ALEX. C. FOLGER. ROBT. M. FOLGER.
Published by
R. M. & A. C. FOLGER
Every Saturday Evening.
TERMS:
For one year (in advance) \$5 00
For six months 3 00
For three months 1 75

OFFICE:
Corner of Bryant and School Streets.
(Court House Block).

WHAT AILS YOU?

Do you feel dull, languid, low-spirited, listless, and indifferently miserable, both physically and mentally; experience a sense of fullness or bloating after eating, or "grogginess," or emptiness of stomach in the morning; tongue coated, bitter or bad taste in mouth; irregular appetite, dizziness, frequent headaches, diarrhoea, "floating specks" before the eyes, nervous prostration or exhaustion, irritability of temper, hot flushes, alternating with chilly sensations, alternating transient pains here and there, cold feet, drowsiness after meals, wakefulness, or disturbed and unrefreshing sleep, constant indescribable feeling of dread, or of impending calamity?
If you have all, or any considerable number of these symptoms, you are suffering from the most common of American maladies—Bilious Dyspepsia, or Torpid Liver, associated with Dyspepsia, or Indigestion. The more complicated your disease has become, the greater the number and diversity of symptoms. No matter what stage it has reached, Dr. Pierce's Golden Medical Discovery will subdue it. If taken according to directions for a reasonable length of time, if not cured, complications multiply and Consumption of the Lungs, Skin Disease, Heart Disease, Rheumatism, Kidney Disease, or other grave maladies are quite liable to set in, sooner or later, induce a fatal termination.
Dr. Pierce's Golden Medical Discovery acts powerfully upon the liver, and through that great blood-purifying organ, purifies the system of all blood-taints and impurities, from whatever cause arising. It is equally efficacious in acting upon the kidneys, and other excretory organs, cleansing, strengthening, and healing their diseases. An appetizing, restorative tonic, it promotes digestion and relieves the bowels, giving both flesh and strength. In malarial districts, this wonderful medicine has gained great celebrity in curing Fever and Ague, Chills and Fever, Dumb Ague, and kindred diseases.
Dr. Pierce's Golden Medical Discovery

CURES ALL HUMORS,
from a common Blood, or Eruption, to the worst Scrofula, Leucorrhoea, or Syphilis. Scaly or Rough Skin, in short, all diseases caused by bad blood are conquered by this powerful, purifying, and invigorating medicine. Great Biting Ulcers rapidly heal under its influence. Especially has it manifested its potency in curing Tetter, Eczema, Erythema, Bolls, Carbuncles, Sore Eyes, Scrofulous Sores, and Swellings of the Lips, Disease, "White Swellings," Gout, or Thick Sores, and Enlarged Glands. Send ten cents in stamps for a large bottle, and a large colored plate, on Skin Diseases, or the same amount for a Treatise on Scrofulous Affections.

"FOR THE BLOOD IS THE LIFE."
Thoroughly cleanse it by using Dr. Pierce's Golden Medical Discovery, and you will find digestion, a fair skin, buoyant spirits, vital strength and bodily health will be established.

CONSUMPTION,
which is Scrofula of the Lungs, is arrested and cured by this remedy, if taken in the earlier stages of the disease. Its marvelous power over the terribly fatal disease, when first offering this now world-famous remedy to the public, Dr. Pierce thought seriously of calling it his "Consumption Cure," but abandoned that name as too restrictive for a medicine which, from its wonderful combination of tonic, or strengthening, alterative, or blood-cleansing, anti-bilious, pectoral, and nutritive properties, is unequalled, not only as a remedy for Consumption, but for all Chronic Diseases of the

Liver, Blood, and Lungs.
For Weak Lungs, Spitting of Blood, Shortness of Breath, Chronic Coughs, and kindred Affections, it is an efficient remedy. Sold by Druggists, at \$1.00, or Six Bottles for \$5.00.
Send ten cents in stamps for Dr. Pierce's book on Consumption. Address,
World's Dispensary Medical Association,
663 Main St., BUFFALO, N. Y.

BABY'S TOILET.

Some Excellent Counsel for Mothers.

THEY WERE THE WRONG SIDE.

These stockings are all wool, I presume, she said, as she requested the clerk to wrap her up a half dozen pairs.

People who give books to ministers generally make the mistake of selecting some book which the minister does not want. Some good people who recently gave their pastor a copy of the Bible did not stop to think that he already had in his library about fifteen copies in various styles and languages.

In a word, the minister ought to be as squarely dealt with as any other man of any profession or calling who renders services of any kind.

IGNORANCE OF SANITARY LAWS.

The Work of the Engineer as Supplementary to That of the Architect.

It will be said, perhaps, that it is the province of the architect to direct the entire work of house building and to arrange every detail of the structure.

Now a Thief Was Discovered.

The following story, describing the unique plan by which a rogue was discovered among the native troops of British India is told by a veteran English officer.

"You are the man!"
The Hindoo fell upon his knees, and whined out a confession of the theft, while his terrified companions saluted to the ground before the dreaded "Sahib" to whom Brahma had given such a terrible power.

CHRONICLE-UNION

BRIDGEPORT, DECEMBER 22, 1888.

Entered at the Bridgeport Postoffice as Second-Class Matter.

SAN FRANCISCO AGENTS.

E. C. DANE, 65 Merchants' Exchange. L. P. FISHER, 21 Merchants' Exchange. G. H. KELLOGG, 209 Pine street.

An Historic Landmark Gone.—The old Waldron House, a Revolutionary landmark, was destroyed by fire a few days ago.

The House has passed the bill appropriating \$350,000 for a site for the San Francisco Post Office, but the Post thinks it is not enough.

The re-counts of the San Francisco ballots continue to show gross frauds. It is now believed that Phelps has been counted out, an unofficial count in one precinct disclosing the fact that six votes for Phelps had been counted for Clinis.

Alexander B. Davis was found dead on the 14th inst., in Brooklyn. He was 64 years old and lived alone.

Judge Ross, of the United States District Court, at Los Angeles, has decided, in an Indian murder case, that Indians committing offenses against the person or property of other Indians or any person within the territory of the United States, are subject to the same laws as other persons not Indians.

Two Readings, Pa. men recently had a hot lawsuit over a strip of land seven inches and a half wide, which one had occupied, but which the other claimed.

Reno Gazette: An open, wet Winter is what we want to make the country prosperous next season, but if we can't get that give us one of blizzards and deep snow.

A little son of J. H. Jackson, of Bishop Creek, recently ate some poisonous plant while playing in the fields near that place, and died from its effects.

George Millman and Pritchard were instantly killed, by the breaking of the cable, while descending the shaft of the Plymouth Con. mine, Jackson, Amador county, on Sunday last.

Everything is at the top-notch in the Los Angeles section. A dog, valued at \$1,000, died at Cloverdale the other day, says the Pomona Times.

The City of New York, which recently arrived at San Francisco from China, did not bring a single Chinaman for San Francisco.

Judge Hoffman, of the U. S. District Court, San Francisco, is trying illegal voters, and there will be no funny business in his Court.

New York City has 355 churches, or one to every 4,500 inhabitants; but as an offset, so this security it has 10,000 saloons, which gives one to every 160 of its inhabitants.

A Colorado cattle company is said to contemplate purchasing ground at Reno for an extensive slaughtering establishment.

On Sunday night there was a riot at Wall-halla, Miss., in which 12 whites and 150 blacks were killed.

There were 106 deaths in San Francisco last week, of which 25 were from consumption.

John G. Whittier, the Quaker Poet, is 81 years old and in fairly good health.

The smallpox hangs to San Francisco. Several cases have been reported this week.

The police of Sacramento, as usual, is in bad odor—bribery and corruption.

Senator Quay favors Sherman for Secretary of State.

ANNEXATION.

Congressman Butterworth, of Ohio, has presented to the House a string of Wherrass, favoring the appointment of Commissioners on the part of Canada, England and the United States, looking to a transfer of Canada to the United States—a Christmas present, as it were, Uncle Sam, like the devoted husband who has a "present" of a gold watch from his loving wife, to pass well for it and thereby reduce "the surplus."

The Los Angeles Express speaks of the "symmetrical lines" of the proposed new State. There is not much symmetry in crowding up into Alpinia.

President Cleveland, on the eve of his departure from the White House, has committed an act that no gentleman in his position would think of doing.

At the recent State Division meeting in Los Angeles Colonel Ayres said: "The requirements of the South were different to those of the North, and especially was this true in the matter of irrigation."

We are surprised that Col. Ayres, an old newspaper man, should make such an assertion, after the exciting campaign of two years ago, when the irrigation question was the absorbing one, resulting in the passage of Wright's Irrigation bill.

A committee of six prominent manufacturers of Alabama have gone to Indianapolis to present an address to Harrison, setting forth that the political parties in the South can now divide on practical issues; that the signers are pleased with the triumph of protection, and that they ask Harrison to recognize the best element in the Republican party in making appointments in the South.

Henry George has returned from England, and says: "Free trade and a single tax will be the issues of the future, and the best minds of England are now following the lead of Cobden and Bright in that direction."

Representative Vandever is enthusiastic about the division of California into two States. He says it is not true that the Constitution of the United States prohibits the division of a State.

Colonel Quay, the popular Chairman of the Republican National Committee, lives at Beaver, Penn. A Rochester fisherman recently brought him a mess of fish, saying: "Fish makes brains; if a Beaver county countryman can go down to New York and run things to suit himself, I'm going to help to keep his brains in shape. Eat them, Colonel, they are good."

The election for State Senator in Sutter and Yuba counties to succeed the late A. L. Chandler resulted in the choice of Greeley, Republican, by a large majority over Berry, Democrat.

Harry Fontevilla, one of the original proprietors of the late Bodie Free Press, is one of the owners of the Watsonville Reuter. Harry is a good fellow and we wish him success in his new venture.

The Invo papers are opposed to the division of the State, but the Index seems disposed to want to drift into Nevada. There is no accounting for taste.

"Ir."—If we are to be switched off into "South California" we had best start in and plant an orange grove. We shall try lemons, as one will grow here just as well as the other.

Eastern firms complain that the California dried fruits sent East taste too much of sulphur, and that the dried grapes are not as good as usual.

Capt. H. M. Hayward, of the Oceanic steamer Mariposa, has been presented a splendid piece of plate by the British ship Henry James from Palmyra Islands, in the Pacific Ocean.

S. L. MUNSON.

Manufacturer of Acorn Dress Shirts, Collars, Caps, Shirt Fronts, Ladies' Collars and Lace Neckwear, ALBANY, N. Y.

The latest shirt issued under the "Acorn" Brand is "THE WONDER," and it is also the best shirt ever made for the Trade.

The following are some of its principal points of excellence, a printed list of which is attached to each shirt:

- 1st—It has the finest and heaviest muslin ever put in a shirt. (Utica Neapole improved).
2—It has a 3-ply linen bosom.
3—It is of extra length.
4—It is reinforced, both back and front, extending and meeting under the arm where most needed.
5—It has the Tomlinson patent endless facing.
6—It is custom made and finish.
7—It cannot break or tear anywhere.

Like the Deacon's "one-hoss shay," it has no weak spot, and will serve "give" anywhere, but, at the end of scores of years, it will dissolve into space—a thread broken or a seam started.

Fathers will bequeath these shirts, purchased in early manhood, a priceless legacy to their children.

We expect a large demand for them to place in the corner stones of their structures as evidence of the greatest triumph of modern civilization.

We are taking steps to put this crowning achievement of art into the "Acorn" agencies in London, Paris, Berlin, St. Petersburg and Constantinople, when it can not fail of instant and permanent success.

CHRONICLE-UNION.

BRIDGEPORT, DECEMBER 22, 1888.

LOCAL INTELLIGENCE.

Personal.

R. S. Miner is in San Francisco on professional business.

Superintendent Hampton went below on Sunday last to attend the meeting of County Superintendents of Schools, at Sacramento.

Judge Fred. Hardy was up from Antelope yesterday, and returned home with all the appointments of a Justice's office.

Sheriff Morgan and wife took a trip to Antelope this week and will be home to-night.

AN ATTACK ON ALPINE.—It is said that an effort will be made, when the Legislature meets, to disorganize the county of Alpine and have that territory attached to Mono.

The people of Alpine, not Mono, are at the head of this movement. We would have no objection to Alpine joining us on condition that the State will pay her county debt, but Mono is fast getting out of debt, and we desire no more territory, if we must pay her debt.

It would benefit the people of Alpine to be in Mono; their taxes would be much lower, and their mines would attract capital, being in Mono county. It has some \$300,000 assessment roll; has fine grazing lands and many good stock ranches in its mountains, and valuable farming lands at the head of Carson Valley.

Our people last Fall obtained most of their Winter apples from that section.

FOR PASTURE.—Sheriff-elect Cody yesterday sent his team, which carried him safely through the campaign, to Antelope for Winter pasturage.

County Clerk Kiefer has also his team, which did a like service for him, in the valley recuperating. Horace owned by candidates had no easy time of it last Summer. C. A. Schuman, also, sent his team to Antelope for the Winter.

CHRISTMAS TREES.—In addition to the Christmas Tree at Bryant's Hall, there are to be several private Tree parties in the vicinity of town.

Miss Marsh, teacher of the Antelope Valley school, will have a Christmas Tree at the School House on Monday evening for the pleasure of her pupils and their parents.

THE MONTE CRISTO.—Superintendent Kilpatrick is pushing the new tunnel ahead with energy, working three eight-hour shifts right along, and doing good work, the tunnel being in some 950 feet. It is confidently expected that when the tunnel reaches its objective point a large body of rich ore will be opened up.

THE WEATHER.—Up to yesterday we had beautiful weather, but yesterday was a raw, cloudy, disagreeable one, and last night there was a snow squall, and to-day it looks as if this section would have a stormy Christmas; but one "can't most always tell" about the weather in the mountains.

PAYING UP.—Our people are paying their taxes very well. Collector Morgan has collected all, or nearly all, due at Antelope, Benton, Clinton and Sandy, and it is not to be expected that Bodie and Bridgeport will be behind in paying their quota.

MERRY CHRISTMAS TO ALL!—Before another issue of this paper we shall be in the midst of the Holiday season. We wish all our patrons, friends and enemies a Merry Christmas; and may you all get lots of presents, and live long and prosper!

POOR CUT.—On Monday last P. Kearny was brought to town from Sweetwater with a badly cut left foot, which was cut with an ax while he was getting out posts. Dr. Sinclair dressed the wound, which is doing well.

MORE FREIGHT.—Kirkwood's expected to-night from Carson with a large load of freight for our merchants and others. He will be closely followed by Dick Russell.

COMMISSION RECEIVED.—Judge Hakes has received his commission as Superior Judge of this county, from the Governor.

POSTPONED.—The sale of the Copper Mountain mining claim has been postponed till March 26th, 1889.

CLOSED.—The Bodie school closed yesterday for the Holidays, and, we believe, it gave an exhibition last evening.

NOTARY PUBLIC.—Governor Waterman has re-appointed A. Lazard Notary Public, to reside at Bodie.

WILL BE DELINQUENT.—State and county taxes will be delinquent on next Monday week—the 31st, at 6 o'clock P. M.

THE GENUINE ARTICLE.—Joe A. Brown has the genuine Maple Syrup and New Orleans Molasses—just the ticket for hot cakes these cold mornings.

CHRISTMAS GROCERIES.—David Hayes & Bro. have just received a large stock of groceries suitable for the Holidays—and any other day.

FINE CIDER.—Don't attempt to make mince pies without some of that fine cider, to be had at A. F. Bryant's.

CHERRIES.—At Bryant's, fresh cherries to-morrow to go with your Christmas turkey.

SEND your Christmas presents to the Hall early.

CHRISTMAS TREE.

A Christmas Tree Festival, under the management of Mrs. Wedertz will be held at Bryant's Hall, on Christmas Eve, Monday, December 24th. A large Christmas Tree will be planted, and the citizens of Bridgeport and vicinity are invited to participate in the festivities.

On Christmas night a grand ball will be given at the Hall. Good music will be in attendance, and a fine Christmas Supper will be served at the usual hour. Come one and all, and have a good time.

WINTER SOLSTICE.—Yesterday at 1 A. M. the sun reached the southern end of its journey, and Winter commenced, it being the shortest day of the year.

AYROHA MINES.—The two English companies are having surveys made on the Walker River sites for the new electric plants to run their proposed mills at Ayroha, twenty miles away. The Antelope mine continues to look well, and those interested are satisfied they are nearing a ledge of paying ore. Much good ore has already been taken out, but it has been in pockets. The Aurorans are in good spirits over the prospects of the camp.

They came near having a fire in Hill's Hotel, Bishop Creek, last week. We don't want our old friends to be burnt out again.

Edmunds has introduced the following in the Senate:

Resolved, That the Government of the United States will look with serious concern and disapproval upon any connection of any European Government in the construction or control of the ship canal across the Isthmus of Darien or across Central America, and must regard any such connection or contract as injurious to the just rights and interests of the United States, and as a menace to their welfare.

Resolved, That the President of the United States be requested to communicate this expression of the views of Congress to the Governments of the countries of Europe.

Democratic G. P. Harding, defeated for State Senator, has filed a contest in the Clerk's office of Napa county, on the ground that the Veterans at the Yonerville Home had no right to vote. Pretty cool, that! They probably had no right to fight for the Union.

Byron H. Holmes, Purchasing Agent of the Pennsylvania Railroad, committed suicide in Baltimore on Sunday by shooting himself through the head. Holmes is alleged to be a defaulter to the company. He had been on a spree for a long time.

Senator Stewart is taking a lively interest in the problem of establishing a national system of irrigation. He says that a special message will be sent to Congress next, asking an additional appropriation of \$350,000 to continue this work.

Advices from South Africa say the King of Swaziland recently caused the massacre of his Premier and six chiefs and their people, who were supposed to be concerned in a plot to dethrone him in favor of his brother.

In New York, on Saturday, J. S. Mitchell tossed a 56-pound cannon ball 15 feet in the air against a suspended tambourine, breaking all previous records. He also put the 24-pound shot 32 feet 7 inches.

John Charleston, a member of the Canadian Parliament, stated in Washington on Sunday that Butterworth's annexation scheme was injudicious and will prove of no consequence.

Dr. Jeffrey, pastor of one of the leading Baptist Churches of Indiana, has been suspended because he does not believe in a brimstone hell.

Rev. Isaac Errett, a life-long friend of Garfield, and editor of the Christian Standard, died at Cincinnati, on Wednesday, at an advanced age.

Democrat McCall's vote for Controller of Texas was only 245,392 against the Republican vote of 8,863. Oh, yes! let us have a direct vote for President.

The wrecked steamer Yaquina Bay, which was wrecked in Yaquina Bay on the 9th inst., has been abandoned as a total loss.

The Panama stockholders being disgusted, and the French Government refusing to assist, the enterprise has collapsed.

F. W. Scott, Vice-President of a bank at Pratt, Kansas, has been arrested for stealing \$400 from the establishment.

On Monday the electric light works of Chico were totally destroyed by fire. Loss \$30,000, insurance \$9,000.

Dr. James Scott, author of the famous Scott liquor law, died at Lebanon, Ohio, on Sunday.

And now a watermelon trust has been formed in South Carolina. Where is the peanut trust?

The President approved the act granting a park to Tacoma.

WOUNDS FROM BARBED WIRE.

Valuable stock will often get into barbed wire fences. It is well to have some simple remedies at hand, as many of the cuts, if taken in time, may be readily cured, while if neglected, an unsightly scar may remain, seriously impairing the value of the animals. Ordinary liniments and salves are generally too severe, even when the latter is plentifully mixed with lard.

A preparation consisting of one part turpentine and two parts of lard will soothe the wound and keep away flies. Deep cuts can be healed thus without leaving a scar. But if the animal is not in good condition, blood-poisoning may ensue and death follow. Pine tar applied to the parts affected will also keep away flies; but it has a tendency to harden the bare flesh and render it more painful. A salve made of bitter-sweet and a little pine tar mixed with it, will heal the wound and keep away flies.

Ordinary cuts on a barbed-wire fence, when the animal is in good health, will often heal rapidly without any application whatever, provided the flies are kept away. A simple remedy, which will not only keep away the insects, but will drive out maggots from wounds where they are found and heal them rapidly is the following: Take the inside bark of the elder and boil in lard until strong salve is made. Add a little turp. Apply plentifully and as frequently as necessary, and unless the wound is extremely severe, it will soon heal.

There have been shipped to Joseph Pulitzer of the New York World, who is spending the Winter in Paris under treatment for his eyes, one of the new graphophones, or talking instrument instruments, with several hundred wax cylinders, each of which will take and hold 1000 words. A similar instrument has been placed in the World office in New York, in the room of G. W. Turner, the business manager of the World. Mr. Pulitzer, when he receives his graphophones, will talk every day into it his instructions as to the business and editorial policy of the World. The cylinders containing these will be taken out and mailed to New York, where Mr. Turner will place them in his instrument and hear Mr. Pulitzer's voice, as if addressing him directly. Mr. Turner will reply in the same way, and then the two gentlemen will converse over 4,000 miles of sea.

J. Metz, one of the men who made an unsuccessful attempt to rob the People's Savings and Deposit Bank at Denver, was identified by Robert Pinkerton as Horace Horan, alias "Little Horace," one of the most notorious bank thieves of America. Horan's accomplice, who escaped, is known to be Walter Sheridan, alias Balston, alias Keene, and known in Colorado as Walter A. Stewart, another notorious bank robber. Stewart came to Denver about fifteen years ago with nearly \$400,000 and became a director of one of the Denver National banks. He lost money by fast living and speculation, and left in 1875, after having swindled several houses out of considerable money.

At Santa Ana on Monday, William Bentley, a farmer aged about 76 years, accompanied by three ladies, attempted to drive across the track of the Santa Fe Short Line, when the wagon was struck by an engine and smashed to splinters. All the occupants were instantly killed. Bentley's wife, aged 80, had her head mashed into an unrecognizable mass. Their adopted daughter, aged 20, was almost beheaded. Mrs. David Bentley, aged 42, had her head crushed in three places.

A passenger train on the Illinois Central railroad was robbed near Grenada, Miss., shortly after 10 o'clock Saturday night. Robbers entered the express car and secured \$3,000. A young man named Charles Hughes, a passenger, fired a shot at the thieves and in return received a fatal wound in the stomach.

The Honorable Artillery Company, of London, the oldest military body in the world, a portion of whose members visited America recently, has disbanded.

Josiah L. Roberts, aged 52, fell dead from paralysis in the road near Steel's Station, St. Louis Ohio county, on Tuesday. He was lately from Wisconsin.

Harrison informed Morton that he had invited Allison to take the office of Secretary of the Treasury.

In caucus Senator Stanford notified the Senators that he would oppose the Tariff bill on account of free sugar.

Thomas Burke, of Washington Territory, has been nominated to be Chief Justice of the Supreme Court of that Territory.

Doctor Ira E. Oatman, a resident of Sacramento since 1852 died on Wednesday afternoon, aged 68 years.

On Monday a boy was killed in Chicago by catching hold of an electric wire.

A Valuable Medical Treatise. The edition for 1889 of the sterling Medical Annual, known as Hostetter's Almanac, is now ready, and may be obtained, free of cost, of druggists and general country dealers in all parts of the United States, Mexico, and indeed in every civilized portion of the Western Hemisphere. This Almanac has been issued regularly at the commencement of every year for over one-fourth of a century. It combines, with the soundest practical advice for the preservation and restoration of health, a large amount of interesting and amusing light reading, and the calendar, astronomical calculations, chronological items, &c. are prepared with great care, and will be found entirely accurate. The issue of Hostetter's Almanac for 1889 will probably be the largest edition of a work medical work ever published in any country. The proprietors Messrs. Hostetter & Co., Pittsburg, Pa., on receipt of a two cent stamp, will forward a copy by mail to any person who cannot procure one in his neighborhood.

Calamity.—The carrot may be grown upon any good mellow, loamy soil, but requires liberal feeding, and its cultivation should not be attempted in a soil that is excessively weedy, or the labor at first will be so great as to become discouraging, as they must be kept clean in order to insure even average success. The carrot is, however, when fairly rooted, a rapid and vigorous grower, and its spreading foliage greatly assists keeping down any growth of weeds. Several hundred bushels may be grown upon an acre. They should be harvested before they are injured by frosts, and put in a root cellar that is secure from freezing. With dry hay they form a most valuable supplementary food, and are especially liked by horses, which seem to thrive under them. Some farmers consider them fully as valuable as oats for horses, and will not be without them. They are also excellent for milk cows, giving a rich, wholesome color to the cream and butter. It is a crop worthy of cultivation.—Sacramento Bee.

One of the dime museums of Chicago exhibits a snake's skin bearing this interesting legend:

Skin of the serpent that tempted Eve in the Garden of Paradise. It was killed by Adam the following day after the treason. Adam hit it with a club, of which traces are still left. This skin was part of the inheritance of Adam, and was preserved in his family in Asia. The genuineness is attested by the doctors of divinity, whose seals are attached.

Pretty hard to eclipse that as a contribution to antediluvian bris-a-brac. All the same, it has been eclipsed. They tell of a German play, entitled "The Creation," in which Adam is represented as going across the stage to be created.

J. Metz, who has been arrested at Denver for attempting to rob the People's Savings Bank, has been identified as Horace Mann, one of the most notorious bank thieves of America. Horan's accomplice, who escaped, is known to be Walter Keene, and known in Colorado as Walter A. Stewart, another notorious bank robber. At one time he was a director in a Denver bank and was worth \$400,000.

The New York World, having invited all Democrats in the State who voted for Harrison to write and state their reasons for so doing, will publish the answers, and says they will be instructive to party managers.

The Gentiles, Democrats and Republicans, of Utah, have issued an address to the people of the United States, protesting against the admission of that Territory as a State.

Cleveland is making hay while the sun shines, by the appointments of Postmasters, etc. The Senate will probably sit down on most of them, and give Republicans a show.

The representative value of counterfeit money captured during the year by the Secret Service of the Government was \$2,117,533, of which over \$2,000,000 were imitations and fac-similes of notes.

A religious war has broken out among the Knights of Labor in a New York Assembly. Members are taking sides between Catholic and Protestant candidates for office.

President Cleveland's nominee for United States Attorney at Indianapolis, Leon A. Bailey, is the man who started the dollar-a-day lie about General Harrison. The man is worthy of his hire.

The Board of Forestry has been donated \$100,000 worth of land located at Chico, San Jacinto, Santa Monica, Hesperia and other places. It is intended to plant trees and shrubs and make parks.

Woodland wants the Pacific Methodist College removed from Santa Rosa to that place, and offers \$2,000, 20 acres of land, and agrees to build a 3-story brick edifice.

This week 50 passenger and freight conductors, between Albuquerque and Mojave, have been discharged by the Atlantic and Pacific Co.

In Chicago, Tuesday, the Appellate Court decided that stock transactions carried on by the machine known as "the clock" was gambling.

Last Sunday, in Philadelphia, 60 druggists were arrested for selling soda water. What a farce this Sunday is getting to be.

W. A. Smith, a prominent rancher in Yuba county was fatally kicked by a horse on Tuesday.

The House has passed the Senate bill to purchase a Postoffice site in San Francisco, having cut it down to \$650,000.

A gold and silver quartz ledge has been discovered at Glen Falls, N. Y.

Justice W. W. Smith, of the Arkansas Supreme Court, died on Tuesday.

Ex-Confederate General Charles G. Dahlgren died in Brooklyn, N. Y., on Tuesday.

Governor Waterman refuses to pardon A. D. January, the State Treasurer thief.

A COUNTRY IDYL.

Oh, let me leave the city's host,
The happy home and farmstead,
And place once more my tired feet
On nature's actualities;

IS DEATH PAINLESS?

Dr. Hammond Answers the Question in the Affirmative.

It is only necessary to see a person die to be convinced that so far from being a painful process the act of death is rather pleasant than otherwise, writes Dr. William W. Hammond in the St. Louis Post-Dispatch.

PLUCKY JUDGE DRUM.

How He Entertained an Ugly Visitor at the Point of a Gun.

Hon. Thomas J. Drum, of Butte, M. T., is one of the best known lawyers in the West, says the St. Louis Republic. He is a lawyer of distinguished ability, and has followed a brilliant career in the West for the last twenty years or more.

GERMAN STUDENTS' DUELS.

The Way They Fight Them in the Pretty Town of Heidelberg.

A correspondent of the Boston Advertiser, describing the manner in which German students conduct their duels, writes as follows: After dinner the student found us in the reading room. He was from Cologne, and therefore a Westphalian and studying law and political science.

SCOTT'S EMULSION.

OF PURE COD LIVER OIL AND HYPOPHOSPHITES.

Almost as Palatable as Milk. Be it stated that it can be taken, digested, and assimilated by the most sensitive stomach, when the plain oil is so repulsive, and by the combination of the oil with the hypophosphites is much more efficacious.
