Thousands of plants for cut flowers during Decoration Days and School Commencements, such as Deutzias, Pæonias, Spireas, Pinks, Tulips, etc.

Our Cut Flowers are all cut direct from plants as soon as orders are received.

All packages delivered on trains either night or day. Trains on all the roads make close connection, so flowers will not be long on the road.

During cold weather we line all our boxes with plenty of paper and cotton batting; also use very heavy paper on outside to protect from cold. We use every care in packing. During summer months, when very warm, we use ice to keep them as cool as possible.

On every box we put one of the "Red Leaf" (fresh flower) labels. All express messengers know what the red label means and take especial care of the packages.

All letters should be addressed to the
