Commence the New Year Well.

Make up your Mind to Save Money and Live Well in the Year 1910.

If you can save 1s (and more) in every £ you spend, see what it would amount to at the end of the year.

Trade has increased wonderfully at the Excelsior Stores during the last few months.

Do you know what is doing it?

Why, that little cut in the price of every-day commodities at our Stores.

The Excelsior Stores make a point of cutting the price—not the quality. Wherefore we have one business ideal—good quality goods at low prices.

You will not only notice a substantial saving at the end of the year, but it will be apparent to you every day, week and month that you deal here.

The idea is to make your money do for you as much as possible.

Your heavy goods are here too—Barbwire, Galvanised Iron, Wire-netting, Flour, Sugar, etc. Snowflake Kerosene Oil at 5/9 tin.

E. E. DEVINE,
Excelsior Stores, Dorriggo

NEEDLES!

A PROSPEROUS NEW YEAR. GREETINGS to the district. THE GAZETTE talks to you! How is this for progress, eh? Good? Then your hand on it! Of course, not forgetting a helping hand.

We'll grow brighter and greater for your help.

CHRISTMAS gone by in the rain clouds—jolly wet ones.

DISPERITY that, local! It's a pity.

Dorriggo and Guy Fawkes districts made much of great season.

Now better factories forging ahead strongly.

About a foot of rain since the GAZETTE arrived at Dorriggo.

This district will be doing everything in a big way shortly.

You know, the railway and a few better roads. Listening?

WHAT an interesting track thro' the brush at The Murray.

THERE'S not a tree that doesn't occupy your sole attention.

COMING through, our light was very nearly extinguished.

HONESTLY, that track is no place for a five-horse drag.

EVEN the Royal Mailman's dig is somewhat upset by the (track).

HOWEVER, we'll talk about it some more—later.

THE Deer Park road is in an unfinished condition.

THE street known as Hickory also in a dreadful state.

THE New Year commences auspiciously.

GOOD rains—and the GAZETTE to thunder forth your claims.

OUR job-printing plant has been moving a little already.

"GOOD as you can get" is the general verdict re our work.

SURPRISE in the south-west experienced a warm Xmas.

MANY homes went under to the grim fire fiend.

A FEW others narrowly escaped with their lives.

A FAMILY at Heathcote (Vic.) took refuge in a creek.

SNAKE VALLEY township was completely gutted.

AT Molong a dog took 200 sheep away from the flames area.

THE dog remained with them until the flames were subdued.

LORD KITCHENER has arrived in Australia in re our defences.

By the way, K. of K. is a great believer in quick transit.

SHOULDN'T we invite him to the Dorriggo and Guy Fawkes.

AND show him that we haven't a railway?

SIR GEO. REID has been appointed High Commissioner.

SAYS he'll strive most earnestly to fulfill the responsible duties.

CERTAINLY! One can do much striving on a few thou. a year.

MR. A. FISHER gave a graceful eulogium of Sir George.

WOOD-CHOPPING appears to be THE sport hereabouts.

ALSO our riflemen don't neglect anything in their line.

BON LONSDALE took a "comfy" cheque from recent Sydney meet.

SNOW fell at Kosciusko during Xmas week. Good sport ski-ing.

WITH us, the New England heights experienced a wet Xmas.

ARNEY has decided to row Barry on the Zambesi, S' Africa.

THE match will take place in August next.

A day's races at Deer Park on the 26th.

MR. FRANK GREENHALGH is the Secretary.

MESSRS NOBLE, NOBLE & Co. conducted a few auctions lately.

MR. A. G. WRIGHT reports first grass on the sixth subdivision.

ANOTHER tick outbreak reported from the Tweed River, about forty head of cattle on Picalbeen farm being found to be infected.

A PUBLIC meeting at Perth carried a motion in favor of abolishing capital punishment, on the grounds that it has failed to act as a deterrent.

THE Church of England Temperance Society has adopted the idea of a cradle roll, whereby parents are pledged to bring up their children as abstainers. The society intends to organise cradle rolls in 6000 branches.

We'd like to call special notice to our job-printing dept. Everything is new and prices are fair.
