question apparently is in sight, according to The Popolo Romano. This paper says that, with the help of the Allies, Foreign Minister Tittoni seems about to achieve an understanding regarding the problem.

It also appears, the newspaper adds, that General Badoglio has succeeded in arriving at an understanding with Gabriele d'Annunzio, by which the poet will not oppose the solution of the Adriatic problem suggested by the Government.

STRIKE OF COAL MINERS IN UNITED STATES CALLED OFF

Washington, Nov. 11.—Officials of the United Mine Workers of America and representatives of the coal operators were invited today by Secretary Wilson to meet him here Friday to discuss a new wage agreement.

Indianapolis, Nov. 11.—Judge A. B. Anderson in Federal Court here at 10 o'clock this forenoon approved the order of the executive board of the United Mine Workers of America calling off the strike of bituminous coal miners.

Attorneys for the miners promised to try to have the order in the mails by 6 o'clock this evening. This action was taken following a session of the general committee of the miners, which decided early today to comply with the mandate of the court issued last Saturday.

In Good Faith. Judge Anderson characterized the order as a "good faith effort" to

"Parliament" of Sinn Fein Raided; Nine Members are Held

Dublin, Nov. 11.—The Sinn Fein "Parliament" was raided today by the authorities and nine members of it were arrested.

NEW ZEALAND TARS PARADED DOWNTOWN

Naval Pageant Witnessed by Small Holiday Crowd

Many years have passed since Victorians have been privileged to witness a naval pageant similar to that which paraded the main thoroughfares this morning. Several hundred officers, marines and bluejackets from the battle-cruiser H. M. S. New Zealand, assembled at the Hudson's Bay Building and at 10 o'clock, headed by the ship's band, marched along Douglas Street to Yates Street, to Blenheim Street to Fort Street, to Government Street to the Parliament Buildings.

It was a very impressive spectacle and it is to be regretted that more citizens were not out to witness it and cheer the heroes of many thrilling battles on the high seas as they swung along. The parade was organized under the direction of the Victory Loan Committee, who obtained the assistance of the officers and crew of the New Zealand, the Boys' Naval Brigade and the Boys' Scouts.

Real Jack Tars. The bluejackets—the real type of British seadog, square-shouldered, short of neck and powerful and heavy of jaw—created a profound impression as they marched along the thoroughfares at a perfect slope and their bayonets glistened in the sun. Following the bluejackets came the marines, in their scarlet tunics, and in rear of them two gun teams pulling their twelve-pounder field pieces with drag-ropes. The rear was brought up by the machine gun section.

Paris, Nov. 11.—The principal Paris morning newspapers joined forces and produced an edition this morning under the title "Presse de Paris." This was necessitated by the strike of printers called last night.

BRIEF PAUSE IN ALL PARTS OF THE EMPIRE MARKS WORLD EVENT

Armistice Observed in United Kingdom, Overseas Dominions and Colonies as King Requested; Scenes in Old Country

London, Nov. 11.—The armistice anniversary was solemnly celebrated throughout the Empire today. Two minutes of silent thought were given the dead, not only in the United Kingdom, but in the great Overseas Dominions, the colonies and the islands throughout the world at 11 o'clock this forenoon, the hour when the armistice took effect a year ago.

Most impressive scenes were witnessed everywhere in the United Kingdom as the solemn moments were observed. Civic employees stood still at their posts. Judges in their courtrooms, Cabinet members in their offices or wherever they happened to be, and all grades of military and naval men ceased their duties and stood at attention when the clock struck and the rockets burst that signalled the hour.

French President Visiting the King

M. and Mme. Poincare Guests of King George and Queen Mary

London, Nov. 11.—President Poincare of France, and Mme. Poincare are here for a four-days' visit with the King and Queen. The French President and his wife were met at Victoria Station yesterday by the King and Queen and Field-Marshal Earl Bessières (Sir Douglas Haig).

Prince of Wales Reached There This Forenoon; Welcomed to American Capital

Washington, Nov. 11.—The Prince of Wales arrived in Washington today and was welcomed by Vice-President Marshall, acting for President Wilson. The reception ceremonies at the Union Station were informal, although Cabinet officers and high officers of the army and navy were gathered to greet the youthful visitor, who will spend three days in the national capital before visiting New York on his way home.

Saw Celebration. On his way from the station the Prince passed the square where the formal exercises in connection with the celebration of armistice day were in progress, despite the rain.

Passing through the President's reception room, with a score of Red Cross girls in uniform waving greetings, the Prince on his arrival stepped out into the concourse where the sabers of the cavalry were whipped to the salute and the band began the solemn strains of "God Save the King."

Then the Prince and Mr. Marshall entered the latter's car and the swift trip to the Belmont home was begun, the cavalry in rain-soaked uniforms clattering ahead in column. A wave of hand-clapping and cheering followed the little procession as it swept through the streets.

Allies Warned by A. Maude, Germans at Work in Russia

London, Nov. 11.—"Until you know what is going to happen in Russia you will not know who has won the war," declared Aylmer Maude, a writer on Russian affairs, in a recent address at King's College. "It is quite possible," he proceeded, "that Germany is going to gain a very great deal more in the east than she has lost in the west."

Cowichan Member Creates Group to Advance District's Interests

Duncan, Nov. 11.—K. F. Duncan, M. P. P. for Cowichan, is holding a series of meetings throughout the district in fulfillment of the election pledge made by his campaign committee, calling for the appointment of a committee advisory to the member. This committee will be representative of all sections and interests of the district and independent of any particular party. The method of appointment is to ask the people of each section to appoint a member. The purpose of the committee will be to advise the member from time to time of the needs of the several sections and to confer with him with respect to necessary legislation.

**Meetings.**

Already meetings have taken place at Shawnigan, Chemainus, Soaness, Cobble Hill and Sahlam and other sections of the district will be visited at an early date. The next meeting will be at Cowichan Station on Thursday evening next.

At all the meetings people have been asked to bring forward matters of immediate interest to the district.

**Basketball.**

The Duncan Opera House was crowded by an enthusiastic student watching two games of basketball. The Duncan ladies defeated the Ladymith team with a score of 12 to 2, and the Duncan men's team defeated a team from the Victoria Y. M. C. A. 24-9.

**For the Duncan Ladies' team** the Misses Kate and Ann Robertson, Lottie and Eva Rutledge and D. Kerr played. B. McBride, of Chemainus, refereed.

The Duncan men's team was made up of Messrs. E. Evans, E. Rutledge, V. Barnett, H. March, K. Murchie, B. McNicol (spare), A. Kingsley, Shawnigan acted as referee.

In both cases the Duncan teams were much heavier than their opponents. In case of the men's game particularly the game was faster and more exciting than the score would indicate.

St. John's Hall, Duncan, was a most enjoyable event, over eighty being present. Miss Clack and Miss Monk and Messrs. C. H. Hopkins and F. Smith entertained the audience with a short musical programme. F. Smith, people's warden, after a short speech of welcome, announced that a general shower of useful things given by members of the church was spread out in the adjoining room. The inspection of the presents, a dainty supper and animated conversation at small tables, passed the rest of the evening, which closed with two or three dances by the younger members. Mrs. F. G. Christmas and Mrs. James Greig were the reception committee.

At a social and business meeting of the Sahlam local of the British Columbia Farmers' Union in the schoolhouse, the indifference of several members towards the welfare of the Union was the subject of a discussion which resulted in a decision to carry on and to devise ways and means to stir up greater interest and support, and to provide social evenings for the community.

The question of the Sahlam war memorial tablet was again discussed, and the committee was asked to submit a report at the next meeting as to what names should be placed on the tablet.

The annual meeting will be held in December.

**Teachers.**

At a well attended meeting of the Cowichan Teachers' Association in the Municipal Hall, the president, A. B. Thorpe, M.A., for the benefit of those who were new to the organization, outlined the scope of the association, and gave a very general account of the work of the British Columbia Federation of Teachers during the past six months, which had included some improvement in salaries, a greater spirit of co-operation between teachers and school trustees and the Department of Education, the growth of The Educator Magazine, securing of a charter of incorporation under the British Columbia Business Societies Act, and movement for the union of the teachers of the western provinces.

**PREPARING FOR PRESS MEETING**

Representatives of Press of Empire to Meet in Canada Next Year

London, Nov. 11.—The Empire Press Union's meeting provisionally suggested that representation at the press conference to be held in Canada, next year should be divided as follows:

Australia fourteen delegates; New Zealand five; South Africa, nine; India, six; including four Anglo-Indian and two vernacular press representatives.

Proposed representation for Great Britain: Northern newspapers, eight; southern, four; Irish, four; Scottish, six, and also one each from the Institute of Journalists and the National Union of Journalists. This leaves sixteen places still to be filled.

The Empire Press Union suggests that The Daily Herald which is a newspaper representing the extreme Labor viewpoint, should be included. Further representation suggested is one delegate each from Ceylon, Malay Peninsula, West Indies and the Far East.

It was intimated that the delegates from the United Kingdom preferred to pay their own expenses until their arrival in Canada.

**VANCOUVER MENAGED BY ITS WATERFRONT**

Wooden Buildings a Danger, Says Dominion Fire Commissioner

Vancouver, Nov. 11.—That the buildings, wharves and other properties along the waterfront of Burrard Inlet are a great and serious menace to the mercantile section of Vancouver from the threat of a serious fire is the opinion of J. Grove Smith, Dominion Fire Commissioner, who arrived yesterday from the East.

The Dominion Commissioner is starting out upon an itinerary that will take him to every one of the principal cities of the Province and to the chief centres of Canada from one sea coast to the other. While in Vancouver he will pay particular attention to the fire danger from the waterfront and to the formation of local chapters of the British Columbia Fire Prevention League.

**ALLOW MACKENSEN TO RETURN HOME**

Allies Permit Him to Go to Germany From Salonica

Paris, Nov. 11.—Field-Marshal von Mackensen, one of Germany's most successful commanders on the eastern front in the campaigns against the Russians and Rumanians, is to be permitted to return to Germany from Salonica. The Supreme Council decided to-day to permit his return, taking into consideration his age and poor health.

Von Mackensen was in command of the German forces in Roumania when hostilities ended. He tried to force his way through Hungary to Germany, but was arrested at Budapest by French troops and later was reported to have been interned at Salonica. He is nearly seventy years of age.

# Tartar on Teeth Shows You Leave the Film

All Statements Approved by High Dental Authorities

**Remove the Film**

Film is the basis of tartar. It is the source of discolored teeth and decay.

In brushing teeth you leave a slimy film. You can feel it with your tongue. It clings to teeth, enters crevices and stays. Your tooth paste cannot dissolve it. Most tooth troubles are now traced to that clinging film.

That film is what discolors—not the teeth. It holds food substance which ferments and forms acid. It holds the acid in contact with the teeth to cause decay.

Millions of germs breed in it. They, with tartar, are the chief cause of pyorrhea. So the one great object in cleaning teeth should be to end that film.

Dental science, after years of searching has found a way to do that. For home use the way is now embodied in a dentifrice called Pepsodent.

The results are known. Convincing, clinical and laboratory tests have proved them beyond question. Leading dentists everywhere now advocate its use.

**A 10-Day Test Supplied**

We now send a 10-Day Tube to anyone who asks. Thus we are starting countless people toward cleaner, safer teeth.

Pepsodent is based on pepsin, the digestant of albumin. The film is albuminous matter. The object is to dissolve the film, then to day by day combat it.

The way seems simple, but pepsin must be activated. The usual method is an acid harmful to the teeth. It is the invention of a harmless activating method which makes pepsin possible. That, with other Pepsodent ingredients, is doing now what was never done before.

Send the coupon for a 10-Day Tube. Note how clean the teeth feel after using. Mark the absence of the slimy film. See how teeth whiten as the fixed film disappears.

Read the book we send you. Learn the reason for these things. Then judge for yourself if you want your teeth kept in that way always. Cut out the coupon now.

**Free**

A 10-Day Tube of Pepsodent to show you its effects. See coupon.

See how teeth glisten when the film is gone. It is film that makes teeth look dirty. It is film that is the source of most tooth troubles.

## PROROGATION AT OTTAWA YESTERDAY

Second Session of the Year Was Brought to a Close

Ottawa, Nov. 11.—The Speech from the Throne at the prorogation of Parliament yesterday afternoon, read in English and French by the Governor-General, was as follows:

"Honorable Gentlemen of the Senate:

"Gentlemen of the House of Commons:

"In relieving you of further attendance at this session, I thank you for the diligence and efficiency with which you have discharged your duties.

"Measures of great significance and importance have engaged your attention.

"The treaty of peace concluded by the Allied and Associated Powers with Germany and signed at Versailles on June 28, 1919, and the treaty of peace between the same powers and the Republic of Austria signed at St. Germain-en-Laye on September 10, 1919, have been presented to you and received your approval.

"These treaties have now been approved by Germany and Austria, on the one hand, and by at least three of the Allied and Associated Powers on the other hand, and await only the exchange of ratifications to enter into full force and effect.

"World Peace.

"I fervently trust that the provisions of these treaties, marking as they do the termination of hostilities, may usher in for humanity an era in which great wars may be prevented and the blessings of world peace actually secured.

"Canada bore a large part in the operations of the war, and contributed notably to its successful completion, and it is, therefore, gratifying

ance advocate and described by The Times as not a fanatic of the prohibitionist type, but with views probably in advance of the majority of his contemporaries. His father was a temperance reformer in the northern counties in the early days of the movement and practically a pioneer in the British campaign.

to be able to note the distinguished position accorded to her in the conduct of the negotiations of the peace conference at Paris.

Prince's Visit.

"The visit of His Royal Highness the Prince of Wales has been a source of deep and widespread satisfaction. The universal welcome which has been extended to him is an evidence of the devotion of the Canadian people to the throne and the British institutions. This welcome, so whole-hearted in character, is an undoubted tribute to the high personal character and qualities of His Royal Highness, who in peace and in war has closely identified himself with Canada and shown his earnest desire to promote the welfare of the people of this Dominion.

Grand Trunk.

"The acquisition of the Grand Trunk properties and their addition to the existing national railways will materially promote the successful and economic administration of the whole system and greatly aid in the solution of important problems of Canadian transport.

"The adoption of the report of the committee of the House of Commons on bill No. 16 will extend the scope and application of the important measures already taken for meeting the needs of returned soldiers and their dependents.

"The adoption of the classification of the civil service of Canada will make it possible for the Commission to proceed at once with the further organization of the service.

Victory Loan.

"The success which has greeted the inauguration of the Victory Loan is a tribute to the patriotism and organizing capacity of Canadian business-men, and fully demonstrates the devotion to fulfill its obligations to its soldiers, maintain the credit of Canada and strengthen its trade position.

"In a survey of the economic and social conditions throughout the world, it is satisfactory to note that Canada's position compares favorably with that of any other country and is far more favorable than most. With the accordant action of labor and capital, aided as it has been by the industrial conference, lately held, and with the continued application of our people to productive pursuits, accompanied by rigid adherence to thrift and saving, we can face the coming years of reconstruction and adjustment with hopeful confidence.

Finances.

"Gentlemen of the House of Commons:

"I thank you for the provision made for the public service along the lines of reconstruction and aid for the returned soldiers.

"Honorable Gentlemen of the Senate:

"Gentlemen of the House of Commons:

"I devoutly pray that Almighty God may incline our minds to sane and prudent counsels, may inspire all our people with the will to work and to save, and continue the blessings of peace and prosperity within our borders."

Imperial Conference.

"In the Commons shortly before prorogation Ernest Lapointe, Liberal, Quebec East, questioned the Government regarding the proposed Imperial Conference. It would be important to Canada, he said, as questions of policy were to be discussed. The country should be represented by a Government with the full force of public opinion behind it. The present Government, he declared, was not representative of public opinion, and he thought it should resign and go to the people.

Hon. C. J. Doherty, who was leading the Government side, assured Mr. Lapointe that his "pathetic appeal" would not go unheeded. The Government would devote very careful consideration to the matter in question. As to the conference in question, the Canadian delegation in all probability would be composed of members from both sides of the House, so that public opinion should be well represented.

Naval Policy.

Mr. Lapointe asked if Admiral Jellicoe was coming to Ottawa to settle the naval policy, or if the Government already had one which he was to approve.

Mr. Doherty replied that the Government would set Canada's naval policy and Parliament would approve of it. Admiral Jellicoe's suggestions, however, undoubtedly would be of great value in drawing up a naval policy.

Sir Robert Borden.

Hon. W. L. Mackenzie King expressed the regret of the members of the Liberal side of the House that illness had compelled the absence of Sir Robert Borden during the greater part of the session. He asked Mr. Doherty if he could give any information as to the Prime Minister's condition.

Mr. Doherty replied that, so far as he knew, Sir Robert was recovering strength, and it was only a matter of time until he would be well again. He could not say, however, when the Prime Minister could be expected to return to Ottawa.

Liquor Compensation Inquiry Dec. 15

Vancouver, Nov. 11.—On the ground that it is probably the desire of the Provincial Government that the inquiry be completed before the next session of the House, Mr. Justice Clement, sitting as Commissioner to investigate claims for compensation of those interested in the liquor traffic resulting from the passage of the Prohibition Act, refused the application of A. E. Tuik, representing the firm which sustained the heaviest losses, for an adjournment until the first week in January, William Savage, representing the People's Prohibition Association, asked for an adjournment until November 15. His Lordship compromised and named the morning of December 15 as the date when the inquiry will commence.

## OLD AGE PENSION FOR ALL CITIZENS

Recommendation to British Commons Is Ten Shillings a Week

London, Nov. 11.—An old age pension of ten shillings a week, to be paid to every citizen reaching the age of seventy, irrespective of his means, is recommended by the departmental committee in a majority report presented to the House of Commons. Payment of the pensions, it is estimated, would impose a burden upon the budget of £41,000,000 a year. Existing laws limit the grant of old age pensions to persons whose yearly means do not exceed £21 10s., and by persons who have, through illness, habitually failed to maintain themselves and their dependents, who are in receipt of poor relief and who have not in recent years been in jail. The weekly amount of the pension is 6s., if the yearly means of the pensioner does not exceed £21 4s., and lesser amounts to pensioners having greater incomes within the limits of the law.

During the war, however, these provisions as to maximum incomes were appreciably relaxed, and an extra grant of 6d. a week provided for.

The cost to the Government of old age pensions in the fiscal year 1916-17 was about £12,000,000, and in 1917-18 about £18,000,000, owing to these extra war grants, as contrasted with £41,000,000 contemplated in this report.

REDMAN ANSWERS CALGARY G. W. V. A.

Calgary, Nov. 11.—Declaring that a cash bonus would mean nothing more nor less than the taking of money from widows and orphans of soldiers to parcel it out among able-bodied men well fit to earn their own living, Major D. Lee Redman, M. P. for Calgary East, returned a red-hot answer in an interview yesterday to the Calgary G. W. V. A. executive resolution demanding his resignation.

Major Redman arrived yesterday morning from Ottawa and, after reading the resolution passed by the G. W. V. A. executive, declared he was glad the issue had come to a point where he could make a straightforward statement. In regard to the allegation in the resolution that he had broken his pledges to the G. W. V. A., Major Redman said:

"So far as any broken pledges are concerned, I stand at the meeting at which my name was placed in nomination that I would put the interests of the soldiers before the interests of any party, and I have always done so.

"I do not regard it in the interests of the soldiers to attempt to extort from the Treasury large sums of money for able-bodied men who are thoroughly able to take care of themselves, when this would mean, as it would at present, that the country would be unable to raise the money necessary to take care of the widows and children of soldiers and of disabled men."

"I believe that while the present provisions for these classes is possibly sufficient to maintain life, they are not sufficient to maintain many pensioners in decent comfort."

MINERALS FOUND IN SASKATCHEWAN

Regina, Nov. 11.—Three farmers have filed claims which will give them control over 6,000,000 tons of sodium sulphate located in the Blue Mountains, near Cyclone, Sask.

Immense deposits of high grade fire-making clay have been found at the Elbow, and underneath lie inexhaustible quantities of iron pyrites.

Got Rid of The Cough That Sticks

Some coughs seem hard to shake off—stick right to you in spite of all you do to get rid of them.

These are the kind of coughs that are dangerous—that weaken the lungs so that the germs of consumption find a ready foothold.

We know of no remedy that will cure stubborn coughs—coughs that won't let go—like Dr. Wood's Norway Pine Syrup.

It allays the inflammation, soothes the irritated and heats the diseased mucous lining of the lungs and bronchial tubes.

Mrs. Leo Allen, Petite de Grac Bridge, N. S., writes: "Last winter I had an awful cough that kept me in the house for over two months. I tried several cough remedies, but got no relief. I was almost discouraged when a grocer here offered me a bottle of Dr. Wood's Norway Pine Syrup. After taking that one my cough began to ease. I took two more and they cured me completely."

Get the genuine Dr. Wood's Norway Pine Syrup; put up in a yellow wrapper; 3 pine trees the trade mark; price 25c and 50c; manufactured only by The T. Millburn Co., Limited, Toronto, Ont.

A clergyman not long ago received the following notice regarding a marriage that was to take place: "This is to give you notice that I and Miss Jimma Beatty is coming to your church on Saturday afternoon next, to undergo the operation of matrimony at your hands. Please be prompt, as the tax is hired by the hour."

## VANCOUVER MAN HAD SUFFERED FOR SEVENTEEN YEARS

R. H. Smith Tried Lots of Medicines, But Nothing Helped Him Until He Took Tanlac

"It's a fact, I find given up all hopes of ever being rid of my troubles of seventeen years' standing but now, since I have taken Tanlac they are completely gone." was the statement made by R. H. Smith, a well-known employee of the Hastings Shingle Mill, who lives at 1730 Woodland Drive, Vancouver.

"It was about seventeen years ago that my stomach first began to give me trouble," continued Mr. Smith, "and year after year I grew worse until finally I was hardly able to get about. Nothing I ate seemed to agree with me, and after every meal the cramping pains that would come on me would almost draw me double, and gas made my heart palpitate so bad that I was afraid I had heart trouble. My appetite was so poor that if it wasn't for keeping alive I don't believe I would have ever gone to the table for the misery I was in after I had taken just a few bites was something awful. I was continually belching, and all the time I had a mean taste in mouth, and at night my sleep did me so little good that I felt weak and tired out when I got up every morning."

"I tried just about every medicine I ever heard of, and it seemed that I would have to go on through life without ever seeing any relief. I began to hear so much about Tanlac that I decided to give it a trial, and you can imagine how surprised I was when I started to feel better after all these years of misery. Now I can get just anything that is put on the table and never feel any bad effects in the least and feel as good as new entirely. I don't go around belching any more, and the bad taste has left my mouth completely. In fact, I am not troubled in any way whatever. My sleep is restful and when I get up in the morning I am ready for as big a day's work as any man. Tanlac has done so much for me that I could talk all day and still not say enough good about this medicine."

Tanlac is sold in Victoria by D. E. Campbell, corner Fort and Douglas—Adv.

MONTANA EXPERIENCES HEAVY SNOWFALL

Helena, Mont., Nov. 11.—Reports received here this morning by the state officers of the weather bureau show that Montana had one of the heaviest snowstorms of the season on Monday and Tuesday night and the indications were that the snowfall was the most evenly distributed of the year. Helena got 5.6 inch precipitation, measuring eight to ten inches in snow. Figures for the other Montana stations that reported were: Billings, 6 above zero; Kalispell, 2 above; Miles City, 4 above.

Butte, Mont., Nov. 11.—In Butte at six o'clock this morning it was eight below zero. Two hours later it had moderated slightly. An inch of snow fell last evening.

HUNTING SEASON VICTIMS IN ONTARIO

Parry Sound, Ont., Nov. 11.—Two more lives have been added to the toll of the hunting season in this district. Just across from the town of Parry Sound, Indian reservation, resides Charles Salt, a son of the late Rev. Allen Salt, first Indian missionary to the Ojibwa Indians and a long time at the Sarnia reserve. Two of his boys went hunting with some other boys and Allen, fifteen years old, son of Charles Salt, was fatally shot.

The other accident occurred at Deer Lake, some distance north of here, and the victim was Dr. Lehmann, a physician of Detroit, who with another United States citizen had come over for the hunting season. He was about forty-five years old, and it is believed he was shot in mistake for a deer.

YAKIMA WANTS NO FIREMEN'S UNION

Yakima, Wash., Nov. 11.—Yakima's former firemen, who walked out on Tuesday, have been advised by W. I. Brown, of Spokane, district vice-president of the International Fire-fighters' Association, to tear up their union charter and forget about it for the present. He said that his investigation showed that the people of this community would not stand for a unionized fire department. It is understood that his advice will be taken, though no notice of such action has as yet been made public.

VOTERS OF OHIO REJECTED FEDERAL PROHIBITION PLAN

Columbus, Ohio, Nov. 11.—Ohio on last Tuesday voted against ratification of the Federal prohibition amendment by a majority of 841, according to complete official returns returned to-day by the Secretary of State. The vote was: For ratification, 499,879; against ratification, 450,020.

## ONE YEAR AGO TO-DAY.

For the space of two minutes this morning the people in every corner of the far-flung Empire paused in silent reverence for the memory of one million stalwart sons who died that British institutions and British ideals might survive, that posterity might live in peace. Twelve months ago to-day a world in arms suspended the most frightful carnage ever known since the dawn of the Universe. For more than four years the sound of battle had rent the air under the skies of many lands. For more than four years the mental anguish of those who waited tried the souls of men and women in city and hamlet. Diabolic mechanism had responded to the creative genius of man and had almost exhausted itself in its ghastly business of killing. The world was in mourning. Civilization, blood-smearred, footsore and weary clung to its task with hope inspired by the knowledge that its cause was just.

Then the end came. Twelve months ago to-day the tension snapped. Civilization breathed again and took on a new lease of life. It shook itself free of the monster whose challenge it had accepted more than four years before. Victory had been won and the aggressor vanquished. It is true that at times the goal had seemed afar off. The hope of the democratic nations of the earth appeared to be at its lowest ebb in the early months of last year. Mile after mile of territory previously conquered at an awful toll in human life again went under the heels of the foe. But the foundation of a just cause never gave way. Its bastions withstood the mighty shock of Prussianism massed for the final overthrow of Democracy symbolized by the Allied armies on the western front. Ludendorff expended his great reserve—and failed.

Then the forces of civilization took a second breath and struck on all fronts. On August 8, with the Battle of Amiens, Germany's "black day" had dawned. Never again was there any doubt about the end. The world knows how quickly events preceded the culminating scene of the great tragedy, how Matthias Erzberger made his appearance at the headquarters of Marshal Foch to inquire the price of Prussian folly. Hohenzollern had disappeared and it was a French general who laid down the conditions. Could the humiliation be more complete? Even discussion of the terms of the armistice was forbidden. What a contrast to the circumstances of 1871 when Bismarck imposed his crushing terms upon a conquered France! Prussianism died on November 11, one year ago to-day. Democracy survived to continue the salvation of mankind.

Hence, no better day than the eleventh of November could be set apart as an annual opportunity for Civilization—struggling as it must do for years to come under its war burdens—to pause in manner requested by His Majesty to-day to renew its thankfulness for a God-given victory and to recruit anew its resolve to live in peace.

## THE STRIKE ENDED.

The circumstances in which the strike of the bituminous coal mine workers of the United States has come to an end are unique in the industrial annals of the republic. The intervention of Washington in the dispute enlarged the contest from one between the employers and the employees in the industry into one between the employees and the Government acting on behalf of the nation in general and the Government acted on that ground.

The Government's appeal to the court indicated the determination of the Federal Authorities to employ all the resources at their command to avert the industrial and social chaos which would have attended the prolongation of the strike, and there can be no doubt that the failure of the United Mine Workers to observe the decision of Judge Anderson would have been followed by stern measures.

On their part the action of the Executive Committee of the United Mine Workers in obeying the mandate of the court proves that while they still claim, no doubt, they were quite within their rights in striking, they have no desire to carry the dispute into an open rupture with the Government by ignoring the judgment of the court. In this they have demonstrated their respect for the law and in other ways their good sense.

The strike and the circumstances of its termination, however, impose upon the Government the responsibility of seeing that the mining companies redress what grievances it is shown the employees have, and to make clear to the companies that its intervention was not in their behalf but in that of the country.

## FIRE WASTE.

We invite attention to the public meeting to be held in the Princess Theatre on Thursday in connection with the campaign which has been launched throughout the Dominion for the prevention of fire waste. The principal speaker will be Mr. J. Groves Smith, Dominion Fire Commissioner, who has made an intimate study of this subject and whose book "Fire Waste in Canada" is one of the most valuable works in the interests of conservation that have been issued in this country. Mr. Smith is a very entertaining speaker and deals with his subject in an exceptionally interesting way, emphasizing many features which will surprise, if not startle, his audience.

It may not be generally known that Canada is the champion fire prodigal of the world. Her annual per capita loss from fire is \$2.96, which is 70 cents per capita greater than that of the United States. Scarcely any of the principal countries in Europe has a per capita loss greater than one dollar and the majority of them are under seventy-five cents per capita. The loss in England amounts to 64 cents per head, or less than one-fourth of the per capita loss in this country.

Since Confederation Canada has suffered direct loss from fire to the extent of over \$350,000,000, exclusive of forest losses. To this sum should be added the cost of public and private protection, \$150,000,000, and the amount of insurance paid in excess of indemnity returned, which is \$197,000,000. Thus, during the last half century the ravages of fire have taxed the people of Canada nearly \$700,000,000. This is an enormous drain and with proper care and cooperation by the public can be greatly reduced. The campaign in behalf of which Mr. Smith is touring the Dominion, therefore, should receive wholehearted support from the Canadian people in whose interests it is being conducted.

## ANOTHER SNAG.

Because the agreement drawn up by the Province contains a clause requiring the City of Victoria to take its housing allocation and absorb it in three months from the date of signing the contract, the City Council objects to move until an endeavor has been made to extend the period. Most of the aldermen favor a longer time in which to draw out gradually the various allotments for building purposes.

We would point out to the City Council, however, that very probably the introduction of the additional clause is the result of a six months' delay in arriving at a decision as to whether Victoria would build houses under the plan or not. During the period which has elapsed since the subject was first considered a number of municipalities have commenced programmes and have applied for additional appropriations beyond their allocation. Hence, the Province has other cities to consider besides Victoria, while a number of them are ready to absorb any unused balance of the Provincial fund.

There should be no reason for delay. Plenty of bona-fide applications from returned men already are in the hands of the Council. It should not be a difficult matter to select sixty and to arrange for construction to begin at once. Moreover, did not the need to create employment at once acute some of the members of the Council when the recommendations of the special civic committee were endorsed in a couple of minutes a few days ago?

## BULLY FOR SIDNEY!

Hats off to Sidney! Up to noon to-day our energetic little neighbor had subscribed \$105,050 in Victory Bonds, having raised more than two and a half times its quota of \$40,000. This entitles it to six crests, a crest being awarded for every twenty-five per cent. increase over the quota. Sidney is now hot-foot after the German gun to be awarded to the district which subscribes the greatest percentage over its quota. Sidney's showing will stand comparison with the best results obtained anywhere in Canada and should be duly noted by the Victory Loan authorities.

## BOYS' WORK.

In pursuance of resolutions adopted at the annual Rotary Convention last June concerning work among boys the Boys' Work Committee of the local Rotary Club is instituting a movement for the promotion of the welfare of the young male generation of the community, in the way of moral, mental and physical development. The movement, of course, is non-sectarian and non-denominational; it involves no interference with any other organization concerned in boys work, but rather provides a common basis upon which all interests may stand in their aspirations for juvenile advancement.

The youth of a country is its most precious asset. The boys and girls of to-day are the men and women of to-morrow and what the world of the future is going to be, how posterity will deal with its problems, will depend upon the character of their progress and development in the present. The movement sponsored by the Rotary Club has to do with boys only, but we hope a similar movement will be instituted by some organization of women on behalf of the girls.

In connection with this movement of the Rotary Club a mass meeting will be held in the Drill Hall to-morrow evening under the auspices of the Club when a Boys' Work organization will be formed and its programme and scope determined. This gathering will be of interest to every boy and every parent, as well as to the community in general, for with so energetic a body as the Rotary Club behind the movement it promises to be productive of great good. It will make for better directed recreation and amusements, stimulate the sound ideals essential to the best citizenship, and inculcate a more intimate knowledge of boy nature by the older generation without which boy character building cannot be adequately carried on.

## STRIKE OF COAL MINERS IN UNITED STATES CALLED OFF

(Continued from page 1.)

tumulous coal fields of your jurisdiction, is withdrawn and cancelled. Yours fraternally, WILLIAM GREEN, Secretary-Treasurer, JOHN L. LEWIS, President.

A Statement. The order to rescind was presented to the court by Henry Warrum, Indianapolis, attorney for the miners. After the court proceedings, Mr. Warrum, G. L. Grant, Fort Smith, Ark., and F. C. Heubner, Albia, Iowa, associate counsel, then issued a statement in the presence of the Government attorneys, in which the position of the mine workers was stated.

At 4:10 A. M. The decision of the Miners' Committee to call off the strike was reached at 4:10 a. m. to-day, after more than seven hours discussion. The conference then adjourned until two o'clock this afternoon.

Acting-President John L. Lewis, of the Mine Workers, made the following statement:

"Gentlemen, we will comply with the mandate of the court. We do it under protest. We are Americans. We cannot fight our Government. That is all."

Mr. Lewis glanced at his watch and announced that the decision had been reached at 4:10 a. m. The conference adjourned at 4:15.

Tired Out. Some of the other members of the general committee, composed of international officers, district presidents and members of the executive board and scale committee, would not comment on the action. Mr. Lewis appeared tired and worn by the long discussion. The members of the committee, practically all of whom remained until the final adjournment, also seemed tired out, and soon dispersed.

Relief. Washington, Nov. 11.—Government officials have received with undisguised relief news of the announcement at Indianapolis early to-day that the executive committee of the United Mine Workers of America had voted to call off the nation-wide strike of soft coal miners as directed by Federal Judge Anderson.

Stock Market. New York, Nov. 11.—Re-scinding of the coal strike order imparted a buoyant tone to stocks at the opening of to-day's session. Gains of 2 to 6 per cent. were posted by leaders, notably steel, equipments, oils and motors. Rails, shippings and numerous miscellaneous issues shared in the advance.

WITH TOTAL OF OVER \$4,000,000 CITY HAS NOW ONE HONOR CREST

(Continued from page 1.)

Residents of Sidney up to noon to-day had subscribed \$105,050, or more than two hundred and ten per cent. of their quota. Six crests now adorn Sidney's Honor Flag.

The up-Island centres which so far have reached their objectives and won two or more crests to their Honor Flag are: Sidney, Cassidy, Qualicum and Parksville.

Doing Better Than Last Year. With the end of the drive in sight, Victory Loan officials are eagerly comparing Victoria's success this year with the results of last year's drive.

It has become apparent that up to last night in the present drive 4,768 applicants had invested \$4,096,600, while up to a corresponding time last year, 7,554 applicants had invested \$2,990,000. The total last year, however, does not include some half million dollars invested by the Provincial Government. If, however, the investments of the Government and the city this year are disregarded, in an endeavor to get a fair comparison, it is seen that this year's total up to last night is greater than that of last year by \$247,400. The fact is this year's drive so far at least has gone faster than the 1918 campaign.

The surprising thing about the drive is that, while the total investment is greater, the number of investors this year is only about sixty per cent. of the number in the 1918 drive. In fact, it is apparent that the average subscription this year is about double of the average subscription last year. It is the desire of the loan organization, however, to bring the number of applications to that of last year, to put "every man behind the button." The number of applicants usually has been smaller each day this year than on a corresponding day last year. Yesterday, however, there were more subscribers than on a corresponding day last year. Yesterday's subscriptions numbered 404 against 349 last year.

Reports received up to noon to-day indicated that Victorians were celebrating the anniversary of the Armistice in the right way. Loan officials had no doubt that the daily average necessary for final success would be maintained.

The following statement was issued this morning by E. J. Down, Loan publicity chairman.

"The Victory Loan Committee feels that with the aid of the publicity that has been running in the papers showing how easy it is to purchase a bond, and the great necessity of every citizen becoming a subscriber, that many who were originally called on by the canvassers have possibly made up their minds since that time to help in this great national project. In this connection the committee wishes to make it known that the Victory Loan headquarters, Government Street, is open each day until 10 p. m., as well as the bond selling stations at the entertainment and dig-out systems and the returned soldiers' organizations,

Also many people have possibly been out there when the canvasser called, and the committee would greatly appreciate the favor if any of those missed in this manner would be good enough to phone headquarters, No. 6827, when their wants will be attended to, and, if necessary, a canvasser immediately sent."

Trenches Did Well. The trenches as usual did a rushing business yesterday and swelled their total to \$560,000. As the quota for the trenches is only \$350,000, the returned bond sellers have won four crests. And there appears to be no slackening up in their speed.

Chinatown Big Investor. Residents of the local Chinese section are heavy investors in the Victory Loan. Harry Hastings, who has been canvassing the district, reports that so far \$73,000 has been subscribed by the people of that district. So far there have been 250 subscribers, but Mr. Hastings expects one in every ten Chinaman to invest. The Chinese Free Masons have invested \$14,000, the lodge itself taking \$5,000. It is expected that an equal sum will be subscribed through the lodge at Cumberland, which will be canvassed by a special team which is traveling all over the Island. Among the prominent Chinese firms which have subscribed heavily to the loan are Ying Chong Lung and staff, Yee Lun and staff and Wing Yee Yuen and staff.

## PLEBISCITE BEFORE ACT IS EFFECTIVE

Interpretation of Prohibition Legislation Passed by Parliament of Canada

Ottawa, Nov. 11.—Inquiries received here indicate that there is still some confusion in the public mind as to the effect of the prohibition legislation passed in the closing days of the session. This is doubtless due to the fact that the proposal made by the Government to introduce a bill extending the war-time prohibition Orders-in-Council for a period of twelve months after the war was not proceeded with owing to the opposition experienced at the Government caucus called especially to consider the matter. It will be recalled that at the regular session of parliament last winter legislation on these lines was passed by the Commons, but rejected by the Senate.

Former Conditions. There is nothing in the legislation passed by Parliament yesterday pertaining to the war-time prohibition Orders-in-Council. When these cease to be effective on the formal proclamation of peace, the conditions which existed in regard to the transportation of liquor from one province to another before these Orders were passed will be effective in each province.

The amendment to the Canada Temperance Act is in the nature of enabling legislation providing, as the Minister of Justice explained, for local option in areas enlarged to provinces. Plebiscites will be taken by the Dominion Government at the request of Provincial legislatures, and if a bare majority of the people vote dry, the Dominion Government will issue a proclamation forbidding importation of liquor into the province concerned. The provisions of the bill in other words do not become effective in any province until the Legislature of that province makes the necessary move to have a plebiscite taken. Until that is done, importation must cease.

For Export. The bill to amend the Doherty Act adopted yesterday also provides that liquor shall not be manufactured for beverage purposes contrary to the laws of a Province. It may be continued to be manufactured for export, however.

Spence's View. Toronto, Nov. 10.—The Dominion Parliament has not stood up to its job. That is a very great disappointment to the temperance people of Canada," declared Rev. Ben H. Spence, of the Dominion Alliance, to-day, with reference to the prohibition legislation passed at Ottawa. "This bill must be considered in the light of existing legislation. We now have Dominion prohibition in force, which is something definite. This compromise measure gives us less than we now have. The measure is of doubtful value to the temperance cause. The question is not whether we can carry a referendum, but whether the change made would be

**DR. ALEX. ROBINSON  
WRITES TO MINISTER**

Former Superintendent of Education Declares He Was Unfairly Treated

Dr. Alex. Robinson has forwarded the following letter to the Hon. J. D. MacLean, Minister of Education, regarding his dismissal from the position of Superintendent of Education: Corner Richmond Road and Argyle Street, Victoria, B. C., November 10, 1919.

Hon. J. D. MacLean,  
Minister in Charge of Education  
Department, Victoria, B. C.

Sir,—I beg to acknowledge receipt of your letter of the 3rd inst. in which you give me notice of dismissal from the position of Superintendent of Education. The exact wording of the letter with the accompanying Order-in-Council is as follows:

"Enclosed you will find a copy of an Order-in-Council which is self-explanatory."

"I have hesitated for some time before taking this action, but I have come to the conclusion that in the interests of education in this Province there should be a more progressive man at the head of the Department of Education."

"In view of the fact that no notice is being given, you will be given three months' salary instead."

"The question of a retiring allowance will be considered, and I will make a favorable recommendation on this point to the Executive. You will probably receive about \$130 per month."

"The accompanying Order-in-Council reads thus: (The undersigned begs to) recommend that the appointment of Alexander Robinson as Superintendent of Education be rescinded."

"That Mr. S. J. Willis, B.A., of Vancouver, be appointed to the position of Superintendent of Education for the Province;

"And that J. D. Gillis be appointed Acting Superintendent of Education without additional salary, until the arrival of S. J. Willis."

Dated this 3rd day of November A. D. 1919.

J. D. M.  
Minister in Charge of Education  
Office.

"Approved this 3rd day of November, A. D. 1919.  
"President Member of the Executive Council."

Before discussing the contents of your letter I may be permitted to remark that your secretary delivered it to me at ten minutes to four o'clock on the afternoon of the 3rd inst. In other words, after slightly more than twenty years and six months service as Superintendent you dismissed me without cause and gave me one hour and ten minutes in which to vacate my office.

In reply to your charge that I am not sufficiently progressive, may I remind you that during the past twenty years the courses of study for Public and High Schools have been revised, enriched and amplified; that the Public Schools Act has been modernized and now embraces principles in some respects in advance of those contained in the school statutes of any Province in Canada; that instruction in Manual Training, Domestic Science, in Elementary Agriculture and in the elements at least of Technical Education has been introduced into our schools; and that two excellent Normal Schools with adequate teaching staffs have been established.

Is it not true that all these improvements had been effected before you assumed office some three years ago? Is it not also true that with the exception of the appointment of some additional officials to deal with industrial and technical lines, but, up to the present your efforts have been confined to the utterances of empty phrases.

In urging the plea of unprogressiveness as an excuse for my dismissal you imply that you have secured a progressive educationist in the person of my successor, Mr. Willis is for the most part an excellent teacher but he would, I am sure, be the first to deny that he had ever laid any claim to the role to which you have now assigned him. And yet in appointing Mr. Willis you have deliberately ignored the superior qualifications of several others, among whom I may mention Mr. Arthur Sullivan, the Senior High School Inspector, who during the war served with the Canadian infantry in France, and Flanders; Mr. J. W. Gibson, the Director of Elementary Agricultural Education, one eminently qualified to direct educational growth along sane and progressive lines; and Mr. J. S. Gordon, Municipal Inspector of Schools, to whose untiring zeal and Christian character must be largely ascribed the high standard of the Vancouver Schools.

I note your statement that three months' salary will be paid me and your further announcement that you will recommend to the Executive a retiring allowance of some \$130 a month. The former I shall accept in lieu of notice; the latter, which I regard merely as a bribe, I must decline. You have done me a wrong; to accept a retiring allowance under the circumstances and while still of middle age would be to condone that wrong and to rob me of my independence of action as a citizen and my rights of criticism as a voter.

I have the honor to be, Sir, your obedient servant,  
ALEXANDER ROBINSON.

"Father, if James should ask permission to marry me, I want you to withhold your consent." "Don't you want to marry him?" "Yes, and I'm going to; but I don't want him to get the notion that you're anxious to get rid of me."

A BEDTIME STORY
UNCLE WIGGILY AND MRS. STUBTAIL.
Copyright, 1919, by McClure Newspaper Syndicate. (By Howard R. Garis.)

Once upon a time, when Uncle Wiggily Longears, the bunnny rabbit gentleman, was hopping through the woods, where the leaves were nearly all off the trees because it was winter, he heard a voice crying: "O, dear! Oh, dear! Now look what you've done!"
Uncle Wiggily crouched down in the dried leaves, not wanting to be seen until he could notice who it was that had cried so loudly. "For it might be the Pip or Skee," said he.
However, as the bunny looked carefully out from his hiding place he saw Jollie and Jillie Longtail, the two mouse children. And Jillie, the little girl mouse, seemed to be in trouble. "What's the matter, Jillie?" asked Uncle Wiggily.
"O, Jollie's teasing me!" answered Jillie. "He took my little doll, that I made out of corn-cob, and he threw her up on top of that stump. I tried to get her down, but I can't! Boo, hoo!" and Jillie cried some more.
"You shouldn't have thrown your sister's doll up there, Jollie," said the bunnny rabbit. "That wasn't at all kind of you."
"I know I'm sorry I did it," squeaked Jollie. "Don't cry any more," he told his sister. "I'll get the doll down off the stump for you."
But this was easier said than done. When Jollie tried to scramble up he found the side of the old stump was so smooth and slippery that he couldn't get to the top. "I guess I'll have to knock it off

WOMEN MAY ENTER ALDERMANIC FIELD
Local Council Appoints Committee to Consider Matter of Nominations
If the plans of the Local Council of Women come to maturity, Victoria will have at its aldermanic council next year, for at yesterday's meeting of the Women's Council a committee was appointed to gather the names of those women who would consent to be nominated as candidates for the forthcoming municipal election. This step was taken as the result of representations made to the meeting by Mrs. Grace Johnson, delegate from the Women's Independent Political Association, who urged the women's organizations of the city to show their interest in municipal affairs by nominating at least one woman as a candidate at the forthcoming polls. The matter of nominations will be fully considered at the next meeting of the council.
Mrs. Spofford, secretary of the Provincial executive, gave an illuminating report of the matters discussed at the recent meeting of the executive, held in Vancouver. Matters brought before the council for consideration included that of the extension of juvenile courts, the meet-

PRESENT SOCKS TO NEW ZEALAND MEN
Women of Navy League and I.O.D.E. Gave 1,500 Pairs to Visiting Sailors
When the "New Zealand" departs from Victoria on the next stage of its world-tour, the crew will carry with them tangible mementoes of their visit to this city in the shape of socks—for thanks to the combined efforts of the Navy League, Imperial Order Daughters of the Empire and other organizations, fifteen hundred pairs of socks were knitted by the women and presented to the sailors as a very small token of appreciation of their long and untiring vigil of the seas during the great war. No formal presentation was made, the cases being merely sent down to the ship on its arrival on Saturday, and the contents distributed to the men by the ship's officers, but the gift was none the less appreciated because of this simple manner of bestowal.
Mrs. Charles Moore, convener of the "New Zealand" Sock Shower, wishes to thank all members of the Navy League, I. O. D. E. and other organizations, throughout the Province, as well as many private individuals, who so generously helped to make the shower a very great success. Special thanks are due to the ladies of the Winnipeg Branch of the Navy League, for their splendid donation of three hundred and thirty-five pairs of socks.

Beautiful Women of Society, during the past seventy years have relied upon it for their distinguished appearance. The soft, refined, pearly white complexion it renders instantly, is always the source of flattering comment.

ADMIRAL AND LADY JELlicoe ATTEND BRILLIANT BALL

Over Seven Hundred Guests at Function Planned by Navy League
The navy came into its own last night at a function second only in importance, from the social standpoint, to the ball given during the recent visit of the Prince of Wales, and one of the most brilliant functions of a brilliant social season.
Given under the auspices of the Victoria branch of the Navy League of Canada, in honor of Admiral Viscount Jellicoe, O.M., G.C.B., G.C.V.O., the ball was attended by over seven hundred guests. The predominance of the naval blue and gold lent a note of distinction to the gathering, which included the leading members of the social set as well as many visitors from Vancouver and Seattle. Among the guests of honor were sixty officers from H. M. S. New Zealand and last night's function was the first attended by the full complement of ship's officers since the vessel left England on its world cruise.
Admiral's Party.
The Admiral and Lady Jellicoe accompanied by the Lieutenant-Governor and Lady Barnard and members of the Admiral's suite, arrived at ten o'clock, the arrival of the distinguished party being heralded by the playing of the National Anthem. They were received by H. T. Revenhill, chairman of the Victoria branch of the Navy League, who introduced them to the ladies of the reception committee; Mrs. J. A. Thomson, Mrs. Mortimer Appleby, Mrs. A. F. Griffiths and Mrs. Curtis Sampson. A guard of honor of boys of the Naval Brigade were drawn up in the rotunda under the command of Lieut. W. N. Hotham, and the Admiral inspected the boys and congratulated them on their smart and salutory appearance before proceeding with his party to the ballroom.
A very pretty feature of the reception of Lord and Lady Jellicoe was the presentation to the latter of a handsome basket of chrysanthemums. Mrs. Thomson, President of the Ladies' Guild of the Navy League, handing the flowers to Lady Jellicoe with a few words of welcome.
The Admiral was in dress uniform with decorations and medals, and Lady Jellicoe wore a charming toilette of cloth of silver and lovely old lace, with magnificent diamonds. Lady Barnard wore a beautiful gown of black and gold, while Lady Currie, who was present with Gen. Sir Arthur Currie, wore a striking dress of cloth of gold flecked with midnight blue.
Naval Decorations.
In the ballroom the decorative scheme reflected the naval note. The east wall, before which the distinguished visitors took up their stand, was hung with flags and a string of naval pennants spelling the words, "Jutland and Scapa." In the centre of the wall was a portrait of His Majesty King George V, and in the background a ghostly picture of Lord Nelson. This symbolic picture was draped with the White Ensign and the Union Jack. The mural decorations of the north and south walls included hanging vases filled with sword ferns and pale pink carnations and festoons of pale pink tulle.
The decorations were in the capable hands of Mrs. Mortimer Appleby, convener of this part of the arrangements, assisted by Mrs. E. A. Hodgins, Miss Pooley, Mrs. Burge and Lieuts. Napier Hemy and Maude. A number of men from the Esquimalt dockyard also gave very valuable assistance.
From the dancer's point of view the arrangements were ideal. Dancing took place in the ballroom and palm court to the strains of very excellent music furnished by Heaton's augmented orchestra while in the writing-room, Bandmaster Rumsby's G. W. V. A. orchestra excelled themselves with a programme of captivating music. Dance programmes were furnished, and the establishment of a number of "rendezvous" assisted materially in the enjoyment of all. The committee in charge of the general arrangements included, in addition to those above mentioned: Mrs. Doig, Mrs. F. Pemberton, Mrs. Thomson, Mrs. Harry Pooley, Mrs. Yarrow, Mrs. Huntley Green, Messrs. Hotham, Bushby, Shallocross, Yarrow, Stewart Williams, A. Crease, E. J. Down, Col. Humble, Capt. Gordon Smith, Lieut. Maude, Lieut. Jones, Lieut. Grant, Lieut. Napier Hemy, and W. Pickering (secretary).
A delicious supper was served in the main dining room, the decorations reflecting the pink and gold motif employed in the rooms for dancing. Seated at the principal guest table for supper were: Vis-

count Jellicoe, Lady Jellicoe, Sir Frank Barnard, Lady Barnard, Gen. Sir Arthur Currie, Lady Currie, Vice-Admiral Kingsmill, Gen. Colard, Major-General Leckie, Captain Martin, Mrs. Croft, Mrs. F. E. Pemberton, Mrs. Thomson, Mrs. D. Doig, Mrs. J. J. Shallocross, Miss Ravenhill, Mr. Havenhill, Mr. Muskett and Mr. Shallocross.
NOW SEPARATE BODIES
The Shawnigan and Cobble Hill Women's Institutes at its monthly meeting at Shawnigan Lake on Thursday last decided that owing to the difficulty encountered in transportation, and owing to the feeling that has existed for some time past that the two communities would find it to their advantage to have separate institutes, it would be advisable to carry out the scheme and from now on the two districts will have separate organizations, Mrs. Cheeke being selected as president of the Cobble Hill Institute.
A general discussion took place following the reading of the report of the conference held in Victoria. The secretary of the nursing committee reported that the temporary district nurse, Miss Webster, would take up her duties yesterday.

Put something by for a sunny day!

WHEN the horizon brightens with an opportunity that may lead to your success and prosperity, do not let it find you unready to take it on.

Through lack of capital, many men have been forced to see their opportunities pass—in many cases all that was required was a very small sum to invest.

A few dollars saved each week or month, deposited to your credit in a savings account at The Bank of Toronto, with the interest it earns, will soon accumulate to a substantial sum. Have it ready when the call comes for your venture.

SAVANNAH TO TAKE UP SCHOOL EXTENSIONS

Pressure of Pupils Necessitates Additions to Buildings; Want High School

So crowded are the public schools of Savannah becoming and so impressive are the prospects for another increase in attendance next year, that School Trustees of the Municipality announced to-day that they will hold a special meeting at 2 o'clock a week from next Saturday to see what can be done in the way of extensions to relieve the pressure and to discuss other general requirements in connection with the increase of the school population.

At this meeting it is likely that the question of the establishment of a High school in Savannah will be taken up. The number of pupils requiring High School education in Savannah has increased so that the trustees are beginning to become convinced that the time has come to take a step forward.

The Trustees learned last night that the new addition to the Cloverdale public school will shortly be opened next week. This will considerably relieve the pressure in that part of the municipality.

The question of rearranging the boundaries of the school district is being considered by the Board because of the pressure of pupils.

Last night the Board learned of the work that is being done by the school nursing department to guard pupils of Savannah schools from a return of the influenza epidemic, and also what is being done to have physical and constitutional defects of the children remedied.

Comrade Hunter, returned soldier, was appointed assistant manual training instructor, subject to him obtaining a proper manual training certificate. Mr. Hunter will probably take charge of the manual training instruction in the suburban circle, which includes the schools at Craigflower, Toimie, Cedar Hill and the class to be started at Cloverdale.

SIX DOLLARS A DAY ON SOLDIERS HOUSES

Esquimalt Councillors Fix Wage Scale For Carpenters

Carpenters working on houses for returned soldiers in Esquimalt are to get \$6 a day. It was decided by the Esquimalt Municipal Council last night.

The Provincial Government Labor Department informed the Council that \$6.50 was the current rate of wages for house carpenters on the southern part of Vancouver Island.

Wages in the city of Victoria were also investigated and it was found that many carpenters were satisfied with \$6 a day.

Alexander Lockley, contractor in charge of the Esquimalt houses being built for returned soldiers under the housing scheme, said that his carpenters were perfectly satisfied with \$6 a day. Some of the councillors said that many of the men were very glad to get work at the \$6 a day because of the unemployment brought about by the shipyard's shutting down.

CIVIC WORKERS ASK SALARY INCREASES

Advances Asked Would Range From Ten to Fifty Per Cent.

Salary increases for 1920 were asked of the City Council last night by the Civic Employees Protective Association. Without discussion, the requests were referred to the City Comptroller.

"In submitting this schedule," wrote Secretary William Wright, "consideration has been given to the fact that the city has serious financial problems to solve during the coming year. The association, therefore, in the face of the constantly increasing cost of living, has endeavored to limit the demands of the employees of the various departments to a scale of remuneration which will be equitable to the city, within the ability of the city to meet. We wish to draw to your attention the fact that the amounts enumerated are still considerably below the rates paid by adjoining municipalities and private firms."

The association requests an increase of 15 per cent. on all salaries of \$150 per month and under, with a few exceptions, where large increases amounting to 50 per cent.—are asked. It is urged that a forty-four hour week be enforced. In practically all departments this is already enforced. "Between the hours of 5 p. m. and midnight," reads the suggested schedule, "overtime shall be paid at the rate of time and a half. From midnight to 5 a. m. Sundays and holidays, double time shall be paid. We would request that straight time be paid for all holidays other than statutory holidays. The above is not to include men watering boulevards, where hours are from 5 a. m. to 9 a. m. and 4 p. m. to 8 p. m."

The exceptions asked in reference to wages are as follows: Sanitary inspectors, 20 per cent.; assistant sanitary inspectors, 20 per cent.; writing inspectors, 50 per cent.; section foremen, 15 per cent.; parks and boulevards, 12 1/2 per cent.; waterworks (outside), 15 per cent.; cemetery caretaker, 20 per cent.; assistants, 12 1/2 per cent.; blacksmith shop, union rates; truck drivers, 15 per cent.; teamsters, 15 per cent.; street sweepers, \$2 a week, straight time; street and sewer maintenance, \$4.50 a day (rock work 25 cents a day extra); garbage department laborers, \$4.50 a day; caretakers, \$10 a month; parks and boulevard laborers, \$4.50 a day; carpenters, 25 cents a day increase; weighmaster, 15 per cent. increase; market superintendent, 10 per cent.; pomfret station caretakers, 20 per cent.; caretaker, Smith's Hill, 15 per cent.; caretaker, Home for Aged Men, \$100 per month; storekeeper, \$110, plus 15 per cent., to bring salary level with clerks on City Hall staff.

The staff of the Public Library also asks that in the 1920 estimates all salaries under \$150 a month be increased by 15 per cent., and that the yearly salary of the Head Librarian be increased to \$2,400 from \$1,800.

The Board of Library Commissioners submitted a statement of 1920 estimates, setting aside \$12,500 for salaries; \$5,300 for books and papers; \$3,600 for maintenance, and \$500 for repairs. Total, \$21,900. This is based on the request of the employees.

"The Province of the Gorge Bridge is disgraceful," said Councillor Wise. "We must see that it is repaired before next season."

Sciatic Pains QUICKLY RELIEVED. Keep Sloan's the World's Liniment Handy to Ally Aches.

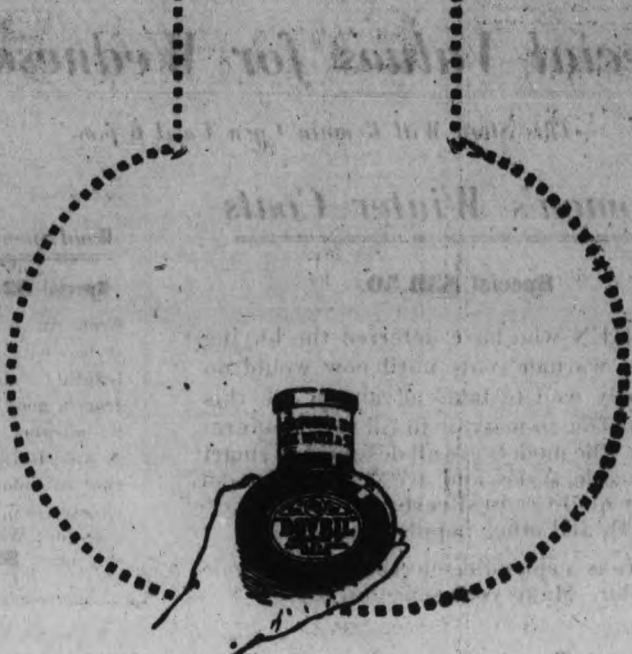

THOUSANDS of men and women, when the least little rheumatic "crick" assails them, have Sloan's Liniment handy to knock it out. Popular a third of a century ago, far more popular to-day.

THAT'S because it is so wonderfully helpful in relieving all external aches and pains—sciatic, lumbago, neuralgia, overstrained muscles, stiff joints, weather exposure results. A little is all that is necessary, for it soon penetrates without rubbing to the sore spot. Leaves no marks, stains skin, clogged pores. A bottle to-day is a wise precaution. Keep it handy.

Never be without Bovril in winter. You are sure of being nourished if you take Bovril.

## Take this Power in your hand

Pick up any Bovril bottle from the store counter, and let it rest on the palm of your hand. Then picture to yourself another bottle ten to twenty times as big.

When you take Bovril home you are carrying that Power with you—a reserve of latent strength and dormant energy which will stand you and yours in good stead during the coming winter days.

You cannot see it in the Bovril bottle, any more than you can see the tremendous forces asleep in some powerful dynamo. But Science has demonstrated its reality.

Independent scientific experiments have conclusively proved that the Body-building Power of Bovril is from 10 to 20 times the amount of Bovril taken.

**JUST WHY.**

With a firm tread and a masterful step, the lady strode into the florist's shop. Her choice fell on a remarkably green palm in an ornamental pot. "Will it grow well in the sunshine?" she inquired of the shop assistant, with a sharp glance from her eyes.

"Yes, madam," was the courteous response.

"Don't say it will if it won't!" snapped madam. "If it does well in the sun, will the shade hurt it?"

"Oh, no, madam!"

"What!" she exclaimed, with a triumphant, now-I've-caught-you-air.

"You tell me it will thrive equally well in sun or shade! Young man, you don't know your business. Fetch your master! Fetch your master!"

The owner of the establishment was instantly summoned. Even he quailed before her, but, for all that, he backed up his employee's statements.

"Then it's a really remarkable and accommodating plant!" she commented, waxing sarcastic. "My good man, it's both ridiculous and unnatural!"

"That's just it," interrupted the floral expert. "It's an artificial plant."—"Til-Bits."

### COUNCIL ALMOST DECIDES ON TWO SEPARATE BRIDGES

Aldermen Nearly Determined to Drop All Negotiations With C. P. R.

#### RAILWAY COMPANY MODIFYING STAND

Disgusted with delay on the part of the railway company, the City Council very nearly decided last night to sever all negotiations with the C. P. R. over the Johnson Street bridge, and to proceed with the construction of a separate viaduct for vehicular and street car traffic only. The majority of the aldermen appeared to favor the two-bridge plan and, most of them seemed to agree that it was hopeless to deal further with the C. P. R., although the latter offered new concessions. As the hour of midnight was fast approaching, however, action was postponed until a special council meeting on Friday at two o'clock.

#### C. P. R. Abandons Island.

Discussion of the bridge question centered last night about a communication from H. E. Beasley, General Superintendent of the Esquimalt and Nanaimo Railway, and a report from City Engineer F. M. Preston. Mr. Beasley's letter, in effect, informed the Council that the C. P. R. was willing to modify the firm stand adopted originally on the question of rights on the new viaduct. Richard Marpole, General Executive Agent of the C. P. R. had wired Mr. Beasley and told him that the Company would be willing to agree to the clause, upon which the bridge negotiations have been stuck for some time, to read as follows: "Provided, however, that if the B. C. Electric Railway Company shall at any time desire to use the said bridge for other than passenger street cars it may be permitted to do so upon terms to be fixed by agreement between the parties hereto, which shall include payment of fair and adequate compensation to the railway company for the exercise of such a privilege."

The second alternative offered by the C. P. R. through Mr. Beasley was an even greater change from the Company's original stand. The alternative clause read: "Secondly, if the above is not agreeable the management suggests that the company sign the agreement in its entirety, the clause in dispute to be settled by the chairman of the Railway Commission on his first visit to the Coast."

"This communication from Mr. Beasley only arrived a few hours ago, the Mayor informed the Council. "I may say that I had a conference recently with Premier Oliver who suggested that we send a resolution to the Federal Minister of Public Works asking for permission to build a separate bridge."

"Railway Company 'Crawling.'" Alderman Sangster observed when the Company's two alternative clauses were considered.

"The second clause is a modification, sure," the Mayor agreed.

While the C. P. R.'s offers were considered briefly, the Council took no action on them and proceeded to go into a report submitted by City Engineer Preston. This report which dealt with the cost of constructing a joint and a separate bridge, and which was published in last night's Times, pointed out that a bridge capable of filling the city's needs could be built for \$250,000 less than a bridge to carry railway traffic. Thus the C. P. R.'s contribution of \$100,000 was inadequate to cover the difference, and fell short \$150,000 of paying for the Company's side of the bridge. If the city were to build a separate bridge, the Engineer admitted, navigation would suffer to a certain extent. As the C. P. R. was making unreasonable demands, however, the Engineer favored the construction of a second bridge.

"If we go in with the C. P. R. it simply means that we lost \$100,000," the Mayor averred.

"But we shall have the disadvantage of two bridges," Alderman Sangster replied. "As for the C. P. R.'s

newly-offered concessions, I don't think we should submit to anything."

"Even if the C. P. R. agrees to everything we want, why should we lose money?" demanded Alderman Andros.

Proposed Second Bridge.

"There's no use going on further with the C. P. R.," declared Alderman Fullerton, offering to move that the city go ahead with the construction of a second bridge. "It would take months and months for the chairman of the Railway Commission to decide this point. We must get somewhere."

"Yes, we promised to do something at the election," Alderman Harvey recalled. "We have a mandate from the people to go ahead."

"Oh, there was no mandate about it," Alderman Fullerton objected. "We should stop all negotiations with the C. P. R.," advised Alderman Sargent, moving that the Mayor confer with Premier Oliver to ascertain what the Government would contribute towards the construction of a separate bridge.

Alderman Cameron advised the Council to have the separate bridge constructed to the north of the present structure, so that city traffic would not have to cross the railway on the Old Indian Reserve.

Tied Up For All Time.

"We cannot hope to have the bridge at the foot of Cormorant Street," the Mayor replied. "We cannot hope to get the C. P. R. yards. If we tried that we should be tied up for all time."

Alderman Sangster, to bring the discussion to a conclusion, moved that the Mayor confer with the Premier, that negotiations with the C. P. R. be suspended, and that the city apply for permission to construct a bridge of its own. This motion, however, was not put to the Council.

"I think that the C. P. R. is just about ready to concede what we want," said Alderman Sargent. "Yes, but if we apply for permission to build a bridge of our own, the C. P. R. will come around quicker," urged Alderman Sangster. "After all, we must remember that one bridge would be most satisfactory for everybody."

"If we pass Alderman Sangster's motion," Alderman Patrick warned the Council, "we shall be throwing overboard all assistance from the C. P. R. You cannot slap the C. P. R. on the face every time you turn round, you know. We should give them a chance to agree to our terms. We should at least reply to Mr. Beasley."

"The C. P. R. has been in no hurry to reply to us," answered Alderman Sargent. "It has kept us waiting for more than six months."

By this time the clock registered a quarter to twelve and a number of the aldermen withdrew in order to catch the last car. While sentiment in the Council seems to favor the construction of a separate bridge and suspension of all negotiations with the C. P. R., it seemed inadvisable to the Mayor to put a motion to the remaining aldermen. A special meeting therefore was called for two o'clock on Friday.

There was an exceptionally good attendance, not only from Salt Spring, but many came from Pender and other islands. Col. Foster is well known in the district, being at the outbreak of the war, its provincial representative in parliament. The lecture was most interesting and thoroughly enjoyed, but no doubt many made a special effort in order to meet an old friend and well-

# A Womans' Warning

Why will women continue to drag around in misery, suffering with the ailments peculiar to their sex, that drag them down to misery and despair, with backache, nervousness, the blues, derangements and irregularities, when there is a proved remedy for just such conditions?

For more than forty years Lydia E. Pinkham's Vegetable Compound has been overcoming these ailments until it is now recognized everywhere as the standard remedy for woman's ills.

#### BAD BOYS TROUBLE PEACE OF ESQUIMALT

Some of the things boys in Esquimalt thought it necessary to do to celebrate Halloween were told at last night's meeting of the Esquimalt Municipal Council.

Councillor Anderson said that boys gathered together at Craigflower and Carey Streets and Craigflower and Phoenix Street and collected all the perfectly good road signs in the district. These signs cost \$1.50 each, but the greatest loss is the inconvenience people are put to now trying to find their way around without these directing signs.

Reeve Coles told of boys who went around and smashed ten powerful street lights in the municipality, each of the lights costing nearly \$2.

Protest against gangs of boys taking down automobile signs was made by Councillor Bridge, who said they had taken from important corners such as Lamson and Head Streets and set them up in other places. They had even placed one on his property.

The councillors were of opinion that the police could not do much more as the entire force on recent occasions, such as yesterday, has been on duty twenty-four hours a day. Reeve Coles explained that it will likely be necessary to increase the force by fifty per cent. or more when the drydock starts.

**BLUEJACKETS GUESTS AT ENJOYABLE DANCE**

New Zealand Crew Entertained at Alexandra Club Last Night

While Admiral Jellicoe and the officers of H.M.S. New Zealand were being honored at the ball given by the Navy League at the Empress Hotel last night, the lower ratings from the ship to the number of about two hundred and fifty were being entertained at a dance at the Alexandra Club, given under the auspices of the Department of Naval Affairs. The guests included bluejackets and married crew members who have since been considerable service during the last night they brought the breezy spirit and capacity for enjoyment characteristic of the sailor. Over two hundred ladies had also been invited so that there was no dearth of partners for the visiting seamen.

**ESQUIMALT TO HAVE COMMERCIAL BLOCK**

Council Approves Plans; Five Thousand Dollars For Victory Loan

A modern two story store, bank and apartment building is to be erected at Esquimalt Road and Admiral's Road, according to an announcement made to the Esquimalt Municipal Council last night. Plans for the structure were presented and approved by the councillors. The plans call for three stores on the main floor and apartments above. The building is for John Day, and will cost \$5,000. Reeve Coles pointed out that Esquimalt had \$5,000 of sinking fund on hand and suggested that this be invested in the Victory Loan. On the recommendation of the finance committee, the suggestion was approved by the council.

**LADIES! LOOK YOUNG, DARKEN GRAY HAIR**

Use the Old-Time Sage Tea and Sulphur and Nobody Will Know

Gray hair, however handsome, denotes advancing age. We all know the advantage of a youthful appearance. Your hair is your charm. It makes or mars the face. When it fades, turns gray and looks streaked, just a few applications of Sage Tea and Sulphur enhances its appearance a hundred-fold.

Don't stay gray! Look young! Either prepare the recipe at home or get from any drug store a bottle of "Wetli's Sage and Sulphur Compound," which is merely the old-time recipe improved by the addition of other ingredients. Thousands of folks recommend this ready-to-use preparation, because it darkens the hair beautifully, besides, no one can possibly tell, as it darkens so naturally and evenly. You moisten a sponge or soft brush with it, draw it through the hair, taking one small strand at a time. By morning the gray hair disappears; after another application or two, its natural color is restored and it becomes thick, glossy and lustrous, and you appear years younger.

**MAKES PRESENTATION OF PICTURES TO SIR JAMES DOUGLAS SCHOOL**

The chapter was represented by the regent, Mrs. McMicking; educational secretary, Mrs. A. N. Mout; secretary, Mrs. Colin Cummins and numerous members.

## "FLO-FLO" POPULAR AT ROYAL VICTORIA

Sparkling Musical Comedy With Elaborate Setting Makes Distinct Hit

etcher of the screen. Hitherto, this super-cameraman has been content to allow his reputation as a producer to rest largely on his spectacles, such as "In Tolerance" and "The Birth of a Nation," but now he acquires new laurels as a producer virtuoso. And it should be noted that this six or seven reeler, due to the enormous expense of securing the light effects, actually cost more to produce than did "The Birth of a Nation."  
The plot the writer will not disclose. Lillian Gish wins new honors as the poor little white girl who has her few hours of romance, a small compensation for years of suffering. Richard Barthelmess makes a very convincing and appealing Chinaman hero. Donald Crisp plays "Battling Burrows," the brutal prize-fighting father of the girl, and Norman Selby is his rival for the ring honors. George Beranger plays a follower of "Battling" Burrows and Edward Peil acts a Chinaman, who is described as Evil Eye and seems as evil as he looks. There is a beautiful tableau as a setting incidental music was composed especially for the picture.  
This photoplay marks a new epoch in moving pictures, and no one who is interested in the higher art of the screen should fail to see "Broken Blossoms" at the Variety Theatre. It is booked for only a limited run, as Mr. Griffith has several other pictures that he plans to present.

His Honor the Lieutenant-Governor and Lady Barnard, with a party from Government House, including Lord and Lady Jellicoe, will attend the performance of "Broken Blossoms." David Wark Griffith's eventful photo drama at the Variety Theatre, featuring several other prominent citizens, including members of the Provincial Cabinet and the City Council, have announced their intention of witnessing the picture.

## ROLLICKERS PROVIDE PANTAGES REVELRY

Jazz Music and Whirlwind Dancing by Slatko Aggregation is Week's Feature

The rollicking revels of Slatko's midnight rollickers give a pronounced punch to the really splendid show vaudeville offered this week at the Pantages Theatre.

In this wild frolic of jazz music and bright lights is featured the world's fastest whirlwind dancers, who put the concentrated essence of punch into a most acceptable bill. Slatko's Rollickers comprise a live jazz orchestra of three performers who produce as much noise as an overflow complement of musicians and four fifty terpsichorean artists who move with lightning-like and fantastic steps to the indescribable medley of music provided by the pierrot orchestra.

This act differs from the usual run of vaudeville headliners, and the artists fully deserve the wonderful reception accorded them by appreciative audiences.

Each dance number was received with delight by appreciative first houses and the Slatko aggregation, from pure merit, will hold the premier place in the bill during the remainder of the week.  
Sonia de Calve is a dainty singing violinist who creates a distinct impression by reason of her versatility. Sonia is a very charming and clever artist with a nice stage presence. She is a talented performer on the violin and possesses a resonant voice.  
Sonia de Calve is sure to please. Apart from her undoubted ability as a musician she has a pleasing personality that assures the success of her act.

The Bison City Four have an unusual way of presenting a singing act. They are good comedians and intersperse some good humor with their singing and incidentally make a decided hit.  
This turn is brimful of fun and the quartette are responsible for some high class vocal effort. Charles Lindholm & Company present an amusing sketch entitled "The Man From Minnesota." The domestic tangle creates many a good laugh before the plot is finally unraveled. As the Man from Minnesota, Charles

Lindholm, with his Swedish dialect, takes the popular fancy.  
Burns and Lynn are clever soft shoe dancers, who know every step in the business. They also introduce a lot of wholesome comedy into the performance.  
The return engagement of Mabel Naylor's troupe of trained tropical birds will be welcomed. These clever birds of multi-colored plumage give a most finished performance. The cockatoos and macaws display intelligence and cleverness that is surprising, and the manner in which these birds go through with their tricks reflects patient training.  
The vaudeville show is well rounded out with the presentation of the ninth episode of "The Carter Case."

## "OUR BOYS" WILL APPEAR HERE TWICE

Attractive Amateur Performance Will Be Staged at Princess

An annual treat is in store for playgoers to the Royal Victoria Theatre on Wednesday and Thursday next, when a company of local amateurs under the management of S. T. Hankey and Richard Day produce the well-known comedy of "Our Boys" by H. J. Byron. The production is being given under the distinguished patronage of His Honor, the Lieutenant-Governor and Lady Barnard, General and Lady Currie, Major-General Leckie, and Captain Martin, R.N., and is in aid of the funds of the V.A.D.'s and Friendly Help Society. In these modern days when problem plays at one end of the scale and farces at the other are all the vogue, an old-fashioned comedy will be quite a novel event. It is unnecessary to say that the style and

And Noises in the Head.  
If You are a Sufferer—Go to your Local Druggist and order "Concentrated Soudal," price 21 per tin. This new remedy gives almost immediate relief, and quickly effects a permanent cure. It penetrates to the actual seat of the complaint, and has completely cured many cases which were considered hopeless. dialogue of "Our Boys" is excellent and that it is full of flashes of subtle and charming humor. On its first production it achieved the record run of 1,500 nights.

The cast has been admirably chosen. S. T. Hankey as the dark and soulful lover fills the bill to perfection, and Richard Day as Talbot, a young Beau Brummel of the period excels himself in that character, and in the latter part of the play when he shows the man he is under the surface veneer thoroughly justifies the old adage that "appearances are deceptive." Miss Ora Pearson as Violet and in love with Charles is charming and plays the part of a sweet English rose most convincingly. Mrs. Booth as Mary, Talbot's lady-love and the lively penniless cousin of Violet, fits the part extremely well, and the repartee between her and her lover is very spontaneous and amusing. T. E. Clark as Sir Geoffrey Champeys is well suited to the role of the dignified English squire, and Mrs. Horace Hamlet admirably plays the part of Clarissa, Sir Geoffrey's spinster sister. Miss Bobbie Stephens as Belinda the "slavey" is delightful and even surpasses the success that she made of that kind of part in "What Happened to Jones." Last, but by no means least of the roles is E. T. Ward as Middlewick, a retired Butcherman and Charles's father. This is splendid character study, and there is much scope for clever acting, which Mr. Ward takes full advantage of. The minor parts are well filled. Amongst them is Mr. McCallum, who will be remembered as the leading character in the screaming farce of "The New Boy"; he has been comparatively small part right well he does it. Much of the success of the play and especially the finishing touches is due to Colin Mackenzie whose ability as a stage manager and play-writer was so completely evinced in France, where he and Mr. Day when serving at the front wrote and produced several successful plays for the amusement of the soldiers.

## CATARHAL DEAFNESS MAY BE OVERCOME

If you have Catarrhal Deafness or head and ear noises or are growing hard of hearing go to your druggist and get 1 ounce of "Farnin" (double strength), and add to it 1/2 pint of hot water and a little granulated sugar. Take 1 tablespoonful four times a day. This will often bring quick relief from the distressing head noises. Clogged nostrils should open, breathing become easy and the mucous nose dripping into the throat. It is easy to prepare, costs little and is pleasant to take. Anyone who has Catarrhal Deafness or head noises should give this prescription a trial.

ARMISTICE DAY IN BELGIUM

Extract From Diary of Archie Willis.

Thulin, Belgium, Nov. 11, 1918.—It's all over! The day for which we have been fighting and the folks at home have been praying for years has at last arrived. It seems hard to realize it. No longer will we have to duck and flop in the mud and wet when the warning screech of a shell is heard; look for some sort of shelter on the moonlight nights when the Gothas are hovering overhead; have to receive our breath through a can and tube as we did when the gas clouds were rolling by; wander over miles of bad roads and broken country with ammunition packs in the inky darkness and drenching rain; respond to an "S.O.S." at any hour of the night, and watch a comrade writhe in pain as the result of a splinter or piece of shrapnel that found a vital spot. That is all past. Tin hats are no longer needed and gas-masks will make a good souvenir. The dug-out slouch and the trench crouch must give way to the smart and soldierlike bearing that we used to read about in training in Canada.

This morning we were lined up on parade and the O.C. read a very brief message from headquarters which stated that hostilities were to cease at 11 o'clock. "The war is over boys," he said. We let up a few lusty cheers and the parade broke up without any command from the sergeant-major. Our joy knew no bounds. Everyone was anxious to spread the news and there was a rush for billets. The news soon spread to the villagers. "La guerre finit. Tres bon," everyone was shouting. A few minutes later the church-bells commenced to peal out their thanks. The sun shone brightly and lit up the faces of the people who have suffered for four years under the heel of the Boche command. We may have felt happy and joyful at the arrival of an armistice but the happiness of the Belgians knew no bounds.

Thoughts of Home.

As soon as we knew the war was over our first thoughts were—"Wonder when we'll get home." We gathered about in little groups and discussed this very important subject. Finally the cook came over with a rumor. The cookhouse is where all the rumors originate. The cook said that the colonel's batman had told him that we were to have a week's rest and then start back for La Havre and take a boat straight to Canada. It sounds alright, but you can't believe a cook.

We had to look after our "mokes" at the regular hours, but it was a jick and a promise that we gave them. We saw that the poor old things got plenty to eat. I guess they welcome the armistice as much as we do. Most of our horses look like hat-racks. They've had a pretty hard time in the last few months.

A Big Time.

I am stopping with two other fellows in a fairly good billet, and when we told our Madame that armistice had been declared she wept with joy. She told us that her son, who was a prisoner in Germany, would soon be back with her and she was anxious to see him again. The old gent who runs our place prepared a big time for us to-night. As soon as we arrived he told us that the war was over and that the Boche would not be back he led us out into the garden. He took a shovel from an outhouse and started to dig near the root of a big tree. We had seen this procedure before and expected to see the old man bring up a box of treasures. After a few minutes he stopped digging and got down on his hands and knees and probed into the earth with

his hands. Finally he grasped something and extricated a brass crucifix. Then came a large brass lamp and then three bottles. The old man explained that the Boche had ordered all brass-work turned over to them and he had succeeded in hiding these two pieces. He was more pleased at finding the bottles intact than anything else. We had a slight idea what they contained.

Depositing his treasures in a safe place the old gent, look us to a hat and brought forth two large Belgian hares. The Boche went back so quickly here that he didn't have time to take any of the stock. The old boy told us that he was going to kill the rabbits and we were to have "stew" for supper. The word sounded very familiar to our ears, but as we were invited guests we decided to make the best of it.

Last night we received a Canadian mail and there were a bunch of parcels for everybody. It never rains but it pours! One of us got a tin of Hamsterly Jam and some canned coffee and sugar. We called the Madame in and she almost had a fit when she saw the display of sugar. Then we showed her the jam and she informed us she had an idea. Through the American Relief Committee she had received some flour and she announced that, with the assistance of the jam, she could make a pie! She was given the assistance of the jam.

The Armistice Banquet.

Everybody shaved before tea. What a night! Madame put on a clean apron for the occasion and the old gent wore a starch collar and a red tie and persisted in smoking his short-stemmed clay pipe until the minute dinner was announced. Then in came the two daughters, fussed up for a wedding. Madame produced the boiling stew in a huge pot, and the old gent gave us our rations. It was a different stew than our cooks serve up to us. There was something in it besides water and coloring. After the first course Madame brought on the pie. It looked like a pie, too. Of course we hadn't seen one for a long time, and almost anything with a crust and a piece of jam in the centre would have looked good. We noticed that Madame had quite a time cutting it. Anyhow we got our share in good time and then for the ordeal. Madame must have sprinkled a little cement in the pastry, but still we must excuse her as she has been out of practice for four years. Then we'd been used to hard-tack, and we finally put the portion down. But while it was comparatively easy for us the old gent, with his three teeth—two lowers and one upper—was having a terrible time. With his national perseverance, however, he got away with it, and then smiled. We wondered why the old gent smiled. It was soon explained. It was his turn to act. From off the stove he brought a vessel, and from it filled our cups. It was the contents of one of the bottles he had unearthed earlier in the day. Red wine! He had heated it and used some of our sugar to sweeten it. Then the toast. The old gent arose and with great eloquence proposed the toast to "Les Braves Canadiennes."

The Dance.

Then we sat around the stove and listened to their tales of hardships and suffering under the rule of the Boche. We told them about Canada and some of the things that had occurred in the war. But after a short spell of this the Madame became restless, and wanted the joy of the day to continue and suggested a dance. We looked around for some sort of music—there was none. Then we looked at the floor. Solid cement! Then at our feet housed in the regulation "army slippers," or "Kitchen Specials," and then at our lady partners' feet adorned by clogs. However, the old gent offered to provide the music. By clapping his hands, pounding his feet on the floor and blowing between his three teeth and overhanging whiskers he produced a certain harmony, and the dance went on. We were amazed at the staying powers of our partners. Five minutes of their pivot dances is enough for any man, but the approach of the midnight hour had no terrors for the maidens of Belgium when they are dancing.

Shortly after midnight our armistice celebrations came to an end, and we retired to dream of the trip back to Canada.

Letters addressed to the Editor and intended for publication must be short, and legibly written. The longer an article the shorter the chance of insertion. The publication or rejection of articles is a matter entirely in the discretion of the Editor. No responsibility is assumed by the paper for MSS. submitted to the Editor.

S. P. C. A. NOT INVOLVED.

To the Editor.—I beg to protest that the writer of the article appearing in your issue of Friday, 7th, under the heading, "S. P. C. A. to Oppose Dog Tanning Scheme" had no right or authority to make any such statement.

I was asked over the phone as to the attitude of the society towards the proposed plan of utilizing the hides of dogs killed by the city and I most distinctly stated that the matter had not been discussed at any meeting of the Victoria Branch of the Society. As far as I know, no member of the committee has received any official or trustworthy information as to any plan that may be contemplated by the City Council with

The Red Cross Approved of Black Jack

If you want to know who likes Adams Black Jack Gum, ask the Red Cross. Millions of packages of Adams Black Jack reached the soldiers through the Red Cross. And in war days there wasn't cargo space for anything but essentials.

The soldiers liked the old-time licorice flavor in Adams Black Jack.

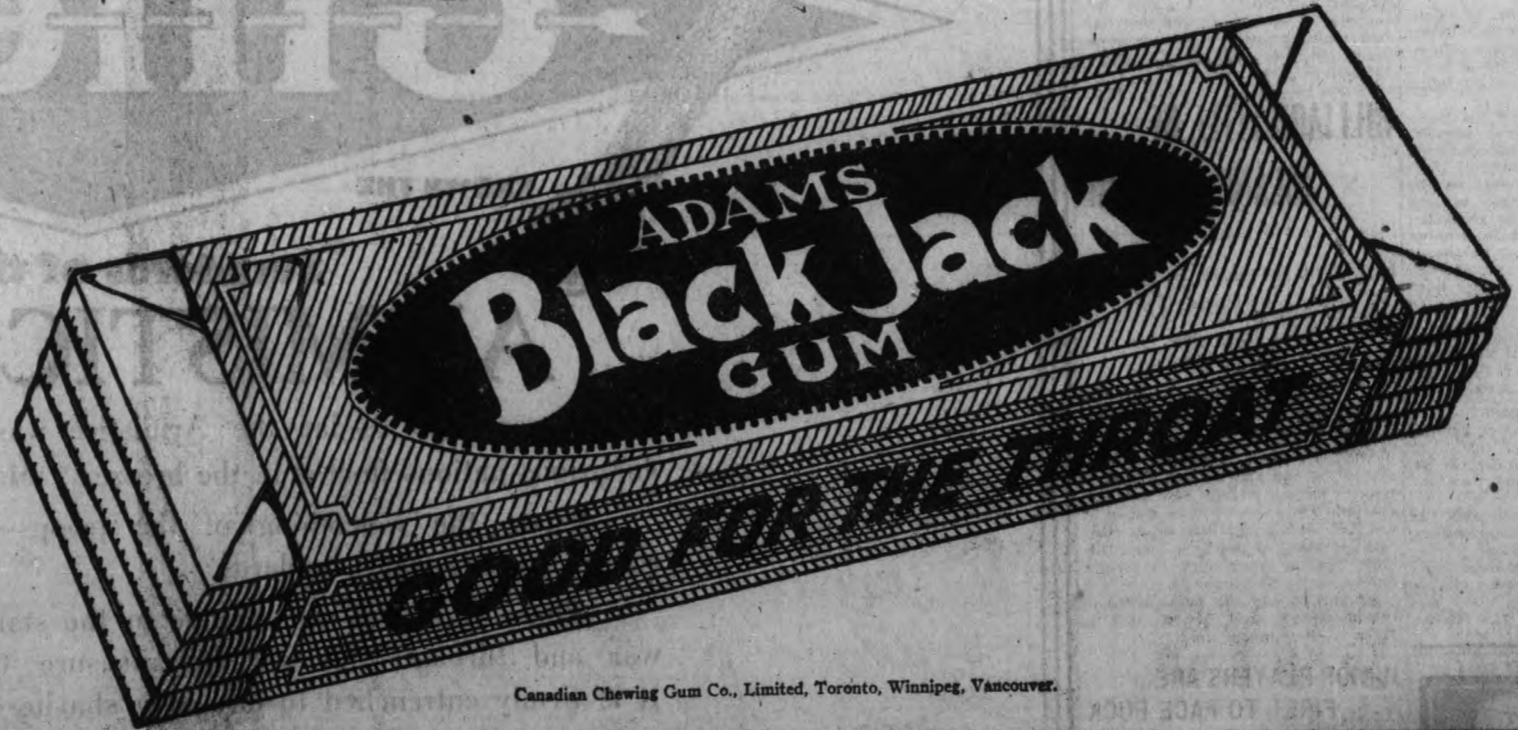

The Red Cross liked the benefits which come from the use of Adams Black Jack—it

promoted clean teeth when clean teeth were vital—it gave better digestion where meals were not too regular—nerves were relaxed where nervous strain was greatest—throats were eased and refreshed, thirst quenched, by the soothing licorice.

Its war record makes a pretty good case for Adams Black Jack at home.

The blue package is sold everywhere—5c.

A CASE WHERE DOCTORS AGREE

Medical Science Practically Unanimous as to Treatment of Colds and Influenza

Doctors often disagree but there is a practically unanimous agreement among them as to the treatment which should be used in the case of colds in the head, a very frequent complaint at this time.

The drugs which are used in such cases are Aspirin, Phenacetine, Quinine, Salol, Caffein Citrate and Camphor Monobromate. Any physician will tell the reader that this combination may safely be trusted in the treatment of a cold or a case of Grippe. It is also a combination which does quick and effective work.

The objects sought by the treatment are the keeping of the system open in order that the systematic poisons generated by the cold may be thrown off, the reducing of the feverish conditions accompanying the cold, the alleviation of the clogged up condition of the head and the soreness of the muscles usually present and the general toning up of the system.

Grip Fix, a preparation now on sale at all drug stores is a combination of just the ingredients advised by physicians for effective results. It comes in the convenient capsule form advisable for home use and the treatment should start as soon as the first sign of the cold appears. Grip Fix has a record of relieving a cold in a night and even a case of Grippe in 48 hours. With a box in the house full safeguard is at hand if colds break out. Be sure and get the genuine Reid's Grip Fix with the formula printed on the box. It sells at 25 cents—a small price for a treatment so effective for colds. On sale by all druggists.

regard to stray dogs—dead or alive. Neither the name of Alderman John Harvey nor of Alderman Patrick have ever been mentioned to me in connection with any such scheme. Alderman Harvey has phoned me protesting against having been mentioned as proposing a scheme that he had never heard of.

Mr. A. H. Pease, mentioned in the article as secretary, is not connected in any way, as far as I know of, with the society. Before reading your article I had never heard of the plan to convert the bodies of dogs into fertilizer, etc. It sounds so rather a good idea. I should be glad to have such a fertilizer for my garden.

With regard to what is said about the animals in the park, I cannot say what attitude the new Executive Committee to be elected this month may adopt but I sincerely hope that it will follow up the efforts of the retiring committee to get the conditions under which these defenceless animals are imprisoned for life ameliorated—or the animals released. I feel sure that the society will be grateful to the writer of the article for having

drawn attention to the unnecessary suffering that the animals in the park are condemned to endure. W. B. PEASE, Hon. Secretary, Victoria Branch of the R. C. S. P. C. A., 2346 Cadboro Bay Road, Victoria.

CHARGE FOR BY-LAW. To the Editor.—There are a whole lot of things that want to be cleaned up at the City Hall. I went to the City Clerk's office the other day to find out the law regarding the peddling of skimmed milk. They could not tell me, but they said they

had me see the by-law for twenty-five cents. Imagine having to pay to find out what the law is to do business. You are not allowed to know what the by-laws are without paying for it, and this all on top of the other heavy taxes we pay. C. F. BEAN, 27 Cruise Avenue.

## Patrick Has Five Men on His List For Opening of Pacific Coast Tilt

Clem Loughlin Writes That He Will Follow Example of Oatman, Johnson, Genge and Kerr

Lester Patrick this morning received the fifth signed contract for his septette to chase the Pacific Coast Hockey flag this season. Clem Loughlin returned the important piece of parchment to the Aristocrats' manager, Eddie Oatman, Moose Johnson, Dubbie Kerr, Bobbie Genge and Loughlin are the men who have to date agreed to don the steel blades, the black and gold sweaters, and the rest of the uniform for the Victoria team this season.

CLEM LOUGHLIN.

Loughlin's return to the Victoria camp will give general satisfaction. Clem, who came from Winnipeg, whence so many of the stars of the game have sprung, was one of the crowd of monarchs that Lester put on the ice last year. He came from Portland to Victoria and has had four years in professional company on the coast, although he is only twenty-four years of age. Every year he has looked a little better than the previous year, and last year looked like being his best. Clem started out to be as good a defence man as any in the game until one day in the dressing room he remarked he was "not feeling any too well." Lester mentioned Qu and Loughlin laughed but when the boss whipped out a thermometer his defence man had a temperature, although he wouldn't believe it, that made the local boss decide to put him under the doctor's care. Clem's starting break was interrupted. With Loughlin starting off where the "Au" stopped him last year and such a partner as either of the veterans, Moose or Johnson, by his side, Lester is not worrying about his defence line.

**Amateurs Worked Out**  
The amateur puck-chasers were on hand in full force for the first practice last night. George Straith led a bunch of his old standard bearers on the ice in Senators' colors, Alex. Straith, Percy Watson, Barney Quinn and Harry Smith were among the rubber disc hounds. Lester Patrick, Genge, Kerr and Oatman joined in the game to help get into shape for the opening pro practices.

**Kerr Looked Good**  
Dubbie Kerr looked good to the rubbers. The flaxen-haired wingman opened the eyes of the fans on hand as he gave a sample of his rudies in brilliant style. He showed the results of the hard work he has been putting in to get into shape, and the local boss ventured to remark that he would not be greatly surprised if Kerr was not among the leading scorers of the league after the season's statistics are compiled.

Darrell Spence led on the ice, a whole string of bidders for a place in the Elks' septette. He has added to

his last year's list. Vic Gravelin was among his players last night. He also had on the ice Jimmy Stewart, who was over seas last season. Jimmy used to help the Y.M.C.A. men carry off the trophies.

## ENJOY SLIDE ON VICTORIA'S ICE

Admiral Viscount Jellicoe and Party Entertained at Arena Rink

As the guests of Lester Patrick, President of the Arena Rink Company, Admiral Jellicoe and party spent a very enjoyable time yesterday afternoon at the big rink. The ice was in splendid condition, and the party enjoyed the glide around the rink to the tune of the big phonograph, which Mr. Patrick had installed for the occasion. On account of the short notice, he was unable to get a band together in town.

Admiral Jellicoe thoroughly enjoyed himself, and soon showed that he was perfectly at home on the skates. For some time he indulged in fancy skating, and later skated with a number of ladies of the party.

The Admiral's party reached the rink at 4.30 o'clock, following an afternoon tea in their honor at Government House as the guests of Sir Frank and Lady Barnard.

The party included: Admiral Jellicoe, Mrs. Stevenson, Mrs. R. H. Pooley, Mrs. C. J. Prior, Mrs. Herman Robertson, Mrs. Humble, Mrs. Eric McCallum, Miss Little, Miss Muriel Dunsmuir, Miss Brownie Bodwell, Captain Sears, Captain Stevenson and Lieut. Morgan, of the Admiral's staff.

## THREE CUSHION GAMES

Cleveland, O., Nov. 11.—Pierre Maupome, of Milwaukee, lost his first game in the three-cushion billiard championship tournament here last night to Clarence Jackson, of Detroit, by 50 to 46 in 76 innings. R. L. Cannetax, of New York, won from Hugh Heald, of Toledo, 50 to 37 in 88 innings, the longest game of the tournament. Charles McCourt, of Cleveland, is the only undefeated player.

## DUCKS BECOMING MORE PLENTIFUL

Many of the Armistice Day Holiday Makers Out Shooting

Duck shooting proved an attraction for a lot of the Armistice day holiday makers. The early morning cast this morning carried a good sprinkling of passengers carrying their old reliable fouling piece, and a hunting bag which they hoped to fill along across their shoulders.

The ducks already reported more plentiful than at the beginning of the season still need more than a mere amateur's skill to get, but when secured they are well worth the trouble.

The stormy weather experienced during the last couple of weeks has driven a lot of birds inland and the marshes and swamps are proving the rendezvous for an increasing number of birds each day. The season promises to be well up to the average for the sportsman. When obtained at present the birds make choice eating. With none of the fresh water visiting places frozen over, the birds are practically free of any suggestion of a salty taste.

## LEONARD IS EASIER WINNER OVER SOLDIER

Lightweight Champion Gives Ten Pounds Away to Barfield

Jersey City, N. J., Nov. 10.—Considering almost ten pounds, Benny Leonard, world's lightweight champion, easily defeated Soldier Barfield, of Brooklyn, in an eight-round contest here to-night.

Leonard weighed 136 1/4 and Barfield 164. Leonard rained punches upon his heavier opponent and took the honors in every round.

A wild swing that landed on the champion's head sent him to the ropes in the fifth, but he recovered quickly and was back again, sending in fast rights and lefts to Barfield's head. In the sixth and seventh Leonard scored a half-dozen hard rights to the head, but too high to be effective.

Mel Cooman, of Brooklyn, out-fought Johnny Dundee, of New York, in five of eight rounds of their contest. Two rounds were even.

**Martin Wins Again.**  
 Minneapolis, Nov. 10.—Bob Martin, heavyweight champion of the A. E. F., knocked out Jack Moran, of St. Louis, in the third round, here to-night.

Mike Ertle, of St. Paul, and Pal Moore, of Memphis, bantamweights, fought a no-decision match.

Charlie White, of Chicago, beat Mike Paulson, of Minneapolis, a lightweight.

Milwaukee, Wis., Nov. 11.—Mickey

Donnelly, Newark, N. J., lightweight, outpointed Jimmy Hanlon, of Denver, in a fast ten-round bout here last night, sporting writers agreed.

**A. K. O. in Second.**  
 Detroit, Mich., Nov. 11.—Mike O'Dowd, of St. Paul, middleweight champion, knocked out Jimmy "Butch" O'Hagen, of Albany, in the second round of a scheduled ten-round bout here last night. O'Hagen was floored three times in the second round with right crosses to the jaw.

Spracuse, N. Y., Nov. 11.—Benny Valgar, of France, had the better of "Young" Michaels of this city throughout their ten-round bout here last night, according to the newspaper decision. The men fought at 133 pounds.

## BILLIARD TITLE OF ISLAND AT STAKE

Cup Will Be Given to Champion and Prizes For Runners Up

The amateur cue championship of Vancouver Island will be at stake at a date to be set during the month, several of the star amateur billiard players having already sent in their entries. The games will be staged at the Two Jacks, McMillan or A. Hinson, secretary of the Two Jacks Billiard League being open to receive entries up to November 19.

A valuable cup will be awarded to the champion, and prizes will be given to the runners up.

## JUNIOR PLAYERS ARE FIRST TO FACE PUCK

To the junior players goes the first puckchasing game of the season. The Snipers and the Ward Juniors took the ice last night to do battle and the Snipers found the net three times. The Ward Juniors failed to make a single tally. The teams were:

Snipers—Gelger, Sutton, Carter, J. Adams, Jno. Wright, Moody and Goodacre.  
 Ward Juniors—Coleman, Prior, Brenton, Mowat, Hall, Pinchback and Noble.

TITULAR RUGBY FIGHT CONSIDERED DOUBTFUL

McGill Will Not Enter Field For Dominion Honors

Montreal, Nov. 11.—It is doubtful if there will be a contest for the rugby championship of Canada this year. It has been definitely decided by McGill that they will not play for Dominion honors should they win the inter-collegiate title from Yarsity on Saturday, while there is a general expression of feeling among the members of the M. A. A. squad that they have had enough rugby for this season and none of them is anxious to play for the Dominion championship.

The public is anxious to witness a game between the inter-provincial champions and McGill, and should McGill win on Saturday, the game may be arranged on Saturday, November 22. The students would not lose a great deal of time in training for another few days and the game would no doubt be the attraction for the greatest attendance that ever witnessed a football game.

AMATEUR PUCKCHASERS PROVINCIAL MEETING

Representatives of clubs affiliated with the British Columbia Amateur Hockey Association and new clubs in line for the coming season's competitions will gather in the sports room of the Hotel Vancouver at 7.30 p.m. on Saturday, Nov. 15, for the second annual meeting. All senior, intermediate and junior clubs in the province are invited to send one delegate each. Victoria leagues will be represented by John Mowat, Percy Watson and D. W. Spence. According to the constitution each club in the association is allowed one delegate and proper credentials must be presented to the president prior to the meeting. Affiliation fees must also be forthcoming before the meet-

ing. Only those clubs properly affiliated will be eligible for provincial and national competitions. The B. C. A. H. A. is a member of the Canadian Amateur Hockey Association and will probably be represented in the National Cup series next spring.

Lend your Cash to Canada on the work the Boys fought for. VICTORY BONDS will re-establish Soldiers.

A BUSY TIME ON THE GREEN BAIZE

Interest is High in Competitions Arranged at Two Jacks

A very fine programme for the winter season has been arranged on the green baize at the Two Jacks Billiard Hall. The semi-finals and final games will be played off this week of the largest handicap ever staged in Victoria, eight prizes being awarded out of 132 entries. The last eight to reach the prizes were J. Hiberson, A. Hinson, Morton and Creighton, who play off for fifth, sixth, seventh and eighth prizes, and the following four, who are in the semi-finals will play off their respective games this week: Murray (receives 50); Hall (receives 50) plays Lovitt (receives 50). Speculation is rife as to the winner of the tournament even up to the last four. There is a great deal of credit due to Jack McMillan, the manager, owing to his ability to handicap each player so well and fairly. Two billiard handicaps will be started immediately. These handicaps will be run off in a novel manner in A and B sections. A section will consist of men on the scratch mark, and owing to his ability to handicap, so anyone wishing to enter may do so by making application at the Two Jacks room. All entries close on November 22, so that the draw and handicap can be made and the first game played on Monday, November 24.

The tournament is open to anyone who is a bona fide resident of Vancouver Island. The last four of the tournament will play off on the American plan. The following entries have already been received: B. Nish, A. Hinson, G. E. Holt, A. Hinson, W. Frost, J. Hiberson, H. Ashworth, A. E. Sale, H. Robinson, W. Robertson, J. Murray, P. Cowan, E. Petch.

LAST NIGHT'S PLAY IN BROAD ST. LEAGUE

Last night, in the Broad Street Hall Billiard League, Taylor's team beat E. Newman's team by 92 points in an interesting game. Score:

Table with 2 columns: Player Name and Score. Includes Taylor, Dobbie, Snedden, Raynor, Greaves, Newman, Copes, Simpson, Flinton, Ferguson.

To-night at 8 o'clock Snell's team played Fenton's. The following players are asked to be on hand: Snell, Burtholm, E. Fox, Wilkerson, H. Featherstone, Fenton, G. Hawthorn, Wallace, Tucker, Kidd.

TWO JACKS' BILLIARDS

In the Two Jacks' Billiard League last night Hiberson's team won from Frost's team by 1,126 to 1,017, the full scores being as follows:

Table with 2 columns: Player Name and Score. Includes Hiberson, Ralton, Murray, Caldwell, Wilkinson, Total, Frost, Perry, White, Wilson, Bishop.

The next match will be played on Thursday evening at 7.30 between Irish's and Ashworth's teams. The first game in the handicap tournament semi-finals will be played this evening at 8 o'clock, when the snooker match between Lovitt (r. 35) and Hall (r. 50) is expected to provide a very keen encounter.

AT THE VIMY ALLEY.

The Victoria West bowlers won their league match from the Harbor Marine team last night at the Vimy Bowling Alley by 1,949 to 1,715, the full scores being as follows:

Table with 2 columns: Player Name and Score. Includes Fairall, Vinnell, Crossman, Trewin, Taylor, Total, Harbor Marins.

The lady's prize of five pounds of tea for the highest score during the month was won by Mrs. Smith with a high score of 52.

TRAIN AT LAKE CHARLES.

Lake Charles, La., Nov. 11.—Connie Mack has chosen Lake Charles as the training place next spring for the Philadelphia Athletic baseball club, it was learned to-day when arrangements were made for the pitching staff to be quartered here, beginning with February 24.

"Did you deliver that medicine at Mrs. Brown's all right last evening?" asked the doctor of his boy. "Yes, sir," answered the latter. "I wonder if she took it?" murmured the doctor. "I think she must have done," answered the boy. "I noticed all the blinds were down as I passed this morning!"

STAR RINGMEN OF PACIFIC NORTHWEST

IN ACTION FRIDAY Bob McLernan Has Rounded Up Stars For Foundation Card

Bob McLernan promises to give the fight fans an opportunity to see a lot of classy fighters in action at Friday's show at the Foundation Clubhouse. He has been successful in securing the services of some of the stars from across the border line, and is in hopes of getting one or two of the best representatives of the New Zealand. Best and Matthews, the two rival newboys who have put up so many good exhibitions, he announces, will open the show. Dutch Hill has been matched with Murphy of Tacoma. Charlie Martin will put on the gloves and tackle Moffatt, the 125 lb. P. N. A. champion. Stanton is matched with Morgan, the hard-hitting Ladysmith boy, and Grant the P. N. A. 158 lb. title holder will stack up against Morgan. Ben McDonald, of Vancouver.

NEWS AND NOTES OF THE MINES

Stewart Camp. Many of the people are going to stay with the Stewart camp this winter. There will be at least 150 people wintering there, and there are now nineteen children attending school under the new teacher, Miss Thompson.

In the spring there will be the usual influx of floating population to such a place and Stewart promises to be a live town next year when business gets started on a permanent basis. Stimming up what may be gathered from remarks of people in all businesses from that point they appear to have unqualified confidence in the camp and they all have bright hopes of "making their pile." Stewart will be one of the richest mining camps in the world when the development work has been carried on to such a point as to uncover the wealth and get out mineral to aid in developing and discovering further values.

New Mine. T. H. Kerruish, was in Victoria recently and took up with the Provincial Department of Mines the question of the opening up of a trail along the Adams River from Salmon River Wharf to the claims, for copper, gold and silver in that district.

Under the policy followed by the Government for some years aid has been extended in opening up trails to promising mineral-bearing areas, and it is likely some step will be taken to grant the needed facilities to Mr. Kerruish and associates. The claims consist of the Lucky Jim, Lucky John and Marjorie.

Mayo District. About 120 new claims have been started on the Keno Hill and the extension of the new Mayo silver district, and some twenty on Steep Creek, adjoining Lookout Mountain, since the middle of the summer.

The Yukon Gold Company has an option on a group in the centre of Keno Hill, where prospecting, with a promising outlook, is being carried on. The company has staked large power rights at Fraser Falls, but nothing is certain yet regarding the merit of the outlook.

Lookout Mountain, it is expected, will ship 500 tons of more silver and lead next spring. Moose Hide, a famous old creek just north of Dawson, has been staked by John Lawrence, discoverer, and Chiefs Isaac and Silas and twenty other Indians. The original Montezuma of the Klondike may have found gold there.

Eur Mill. With a car of concentrates that was shipped Thursday for Trail, the Eureka finished its milling season for the present year. All the ore put through the Granite-Poorman stamp-mill lately has been from the No. 2 level, on which a big body of silver Standard.

New work which will probably include a 950 foot lower tunnel is under way in connection with development of Silver Standard mine at Hazelton. The tunnel is to be served with a light rail track to the concentrator. Unexpectedly rich ore has been encountered in the lower workings, and this was a factor in Manager Norrie-Lowenthal's decision to undertake the new work.

Annual Report. The semi-annual report of the American Smelting and Refining Company for the period ended June 30, 1919, shows net income, after deducting depreciation, ore depletion and bond interest of \$2,149,159, a decrease of \$1,919,661 from 1918. Preferred stock dividends were declared aggregating \$5,424,633.50. According to President Simon Guiguenheim the directors felt justified in making payments of 1 per cent quarterly on dividends on common stock from the accumulation surplus. There is a deficit therefore for the period of \$1,195,463.

Good Grade Ore. George Dickson has returned to Port Alberni from his mining property on the West Coast. A reliable assay of his ore shows high values in copper and he expects to start some extensive development work in the near future.

HARD-BOILED FACTS ABOUT IVER SMITH'S SALE

YOU can buy the finest Stetson Hats that sell elsewhere at \$8.00 for just \$6.40.

You can get four dollar Stanfield Underwear for \$2.95 a garment.

You can get a \$15.00 Man's High-Top Leckie Boot for just \$9.

ALL the Silk Spools and cabinet have been sold to a merchant—he knew values. We were selling 100 yard spools at 10c, while women were buying 60 and 80 yard spools for 15c. This merchant bought nearly a thousand dollars' worth of merchandize and he'll be back for more.

EVERYTHING in the store can be bought for less than its worth. This is not because Iver Smith is a philanthropist, but because we are selling out.

AND right here I want to say, when an article is sold out it is not replaced—except from the store-room. Not a dollar's worth of new goods has or will be received. We buy no goods—the store will be closed when the goods on hand are sold.

THEREFORE, everything is priced with the idea of selling out quickly. Some things are nearly half—many odd lots are half or less. It will pay you to come down and see.

And whatever you buy, please remember that it's guaranteed. Everything in this store has to MAKE GOOD—or we refund your money.

Come in to-day or to-morrow if you can; it will help a lot because we have more business than we can attend to on Saturday—and to see people going out of the store with money in their jeans that they wanted to leave here—and we with not enough helpers to get away with it. To see these things, I say, every Saturday, it's enough to make an advertising manager die of remorse.

You can buy an All-Wool Sweater for \$7.90. We see a duplicate in a window in town for twelve dollars.

Men's W. G. & R. Linen Collars are selling now 6 for \$1.25. Why pay 30c apiece for 'em? You can buy the best Hockey Shoes for men at \$6.90 and boys at \$5.40.

If you have a boy to dress you can buy Shirts or Pants at about half-price, but remember we have no shoddy goods.

Children's Sweaters, sizes 26 and 28, at \$2.65 and 30 and 32 at \$2.90. We have quite a run on these now that some folks find our all-wool are about the price of cotton sweaters.

Boys' Shoes and Girls' Shoes, the good kind only, Leckie's or Macfarland's.

Children's All-Wool Toques at \$1.00. White and combination colors. What's the use of buying cotton at seventy-five cents?

Furs and Millinery and Ladies' Skirts are all at half-price or less. If you want to save money you had better be quick.

will also be rushed on the crosscut which is being driven to cut the vein on No. 4 level. Identical large scale samples of Eureka ore are being sent to five big testing establishments on different parts of the continent, with a view to determining the best process for treatment. When this is determined, the plant required will be set up, in conjunction with the present stamp-mill, which as its stands, is adapted to the Granite-Poorman.

GOVERNMENT PLANS TO INVADE COAST SHIPPING TRADE

Minister of Marine Announces Fast Boats Will Be Operated on Triangular Run

Ottawa, Nov. 11.—Hon. C. C. Ballantyne, Minister of Marine, in further explaining his announcement of last week, says that before January 1 he expects to call for tenders for the construction of two very fast vessels for the triangular run between Victoria, Vancouver and Seattle.

These vessels, which will be operated in conjunction with the Canadian National Railway System, will, according to the present plans, be fifty feet longer than the C. P. R. boats now on this service, and will be several knots faster.

Hon. Mr. Ballantyne has also big plans for the development of Canadian foreign trade in all parts of Canada.

TELS DYSPEPTICS WHAT TO EAT

Avoid Indigestion, Sour Stomach, Heartburn, Gas on Stomach, Etc.

Indigestion and practically all forms of stomach trouble, say medical authorities, are due nine times out of ten to an excess of hydrochloric acid in the stomach. Chronic "acid stomach" is exceedingly dangerous and sufferers should do either one of two things.

Either they can go on a limited and often disagreeable diet, avoiding foods that disagree with them, that irritate the stomach and lead to excess acid secretion or they can eat as they please in reason and make it a practice to counteract the effect of the harmful acid and prevent the formation of gas, sourness or premature fermentation by the use of a little Bisurated Magnesia at their meals.

There is probably no better, safer or more reliable stomach antacid than Bisurated Magnesia and it is widely used for this purpose. It has no direct action on the stomach and is not a digestant. But a teaspoonful of the powder or a couple of five grain tablets taken in a little water with the food will neutralize the excess acidity which may be present and prevent its further formation.

This removes the whole cause of the trouble and the meal digests naturally and healthfully without need of painful pills or artificial digestants.

Get a few ounces of Bisurated Magnesia from any reliable druggist. Ask for either powder or tablets. It never comes as a liquid, milk, or citrate and the bisurated form is not a laxative. Try this plan and eat what you want at your next meal and see if this isn't the best advice you ever had on "what to eat."

adrian foreign trade in all parts of Canada. He is working on his plans for next session. He regards the construction of Canadian public-owned steamers such a success that he contemplates an extension of this policy with a view of establishing steamship lines to all parts of the world where there are opportunities for Canadian trade.

Pacific Development. He is particularly optimistic over the outlook for commerce in the Pacific steamship lines which will be started to Australia, Japan, China and possibly to India. The present service will only be for freight, but later he expects to put passenger steamers running from Victoria and Vancouver.

HOLDS UNBEATABLE STEAMING RECORD

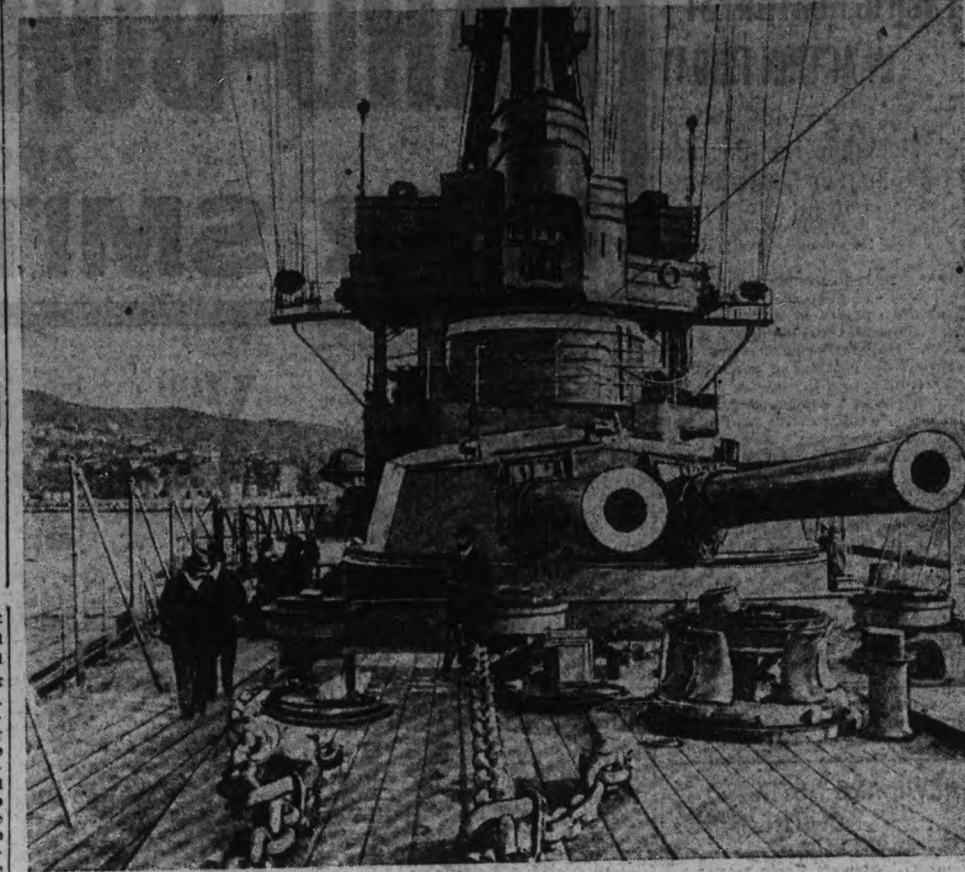

H.M.S. New Zealand Has Circumnavigated the Globe Twice in Six Years

H. M. S. New Zealand, the giant floating war machine now anchored in Esquimaut harbor, has established what is believed to be a steaming record for the warships of any nation. She has completely circumnavigated the globe on two occasions. Her first world tour was in 1913 when the great warship came to Esquimaut under the command of Captain Lionel Halsey, now Sir Lionel Halsey, who was but recently here with the Prince of Wales. The New Zealand was the gift of the Dominion of New Zealand to the Royal Navy. At the same time the Straits Settlements presented H. M. S. Malaya, a ship of the same type. Canada proposed to make a contribution also, but the project was negatived by the Senate.

When the New Zealand was completed she was sent on a tour of the world, not only to show the flag, but to give the people of the British Dominions an opportunity to see the fine craft which the Southern Dominion had supplied. She visited South Africa, Australia, New Zealand, Fiji, Honolulu, Victoria and Vancouver. She then steamed south, calling at the Atlantic seaboard to Halifax, and thence to England. Shortly after she reached the United Kingdom rumors of war were heard and a little more than a year after her visit to these waters her great guns were thundering in North Sea actions.

Five years of war service saw this fine vessel adding to her steaming record. Now she is again here after visiting India, New Zealand, Australia, Fiji and Hawaii. There is no instance on record of any war vessel performing such magnificent and practically continuous service as the New Zealand, which in six years has twice circled the globe and taken her share of the fighting with Beatty's battle-cruiser squadron.

HULL OF WASHINGTON GOES BACK TO SOUND

The hull of the former Puget Sound steamboat Washington has been dispatched from Vancouver to Seattle, where the vessel will be equipped with Diesel engines and operated in the coasting freight service. The hull has been purchased by J. F. Judy, of Seattle, from W. T. Isted, the Washington was sent to Vancouver in February of last year for the purpose of having her engines and boiler transferred to the Union Steamship Company's vessel Capilano. The Capilano will be operated between Vancouver and Powell River.

ARCHITECT IS AWAY

The Harrison Direct Line steamship Architect, Captain Rushforth, has sailed from Vancouver with 300,000 feet of lumber and 25,000 cases of salmon. The steamship will complete her cargo at Seattle and San Francisco for the homebound run to the United Kingdom.

INTEREST IN TOURS TO WAR THEATRES

While much interest has been aroused on this side of the Atlantic in projects of tours to the French battlefields, those who have been at the front of the movement, Cook & Son, true to their tradition, have been at the front of the movement, Cook's having been the pioneers and best known specialists in tourist arrangements since 1841.

HINDUS EAGER TO GET PASSAGE HOME

Coolie Congestion on Regular Boats Has Created an Unusual Condition

Appropos of the announcement that Chinese coolie hands are migrating south to secure passage back to China through San Francisco because of the shortage of space on British liners plying out of British Columbia ports, a situation created by the transportation of Chinese coolies home from Europe, it was learned to-day that Hindus desirous of returning to India are experiencing the greatest difficulty in obtaining passage. In their eagerness to cross the Pacific a delegation of Hindus have been making the rounds of the local steamship offices offering to pay almost any figure within a prescribed limit of the regular charges in order to secure steamship passage to Hongkong.

It would appear that there is a lucrative business proposition awaiting the steamship agent who is able to guarantee space aboard ship for a contingent of Hindus within the next few weeks.

The shipping of Chinese coolies from Europe through to the Orient has had an effect on regular freight and passenger conditions. With regard to freight rates out of British Columbia ports it has stiffened them considerably. Just prior to the contract for carrying coolies was entered into by the Canadian Pacific Ocean Services, Ltd., the Blue Funnel Line and the Canadian Robert Dollar Company, the trans-Pacific freight rates offered to pay almost any figure within a prescribed limit of the regular charges in order to secure steamship passage to Hongkong.

The old form of rate-cutting was almost on the tapis for re-adoption, but the transportation of Chinese coolies from the war theatres has brought about a change. With the fresh decks of the big trans-Pacific carriers occupied by coolies, it has reduced the freight carrying capacity of the regular steamships to a considerable degree, and has insured the maintenance of rates for several months at least.

**HISTORICAL SKETCH  
OF NOTED NAVIGATOR**

**Capt. James Keen Arrived  
Here on Labouchere on  
January 2, 1859**

"Living Pioneers of Washington," the well-known feature of the Seattle Post-Intelligencer, contains a sketch of Capt. James W. Keen, who reached this port in January 2, 1859.

Capt. Keen was born in Devonshire, England, on April 1, 1842. His father, Thomas E. Keen, was Scottish, and his mother, Mary Ann Keen, was Scottish-English.

James W. Keen was an apprentice to the Hudson Bay Company, on whose steamer Labouchere, he arrived at Victoria on January 2, 1859. He continued working on that bark-rigged steamer until 1863, trading with Indians in the waters of British Columbia and Alaska with an occasional voyage to San Francisco. This boyhood experience was of importance to the United States Government in later years. In the Alaska boundary dispute the British claimed that the Hudson Bay Company had flown the British flag on the soils of Alaska for years. They were sparring for possession of Lynn canal. Capt. C. L. Hooper, of the United States revenue cutter service, said it was not true and that Pilot Keen could give the facts. George Evans, a retired naval officer, was sent to Seattle, and got Keen's affidavit that the Hudson Bay Company did all their trading exclusively from the vessel and not from the shore. The Indians allowed no trespassing. When there was cordwood cut the mate and the interpreter went on shore to measure it, and several chiefs would be held on board of the vessel until the party returned from shore to safety. This evidence helped to solve the boundary dispute in favor of the Americans.

On leaving the Labouchere, Capt. Keen went into the Cariboo mines, but soon returned to the sea. From 1864, his career has been a rather rapid succession of experiences in the Pacific waters. Part of the time he was interested in his ship and her trading ventures. He served as pilot, mate or master on one craft after another. For a number of years he served as pilot for American revenue vessels in Alaskan waters. He knew those waters so thoroughly and the Indians, miners and settlements, that Gov. Henry Kinkade once declared that Capt. Keen was the only walking encyclopedia of Alaska in existence.

One of the most memorable experiences was in 1869. He was on a voyage to Chilkoot when he was overtaken by the steamer Active, with former Secretary of the State William H. Seward on board. They had no pilot and offered to tow Capt. Keen's vessel, if he would serve as pilot. Mr. Seward was going up the Chilkoot river to witness the total eclipse of the sun. He requested Capt. Keen to accompany him to the upper Indian village to act as interpreter. Professor George Davidson was already there making observations. The Seward party arrived within a mile of the Indian village when the eclipse occurred. On the next day they returned to the ships and as soon as Capt. Keen finished his trading the Active gave him another long tow on the homeward trip.

**Will Fill a Book.**

The many other interesting events in Capt. Keen's record would fill a book and would cover much of Alaska's history just before and since the purchase of that region from Russia. In fact it is said that he is preparing the manuscript for such a book. In March, 1915, he was retired from government service with the grade of master's mate coast guard service, as he had passed the regulation age of 64 years. However, he is still hale and hearty and is on the lookout for any special piloting job that may turn up.

On the domestic side, Capt. Keen was married in April, 1871, to Annie S. Gage. His second marriage was in October, 1910, to Ann Claire. His children are Mrs. Lillian A. Le Ballister, of Seattle; Mrs. Grace E. Spargur, of Seattle; Crosby E. Keen, of Fairbanks, Alaska. His present address is 4617 West Englewood, Seattle.

**OFFICER'S FUNERAL**

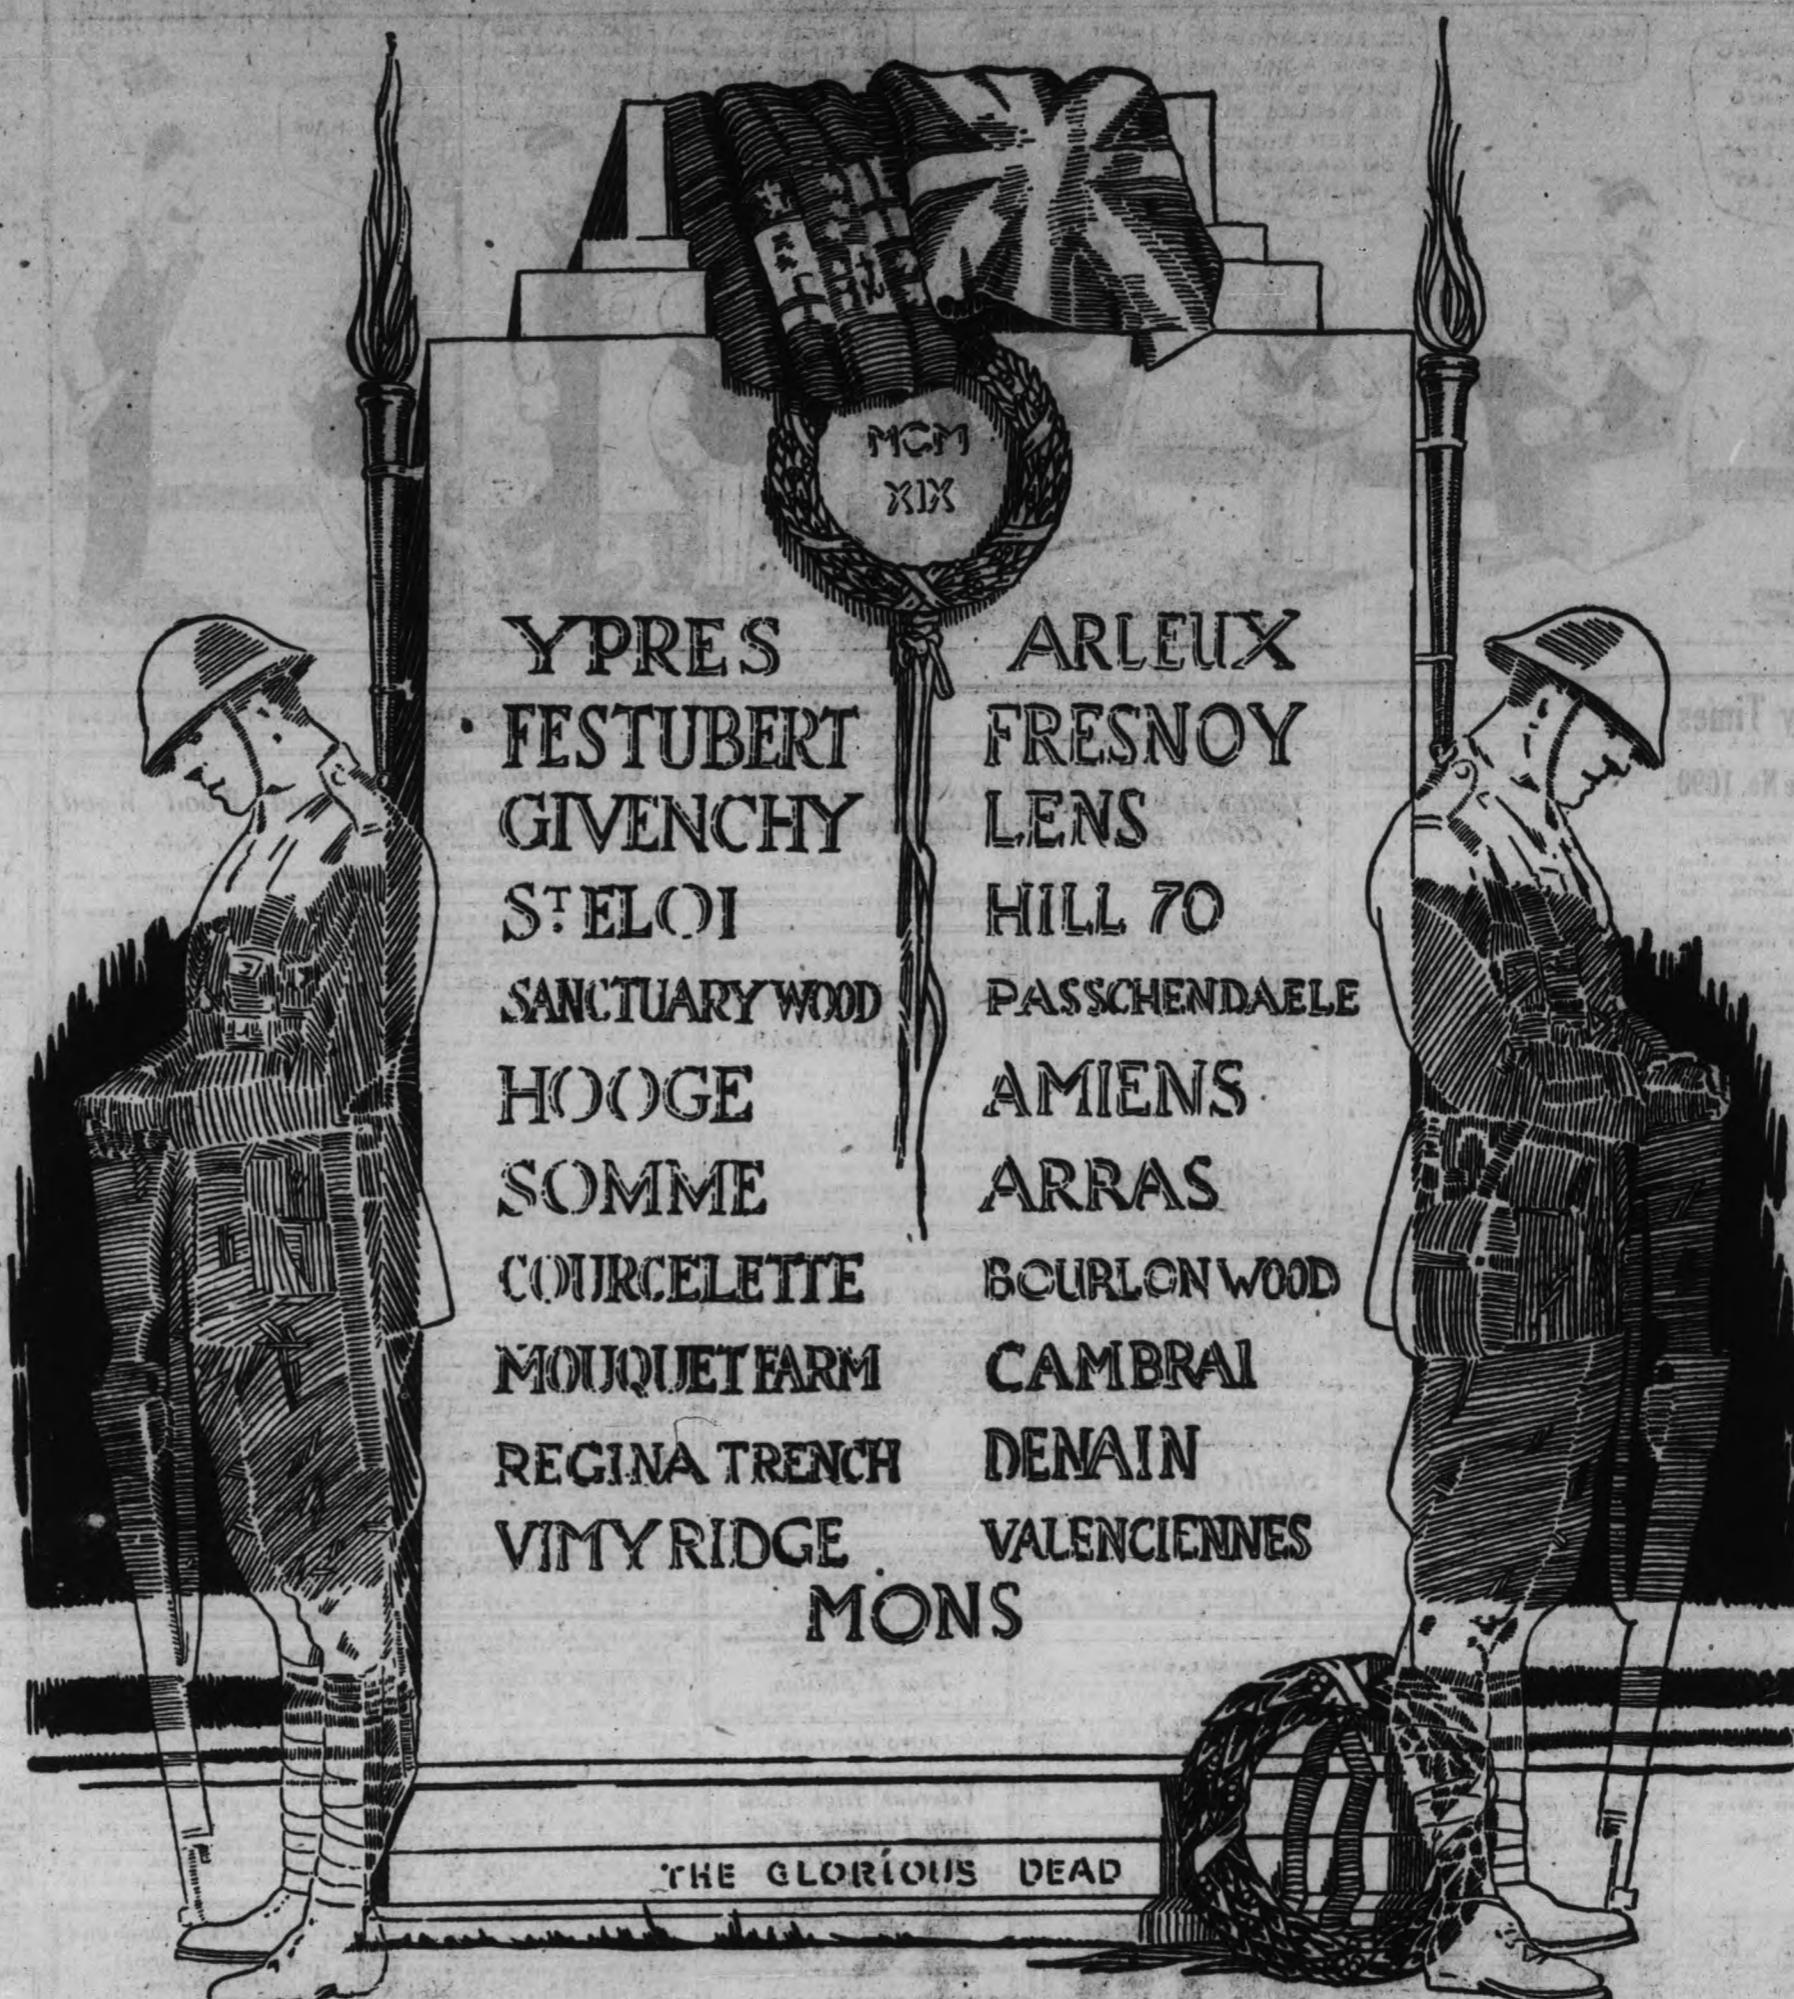

Late Walter H. Rutledge, of R. N. W. M. P., Buried Yesterday.

The remains of the late Walter H. Rutledge, Assistant Commissioner of the Northwest Mounted Police, were laid to rest yesterday afternoon in Ross Bay Cemetery. Leaving the B. C. Funeral Parlors at 3:15 o'clock, the cortege proceeded to Christ Church Cathedral, where Dean Quainton officiated at the service.

There was a large attendance and many old comrades of the R. N. W. M. P. attended the last rites over the body of their former officer. The floral tributes were numerous and very beautiful.

The following acted as honorary pallbearers: Inspector C. H. Hill, Major Moffatt, Col. J. H. McIlree, Major A. E. Snyder, Col. J. O. Wilson, Capt. W. P. Lindsay, Capt. H. M. Newson and Mr. David Deig. The active bearers were: Capt. Money, Major Harvey, B. A. Meakin, Corpl. Harvey, Sergt. Angerman, J. Hesley, Corpl. Crombie and Corpl. Newnham.

Towards the end of supper Freddy put down his spoon and pushed away his unfinished pudding. "Why, Fred," said his father, "what's the matter? You look quite mournful." "Yes," answered Freddy innocently. "That's just it. I'm more'n full."

**"Lest We Forget"**

Whoever you may be, go into your room to-day and sit quietly for a few minutes. Canada asks you for these minutes in Meditation upon Her Immortals.

Their spirit, the spirit of devotion to duty, of love of Canada and of home that illuminated their lives and made glorious their death, still lives. May it live in you and in me. May we be so inspired that from now onward, constrained by the love of

Canada, we may ever advance her interests, ever work for a greater and more glorious Canada.

To-day is a day of memory, of thanksgiving, and to-day Canada has indeed the right to require from you a thanks offering. But no such demand is made. Canada simply asks you to the fullest extent of your capacity to advance her trade, production, and prosperity, and by so doing help yourself, protect your family, increase your income and all without risk.

**GYPSY SMITH MAKES BRILLIANT DEFENCE OF UNIQUE RACE**

Says His People Have Been Maligned and Misrepresented

In order to convince people that the real gypsy is a man of high honor and of high ideals and not the low, thieving and loose-living scoundrel that most people paint him, Gypsy Smith delivered a very forceful address before 5,000 people in the Armories last night. The address was brimful of humor with occasional touches of pathos weaving their way through the most remarkable story of a man's life that has ever been told in this city.

"My people have been more maligned and misrepresented than any other people in the world," declared the evangelist. "They have been mercilessly handled. They are always shown in a bad light. In a show the villain is always a gypsy. The child's mind is poisoned by prejudice. The true gypsy is a distinct race without a country. The gypsy is found on every continent and has the same language although the accent varies. There are 3,000,000 of us in the world and I defy the best scholar you have to say who we are. We have come down through the centuries and preserved our individuality and our language. Been England alone there are 25,000 gypsies.

"You may think the gypsy bad, but they have never had a missionary, nor preacher nor church and no Bible. They have been left out of the missionary programme. Yet despite this 85 per cent. of the gypsies have Biblical names. We always keep Sundays. My father hates to move his tent on a Sunday. The gypsies never stole. I never knew my father to rob a hen-roost although I've heard of others doing it and the gypsies getting the blame. It was a POWL thing. (Laughter).

**High Respect For Women.**  
"You never heard of a gypsy murder nor a gypsy divorce," stated the evangelist amidst great applause. "And the gypsies never had a fallen woman. And I'll tell you there'd never be any fallen women in this world if there were no fallen men. If you have one fallen woman you have ten fallen men. You women in the churches are partly responsible for this because you tolerate in a man what you wouldn't tolerate in a woman."

The evangelist gave an amusing account of the manner in which the gypsies do their courthship. "When our young people start to do their courting," informed Mr. Smith, "they are allowed to sit with one another for an hour in the daylight in full view of the parents. There's none of this around the corner, no walks at night. I'm proud of the gypsy's morals."

**Respect Marriage Ties.**  
"If you people of Canada want to hold your place in the world as a great nation," advised the evangelist, "you have got to tighten your grip on the marriage tie."  
"I never heard of a gypsy holding up a bank or putting his hands into another man's pockets to keep them warm," Mr. Smith went on, "and I never heard of a gypsy finding the end of a rope with a horse on the other end. I never heard of a gypsy stealing a child. Goodness gracious, we have enough of our own."

Mr. Smith then enumerated the sins of his race. There was pilfering, swearing, drinking and lying, four very light ordinary people's sins.

**Wants Prohibition to Stay.**  
"When I first came over to America," he said, "your women did not drink. But it's a different story now. Thank God you've got prohibition and I hope you've got it to stay."  
The evangelist told a pathetic story connected with the death of his mother, and then of the conversion of his father followed by his own conversion.

"My first idea of God came from the beautiful life of my father," asserted Mr. Smith. "I have taught myself what I know with the assistance of a Bible and a dictionary. I have never been to school."  
Mr. Smith paid an eloquent tribute to the late General Booth, who gave him every encouragement and assisted him to become an evangelist.

**GET PLANS FOR NEW MUNICIPAL BUILDINGS**

Reeve Coles and Esquimalt Councillors Anxious For Modern Structures

Councillors at last night's meeting got down to consideration of the plans for the new Esquimalt Municipal hall and fire hall. Preliminary estimates are that it will be necessary to submit a by-law for \$25,000 for the municipal hall and \$20,000 for the fire hall and its modern fire-fighting equipment.

Thos. D. Sedger, architect, explained the plans to the councillors. It is proposed to build the municipal hall of wood and the fire hall of brick. The municipal hall, according to proposals, will face on Esquimalt Road just out from the present building, and the fire hall will be immediately behind it. Mr. Sedger suggested attractive spacing and setting for the municipal hall on the property and showed a parking space for motor cars. Police headquarters for the municipality will be in the hall.

Reeve Coles said the proposed building was about the same size as that of Oak Bay, which is already cramped.

"We need the new hall badly," said the Reeve. "When I met Admiral Jellicoe he suggested that he should come to the Esquimalt Hall to receive the address from us. But I had to tell him that we couldn't ask him to come to a barn for such a ceremony, because it is too terrible."

Councillor Porter said that when the drydock is started Esquimalt will need a new school as well as municipal hall and fire hall.

**HONOR EMBLEM CONTEST CONTINUES**

Additional Names Are Placed on Both Senior and Junior Lists

The Honor Emblem Competition brings out some strange stories. One gentleman, aged eighty, after buying all he thought he could manage, and after getting the Honor Emblem, was so pleased that he subscribed for another \$100.

On the Dominion Government steamer, Armentiers, one of the officers took \$1,000 of Victory Bonds, then another \$200, then \$400, and then another \$400.

Only 5,000 Victorians have applied for Victory Bonds, there being 40,000 left who are either too apathetic, or are unable to subscribe to the Victory Loan. There are, of course, many who are unable, but there must be a very great number who are absolutely apathetic.

Additional names to the emblem lists are as follows:

**YOUNG MAN SHOT CHILD IN CHEEK**

Toronto, Nov. 11.—Florence Taylor, nine years old, was shot in the cheek last evening by Thomas Creswell, a young man employed at a shooting gallery on Yonge Street. The bullet was extracted at a hospital and the injury was not regarded as serious. Creswell was arrested on a charge of shooting with intent to kill.

It is said Creswell fired two shots, only one of which took effect. Florence and another little girl were annoying him, it is claimed, by hanging around the gallery after having been told to keep away. Creswell told the police he did not intend to shoot the girls but fired to frighten them away.

**INQUIRY CONCLUDED.**

London, Nov. 11.—The House of Lords committee which has been conducting an inquiry into allegations that girls of the Women's Royal Air Force service at the Hurst Park camp had not always conducted themselves properly, concluded its labors to-day. Baron Wrenbury, the chairman, announced that the committee had unanimously found that allegations of immorality unsupported by any of the evidence presented.

**PARK OFFICIALS FORM ASSOCIATION**

International Organization Embraces British Columbia, Washington and Oregon

Vancouver, Nov. 11.—Formation of the International Association of Park Commissioners of the Pacific Coast was effected yesterday during the visit which commissioners and superintendents of park boards in the states of Washington and Oregon paid to the local Park Board.

Jonathan Rogers, of Vancouver, was elected president, and W. S. Rawlings, of Vancouver, secretary. George W. Hill, president of the Seattle Park Board, was elected vice-president. A committee was formed to draw up a constitution, which was passed by the meeting. It was decided that the directors should be the presidents of the various parks boards forming the organization. Membership is to be open to all commissioners, superintendents and engineers of parks boards in the Pacific Northwest on this side of the Rockies. Meetings will be held twice a year.

**ONTARIO PEOPLE STILL GUESSING**

R. H. Grant May Be Provincial Secretary; H. C. Nixon May Be Treasurer

Toronto, Nov. 10.—R. H. Grant, M. P. P.—elect for Carleton, has been persistently mentioned as the new Provincial Secretary in the Farmers' Cabinet. It is known that he has been in touch with the Provincial Secretary's department and this is taken to substantiate the report that he will get that portfolio.

H. C. Nixon, M. P. P.—elect for North Brant, early in the guessing game, was mentioned as the next Provincial Treasurer, and it is still believed by some he will hold the purse strings in the Drury Cabinet.

F. C. Biggs, M. P. P.—elect for Wentworth, also has been mentioned for the Cabinet, and his friends say he is almost certain to be taken in, but if the other Labor representatives should get the Public Works portfolio, it appears as if Mr. Biggs would have to be taken in without a portfolio.

**Balfour Appeals For Full Support For World League**

London, Nov. 11.—Rt. Hon. Arthur J. Balfour, former Foreign Minister and now Lord President of the Council, opening the League of Nations campaign to-day, declared that the future of the League would be dark indeed unless all the powers, and particularly the great powers, were prepared to take an equal share in the burdens the League cast upon them.

**GIRL HEROINE WED MAN SHE SAVED**

New Shoreham, Sussex, Eng., Nov. 11.—A land girl, Miss Peggy Fisher, yesterday was married to a young soldier named Marshall, whose life she had saved. Marshall fell down in a cowshed and was being gored by a bull when Miss Fisher rushed up and by kicking the animal on the nose with her heavy hob-nailed farm boots, drove the animal away. For her gallantry she was awarded the Distinguished Service Bar, the Victoria Cross of the Land Army. The bride yesterday was drawn to church in a farm cart by twelve land girls in uniforms.

**ONTARIO FARMERS NOT CABINET HUNTERS**

Toronto, Nov. 10.—Addressing the Reform Club, says a dispatch from Montreal to The Globe, Peter McArthur assured the members that of the forty-five members elected to the Ontario Legislature on October 20, not one approached Premier Designate Drury to rank for a Cabinet position, a fact almost unique in political history. He had this from the Premier Designate himself.

**IMPORTANT STRIKE.**

An important strike is reported on the property of the Rambler-Cariboo Mining Company near Slocan, the new body of ore having been found in the 800-foot drift on the Jennie ground, the Jennie and Last Chance claims having been acquired by the company last summer. As far as disclosed this discovery will provide two and a half feet of mill feed.

The Rambler is one of the largest operators of the Slocan as well as one of the oldest producers of the district, its output for the past twenty-five years having reached probably \$2,000,000, of which \$500,000 was paid out in dividends. Developed on a comprehensive scale, with a 1,400-foot shaft and a big cross-cut tunnel through which all the ore was brought out, for years the Rambler has been one of the best examples of drift development in the Kootenays.

Active stopping now is proceeding on the 1,000, 1,200 and 1,300-foot levels from which thirty tons of ore on the average is produced for the concentrator which occupies an exceptionally favorable location on the middle fork of Carpenter Creek. The mine and mill are connected by 1,500 feet of aerial tram.

**EARLY BLIZZARD VISITED PRAIRIES**

Storm Was Worse Than Any Experienced Last Year

Winnipeg, Nov. 11.—The earliest blizzard in fourteen years hit Winnipeg and the prairies yesterday and was worse than any experienced last year. Eight inches of snow fell during the day, bringing the total up to 33.3 inches.

With a northwest wind blowing at thirty-two miles an hour all day, the soft snow piled into drifts, as much as five feet deep, damaging telephone and telegraph wires, held up street car traffic, delayed trains and generally made itself a nuisance. Fortunately the temperature was only twenty above zero, and last night the wind calmed down to ten miles an hour.

Street car service in Winnipeg is nearly normal to-day.

CHANGES WROUGHT BY WAR.

The recent Anglo-Persian agreement gives Great Britain a better commercial position in Persia, says the Guaranty Trust of New York. Before the war Great Britain had only 21 per cent. of this trade, 45 per cent. going to Russia. But the share of Great Britain is now 65 per cent.

The chief exports from Persia are fruits, cotton, carpets, rice opium, wool and petroleum. The latter has greatly increased and is wholly controlled by the British. The Anglo-Persian Oil Company is already in the field and the Royal Dutch-Shell is reported to be seeking a foothold.

### "JOKER" CLAUSE HALTS HOUSING SCHEME AGAIN

## Peps

*What are they?*

Peps are handy little tablets which provide the newest, surest and most scientific treatment for coughs, colds and throat and chest troubles. If you have a cough or a cold, why dose your stomach with liquid preparations? Your stomach is not ailing! Peps provide a better way.

You put a "Pep" on your tongue and let it dissolve slowly. As it does so, certain healing essences it contains turn into vapor, and you breathe this medicinal vapor direct to your lungs and air passages. On its way it bathes the delicate membranes thoroughly in its healing ingredients, kills the germs of disease, cures the irritation and inflammation which cause your cough and ends the trouble.

Just as the out-door treatment for consumption—the "breathing treatment"—is now admitted to be the only rational treatment, so the "Peps" treatment for colds and throat and chest troubles is the only rational home treatment.

Another great advantage in Peps is their entire freedom from opium, morphine or other poison, thus making Peps the best and safest remedy for children's coughs and colds.

Peps cure catarrh, coughs, bronchitis, sore-throat, tightness or aching across the chest, difficulty in breathing, night cough, hoarseness, asthma, laryngitis, smoker's throat, etc.

All druggists and stores sell Peps at 50c. a box or 3 for \$1.25.

**WILL URGE MINISTER TO MODIFY CONDITIONS**

Claiming that the Provincial Government had inserted a "joker" clause in the housing agreement, and was endeavoring to force upon Victoria terms different from those allowed other municipalities, the City Council last night postponed ratification of certain vital rules and regulations affecting the Housing Scheme. The trouble arose over a clause in the agreement which would require the city to spend all its housing allocation in three months, a time which, the aldermen believed, would be required for negotiations before construction could commence. During the week an aldermanic delegation will urge the Minister of Lands to modify this clause.

**Question of Residence.**

All went smoothly with the housing scheme until the Council came to a clause which provided that returned men must have been residents of the city for six months before they could receive housing plans. Alderman Sangster, chairman of the Housing Committee, declared that he, personally, would not object to this time limit being increased to a twelve months or two years.

Alderman Andros, on the other hand, waged a determined fight against this clause, declaring that the fact that a soldier had or had not been a resident of the city did not matter at all. "We need new citizens," he asserted, "and the new citizens must be housed. As long as they are returned men they should be able to get help."

"We are getting the money to help the boys who went overseas from this city by the way," Alderman Patrick, "not for the boys who went overseas, say from the interior of the Province."

"We get this money indirectly from the Dominion Government," Alderman Andros objected, "and the Dominion Government wants to help the returned men of Canada. It would be absurdly narrow to restrict it purely to local men. I move that the clause providing that residence in the city shall be a qualification for help be struck out."

"Each place administers its own housing allocation," Alderman Sangster said, "and the child can see that Vancouver will look after its boys, Nelson of its own and so forth."

"Yes, that's true," Alderman Sangster agreed, "and besides, we can find out the habits, the character of men who have lived here. About outsiders we should know nothing, and should not know whether they should be allowed loans or not."

"Well, we shall be accused of discrimination between local and outside men if we let this clause go. If we go into this thing, let us go in with a broad policy."

"I do hope that the housing committee in presenting this report, has no ulterior motives," broke in Alderman Sargent.

A vote on the question of residence was taken and the side favoring only local men won out.

the city spend its housing allocation in three months was read a storm immediately arose.

"Why can't you spend it in three months?" exclaimed Alderman Andros. "The negotiations with the Provincial Government will take almost that time. Besides, you cannot build houses in three months."

"Well, if we don't take it in three months it will all be gone," Alderman Sangster explained.

"This is a new clause," declared Alderman Johns. "Other municipalities are not forced to accept that clause. I don't see why we should have to accept it."

Alderman Andros said he was prepared to move that if the Government did not strike out the objectionable clause that the city decide to go no further with the Housing Scheme. "They have put in a joker which has killed everything," he asserted. "When the people know the facts they will know whom to blame if the scheme falls through. When the Government understands this fact it will be glad to change the clause."

"The Housing Committee went over this agreement when it first received it," Alderman Sangster stated, "and this clause was not in it at that time."

"The Government has been holding this money for us for months and months and months while we have been dillydallying," Alderman Patrick informed his colleagues. "To my mind the time allowed it is too short, but we can't expect the Government to keep this money for us indefinitely while paying interest on it."

**Will Spend Whole Sum.**

"But we haven't decided to spend the whole \$180,000 anyhow," broke in Alderman Andros. "We are going into this scheme carefully. If we find that the houses when built are satisfactory we will go ahead and spend the whole \$180,000."

"Do you think they're going to hold \$180,000 indefinitely? I should say not. Suppose we decide three months from now that we only wanted a part of it, what then?"

"They're not paying interest on the money," Alderman Andros observed.

"You're absolutely wrong," answered Alderman Sangster.

"Well, I must admit I don't know as much about this particular Government as you do," Alderman Andros answered.

"We were told we were to take the money as we wanted it," the Mayor, taking a hand in the discussion, told the Council. "I don't consider three months a reasonable time. They kept that money for us for a very good reason—they couldn't get anyone else to take it. With the exception of a few places the cities of the Province don't want the money. The Council would be well advised if it insisted on the removal of this clause before accepting the agreement. They talk about this being a reasonable time. Well, it didn't seem like that the day the Minister and Major Clark locked horns." His Worship observed without enlightening the Council further on the occurrence he mentioned.

"We should demand one year, anyway, in which to spend the money," asserted Alderman Andros.

"We should get the same terms as

other municipalities," Alderman Johns agreed.

"Of course you must remember other municipalities took on the scheme earlier," Alderman Patrick reminded the Council.

"That's all right," Alderman Johns answered, "but I understand that Vancouver, which accepted the scheme a long time ago, has built only one house so far."

### DISGUISED JITNEYS INVADE ESQUIMALT

The way jitneys are quietly displacing themselves and operating contrary to law within Esquimalt municipality came before Esquimalt Councilors at their meeting last night. At the same time the right of the municipality to assess heavy coal trucks coming into the municipality came up.

Councillor Bridge told of two jitneys he has found which come out from the city to the city limits, then stop and if there are no police around, take off their signs and with the appearance of a private motor car, cross the boundary line. The councillor asserted that the police should watch for men of this kind and get after them for the jitney bonds as required by Esquimalt law.

"It is no use making laws if they are not carried out," he said.

"They pay no licences to us for the use of our streets," said Councillor Anderson.

"There are the heavy coal trucks that never pay one dollar to the municipality for the damage they do to the roads," he continued. "But the people are soaked fifty cents ex-
