19 Oct	
0800	Mr. Hager in--for duty.

(over)

politicians keep interfering with the educational system. What they are doing now is actually interfering with the objectives of the Occupation by encouraging separation of schools rather consolidation and by encouraging the misuse of school buildings and by tacitly encouraging disregard of the Board of Education.

0930 Eignth Army (Mrs. Johnstone) called. Kochi has not ~~yet~~ sent in their consolidated textbook report to the Ministry of Education. Will we please get after them and have them turn it in. It is holding up the rest of Japan. (Don't think we should do anything about this. This is purely a Japanese affair. Looks like the Ministry of Education is selling SCAP and Eighth Army a bill of goods getting us to do their work for them. However, will do it.)

1025 Called Kochi (Col. Axelson)(and Miss Johnson). On above. On educational books. And on Board of Education members' increasing their salaries again.

1200 Mr. Matsuura reported back. (We had assigned him to the Kochi deal.) Kochi sent the textbook report in on 10 September! Will so inform Eighth Army the next time they call.

NB: Orientation of Mr. Hager most of the morning.

(over)

shima people are using (on organizations).

1555 Kagawa (Lt. P.) called. Gave board of education report. Also told us about the Ministry of Education interpretation of SCAPIN 1944. They say that after a school building is given up after a consolidation of schools the building is under the jurisdiction of the Governor. (This is all out of the way and violates the spirit of the SCAPIN. Told Lt. P. that the Kagawa Supt. of Educ. was skating on thin ice if he consistently took the part of the Governor against his own board.)
For example, the Ministry says that the Kagawa Board of Education reduced the upper secondary schools from 36 to 25, and that the remaining 11 schools belong to the Governor. This is really cockeyed and is the old-line type of thinking.

3 Sept

Told her when to expect FNK on field trip.

ADJ.

ASST. ADJ

SGT. MAJ

1000 Conferred with Miss J. on our analysis and criticism of I Corps' Board of Education suggested rules and regulations. (We have prepared an endorsement for the Chief's signature sending this stuff back to Corps. After careful study, we have found it to be rather poor stuff. Spent considerable time on it because of the extreme importance of the subject. Really believe that if the I Corps' material got out to the Japanese it would make the situation probably worse than it is in regard to rules and regulations of the boards. We ourselves have deliberately refrained from putting anything specific out on this subject because of the necessary growth the boards have to go through before they can understand and appreciate good rules and regulations. It might be a good time for us to get out something in some sort of outline form. However, believe that Corps will not like our sending their stuff back. Chief, SCAR, can reject our endorsement if he thinks we have not been politic about it. But we think that it should be brought rather forcibly to their attention. The thought of 20 some odd prefectures getting this stuff is a shuddery one.)

1100 Called Tokushima (Miss Bando and Lt. Daly)
1. About training course to be given in Tokushima. We thought that Miss B--in this one particular case--was planning a bit too far ahead, that is, up to the time that the teams are going to be deactivated.
2. Told Lt. D. about the I Corps' material on rules and regulations and told him not to use them.

He said that our Social Organizations Survey was excellent--attention: Miss J.--probably the best he could have gotten. It was just what they wanted.) TIME	ACTION
0820	Called Kagawa (Mr. Dobbins). Asked if he knew about the film on parliamentary procedure. He is going.
0830	To Film Library--to see new film on parliamentary procedure. It is not too good.
0955	Printers--this time the real boss--came in. They want to reduce the price so that SMGR CE Officer will not lose face with SMGO. Their prices now: Discussion pamphlet: ¥2.40--¥24,000 PTA pamphlet: Y6.10--¥61,000 Total : ¥85,000 For "Techniques of Democracy": for 10,000: ¥38 each for 20,000: ¥33 each Referred them to Lt. Laspina. This price is probably still too high. It goes way beyond their estimate.
1100	Conferred with SMGO.
1155	Called Ehime (Capt. Sn.). On CE Officer going to Ehime.
31 Mar	
1030	Conference with Procurement Officer, SPB Head, and Shikoku Shimbun printers to get an estimate on just price for two pamphlets. Their estimate: Discussion pamphlet: if 10,000 copies: ¥1.70 each if 1,000 " ¥4.30 each PTA Pamphlet; if 10,000 copies: ¥5.10 each if 1,000 copies: ¥14,00 each Total for both pamphlets: ¥68,000
1400	Ehime (Capt. Snyder) called. It's OK for SMGR CE Officer to come to Ehime next week: Capt. S. will be having Adult Education meetings in Johen and Uwajima. Will try to attend them, if possible.
1430	Called Col. Searls and Capt. Throne. OK with Col. S. Told Capt. T. about jeep coming there Sunday.
1600	Worked on posters which have in the mill for about six months. They are still unsatisfactory. May have to reject the whole lot.
1630	Finished working on corrections of Miss J's pamphlet on program planning for organizations.
1640	Conferred with Adjutant on use of Eagle.

TIME	ACTION
0830	Called Kagawa (Mr. Dobbins). Asked Mr. D. about visiting higher schools in Kagawa. They are closed right now. Will make it in about two weeks. Told Mr. D. about I Corps' Japanese activities report.
0900	Maid problem again--Miss J.
0930	Mr. Okuma, CLO, came in--at our request. Some interesting information (Separate B/S on this.).
1330	Started preparation of Monthly Activities Report.
1430	I Corps (Maj. Turner) called. 1. Tokushima problem--Told him Lt. Daly had taken over. 2. McGrail letter-Turner suggested that perhaps Dr. Eels might come instead of Mr. McGrail. Told him that was OK with us but that Mr. M had already been here. (Both are very good men.) (Higher education request ltr.) 3. Toyama textbooks and Kochi problem. Maj. T. gave the poop on this (but it's not too helpful). 4. T. asked about Miss J. Is she going home? Told him "No." 5. Asked him for publications--None available.
1530	Printer came in. More trouble. He said the PTA pamphlet and the Discussion pamphlets now being printed would cost much more than the estimate they gave us. PTA pamphlet: Original estimate: ¥2.70 per copy New price : ¥10.00 per copy Discussion pamphlet: Original estimate: ¥1.70 New Price : ¥4.00 (This would jack the price of the two jobs up to ¥140,000 instead of the original estimated ¥44,000. Read the riot act to him and referred him to Lt. Laspina. Think he is trying to give us a ride.
1610	Conferred with SMGO on above (printer)
29 Mar	
0810	Mr. Argo, IFEL, CI&E, SCAP, called. He is the man who has been picked from among the group assigned to I Corps to help us on Shikoku. He wanted to know what we wanted him to do. Told him he was to go to Kochi.
0905	Called I Corps (Maj. Turner). 1. On Mr. Argo being assigned to Shikoku. Said he remembered us having said something but he could not remember what ?). We suggested that Mr. Argo be sent

(over)

directly from Tokyo and save time by not stopping in Kyoto. He said that Mr. Argo had to pick up orders in Kyoto and that he was coming to Kyoto by the day train. He will arrive here Sunday afternoon.
2. On Kochi situation. Turner suggested a possible solution to the Kochi situation. Told him OK but could he supply the calibre of man necessary to do the job.

0930 Mr. Shirakawa, Ministry of Education Official, Shikoku Branch, Ministry of Education Facilities Bureau, came in. To tell us about a new allocation which will be for the use of schools only. He gave us an outline of the information on this whole deal. (Put the information in the Daily Bulletin in order to tell the team CE officers to encourage schools to take advantage of this offer.)

0950 Kagawa (Mr. Dobbins) called. On the necessity of a prospective superintendent of education going to the Institute for Educational Leadership. Told him, yes, we were pretty sure that all prospective superintendents had to go to the school inorder to be qualified for the job.

1050 Called Kagawa (Mr. Dobbins). On above. Gave him the exact reading of the passage of the ordinance which implements the Board of Education Law. It is pretty certain that all prospective superintendents of education have to attend IFEL.

1330 Called Kochi (Dr. Cram).
1. On Mr. Argo arriving there Sunday night and that Dr. C. should have a clear-cut program of work laid out for Mr. A.
2. Anwered Mr. Ninneman's query on Japanese reports to I Corps. Told him that if they were in doubt about the whole thing that they should make a special report on it.
3. On Social Organizations Survey. Asked for Dr. C's suggestions.
4. Told Dr. Cram about the slides (baloptican) on boards of education and reorganization of the upper secondary school system. They are lousy. Told him he ought to discourage their use or throw them out entirely. He agreed.

1350 Printer came in. He said that they could not come down in the price. Told him flatly and rudely that the whole deal was off--we would not take any more pamphlets, and this includes the ones already printed. Also told him that he would get no orders for "T of D" from off the Island. Asked him to talk it over with his father and think it over some more and then come back to see us.
(Contacted Lt. Laspina on this again.)

1430 Mr. Motofuji came in.
1445 Called Kochi (Dr. Cram). xxxxxxxxxxxxxxxxxxxxxxxxxxxxxx
xxxxx. Gave him I Corps' ppop (Toyama textbooks). Etc.
1500 Conferred with SMGO.
1600 Called Ehime (Mr. Shimomura). About Mr. Motofuji arriving there tonight instead of on the 1st.
1615 Finished Monthly Activities Report for March.

1045	Called Kochi (Dr. Cram) On Hunger Strike. (8th Army called and wanted the inf.) They received a loan rather than a gift from the prefectural govt. at the end of the year--in lieu of a bonus. They wanted the loan cancelled and have the money made a gift. This was refused and they struck once (hours). Persuaded to stop once, but struck again when their demands were not met.. There is no strike now. Dr. C. thinks they only "worked up a good appetite." Still not settled. The last word is that the prefecture will spread the payments over a longer period so that repayment will not such a hardship on the teachers. On reorganization survey. Got figures (final)

	In fact, we are vigorously opposed to this. Their reasons are that the pamphlet, in the first place, is very good and should be gotten out. In the second place there is no copyright on it. ~~xxxxxxxxxxxxxxxxxxxxxxxxxxxx~~. (Gave me somewhat of a hard time on personnel. Told him I'd have to refer the matters to the SMGO, that after all, he ~~xx~~ (The SMGR SMGO) was the boss. The implication is obvious.)
1515	Called Eighth Army (Col. Satterwhite). 1. On Takeda. Told him we would get the information to him as soon as possible and apologized for the delay. (We have had practically from Tokushima on this.) 2. Personnel: Told him, or rather asked him, about Miss J. to a team. He said that it was their policy not to do this if it could be avoided, that we should not send Miss. J. to Tokushima, that it would be better to fill the job in with an officer who might not know much about it and keep a close eye on him from Region. (This seems to contradict or conflict with the suggestion of Maj. Turner.) 3. Asked Col. S's opinion on giving authorization for reproduction of pamphlet. He said that we should hold the authorization and not delegate it to teams, that we had done the work. He also said that we should communicate with other MG regions directly on this matter. (Will follow this procedure after consultation with SMGO.)
1530	Called Kochi (Dr. Cram). 1. Asked for figures to complete reorganization survey. 2. Asked about sending IFEL instructor to Kochi for the whole time he is to be here. Dr. C. said OK.
