History.

Feeling the necessity of better opportunities for the education of their children, the people of Weaverville, with the assistance of other good citizens of Buncombe County, erected Weaverville College. It is a brick building of two stories, with four large lecture rooms, and a chapel with a large room above, used as a Masonic hall. The College was chartered by the Legislature of 1872-'73. It is the property of the Western North Carolina Conference of the Methodist Episcopal Church, South.

The large and increased patronage of the College made it necessary to furnish better and larger accommodations. The Trustees determined, two years ago, to erect a new building and to improve the old one. The new building has been completed and was used last term. It is a brick structure, ninety feet long, forty-five wide, six rooms on the first floor, and a commodious auditorium on the second floor. This building presents a fine appearance.

The old building has been remodeled with a new front and the addition of a President's office, and has been re-covered.

The buildings will compare well with any school buildings in Western North Carolina. There are fifteen acres of land, which, when improved, will afford ample and beautiful grounds for the campus.

Under the present management the patronage of the College has increased steadily, and the enrollment of students numbers about 230 a year.

Location.

Weaverville College is beautifully situated in that salubrious clime, "The Land of the Sky," eight miles northwest from Asheville and four miles east from Alexander station, in one of the most picturesque portions of the far-famed mountain region of Western North Carolina. Weaverville is a small, quiet village, containing about three hundred and fifty inhabitants. There are no bar-rooms here, and the students have nothing to lead them astray, as at many places. The village is noted for its morality.

DEPARTMENTS OF MUSIC AND ART.

The teacher in charge of these branches has had the best advantages for study, and is prepared to do good work. These departments are open to both sexes.

PRIMARY DEPARTMENT.

This department is under the direction and supervision of the Faculty of the College, and is presided over by a teacher of experience and acknowledged ability and adaptedness for instructing the younger students. Rare advantages are offered in our Primary Department.

PREPARATORY DEPARTMENT.

Students of this department are also under the direction and supervision of the Faculty of the College, and are instructed by the Faculty of the College.

MATRICULATION.

In order to become a member of the College, the student must call upon the President, enroll his name, and pledge conformity to the laws of the College, and make arrangements for the expenses of the term.

Students are received at any time, but we would emphasize the importance of entering at the beginning of the term. No deduction will be made for absence, unless it be for protracted sickness or other unavoidable circumstances.

GOVERNMENT.

An important part of education is self-government. The discipline of Weaverville College first proposes to the student self-government as the highest type of government, and seeks to surround him with a social atmosphere toned with purity, honor, and piety. The deport-

ment enjoined for maintaining membership and good standing in the College, is defined by the morality of the Bible, the proprieties of gentlemen, and the fitness of our positive rules.

Every student is required to be present at chapel service, which consists of the reading of the Scriptures, singing, and prayer.

Want of moral character and reckless indifference to law and order, the use of ardent spirits, carrying pistols, card playing, and gambling of any kind, profanity, lying, fighting, or any other gross violation of order, will disqualify any one for membership in the College.

Every student is expected to assist in maintaining good order.

PUBLIC WORSHIP.

Public worship is held on Sunday, at which all students are required to attend. Students, with the advice or permission of their parents, and with the consent of the Faculty, may attend worship elsewhere. Every student is urged to attend Sunday-school.

A Christian character is considered the great essential, and no pains will be spared to surround the students with such influences as may be necessary to restrain them from vice and encourage them in virtue.

EXAMINATIONS.

At the close of each term, examinations are conducted in writing, as a test of proficiency and advancement, and each student's grade is recorded. If a grade of seventy in one hundred is not reached, the subject must be reviewed. No one can graduate until this grade has been reached in all the studies in the course.

DEGREES.

The degree of *Bachelor of Arts* is conferred on those who complete, in a satisfactory manner, the studies of the entire Classical Course.

Graduates in the Scientific Course receive the degree of *Bachelor of Science*. Diploma fee, \$5.00. All dues to the College must be satisfactorily settled.

The degree of *Master of Arts* is conferred on the graduates of three years' standing, who have sustained themselves honorably in scholarly pursuits, upon their application for the degree, accompanied by the usual diploma fee, \$5.

TERMS AND VACATIONS.

There are two terms in the year. The Fall Term begins on the second Wednesday in September, and continues eighteen weeks. The Spring Term begins at the close of the first, and continues eighteen weeks.
