

PREFACE

The first edition of subclasses B-BJ, *Philosophy and Psychology*, was published in 1910, the second in 1950 (reissued in 1968 with supplementary pages), the third in 1979, and the fourth in 1989. Editions published in 1996, 2000, and 2008 cumulated additions and changes that were made during the periods 1989-1996, 1996-2000, and 2000-2008. An edition was published in 2012, and annually beginning in 2015. This 2021 edition cumulates additions and changes made since the publication of the 2020 edition.

In the Library of Congress Classification schedules, classification numbers or spans of numbers that appear in parentheses are formerly valid numbers that are now obsolete. Numbers or spans that appear in angle brackets are optional numbers that have never been used at the Library of Congress but are provided for other libraries that wish to use them. In most cases, a parenthesized or angle-bracketed number is accompanied by a "see" reference directing the user to the actual number that the Library of Congress currently uses, or a note explaining Library of Congress practice.

Access to the online version of the full Library of Congress Classification is available on the World Wide Web by subscription to *Classification Web*. Details about ordering and pricing may be obtained from the Cataloging Distribution Service at:

[<http://www.loc.gov/cds/>](http://www.loc.gov/cds/)

New or revised numbers and captions are added to the LC Classification schedules as a result of development proposals made by the cataloging staff of the Library of Congress and cooperating institutions. Upon approval of these proposals by the editorial meeting of the Policy, Training & Cooperative Programs Division, new classification records are created or existing records are revised in the master classification database. Lists of newly approved or revised classification numbers and captions are posted on the World Wide Web at:

[<http://www.loc.gov/aba/cataloging/classification/weeklylists/>](http://www.loc.gov/aba/cataloging/classification/weeklylists/)

Janis L. Young and Libby Dechman, senior cataloging policy specialists in the Policy, Training & Cooperative Programs Division, are responsible for coordinating the overall intellectual and editorial content of subclasses B-BJ. Kent Griffiths, assistant editor of classification schedules, creates new classification records and their associated index terms, and maintains the master database.

At the Library of Congress the distinction in use between Classes B and PA in classifying philosophical works by Greek and Roman writers is as follows: In Class B: 1) Translations with or without original text, except translations into Latin (PA); 2) Original text with commentaries, if editor's purpose is interpretive. These are classified with the criticism of the work or works. In Class PA: 1) Original Greek and Latin texts (except as noted above); 2) Latin translations; 3) Texts with textual criticism.
