DIRIGIBLE ZR-3 TO-DAY COMPLETED TRANSATLANTIC FLIGHT

AIRSHIP ZR-3 MOORED ON **NEW JERSEY FIELD AFTER** LONG TRIP FROM GERMANY

When Dirigible Came to Earth at Lakehurst This Forenoon, Fourth Successful Attempt to Cross Atlantic Became History; U.S. Experts Say Airships of That Type Will Be Inter-continental Passenger Ships of Future

Aerodrome, Lakehurst, N.J., Oct. 15,—The giant Zeppelin ZR-3 reposed in her berth at the naval air station aerodrome here at 10.45 a.m. to-day.

The cabin of the dirigible came to rest lightly upon the earth at the field here at 9.55 a.m. She completed her journey from Friedrichshafen, Germany, a distance estimated at 5,000 miles, in 81 hours, 25 minutes,

The safe arrival of the ZR-3 marked the fourth successful attempt of human beings to span the Atlantic Ocean in a non-

Aeronautic experts of the army and navy regard it as the most significant, if not the most spectacular, flight. They declare the world is witnessing evidence that the dirigible is destined to be

WAHABI ARMY

world is witnessing evidence that the dirigible is desting the inter-continental passenger ship of the near future.

The British team of Alcock and Brown, both Royal Flying Corps men, took the air at St. John's, Nfid. in a Vickers-Vimy biplane on June 14, 1919. Sixteen hours and twelve minutes later, having traversed 1,932 miles of sleet and fog. they plunged with their aircraft into a bog seear Cliffden, Ireland.

Hardly had nations ceased to gaspover-the audactly of Alcock and Brown when the British dirigible R-34 rose from Bast Fortune, Scotland, one day in July. She turned her nose toward America and with her went thirty men, one of them a stowaway. After 108 hours the R-3i reached Mineola, L.I. A few days later she headed homeward, arriving in England after an uneventful passage.

American commanders over Landau Commanders over

In the third major dirigible distater since the R-34's flight, France and Frenchmen were the victims. Their proud. Dixmude set out one day last year to penetrate into Africa and perished at sea. It is believed lightning ignited her hydrogen.

The use of non-explosive helium and a substitute for the treacherous hydrogen promises to make dirigible transit of the future safer than aeropiane travel of to-day.

Seeking to correct what he believed to be a widespread misunder(Concluded on page 2)

CHANGES IN RAILWAY RATES ASKED YEAR AGO ARE NOW DEMANDED BY B.C. PREMIER

Oliver Urges Commission to Give Ruling On Application; Declares British Columbia Not Satisfied With Abolition of Crow's Nest Pass Rates; Appeal By Prairie Provinces Against That Ruling of Railway Board Is Now Awaited; Much Criticism Heard

While the Prairie Provinces were preparing to-day to launch a vigorous appeal against the Railway Board's action in scrapping the Crow's Nest Pass Freight Agreement, British Columbia moved to bring about a complete shuffle and a drastic reduction in Western freight rates.

Dissatisfied with the Railway Board's ruling, which merely abolishes the cheap rates on which Eastern products have been moving to the great prairie markets, Premier Oliver wired the Board at noon to-day a blunt demand that it rule immediately on British Columbia's original claim for a general rate reduction— a claim which has remained unanswered for a year.

NEW ENDURANCE RECORD SET BY U.S. SEAPLANE

Washington, Oct. 15.—An official world record for a non-stop flight by a seaplane was set by a new scouting plane at Anacosta to-day, the plane remaining in the sir twenty hours, ten minutes and time of fourteen hours, fifty-three minutes and forty-four seconds.

of Western Canada, and a splen- OVERRIDES ACT

THUS

THUS Mr. Oldfield was almost the last of the provinces against the board's who came to Winnipeg in the early days, and grew up with the West, for his or contempt of court of two newspaper editors of this city because of comment published in their papers on the action of the grand juvy last week in finding ne bill against former Premier Sir Richard Squires will be heard in Supreme Court to-morrow.

The court postponed its decision on motion of Sir Richard's counsel that he be discharged as a result of the jury's findings.

TROUBLE-MAKERS

SPREAD ELECTION

TALK, SAYS OLIVER

Referring to reports to the eight and and the holding of a by-election in Columbia and that Columbia was thus to be given preference to Vancouver in Cabinet containing and that Columbia was thus to be given preference to Vancouver in Cabinet containing and that Columbia was thus to be given preference to Vancouver in Cabinet containing and that Columbia was thus to be given preference to Vancouver in Cabinet containing and that Columbia was thus to be given preference to Vancouver in Cabinet containing and that Columbia was thus to be given preference to Vancouver in Cabinet containing and that Columbia was thus to be given preference to Vancouver in Cabinet containing and that Columbia was thus to be given preference to Vancouver in Cabinet containing and that Columbia was thus to be given preference to Vancouver in Cabinet containing and that Columbia was thus to be given preference to Vancouver in Cabinet containing and that Columbia was thus to be given preference to Vancouver in Cabinet containing and that Columbia was thus to be given preference to Vancouver in Cabinet containing and that Columbia was thus to be given preference to Vancouver in Cabinet containing and that Columbia was thus to be given preference to Vancouver in Cabinet containing and t

in for a general rate reduction—
swered for a year.

If the board's decision on this demand for the removal of the present
rate discrimination against British
Columbia is not satisfactory, the
Premier intimates, this Province will
appeal the ruling and carry its fight
to "final judgment."

After asking the board to decide
definitely on the Province's claim for
a general rate cut, the Premier said:

"I wish to point out respectfully to the Soard that the Government of British Columbia has
a right to expect a decision from
the board within a reasonable
time. I am advised that the Government of British Columbia has
a right to appeal from the board's
decision when made, but inaction
of the board is a bar preventing
the Government of British Columbia prosecuting its complaints
to a final judgment. I would also direct the attention of the
board to the lack of decision in
the express rates case."

The Premier pointed out that "the
vasity increased revenues of the railways in hauling grain to Pacific
Coast ports have brought about such
a change in traffic conditions in British Columbia as to warrant a nearer
approach to an equalization of rates."

NOT SATISFIED

After disnatching this wire at noon

PASSES SUDDENLY

NOT SATISFIED

After dispatching this wire at noon and revealing its contents to newapaper correspondents, the Premier explained that British Columbia is not satisfied with the abolition of the Crow's Nest rates, as this action does not in any way alter the general rate structure in Western Canada, but merely deprives Eastern products of the advantage of cheap rates in moving westward. The Premier added that the prairie provinces are sure to conduct a vigorous fight for the restoration of the Crow's Nest rates, which are of enormous advantage to them. What action the British Columbia Government will take, however, has not been decided, he said, ut his wire to the Railway Board indicates that some move will be made shortly.

CHANGES IN RAILWAY RATES DEMANDED BY B.C. PREMIER

(Continued from page 1)

PROVISION FOR APPEAL

Provision for appeal against the judgment of the board is made in the Railway Act. This may be made either to the Governor-General-in-Council or to the Supreme Court. In the first case the scope of the appeal is untrammeled and questions of law may be involved as well as questions of fact. In the second case the appeal is only on questions of law or jurisdiction. No appeal on points of law may be made to the Supreme Court without consent of the Rajway Commission. This consent, however, could probably be obtained as a mere matter of form.

while the agreement remains in effect.

"The diversity of views held and expressed before the board by interested parties has demonstrated beyond a doubt that under present conditions there is no common ground which all can occupy in harmony," he states. "The existence and continuance of the agreement and of the preferences under it given make it impossible to reconcile such sharply conflicting interests, or to present any solution of the problem which is not fraught with what is regarded as an unjust discrimination and unfairness to one body of complainants or to the other."

NOT ALL SETTLED

The Chief Commissioner makes it

plainants or to the other.

NOT ALL SETTLED

The Chief Commissioner makes it clear that the decision of the board, though disposing of the main questions, does not settle all the matters to which the attention of the commission was called.

"In that regard mention may be made of the matter of grain rates westward as between grain destined for export and that intended for domestic consumption, and in the East the question of sugar rates from the refineries in New Brunswick and Neva Scotia remains for adjustment undetermined by the present decision of the board upon the legal question embodied in the construction of the agreement," he says. "These two outstanding subjects of inquiry and others of equal importance to different localities are not lost sight of by this decision, and they will be disposed of by the board in the light of its determination regarding the Crow's Nest Agreement's a far as the same are affected by it."

BIG FIGHT PREDICTED

Nelson, B.C., Oct. 15.—"Nelson's representations have been for a spreading over basic commodities of the saving under the Crow's Nest Pass rates, in any revision of the freight tariffs," said T. R. Poole, president of the Nelson, Board of Trade to-day. "Such action has not been taken by the Railway Board in giving its decision on the rates."

Mr. Poole would not forecast the effect of the restoration of the old rates on this territory. DESIRES NOT MET

BLOW AT CONTRACTS

Regina, Oct. 15.—"This is a blow at the sacredness of contracts," declared George F. Edwards, president of the Saskatchewan Grain Growers' Association, commenting on the ruling given by the Railway Commission cancelling the Crow's Nest Pass Railway Freight Agreement.
"Abrogation of the Crow's Nest Pass Agreement will mean a tremendous loss to the farmers of the prairies, who are already heavily discriminated against on other commedities besides wheat owing to the absence of water transportation."

PATE ON GRAIN

RATE ON GRAIN

WINNIPEG CRITICISM

Winnipeg Criticism

Winnipeg, Oct. 15. — From all sections of Winnipeg's commercial and agricultural organizations came criticism to-day of the Railway Commission's decision on the Crow's Nest Pass Railway Freight Rate Agreement. The decision was received as an injustice to Winnipeg and the West in geheral.

"It will be extremely disappointing to the West," said Hon. John Bracken, Premier of Manitoba. "It looks as though we are in for the hardest fight which the West has ever been negged in."

J. A. Banfield, Dominion president of the Retail Merchants' Association, said:

Montreal, Oct. 15.—The railways will take full advantage of the verdiet given by the Railway Commission that the Crow's Nest Pass commodity rates be withdrawn in fitteen days' time, it was stated at the head offices of the Canadian National and Canadian Pacific Railways here to-

ON OCTOBER 27

They had lacked honesty, sincerity and capacity to govern. The time form headquarters of the Canadian Pacific Railway:

"The rates in force prior to July 6, 1924, will be restored on October 27. These rates are those established by the Board of Railway Commissioners as fair and reasonable both to the public and to the carriers and are the outcome of numerous investigations and inquiries conducted by the Board during the twenty years it has exercised jurisdiction. Disparities created by the application of the 1887 commodity rates to the changed conditions both of traffic and railway operating costs of 1924 will be abolished."

They had lacked honesty, sincerity and capacity to govern. The time had come for Liberalism to resume the leadership of progress.

The well-known Communist, Tom Mann, is contesting East Nottingham against a Liberal and a Conservative. LLOYD GEORGE'S OPPONENT

Lloyd George will not be opposed in Carnaryon by a Conservative candidate. The Conservatives of the Carnaryon borough yesterday decided not to run a candidate against the former Premier, who, however, is being challenged in his old riding by Oilver Baldwin, Labor, son of Stanley Stanley Baldwin, Labor, son of Stan

RED FLAG SONG

The singing of the "Red Flag" by Labor gatherings addressed by Ministerial candidates in the general election is being heatedly referred to by Conservative speakers at their meetings. Earl Denbigh at Rugby denounced as a national disgrace the fact that the Premier of Great Britain was going up and down the country to the words of the "Red Winston Churchill, at Netteswell, accused the Labor Party of substituting for the National Anthem some dreary dirge borrowed from Russia.

SIMON'S EXPERIENCE

SIMON'S EXPERIENCE

At the Premierland Boxing Ring in Whitechapel, Sir John Simon, one of the Liberal leaders, who took a prominent part in bringing about the downfall of the present Government, was persistently interrupted last night when he endeavored to address a large gathering, by catcalls and booing mingled with cheers which reached a climax in the singing of the "Red Flag." Sir John alluded to the sporting purpose of the hall and appealed to the unruly element to give the men in the ring their chance. This had the effect of temporarily calming the disturbance.

When Sir John was leaving the building a strong force of police was required to keep the crowd clear of his automobile.

In a speech at Newcastle, Premier MacDonald said that "if you want to frighten all the old ladies of both sexes you must don a Red shirt and shout "Bolshevik."

BIRMINGHAM CONTESTS

consistence of any such act but no the contrary, its bound loyally to enforce these provisions of any such act but no the contrary. Is bound loyally to enforce these provisions.

New AGREMENT

He considers that it would be quite in order for the Government to negotiate a new agreement with the C.P.R. in place of the Crow's Nest Pass Act, but maintains that such agreement should maintain the principle of low fixed rates on basic products established by the act.

Hon, G. P. Graham, Acting Fremier and Minister of Railways, declined to-day to make any statement on the rolling of the Railway Commission will shortly be in the West. Its first meeting will be in Saskation on the Crow's Nest Pass Agreement Freight Rates within if the end of the Railway Commission of Canadis not be Crow's Nest Pass agreement Preight Rates within if the complete of the Railway Commission of Canadis on the Crow's Neember 15; Calgary, November 15. A LITTLE BETTER

A LTHOUGH THE RE-A moval of the Crow's Nest Pass rates will assist British Columa orchardists by reducing the dis-mination against them in compe-ion with Ontario fruitgrowers, it tition with Ontario fruitgrowers, it is not necessary to explain that yesterday's decision of the Board of Railway Commissioners does not materially alter the standpoint from which the West views the whole rate structure in this half of the

It is interesting to compare the C.N.P. rates from points East to West—the rates from West to East remaining stationary—with the schedule which was discon-tinued on July 7 and now ordered restored within fifteen days. The rate on apples from Vernon to Winnipeg, 1,176 miles, is 1.13; from Toronto to Winnipeg, 1,232 miles, the C.N.P. rate was .55 as against .85 in the schedule which is now to become operative again. Agricultural implements may be shipped ricultural implements may be shipped from Vancouver to Winnipeg, 1,466 milés, at 1.55, while the Montreal to Winnipeg, 1,416 miles, rate will now be .82.5 as compared with the C.N.P. rate of .74. Building and roofing papers go from Vancouver to Winnipeg for 1.71 and from Montreal to Winnipeg at 1.14 as compared with the C.N.P. rate of .78.5. Paints and oils between the same Paints and oils between the same points are rated eastward at 1.42 as against 1.14 and the C.N.P. rate of .74 to the West.

It will be seen from the foregoing figures that while the removal of the C.N.P. rate will reduce the handicap under which this part of the country has been suffering, the higher schedule to be restored by yesterday's decision of the Board of Railway Commissioners still be-trays a considerable amount of dis-crimination against the West.

SAWMILLS AND OUR TIMBER LIMITS

UMBERING CONCERNS which operate their mills on Burrard Inlet and the Fraser River and draw their raw material from the forests of Vancouver Island are discovering that the construction of the Second Narrows bridge is changing the current and materially hampering their operations. So serious has the situation become during the last few weeks that representations have been made to the Federal Minister of Public Works in anticipation of official action as a more reasonable alternative to injunction proceedings to restrain continuance of building operations.

How serious the situation has become will be learned from the following newspaper extract:

"Tugboat owners have notified the mill men around Port Moody, Barnet and Dollarton that they must pay double the old rates for delingancy."

If those public men and newstand to the Loin oil Company with its thousands of dollars invested at I foce, and the Union Joil Company with its plant at Port Moody, are also heavily hit by this new state of affairs, for the large tankers now require satisfactors are the bridge was commenced, they were able to make the passage whereas, before the bridge was commenced, they were able to make the passage wankers now require assistance, and the capture of Nations, because it has not yet discovered how to put an end to a custom which has been in vogue since the world began, would devote some of their bridge was commenced, they were able to make the passage wankers now require assistance, and the capture of the largest of the passage wankers now require assistance, and the capture of the capture of the largest of the capture of the cap

This development is of particular interest to the lumbering industry of Vancouver Island. It reminds us in a forcible manner that many of the larger concerns preferred to put the Culf of Georgia between their sources of log supply and the scene of manufacturing operations rather than submit to

the arbitrary rate in cases where Island shipments were destined east-bound by rail from Vancouver. This old argument against mill con-struction on the Island takes on struction on the Island takes on more significance when it is remembered that about eighty-five per cent of the mills of the Province are located around the Lower Mainland harbors and on the southern end of Vancouver Island.

Noteworthy among the concerns which operate in a large way and did not follow their competitors to the Mainland are such important firms as the Victoria Lumber and Manufacturing Company and the Canadian Puget Sound Timber and Lumber Company Bath, these Canadian Puget Sound Timber and Lumber Company. Both these companies maintain large manufacturing plants on Vancouver Island and their policy presents a striking contrast to that of a number of mills which are now finding themselves exposed to the vagaries of the selves exposed to the vagaries of the current as a result of the construction of the Second Narrows bridge. The Dollar Company, for instance, which logs on the Island and cuts at Dollarton—now inside the water area affected—must be viewing the change of tidal movements with some concar.

Now is the time to give the newly-launched Island spirit an opportunity to exert its influence. The removal of the arbitrary rate, seriously affecting as it does Van-couver Island's lumber market on the Prairies, is of prime importance to the future of the lumber industry in this part of the Province.

SOCIAL WELFARE WORK

SOME IDEA OF THE interest which the general public is manifesting in social wel-fare work has been effectively illustrated by the enthusiastic audiences which have attended the sessions of the Congress which came to an end in this city last night.

in this city last night.

Important subjects discussed by eminent speakers from various parts of the country included an exposition of Canada's responsibility to the under-privileged child, to the delinquent and the mental defective; the need for an awakening of a social consciousness to the menace of disease; the demand for an intimate understanding of the broader aspects of international relations; and other matters which directly involve national life from

many standpoints.

In these days of crazy excitement, when there is more inclination to smear the surface of unpleasant fact with rosy-hued generalities than there is to face the truth, it is well that the people of this country are frequently reminded of their obligation to themselves and to society as whole.

Political commentators in Great Britain suggest that Mr. Winston Churchill has a tough fight on his hands in the Epping division of Essex. He ought to be getting used to defeat at the polls by now.

It is now suggested that the beer question—that hardy annual which absorbs much of the Legislature's time and solves no real problems—

time and solves no real problemswill be disposed of by a non-partizan vote. Our suggestion would favor cutting the forensic displays on the Address to a quarter of the usual amount in order that this frothy subject may be quickly got rid of—before the nerves of

DR. FRANK CRANE

"ALL VOTE"

A MOVEMENT has been started in Washington to get out the chronic stay-at-home vote which is said to comprise about fifty per cent. of the citizenship.

The organization is non-partisan and its only aim will be to stimulate the laggard voter. It is proposed to establish a national organization with State branches and smaller branches for smaller units. The purposes of the association were set forth in their constitution as follows:

"The purpose of this association is to aid, by all practical means, a full registration and vote of all qualified American citizens throughout the United States. To that end it is our purpose to organize a national association which will include every part of the country.

"It is our purpose to enroll members regardless of political affiliations and to secure the patrictic service and go-operation of all individual citizens and all classes of people.

According to Mr. Michelet, who is prominent in the association, it is said that for every one hundred persons who went to the polls on election day, ninety-four qualified voters stayed at home.

He says that but 26,674,000 people voted in the last presidential election, while there were 54,420,000 people, native and naturalized citizens, of voting age.

They claim that the stay-at-home habit is growing at an enormous rate. In 1896, 80 per cent. of the voters cast their ballots; in 1900, 73 per cent.; in 1908, 68 per cent. of the voters cast their ballots; in 1900, 73 per cent.; in 1908, 69 per cent. of the voters cast their ballots; in 1900, 73 per cent.; in 1908, 69 per cent. of the voters cast their ballots; in 1900, 73 per cent.; in 1908, 69 per cent. of the voters cast their ballots; in 1900, 73 per cent.; in 1908, 69 per cent. of the voters cast their ballots; in 1900, 73 per cent.; in 1908, 69 per cent. of the voters cast their ballots; in 1900, 73 per cent.; in 1908, 69 per cent. of the voters cast their ballots; in 1900, 73 per cent.; in 1908, 69 per cent. of the voters cast their ballots; in 1900, 73 per cent.; in 1908, 69 per

WORDS OF WISE MEN

If you are determined that you won't give in, you won't be beaten.

Service to others is the only important business in the world.

Nothing is beautiful but what is true.

Genius is nothing else but a great aptitude for patience.

The great art of superiority is to get hold of people on their best side.

The most delicious pleasure is to cause that of other people.

The slowest in promising is always the most faithful in fulfilling.

The wisest man is he who does not fancy that he is so at all.

The truest sign of being born with great qualities is to be born without envy.

The actual is limited, the possible is immense.

When you are forming new acquaintances, cultivate the old.

It is a long road from the initiation of a thing to its finish.

The fire which seems extinguished often slumbers beneath the

ashes. + + +

By experience we find out a short way by a long wandering. Learning teaches more in one year than experience in twenty.

Talent alone cannot make a writer. There must be a man behind the book.

book.

Modesty is the citadel of beauty and of virtue.

Perpetual pushing and assurance put a difficulty out of countenance, and make a seeming impossibility give way.

Those who in a logical dispute keep in general terms hide fallacy.

Will you find me a song that a warm wind bears
To a shade-fringed bay where the firefy flares
As we loiter along a dark lagoon
In a flame-bright pebbled path to the moon?

Arrived in Toronto From Detroit This Morning and Shared in Fox Hunt

Toronto, Oct. 15.—The Prince of Wales and his party arrived here from Detroit at 9.25 this morning, and after greetings had been extended by Lieut-Governor Cockshutt, Premier Ferguson and members of the Ontario Cabinet and Mayor W. W. Hiltz, the royal party motored to the King Edward Hotel for breakfast.

At 11 o'clock the Prince left for Aurora, twenty-five miles north of Toronto, where a fox-hunt had been arranged in his honor by the Toronto Hunt Club. The hunt is expected to last the greater part of the day. CHEERED BY CROWD

The Prince left the train dressed in

The Prince left the train dressed in his hunting, outfit, riding breeches and carrying his hat in his hand. His first appearance in the crowded station ond on the street brought forth a noisy demonstration.

The mounted police who had kept the crowd in check for the two or three hours of waiting had considerable difficulty in preserving the royal party from a friendly mobbing. From lines of enthusiastic greeters were forced right up to the steps of the Prince's car by the surging crowd in the rear.

Trafalgar Day Bazaar.—The ladies of the Guild of the Connaught Seater men's Institute have all arrangements well in hand for their big bazaar to be held in the ballroom of Alexandra House on Tuesday, October 21. As their annual observance and commemoration of Trafalgar Day, this bazaar will hold a special appeal. A splendid musical programme with dancing has been arranged.

OF IMMENSE VALUE

Australian-Canadian Agree-ment Will be Boon to Pulp And Paper Mills

B.C. Will Benefit Directly and Better Trade Relations

The reciprocal trade treaty between anada and Australia will mean much or the paper and pulp mills of Britsh Columbia. Newsprint and other aper from this province which forearly entered Australia only under uty of \$15 per ton, now goes into the commonwealth free of duty. This is me of the reciprocal arrangements in trade which the two great Dminos of the British Empire have agreed them.

Canned saimon, herring and other fish of British Columbia will pay only two cents per pound. instead of the general tariff of five cents, as at present.

Canada will extend Australia full British preference and has removed all duty on raisins and currants from the Antipodes. The duty was formerly three cents per pound.

Lumber is not included in the list of products upon which Australia will grant preference. Hugh Dalton, secretary of the Canadian Manufacturers' Association, upon receipt of the text of the agreement, cabled Australia to learn why lumber had been omitted.

the text of the agreement, cabled Australia to learn why lumber had been omitted.

"It will be rather an anomalous situation if we obtain large quanties of Australian dried fruit free of duty and packed in Swedish boxes," he said.

The Australian Parliament will pass upon the treaty in the near future.

CHANGES EFFECTED

Following is the full list of goods upon which Australia will give Canada preference and the changes which will be effected:

Fish, fresh, smoked or dried(but not saited) or preserved by cold process, per pound, Id; present duty 11/4.

Fish, preserved in tins or other air-tight vessels, including the weight of liquid contents, per pound, Id; present duty 2%d.

Oysters, fresh, in the shell, per cwt. 2s; present duty 2s.

Gloves (except of rubber), including mittens, ad valorem, ten per cent, present duty twenty-five per cent.

Machinery, viz. Linotype, monotype, monoline and other type composing machines; printing machines and presses; typewriters (including covers); machinery used exclusively for aird in the actual process of electrotyping and stereotyping, aluminium rotary graining machines; adding and computing machines; and in the computing machines and all attachments, ad val., free; present duty ten per cent.

Paper, viz. 'Wenting and typewritering per, viz.' Wenting and typewritering per, viz.' Wenting and typewritering per cent; present duty thirty-five per cent.

Iron and steel ubes or pipes, not more than three inches in tendes in the complete vehicle or explication, and steel boiler tubes, ad val., five per cent. per cent.

Glozeher, viz.: Paper, viz.: Cash registers, ad val., free; present duty ten per cent.

Paper, viz.: Wenting and typewritering per, viz.' Wenting duty, five per cent, free; present duty fifty-five per cent.

Iron and steel ubes or pipes, not more than three inches in tende in the complete vehicle or explaint and three inches in the set by per cent; present duty ten per cent.

Paper, viz.: Writing and. typer cent, free; present duty, five per cent; present duty fif

Claims National Council of

Claims National Council of Women; \$10,000 Budget Presented

Toronto, Oct. 15.—A tremendous expansion of work of the National Council of Women of Canada, it is expected, wfill result in the acceptance of a \$10,000 budget for 1925, which was presented by the finance committee of which Mis. J. Wesley Burday is head. This budget which is greatly in excess of those of former years, will allow for an expansion along every line of work.

"Maternity care in Canada" was again the subject of a heated discussion and a resolution was adopted to the effect that the National Council ask the Federal Health Department to recognize the fact that they urge the licensing and training of midwives as one method of reducing Canada's deplorable maternal mortality.

Another resolution emphasized the fact that the council appreciates benefit of and necessity for municipal bospitals as well as the assistance of official and other agencies in the care of maternity cases in the sparsely-actived and settled districts.

Canada's deplorable maternal mortality.

Another resolution emphasized the fact that the council appreciates benefit of and necessity for municipal hospitals as well as the assistion ance of official and other agencies in the care of maternity cases in the sparsely-settled and settled districts of the provinces.

Three excellent and comprehensive reports covering the work of the conmittee on laws were given by the convener, Mrs. O. C. Edwards of McLeod, Alta.

CHILDREN'S FANCY

DRESS BALL AGAIN

PLANNED BY CHAPTER

Plans for the annual children's fancy dress ball in aid of the chapter funds were made at the monthly meeting of the Navy-League Chapter LO.D.E. yesterday afternoon, Mrs. Mortimer Appleby, the regent, presiding. The ball will, be held at the Empress Hotel on December 29.

The chapter paid a silent tribute to the memory of the Rev. T. Wright Hill, late chaplain of the Seamen's Institute, and also passed a standing vôte of sympathy to Mrs. Cullum and family in their sad bereavement. Mrs. Plumb gave an encouraging report of the chapter's care of soldier graves during the Summer months.

A donation of \$25 was passed to the War Memorial fund.

Major and Mrs. F. V. Longstaff, of Victoria, after visiting the former's mother in England, have gone to Switzerland, Italy and other places on the continent.

S. J. Halls, of the B. C. Electric Company, this morning, "is to prevent defective eyesight among our school children. The eyesight conservation council estimates that one school child dut of every four suffers from defective vision, and this council is taking steps to conduct eye clinics in schools. We believe, however, that it is much better to take steps to prevent defective eyesight by eliminatin gone of the chief modern causes—improper lighting.

"From the point of view of school authorities this is very important, because it has been ascertained that backwardness and bad eyesight go hand in hand. Therefore, as we are able to prevent glare in lighting or otherwise improve it, education will become so much more effective."

The local committe headed by S. J. Halls, expects that fully 2,500 children will take part in the local contest.

Pharasaical Attitude To-wards "Social" Diseases And Effects Condemned

The coming of the day when Cansada would awaken to her responsibility toward the under-privileged child and when the public consciousness would realize that the so-called social diseases were a menace possible of prevention was forecasted by speakers at the Social Service Congress, yesterday afternoon.

Child, welfare to day had gripped the consciousness of the people, said the Rev. E. Phillips Jones. He forecasted the day when the moral; mental and physical well-being of the child would be foremost in the undertakings of a nation, and one of the evidences of a nation, and one of the evidences of a nation's progress.

MOTHERS' PENSIONS

Among the under-privileged children he mentioned those who were deaf, dumb, blind, mentally defective, the child born out of wedlock and the delinquent child. The dependent child was also among these, the child who through the death of the breadwinner was dependent upon the public for support. The Mothers' Allowance Act which recognized that the children were a ward of the state had remedied the conditions which formerly existed when the widowed mother, forced to act as a breadwinner, was unable to give her children that care essential to their moral and physical well-being. Such an Act the speaker described as good business. If the community did not pay in one way it would pay in another—in the maintenance of reformatories and penal institutions. While British Columbia had such an act on its statute books, there was no superintendent of child welfare to see to the enforcement of the law.

NEGLECTED CHILDREN

In the case of the neglected child, it was the famility that

NEGLECTED CHILDREN

In the case of the neglected child, it was the famliy-that was the offender, the parents were the delinquents. Under such a category in the Manitoba Act came the child whose environment was vicious, whose parents neglected to provide them with medical care, or who visited poolrooms, the child under twelve years who sold newspapers on the streets.

Reformation, not revenge, probation not imprisonment, was the keystone in the arch of the treatment of the delinquent child.

TRAGEDY OF THE BLIND

tone in the arch of the treatment of the delinquent child.

TRAGEDY OF THE BLIND

There were 7,000 blind in Canada to-day, of whom half were children. The great tragedy lay in the fact that half of these need not have been blind. The children were visited with the sins of their fathers. Blindness was largely preventable, for in many cases it was caused by disease, dirt or accident.

In Denmark there is to-day no blindness caused by venereal disease, because some years ago it was made compulsory for bables born with the effects of disease to be given prophylactic treatment at birth. Mr. Jones urged the adoption of some such measure in Canada as a preventive against the secourge of blindness.

INTER-MARRIAGE CONDEMNED

WEIRD, UNCANNY, MYSTERIOUS AND AWE INSPIRING

his whole time to the superintending of child welfare.

Dean Qualinton, the chairman, took the opportunity to commend to the public the unsensational work in rehabilitating broken homes carried on by the Social Service League of Victoria.

the speaker, who pleaded that thershould be demanded of the men the same high standard of morality as was demanded of a girl. "If the girl is ostracised, why not ostracise the man? Not that I think that social ostracism is the right attitude at all, said Mr. Archbold. The proper edu cation of girls and boys alon hygienic matters belonged to the parents, who should take steps to acquaint their children with the fact of life, concluded the speaker, in emphasizing the value of the home trained child.

FAVORITES ARE MUSICAL COMEDY

"The Isle of Spice," at Royal
This Week, Making Quite
an Impression

In putting on "The Isle of Spice" at the Royal Victoria Theatre, Reginald Hincks is making good his promise to give local playgoers shows of outstanding excellence.

A big house was attracted to the Royal again last night and left with the conviction that "The Isle of Spice" measures up to the predictions of the advance notices.

The versatile local producer is being showered with compilments on his latest success.

"The Isle of Spice" is a spicy, musical comedy snappily presented. All the Hincks' favorites are there and, new faces are to be seen in the chorus.

hilaration which infects the entire audience.

Peggy Lewis as "Trinket," makes the most of her part and, as usual, gets a series of encores. Her "Charlie Boy" was particularly well received.

Another popular song was "Patrick O'Shea," rendered with characteristic vim by Will Marshall.

The Cymbal Dance, by the chorus, is particularly well staged, the difficult steps being done in a remarkably graceful manner. There is some brilliant dialogue and the music is catchy and tuneful.

"The Isle of Spice" is one of the best productions that has yet been staged by Reginald Hincks, and larse houses should be the order for the remainder of the week.

J. C. Irons, managing director for the line in Canada, with headquarters at Vancouver, who has just returned from a business trip to San Francisco, announces that after her present voyage the Makura will make only two more trips from Australia to

The Makura will be replaced by the newest vessel of the

The Makura will be replaced by the newest vessel of the Canadian-Australasian Line, the fine motorship Aorangi. This ship will take over the sailing of the Makura, making her maiden the motorship and the maiden that the Aorangi will sail from this port for the Antipodes about January 6.

The Makura, after leaving here on December 17, will arrive in Sydney. Australia, January 10, and then proceed to drydock for thoroagh overhaul. R.M.S. Tahiti will take the January sailing of the Makura, and after leaving Victoria will go straight to San Francisco to resume service between this and Australasian ports. This new motorship, of the very latest design and equipment, will be popular steamship for travel. Her leave that point and the South. On February 12 the Makura will leave Sydney in place of the Niagara, which will be withdrawn for overhaul on February 7 as soon as she arrives in Sydney.

The Makura will then leave this port in March and will go direct to San Francisco, taking over the Manganui's sailings, while that ship goes to Australia and receives an overhaul. It is announced from the canadian and the pacific coast of the companies operating on the Pacific, for the vessel is of a type which is still something of an experiment.

"And how's yer wife, Pat?"

"Sure, she do be awful sick."

"No, she's too weak t' be danger.

"And how's yer wife, Pat?"
"Sure, she do be awful sick."
"Is ut dangerous she is?"
"No, she's too weak t' be dangerous anny more!"

American Authorities Say Vessel Broke New Anglo-American Agreement

American Agreement
San Francisco, Oct. 15—Formal
charges of conspiracy to violate the
national Prohibition Act and the new
Anglo-American prohibition treaty
have been filed against the captain
and crow of the British steamship
Quadra, which was selzed by a United States coast guard cutter off the
coast here.
Captain Ford, commander of the
vessel, and his crew of twenty-six
men were arrested Monday afternoon
on Federal warrants signed by Lieutenant-Commander C. F. Howell,
commander of the coast guard cutter Shawnee, who seized the Quadra
Sunday afternoon.

The cargo of 12,000 cases of whisky
and champagne has ben placed under
Federal guard, while the captain and

The cargo of 12,000 cases of whisky and champagne has ben placed under Federal guard, while the captain and crew, who were arraigned before United States Commissioner Francis E. Krull, Monday afternoon, were placed under bonds of \$5000 each. Two members of the crew are aboard the Quadra, alongside the Embarcadero, guarding the cargo.

Seizure of the Quadra constitutes the largest liquor seizure effected on the Pacific coast since the advent of prohibition, and the first made under the new Anglo-American treaty, which permits seizure of British vessels caught within one hour of sailing distance from the American coast.

The British eaptain classwe the

Claims Island, Now Coming to Port in South

Nome, Alaska, Oct. 15. — The gasoline schooner Herman, which returned here Sunday after a trip on which the American flag was hoisted on Heraid Island, in the Arctic Ocean north of Siberia, departed to-day for San Francisco. Abbard the Herman was Sidney Snow, a maker of motion pictures of big game. In a crate on deck was a giant bear caught near Hieraid Island after a fight with another bear.

crew, who were arraigned before United States Commissioner Francis E. Krull, Monday afternoon, were placed under bonds of \$5000 each. Two members of the crew are aboard the Quadra, alongside the Embarcadero, guarding the cargo.

Selzure of the Quadra constitutes the largest liquor selzure effected on the Pacific coast since the advent of prohibition, and the first made under the new Anglo-American treaty, which permits selzure of British vessels caught within one hour of sailing distance from the American coast.

The British captain claims the selzure was unlawful as he was seventeen miles to seaward from the north Farallon, when the coastguard cutter Shawnee overhauled him. Captain Howell of the cutter refused to state where he found the Quadra, but asserts it was within the twelve-mile limit. Captain Ford states that sextant readings had just been taken by himself and two officers, setting his position seventeen miles west of the Farallones when the four blasts are considered to the form the four blasts and the four blasts are considered to the four blasts and the first made under the elevator spouts on furth the well and 2,500 tons of grain here. She went under the elevator spouts on furth the elevator spouts on furth the went under the elevator spouts on furth the greatest and 1,000 tons of grain here. NEWS IN BRIEF

Rev. Thomas H. Ibbott of Port Arthur, has written to the Victoria and Island Publicity Bureau asking for further supplies of colored slider of Victoria to use in connection with his series of lectures.

To date fifty-two parcels of land, aggregating in value \$16,473.86, have been sold in the city tax sale. This morning five parcels, valued at \$1,724.82, have been disposed of.

At the close of the hearing of Reid ersus Kersey et al in County Court esterday Judge Lampman reserved udgment. The claim was one for lamages for motor collision. P. J. Sinnot appeared for plaintiff, and D. S. Tait for defendants.

The special Christmas number of the Seattle Argus will contain an article on Victoria and the Georgian Circuit. A request has been received by the Victoria and Island Publicity Bureau to supply the article.

Another logging company in the Cowichan Lake, area is to be added to the companies shipping, by the announcement that the Empire Company has joined the Genoa Bay, Macdonald, Murphy & Company, and the Island logging companies in resuming production.

While East Coast logging companies are producing a limited number of logs, the production there has not yet returned to normalcy, it was stated to-day. Claude Harrison will discuss the problem of Vancouver Island inhabitants relative to the West Coast road on Sunday afternoon at 2.45 o'clock at a meeting of the Centennial forum. Other speakers will also be heard. The meeting will be open to the public.

Members of the Army and Navy Veterans are notified that entries for the Christmas tournaments in billiards, snooker, pool, cribbage, dominoes, chess and draughts must be made on or before the end of this month, so that a start may be made on the first day of November. C.P.R. SUCCUMBS

William Stewart, a resident of Victoria for the past twenty-seven years, passed away this morning at his home here after a lengthy illness. He was born in Auchinlaw, Perthshire, Scotland, fifty-seven years ago, and at the age of twenty-two came to British Columbia. For some years before the illness which caused his death, Mr. Stewart, had been head carpenter for the C.P.R. in this city, and his passing will be mourged by a wide circle of friends and former associates.

He was unmarried and is survived by a brother, John, who had been engaged in farming at Stock's Crossing, Nanaimo, for the past forty years, also two sisters, Janet and Mary, and world he held for at 1.30, Rev. Dr. Sipprell officiating. Interment will be made at Royal Oak Burial Park. The Island Arts and Crafts Society appeals for male members who can spare the time to assist the lady conveners in hanging the pictures for the forthcoming annual exhibition of the society. Their assistance would be welcomed any time after _10 o'clock to-morrow at the Belmont Building.

Saouf & Co. of Alexandria, Egypt, writes to the Victoria and Island Publicity Bureau asking to be put in touch with any firm in Victoria interested in the exportation to Egypt of preserved foods such as canned fish, fruit and condensed milk. The firm's telegraphic address is Poncosaouf.

Poncosaouf.

Judgment in favor of a Manchester cirching firm against Vancouver retailers was secured yesterday in the Supreme Court when Chief Justice Hunter found for the plaintiff in Roberts, Hadfield & Company versus James B. Thomson & Sons Limited. Plaintiff claimed \$2,000 damages for breach of contract to go through with an order for fiannelette and other drygoods said to have been ordered from the Old Country firm. John R. Green appeared for plaintiff, and R. F. McD. Russell, K.C., for the defendant firm.

defendant firm.

The annual reunion dinner of the Victoria Unit of the Army and Navy Veterans in Canada will be held at the headquarters, 512 Fort Street, on Tuesday, October 21, commemorating the anniversary of the battle of Trafalgar. The programme for the reunion includes a buffet supper and a splendid concert, and indications point to an enjoyable evening being spent by the veterans of the Great War and former military and naval campaigns. Tickets for the function can be obtained from either the secretary or the steward, and members are urged to apply for them immediately, in order that arrangements for accommodation can be made.

John F. D. Tanqueray Cem-mitted For Trial Before Higher Court

Accused Told Friend Match Struck in Front of Eyes Dazzled Him

TAXATION TAK

Miss E. A. O'Brien, Wellington Avenue, told of hearing a noise as of car brakes. She communicated with the police and later went to the accident scene, seeing the dead man and the accused injured.

Geoffrey Porter, civil engineer, a friend of the late Mr. Wood told pof passing some hours in his company on the evening of Sunday, October 5. The accused joined them about 10 p.m. and all had taken a few drinks. The accused, as far as witness could remember, had two drinks of Scotch whisky. The witness could remember, had two drinks of Scotch whisky. The witness could remember, had two drinks of Scotch whisky. The witness was asked by his companions of municipalities at the conference on taxation which opens at Ottawa on November 11, when representatives of provinces and the Dominion will endeavor to mark definite fields of taxation for various bodies. The Vancouver Real Estate Board will also be asked to advocate representation of municipalities at the conference.

President James Forman pointed

had continued, the car had overturned and he was pinned underneath.

Chief of Police John Fry told of
making the arrest of the accused at
the hospital. Later he searched the
Oak Bay Boathouse, occupied by the
late. Mr. Wood. In the sitting room
he found three glasses, two with
dregs in them, a bottle labeled Scotch
whisky and a siphon. On cross examination Chief Fry stated he too
saw the match box in the hands of
the dead man.

Constable Harper, Patrol Driver
Wilkinson, Detective Phipps and
others gave corroboratory evidence
as to the accident site. Patrol Driver
Wilkinson admitted, when pressed
by Mr. Shandley, that a skid and reversal could follow an average speed
on a dewy road. A road with frost
or dew on it was more dangerous
to drive on than a fully wet road. He
did not believe a car would overturn
under such circumstances if traveling as slow as fifteen miles an hour.
It could skid and reverse direction at
that speed.

The Crown rested its case at this
point. The defence reserved evidence, and Magistrate Jay committed
the accused for trial before higher
court. Witnesses were bound over
to appear.

Ernest Miller Laid at Rest in Vancouver

Good Man Is Lost To Rugby Owing to **Broken Collarbone**

Humber Showed Gameness Saturday by Playing Game With Arm Limp

Victoria Will Stay in Mc-Kechnie Cup Series; Games **Arranged For Saturday**

Charlie Humber, better known in thletic circles as "Barley," will be ost to rugby for the season, according to announcement made this morning by rugby officials.

Humber was regarded as one of the best wing three-quarters in the city, being exceptionally fast and a whirlwind at the flying tackle, Last saturday, when playing with the J.B.A. against the Oak Bay Wanderers, Humber was heavily tackled and broke his collar-bone.

The accident occurred half-way through the second half, but Humber continued to play until the final whistle. With his arm hanging limply at his side he ran and tackled, and three times was pulled down, but just grunted, got up and kept of the collar collars.

PRETTY GAME LAD

Humber's team-mates and opponents questioned him as to his injuries, but he laughingly said he was airight and stayed on the field because his team was then a man short and on the small end of the score. It was one of the gamest things seen on a Rugby field for a long time.

The injury, however, will prove costly to the Bays and deprive the selection committee of the Victoria Rughy Union of a good man for the rep team. Humber will not likely be seen on the field again this season.

e seen on the field again this season.

At a meeting of the Victoria Rugby Thion held last night it was decided to continue with the McKechnie Cuperies. The locals tried to get Vanouver and Varsity to agree to a cooling of all gates, but they refused to do this, but offered to split all attes fifty-fifty. If the Victoria Club is behind financially at the end of the eason the Mainlanders, provided they have a surplus, may hand over ome of the money to help square the local accounts.

McGraw Begins to Plan For His Fifth Straight Pennant

Giants' Manager Thinks His Team Next Year Will be Stronger Than Ever

Temporarily the Giants' chieftain will take a well-earned vacation in connection with the European tour of the Giants and White Sox after one of the most strenuous campaigns he has ever had, but on his return he intends to line up his forces for the coming year. He left last night for Quebec, where he will join the tourlists and sail to-night on the steamer Mount Royal for Liverpool. They expect to return November 25.

Discussing his 1925 prospects yesterday, McGraw expressed confidence that his team would be even more formidable than this year, with new talent developing rapidly. The Giants finished the season and went through the world series with two rookies. Lindstrom and Terry, in the infield, and another, Wilson, in the outfield in addition, McGraw figures that such newcomers as Dean, Maun and Baldwin in the pitching staff, will strengthen his hurling corps for 1925.

WILLIS PIANOS

Percy Grainger

Recognized as Musical Genius:

If there is one musical critic who has every right to plume himself upon his foresight and instantaneous spreading of a great and beautiful art, it is Henry T. Finck of New Tork Evening Post, who wrote following Percy Grainger's first American plano recital: "Hats Off! A Genius!" Percy Grainger has never fallen below that great claim at any time he has appeared and whether as, composer, planist, or indeed when he has held the baton as conductor, the words of Finck naturally come to mind.

Grainger's genius lies in his, tremendous musical democracy, and he carries his hearers from the romantic dream superinduced by a Chopin nocturne to the bewitching rhythms of Nathaniel Dett's Juba Dance.

"The man playing of the Chopin nocturne to the bewitching rhythms of Nathaniel Dett's Juba Dance.

"The man playing of the Chopin nocturne to the bewitching rhythms of Nathaniel Dett's Juba Dance.

"The man playing of the Chopin nocturne to the bewitching rhythms of Nathaniel Dett's Juba Dance.

"The man playing of the Chopin nocturne to the sewitching rhythms of the playing of the Chopin "Barcarole" in his usual delightful style:—"His reading is romantically venetian. His Venice is not unlike the city de.r to Henri de Regnier.

Now that Grainger has won every music lover from coast to coast, know as head of the coast.

Now that Grainger has won every music lover from coast to coast, known as he is through his records, as well as through his music that has been played by many different organizations, it is interesting to recall the first impressions that he created upon schooled critics who hold many careers in the balance. Mr. Hale in the Boston Herald said further, "Grainger is a fascinating planist. He has a singularly agreeable touch. In passages of tender sentiment his tone is never effemilie; in robust moments he respects sentiment his tone is never effeminite; in robust moments he respects
the limitations of the instrument;
his tonal variety allows him to color
at will. His sense of rhythm is keen,
his technique, peculiarly individual,
suits his musical and poetic nature.
He has that rare quality—self control. The hearer feels at once that
this pianist has something to say, and
is abundantly able to say it."

Grainger will give one concert in
Victoria on Wednesday, Oct. 22, at
the Royal Victoria Theatre, under the
direction of the Ladies' Musical Club.

What's Best for a Bad Stomach?

ce-tenths of all stomach trouble—estion, sourness, gas, pain, hearthurn, etc., are caused by an excess of acid in the stomach. Artificial digestants, such as pepsin, are not needed in such cases and may do real harm. Try laying aside all digestive aids, and instead neutralize the acid that has upset your stomach with a spoonful or two tablets of pure Bisurated Magnesia, taken with a little water. This instantly sweetens the stomach and stops the pain and discomfart and your food digests as mature intended. For quick positive relief from Acid Stomach

COLUMBIA COMEDY MORE COLOSSAL THAN REAL CIRCUS

"Barmy London," which opened at the Columbia Theatre on Monday is a tremendous success. It's one of the best comedies yet to come from the Old Country.

It has practically everything one could wish for. Produced on an elaborate scale, being seven reel in length. More colossal than a circus, more fun than a trip abroad, more laughs than the famous "Better 'Ole." It is showing all this week at popular prices.

SINNERS IN HEAVEN" NOW AT CAPITOL HAS DRAMATIC STRENGTH

"Sinners In Heaven" is now showing at the Capitol Theatre. For
dramatic strength of story, excellent
characterization, pictorial beauty
and able direction, this picturization
of the famous novel of the same
name by Clive Arden adapted to the
screen by James Creelman and produced by Alan Croeland, is miles
ahead of many of the recent screen
offerings.

screen by James Creelman and produced by Alan Crosland, is miles ahead of many of the recent screen offerings.

The unusual themes of the story made its transfer to the silver sheet a delicate operation, so to speak, and the fact that it has been accomplished, with admirable finesse, so that even the puritan will find nothing to criticise, reflects great credit on scenarist and producer. And yet, all the vitality and dynamic dramatic power of the story, which won the prize in England as the best novel of the year, has been preserved intact.

Briefly, the plot unfolds the adventures of a man and girl who find themselves cast away on a desert island with no apparent hope of rescue. Bound by, a life-time of conventions and tradition and loyalty to be finance back in England, the girl struggles against her overwhelming love for the man—but in vain! And the manner in which these two work out their salvation provides some of the most gripping drama ever flashed on the screen.

Bebe Daniels and Richard Dix portray the two leading roles, and to say that each scores a distinct personal triumph is but stating a fact. The other members of th excellent cast include some of filmdoms most popular. Favorites, Montague Love, Holmes Herbert, Florence Billings, Betty Hilburn, Effic Shannon and Marcia Harris.

the feature attraction. In the cast are such screen luminaries as May precise instructions as to cutting and McAvoy, Pauline Frederick, Marie Prevost, Lew Cody, Pierre Gendron, Willard Louis and Mary Carr.

Mr. Lubitsch, whose standing in the profession might seem to entitle him to a lot of "temperament," thandles his productions with a decision and a surety of touch which makes him a joy to those who are dependent upon his work for the success of such plans as they have made. From the very minute he begins the preparation of a script until the time the finished product is delivered he seems to know just exactly how he is going to get it. As a consequence there is no hitch, no indecision, no changing, and consequently no delay in anything which he does. When the iast "shooting" is done Mr. Lubitsch takes his rough-cut print, retires to the studio projection room alone, and when he reappears all that remains to be done before the commercial prints are made is for some

PRINCE OF WALES LEAVES HIGH RIVER ON START BACK TO ENGLAND—His Royal Highness (with collar of raincoat turned up), entering his motor car at High River, Alberta. Left, General Trotter, the Prince's aide, and standing beside the car is Prof. W. L. Carlyle, manager of the E. P. Ranch.

BANKERS' OUTLOOK BRIGHT—The presidents of the American and Canadian Bankers' Associations, respectively, are shown above as they appeared at the annual A. B. A. meeting in Chicago. They are, Walter W. Head, on the left, and Sir John Aird of Toronto on the right. Both spoke optimistically of the outlook in Canada an dthe United States.

ONLY TWELVE, BUT HE'S A PILOT—Farnam Parker, twelve, of Anderson, Ind., was the youngest active pilot registered at the international air races in Dayton, O. He has been flying a year now. The youngster expects to obtain his license in a few months. His father, Fred Parker, shown here with him, was one of Orville Wright's first pupils more than twenty years ago.

WAITED FOR HER—When Viola Shermont, dancer of the Pavley-Oukrainsky ballet troupe arrived at New York from a tour of South America she found Ralph Gearson of Chicago waiting to claim her as his bride. Viola had promised to wed Ralph after "five years of a career." She now calls her career a success, so they will wed. She is the daughter of Dr. and Mrs. Frederick Burkhardt, socially prominent in Chicago.

SCHOOL DAYS

Copyright, 1981, by The McClure Newspaper Symples

HAVERGAL HALL GIRLS CELEBRATE—The annual "Birthday Party" of Havergal College, Toronto, in honor of the anniversary of the birth of their first principal, the late Miss Mary Eilen Knox, was held at Havergal-on-the-Hill and the Jarvis Street senior school last week. This yearly function takes the form of out-of-door sporting events and the above photographs, taken at the senior schools, show the enthusiasm with which the games are entered into. The snake and wheelbarrow races are specialties of Havergal girls.

TIES KNOT FOR SELF THIS TIME—Thirty years ago he married her to another man and now the Rev. L. P. Causey has cast himself in the role of groom, with Mrs. George B. Thomas as his bride.

"HARRIS TO PECK TO JUDGE"—One of the biggest factors in the success of the Washington team has been its double-play combination. "Peck to Harris to Judge" is becoming almost as famous as the old combination of "Tinker to Evers to Chance. Here is one of the Washington double plays taking place in the second game of the world series. Harris has just scooped up Kelly's grounder, has thrown it to Peckinbaugh, retiring Young by ten feet at second base. Peckinpaugh is seen making his throw to first, putting out Kelly.

'TIS GAY LIFE FOR "FRESHIE" ON CAMPUS THESE DAYS.—These partially clad young men are not so destitute of clothing from choice, but are first year Victoria College, University of Toronto, men, receiving a strenuous initiation from their brother sophomore friends on the campus at an early hour last Saturday morning. Fresh paint and ancient eggs played a large part in the affair.

HE'S OLDEST FIRE LAD— Karl Bisswurm, eighty-two, is the oldest fire-fighter in Germany, and probably in the world. He still answers the call in the little town of Bottwell. His main regret is the passing of the fire horse.

A \$10,000 WEDDING—It cost William J. Glason, actor, just \$10,000 to marry Helen Storey of San Francisco. His wedding ended the famous Broadway anti-marriage compact, made a year ago between Glason and two fellow actors. The three, all deserted by their wives, posted forfeits of \$10,000 each for any who should wed again within ten years.

THE MARGIN BY WHICH BALL GAMES ARE WON AND LOST—The score was tied, 3 to 2, when the Washington team went to bat in the last half of the ninth inning of the second game of the world series. Judge walked and reached second on Bluege's sacrifice. Peckingsugh hit to left field and in this picture you see the ball (arrow) just a foot or two from Hank Gowdy's glove and Judge with the winning run just about the same distance away. Judge was safe and Washington won the game. A fraction of a second more speed for the ball and the game might have gone the other way.

IS OLDEST PASTOR—Rev. or. W. H. Heartz of Amherst, N.S., aged eighty-three, is said to be the oldest clergyman enaged in active church worker in lanada. He is attending the conterence of the board of missions

BEST. WORLD SERIES PICTURE—The scores of world series photographers covering the championship games meet with unusual difficulties. They must leave the playing field when the game starts. Shadows cover the infield in the early innings. Yet thousands of fans want to see how the games are won and lost. The above is a most unusual photograph and is by all odds the best made so far in the series. It was taken with a long-range camera. In the second imning of the third game, Marberry, Washington pitcher, uncorked a wild pitch. Jackson of the Giants, was on third and dashed for home as Ruel, catcher, chased the ball. Marberry rushed in to take Ruel's throw. Here you see Jackson safe at home as he bowled over Marberry, with Umpire Dineen making the decision and Kelly of the Giants looking on.

Wall Street TO-DAY

Last Minute News on Stocks and Financial Affairs

New York, Oct. 18 (By R. P. Clark Company Limited)—The tone of the market to-day was somewhat improved. Observers of the turnover in most cases ventured the opinion that considerable of the buying power was representative of realizing by shorts, an addition to which there was a little buying by some of the floor professionals on the reaction theory. There were several constructive news items during the day and overnight but it is sems as though the national political situation is the overshadowing consideration at the present time. Some good sized steel rail orders were talk around at respect to some so-called independent steel concerns. The oll stocks to-day were prominently strong and helped more than anything else to impart a firm tone to the general list. Certain developments of late in the oil industry seem to convey the impression that a turn for the better in the statistical position of the commodity is gradually getting under way, on this assumption, there haturally is some buying attracted in the shares of companies engaged in this line of effort. The preminent success of the German loan offering also came in for more discussion to-day. There is a very much mixed sentiment around with respect to the immediate price movement in securities and with the uncertainties that prevail in some quarters with respect to the political situation it is quite-likely-that price bulges may meet rather stiff opposition for a while at least.

New York, Oct. 15 (By B. C. Bond Corporation) — Tuesday's avalanche

New York, Oct. 15 (By B. C. Bond forporation) — Tuesday's avalanche of selling went a long way toward correcting the market's over-bought conditions and stocks acted considerably better in to-day's session. Further offerings had to be absorbed in the morning trading, representing the liquidation of accounts impaired by the substantial decline in the previous session. After these transactions had been completed, the general list developed a rallying tendency.

Constructive business news played an important part in the day's recovery. Weekly reviews of the steel trade agreed that the approach of election day has brought with it the usual tendency on the part of buyers to be cautious in their committments for future delivery. Steel operations, however, continue to maintain the September rate according to Iron Age.

Can and other leaders were forced back to Tuesday's low point, but this selling was checked by the outstanding strength of the oils which caused uneasiness in bearish quarters. Texas Company led the advance in the oil group, gaining a full point to 40. Prairie Oil, on the Curb, soid at 203, Prairie Oil, on the Curb, soid at 204, Prairie Oil, on the Curb, soid at

France Must Buy Big Wheat Supplies

Washington, Oct. 15.—Reports re-ceived at the Department of Com-merce to-day from Paris state that the French Government will be forced to import from 70,000,000 to 80,000,000 bushels of wheat this year. Price stabilization is being consid-..... 1.15

> PRIVATE BILL NOTICES NOTICE

Notice is hereby given that an application will be made to the Legislative Assembly of the Province of British Columbia at its next session by the Corporation of the City of Victoria for an Act (to be known as the "Victoria City Act, 1924"), providing for the following matters, and giving to the said Corporation and the Municipal Council thereof the following powers, namely:

1. Enabling the Council to exchange

H. S. PRINGLE,

Chicago, Oct. 15 (By R. P. Clark eased Wire)—"The situation in London To-day

London, Oct. 15.—The subscription list fo rithe British portion of the \$200,000,000 Dawes plan loan to Germany closed at 1 p.m. to-day, when it was indicated the loan had been over-subscribed.

As early as 6 o'clock there was a line of people at the loan office of the Bank of England, eager to deposit applications and to obtain more prospectuses on the £12,000,000 British share of the loan. The line was increased by the time the bank opened to about 2,000 people.

The subscription list had to be losed three hours after it had been opened. It was estimated the larger financial institutions and insurance companies had tried to get the buils of the amount offered, but that small linevestors had succeeded in getting a considerable share of the loan.

Chicago, Oct. 15 (By R. P. Clark leased Wire)—"The situation in wheat last night was more builtish than for some time past," The Chicago. Tribune says today: "Winnisham for some time past," The Chicago. Tribune says today: "Winnisham for some time past," The Chicago. Tribune says today: "Winnisham for some time past," The Chicago. Montreal, Oct. 15—R. B. Bennett, K. C., of Calgary was to-day elected a director of the Royal Bank of Canada. Mr. Bennett fills the vacancy caused by the death of the late George R. Crowe, of Winnipeg and his selection is in keeping with the policy of the Royal Bank to have different sections of the country represented on the board.

Prairie Weather Fair and Unchanged

Winnipeg, Oct. 15.—Weather fore winnipeg, Oct. 15.— Weather to-cast for Manitoba and Saskatche-wan is fair for to-day and Thurs-day with ngol much change in tem-peratures. Alberta fair to-day and Thursday, part cloudy.

No. 1 Quality Wheat To Fill Contracts to Be Very Scarce

Chicago, Oct. 15 (By R. P. Clark private wire)—In a message to Bartlett, Frazier & Company, an expert grain investigator who has been making first-hand investigation of the wheat situation in Canada, says: "After studying the situation it looks as if there will be very little contract wheat in sight for May delivery and a large percentage of the crop in Saskatchewan and even some in Manitoba will grade under No. 4. Warm sunshine now will make matters worse by causing the wet wheat to sprout."

BEDTIME STORY Uncle Wiggily and the

Potato Masher Copyright, 1924, by McClure News-

By Howard R. Garis

Wolf outside the den of the sly Fuzzy Fox.

"At whom are you laughing?" snarled the Fox, for he liked no one to poke fun at him.

"I'm laughing at you!" growled the Wolf. "You tried to catch Uncle Wiggily by telling him to come to your den, as you were sick."

"Well, that rabbit came all right," said the Fox. "But he splashed batter in my eyes with the egg beater and got away, I almost had him."

"But not quite!" laughed the Wolf, for Uncle Wiggily had gotten away from the Fox, as I told you in the story last night. "You went at it the wrong way," said the Wolf. "Now you watch me and I'll get Uncle Wiggily inside my den. Once there I shall nibble his ears."

SAVED BLEEDING

Scoutmaster D. Southworth, Formerly of St. Michael's Troop, Praised

Quick thinking on the part of a Victoria Boy Scout saved the life of Cyril Blysak, a rancher, who was terribly mangled by a charge of buckshot in the foot in a hunting accident near Moberley, seven miles west of Golden recently. Blysak and a man named Parsons were hunting in the neighborhood when an accidental discharge of a frearm severed three toes on the foot of the former and inflicted a wound that led later to amputation of the foot below the ankle.

and inflicted a wound that led later to amputation of the foot below the ankle.

The injured man 'was bleeding profusely and weak from loss of blood when found by Douglas Southworth, formerly scoutmaster of St. Michael's troop in this city. Mr. Southworth bound up the injured foot, applied a tourniquet, stopping the loss of blood, and cycled several miles over rough roads for aid. He secured a farmer's cart and assisted Blysak to the nearest hospital, some ten miles away. The accident happened at a place far removed from any medical attention and Mr. Southworth's promptitude is said to have undoubtedly saved the life of the injured man.

Douglas Southworth was first known to Victoria scouters when he took part in the Gillwell training course on Galiano, Island in 1922. Later he became scoutmaster of St. Michael's troop and an active member of the Victoria Scouters' Council. He, within the short period of his stay in this city, proved one of the most popular and efficient workers ever connected with the movement. It was in scout circles he learned the first-aid knowledge which saved the life of the injured man.

LIBERALS IN

Enthusiastic Annual Meeting Shows Growth of Liberalism in District

The strength of Liberalism in Esquimalt was evinced last night at a well-attended meeting of the Esquimalt Liberal Association in Kent's Hall. F. R. Carlow, organizer for the district of Victoria, took the chair. The occasion of the meeting was the annual election of officers. This was accomplished after spirited polling and was unanimous results.

Hore I. Mackensie King, Prime Minister, was chosen as honorary president amid applause. Mrs. Frank Campbell, retiring president, was again seated, with a hearty vote of thanks for her services in the year just completed. All retiring officers were cordially thanked for the success of their efforts in fostering the steady growth of Liberalism in the district.

steady growth of Liberalism in the district.

Major Andrew Mulcahy was chosen for the vice-presidency, and Councillor J. F. Mesher secretary-treasurer. Councillor Samuel A. Pomeroy, retiring secretary-treasurer, was nominated for several posts but steadily declined to take office due to pressure of private affairs.

The executive was elected as follows: Mesdames Reed, S. A. Pomeroy, H. Pauline, A. Groves and Carver; Messars. V. Carver, A. E. Jones, Neil Fraser, A. Groves and Messrs. Carver, Wright, Mesher, Fraser and Jones were chosen delegates to the district Liberal executive.

F. R. Carlow gave a short but instructive talk on organization, emphasizing the need for unity of effort and continuity of purpose.

Suggested Amalgamation of Police Forces Tabled For Consideration

Consideration

A satisfactory state of tax collection was reported last night by Municipal Assessor R. F. Blandy to the Oak Bay Council. Net receipts were stated to be \$232,663 and net disbursements \$178,480. Estimates for the year are \$252,433 and \$254,103 respectively. The sum of \$19,.770 must be collected to attain the estimated receipts. Disbursements are only 70.2 per cent of the total estimates. Mr. Blandy drew attention to the fact that insurance, public health, real property maintenance, tax sale lands expense and waterworks extension accounts were slightly overdrawn.

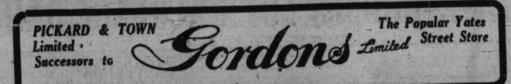

The council received and tabled a letter from the City Council dealing with the propected scheme of consolidation of police forces. The council favored the suggestion of the city that amending legislation be sought in relation to the exemption of payment of certain classes under the politax provisions. A form of lease, in regard to the strip of ground to be placed at the disposal of the Commemoration of the early ploneers of the Straits of Juan de Fuea, was received from the Federal authorities, and the matter referred to committee for further action. After other and minor business the council adjourned.

The Scottish wild cat in the Small

The Scottish wild cat in the Small Cat House at the Zoo is, unlike its human compatriots, very shy and retiring. On the rare occasions when it leaves its hutch its aggressiveness is quite up to standard.

A party of visitors, after waiting patiently for some time for the animal to appear, were turning away when a young woman said: "I expect he'd come out if you threw some money into the gage." He did!
