

HAUSLER affair), but the first section is quite well known to us.

The SICHERHEITSDIENST was not properly speaking an Intelligence organization, little is known of its activities and we will say only a few words.

The only information obtained regarding this service (known as the S.D.) indicates that its activity corresponded more or less to our Military Security in the German Army - official C.E. - anti-communist, anti-gaullist activity, Jewish questions etc.) It seems to have been the object of fearful veneration on the part of the other services. It was this service in particular which directed FIRPI and his brigade.

It was commanded by a Major; bald, small and always in uniform.

WIRTH, a Lieutenant (tall, dark, 35 years old) probably in charge of C.E. work, belonged to this service, also another Lieutenant [l. n. 85, fair, speaking French, Arabic and Italian, wearing spectacles with gold rims]

The Communist section was commanded by Captain MOLTRECHT (tall, thin, blue eyes, very fair, speaking quite good French). He was seconded by Lieutenant ALTHAUS (small, fat, brown hair, black eyes, speaking little French).

The STADTSSICHERHEIT.

(The following mentions only points characteristic to this service, leaving aside anything that it may have in common with the ABWEHR)

a) Personnel.

Generally in civilian clothes and were only seen in uniform on very rare occasions.

The Chief of the office was Major BEISSEMER, whose exact rank in the S.S. was HAUPTSTURMBANFUHRER (l. n. 80. Large. Dark brown hair. High forehead. Scar on left cheek from ear to mouth. Large white mark on left hand. Speaks French with an accent).

His deputy was Lieutenant MATSCHKE, whom many agents called Captain, and who was in reality Sturmbanfuhrer (l. n. 62 to l. n. 65. Brown hair combed back. Blue eyes. Speaks quite good French. Freckled. Was always in a SIMCA 5. Called "Paul Martin").

An officer of the service distinguished for his instability and his eclecticism was Lieutenant RITTER (tall, good looking, high forehead, brown hair, small scar on left side of mouth. RITTER left Tunis in the beginning of April, 'for the Russian front'. Speaks French perfectly. Pretends to be Belgian from Malmedy, but it is certain that he lived in France for a long time.

He seems to like women and does not hesitate to pass himself off as a Frenchman: In Rome he called himself "BOULEAU", in Tunis "ARFIN" like MATSCHKE.

Finally the service included one administrative officer, Lieutenant LOBX, (21 years, small, very straight, fair, medium build), speaks a little French). Was generally in uniform.

Non-com. officers.

The most frequently mentioned is TRUSCHNIG, Sergeant. Principal secretary to BEISSENER (tall, thin, dark, very highly strung, blue eyes, knows a little French).

DIEM. First Sergeant. Radio specialist. (Tall, dark, clean shaven, blue eyes, very deep set. High forehead. Speaks a little French. Was often in uniform.

MENGE. First Sergeant. In charge of cyphering. (Small, fat, fair, hair brushed back) Spoke no French.

JAKSEN. In charge of the mess and supplies (Small, fair, blue eyes. Parted on one side).

A typist was also employed in the office. She was Alsatian and spoke very good French, (short, stout, 25 - 26 years, brown hair) She was called ELSA.

A journalist called VOLLMER lived in the entourage of BEISSENER-RITTER. (1 m 75, fair, piercing eyes, 45 years) Spoke French and a little Arabic. He lived at 19^e Avenue de Paris and also was often in the company of RAHM and KOHLHAUSEN. He recruited agents for BEISSENER. He had also entrance to no. 168.

P - PREMISES.

The offices were at 168 Avenue de Paris. The neighbouring villa, no. 170 also belonged to the service, and it was here that was located the "Central", which probably means a transmission centre (radio and other).

BEISSENER lived in a villa in Place Pasteur (Belvedere quarter). In addition no. 21 Rue Duclaux was occupied by BEISSENER and RITTER when RAUFF was at no. 23.

The villa of M. LEVI at Sidi Bou Saïde, seems to have played an important part in all S.S. affairs. There the food was good, the air pure and the view delightful and there were as many elegant parties as there were serious discussions. For a long time KOHLASS was the mysterious permanent lodger who knew how to disappear when the owners arrived.

It seems that this villa was also used as a place of retreat, of refuge and rest for certain agents.

One of the characteristics of the S.S. officers was their liking for travelling around. In the ABWEHR it was the agents who went to see the officers of the service. In the S.S. it is the contrary: BEISSENER was always in a

in a car, and RITTER went from bars to meeting places, so that one comes across their trail everywhere.

The American Consulate in the Rue de la Ruche was occupied by them, they also often visited a certain number of localities, in different parts of Tunis, which served as places of detention for the natives or for certain prisoners of war. The meetings were fixed outside the office; for the most part in the street; for example in front of the S.S. garage in Avenue Carnot.

C. Functions of the STADTSSICHERHEIT.

The essential mission of the Stadtssicherheit seems to have been to collect information; primarily political and then military. Further, it is certain that it was not only an information organization but was also operational.

The aims of the service were:

a) To collect information. In order to do this it had a network of informants who kept the service informed of everything that happened in occupied Tunisia, both ~~from~~ as regards French and Tunisian politics.

To resume the question of BEISSENER's and RITTER's informants before May 8th is to resume the whole political situation during that period.

BEISSENER's informants were collaborators, Germanophiles and above all Destourians who were numerous before the occupation and disappeared after the arrival of the Allies to reappear as "Americanophiles".

This network theoretically broke on May 8th.

b) Operational. The active role of the Stadtssicherheit was brought to light by the attempt by BEISSENER to take the Princi ALL REY, nephew of the then reigning REY, to Europe in spite of the opposition of the ~~the~~ Beylical Court. He very nearly succeeded in this enterprise, which he organized himself with the help of the prince's best friend.

The Stadtssicherheit, however, did not wish its mission of information to end with the occupation of Tunisia, and one of the main concerns of the service was to set up a system of information by which it would continue to be kept informed from a distance.

This system included:

Informants - BEISSENER tried to keep all those who had been of service to him during the occupation.

Radio operators to transmit the information obtained by the agents.

BEST AVAILABLE COPY

In fact, he tried to carry on from a distance the work which had been undertaken in Tunis during the occupation. To pass from the network of agents before May 1943 to that after May 1943 he introduced means of transmission of information between himself and his agents.

The communications were also used to transmit military information, so that the Stadtssicherheit became a competitor of the ABWEHR on this point. Whenever an opportunity arose during the occupation the S.S. sent agents across the lines and as far as Constantine)

B. Organisation.

a) Recruitment.

As we have just seen, it was twofold:

- 1) Radio operators.
- 2) Informants.

The radio operators were recruited among the Tunisian ~~native~~ or Algerian natives (in particular Algerian 'tirailleurs' prisoners, but they were all placed in the charge, or at least under the supervision of a German SS-Legionnaire called VOGL. The best known recruiters are Professor ABERRAHMANE, BOCHERI MOUSSA, ABDELRAHIM BACHLOULI and BEIDJEMA, whose exact role remains to be defined.

In this connection it is interesting to note that the radio operators were at first recruited by the ABWEHR. They attended the courses at Mutuelleville and were only later handed over to the Stadtssicherheit, and the fact that the ABWEHR never reclaimed them shows that the Gestapo when desirable, could deal flippantly with the ABWEHR.

As for the recruiting of informants, enough has already been said on this subject for it to be unnecessary to revert to it at length. After March, feeling that the occupation of Tunisia could not be maintained much longer, REISSNER, RITTER and their acolytes began to unveil; at first in indirect terms, and later they asked their friends in whom they had the most confidence, frankly whether they were disposed to continue to furnish information after the departure of the Axis troops. Those who were convinced and 'tough' accepted and entered into relations with the radio operators charged to transmit information. In this way they became ~~informants~~ agents for political information.

On the other hand military information was to be furnished by each one (informant and radio operator). Everybody was to collaborate ... for the victory of Germany and the independence of Islam countries (in this case recruits were also made on the Nationalist theme)

b) Instruction.

Only the radio operators and cypherers received any technical instruction, since the real agents who only supplied political information, had

BEST AVAILABLE COPY

had nothing to learn.

In comparison with the instruction of the ARWEHR, that of this service seems to have been more important. The courses were long, the meetings frequent and the professor was one of those who were to remain in an operational capacity, and took his work to heart.

The sets were of the 'gasoline tins' variety, and the transmitting set differed from the receiving set.

With regarding to cyphers the procedure seems to have been less efficient than that of the ARWEHR, since, contrary to the latter, they were based on a ~~system~~ more or less multiple transposition system.

This fundamental difference between the procedure of the ARWEHR and that of the Stadtsicherheit leads to believe that the systems are not supplied to the Intelligence service by one and the same organisation. Either, the cypher section of the Army has no connection with that of the Gestapo, or the Intelligence services establish their own systems.

The courses in cyphering and radio took place at no. 8 Avenue Carnot, above the S.S. garage in the private residence of WOGL.

c) Missions.

The essentials have been outlined above.

The information required is chiefly political information; the proof of this can be seen by consulting the list of certain agents contacted by REISSNER with a view to collecting information:

TIXIER VIGNANCOURT.	Known political figure. Called upon perhaps to play a part after the return of the Allies.
FAUCHER.	P.P.F. member. Called upon to be responsible for the party after the departure of the Allies.
ABDEFFRAHMANE.	Great friend of the Princes of the Beylical family.
HASSAN KADPOUR.	Established pro-French reputation. Well introduced into all intellectual Tunisian circles.
SLAHEDDINE	Former secretary of the Bey, very well informed on Tunisian politics. etc..... etc.....

There were practically no questionnaires. FAUCHER apparently supplied information on Jewish and Communist activities; ABDERRAHMANE and SLAHEDDINE on the Bey and the Court; HASSAN KADPOUR on Tunisian politics; TIXIER VIGNANCOURT on French politics, etc.

UNRELEASABLE COPY

The same vagueness seems to have existed with regard to the military information asked for. The agents never received instructions to direct their activities more towards one branch of information than another. Everything was worth being transmitted.

d) Organisation after Evacuation.

The set-up of the organisation left by the S.S. to work after the evacuation of Tunis was distinguished by being of one 'block'. BEISSENER seems to have created one outfit in which everything held together. There were no more separate sections, for example on May 8 one and only one agent was in charge of the 8 radio sets which remained for the service, and starting from VOGL alone, the interrogators were able to trace back the whole organisation so easily that for a long time it was wondered whether this service had not been left to "amuse" the C.E. services, while a more serious organisation was left to work in peace. If the service had not been stopped at the beginning, it would have functioned because it had an animator in the person of the German, ex-legionnaire, VOGL.

Unfortunately for BEISSENER, during the month of March, one of the Algerian 'tirailleurs' whom he had recruited, informed the French Police Service (Inspector JOST) of what was being prepared and the organisation was followed May 10.

So that BEISSENER was no more fortunate than SEUBERT.

Before leaving the STADTSSICHERHEIT, it seems necessary to open a special chapter, one which concerns the ABWEHR was reduced to very little the chapter on technical faults. (As we have seen, although there were few technical faults in the Abwehr, there were on the other hand faults of a psychological nature).

It seems that the officers of the STADTSSICHERHEIT were only occasional officers of the ABWEHR. Their work was far from being as 'finished' as that of the ABWEHR.

We have already seen the complete lack of any division into compartments (a big error especially when everything depends on one system). But there were others which although less important were none the less characteristic of a lack of knowledge of the job.

For example: To whom did BEISSENER entrust his four radio sets? To a German ex-legionnaire and to three tirailleurs of the 2nd. R.T.A., taken prisoner at Faid in January 1943. VOGL did receive a changed identity but it was sufficient to converse with him for two minutes to realise that he was not French. Further he is an inveterate drunkard who would drink all the money he is given and even more. In spite of his willingness to do well he is in danger of being caught at each of his alcoholic crises.

As for the three tirailleurs, an officer of the ABWEHR worthy of the name, would surely have renounced their services. As men they are all right

BEST AVAILABLE COPY

It should not be forgotten that they are soldiers and that as such they are bound to be recuperated by their corps as liberated prisoners; they are at the mercy of the slightest verification of identity or of the first meeting with other members of their regiment. It is unquestionable that the recruiting system of the ABWEHR was more logical.

On the other hand although the STABSSICHERHEIT had prepared the installation of its organization for a very long time, it was far more taken by surprise that was the ABWEHR, and it was only on the night of May 6/7 that WOOL received the radio set.

The material needs of the agents were on the contrary better looked after, but the same principles were applied as for the recruiting of agents; radio operators were lodged with acquaintances of BEISSNER, German sympathisers, Destourians etc.

To enquire into espionage activities on behalf of the S.S. since May 1943 is to enquire into the activities of the ex-friends of BEISSNER, RITTER and MATSCHKE. It is for this reason that the C.E. services consider each one of them as suspect and enquiry concerning them as necessary.

GENERAL.

- 1) Camouflage. One of the agents received 5000,000 francs to start a business which was to serve as a means of livelihood and as cover for the group.
- 2) Funds. Nothing special.

The above is a resume of general information gathered from the agents dealt with up to date. Every day further information enables us to increase precisely our knowledge. Although this note has been written with the most objectivity it would not be surprising if one day further information were to contradict some of the statements contained therein. It is noted that this is only a preliminary study of the question.

The German Intelligence Services during the Occupation of Denmark

The German Intelligence Services during the occupation included the following:

- 1) an organization installed at Helsingør (southwest of Copenhagen), which appears to have been the German I.S.
- 2) an organization installed at the German Legation in Copenhagen, composed only of officers and non-com officers and men of the S.S. belonging to the SS-Regiment.

The object of this note is to summarize in a few paragraphs the information which has been obtained in this regard during the course of interrogations.

Some of the information may appear familiar to those who are well-informed, some of it may be old and some of it new. It is emphasized that this is only a summary of information obtained as a result of interrogations of arrested German personnel and should not be taken as the history and the accuracy of the individuals concerned.

1. The German I.S. Generally known as the German I.S. in Denmark, this organization was composed of at least three sections, including a section for the investigation of the Danish population.

2. Personnel.

The personnel of this organization included a number of officers and men:

It was at first under the orders of the colonel, HEINRICH, former chief of the German Artistic Commission in Denmark. HEINRICH left at the end of March or beginning of May April 1940, for a month's leave. He never came back and was replaced by CHARLES who was appointed to his position. CHARLES was not very good. HEINRICH is reported to be at present in a special mission.

COUNTRY: GERMANY
SUBJECT: Notes for the "Gallery of War Criminals" -
SS-Obersturmbannführer Wilhelm BEISSNER
DISTRIBUTION: Paris, Caserta, Washington, Files (3)

1. Wilhelm BEISSNER was Gestapo Chief in LODZ, Poland, and ZAGREB, Croatia. He is one of the important Gestapo men whose mission was almost exclusively in various German-occupied countries. He is said to be one of the cruelest Gestapo officials, responsible for the death of a great many Jews in Poland, as well as a number of other victims in districts where he had been stationed.

2. Beissner is 35 years old, 1m80 tall, brunette, hair parted on the left-hand side, bad teeth, speaks with a slight lisp, looks much younger than his age. As a result of an accident, one of his hands (the informant was not sure which one) has very noticeable white spots, due to some acid having been spilled on it. Informant thought that almost half of his hand is covered with these spots.

3. Beissner has a diploma as "Volkswirt" (doctor of agronomy). Prior to the outbreak of the war, he was a "Referent" in the "Ausserpolitisches Amt" (an independent affiliation of the German Foreign Office) of which Rosenberg was the head. He was specialist for the Balkan states and had a great deal to do with the Iron Guard Putsch in Rumania. Simultaneously, he was SS-Hauptsturmführer (Captain) in Himmler's "Hauptamt" (head office).

4. At the outbreak of the war, he went to Poland and was made Chief of the Gestapo in LODZ where he was known for his cruelties and persecution of the Jews. After 3 or 4 months in this position, he returned to Germany and was promoted to Sturmbannführer (Major).

5. His next job was in the RSHA (Reichssicherheits-hauptamt - Himmler's organization), where he became the "Referent" for the Near East, including Iran, Iraq, and Afghanistan. At the end of 1939 and beginning of 1940, he made several trips to these countries. Early in 1941 he was sent to Yugoslavia where he was very friendly with

STOJADINOVITCH. After the occupation of Yugoslavia, he was appointed Gestapo Chief in ZAGREB where he distinguished himself with further cruelties and persecutions, simultaneously accumulating quite a fortune for himself.

6. In Zagreb, he had difficulties with the German Ambassador KASCHE and at the latter's insistence was recalled to Berlin. Towards the end of 1941 we find him again in the RSMA, having a roving commission which included travels to Greece and later on to North Africa. In 1942 he was in North Africa with Rommel on a special mission for Gestapo, jointly with another member of the organization by name of WECKE. Towards the end of 1943, beginning of 1944 he returned to Berlin and was promoted to Obersturmbannführer (Lt. Col.) At that time he was appointed the "referent" for Switzerland, travelling a great deal and remaining practically at no time in Germany. It is from outside of Germany that he directed his work in Switzerland. Our informant last saw him late in December 1944 and early in January 1945, in MILAN.

7. Beissner is married and has one child. He is on bad terms with his wife and they are now separated. Frau Beissner used to complain to our informant's wife how badly he treated his child, beating him constantly. He is vengeful and evidently possesses a number of other objectionable characteristics.

8. One of his friends in Berlin was Dr. DHAWAN, an Indian who has lived in Germany for the last 20 years having been condemned to death by the British. Dhawan is head of Indian propaganda in the Reichspropaganda-Ministerium. His Berlin address is Droysenstrasse 14. The Berlin address of Beissner can be found in the telephone book where he is the only man by this name spelling it with two "s".

Note: The following paper deals with Ant VI with the exception of the Mil Ant, Gruppe VI S and Gruppe VI Z.

This publication cancels Appendix I to War Room Publication SF.4/22/W.R.O.3a dated 27th July 1945, which now should be destroyed.

This appendix has now been brought up to date, and attempts to cover all Ant VI officers of the following categories:-

- (a) Ant VI officers at the R.S.H.
- (b) Ant VI officers on the staff of BdS's.
- (c) Ant VI officers acting as representatives in neutral countries.
- (d) Ant VI representatives in SD-stellen in Germany.

It should be noted that the list does not cover the following classes:-

- (a) Non-commissioned officers; though high grade civilian specialists employed in technical sections are included.
- (b) Officers of Gruppe VI S or VI Z.
- (c) Mil Ant Officers.
- (d) Abwehr officers who have posted to Gruppen of Ant VI as a result of the absorption of the Abwehr.

As is inevitable in a list of this kind there are omissions, but it is not that those omissions are either numerous or serious. It is not proposed to subsequent lists of Ant VI officers. A liquidation report on Ant VI, replacing covering note of the War Room publication mentioned above, is in process of preparation and will be issued when reports on outstanding leading characters are received from the field.

Those personalities considered priority targets are indicated with an asterisk in the appendix.

For easy reference personalities under arrest are underlined in column 2.

TT 1 / TT 2 b

Rupert MANDL von der GEHLEN-Organisation hat, einer vertraulichen Information zufolge, dem Nachrichtenagenten Dr. Erich MÜLLER (der diese Kenntnisse in einer Meldung an die Generaldirektion für die Öffentliche Sicherheit verwertete) mitgeteilt, dass der ehemalige SS-Sturmbannführer WILLI BEISSNER bis vor kurzem mit französischer Billigung unter einem Decknamen in FELDKIRCH gelebt habe; er sei dort mit dem BDOc in Verbindung gestanden. Jetzt arbeite BEISSNER in MÜNCHEN mit dem ehemaligen Sturmbannführer ^{Leiter} ROBERT KRAUS zusammen, der vorübergehend im Amt VI des Reichssicherheitshauptamtes Referent für Jugoslawien war.

Welcher Art diese Zusammenarbeit ist, hat MANDL angeblich MÜLLER gegenüber nicht näher umschrieben; vermutlich handelt es sich um eine Tätigkeit für die GEHLEN-Organisation.

Willi BEISSNER war beim aussenpolitischen Amt der NSDAP (Amt ROSENBERG) Referent, ging dann aber hauptberuflich zum SD, und zwar glaublich im Jahr 1940, über. Er war als Sturmbannführer dem Amt VI zugeteilt und gehörte mit Dr. RAUFF dem Einsatzkommando Tunis, und zwar als Verbindungsmann zum Grossmufti, an. Später war er beteiligt an den Kapitulations- und Friedensgesprächen zwischen Obergruppenführer WOLF, Botschafter RAHN und Kardinal SCHUSTER von MAILAND. Aus einem

Our main object in making this request is to try to determine the reasons for Austrian interest in these men, and we would appreciate any information on them you are able to dig up.

According to ZIPPER rpt, 6 Mar 52 subject, wartime referent for Arabia in Amt VI of RSHA, suddenly left Germany about a year ago when he became involved in blackmarket transactions between Switzerland, Spain and France. Is now in Cairo where is believed to be working for French I.S. Reported to have had good connections within French I.S. in Hamburg and later with the Americans (sic). He speaks excellent French and some English. Is presumably identical with Sturmbahnfuhrer BEISSNER, b. 18 Aug 1911, who was assigned to Amt VI of RSHA from Nov 43 until end of war. Further details are noted briefly in the wartime German Primer.

Subj is close contact of (Hajj) Amin al-HUSAYNI and introduced Otto SKORZENY (qv) to HUSAYNI in mid-January 1953. Subj evidently obtained intervention of ex-Mufti to obtain an entry visa to Egypt for HERTSLET.

1. In view of additional information now available, we revise our last communication to you. Peter Franz [redacted] has admitted to us that he used to use the alias [redacted]. He is a ZIPERite living in Munich. GRISENHOFER was simply an associate of STUDERMAYER's in a legitimate business undertaking.

2. Our statement on KRAUS can stand, but we will have to check BRUNSMER, since STUDERMAYER claims him as a friend who recommended his use on an intelligence mission. Could BRUNSMER possibly be the high-ranking SS officer WULF for whom BRUNSMER worked during World War II in Italy?

3. If you could establish the reasons for the Austrian interest in these individuals, without revealing our operational interest, we would appreciate hearing.

acquaintances, especially since [redacted] arrested because of a denunciation by one KUMPFERS or HAGE.

9. At present, STUDEMAYER has new visas for Italy, Syria, Egypt and other points, and he plans a Near East trip in February or March 1951. It is urgent he go, he claims, to iron out details on a big contract for tractors for the Syrian government. Ferramar (which used to be called Dramborg) is doing a good business in Syria, Lebanon, Iran and Egypt. Ferramar's export sales are in generators, tractors, threshing combines, artificial fertilizers and cement. Import items are largely in textiles and foods, sometimes tobacco and good bargains like used automobile tires.

10. In connection with STUDEMAYER's forthcoming trip to the Near East, we asked him to make a survey of intelligence possibilities in that area, especially of CE possibilities in Egypt (of MGR-W-4631). In view of his own notoriety, and in order not to risk his own new and flourishing business career, we asked him to consider this problem in terms of his own direct participation, or without his playing a role in such activities. STUDEMAYER promised us a memorandum on the topic shortly after he returns from his trip.

11. With an anticipatory glint in his eye, STUDEMAYER already had two friends in mind who could assist in such an enterprise. One of them lives in Munich, but is anxious to get to the Near East or Africa, and STUDEMAYER could thus give him a berth. This man is a Dr. BEISSNER. (MOB Comment: see primer, and note our MGL-A-4591. The BEISSNERS must be identical. STUDEMAYER admitted that his BEISSNER had been in Italy during the War with Obergruppenfuhrer WOLFF. We will discreetly check with ZIPPER the possible French IS connections of BEISSNER.)

1. BEISSNER war vor etwa einem Jahr in verschiedene Schwarzmarktgeschäfte, die in die Schweiz, nach Spanien und Frankreich liefen, verwickelt. Er verliess dann Deutschland überraschend schnell und verabschiedete sich dabei nicht einmal von seinem Freunde, dem ehemaligen V-11 740. Wie durch V-11 740 dann bekannt wurde, begab sich BEISSNER nach KAIRO, und zwar vermutlich im Auftrage eines Nachrichtendienstes. Bisher hüllte sich BEISSNER in Stillschweigen, auch der ehemalige V-11 740 konnte seine Anschrift noch nicht erhalten. BEISSNER soll seine Anschrift auch seiner Verwandtschaft nicht bekanntgegeben haben.
 2. Man vermutet als ND-Auftraggeber die USA oder die Franzosen; letztere deswegen, weil BEISSNER, als er sich in HAMBURG aufhielt, gute Verbindungen zum französischen ND unterhielt. Später soll er jedoch, wie der ehem. V-11 740 angibt, Verbindung zu den Amerikanern aufgenommen haben. BEISSNER war früher Arabien-Referent im Amt VI des RSHA; er spricht perfekt französisch und etwas englisch und soll nach Angaben des V-11 728 ein ausgezeichneteter ND-Mann sein.
 3. Es wird versucht, Näheres über BEISSNER in Erfahrung zu bringen.

1. There are no traces of Frau Anna-Maria REICHEL.

2. Reference para. 1 (1) is identical with ZIPER agent V-11728. Through recent activities of V-11728, the traces previously provided certainly justify your suspicion that he is possibly connected with some intelligence agencies. We repeat these traces on the basis that they may not be available to you:

3. Attachment to EGIA-7512 described V-11728 as a former SD member, a member of the staff of the newspaper published by the "Deutsch-Österreich Soldaten", and a presumed ZIPER contact.

4. In EGIA-10300, V-11728 was reported as giving a very good representation of WILLI HASTEL on the basis of their previous cooperation in intelligence work.

5. Attachment (COM only) to EGIA-12423 described the extent of V-11728's involvement in UJ-DROBLESKY case.

6. USAG report 7-03329, 3 October 1951 states: "The publishers of the Deutsche Soldatenbund weekly, Deutsche Soldatenzeitung, want to have some imported to Austria. ... (V-11728) visited Austria early in September to find out a number of such persons for organizing the sale in Austria. Main competitors for such purpose are Dr. Wilhelm HASTEL, the Salzburg lawyer Hans Fritz PREYBORN, and Erich KEMMAYR."

7. Later (USAG report 7-73612), HASTEL was in fact chosen Austrian representative of the Deutsche Soldatenzeitung, and V-11728 was then reported as WILLI HASTEL's intermediary to CAPORE.

8. Further FBI researches, initiated on the basis of the indication (para. 6 above) that V-11728 might be ZIPER-connected, revealed that he was a member of CV since December 1942, and is a "forscher" for WALL, WERNER and GI sources. Other details are contained in EGIA-311.

1. Acting through a certain Hasset (fnu), who is described as a technical consultant to Prime Minister Najib, Egypt is negotiating with an unidentified Italian firm,¹ located at 20 Viale Majno in Milan, for the purchase of a substantial amount of arms, the value of which is in the amount of several billions of lire. Such arms include: machine guns of 127-20 and 40 mm, and cannons of 90-105 mm. and 88 Skoda.
2. Hasset has been carrying on negotiations through a certain Beissner (fnu)² who wrote the owner of the above mentioned firm in Milan, advising the latter of his forthcoming trip to Italy. Beissner also mentioned that he had conferred with Najib on 2 October 1952, concerning the deal and hoped to conclude it satisfactorily through Spain, if the Americans did not object.
3. Also, reportedly involved in the transaction is an unidentified Bremen firm (Germany) which employs a certain Beckroege (fnu)³ and a certain Kausel (fnu).

SUBJECT { GENERAL Operational
SPECIFIC SKORZENY's Representative in Egypt 207

1. According to an ODACIB Cairo dispatch, dated 17 June 1953, the Counselor of the German Embassy in Egypt has compared notes with British Minister Creswell on the subject of Otto SKORZENY and his failure to sell not only his services training commandos but also the MG 42.

2. ODACID notes that "a certain Dr. BEISSNER, SKORZENY's representative here", has confirmed a report that "SKORZENY was definitely turned down on an offer of several hundred 1942 model German machine guns smuggled out of Germany since the war". It occurred to us that BEISSNER might be identical with STUECKMAYER's old friend, Willi BEISSNER, cf. WGLA-10707.

(BEISNER AND HERTSLETT)

Ref: NECA-915

The Economic Section of the Embassy has produced the following information on Beisner and Hertslett's firm:

Business reputation bad. Not recommended as agents. Avoid dealings with them. At one time they were representing themselves as acting on behalf of the Bonn Government, trying to foster Egypt-German trade relations. Nobody gave them this right. They are blacklisted with the German Embassy, Cairo, and the Egypt-German Chamber of Commerce, Cairo. Apparently they dispose of no means. At one time they were backed by Abbas HALIM who is now interned.

Dr. W. Beissner and Joachim G.A. Hertslet

1. Dr. W. Beissner, former German SS Officer who now resides in Egypt, is approximately 40 years old. He was in Department VI of the Reichssicherheitshauptamt (Reich Head Security-Office). Beissner has stated that he worked from Italy and that he was in North Africa in 1940-1941. He became acquainted with the ex-Mufti Haj Amin al-Husayni in Berlin.
2. Beissner was formerly associated with Joachim G.A. Hertslet, of 23 Wilhelmstrasse of Beuel near Bonn and managed Hertslet's Egyptian office (the Egyptian Continental Trading Company) at 2 Sharia Sharif Pasha, Apartment 97, Cairo (telephone number 53525). Although no longer associated with Hertslet, Beissner remains as the sole tenant of Apartment 97 and uses it both as an office and living quarters. His wife helps in the office work. He has given up the apartment he formerly had at Zamalek.
3. Beissner has business contacts with Otto Skorzeny, former German commando expert now residing in Spain, for whom he arranged interviews with Egyptian personalities in Cairo. Beissner has maintained his private contacts with Dr. Wilhelm Voss, head of the German advisory group in Egypt. Beissner made use of his connections with ex-Mufti Husayni on behalf of two alleged associates of Dr. Voss: former General Otto Ernst Remer, and Springer (fma) who came to Cairo in June 1953 for the second time.
4. In October 1953, the Egyptian Ministry of the Interior decided to grant a hitherto denied visa to Hertslet, and so informed the Frankfurt Consulate General. Although Hertslet was notified of this action, he had not utilized the visa by 8 November 1953.

5. Dr. Fritz Wilhelm Voss, head of the German Advisory Group in Egypt, is continuing his attempts to persuade former German aircraft manufacturers to invest in joint German-Egyptian aircraft factories.
6. On 24 October 1953 Dr. Voss arrived in Frankfurt from Bonn. On 25 October he met with the Egyptian Consul General and, on 26 October left Frankfurt for Stuttgart to meet with German aircraft manufacturer Professor Ernst Heinkel. After his meeting with Heinkel, Voss went to Munich to return by air to Cairo.
7. Voss returned to Germany in December 1953, visited in the Ruhr area, and then went to Stuttgart where he again had several meetings with Professor Heinkel. Voss was accompanied on his trip to Germany by Marei (fmu) a senior official of the Egyptian Ministry of War, and by Shawki (fmu), an Egyptian Air Force officer. Some direct communications with the Egyptian Ministry of War in Cairo took place before Voss left Munich by air in mid-December 1953.
8. The projected arrangements with Heinkel are not developing as smoothly as anticipated because of the Egyptian Government's reluctance to comply with the financial provisions. A letter of credit to be opened by the Egyptian Government in Frankfurt, possibly via the Consulate General, has not yet been arranged.

Refs. [] DIR 12763; NECA-915, 1153

1. On 10 June 1954 Heinz SARROISE, accompanied by his wife, came to the Consulate to obtain application forms for visitors visa. SARROISE, who described himself as (a SAAR) German, presented French passport 609 A 37042 issued at Cairo 21 April 1954 which recorded that he was born 7 March 1910 at Friedrichstal, Saar. SARROISE also presented cancelled French passport 273-151269 which bore a US 3(2) visa 1222 issued at Tokyo 15 December 1952 and showed date of entry into the United States at San Francisco on 12 January 1953 (B-1). SARROISE said his wife is the bearer of a German passport.
2. SARROISE claims to be a journalist who is traveling around the world with his wife on a motorcycle. He claims to know NEHRU and Muhammad HAJIB. He said that he had once been a member of the Nazi Party, was captured during World War II and sent to the United States as a German POW.
3. SARROISE said that he is an anti-communist and wished to pass on some information on communists. He said he has met Major General Otto Ernst ROEMER (variant: REMER) in Cairo in June 1954, and that ROEMER was formerly a leader of the S.R.P. political party in Germany. SARROISE said ROEMER has been approached by Dr. ~~WILHELM~~ BEISNER alias JAEGER a German businessman in Egypt who is trying to persuade ROEMER to accept a position in East Germany as a police advisor. SARROISE said BEISNER has close connections in East Germany, but did not otherwise elaborate. SARROISE stated that ROEMER is anti-communist, but because of his reduced circumstances, may accept the offer. SARROISE fears that ROEMER is allegedly strong.

d. Trip of von Berge to North Afr. I advised in response to the request he made recently while discussing the Klein-Oster ac. matter, that it would be impossible for us to obtain confirmation that von Berge flew from Frankfurt (Rhein-Main airport) to North Africa in 1955 unless he could supply at least the month, owing to the large number of manifests that would be involved in such a search. He said while he had had confirmation that the trip actually occurred, he did not have a copy and in fact did not know whether von Berge left Germany by air or

other means. Pohl said he knew that the trip was financed by the Heimliche Auslandser Organisation with its HQ at Dusseldorf, which he said is sponsored by the German Foreign Office and the Bundeskanzleramt. Pohl understands that von Berge is about to go to North Africa again (Cairo and Tangier) and that Beissener and Daxling, whom the British have confirmed are presently in Cairo, are coming to Bonn "next week" (Apr 18-22) to report.

Pohl went on to say that in view of the proposed Franco-German economic collaboration in the development of French North Africa, the French are naturally very interested in what the Germans are doing there, i.e., via Berge's trips, contacts with Beissener, etc. Pohl said that the US is less directly interested, but nevertheless is interested by virtue of having airfields in North Africa.

COMMENT: Mr. Hughes and I feel that the purpose of Mr. Pohl's scrambling remarks was to "fish" for information, particularly about North Africa.

Career: Beissner was connected with the German IS throughout the war. In 1940-1941 he was in Tunis working as a liaison officer between Germany and the Grand Mufti. Later he was assigned to the capitulation and peace conferences held between General Wolfe, Ambassador Rahn and Cardinal Schuster of Milano. Beissner escaped from a US internment camp in Italy, probably with French help, and came to the French Occupation Zone of Austria. After the war he was probably connected with the French IS. He left Germany in 1951 or 1952 after becoming involved in blackmarket transactions. He eventually turned up in Egypt in 1952. He may be the Egyptian representative of the Spanish arms factory "Alfa." Beissner is a business partner of Joachim Hertslett in the Cairo firm known as the "Egyptian Continental Trading Co." This firm has a bad reputation and is blacklisted by the West German Embassy in Cairo. It deals in a wide number of European commodities, and reportedly dabbles in illicit traffic in arms and strategic materials. In any case Beissner has close contacts with Otto Skorzeny who now lives in Spain and is a representative of Alfa. Beissner appears to have plenty of money, never seems to do any work, and is in immediate contact with all questionable characters arriving in Egypt. Reportedly, Beissner is also in contact with the ex-Grand Mufti and numerous ex-Nazis including ex-General Otto-Ernst Remer, and Communists. In 1958 subject reportedly was in contact with Leverkuehn and Rademacher, Hans MERTENS (ODINEX agent). Possibly is an UPSWING source.

Other: Beissner speaks excellent French and some English.

WINTERSTEIN said that UPSWING had a "lose Verbindung" with REISSNER. When asked what he understood by loose connection, WINTERSTEIN said that although there was contact UPSWING was not capable of giving any real direction to REISSNER, nor was UPSWING really able to influence his activities. WINTERSTEIN commented further that it was unlikely UPSWING would be able to tighten the contact in view of REISSNER's previous SD history and his deep involvement in weapons

trading with the Arab world. WINTERSTEIN claimed that REISSNER travels frequently from Cairo to Western Europe and made numerous trips to West Germany. WINTERSTEIN concluded by saying that he thought it was very probable that REISSNER had a close contact with the Egyptian I.S. and that UPSWING was keeping this probability very much in mind in any of their dealings with REISSNER.

Sprengstoff-Attentat in Schwabing

Haftladung explodiert beim Anlassen eines Personenwagens / Fahrer schwer verletzt

Eine schwere Detonation erschütterte gestern abend um 18.45 Uhr die Häuser der Blütenstraße in Schwabing. Vor dem Haus Nummer 12 war ein schwerer amerikanischer Wagen in die Luft geflogen, als sein Besitzer, der 49jährige Exportkaufmann Dr. Wilhelm Beisner, den Motor anlassen wollte. Eine von einem unbekanntem Täter in das Auto eingebaute Höllenmaschine hatte die Explosion verursacht. Beisner mußte schwerverletzt ins Schwabinger Krankenhaus gebracht werden. Das Landeskriminalamt hat den Fall übernommen und die Großfahndung nach dem Attentäter und seinen Komplizen eingeleitet.

Über das Motiv der Tat wurde gestern offiziell keine Verlautbarung herausgegeben. Es dürften aber politische Gründe mitspielen. Beisner, der so oft auf Reisen war, daß ihn niemand im Haus Blütenstraße 12 kannte, dürfte im Nahen Osten und in Nordafrika Waffengeschäfte getätigt haben. Die Polizei hielt es für richtig, hierüber keine Einzelheiten bekanntzugeben, um die Ermittlungen nicht zu gefährden. Immerhin fiel bei einer inoffiziellen Besprechung der Name der „Roten Hand“, einer französischen Terrororganisation in Algerien. Es ist sicher, daß auch die Polizei in ihren Untersuchungen erst am Anfang steht.

Dr. Beisner kam nur selten nach Hause

Inhaberin der Schwabinger Wohnung ist die Ehefrau des Verletzten. Sie war den Hausbewohnern fast ebensowenig bekannt wie ihr nur gelegentlich zu Besuch kommender Mann. Die Nachbarn mußten deshalb ihre Aussagen im wesentlichen auf die Explosion selbst beschränken. „Es gab einen gewaltigen Krach. Dann fielen uns Glassplitter ins Abendessen“, berichtete eine Hausfrau. In der Umgebung der Explosionsstelle wurden Dutzende von Fensterscheiben eingedrückt. Glücklicherweise wurde niemand durch die Scherben verletzt. Der entstandene Schaden ließ sich gestern abend noch nicht abschätzen.

Auto völlig zertrümmert

Das Auto selbst, eine große amerikanische Limousine mit Zolkkennzeichen, war nach der Explosion ein Trümmerhaufen. Es war ein Wunder, daß die herbeigerufene Feuerwehr den Fahrer noch lebend bergen konnte. „Er war sogar noch bei Bewußtsein“, erzählte ein Feuerwehrmann, der an der Rettungsaktion teilnahm. Ein Sanitätsauto brachte den schwerverletzten Mann auf dem schnellsten Weg ins Schwabinger Krankenhaus. Nach Ansicht der Ärzte ist der Zustand Wilhelm Beisners zwar ernst, aber nicht lebensgefährlich.

Opfer nicht vernehmungsfähig

Obwohl der Verletzte bei der Bergung noch sprechen konnte, hielten ihn die Ärzte für noch nicht vernehmungsfähig, so daß die herbeigerufene Mordkommission der Münchner Krimi-

nalpolizei sich auf die notwendigsten Fragen beschränken mußte. Kriminaldirektor Dr. Manfred Schreiber leitete die Ermittlungen persönlich, während sein Kollege von der Schutzpolizei, Sicherheitsdirektor Dr. Heinrich Martin, die nötigen Absperrungen veranlaßte.

Landeskriminalamt eingeschaltet

Die Münchner Stadtpolizei beschränkte sich im übrigen auf die Sicherung der ersten Spuren, die nicht verzögert werden durfte. Zuständig für Sprengstoffattentate ist das Bayerische Landeskriminalamt an der Winzerstraße, das auch die weitere Bearbeitung des Falles übernahm. Eine Verlautbarung des Amtes über den Fortgang der Untersuchungen war gestern abend noch nicht zu erhalten. Das Landeskriminalamt bearbeitete auch die anderen großen Bombenattentate in München, das Postpaketattentat auf Bundeskanzler Adenauer und den Bombenanschlag auf den slowakischen Exilpolitiker Cernak im Postamt 13 an der Agnesstraße.

Zündfunke löste Detonation aus

Das demolierte Auto wurde in die Polizeigarage an der Dachauer Straße gebracht. Die Untersuchungen ergaben, daß die Höllenmaschine mit großer Raffinesse eingebaut worden war: der Fahrer mußte sie selbst zur Explosion bringen, wenn er das Zündschloß betätigte. Die Sprengladung war unten am Wagen befestigt. Der Zündfunke des Motors löste die Detonation aus. Die Wissenschaftler in den Laboratorien des Landeskriminalamtes bemühen sich, die Herkunft der Sprengladung festzustellen. Bis jetzt ist nur bekannt, daß es sich um einen hochbrisannten Explosionsstoff in fester Form gehandelt hat.

Täter: Mitglied der Roten Hand?

Die Frage nach dem Motiv gibt der Polizei Rätsel auf. Immerhin besteht zwischen dem gestrigen Attentat und den Fällen der Waffenhändler Schlüter in Hamburg und Georg Puchert in Frankfurt eine frappierende Ähnlichkeit. Insbesondere Puchert wurde im März 1959 auf die gleiche Weise getötet, wie man es diesmal mit Dr. Beisner versuchte. In Frankfurt glaubte die Polizei, daß die Terroristenorganisation „Rote Hand“ für den Mord verantwortlich war. jfa/to

Attentat mit dunklem Hintergrund

Waffenhändler Beisner hatte arabischen Paß / Erstes Verhör soll heute stattfinden

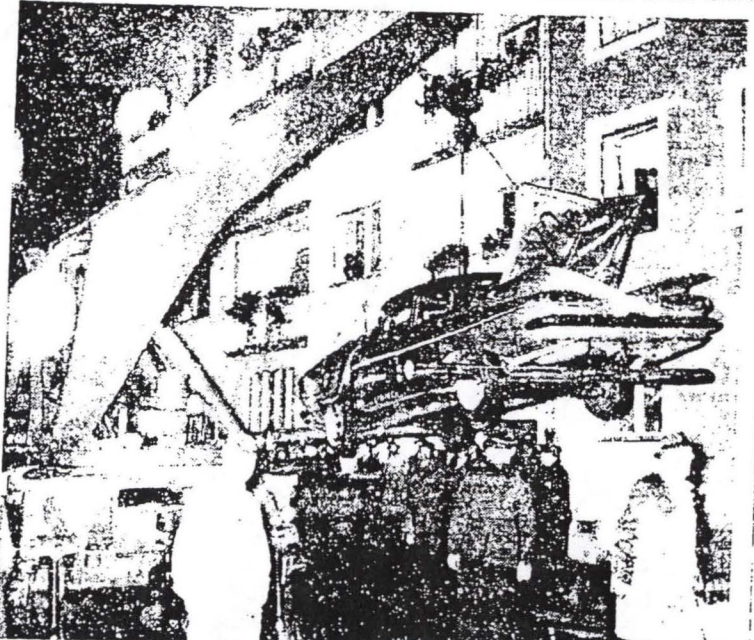

Wie die SZ in einem Teil ihrer gestrigen Ausgabe ausführlich berichtete, explodierte am Sonntag um 18.45 Uhr vor dem Haus Blütenstraße 13 das Auto des 49-jährigen Exportkaufmanns Dr. Wilhelm Beisner. Eine Heftladung, die die Attentäter unter dem Motor angebracht hatten, war beim Anfahren des Autos ausgelöst worden. Entgegen den ersten Ermittlungen hatte der Anlasser des Anfalls nichts mit der Detonation zu tun. Beisner erlitt Verletzungen im Gesicht und am Bein. Die Sprengladung enthielt auch Stahlkugeln, von denen eine in Beisners Wadentatrinne fuhr. Seine Frau entging dem Anschlag wie durch ein Wunder. Sie wollte mitfahren. Während sie die Treppe hinunterging, betätigte ihr Mann den Anlasser. Erst beim vierten Mal sprang der Motor an und der Wagen machte einen Ruck, ehe die Sprengladung zur Explosion brachte.

Die Polizei hat die Ermittlungen über das Attentat auf Beisner fortgesetzt. In der Nacht zum Sonntag wurde ein Mann, der als Zeuge in der Untersuchung identifiziert wurde, von der Polizei in ein Krankenhaus eingeliefert. Er erlitt Verletzungen am Kopf und am Rücken. Die Polizei hat auch die Wohnung des Mannes durchsucht und dort eine Handfeuerwaffe gefunden. Die Polizei hat auch die Wohnung von Beisner durchsucht und dort eine Handfeuerwaffe gefunden. Die Polizei hat auch die Wohnung von Beisner durchsucht und dort eine Handfeuerwaffe gefunden.

Die Nachbarn wußten aber von dem Anschlag nichts. Nur ein Mann, der nur zufällig den Besuch eines Bekannten über das Verbleiben von Beisner fragte, ist in der Lage, noch keine Aussagen zu machen.

War Dr. Beisner SS-Führer?

Die Deutsche Pressenatur will erfahren haben, ob Beisner ein ehemaliger SS-Führer war, der sich in diesen Jahren mit seiner Frau im Orient aufgehalten hatte. Der Kairoer

plötzlich machte. Beisners Auto, ein Chevrolet mit einem neuen Zylinderzeichen, war völlig zerstört worden.

Rätsel um das Zylinderzeichen

Geheimes Zylinderzeichen, nach der Polizei, Rätsel um das Zylinderzeichen. Ein Mann der Exportkaufmanns war in der Nacht zum Sonntag in der Staatsanwaltschaft durch ein Auto mit dem Zylinderzeichen, das ein arabisches Zylinderzeichen führte zu einer arabischen Feststellung, daß Beisner zu seiner Zeit einen nach die saud-arabischen Zylinderzeichen, daß heißt und daß El Rhaad, die Hauptstadt des Wüstentumens, sein offizielles Wohnort war. Er hatte unter Vorbehalt einen Paß, der bei einer Münchner Firma das Auto gefertigt wurde.

Korrespondent der Agentur teilte mit, daß die beiden in der ägyptischen Hauptstadt gelebt hätten, wo der Exportkaufmann einen deutschen Konzern vertreten habe. Anstatt in der Stadt zu wohnen, sei er in einem kleinen Haus in der Gegend von Kairo, das nur wenige Steuerleute und eine Korruption bei Beisner...

verschwunden. Seine Frau sei von den ägyptischen Behörden erst zurückgehalten worden, könnte aber dann doch nach Deutschland zurückkehren. Belsner selbst ging vermutlich von Kairo nach El Rhad. Es ist nicht bewiesen, ob er, wie anfänglich angenommen, über Kairo Waffen an algerische Aufständische lieferte. Aus diesem Grund gibt es zunächst auch keinen Anhaltspunkt dafür, daß die französische Nationalistenbewegung „Rote Hand“ mit dem Attentat etwas zu tun hat.

Die Frau nicht vernehmungsfähig

Sicher ist nur, daß über Belsners Geschäfte nicht viel bekannt war. „Vielleicht geben seine eigenen Aussagen Aufschlüsse“, meinte ein Kriminalbeamter. Frau Alice Belsner erklärte gestern, sie sei wegen des Schocks nicht vernehmungsfähig. Inzwischen befaßt sich das Amt mit den „stummen Zeugen“, den am Auto und am Tatort zurückgelassenen Spuren des Attentats. Teile des Sprengstoffs konnten von der zerbeulten Karosserie gekratzt werden. Im Laboratorium des Landeskriminalamtes an der Türkenstraße werden sie unter die Lupe genommen. Die Staatsanwaltschaft Frankfurt, die sich seit einiger Zeit mit sämtlichen Sprengstoffattentaten auf Waffenhändler in der Bundesrepublik befaßt, nimmt noch nicht aktiv an den Ermittlungen teil. Dagegen wurde das Bundeskriminalamt Wiesbaden eingeschaltet, das die Sonderstaatsanwaltschaft Frankfurt auf dem laufenden hält. Zur Klärung des Falles wurde außerdem gestern eine Sonderkommission aus Experten des Bayerischen Landeskriminalamtes gebildet. Johann Freudenreich

Um Beisners politische Vergangenheit

Polizeiorganisationsgesetz erschwert die Fahndung nach den Sprengstoff-Attentätern

Die Untersuchungen im Fall des Bombenattentates in der Blütenstraße, bei dem der 49jährige Exportkaufmann Dr. Wilhelm Beisner verletzt wurde, stehen unter einem schlechten Stern. Gestern konnten keine merklichen Fortschritte erzielt werden. Frau Alice Beisner war in der Nacht nach der Explosion nicht aufzufinden. Nachdem sie ihren Mann ins Krankenhaus begleitet hatte, kam sie nicht in ihre Wohnung zurück. Tags darauf ließ sie sagen, sie habe einen Nervenzusammenbruch erlitten und könne nicht vernommen werden. Da die Ärzte auch eine längere Vernehmung des Attentat-Opfers im Krankenhaus nicht erlaubten, erhielt die Polizei selbst von dem Geschädigten keine sachdienlichen Hinweise.

Außerdem erschwerte das Polizeiorganisationsgesetz, das die Bearbeitung von Sprengstoffattentaten dem Bayerischen Landeskriminalamt überträgt, eine Zusammenfassung der Kräfte. Das Landeskriminalamt ist nämlich eine sogenannte administrative Behörde, die sich gegebenenfalls Beamte bei den Gemeindepolizeien ausleihen muß. Die Eittstraße mit ihrem hochspezialisierten Beamtenapparat hätte die Ermittlungen zumindest schneller vorantreiben können. Bisher wurde noch nicht einmal ein Fahndungshinweis in der Presse veröffentlicht, worin Augenzeugen des Unfalls um ihre Mitteilung gebeten wurden. Es hätte ja jemand den Attentäter sehen können, als er die Höllen-

maschine an Beisners Auto befestigte. Auch eine Veröffentlichung des Photos des Verletzten hätte vielleicht helfen können. Doch auch davon wurde aus formaljuristischen Gründen Abstand genommen.

Nachforschungen in der Kriegsverbrecher-Liste

Die Ärzte im Schwabinger Krankenhaus operierten am Montagabend den durch eine Stahlkugel verletzten Fuß des Exportkaufmanns. Ob die Operation Erfolg hatte, wird sich erst herausstellen. Zunächst glaubte man, daß der in Mitleidenschaft gezogene Unterschenkel abgenommen werden müsse. Gestern bestätigte das Landeskriminalamt, daß sich Frau Beisner vor ihrer Ankunft in München in Kairo aufgehalten hatte. Es wurde ferner festgestellt, daß Beisner schon einmal, 1954, in München erwartet worden war. Er sollte als Zeuge in einem Prozeß aussagen, erschien jedoch nicht. Auf eine Anregung der SZ hin überprüft die Kriminalpolizei nun Zeit, ob Dr. Wilhelm Beisner mit jenem Beisner identisch ist, der im Dritten Reich zum Stab des SD-Chefs Ernst Kaltenbrunner gehörte. Ein politischer Referent des SD gleichen Namens soll nämlich während des Krieges im besetzten Jugoslawien tätig gewesen und nach dem Zusammenbruch nach Ägypten geflüchtet sein. Eine Anfrage wurde an die Zentralkartei in Ludwigsburg, die eine Liste aller Kriegsverbrecher umfaßt, gerichtet. Das Ergebnis war bei Redaktionsschluß noch nicht bekannt.

1. Reference is made to press reports regarding assassination bombing attempt against SUBJECT at 1845 hours, 16 Oct 60, in Munich, Germany.
2. On 7 Nov 60 Herr HOHN, EKA-SG, advised the writer that this case is being investigated by the LKA Munich, however, EKA-SG is assisting and is following this case with interest due to the possible FLN involvement.
3. HOHN furnished a brief initial report by LKA Munich, which is summarized here:
 - a. At the time and date stated above, SUBJECT entered his automobile in front of 10 Hause Bluetenstr., Munich. As he drove away there was an explosion which caused considerable damage to the car and seriously injured SUBJECT. One leg had to be removed and his eyesight is in danger. He was not able to be interviewed at the time of this report.
 - b. SUBJECT and his wife have resided in Egypt for a number of years. They traveled to Tunis on 10 Oct 60 and departed there by air on 14 Oct 60 for Munich. SUBJECT's wife was registered with the police at 11 Bluetenstr. since that date. They had planned to settle in Tunis.
 - c. SUBJECT had purchased his car on 15 Oct 60, from a dealer in Munich, and parked it at the above address on the evening of 15 Oct 60. He first used the car again at the time of the explosion.
 - d. No arrests have been made to date. The technique used in the bombing is similar to previous cases in Germany involving the FLN - or at least Algerian weapon and munition dealers.
 - e. SUBJECT's wife has refused to furnish information.
4. HOHN noted that the mention of an involvement of an "Allied" service by the press is not true.
5. ACTION: HOHN stated that the SG would appreciate any background information known on SUBJECT in US files. It could be, however, that LKA has already requested this through OCA Munich, or some other

Here he learned the address of Dr. BEISNER from Cairo and in SPAETH's apartment was able to photocopy documents in the possession of Dr. IMAM. These related to arms deliveries to Algeria via Latakia. Kurt WITZKE secretly gave SCHAEFER a document of the Moroccan Consul's, relating to arms deliveries to Algeria. On the basis of this, SCHAEFER secretly informed the French and the Red Hand made its attempt on Dr. BEISNER in Munich, which cost him his sight and a leg.....

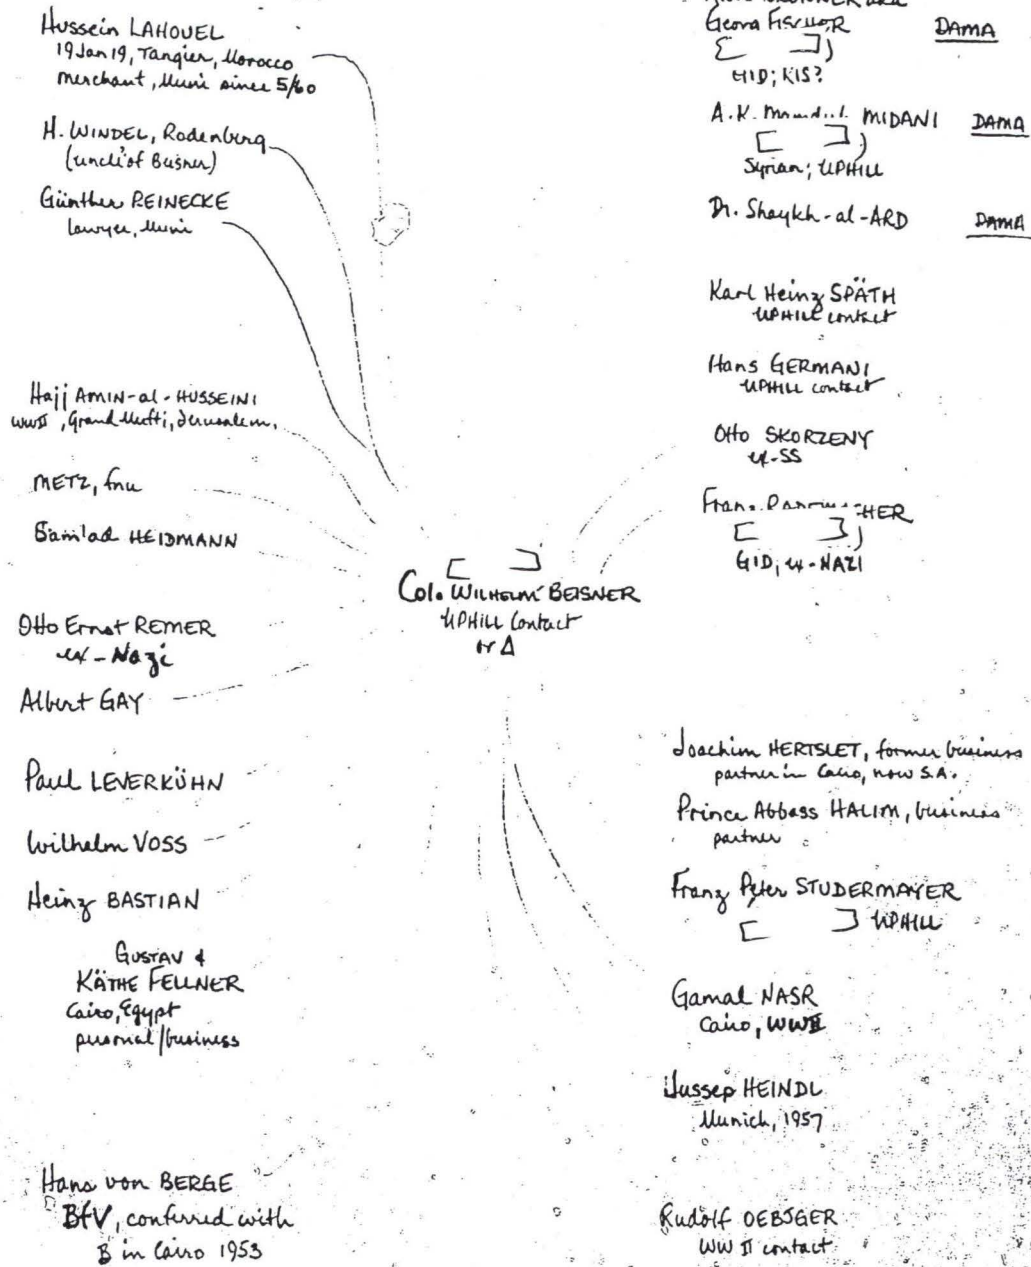

In January 1960 SCHAEFER was expelled from the UAR as an undesirable. Since then he has shifted his field of activity to Beirut. How available Kurt WITZKE is to him ~~WITZKE~~ as an informant now is not known. ... In a letter SCHAEFER claimed that he had paid Dr. IMAM, SPAETH and WITZKE.

.... WITZKE evidently has the best connections with the Syrian police and security authorities. He claimed, however, once under the influence of alcohol that he had worked in the Syrian mail censorship office and had had several rooms there; his business partner, a former mayor of Dama, would always beat him out (?). Significant is the fact that the German correspondent from Beirut, A Jew, always visited WITZKE, when KATER was still able to travel to Dama which the Syrian security authorities have now prevented. WITZKE has claimed even now that HOLM a Frenchman living in Beirut, who once served as an expert with the Syrian Army, worked at that time for the Syrian as well as the French secret services. "....

<p>1. Subject was the object of a bombing attack in Munich on 16 October 1960. There has been considerable speculation that the Rote Hand was behind the attack as Subject has been accused of supplying the FLN with weapons. Subject is also thought to have an intelligence connection with UPHILL although its extent and nature are not known to us. In late November or early December 1960, () of COS, Germany, learned that the French had instituted letter intercept coverage on the Munich apartment of Subject's wife, Frau Alice BEISNER, Munich, Blumenstrasse 13. () arranged with CALLIKAK-1 for KUBARK to receive copies of the intercepts. To date we have received three intercepts, from which we have extracted the following names and information.</p> <p>I. PERSONALITIES:</p> <p>A. Hans GERMANI (), the originator of both letters and apparently the person who is trying to arrange the remnants of Subject's affairs in Cairo. <i>Wilhelm Beisner</i></p> <p>Munich traces on GERMANI are as follows:</p> <p>VIEN 6856, 30 November 1955: () Austrian security Police source states routine criminal investigation reveals Hans GERMANI, born 11 April 1927 in Trieste, living Vien XVII, Waehringerstr. 138/22 is (UPHILL) agent. GERMANI is Spiegel (Der Spiegel, West German weekly magazine), reporter for Vien.</p> <p>PULL 2644, 1 December 1955: Verbal info from (UPHILL) in connection Karl ZUGBRATL flap revealed that GERMANI, Spiegel representative in Vien, had obtained list dated 1951 of known intelligence personalities in Austria from Armand FELLNER (See B. below) allegedly working for French commissariat of HICOG Vien and who ran a press service called INTERSPORT together with Peter RINDL and Theodor ALBERT. GERMANI passed list to Frau PLATZER (probably Alfred) who passed to (UPHILLER) Franz Josef BERNTHALER. We note FELLNER FIS agent and ALBERT USANCE agent.</p> <p>EGLW 2083, 9 December 1955: Cited ODOPAL report dated 13 November 1953 to the effect that, Hans GERMANI, formerly of Vienna and employed as a correspondent for the Spiegel review, Hamburg, simultaneously worked as a casual informant for (UPHILL).</p> <p>NECA 8630, 3 July 1959 (available to all addressees): SIPARASANG reported that Hans GERMANI is working with the Jordanian I.S. This was also reported by Abd-Al Azim Ibrahim FAHMI, Director General of the CID to Amin SHAKIR, Director General of the UAR Presidential Private Secretariat.</p> <p>EGMA 45118, 14 October 1959: (available to all addressees): Reported that GERMANI was the permanent correspondent of Der Spiegel in Tel Aviv.</p> <p>B. Frau Frau FELLNER and Herr Frau FELLNER play a large role concerning the disposition of the BEISNER apartment (presumably in Cairo) and Herr FELLNER advises GERMANI that BEISNER cannot personally carry on the business in the future as he is on the black list (presumably of the Egyptian Government).</p>

<p>B. Frau Fnu FELLNER and Herr Fnu FELLNER (Continued)</p> <p>There are many FELLNERS carded in Munich, however one appears the most likely due to past associations with GERMANI. Since many of the references are repetitious, we will summarize our information:</p> <p>Armand FELLNER (born 16 July 1902 in Vienna, (reported by UPHILL in December 1955 as coming from Alsace and as being married to a woman born in Berlin), lived in Vienna prior to 1938 when he emigrated to France for racial reasons. During World War II he served in the Maquis and was reportedly a member of the French Communist Party. In 1945, he returned to Austria as a member of the French occupation forces and may have been an intelligence officer. Later, allegedly because of his Communist affiliations, he was discharged and founded with Ernst Peter RINDL the press clipping agency, Interreport-Ost. Since Interreport-Ost existed without evidence of having sufficient advertising to support it, it was suspected (by whom not specified) that it was supported by French Intelligence. FELLNER is reported to have been approached by an unidentified eastern intelligence service but to have turned down the recruitment. In 1951, FELLNER maintained close contact with the Israelis in Vienna. (All of the foregoing stems from an UPHILL memorandum to KUBARK/Munich dated 13 December 1955. We do not have any record of its being forwarded from Munich). A 1952 CIC report states that in an interview with Dr. Fritz MEZNIK, head of the Press Section of the Austrian Federal Chancellory, it was learned that FELLNER was recommended to MEZNIK by the French authorities and provided information on the Soviet Bloc. Because he was too free spoken, however, FELLNER soon became known as a French agent and had to move to Western Austria. FELLNER maintained his good contacts and used the information for Interreport-Ost as well as providing Radio Free Europe with material. A 17 November 1952 memorandum from USCOA (to G-2) reported that, according to KOENIG, Chief of Interreport (Ost), the FIS representative on the Interreport staff, FELLNER, had left Interreport. FRAN 6193, 17 January 1956 cites MAV 371, 30 January 1948 as reporting that, "Armand FELLNER associated with FRAWAG, French I.S. cover firm Vienna and of intelligence interest". The following references also mention Armand FELLNER, but do not add anything to the above: EASA 1271, 27 April 1953, EASA 1600, 2 July 1953, EASA 1608, 2 July 1953 and MUNI 5368, 4 February 1958.</p> <p>C. Rudi STAERKER, presumably identical with Rudolf STAERKER</p> <p>MGLA 6888, 14 June 1951, para 2c., listing of reports passed by (UPHILL) to the Swiss: "Report on Rudi STAERKER who is connected with the HELITR firm in Lausanne.</p> <p>EGLA 882, 6 November 1952 (Attach.), UPHILL trace reply to the French: "Our information on STAERKER agrees with yours, especially concerning his stay in Switzerland. His alleged move to Egypt and his alleged weapons dealing are unknown to us".</p> <p>State Department telegram (SECRET) from Brazzaville dated 13 December 1960, sent to the Department under #167, Control No. 723, reported that a Consortium representing SCHNEIDER of Paris, KOCHTIE of Essen and unlisted Swiss banks are negotiating for the construction of the Kouilou Dam. Rudi STAERKER who is named as one of the leaders of the consortium and referred to as instrumental in the Russian Aswan Dam deal allegedly urged YOULOU to release LUMUMBA to attend the Brazzaville conference (presumably to discuss the dam).</p> <p><i>Handwritten notes:</i> EGYPT; Dug: ca 29; VIENNA, Garden City, Austria; Hassan ALLAM; EGLA 24828, 27 August 1957, UPHILL trace request on individuals mentioned by KUBAINSKY: para 1 i.; "ALLAM, Hassan, Egyptian, ca 28 years old, single, lives with his family in an apartment in the section of the city called Garden City. He has studied off and on in Vienna. (Our comment: Another link to Vienna possibly strengthening foregoing identification of FELLNER). His father is dead and his mother lives with him as does a brother who is studying at the University of Cairo, and one unmarried sister. Another brother is a Captain in the 'Egyptian Liberation Army.' He is 1.67 m. tall, very slim, dark wavy hair, dark complexion, a little beard, speaks good German. He delivered a report in November 1956 as a mission for Captain Ahmed GONED about the Egyptians living in Vienna. ALLAM has many debts, smokes Haschisch and leads a loose life. Understands nothing about politics, allegedly, but is pro-Soviet." EGMW 5272, 20 December 1957 in reply to above, reported that one Hassan ALLAM was arrested in June 1952 for subversive</p>

activities in Cairo.				
<p>E. KHALIL (unknown if first name or family name): According to DIR 40015, 14 August 1959, General Khalil JAMIL, at the time of the Iraqi coup was the third ranking Iraqi officer and the Deputy Chief of Staff of the Joint Iraqi-Jordanian army. The republican Government retired him at the time of the coup.</p>				
<p>MOLA-3391, 19 September 1950 reported that the leader of UPHILL's field base, BF 90, (the cover firm A. SIEBERT and H. SCHWENNIGER Import/Export firm, No. 42 auf dem Haigst, Stuttgart-Degerloch) acted in the capacity of German agent for the Armando de JAGER brokerage firm in Trieste. De JAGER, born in Post Said in 1902. De JAGER reportedly had an office or agent in Syria called KHALIL and PATTAL Pils, Telephone Aleppo 3238 or Damascus 316.</p>				
<p>F. MEYER-RANKE: The only trace we have is mention that MEYER-RANKE will be in Hamburg from 23 November 1960 in order to attend the UAR colloquium in the Institute Rissen; traveling thereafter to Berlin and Bonn which is contained in a letter believed to be from an UPHILL source in Cairo to a known UPHILL letter drop in Germany.</p>				
<p>G. Munich files contain no traces on TUBAL, Mustapha MOUSSA, Herr Kamal FAHMY and LAMBELET. We are unable to identify Herr ENDERS or Adolf FRANK.</p>				
<p>II. <u>SUBSTANCE OF THE INTERCEPTS:</u></p>				
<p>A. Letter dated 20 November 1960 from Hans GERMANI to Frau Alice BEISNER, handcarried, presumably from Cairo to Hamburg, by MEYER-RANKE:</p>				
<p>GERMANI reports that TUBAL has spoken with the chief of the G.D. and the "matter" cannot be rushed since the financial aspects are so enormous. They wish to let the matter rest for about 3-4 months after which Herr BEISNER will be called to the embassy (nationality unidentified) in Bonn and TUBAL will be informed in Cairo that everything is finished. BEISNER's work cannot be resumed by him due to the increasing enmity against foreigners (GERMANI gives as testimony to this the fact that Rudi STAERKER has left the country) and TUBAL made two suggestions - either let one Mustapha MOUSSA (who GERMANI met in Lappas and whom GERMANI describes as a vulture who's only concerned with the present and a typical low-down sharpie) become the direct representative of the German firms and give the Doctor (BEISNER) a percentage or let TUBAL do it himself. GERMANI comments that a decision may be reached or may not in 3-4 months and that TUBAL is doing everything possible. FELLNER has told GERMANI that BEISNER is on the black list and it is true that further business is impossible for BEISNER in Egypt. FELLNER also said BEISNER was at fault for not sending his commissions here (to Cairo) as the law says he should have. The rest of the letter concerns the disposition of the BEISNER apartment, in which it appears the FELLNERS are living, and of the BEISNER personal possessions. Herr Kamal FAHMY is mentioned as being covetous of the apartment. GERMANI says he's willing to make an offer for the BEISNER's refrigerator and gas stove but can also get them through MEYER-RANKE and DIE WELT at a discount.</p>				
<p>B. Undated letter from GERMANI to Frau BEISNER mailed on 5 December 1960 from Hamburg (not known how letter got from Cairo to Hamburg as no indication GERMANI not still in Cairo): This letter concerns disposition of property in the BEISNER's Cairo apartment. Herr K. LAMBELET is mentioned as wanting his radio back which GERMANI won't release without written permission from Frau BEISNER. Herr ENDERS informed GERMANI that the German Consulate would never bother itself with acting as referee in a dispute between LAMBELET and GERMANI over the radio. Frau FELLNER saw Hassan ALLAM who said he would not give back the typewriter and chair until GERMANI brought a release from the court's attachment order. GERMANI mentions that KHALIL won the process and the items are still attached. GERMANI paid 3 pounds to Mohammed (a BEISNER servant ?) which was what Tina (Frau GERMANI ?) figured was owed him. Masur (another servant?) wants to go to the hospital and then back to his village when the future is clear.</p>

He may be the Egyptian representative of the Spanish arms factory "Alfa". BEISNER is a business partner of Joachim Hertslett in the Cairo firm known as the "Egyptian Continental Trading Company". This firm has a bad reputation. It deals in a wide number of European commodities, and reportedly dabbles in illicit traffic in arms and strategic materials. In any case BEISNER has close contacts with Otto SKORZENY who now lives in Spain and is a representative of Alfa. 1. Recent intercepts on the BEISNER residence in Munich have produced the following items:

a. A letter in German dated 10 February 1961 from the Hamburg Import-Export Firm; TERRAMAR Gm.b.H., signature illegible, in which William (sic) BEISNER is reminded of the previous correspondence from the firm. This letter reminds BEISNER that he had been informed by TERRAMAR that the firm, MADWAR, in letter dated 30 October 1960 had informed (TERRAMAR) that "all payments had been made to you" (BEISNER). TERRAMAR requests BEISNER's reply.

b. A letter in French dated 17 January 1961 mailed from Tunis and signed /Chérif/. The text is as follows:

"I had hoped for your arrival on the 15th of January as agreed, but as I always do, counting on the unexpected, I made no fixed dates with leading personalities. We dined together and talked briefly, and because I found myself in a false position, I preferred to postpone the discussion until your return. Dear friend Willi, tell me truthfully, must I maintain the friendships for our future affairs or can I consider them simple relationships. You understand that, after all our changes of plan, contacts and interruptions, I cannot (word illegible) them without embarrassment."

c. A letter in French enclosed with the above from M. HEHRER (approximation of signature), wishing the BEISNERS the best for the coming year and saying that the writer has often talked about the BEISNERS, especially with "the friends of MARSA."

d. A letter in German dated 21 January 1961 from A. FRANK of FRANK & SCHULTE Handesgesellschaft M.B.H., Essen. The letter contains personal sentiments and the information that Herr HAX and Herr Dr. REUTHER are on leave so that the matter mentioned by BEISNER in his letter can't be taken care of until their return "the week after next."

2. Munich files contain no identifiable traces on the MADWAR firm, nor on M. HEHRER, A. FRANK, HAX or Herr Dr. REUTHER.

3. The only trace on FRANK & SCHULTE, Essen, is a carded notation that Bernhard SZPYDOWSKI gave fnu MAX of FRANK & SCHULTE as a reference (see EGMA-36448, 24 October 1956). UPHILL association with TERRAMAR is well documented in traffic concerning Franz STUEMAYER ([])

4. We will defer to EE concerning further dissemination of the above intercepts. We are attaching the intercept of the letter from CHERIF for EE as the combination of the handwriting and our very rusty French does not make us confident of our translation's complete accuracy.

Chief, CACROZE was recently informed by the ODIBEX representative at CACROZE that, according to the latter's LKA contacts, several UPHILLers arrived at Subject's apartment very shortly after the bombing incident and searched the apartment, presumably for incriminating material.

REFERENCE(S)
EGMA-53931 dated 8 March 1961 (To EE and FRAN only) *to L; AF/NIAT; L...*
subject Wilhelm Beisner filed.

1. Since reference, additional correspondence addressed to Subject or his wife has been forwarded to MLB for analysis in keeping with the procedure originally instituted. On 31 March 1961 CALLIKAK provided us with a letter addressed to Dr. Beisner which, because of its content, merits complete translation and speedy dissemination to addressees.

2. For the benefit of addressees, except MLB and EE who are aware of this, we must state that the CALLIKAK coverage on Beisner was originated by UNION right after Beisner had been involved in the bombing accident. We are getting an extra copy of this coverage unbeknownst to [] since CALLIKAK is an ODIBEX installation and, through our liaison, generally aware of matters of interest to us. The fact that we have access to Beisner's incoming mail must therefore remain restricted to KUDARK personnel.

3. As a result of the letter translated below and the suspicion that UPHILL has had or may still have some type of connection to Beisner, it has occurred to us that the real initiator of the Beisner coverage was UPHILL and that [] is acting as a cutout for UPHILL in order not to record UPHILL's interest in Beisner with us. Since the coverage was initiated at a time when Identity-1 was the liaison officer to UPHILL, this could have been done quite easily. *Cal. MERCER ([])*

4. The envelope of the letter quoted below is postmarked 25.3.61-15h DAMAS and carries the following typewritten return address at the top of the back flap: G. Rischer, P.O. Box 635, Damascus/Syria, UAR.

5. The letter reads as follows: (Formal "you" is used throughout.)

"Dear Comrade Beisner: Heartfelt thanks for your letter of 15 February 1961. In reply I can state that I have been assured that nothing is known here why you would not be allowed to come here. On the contrary, my friends would be delighted to talk with you face to face. And I would be particularly delighted if we could see each other. For various reasons, however, this creature (diese Kreatur) is still in my apartment. If this would not be the case, you would have to stay with me.

"Above all I am delighted that you have been discharged from the hospital. Please be patient with your first walking attempts.

"In regard to the other (person) in Beirut, Mr. Spaeth has been constantly on the road. He (Spaeth) wrote me unbelievable things on this. I assume that he will surely visit you now since this matter has been concluded. When he visits you he should phrase the article in such a manner that it will not be misinterpreted here. He (Spaeth) is certain that Sch. will then be jailed. A few days ago I read his January 1961 issue of afroasia. This contained such attacks and lies against the UAR or Egypt and Syria and our leading personalities that they can be exactly equated with the Zionist propaganda against Germany since 1936.

"In regard to the cement factory project, I must wait until my acquaintance von Doha returns. If it should be of actual interest and Kirchfeld should drop it or absolutely need competition, I shall write you all details.

- Betreff: 1. LAHOUEL (phon. LAUEL) Hussein, led. Kaufmann, geb. 19.1.1919 in Tanger/Marokko, wohnhaft seit 15.5.1960 in München, ab 5.8.60 Adalbertstr. 51 und seit 23.2.61 Schleisheimerstr. 126/I, Appartement 15
2. MALIK Salem-Hamid, led. Student, geb. 5.5.1937 in Wagirabad/Pakistan, wohnhaft seit 1955 in München, gegenwärtig Schleisheimerstr. 126
3. SZPERLING Alena, geb. NEMECKOVA, geb. 10.8.1925 in Budweis (CSR), geschiedene Geschäftsinhaberin, wohnhaft in München, Pfeufferstr. 14/IV bei BUCHMAYER

Vertraulich wurde hier bekannt, das Hussein LAHOUEL, der seit 15.5.60 als Privatmann in München lebt, in Verbindung mit Dr. Wilhelm BEISNER, geb. 18.8.1911, gestanden haben soll. LAHOUEL der über erhebliche Geldmittel verfüge, sei häufig unterwegs, unterhalte einen regen Postverkehr und führe des öfteren Ferngespräche mit dem Ausland. In den späten Abendstunden seien des öfteren aus seinem Zimmer (Adalbertstr. 51) morseähnliche Laute vernommen worden.

Ständige Besucherin in seiner früheren Wohnung war eine ca. 25-jährige Frau, angeblich Tschechin, bei der es sich vermutlich um Alena SZPERLING handelte. In der neuen Wohnung (Schleisheimerstr. 126) soll LAHOUEL mit dieser Frau zusammenleben.

SZPERLING steht unter dem Verdacht, verräterische Beziehungen zum tschechoslowakischen Nachrichtendienst zu unterhalten. Ein diesbezügliches Strafverfahren beim Bayer. Obersten Landesgericht wurde am 1.3.61 wegen Mangels an Beweisen eingestellt.

Auf den die SZPERLING betreffenden Schriftwechsel:
dort. Anfrage vom 28.10.1958 OCA/LfV 58-575 und
hies. Antwortschreiben vom 5.11.1958, Nr. 2631,
wird hingewiesen.

In engem Kontakt zu LAHOUEL soll Salem-Hamid MALIK stehen, welcher vorgab, an der Münchner Universität zu studieren. MALIK soll dort während des Wintersemesters 1958/59 immatrikuliert gewesen; dann aber wegen Nichtbeteiligung gestrichen worden sein. Er soll die Unterkünfte in München öfters gewechselt und zumeist in Studentenheimen gewohnt haben. Im Januar 1961 hielt er sich angeblich in Frankfurt/Main, Moselstr. 52, auf. Seit 1.2.61 wohnt er wieder in München, Schleisheimerstr. 126, wo er, wie LAHOUEL, ein 1-Zimmer-Appartement inne hat.

Da Beschwerden von Appartement-Nachbarn MALIKs vorgelegen hatten, die sich in den späten Abendstunden durch morseähnliche Geräusche aus MALIKs Zimmer gestört fühlten, habe die Hausverwaltung eine Wohnungsbesichtigung durchgeführt und dabei eine komplette Sendeanlage englischen Fabrikats entdeckt.

Laut Auskunft des Polizeipräsidiums München ist MALIK Besitzer des Kraftwagens Opel-Kapitan mit dem polizeilichen Kennzeichen M - KR 166.

Die über SZPERLING beim Polizeipräsidium München aufliegenden Vorgänge sind hier bekannt.

Es wird um Mitteilung gebeten, welche Erkenntnisse über LAHOUEL und MALIK dort aufliegen.

- SUBJECT: 1. LAHOUEL (phonetic spelling: LAUEL) Hussein, born on 19 January 1919 in Tangier, Morocco, single, merchant, has been in MUNICH since 15 May 1960, residence: Munich, Adalbertstr.51 (since 5 August 1960), Schleissheimerstr. 126/I, apt.15 (since 23 Feb 61);
2. MALIK, Salem-Hamid, born on 5 May 1937 in WAGIRABAD, Pakistan, present residence: MUNICH, Schleissheimerstr. 126 (has been in Munich since 1955);
3. SZPERLING, Alena, née NEMECKOVA, born on 10 August 1925 in BUDWEIS, CSR, divorced, business woman, residence: MUNICH, Pfeufferstr. 14/IV, c/o BUCHMAYER.

According to confidential information, Hussein LAHOUEL, who has been in Munich as a private individual since 15 May 1960, is said to have been in contact with Dr. Wilhelm BEISNER, born on 18 August 1911. In addition, the information indicates that LAHOUEL has considerable financial means, is traveling a good deal, receives much mail and conducts frequent telephone conversations with foreign countries. "Morse-like" sounds were allegedly often heard coming from his room (at Adalbertstrasse 51) in the late evening-hours.

A regular visitor in his former apartment was a woman, about 25 years old, allegedly a Czech, who is believed to be identical with Alena SZPERLING. He is said to be living with this woman in his present apartment (Schleissheimer Str. 126).

Alena SZPERLING is suspected of maintaining treasonable contacts with the Czechoslovak intelligence service. Criminal proceedings which in this connection had been instituted against her by the Bavarian Supreme Court, were discontinued on 1 March 1961, for lack of evidence. In regard to SZPERLING reference is made to your letter dated 28 October 1958, OCA/Lfv 58-575, and our reply dated 5 November 1958, no.2631.

Salem-Hamid MALIK, who pretended to be studying at the Munich University, is said to have close contact with LAHOUEL. MALIK allegedly was enrolled at the University during the 1958-59 winter semester, but was deleted from students rolls because he failed to attend classes. He repeatedly changed quarters and lived mostly in students' homes. In January 1961 he allegedly stayed in FRANKFURT/Main, Moosstrasse 52. On 1 February 1961 he returned to MUNICH, Schleissheimerstrasse 126, where he, like LAHOUEL, has a one-room apartment.

When MALIK's neighbors complained that during late evening hours they were disturbed by noises resembling Morse code signals, coming from MALIK's room, the administrators of the house made an inspection of MALIK's apartment and on this occasion discovered a complete transmitting station of British make.

According to information obtained from the Danish Police Precinct, MALIK is the owner of a car, Opel-Engines, with license number N-11 146.

The contents of MALIK's dossier with the DANISH Police Precinct are known to the LFF.

The LFF requests to be furnished all information available in regard to LAHOUEL and MALIK.

<p>1. From the number of CALLIKAK reports provided since Reference, it becomes clear that Subject is going full tilt in re-establishing himself in business. The correspondence with G. Rischer in Damascus is particularly heavy, and the recent CALLIKAK reports establish that the signature on these letters is Rischer rather than Fischer as noted in paragraph 5 of Reference.</p> <p>2. In order to speed dissemination to affected or interested addressees the following pertinent extracts from a letter written by Rischer to Subject dated 25 April 1961 are quoted below.</p> <p>"Dear Comrade Beisner,</p> <p>May I right at the beginning acknowledge your two letters with thanks, and immediately reply to your questions in the letter of 16 April. The man lives in Beirut in Myrtoum House (American plan), telephone 226068, and reportedly flew to Germany two days after Easter; this would have been 4 April. It is further reported that he is expected back soon and urgently. <input type="checkbox"/> <input type="checkbox"/> also numbers among his friends but <input type="checkbox"/> <input type="checkbox"/> always denies when in Damascus that they are friends. He (the man) is interested in every German who appears in Beirut. I can also assure you that there exists genuine, black and white evidence that he is very strongly interested in transport routes. I would not want to write any more in this letter today since you will probably come here at some occasion after all.</p> <p>"The fat one doesn't write any more since Easter. I thought already he had keeled over (note: to be read in the sense that the fat one had switched sides), but then he would have written even more. Please, could you call him and in passing gain some information? Do not tell, however, that I have written to you. Apparently he underrated the man from Myrtoum House after all and the latter has now stopped all of his work. He has sent me already the introduction to his article which was really excellent. Or has something happened to him? Please drop me a line on this one.</p> <p>".....Please, could you obtain for me the article from the East Zone paper? I would be most grateful and I would like to use it to call the attention of my friends to the wind in this direction. By the way, the new book by Wiesenthal, 'I Hunted Eichmann,' you must read by all means.</p> <p>"Yesterday I spoke with Engineer Branco who sits in the 'big projects division.' He did not remember knowing you personally. In regard to the Yusuf Pascha Dam project, he said that it will take at least a year, if not longer, until the 'Lastenheft' can be issued. The project itself is figured to take five to six years. From this you can judge the size of it. He also told me that an Engineer Kramer of Kunze & Co., Munich, is in Damascus just now and is collecting his own information in connection with the Yusuf Pascha Dam."</p> <p>The remaining two paragraphs of this letter concern business deals of possible interest to Beisner but do not mention individuals.</p>

3. From previous correspondence and the attachment to EGMA-52780, it is clear that "the man" of paragraph one of the above letter is Herman Schaefer ([]), and that the "fat one" in paragraph two of the above letter is Karl Heins Spaeth, previously mentioned in EGMA-53882 and EGOA-14075. The correctness of this interpretation is further shown by the fact that Rischer refers to "the fat Spaeth" in a letter of 15 April 1961 to Subject.

DEAR DOCTOR BEISNER,

I LEARNED WITH VERY GREAT SORROW OF THE ACCIDENT WHICH BEFELL YOU AND WROTE IMMEDIATELY TO MADAME BEISNER ASKING HER TO LET ME HEAR FROM YOU. I HAVE BEEN VERY SURPRISED NOT TO HAVE RECEIVED ANY REPLY TO THE THREE LETTERS WHICH I SENT YOU. DR. CHEIK EL ARD WHO HAS RETURNED TO DAMAS AND HAS RESUMED HIS WORK IN HIS OFFICE WAS THE ONLY ONE WHO GAVE ME NEWS REGARDING YOUR HEALTH STATUS WHICH I VALUE.

I HAVE LEARNED THAT YOU HAVE BEEN FALSELY INFORMED THAT THE GERMAN JOURNALIST SCHAEFFER HAD INFORMED ME OF THE DANGER WHICH WAS FACING YOU AND THAT I HAD ABSTAINED TO KEEP YOU ADVISED IN A TIMELY MANNER. THE TRUTH IS ENTIRELY DIFFERENT. WHEN SCHAEFFER ARRIVED IN DAMAS IN THE SUMMER OF 1959 I MADE HIS ACQUAINTANCE THROUGH ROSELLO AND IMMEDIATELY MISTRUSTED HIM. TWO WEEKS LATER I LEFT DAMAS TO VISIT MY SON IN GERMANY. DURING THE COURSE OF THIS TRIP I COMPLETED THE INQUIRY WHICH I HAD OPENED AGAINST HIM AND ACQUIRED ALL THE NECESSARY ELEMENTS ON THIS SUBJECT. FIRST OF ALL, SCHAEFFER HAS NO CONTACT WITH MR. VON HENTIG, BUT WORKED FOR THE RUSSIANS AND AT PRESENT FOR AN ISRAELI AGENT AND AT THE SAME TIME FOR A FRENCH AGENT. HIS WIFE IS A MEMBER OF THE SECRET GERMAN COMMUNIST PARTY. HAVING ACQUIRED THIS INFORMATION, I WROTE ROSELLO TO BREAK HIS RELATIONSHIP WITH SCHAEFFER AND THIS HE DID. - SCHAEFFER, NO LONGER IN CONTACT WITH ROSELLO, FOUND A NEW VICTIM IN A CERTAIN HERR SPAETH THROUGH WHOM

HE OBTAINED AND FINISHED HIS INVESTIGATION OF THE GERMAN POLITICAL REFUGEES IN OUR COUNTRY AND OF THE TRAFFIC AND THE SALE OF ARMS TO THE ALGERIAN REVOLUTIONARIES. THROUGH THE INTERCESSION OF SPAETH HE ESTABLISHED A RELATIONSHIP WITH DR. FATTAH EL IMAM FROM WHOM HE OBTAINED IMPORTANT DOCUMENTS REGARDING THE SALE OF ARMS TO THE ALGERIANS. SCHAEFFER TOOK PHOTOS OF THESE DOCUMENTS. ALL THE INFORMATION AND PHOTOS WHICH SCHAEFFER PUBLISHED IN THE GERMAN PRESS, HE OBTAINED FROM SPAETH AND IMMAM. UNFORTUNATELY FISCHER WAS CONSTANTLY IN TOUCH WITH SPAETH TO WHOM HE REVEALED MANY SECRETS WITHOUT TAKING INTO CONSIDERATION THAT SPAETH SOLD HIS INFORMATION TO SCHAEFFER.

TODAY I MUST TELL YOU THAT SCHAEFFER'S THREAT THAT HE WOULD BLOW YOU TO PIECES, CAME TO MY ATTENTION ONLY AFTER THE ASSAULT AGAINST YOU. FISCHER REPORTED TO ME TO HAVE UNDERSTOOD THE GERMAN JOURNALIST GERMANI TO SAY THAT SCHAEFFER HAD TOLD HIM /GERMANI/ THAT "BEISNER WILL SOON BE BLOWN TO PIECES". I IMMEDIATELY CALLED HERR GERMANI TO ME AND LET HIM SIGN A STATEMENT CERTIFYING THE TRUTH REGARDING SCHAEFFER AND ADDED THIS STATEMENT TO SCHAEFFER'S DOSSIER IN OUR MINISTRY AS MATERIAL PROOF OF SCHAEFFER'S KNOWLEDGE OF THE ASSAULT AGAINST A FRIEND SO DEAR AS YOU. IF HERR FISCHER HAD INFORMED ME OF THIS CONVERSATION BEFORE THE ASSAULT, I WOULD HAVE TAKEN OTHER MEASURES AGAINST SCHAEFFER. ON THE OTHER HAND I MUST REVEAL A SECRET - I MADE TWO ATTEMPTS TO KIDNAP SCHAEFFER FROM BEIRUT AND TO BRING HIM TO TRIAL IN DAMAS. THE FIRST TIME IN MAY 1960 AND THE SECOND IN DECEMBER 1960 AFTER MY RETURN FROM GERMANY. UNFORTUNATELY I WAS NOT SUCCESSFUL BECAUSE OF THE TREACHERY OF A GERMAN WOMAN IN BEIRUT WITH WHOM THIS COUP WOULD HAVE HAD TO BE CARRIED OUT.

RIGHT NOW WE ARE DOING EVERYTHING POSSIBLE IN OUR POWER TO ARREST THIS CRIMINAL IN ORDER TO MAKE HIM PAY FOR HIS CRIMES AGAINST THE VITAL INTERESTS OF OUR COUNTRY AND AGAINST THE FRIENDS OF OUR COUNTRY SUCH AS YOU. ONE DAY HE WILL FALL INTO THE TRAP. IN THIS CONNECTION I HAVE JUST LEARNED THAT THE GERMAN JOURNALIST GERMANI HAS VISITED ISRAEL. HE IS A FRIEND OF FISCHER WHO HOPES TO OBTAIN INFORMATION FROM GERMANI. ACTUALLY FISCHER WORKS FOR OUR ABWEHR /AS USED IN THE LETTER/ TO CONTROL THE GERMANS AND FOREIGNERS.

I AM STILL IN THE SAME JOB, ONLY MY OFFICE IS LOCATED IN THE OFFICE OF THE OFFICER OF THE 'L'ETAT CIVIL' BECAUSE THE DOCTOR HAS FORBIDDEN ME TO CLIMB THE STAIRS OF THE SERAIL. -THIS MOVE HAS BEEN INTERPRETED AS A JOB CHANGE. THE TRUTH IS THAT I STILL HAVE THE SAME JOB AS TWO YEARS AGO. I HAD ASKED FOR A TRANSFER TO THE FOREIGN MINISTRY AT THE REQUEST OF OUR AMBASSADOR AT BONN, BUT OUR MINISTER SARRAG DID NOT AGREE AND PREFERRED TO KEEP ME WITH HIM.

I WOULD BE MOST GRATEFUL TO RECEIVE SOME NEWS FROM YOU AND I REQUEST TO PRESENT MY RESPECTS TO MADAME BEISNER AND TO BELIEVE THE EXPRESSION OF MY SINCERE FRIENDSHIP.

2. THE LETTER IS UNSIGNED AND THE ENVELOPE WHICH BEARS NO RETURN ADDRESS SHOWS THAT IT WAS MAILED IN BEIRUT ON 10 MAY 1961.

3. THE ABOVE LETTER THROWS CONSIDERABLE LIGHT ON SOME OF THE CORRESPONDENCE FROM G. FISCHER WHICH WE PROVIDED IN PREVIOUS DISPATCHES. IT ALSO CORROBORATES EGMA-54517.

4. ANOTHER LETTER FROM KAETHE FELLNER, VILLA TADROS IBRAHIM, MEHALLA AL KOBRA, EGYPT, INDICATES THAT THE BEISNERS INTEND TO TRANSFER THEIR DOMICILE TO TUNIS DURING MAY 1961. IF THIS MOVE COMES OFF, OUR ABILITY TO KEEP TRACK OF BEISNER'S ACTIVITIES WILL OF COURSE COME TO AN END.

Sehr geehrter Herr Dr. Beissner!

In Wiesbaden traf ich letzte Woche den Abgesandten der
Ägyptischen Regierung, Mr. Tobal, der anlässlich der Über-
führung des ermordeten Tunesiers Ben Mousf nach Frankfurt
gekommen war. Bei unserem Gespräch fiel Ihr Name, und ich
hörte, dass Sie in Grossen und Ganzen wieder hergestellt sind.
Da ich im Moment nicht weiss, wo sich unser Korrespondent
Dr. Jernani aufhält, wende ich mich jetzt direkt an Sie.

Wie Ihnen sicherlich noch erinnerlich, hatte ich anlässlich
ihres Krankenhausaufenthaltes in Schwabing bereits versucht,
mit Ihnen Kontakt aufzunehmen. Wir planten damals, Ihre Ge-
schichte zu schreiben. Wenn ich richtig informiert wurde, wa-
ren Sie generell damit einverstanden, baten jedoch um Ver-
schiebung des Termins.

Ich glaube nunmehr, dass es an der Zeit ist, mit der Arbeit
zu beginnen. Wie Sie wissen, denke ich bei Ihrer Lebensschil-
derung an die Geschichte eines zweiten Lawrence, das Leben
eines Mannes mit unsagbar vielen Abenteuern, die sich alle
zwischen Berlin, Rom, Tunis, Kairo in einer Zeit abspielten,
die vielen noch erinnerlich ist. Ich könnte mir gut vorstel-
len, dass diese sogenannte Beissner-Geschichte ein gesuchtes Film-
thema werden könnte.

Zunächst möchte ich Sie jedoch erst einmal um eine baldige
Antwort bitten, wann ich mich eventuell in München mit Ihnen
zusammensetzen kann.

Mit besten Grüssen
Ihr

GERMAN ADVISERS IN EGYPT

A West German military source reports that for some months a German group, which advises the Egyptian Defense Ministry on military and arms industry questions, as well as tactical and technical matters, has been building up in Cairo. It is directly under the General Staff and is supported by King Farouk himself.

The German technical personnel are divided into two groups, one military and one technical.

General Fahrbacher is occupied with the setting up of the military group. He is an artilleryist, in peace time the Commander of the 5th Infantry Division, then commanding General of the VII Corps, then of the XXIII Corps, later an Army group Commander in Normandy and the defender of Lorient. General Fahrbacher, himself, assembled his staff of advisers, and his first group consisted of Colonel Muenzel, Chief of Staff, and Captain zur See von Berchtolsheim as Naval Adviser, who came to Egypt in May of this year.

In August, the second group arrived under the leadership of General Braun, an artilleryist, Commander of the 3rd Bavarian Mountain Division, who took care of bringing more officers from Germany. Recently there have been no more German arrivals, which would seem to indicate that the extension of the staff is completed. It is possible that there will be a further extension in the spring.

At present, there are in the German group the following advisers:

- General Fahrbacher, (Artillery)
- Colonel Muenzel, (General Staff)
- General Braun, (Artillery)
- Captain Berchtolsheim, (Navy)
- Herr Kamminger (Civilian, Naval Artillery)
- Colonel Froeller (Infra-red Specialist)
- Colonel Boehmert
- Colonel du Bouchet (Munitions technical specialist)
- Colonel Kurt Forsthal

An unconfirmed report tells that General Wittner has also been hired and General Fayerlein, who was formerly the second in command to Rommel, has been approached. Whether the brother of Captain zur See, General von Berchtoldshain, former Military Attache in London, is there is not yet clear. On the recommendation of General Geyr von Schweppenburg, Colonel Wisner, who has special knowledge of anti-aircraft matters, was invited to Egypt. Whether he has accepted is uncertain.

The equipment and technical group was set up by Dr. Voss, a former director of the Blohm factory. Voss secured a number of technical engineers experienced with tanks, night sight, and rocket matters, who formerly worked for the Rheinmetall and Krupp firms.

The engineers came under a two year contract, renewable on both sides yearly, and terminable on three months' notice. They live with their families and receive 1500 RM monthly, tax free. Twenty-five German children go to schools. The Egyptian Government pays for the two-way transport of the families, rental cost for three rooms, and a yearly trip to Europe on a six-week vacation.

These conditions have made very good relations with the Egyptian officers possible. The two German groups have to reckon with the slow pace of oriental labor and the careless manner in which orders are carried out. German is widely known; the performance of the Afrika Corps has received much comment, and the reputation of Rommel has become almost legendary. Above everything, there is a violent hatred of the British, which in one way makes the work of the Germans easy, but on the other hand requires them to be prudent in order to avoid difficulties that might be produced by the British still present. The German officers, who come with official German passports and are carrying on their work with the knowledge of the German Government, keep strictly in the background in political affairs and limit themselves to their technical work. They give no tactical orders. The fact that, in contrast to the English and French, the Germans now have no political ambitions in the Near East, is, next to their recognized military skill, the strongest factor in their favor. It enabled them to overcome the resistance of the British. Obviously, the group of German advisers is closely watched by the British.

The first objective of the commission is the tactical reorganization of the Egyptian Army. After this, the emphasis will be on the building up and instruction of the artillery, including naval artillery. Later, the establishment of armored troops will be undertaken, and then a parachute unit will be formed. On the psychological side, the first need is to win

over the older Egyptian officers and to persuade the younger ones to carry out their duties like soldiers. This can only be attained if real authority is established among the officers.

Besides these official groups of German technicians, there is another German group in Egypt which has no connection with these advisers. It consists of former extreme S.S. people, who are working with the Arab League. To this group belong, among others:

(SS-Oberfuhrer) Birlewanger
(SS-Standartenfuhrer) Bollmann
(SS-Gruppenfuhrer) Kazmann *
Willi Beissner (NSDA), alias Jaeger

Whether SS-Oberstirnbannfuhrer Eichmann (NSDA) is still in Egypt is not certain.

This group is very close to Jean Beauverd.

Aus der anderen Seite kann ich Dir endlich auch eine erfreuliche
Nachricht schreiben. Wir haben seit heute das Haus am Meer, von
dem ich Dir schon kurz schrieb, fast wieder bewohnt. Meine
Schwiegermutter hat sich auch beruhigt gesetzt. Wie Du weißt, gibt
es ja hauptsächlich darum, dass die Fräulein, die das Land ent-
gütlich verlassen haben, zunächst, wie ich hier so lieblich ist,
eine Anwesenheit in hohem Maße verlangen. Ich bin aber von
keiner Seite Ansehen nicht herunter gegangen, und schliesslich
haben sie doch zugestimmt.

Mein lieber Annonen,

Dem scheint es ja bei Ihnen doch wirklich fast wieder gungel-
en sein. Aus dem Radio hören wir in diesen Tagen, dass es er-
holt geworden ist und auch oben geschneit hat. Leider hat uns
das schlechte Wetter gleich mitbedacht. Schon Ende der Woche
war aber Tunis ein vollkommener Pagan niedergeworfen, der
viele Straßen völlig unter Wasser gesetzt hatte, weil natürlich
die Abflussanlagen auf solche Wasserengen nicht eingerichtet
sind. Doch jetzt sieht man an den Straßenrändern die Sprünge
davon, besonders auch in Richtung zu unserem neuen Haus, das
wir ja, wie ich Dir schon schrieb, in der nächsten Woche beziehen
wollen.

Vor einigen Tagen trafen wir auch auf dem Wege dorthin unterwegs
einen alten Freund von Willi, einen engen Mitarbeiter des Gross-
marfio, namens Chak Baruch. Er war mit diesen nach hier gekommen
und wird wieder nach Cairo zurückkehren, wo er ständig lebt.
Ich hatte ihn zunächst nicht erkannt, obwohl er sich gar nicht
verändert hat. Willi hatte ihn schon bei meinem Besuch bei dem
Mufti wiedertreffen. Ich hatte uns daher rechtzeitig gesehen
und winkte. Wie er uns sagte, ist der Mufti inzwischen nach Beirut
zurückgekehrt. Wir hatten den Eindruck, dass die Reise des Muftis
nicht sehr grossen Erfolg hatte. Er will jetzt in Rahmen des sog-
nannten hohen arabischen Komitees für Palästina, dessen Leiter
er noch immer ist, eine besondere Institution schaffen, die ständige
Vertreter bei den einzelnen befreundeten Regierungen unterhält.
Von den Ägyptern wird dieser Plan bis jetzt abgelehnt, jedoch von
Irak, Jordanien, Libanon und Marokko unterstützt. Die tunesische
Haltung sei noch offen. Gleichseitig habe der Mufti durch seine
Reise erreichen wollen, dass der israelischen Infiltration bei
zahlreichen arabischen und asiatischen Staaten in Zukunft energisch
entgegengetreten werde.

Ich hoffe, dass diese Vorgänge von Interesse ist für Deine neuen
und verbiete für heute mit vielen herzlichen Grüessen

In Tripolis seitdem kann man immer wieder nur selten die Ent-
stehung stoppen. Die Waischirme macht sich doch immer mehr
bemerkbar. Allerdings sind auch dort die ersten Anzeichen
schon geblieben. An allen Ecken wird gebaut, sehr viel in
amerikanischen Stil, wie überhaupt die Autos ankommen, das werden
dort ihren Stempel aufdrücken. Wir waren in einer hypermodernen
Klubhaus mit grosser vollautomatischer elektrischer Kapselung,
Rhetorik und Nachtclub am Strand. Man konnte glauben, mitten
in Venedig zu sein. Den gleichen Eindruck hat man auch in den
Hotellern, wo sich die Autos in ihrer bekannten ungehemmten Weise
bewegen lagern.

Das nächste mal werden wir allerdings bis Bagdad fahren müssen,
da ein Teil unserer grossmöglichen Projekte dort entschieden
wird.

Wie ich dir schon einmal schrieb, ist fuer mich eine Reise nach
Tripolis im besten noch von Nutzen, weil man dort recht viel
deutsche Waren findet. Sie gefallen uns doch besser als das
franzoesische Material.

Wir haben die Gelegenheit benutzt, um unseren Wagen richtig durch-
sehen zu lassen. Hier ist das kaum moeglich, weil alles nur auf
franzoesische Autos ausgerichtet ist und sogar das fuer uns not-
wendige Schmieroel fehlt.

In diesemmal, wie ich schon oben schrieb, unsere Zeit sehr knapp
war, habe ich leider auf Wills Befehl hin, wieder einmal nicht
am Steuer sitzen. Ich glaube, er hat sein Vertrauen auf meine
Fahrkunst. Bei der naechsten Fahrt werde ich aber versuchen,
meinen Willen durchzusetzen.

In uebrigen bin ich beim (Abel), den Dornig fortzubringen. Es
glaubt mich schon jetzt vorher, da fuer einige Tage doch alles
durcheinander kommen wird. Den Hochleistungsrechner habe ich
schon bestellt und auch die Elektriker fuer die Lampen, Fernsehen
etc.

Fuer heute ich das genug, mit vielen herzlichen Gruessen

Deine

SS Hauptsturmführer Wilhelm Beisner ist plötzlich von der SS zur Dienstleistung nach Polen beordert worden. Er hat seine Arbeiten nicht ordnungsmässig übergeben können, da die für den Abmarsch bestimmte Frist sehr kurz war. Vor allen Dingen ist ein Vorgang ohne nähere Erklärung liegen geblieben, der Geldverhältnisse zwischen einem Ausländer und einem Inländer behandelt. Da Beisner vorgab, im Auftrage des Amtes gehandelt zu haben, so liegt dem Amt natürlich ausserordentlich viel daran, eine restlose Aufklärung der Vorgänge herbeizuführen.

Wir wären Ihnen daher dankbar, wenn Sie Beisner zu diesem Zweck dienstlich nach Berlin bis zur Aufklärung der Angelegenheit zurückbeordern würden. Nach unserer Annahme wird es sich dabei höchstens um einen Zeitraum von 2 Tagen handeln.

Lieber Parteigenosse H i m m l e r!

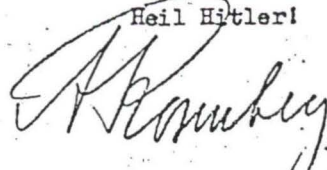

Ich wäre Ihnen dankbar, wenn Sie den in meinem Amt tätigen SS-Obersturmführer Wilhelm B e i s n e r zum nächsten Beförderungstermin zum SS-Sturmbannführer befördern würden.

Parteigenosse Beisner ist bei mir Referent für die Länder des Südostens. Er hat in dieser Eigenschaft sämtliche Fragen politischer, wirtschaftspolitischer und kultureller Art, die mit diesen Staaten zusammenhängen, zu bearbeiten. Im Verfolg dieser Tätigkeit hat er durchweg Verhandlungen mit hochstehenden Persönlichkeiten aus den Südostländern zu führen, die naturgemäss den Rang ihres Gegenpartners sehr beachten.

Pg. Beisner wird mich auch im Herbst auf einer längeren Reise auf dem Balkan begleiten.

Aus diesem Grunde würde ich es sehr begrüßen, wenn Sie meiner Bitte entsprechen würden. Pg. Beisner wird SS-mässig beim Stabe des SS-Hauptamtes geführt.

Heil Hitler!

Q. Did (Angela WUESTEFELD) mention any other associates of visitors
(to office of Hans RECHENBERG, German and Algerian IS contact
in Algiers)?

A. Yes, she mentioned a man named KHIDER, and BEISSNER * who is usually
in Tunis but comes to the office when he visits Algiers. Also someone
named JENOUD who is a Swiss and worked for the Banque Nationale
Arabe and now works for some bank in Geneva. She said JENOUD
was arrested, put in jail for four months, then deported for some
money dealings.

[] 19 Jan 66
Interview with GSO RAGONE,
re his association with
Angela WUESTEFELD, who worked
for Hans RECHENBERG

Q. What else did she say about BEISSNER?

A. She said that BEISSNER worked for the OAS and that someone attempted
to kill him in Germany and he lost a leg. He cannot get along without
his wife and depends on her very heavily. He lives in Tunis but
comes to Algiers every two weeks or so and he also goes to Cairo,
but I don't recall the details of this.

Q. Did she say that business BEISSNER is in.

A. No she didn't really seem to know just what he does.

On 19 January [] [] asked a German national employee of the Tunisian Government, Iden A of ATTA-4269, about BEISSNER and she said the following: Iden A of ATTA-4269 (hereafter referred to as Source) met BEISSNER in Tunis in 1959 through a Tunisian acquaintance, Cherif OKBI (or OKPI) whom BEISSNER had met in Germany when he had been a frequent caller at the Tunisian Embassy. BEISSNER made a most unpleasant impression on Source -- he was primitive, rude and ill-mannered. Source later learned that BEISSNER was an arms racketeer who had lost one leg in an attempt by a terrorist organization against his life in Germany. BEISSNER lived with a blonde German woman, probably his wife, who is known to have been unfaithful to BEISSNER, having had several brief affairs with Tunisians. BEISSNER seems to be well off; he owns a big American automobile and his blonde wife drives it. BEISSNER has been conspicuously absent from all German Embassy functions. He is probably still resident in Gammarth. Source considers BEISSNER a soldier of fortune (Landsknecht) and says he has the worst imaginable reputation in the German colony, "much worse even than CHRISTMANN's reputation."</p> <p style="text-align: center;">[] []</p>

<p>1. Attached are traces on Subject which were compiled in 1958. Shortly thereafter CATIDE responded to KUBARK's request for information on Subject by admitting "loose contact" with him in Egypt but disclaiming control or direction. CATIDE reported that BEISSNER was suspected of French I. S. connections, was deeply involved in weapons trading in the Arab world, was presumed to have a close connection with the Egyptian I. S. although proof was lacking. As of 1960 BEISSNER and his wife planned to leave Cairo and settle in Tunis, where they stopped over en route to Munich. They arrived in Munich in October of 1960 and two days later as BEISSNER got into his newly purchased car and drove off, there was an explosion which injured him seriously and required amputation of a leg. Police speculated that the OAS Main Rouge had rigged the explosion. As of 1961 Subject had recovered from the accident, and intercepted correspondence revealed that he was heavily engaged in business activity, and planned to move to Tunis in May. A letter from one Cherif in Tunis discussed possible business ventures with Maarek and Mondheur. The BEISSNERS (according to intercepted correspondence) had apparently left Cairo under a cloud of some sort, were black-listed, could not return there, and were obliged to dispose of their personal belongings as best they could with the help of friends.</p> <p>2. There is nothing in the 201 which specifically gives reason to believe that he is working for the Bloc, although this cannot be excluded. Like numerous other former Nazi intelligence personalities, he is apparently an opportunist who still maintains intelligence connections, and CHRISTMANN was probably not wrong in saying that BEISSNER would do anything for money.</p> <p>Attachment - As stated, herewith</p> <p>Distribution: Original & 1 - Addressee, w/attachment</p> <p><i>Attachment</i></p>

3. The following are traces on Willi BEISSNER:

a) One Wilhelm BEISSNER was Gestapo chief in Lodz, Poland and Zagreb, Croatia during World War II. One of the most cruel Gestapo officials, responsible for the deaths of a great many Jews in Poland, as well as a number of other victims in districts where he had been stationed. age 35, height 1 meter 80 centimeters; dark hair parted on left side; bad teeth; speaks with slight lisp; has very noticeable white spots on one of his hands due to some acid having spilled on it. Prior to World War II was an advisor in the Foreign Politics Section of the German Foreign Office, of which ROSENBERG was the head. Subject was a specialist in the Balkan states and had much to do with the Ir on Guard putsch in Rumania. At the same time he was an SS Hauptsturmfuehrer in Heinrich HIMMLER's headquarters. At the outbreak of World War II he went to Poland and was made Chief of the Gestapo in Lodz. After three or four months he returned to Germany, was promoted to Sturmbannfuehrer, and became an advisor for the Near East in the RSHA, which was the SS security organization. He made several trips to Near East countries in 1939 and 1950. Early in 1941 he went to Yugoslavia, and became Gestapo chief in Bagreb. He was recalled from there to Berlin due to differences with the German Ambassador, KASCHE. Toward the end of 1941 he was again in the RSHA with a roving assignment which included travels to Greece and, later, to North Africa. In 1942 he was in North Africa with ROMMEL on a special mission for the Gestapo with another Gestapo man named WECKE (fnu). In late 1943 or early 1944 he returned to Berlin and was promoted to Obersturmbannfuehrer, and was named the "referent" or expert, for Switzerland. He traveled much and directed his work in Switzerland from outside that country. The informant for this report last saw him late in December 1944 and early 1945, in Milan. Subject is married; has one child; is separated from his wife. (Report No. B-2461, KUTWIN, Bern, dated 12 April 1945, from a German official who deserted to Switzerland in February 1945).

b) In November 1943 Subject was in Amt VI C, RSHA, and directing the build-up of a Near East espionage network, operating from Italy.

c) Subject was an SD official in Tunis during World War II, and had liaison with the Grand Mufti. After the war he escaped an American prison camp in Italy, probably with French help, and went to the French Zone of Austria. Now living in Munich. (Vienne ODCPAL report P/01435 of 9 May 1950).

d) Major BEISSNER was Chief of the City Security Office of the Gestapo in Tunis during World War II. Was an SS Reputationsbannfuhrer. Dark brown hair; high forehead; scar on left cheek from ear to mouth; large white mark on left hand. (KUTWIN report of 15 November 1943 based on PW interrogations in Tunis).

e) Willy BEISSNER, alias Dr. JAEGER, former assistant to Obergruppenfuhrer WOLFF in Italy, is now living in Munich. (MAVA-7237, 8 December 1950).

f) A German walk-in at the ODYOKE Consulate in Cairo, 10 June 1954, described himself as a tourist traveling around the world, stated he was anti-communist, and went on to say that in June 1954 he had met in Cairo Maj. Gen. Otto Ernst ROEMER, or REMER, and that ROEMER had told him he had been approached by Dr. Willi BEISSNER, alias JAEGER, a German businessman in Egypt who is trying to persuade ROEMER to accept a position in East Germany as a police advisor. The informant said BEISSNER has close connections in East Germany but did not otherwise elaborate. (NECA-1891, 11 June 1954).

g) Subject, formerly associated with J.G.A. HERTSLET in business in Cairo, had an office at 2 Sharif Rasha St., Apt. 97, Cairo. The name of the business was the Egyptian Continental Trading Company. (NEA Telecommunications Watch List Memorandum of 31 September 1954).

h) Dr. Wilhelm BEISSNER, born 18 August 1911, is active with a group of German military experts in Egypt. Introduced SKORZENY in Cairo. (FRAN-6239 of 14 February 1957).

i) ODACID, Cairo, reports BEISSNER's business firm's reputation is bad; they are not recommended as agents and they should be avoided in business matters. "At one time they were representing themselves as acting on behalf of the Bonn government, trying to foster Egypt-German trade, although they had no right to. They are blacklisted with the German Embassy in Cairo and by the Egypt-German Chamber of Commerce in Cairo. Apparently they dispose of no means. (NECA-1153 of 27 November 1953, reporting the Egyptian Continental Trading Company).

j) Subject, German, age about 35, height six feet, slim; broad nose; speaks excellent French. Was in North Africa in 1943 and Syria in 1944. Was engaged in IS work in Syria for the Middle East Section of the RSHA in World War II. The following Syrians were allegedly agents of BEISSNER's:

1) Faysal SHAYKH-al-ARD, recruiting agent for the RSHA in Germany and personal friend of BEISSNER's; his family in Syria cooperated with the Germans.

2) Babjat SHAYKH-al-ARD, Faysal's father; a doctor; in 1945 lived in Mohajeria Damascus.

3) Majid SHAKH-al-ARD, Coordinated Arab activities in Germany during World War II. Was interrogated by the British in 1945 when he returned to Aleppo. Is connected with the Grand Mufti.

4) Shawkat SAKATI, friend of Faysal SHAYKH-al-ARD's. Studied in Germany and was extremely pro-German. His address was Rue Mouhaddem, Damascus, but in 1944 he was reported as the municipal doctor of Maaret en-Namaane, near Istakia. (RLBW-453, 2 November 1948, from traces no longer identifiable).

Betr.: Wilhelm BEISSNER

Bezug: 829 Nr. 33822 v. 18.2.66

- 1.) Dr. Wilhelm BEISSNER
geb. 18.8.1911 in Krückeberg/Niedersachsen
Dipl. Volkswirt
verheiratet
- 2.) Dr. B. war während des Krieges SS-Sturmabführer
und Angehöriger des RSHA-Amt VI.
In seiner Eigenschaft als Leiter des Referates
Nah-Mittel-Ost war er auch vorübergehend in
Nordafrika tätig.
Nach der Kapitulation hielt sich B. zunächst
illegal in Italien auf.
- 3.) Im Juli 1951 ging Dr. B. als Leiter einer Ex- und
Import-Firma nach Kairo - durch Vermittlung von
Kriegskameraden -. Nach ca. 1/2 Jahr schied er
wegen Differenzen mit der Geschäftsleitung aus
dieser Firma aus, machte sich im Herbst 1952
selbständig und wurde in Ägypten Vertreter ver-
schiedener deutscher Firmen u.a. von Hoesch.
1957 war Dr. B. z.B. der größte Zement-Exporteur
in Ägypten. Seine geschäftliche Tätigkeit erstreckte

sich auch auf Tunesien und Lybien.

- 4.) Im Januar 1955 gründete Dr. B. mit Hilfe seiner zahlreichen Orient-Beziehungen die Firma "The Egyptian-German Engineering and Industrial Comp. Beissner & Co.", Kairo, 23. Adly Pascha-Str. 1957 wurde diese Firma in eine Kommanditgesellschaft ^{akt. Gesellschaft} umgewandelt. Diese Änderung erfolgte aufgrund der Änderung der ägyptischen Gesetzgebung, nach welcher Firmeninhaber nur ägyptische Staatsangehörige sein können. ^{alle Kommanditisten} Kommanditist wurde Hassan ALLAM.
- 5.) Mit der Firma Hoesch Export GmbH hatte Dr. B. später gewisse Schwierigkeiten, da Dr. B. in der Artikelserie "Und nichts ^{schon} dazu gelernt" in der Illustrierten Kristall Nr. 9/60 als angeblicher Waffenhändler genannt worden war.
- 6.) Über die angebliche Waffenhandelstätigkeit des Dr. B. gibt es zahlreiche Versionen, die in der Regel auf Erzählungen und Berichten anderer Waffenhändler basieren und bei denen es schwierig ist, den richtigen Sachverhalt herauszukristallisieren, zumal derartige Berichte nur bedingt glaubwürdig sind. ^{konkret} Konkrete wurde Dr. B. 1957 erstmalig in Verbindung mit einem Waffenhandelsgeschäft genannt. Dieses Waffengeschäft wurde über Jugoslawien nach Latakia/Syrien abgewickelt. Da es sich bei der Lieferung angeblich um unbrauchbare Waffen mit Schrottwert gehandelt hat, wurden die Waffen durch den Auftraggeber nicht ^{abgegeben} abgenommen. In Zusammenhang mit dieser Lieferung haben Auseinandersetzungen zwischen verschiedenen Waffenhändlern stattgefunden, bei denen es um die Frage der Provision ging. Hierbei wurde

OF JUSTICE

Dr. B. vorgeworfen, seine Kollegen um die Provision ^{deswegen} betrogen zu haben.

Ab März 1960 plante Dr. B. die Verlegung seines Geschäftes nach Marokko. Seit diesem Zeitpunkt sind auch Verhandlungen mit Auftraggebern der FLN bzw. der algerischen Exilregierung sehr wahrscheinlich hinsichtlich Waffen- und Sprengstoffbeschaffung. Zu diesem Zeitpunkt soll Dr. B. mit einem größeren Personenkreis in der Bundesrepublik Deutschland in Verbindung gestanden haben, die für Beschaffung von Waffen und Munition für ihn tätig gewesen sein sollen. Ob es zu tatsächlichen Lieferungen gekommen ist, wurde nicht bekannt.

- 7.) Im August 1960 verlegte Dr. B. seinen Hauptwohnsitz nach München.

Am 16.10.1960 wurde in München ein Sprengstoffanschlag ^{aus der Luft} auf ihn verübt, bei dem er sehr schwer verletzt wurde.

Dr. B. blieb dann noch bis ca. Mitte 1961 in München in ärztlicher Betreuung und zur Erholung.

- 8.) Seit Juni 1961 hält sich Dr. B. wieder im Nordafrikanischen Raum - Tunis - auf und ist als Vertreter mehrerer deutscher Firmen tätig.

- 9.) Auf Grund der früheren ND-Tätigkeit von Dr. B. im Nordafrikanischen Raum sollen um 1952/57 Kontakte zum ägyptischen ND bestanden haben. Dr. B.'s Position scheint dabei die eines Beraters und einer Auskunftsperson - ^{in der} personell und organisatorische ^{mittler} Hinweise - gewesen zu sein.

- 10.) Gamma unterhält zu Dr. B. über dritte Personen einen losen Kontakt.

Wir sind daher auch an den Erkenntnissen von EOS zu Dr. B. sehr interessiert und dem Hintergrund der Anfrage.

 DOC. MICRO. SER.

During World War II, B achieved the rank of SS-Sturmhaufschef and was a
 member of NSRA-Amt VI. In his capacity as leader of the Near-and-Middle-
 East Section, he was temporarily located in North Africa. Immediately after
 the German capitulation B was located illegally in Italy.

B. In July 1961 B went to Cairo as leader of an import-export
 firm through arrangements made with wartime associates. After circa one-half
 year he left the firm because of differences with the management and went
 into business in the Fall of 1962 in Egypt as a representative of several
 different German business firms, among them, von Hoersch Export, GmbH. In 1961
 B was with the largest cement exporter in Egypt. His business activities at
 the time took him into Tunisia and Libya.

C. With the help of his numerous Middle East connections B established
 in January 1955 the company "The Egyptian-German Engineering and Industrial
 Corp. Reissner & Co.", with the address: Cairo, Adly Paschestr 23. In 1957
 this company was changed over into a limited partnership. This change took
 place because of new Egyptian regulations which proscribed that the owner of

a business had to possess Egyptian citizenship. B's silent partner was one Hassan ALLAN.

D. B later had some difficulties with Hoersch Export, GmbH, since B had been passed as an alleged weapons trader in a serialized article entitled "Und nichts dazu gelernt" ("And Nothing Has Learned") in the 9/60 issue of the magazine "Kristall".

E. There are numerous versions of B's alleged weapons trading activities which as a rule are based on statements of other weapons traders. Thus, it is difficult to establish the true facts, particularly since such reports are often unreliable. However, B was mentioned specifically in connection with arms brokerage for the first time in 1957. This particular weapons business involved delivery through Yugoslavia to Latakia, Syria. Since the delivery involved weapons of inferior quality which were considered to be unusable, the weapons were not accepted by the customer. Disagreements over commission arose between the weapons traders involved in this delivery, as the result of which B was charged with defrauding his colleagues out of the commission due them.

F. B planned to move his business to Morocco after March 1960, from which time he was involved in negotiations with customers representing the FLN and the Algerian Government in exile, most likely in connection with procurement of weapons and explosives. During this period B is alleged to have been in touch with a sizeable group of traders in the Federal Republic who reportedly worked in his behalf to acquire weapons and ammunitions. It is not known whether or not deliveries actually materialized.

G. B moved his primary residence to Munich in August 1960. On 16 October 1960 he was seriously injured in an assassination bombing attempt in Munich. He remained in Munich until around the middle of 1961 for medical care and recuperation.

H. Beginning June 1961 B became active again in North Africa, particularly in Tunis, as a representative of several different German companies.

I. On the basis of his earlier intelligence activities in North Africa it is assumed that B was in contact between 1952 and 1957 with the Egyptian IS. His position at the time appears to have been that of an adviser and agent involved in the collection of intelligence in the field of personnel and organizational matters.

3. Munich files contain updated carded references as follows:

4. CASTROP stated that CATIE maintains a loose contact with B through

With regard to the last two paragraphs, CATIDE will be told that we were interested in BEISSNER because of his murky past history and because Richard CHRISTMANN mentioned that he was now living in Tunis and travelling to Algiers.

155/BEISSNER Wilhelm [] and [] with @CASTROP

27 May 1966

In response to CASTROP's earlier inquiry concerning this weapons handler, we informed him that we have sent a follow-up communication to Headquarters in an effort to obtain an early reply to CASTROP's inquiry as to the background for our original trace request on BEISSNER. Follow-up to Headquarters went forward in MUNI-6224.

RECLAUSEN, Wilhelm [] []

w/RECLAUSEN 13 June 1966

5. I provided RECLAUSEN the information in EGM-14963 stating, in effect, that our only reason for requesting traces on Subject was because of his somewhat murky past and the fact that, according to CHRISTMANN, Subject was a resident of Tunis who was traveling in Algiers. In answer to RECLAUSEN's question as to whether or not our reason for requesting traces on Subject had anything to do with the RECLAUSEN case I stated that this was not the case. In wrapping this matter up I stated that REBANK files offer no supplemental information concerning Subject.
