EXAMINATIONS HELD

During the year 83 different examinations were held as against 97 in 1928. The total number of competitors was 14,687 as against 11,326 in 1928, or an increase of 3,361.

The total number of Filipino competitors in assembled examinations in English was 14,573 as against 11,211 in 1928, or an increase of 3,362; the number of American competitors was 21 as against 15 in 1928, or an increase of 6; the number of those who took examinations in Spanish was 69 as against 63 in 1928, or an increase of 6. Twenty-four persons took the unassembled examinations as against 37 in 1928, or a decrease of 13. Twenty-six per cent of the competitors in the assembled examinations passed as against twenty-one per cent in 1928.

The five examinations which had the greatest number of competitors in 1928 and 1929 are shown below:

1928

1. Second grade	5,067
2. First grade (regular and promotional).....	1,321
3. Junior teacher	894
4. Assistant sanitary inspector (regular and promotional)	803
5. Third grade	513

1929

1. Second grade	4,625
2. Third grade	4,128
3. First grade (regular and promotional).....	1,635
4. Assistant sanitary inspector (regular and promotional)	1,034
5. Junior teacher	642

It is interesting to note that fifty-four per cent or a little more than one-half of those who took the assembled examinations ob-

tained a general rating of less than 60 per cent. As these will be debarred from the next examination of the same or a higher grade, it would seem that the number of applicants for civil service examinations this year will be greatly reduced. But since most of these took the clerical examinations, it is believed that no such reduction will result, as applicants for these examinations are mostly students graduating from the secondary schools, who are very ambitious of continuing their studies by taking evening courses given by the various universities and colleges in Manila. Secondary schools, public and private, graduate thousands of students every year, and it is from this group that the great majority of civil servants are recruited. The third grade examination was held in all the provinces to meet the growing demands of the provincial service. This is mainly the reason for the increase in the number of competitors in 1929, and for the decrease of competitors in the second grade examination. Applicants prefer to take the lower examinations where the prospects of appointment are greater. The number of competitors in the junior teacher examination was also reduced. This seems to be due to the change in the weights of the subjects of the teacher examination which made it more professional in nature. Graduates of colleges of education who have been trained to teach in the secondary schools, preferred to take the teacher examination rather than the junior teacher examination. This, together with the fact that graduates of the College of Education, University of the Philippines, are now required to pass an appropriate civil service examination before they can be appointed to the permanent classified service, caused a corresponding increase in the number of competitors in the teacher examination.

While much interest was shown in applying for civil service examinations, there were many who failed to take them after they had been admitted, as the following table would show:

Examinations	Applica- tions approved	Number of applicants	
		Examined	Not examined
1. Second grade.....	4,890	4,625	265
2. Third grade.....	4,530	4,128	402
3. First grade (regular and promotional).....	1,808	1,635	168
4. Inspector, assistant sanitary (regular and promotional).....	1,142	1,052	90
5. Teacher, junior.....	780	642	138
6. General clerical (Federal service).....	541	522	19
7. Typist, junior.....	542	452	90
8. Teacher.....	432	380	52
9. Stenographer, junior (English and Spanish).....	377	325	52
10. Bookkeeper, junior.....	304	267	37
11. All others.....	1,380	1,225	155
Total.....	16,721	15,253	1,468

The causes of failure of applicants to take the examinations they applied for were as varied as they were numerous. Among these were voluntary desistance, sickness, bad weather, pressure of official work, personal reasons, death, etc.

In addition to those regularly held, the Bureau gave examinations for the Federal Service in Manila and Cavite, for the Pensionado Committee, examinations for cadet (Military Academy at West Point, U. S. A.) and midshipman (U. S. Naval Academy) for the Office of the Governor-General. A detailed statement of the result of the various examinations may be found in the appended tables.

EXAMINING COMMITTEES

The examining committees again lent to the Bureau their valuable coöperation. Cases of irregularities were noted in some provincial examinations, but they are on the decrease. These mostly occurred when the more responsible members of the committee were absent on account of their regular duties and the conduct of examinations had to be left to the care of subordinate employees. However, efforts have been made to totally eliminate fraud in the examinations, and to this end provincial auditors have been appointed, wherever possible, as members of examining committees.

APPOINTMENTS

During the year, 6,548 appointments were made to the classified civil service, as against 5,688 in the previous year, or an increase of 860.

Of the number of appointments authorized during the year, 1,699 were probational as against 1,676 in 1928, or an increase of 23; 310 were by reinstatement as compared with 297 in 1928, or an increase of 13; 4,539 were by promotion, reduction and transfer as compared with 3,715 in the previous year, or an increase of 824.

The following tables show the comparative number of appointments during the last ten years:

1928.....	3,167	25	523	3,715
1929.....	3,883	22	634	4,539

The appointments by reduction were due to the following: voluntary acceptance of change of assignment, 10; economy, 5; and administrative discipline, 7.

Of the 67 Americans originally appointed and reinstated, 53 were teachers; 8, first-class patrolmen; 1, chief of seismic and magnetic division, Weather Bureau; 1, district engineer; 1, specialist in elementary education; 1, specialist in health education; 1, specialist in mollusca and crustacea; and 1, specialist in rural education.

As the foregoing tables show the increase in the number of appointments in the classified positions was largely due to the big increase in the number of appointments by promotion (716) and transfer (111). It may also be stated that even though the policy relative to promotion restrictions has been generally followed in the preparation of the annual budget, an increase in the number of promotions was noticed due to vacancies resulting from separation, retirement, and death, as well as the creation of high salaried positions. With regard to the in-

crease in the number of appointments by transfer, the Department Secretaries with the Governor-General adopted the following resolution at their meeting held on June 15, 1929:

Resolved, that increases in salary of persons transferred from one Department to another shall not be made until after six months from date of transfer, and that the policy set forth in the resolution of the Council of State adopted at its meeting of February 21, 1922, is hereby reaffirmed; which resolution reads as follows:

“A resolution was also adopted to enforce rigidly existing regulations prohibiting Department and Bureau heads bidding against each other for the services of selected men under conditions which would result in the transfer of a man from one Department to another under the inducement of increased salary, such practice being considered as demoralizing and harmful to the best interests of the service.”

Of the number of promotions in the classified service during the year the following were made under the provisions of section 683 of the Administrative Code without the intervention of this Office: chief clerk at ₱2,000 per annum, Office of the Provincial Auditor of Pampanga; clerk at ₱2,400 per annum, Office of the City Auditor of Manila; and clerk at ₱1,440 per annum, Office of the Governor-General.

APPOINTMENTS FROM THE UNITED STATES

There were 48 Americans appointed from the United States, 5 of whom were by reinstatement.

The following table shows the comparative number of persons appointed from the United States during the last ten years:

Year	Original	Reinstatement	Total
1920	95 (1 Filipino)	4	99

The number of appointments made in the Federal service in the Philippines upon certification of this Bureau was 83, 11 Americans and 72 Filipinos. Nine Americans and 70 Filipinos

were originally appointed to the service; and 2 Americans and 2 Filipinos were appointed by promotion, transfer or reinstatement.

The comparative number of appointments made in the Federal service in the Islands during the last ten years may be seen in the following table:

Dr. Bolivar L. Falconer, formerly Director of the Bureau of Civil Service and now an examiner of the United States Civil Service Commission, arrived on October 4, 1929, to make a survey of the Federal employment in the Islands.

TEMPORARY EMPLOYMENT

There was a reduction of 35 persons in the number of temporary employees holding classified clerical positions, and an increase of 519 in the number of those temporarily employed in unclassified and nonclerical positions, resulting in a net increase of 484. The increase was due to the increases registered in the following branches of the service: Insular Service and Judiciary, 252; Provincial Service, 138; Municipal Service of Manila, 81; and Municipal Service of Baguio, 13.

Tables 6 and 7 of the appendix of this report show the number and salaries of temporary employees since 1914, and the number of temporary employees holding clerical and semiclerical positions in different bureaus and offices on December 31, 1929.

LEAVE OF ABSENCE

The number of applications for leave of absence, exclusive of those of judges, received and acted upon by this Bureau during the year was 69,904 as compared with 67,870 in the preceding year, or an increase of 2,034.

A comparative statement showing the number of applications for leave acted upon by this Bureau during the last ten years is given below:

1920	44,212
1921	47,725
1922	52,271
1923	54,505
1924	55,793
1925	60,406
1926	64,759
1927	69,355
1928	67,870
1929	69,904

The number of applications for leave received in 1927, 1928, and 1929 may be stated in detail as follows:

Applications for—	1927	1928	1929
Vacation leave.....	52,418	44,471	44,446
Accrued leave.....	16,937	23,399	25,458
Total.....	69,355	67,870	69,904

In 1928 there were received 44,471 applications for vacation leave, while only 44,446 were acted upon in 1929, a decrease of 25. In 1928 only 23,399 applications for accrued leave were received, but in 1929 the figure rose to 25,458, thus recording an increase of 2,059.

The decrease in the number of applications for vacation leave received during the last two years as compared with those acted upon in 1927 may be attributed to the passage of Act No. 3374 reducing the annual vacation leave from 18 to 12 days but increasing the accrued leave from 24 to 30 days, hence the vacation leave allowable is easily exhausted. The increase in the number of applications for accrued leave may also be due to the same cause, and to the increase in the personnel of the service. It

may also be stated that the recent ruling of the Insular Auditor which requires that warrants covering payment of accrued leave of the personnel of the University of the Philippines be accompanied by certifications of the Bureau, has to a certain extent contributed also to such increase and to the additional amount of work performed by the Leave Section.

During the last regular session of the Legislature Act No. 3599, amending section 287 of the Administrative Code, was passed. The amendment is to the effect that an employee going on leave of absence under section 287 of the Administrative Code may be allowed travel expenses from the port of embarkation in the United States or any other foreign country to Manila, not exceeding ₱1,000, instead of ₱400, as provided for in the law before. The amount allowed by the law before the amendment was found inadequate, hence the change made.

Another bill, which was also introduced in the Legislature, sought to modify the leave privileges of sanitary division employees. The bill was vetoed by the Governor-General upon recommendation of this Office in view of the fact that it would allow greater leave privileges than those granted the regular and permanent employees in the Philippine civil service.

Another bill granting accrued and vacation leave privileges to justices of the peace failed of passage in the Legislature. In commenting on the bill this Office stated that in view of the provisions of law relative to the position especially the fact that a justice of the peace may pursue any other vocation or hold any other office or position, it is believed that the granting of leave privileges to persons whose attention and interests are divided between their private and official work would be contrary to the purposes for which the Leave Law is intended.

SEPARATIONS

The number of separations during the year was 1,500 representing a turnover of 7 per cent as compared with 1,673, or a turnover of 8 per cent for the preceding year. Of the number of persons separated, 94 were Americans and 1,406 Filipinos. Ninety-one of the number of separations of Americans were voluntary and 3, involuntary (on account of death). Of the 1,406 Filipinos separated from the service, 1,118 resigned voluntarily, and 288, involuntarily.

The comparative number of persons separated from the service during the last ten years may be found in the following table:

The year 1929 was characterized by a series of investigations conducted by committees especially appointed for the purpose. As a result of such investigations eleven employees in the Bureau of Posts were administratively dealt with. Six were removed from office, two were required to resign, two were suspended for two months and one was fined one month's pay. Of the persons separated for cause one was superintendent, one, post-office inspector and one, chief of a section. In the Bureau of Commerce and Industry, three employees were dismissed for cause, and two were required to resign. Eleven employees in the Bureau of Customs were charged with having committed several irregularities, as a result of which two chiefs of divisions were required to resign and two were ordered transferred to the provincial service.

OTHER LEGISLATION

During the last session of the Philippine Legislature several measures were proposed affecting the civil service. A bill placing the personnel of the office of the provincial governor beyond the pale of civil service law and rules was introduced in the House, but failed to pass. In commenting on the proposed law, this Office stated that such legislation would defeat the principle of the merit system and that experience shows that constant changes in the personnel are a fertile source of inefficiency.

A bill was also introduced providing that employees who have qualified in the third grade examination shall be entitled to raise in pay and status after ten years' continuous, faithful and satisfactory service and be considered as a second grade eligible without further examination. Disapproval of the proposed measure was recommended by this Office on the following grounds: It would be inconsistent with the spirit of the Civil Service Law and Rules. Inability to qualify in the prescribed civil service examination is an indication of lack of capacity for growth and improvement on the part of the employee, a circumstance which should be considered against him rather than in his favor. It is fundamental that the examination should be taken as the test of capacity and fitness, and Civil Service Rule 3, paragraph 1, is mandatory to that effect, for it provides that: "Examinations of a suitable and practical character, absolutely impartial, and involving such subjects and tests, including experience, as the Director may determine, shall be held to ascertain the relative capacity and fitness of applicants

for the position to which they seek to be appointed." Considering the low attainments of third grade eligibles, this Office believes that it would not be in keeping with the best interests of the service to allow their promotion to the next grade without further examination.

A bill was approved by the Legislature, exempting lawyers from civil service examination as a prerequisite to appointment to positions of law clerks or special deputy fiscals. It is believed that approval of this measure would have constituted a severe blow to the merit system in the Philippine Islands. The bill was vetoed by the Governor-General.

Another bill which was vetoed by the Governor-General provides that the period of eligibility of persons for appointment as teachers in the public schools, who are teaching in private schools or colleges recognized by the Government at the time such period of eligibility accrues, shall not expire at the end thereof and during the time they are employed as teachers in such private schools or colleges. In accordance with section 661-f of the Administrative Code, it is the duty of the Director of Civil Service "to prepare and certify to the Governor-General such rules as may be adapted to the more effectual carrying out of the provisions and purposes of the Civil Service Law and to the securing of an efficient administration of the Government within the scope of the Civil Service Law, such rules to be effective when approved by the Governor-General and promulgated in an executive order." In view of these provisions of law there seems to be no necessity for the proposed legislation.

Several other measures affecting the Leave Law, the Teachers' Pension Law, and the Law providing for the maintenance of a special fund known as Pension and Retirement Fund for certain officers of the Philippine Health Service as well as a proposed general pension law are discussed elsewhere in this report.

RETIREMENT

There were 19 Americans and 97 Filipinos who were retired during the year under the provisions of Act No. 2589, as amended, or a total of 116 persons. Their retirement gratuities involve a liability to the Government in the amount of ₱229,797.73. This amount together with the gratuities authorized in previous years represents a total liability in the amount of ₱5,589,098.21, of which ₱5,226,359.09 had been paid prior to January 1, 1930. The amounts paid each year since

the enactment of the Retirement Law (Act No. 2589) were as follows:

1916	₱99,476.30	1924	₱169,854.77

Since the enactment of the Retirement Law 19 (17 Americans and 2 Filipinos) persons who were granted retirement have later secured reinstatement in the service. Two of the reinstatements of Americans retired occurred during last year.

Section 2 of Act No. 3050 known as the "Teachers' Pension Law" was amended by Act No. 3629 approved on December 6, 1929, increasing the maximum basis of annuity from ₱4,000 to ₱6,000.

A bill was also introduced in the House to amend the "Teachers' Pension Law" by extending the privileges of loans now authorized to landowners of actually cultivated, productive and unencumbered agricultural lands in the provinces. This bill failed to pass.

Subsection (a) of section 3 of Act No. 3173 known as "Pension and Retirement Fund of the Philippine Health Service" has been amended by Act No. 3611 approved on December 3, 1929, including the hospital superintendents among the health officers and employees eligible for retirement.

A bill providing for a general pension and retirement system of all regularly and permanently appointed officers and employees in the Philippine civil service was presented in the Senate and favorably recommended by the Special Joint Committee created by the Concurrent Resolution No. 11 adopted on November 8, 1928, but failed to be considered by the Legislature.

The bill applies to all regularly and permanently appointed officers and employees in the Philippine civil service who have rendered at least twenty years of satisfactory service and attained the age of 50 years. Persons who are eligible for retirement under the provisions of Act 1638, as amended, Act 3050, as amended, Act 3173, as amended, officers and employees who are not citizens of the Philippine Islands or of the United States, and those detailed from the Army, Navy, or civil service of the United States, are, however, excluded. The proposed law is patterned after Act 3050 in all its essential details. Four per cent of the monthly salaries of the employees, two per cent of the total appropriation for salaries of employees, all moneys resulting from fines, leave of absence not taken or without pay, donations, gifts, legacies, or bequests of individuals, corporations, or organizations, constitute the pension fund. The annuity that may be granted is two-tenths of the average salary for five years of service for those who have served twenty years; three-tenths for twenty-five years; four-tenths for thirty years; five-tenths for thirty-five years; and six-tenths for forty years or more, but in no case shall the average salary exceed seven thousand two hundred pesos per annum. There is also a provision giving an employee the option to retire under Act 2589, as amended, in which case he loses his right to pension under the proposed bill.

Of all the general pension laws for Government employees so far proposed, this bill seems to be the most satisfactory, and its passage will not only solve the problem of superannuation but will also eliminate persons who are otherwise mentally and physically incapacitated to further serve the government efficiently.

(ACT No. 2711) RELATING TO THE CIVIL
SERVICE**

SEC. 23. *Oath of office for Insular and provincial employees.*—Save in the case of a laborer or emergency employee, every person elected or appointed to an office or position of trust or profit in the Insular or provincial service, or service of a chartered city, shall, before entering upon the discharge of his duties, take and subscribe an oath of office, in such form as shall be prescribed by the Director of Civil Service, wherein the affiant shall declare that he recognizes and accepts the supreme authority of the United States of America and will maintain true faith and allegiance thereto; that he will obey the laws, legal orders, and decrees promulgated by its duly constituted authorities; that he will well and faithfully discharge to the best of his ability the duties of the office or position upon which he is about to enter or of any position to which he may thereafter be appointed; and that the obligation imposed by such oath of office is assumed by him voluntarily, without mental reservation or purpose of evasion.

SEC. 24. *Oath of office of municipal officials.*—Every person elected or appointed to a municipal or township office shall, before entering upon the discharge of his duties, take and subscribe an oath of office, in such form as shall be prescribed by the Director of Civil Service, wherein the affiant shall declare that he has the requisite qualifications to hold office in the municipality; that he recognizes and accepts the supreme authority of the United States of America and will maintain true faith and allegiance thereto; that he will obey the laws, legal orders, and decrees promulgated by its duly constituted authorities; that he will well and faithfully discharge to the best of his ability the duties of the office upon which he is about to enter or of any position to which he may thereafter be appointed; and that the obligation imposed by such oath of office is assumed by him voluntarily, without mental reservation or purpose of evasion.

SEC. 25. *Occasions for administration of official oath.*—Notaries public and persons entering upon office by virtue of election shall take the oath upon the occasion of every appointment or induction into office; those entering the service by appointment, except notaries, shall be required to take the oath only upon the occasion of first entering upon the discharge of their duties in the particular branch of the service to which they respectively pertain; but if any such

appointee should at any time be entirely separated from the service, he shall be required to take the oath upon entering the service again.

SEC. 26. *By whom oath of office may be administered.*—The oath of office may be administered by any officer generally qualified to administer oaths; but the oath of office of the members and officers of either House of the Legislature may also be administered by persons designated for such purpose by the respective Houses.

SEC. 27. *Preservation of oaths.*—Oaths administered to officers and employees as aforesaid shall, in the absence of special provision, be filed in the bureau, office, or branch of the service to which they respectively pertain and shall be there preserved.

SEC. 64. *Particular powers and duties of Governor-General.*—In addition to his general supervisory authority, the Governor-General shall have such specific powers and duties as are expressly conferred or imposed on him by law and also, in particular, the powers and duties set forth in this chapter.

Among such special powers and duties shall be:

* * * * *

(b) To remove officials from office conformably to law and to declare vacant the offices held by such removed officials. For disloyalty to the United States, the Governor-General may at any time remove a person from any position of trust or authority under the Government of the Philippine Islands.

SEC. 79.¹ *Under Secretaries.*—There shall be in each Department one or more Under Secretaries, as the appropriation acts may provide, who shall perform such duties as may be assigned to them by the Secretary of the Department and such as may be imposed upon them by law.

When a Department Secretary is unable to perform his duties owing to illness, absence, or other cause, or in case of a vacancy in the office, the respective Under Secretary, or the Under Secretary designated, as the case may be, shall temporarily perform the functions of said office.

In case neither the Secretary nor the Under Secretaries of a Department are able to perform their duties, owing to illness, absence, or any other cause, the Governor-General may temporarily designate a Secretary or Under Secretary of another Department to perform such duties temporarily during the absence of the former.

(a) *Initiative of the Department Head.*—Executive orders, regulations, decrees, and proclamations relative to matters under the supervision or jurisdiction of a Department, the promulgation whereof is expressly assigned by law to the Governor-General, shall, as a general rule, be

¹ As amended by Act No. 2803 approved on February 28, 1919.

issued upon proposition and recommendation by the respective Department.

(b) *Power to regulate.*—The Department head shall have power to promulgate, whenever he may see fit to do so, all rules, regulations, orders, circulars, memorandums, and other instructions, not contrary to law, necessary to regulate the proper working and harmonious and efficient administration of each and all of the offices and dependencies of his Department, and for the strict enforcement and proper execution of the laws relative to matters under the jurisdiction of said Department; but none of said rules or orders shall prescribe penalties for the violation thereof, except as expressly authorized by law. All rules, regulations, orders, or instructions of a general and permanent character promulgated in conformity with this section shall be numbered by each Department consecutively each year, and shall be duly published.

Chiefs of bureaus or offices may, however, be authorized to promulgate circulars of information or instructions for the government of the officers and employees in the interior administration of the business of each bureau or office, and in such case said circulars shall not be required to be published.

(c) *Power of direction and supervision.*—The Department head shall have direct control, direction, and supervision over all bureaus and offices under his jurisdiction and may, any provision of existing law to the contrary notwithstanding, repeal or modify the decisions of the chiefs of said bureaus or offices when advisable in the public interest.

(d) *Power to appoint and remove.*—The Department head, upon the recommendation of the chief of the bureau or office concerned, shall appoint all subordinate officers and employees whose appointment is not expressly vested by law in the Governor-General, and may remove or punish them except as especially provided otherwise, in accordance with the Civil Service Law. Laborers receiving compensation at the rate of seven hundred twenty pesos or less per annum, and other employees receiving compensation at the rate of two hundred and forty pesos or less per annum, shall be appointed and removed by the chief of the bureau or office, subject only to the general control of the Department head.

The Department head also may, from time to time, in the interest of the service, change the distribution among the several bureaus and offices of his Department of the employees or subordinates authorized by law.

(e) *Leave of Secretaries and Under Secretaries.*—The right of a Department head to leave on account of illness or for any other cause shall not be restricted, provided his absence is not incompatible with the interests of the service and the vacation and other leave of the Under Secretaries shall be regulated, in the discretion of the Department

head, either by the existing provisions governing the leaves of judges of Courts of First Instance, or otherwise.

SEC. 178.¹ *Subordinate employees of General Land Registration Office.*—The chief surveyor and other subordinates of the General Land Registration Office shall be appointed by the Secretary of Justice, upon recommendation of the chief of said office. For administrative purposes, the General Land Registration Office shall be under the direct control of the Secretary of Justice.

SEC. 253. *Pay of United States officers detailed for duty in Philippine service.*—An officer of the United States Army or Navy, when detailed to perform the duties of an office under the Insular Government, shall receive in lieu of the salary authorized for said office the difference between the pay actually received by him from the Army or Navy during said detail and the amount of said salary.

SEC. 254. *Division of annual salary into fractional parts.*—All annual salaries shall be divided into twelve equal installments, one of which shall be the pay for each calendar month; and in making payment for part of a month the amount to be paid for each day shall be determined by dividing the monthly pay into as many parts as there are days in the particular month.

SEC. 255. *When salary begins to accrue.*—Unless otherwise specially provided by law, the salary of any person appointed to a position in the Philippine service shall begin on the day he enters upon the discharge of the duties of his position.

SEC. 256. *Date of taking effect of appointments and promotions.*—Where a new position is created or the salary of an existing position is increased, appointment to such new position or promotion to the increased salary shall not be effective, unless expressly so provided, prior to the enactment of the law creating the new position or authorizing the higher salary; and aside from exceptional cases, approved as such by the proper Head of Department, an appointment or promotion shall not be effective as of a date prior to that upon which the appointment or promotion is actually made.

SEC. 257. *Salary of employee transferred to other branch of service.*—When an employee stationed in the Philippine Islands is transferred from one branch of the Government service to another, and a change of station is thereby rendered necessary, the salary incident to his new position shall begin when he leaves his former station, provided he travels to his new destination in ordinary course; otherwise he shall be allowed such salary prior to arrival at his new destination for such time only as is ordinarily consumed in travel between the places in question.

¹ As amended by Act No. 2834 approved on March 8, 1919.

SEC. 258. *Attendance of Government employee in certain proceedings.*—When a Government employee is required to attend court as a witness or is required by lawful authority to render service as a witness or otherwise before a court-martial or in any extradition case or administrative proceeding of any sort, such service shall be deemed to be service in regular course of employment, and the salary accruing during the period thereof shall not be withheld.

SEC. 259. *Inhibition against payment of extra compensation.*—In the absence of special provision, persons regularly and permanently appointed under the Civil Service Law or whose salary, wages, or emoluments are fixed by law or regulations shall not, for any service rendered or labor done by them on holidays or for other overtime work, receive or be paid any additional compensation; nor, in the absence of special provision, shall any officer or employee in any branch of the Government service receive additional compensation on account of the discharge of duties pertaining to the position of another or for the performance of any public service whatever, whether such service is rendered voluntarily or is exacted of him under authority of law.

SEC. 260. *Payment of salary accruing pending suspension.*—When the chief of a bureau or office suspends a subordinate officer or employee from duty, the person suspended shall not receive pay during suspension unless the Department head shall so order; but upon subsequent reinstatement of the suspended person or upon his exoneration, if death should render reinstatement impossible, any salary so withheld shall be paid, but without prejudice to the application of the disciplinary provisions of section six hundred and ninety-five hereof.

In case of a person suspended by the Governor-General or by the President, no salary shall be paid during suspension unless so provided in the order of suspension; but upon subsequent reinstatement or exoneration of the suspended person, any salary so withheld may be paid in whole or in part, at the discretion of the officer by whom the suspension was effected.

SEC. 261. *Extra compensation for substitutionary service.*—In case of the temporary absence or disability of the chief of any bureau or office, without pay, or in cases of a vacancy in such position, the Department head or person making temporary appointment may, in his discretion, order the payment of additional compensation to the substitute who acts or is designated temporarily to supply the place, which compensation with his existing salary shall not exceed the salary authorized by law for the position filled.

A person who serves as acting chief of a bureau or office during the suspension of the chief may also be paid

additional compensation in the same manner, if upon the final disposition of the matter of such suspension, the full salary is not paid to the officer who was suspended.

SEC. 262. *Payment of money due to deceased employec.*—Where money is due to the estate of a deceased officer or employee for salary or compensation incident to leave, the same may be paid to the person or persons whom the Insular Auditor shall ascertain to be lawfully entitled thereto; but such payment shall be without prejudice to the right of any person claiming said sum, or a part thereof, subsequently to proceed by action in court against the person or persons who may have received the same.

SEC. 263. *Salaries of appointees from United States.*—A person residing in the United States who is appointed to a position in the Philippine civil service shall receive full salary from the date of his arrival in the Islands; and he shall receive half salary from the date of his embarkation (or in case of a judge of a court, from the date of his leaving home to come to Manila) until the date of his arrival, provided he proceeds directly to the Islands by the route indicated for him, otherwise for such time only as is ordinarily required to perform the journey by that route.

Except in the case of judges of courts, the half salary earned en route shall not be paid until after two years of satisfactory service in the Islands, unless prior thereto the appointee dies or is involuntarily separated from the service without fault.

SEC. 264.¹ *Half salary upon retirement.*—A regularly appointed officer or employee, not being a judge of a court, who has come to the Islands upon appointment from the United States, and who has rendered continuous, faithful, and satisfactory service for three years or more after arrival in the Philippine Islands, shall, upon his retirement from the service, be allowed half salary for thirty days in addition to full salary for the period which may be granted him as leave of absence.

If appointed prior to January twelfth, nineteen hundred and four, such person shall also be furnished transportation from Manila to San Francisco or transportation of equal cost to the Government by any other route; but the transportation must be used within six months after retirement from the service.

A teacher who has come to the Islands from the United States or from a foreign country under a regular appointment or who has received such regular appointment in the Philippine Islands, and who has rendered under said appointment continuous, faithful, and satisfactory service in the Bureau of Education or in the Office of the Secretary of Public Instruction in the enforcement of Act Numbered Twenty-seven hundred and six, as amended, for three or

¹ As amended by Act No. 3186 approved on November 27, 1924.

more years after reporting for duty in the Islands, shall, upon retirement, in addition to the half salary provided for in the first paragraph of this section, also be entitled to actual travel expenses from Manila to his place of residence in the United States or in a foreign country, at the time of his appointment as follows: To those who have served three but less than four years under present appointment, actual travel expenses but not to exceed three hundred pesos; to those who have served four but less than five years under present appointment, actual travel expenses but not to exceed six hundred and fifty pesos; to those who have served five or more years under present appointment, actual travel expenses but not to exceed one thousand pesos. The travel expenses as herein provided may be applied on actual return transportation other than the most direct route. The term under present appointment means the appointment under which a teacher is serving at the time the travel expenses herein granted are applied for, and the word teacher includes principal, supervisor, and superintendent. The maximum credit allowed a teacher for service rendered prior to March thirty-first, nineteen hundred and twenty-five shall not exceed two years. No period of service can be credited more than once towards the required accumulation herein prescribed. A teacher may elect toward which of the above travel expenses he desires to accumulate service. Not more than three months of leave without pay can be counted as a part of the said required period of service. The journey for which the travel expenses are claimed shall be made within six months after the date of the retirement. A teacher who retires under the provisions of Act Numbered Twenty-five hundred and eighty-nine, as amended, and Act Numbered Three thousand and fifty, as amended by Act Numbered Thirty-one hundred, and a teacher entitled to the privilege granted by the preceding paragraph, shall not be entitled to the travel expenses herein created.

SEC. 265. *Scale of salaries received by Government employees.*—As regards salaries, employees in the Philippine service shall be arranged in grades according to the following scale; and in this schedule compensation at a stated rate refers not only to compensation paid at such rate for the whole or any part of the year but also to a salary fixed at so much per annum:

SEC. 266. *Minimum salary payable in absence of specific authority.*—A position designated in an Appropriation Act as belonging to a particular grade, without indication of any specific salary, shall carry the minimum salary prescribed for persons of that grade.

SEC. 267. *Title of chapter.*—This chapter shall be known as the Leave Law.

SEC. 268. *Leave of absence of judges of Supreme Court.*—During vacation of the Supreme Court, the judges not assigned to vacation duty shall be upon vacation leave; and if no court vacation is declared for any year each of the judges shall become entitled to three months' leave in lieu of court vacation.

Each judge of the Supreme Court shall also be entitled to additional leave for a period equivalent to one-twelfth of the time of his service on the court.

When a person is appointed to the Supreme Court from any branch of the Philippine service to which leave is incident, any period of prior service in respect to which no leave has been enjoyed by him shall, for the purpose of determining his right to additional leave, be deemed to be time of service as a Supreme Court judge; but the additional leave acquired by virtue of such previous service shall in no case exceed two months.

SEC. 269. *Accumulation of leave.*—Additional leave and leave in lieu of court vacation, if not taken in whole or in part as the same accrue, shall be allowed to accumulate; but the total amount of leave to the credit of a judge at any one time shall not exceed one year, any excess being forfeited.

SEC. 270. *Approval of leave.*—The right of the judges of the Supreme Court to leave of absence may be exercised by them subject only to approval in such manner as the court by resolution may direct, provided all such leaves of absence shall be so arranged as never to deprive the court of a quorum during its regular sessions.

SEC. 271. *Leave of absence of judges of first instance.*—During the yearly court vacation the judges and auxiliary judges of first instance not specially assigned to vacation duty shall be upon vacation leave.

In every third year dating from the commencement of his service each judge and auxiliary judge of first instance may be granted extended leave for three months in addition to the court vacation to which he may be entitled during that year, making a total of five months' leave.

When a person is appointed to the position of judge or auxiliary judge of first instance from some other branch of the Philippine service to which leave is incident, any period of prior service in respect to which no leave has been enjoyed by him shall, for the purpose of determining

when he may be allowed to go upon extended leave, be deemed to be time of judicial service.

SEC. 272. *How leave may be taken.*—The five months' extended leave of a judge or auxiliary judge of first instance shall be assigned to him by the Department head, and with his consent, may be taken at any time during the year, without including the court vacation, provided the judge enjoying the same shall have been assigned for duty during the part or whole of the court vacation not included in the leave granted. Extended leave beginning in the latter part of any year may run to conclusion in the succeeding year, and the Department head may, in any case, postpone the extra three months from one year to the next, if this is required by the exigencies of the service.

If any judge should serve for five and one-half years or more without enjoying extended leave, he may be allowed leave for eight months if, in the opinion of the Department head, the exigencies of the service permit, but in such case the period of leave granted must embrace the full period of a regular court vacation.

Any officer appointed to a position carrying accrued leave from a position carrying judges' leave shall be allowed accrued leave for the period of actual service during which extended leave has not been enjoyed by him, subject to the same limitations as are applicable generally to accrued leave.

SEC. 273. *Commutation of salary.*—When a judge of any court goes abroad upon extended leave taken under this chapter, the salary incident to the period of such leave may be paid before departure; but when a judge who has served more than two and less than three years is granted such leave, no payment for the time in excess of the ordinary court vacation shall be made until he returns to duty and completes three years of service. For the purposes hereof, the service of a judge appointed from the United States shall be deemed to begin thirty days before he arrives in the Islands ready for duty.

SEC. 274. *Vacation and leave of teachers.*—Persons in the teaching service other than the classes designated in section two hundred seventy-nine hereof as not being entitled to accrued leave, and such as are designated for continuous duty shall be entitled to teachers' vacation; and upon the approval of the Secretary of Public Instruction such persons may, not oftener than once in three years, be granted extended leave on full pay during vacation period, with permission to spend a vacation period abroad.

SEC. 275. *Persons in teaching service designated for continuous duty in vacation periods.*—For the good of the service the Director of Education, or in the case of employees of the University of the Philippines, the President of the University, may, with the approval of the Secretary of Public Instruc-

tion, designate persons in the teaching service for continuous duty. Teachers so designated shall be entitled to accrued leave instead of teachers' vacation leave, and shall render the same hours of service as other employees entitled to accrued leave.

SEC. 276.¹ *Persons entitled to accrued leave.*—After at least two years' continuous, faithful, and satisfactory service, the proper head of Department shall, subject to the requirements of the public service, grant each regularly and permanently appointed officer or employee in the Philippine Civil Service, except as hereinafter provided, thirty days' accrued leave of absence with full pay, inclusive of Sundays and holidays, for each year of satisfactory service in the Islands, or abroad, if specially detailed.

SEC. 277. *Computation of leave and pay earned under different salaries.*—In case of a change of salary, whether occasioned by transfer from one position to another or to an office newly created, or otherwise, leave and pay shall be so computed as to correspond with the salaries at which and periods during which such leave and pay were earned, and the same amount of pay shall be allowed as if leave had been taken while the officer or employee was receiving the salary at which it accrued.

SEC. 278. *Anticipation of leave to accrue during absence.*—Leave shall accrue during authorized absence on leave with pay, and leave so to accrue may be allowed by anticipation at the time leave is granted.

SEC. 279.² *Persons not entitled to accrued leave.*—The following persons shall not be entitled to accrued leave:

(a) Laborers, skilled and unskilled, whose rate of compensation is less than two thousand pesos per annum.

(b) Temporary and emergency employees, except detectives and secret agents.

(c) Persons whose compensations are authorized at other than a yearly rate, except officers detailed from the military, naval, or civil service of the United States.

(d) Persons enlisted for a term of years.

(e) Watchmen.

(f) Linemen.

unfitness shall be certified to by both the Director of Education and a government health officer, and the person so retired shall present himself personally during the months of January and July of each calendar year to a public health officer during the period he receives a pension for unfitness for service to determine his fitness to return to the service and to cease receiving the pension benefit. books of the Insular Treasurer to the credit of a special fund to be known as the "Teachers' Retirement and Disability Fund," and said fund is hereby appropriated for the payment of annuities, allowances, and expenses as provided in this Act, and for investment by the "Pension and Investment Board" created in section twelve of this Act. SEC. 10. Beginning on the first day of the third month next following the approval of this Act and monthly thereafter there shall be deducted and withheld from each monthly basic salary, pay or compensation of each employee to whom this Act applies a sum equal to three per centum of such employee's monthly basic salary, pay or compensation. The Insular Treasurer shall cause the said deductions to be withheld from all specific appropriations for the particular salaries or compensations from which the deductions are made and from all allotments out of lump sum appropriations for payment of such salaries or compensations for each fiscal year, and said sums shall be transferred on the books of the Insular Treasurer to the credit of the "Teachers' Pension and Disability Fund" created in this Act.

SEC. 11. In the case of an employee to whom this Act applies becoming absolutely separated from the service by death or otherwise before becoming eligible for retirement on an annuity the total amount of deductions of salary, pay, or compensation, with accrued interest computed at four per cent per annum, and compounded on June thirtieth of each fiscal year, shall, upon application, be returned to such employee or his heirs in one lump sum: *Provided*, That in case of death, if there has been no demand upon the Director of Education or the Insular Treasurer by a duly appointed executor or administrator, the payment shall be made after the expiration of three months from date of death, to such person or persons as may appear to be entitled to the proceeds of the estate and such payment may be a bar to recovery by another person.

Persons reemployed in the Government service and receiving salary, pay or compensation for services rendered as an employee of any branch of the Government of these Islands, including municipalities and provinces in the Philippines shall have the pension discontinued for such periods of employment in each case where the pay, salary or compensation is equal to or greater than fifty per centum of the pension received under the provisions of this Act.

All records of manipulations of the "Teachers' Pension and Disability Fund" and disbursements from the same and all accounts of payments made out of said fund shall be kept and made by the Director of Education, under the supervision of the "Pension and Investment Board."

5. Examining committees and special examiners.

6. The Director may appoint with the approval of the Governor-General or proper head of Department such ex-

- Preference in selection. 3. In making selections from certifications of eligibles by the Director, appointing officers shall, when other qualifications are equal, prefer:

- Examination papers with certifications. 4. The Director, whenever practicable, shall forward to the appointing officer in connection with each certification the applications and examination papers of the persons certified, and said officer may summon personally before him the eligibles certified and make such inquiries of them as he may think proper. If the eligible was provisionally appointed in the United States, his probational appointment will be effective the day following the date of his actual landing in the Philippine Islands, provided he reports immediately at the office of the Bureau of Civil Service, and leave shall not accrue prior to the date of such probational appointment. *The first six months of service or the first ten months in the case of a teacher shall be a probationary period.* At the expiration of such probationary period, if his conduct and capacity are satisfactory to the appointing officer, his retention in the service shall be equivalent to his absolute appointment; but if his conduct and capacity be not satisfactory, he may at any time during or at the expiration of his probationary period be notified by the appointing officer that he will not receive absolute appointment because of such unsatisfactory conduct or want of capacity, and such notification, without other formality, shall discharge him from the service. Full report of the cause of the discharge shall be made to the Director. A probationer may be reduced in class or grade at any time during or at the expiration of his probationary period by a notification of reduction from the appointing officer without other formality; in such case the appointing officer shall immediately forward to the Director new appointment on the prescribed form accompanied by a full statement of the cause of the reduction. Temporary appointment made from an eligible register as provided in this section may continue until such temporary appointee is given probationary appointment or until the Director certifies three eligibles, when probationary appointment must be made.

Temporary employment of others.

2. Whenever there are no names of eligibles upon a register for any grade in which a vacancy exists, and the public interests require that it shall be filled before eligibles can be provided, such vacancy may, subject to the approval of the Director, be filled by the employment without examination of a person for such time as will enable the Director to provide one or more eligibles. Such temporary employment shall expire when the Director shall certify an eligible who accepts either temporary or probationary appointment.

Work temporary in character.

3. Whenever the work to be done is, in the judgment of the Director, temporary in character, he may authorize temporary employment, giving preference to eligibles if available, which employment may continue until the completion of the work.

Teachers.

2. When the nature of the duties to be performed or the interests of the public service require it, the head of any Department, bureau, or office may extend the daily hours of labor herein specified for any or all of the employees under him, and in case of such extension it shall be without additional compensation unless otherwise provided by law. - Information to be furnished.** (b) In case of the death of an officer or employee the chief of his bureau or office shall transmit to the Director application for accrued leave due, and application supported by medical certificate on the form provided for that purpose, for vacation leave covering absence on account of illness immediately preceding death.

If the leave granted is commuted, payment therefor shall be made as provided by law; if the leave granted is not commuted, payment shall be made from the unexpended balance for salaries and wages, and the position shall remain vacant for a period equal to the accrued leave granted.
- Leave accrued at different compensations.** (d) An officer or employee who applies for accrued leave which was earned at different rates of compensation shall be granted leave with pay at the salary he is last receiving for a period equaling in money value the period of accrued leave estimated in accordance with the provisions of Act Numbered Sixteen hundred and ninety-eight, and he may be granted, if he so desires, such additional leave, without pay, as will give him the aggregate length of time on leave, with and without pay, as provided in the aforesaid Act.
- Commutation of leave.** (e) Except on resignation, commutation of leave shall not be made to an officer or employee who remains in the Islands during the period of the leave granted. If he obtains commutation of leave and does not leave the Islands without delay or if he returns to the Islands more than three weeks prior to the expiration of the period of leave commuted and fails to make immediate refund of the money value of unused leave commuted, his action shall be considered cause for forfeiture of vacation leave and for such other disciplinary action by the Governor-General or proper head of Department as may be deemed necessary.
- Penalties for improperly obtaining commutation.**
- Application for vacation leave (form 55).** 2. (a) All applications for vacation leave of absence for a period of one full day or more must be made on the form provided therefor five days in advance, wherever possible, and transmitted to the Director immediately: *Provided*, That applications on this form for two days or less may be retained by the chief of any bureau or office, if so preferred by him, and forwarded to the Director on the first day of the following month as inclosures to the monthly report; when so forwarded the first indorsement need not be com-

pleted. Applications for less than one day should not be forwarded. All absences, including fractions of a day, must be recorded on the daily time record and reported to the Director monthly. In case of illness or unavoidable absence from other cause notice must be immediately sent to the chief of the bureau or office, and the application, containing a brief explanation of the cause of delay in filing, forwarded later.

(b) The vacation leave of an employee whose salaries during a calendar year embrace the two rates of vacation leave provided in the schedule of section 24 of Act Numbered Sixteen hundred and ninety-eight shall be computed by allowing credit for the two rates in proportion to the part of the year served at each rate.

Vacation leave when salary changes during the year.

(c) When vacation leave is requested by any officer or employee (except a teacher) during his first six months of service from the date of original appointment the Director shall state on the application the date on which payment for such leave may properly be made under the provisions of Act Numbered Sixteen hundred and ninety-eight, and, unless the Governor-General or proper head of Department directs otherwise, on account of illness of the officer or employee, the chief of the bureau or office shall require that payment for such leave be withheld until that date.

Vacation leave during first six months' service.

(d) The application for vacation leave shall be used by teachers for all absences during school terms on account of illness or other cause, and the Director of Education shall require payment for such absences to be withheld until they have performed duty during vacation for a period equal to their absences from duty on account of illness, as required by Act Numbered Sixteen hundred and ninety-eight: *Provided*, That if the absences were due to illness, the withholding of salary may be postponed to the beginning of the next summer vacation. Teachers in applying for permission to visit the United States shall use the same application.

Absences of teachers during school sessions (forza 55).

(e) Applications of officers and employees for leave of absence on account of wounds or injuries incurred in the performance of duty, extending beyond the allowable vacation leave (paragraph (d), section twenty-five, Act Numbered Sixteen hundred and ninety-eight), must be made on the form used in making application for vacation leave, supported by medical certificate on the prescribed form and evidence showing that the wounds or injuries were incurred in the performance of duty.

Wounds or injuries.

3. When an officer or employee is granted vacation leave in excess of the accrued leave allowable, or when he is granted vacation and accrued leave and the vacation leave is in excess of the accrued leave allowable at the expiration of the total vacation and accrued leave granted, payment for such excess leave shall be withheld until five days after return to duty. In the event that it shall appear during the first five days after return to duty from leave that it is

not the intention of the officer or employee to continue in the performance of his duties any longer than to draw all back salary which may be due him, payment shall be withheld and full report thereof forwarded by the chief of the bureau or office, through the Director, to the Governor-General or proper head of Department for action. If he fails to return to duty no payment for the leave withheld shall be made, unless the failure to return is due to illness and payment is authorized by the Governor-General or proper head of Department.

Absence due to illness.

4. All absences of an officer or employee in excess of the vacation or accrued leave allowable shall be without pay, unless the Governor-General or proper head of Department directs that payment for such absence be made, in accordance with paragraph (c), section twenty-five of Act Numbered Sixteen hundred and ninety-eight, on account of the absence being due to illness of the officer or employee. At the expiration of the first two years of service the officer or employee may make written application covering the period for which pay was withheld. This application shall be forwarded by the head of the bureau or office with his recommendation, through the Director, to the Governor-General or proper head of Department, who may direct that payment be made, if funds are available, and that the absence be charged against accrued leave.

Excess vacation leave charged to salary or accrued leave on separation.

5. If an officer or employee is separated from the service by resignation or otherwise except by death after having taken vacation leave in excess of that proportion due for the part of the calendar year served by him, such excess vacation leave shall be charged against his salary or accrued leave: *Provided*, That if the vacation leave was allowed on account of illness of the officer or employee, the Governor-General or proper head of Department may direct that no deduction be made from his salary or accrued leave for such excess vacation leave previously allowed.

Leave not allowable on separation prior to completion of two years' service.

6. ¹ An officer or employee other than teacher appointed under the provisions of chapter twenty-seven of Act Numbered Twenty-seven hundred and eleven, known as the Administrative Code, who is separated from the service by resignation or otherwise before having served two full years, shall not be allowed any leave on separation.

Vacation of teachers.

7. (a) ¹ The resignation of a teacher may be accepted at the end of a school year and he may be allowed the vacation current: *Provided*, That the total vacation enjoyed by him shall not exceed twelve weeks for every forty weeks actually taught.

Resignation or leave during school year.

(b) ¹ As a rule, the resignation of a teacher will not be accepted prior to the termination of the school year: *Provided*, That if for illness or urgent necessity the resignation

of a teacher who has served more than one year is accepted without prejudice or permission to visit the United States is granted by the Secretary of Public Instruction prior to the termination of the school year he may be allowed salary for one week's vacation for every month actually taught by him since the preceding summer vacation. Vacation may be allowed to the estate of a teacher who dies or to the teacher who resigns because of completion of contract on the same basis as to a teacher whose resignation is accepted on account of illness.

8. In every case where action by the Governor-General or head of Department is contingent upon illness of an officer or employee evidence of illness must be submitted on the prescribed form except where a teacher applies for permission to make up, during vacation, time lost from duty on account of illness; if the illness was due to immoral or vicious habits, favorable action will not be taken.

Illness, evidence required (form 41).

9. When an application for leave is received by the Director and the monthly report is overdue, action on such application may be suspended pending the receipt of such report in proper form, but such suspension and the reason therefor shall be communicated immediately, in writing, by the Director, to the proper chief of bureau or office.

Suspension of action of applications for leave.

10. Absence on Saturday shall be counted as absence for one full day. A Sunday or a holiday occurring at the beginning or at the end of a period of accrued or vacation leave shall not be considered as a day chargeable to leave unless the duties of the position demand the rendering of service on such day. Leave of absence for any reason other than serious illness must be contingent upon the necessities of the service.

Absence on Saturday.

Leave contingent on needs of the service.

11. Officers or employees on leave of absence shall report to the chiefs of their respective bureaus or offices at the end of each month by registered mail their post-office addresses for the ensuing month, and shall promptly report in a similar manner and in sufficient detail every unexpected and unavoidable delay which may have occurred during the period contemplated by their leave of absence. Absence from duty at station in the Philippine Islands after the expiration of the leave due shall be without pay.

Employees on leave to report addresses.

12. No officer or employee in the Philippine civil service shall be dropped from the rolls of his office for unexplained absence in the United States until at least forty days after the expiration of the period of absence contemplated by the leave granted, and then only with the approval of the Governor-General or proper head of Department.

In each application the date of the expiration of leave of absence and the post-office address of the applicant while in the United States must be stated. Where the employee has served more than three years in the Islands such return transportation will be advanced upon request, provided the employee agree to reimburse the Government in installments and to remain in the service until such reimbursement is made.

Correspondence
regarding return
transportation.

(b) If transportation is not advanced as provided in the next preceding section, immediately upon reaching the United States remittance covering cost of return transportation must be made to the Chief of the Bureau of Insular Affairs, War Department, Washington, District of Columbia, with a statement of the date on which the applicant desires to leave the United States. All subsequent communications regarding return transportation and prompt report of any changes occurring in the applicant's post-office address must also be directed to the Chief of the Bureau of Insular Affairs, and a duplicate copy of each such communication mailed at the same time to the chief of the bureau or office interested.

Expense ac-

(c) An officer or employee entitled to traveling expenses from his place of residence in the United States to Manila under the provisions of section twenty-three or twenty-nine of Act Numbered Sixteen hundred and ninety-eight, or from foreign countries under the provisions of section twenty-three of Act Numbered Sixteen hundred and ninety-eight, shall file with the Insular Auditor his expense account within thirty days, if possible, after arrival at Manila.

EXECUTIVE ORDERS

THE GOVERNMENT OF THE PHILIPPINE ISLANDS EXECUTIVE BUREAU

MANILA, *July 22, 1907*

EXECUTIVE ORDER }
No. 20 }

Executive Order Numbered Thirteen, series of nineteen hundred and seven, is hereby amended to read as follows:

"The practice of taking so-called 'voluntary contributions' for public or semipublic purposes by public officers and employees, which exists in many localities, is seldom justifiable and frequently productive of abuses. A feeling of injury or resentment is often thereby engendered among people who are unable to distinguish between collections made in this manner and those made by taxation. It is therefore ordered that all persons holding office or employment under the Government refrain from soliciting or receiving subscriptions unless the previous approval of the Governor-General to the purpose of the subscription is first obtained.

"The attention of all provincial and municipal officials is called to the following circular recently issued to all provincial fiscals:

"Sir: The attention of the Commission has been called to certain abuses that have been committed in many of the municipalities of these Islands in the collection of contributions for public or semipublic purposes, the said abuses consisting in such contributions being made under duress and threats on the part of municipal officers and their representatives. This is frequently done by assessing each person a fixed amount, and he is given to understand that said amount is his proportion of the contributions and that it is in the nature of a legal contribution or tax; persons have been arrested for no other reason than the failure to pay these contributions, and in not a few instances a large portion of the sums so collected are not devoted to the object for which they are collected, but used for the personal benefit of those intrusted with their collection. Such acts fall within the provisions of the Penal Code, and may be classed, as the case may be, either as the crime of *amenaza*, of *detención arbitraria*, or *estafa*, as defined and punished in case 1 or case 5 of article 535 of the said code.

“These abuses naturally create discontent among the people and resentment against the Government in cases where they have been made to believe that the contribution is imposed by its authority. With the object of correcting such abuses, I urgently request that as soon as it comes to your knowledge that in the collection or disposition of any contribution an act has been committed subject to the action of the Penal Code you immediately take steps to make an investigation and file the proper criminal complaint if it appear from your investigation that there are sufficient grounds therefor.

“Very respectfully,

“GREGORIO ARANETA
Attorney-General’

“Every infraction falling within the purview of the above circular which comes under the notice of any Insular, provincial or municipal officer or employee should be at once reported to the fiscal having jurisdiction.

“It is directed that a copy of this order be kept posted in a conspicuous place in every provincial and municipal building.”

MANILA, *December 1, 1913*

EXECUTIVE ORDER }
No. 103 }

For the future, the executive authority given by the law to permit, in certain cases, Government employees to engage in private business outside of their official duties, will not be favorably exercised except under most exceptional circumstances. It is not intended by this that all employees of the Government who have engaged in private business under executive permission conferred in accordance with the law should sever their connection with such business enterprises; and such cases would be considered for revocation of the permission already extended only where such business activities impair the efficiency of the Government employee during his official work, tend to influence improperly his official actions, secure to him any unfair advantage in connection with his official position, or otherwise bring discredit upon the Government. On the other hand, it should be understood that for the future such business employment outside of official life is considered to affect unfavorably the capacity of the employee to perform the Government services for which he is drawing his salary; his entire time and strength is due to the Government even though he may be

called upon to give such time and strength outside of office hours.

No employee will be allowed to take any part in the management of any business or engage in outside clerical or sedentary employment or any profession or employment which would bring him into competition with professional or business men, and permission to accept employment will as a rule be limited to that involving outdoor labor which would better the physical condition of the employee and to teaching engineering, stenography, and such other branches as would be of benefit to the Government or the community, the time to be devoted to this teaching not to exceed that prescribed for the Government night schools (one and one half hours daily).

Permission for all investments made in the Philippine Islands must be obtained from the Governor-General or proper Secretary of Department. No request will be approved to make any investment which might bring the employee's private interests into real or apparent conflict with his public duties or in any way influence him in the discharge of his duties, or to make any investment which might interest the employee in an undertaking with which his public duty is connected or which might cause criticism of the Government or the employee. Employees shall not obtain concessions from the Government or own stock in companies holding concessions.

Loans from subordinates to superiors and loans on personal security are absolutely prohibited. Loans on real estate with interest at 10 per cent per annum or less will usually be approved under proper conditions.

Any violation of the provisions of this order or acceptance of employment or making investments or loans without the required permission will be sufficient cause for removal from the service.

DEPARTMENT ORDER }
No. 2, s. 1926 }

To supplement the provisions of Executive Order No. 103, dated December 1, 1913, relating to prohibition of Government officers and employees from engaging in private business, the following specific regulations are made for the government of the conduct of officers and employees of the Bureau of Education and the Bureau of Health, respectively:

BUREAU OF EDUCATION

Teachers, principals, superintendents of schools or other insular, provincial or municipal employees responsible for the selecting, requisitioning or recommending of books, school

stationery, magazines, periodicals, athletic goods or other school supplies are hereby prohibited to own, directly or indirectly, shares of stock in any firm, company, corporation or business establishment dealing in these goods, or to loan, directly or indirectly, funds to any of these entities or to the individual members or officers thereof, or to have any interest, direct or indirect, in any business enterprises from which the Bureau of Education acquires supplies and materials either by direct purchase or through some Government bureau or agency.

It is evident that in the purchase of books or school supplies, the best interest of the school should be the only consideration. Supplies or goods should be purchased where the prices are most advantageous to the schools, irrespective of the company or companies concerned, but above all the good name of the Bureau of Education must be safeguarded and school officials saved from embarrassing situations, annoyances, and malicious insinuations.

BUREAU OF HEALTH

Officers and employees of the Bureau of Health responsible for the selecting, requisitioning, or recommending of supplies and materials are hereby prohibited to own, directly or indirectly, shares of stock in any firm, company or corporation having business relations with the Bureau of Health, or to loan, directly or indirectly, funds to those entities or to the individual members or officers thereof, or to have any interest, direct or indirect, in business enterprises from which the Bureau of Health acquires supplies and materials either by direct purchase or through some Government bureau or agency.

Violations of the provisions of this order will be sufficient ground for dismissal from the service.

(Sgd.) E. A. GILMORE
Secretary of Public Instruction

OFFICE OF THE GOVERNOR-GENERAL OF THE PHILIPPINE ISLANDS

MANILA, August 3, 1917

EXECUTIVE ORDER }
No. 63 }

For the purpose of determining the relations that should obtain between the various branches of the Executive as a result of the recent reorganization of the Insular Government, the following instructions are hereby published for the information and guidance of all concerned:

1. The executive power is vested in the Governor-General and the Secretaries of Departments. The Governor-General,

by the terms of the Philippine Organic Act, is the supreme executive authority and has general supervision and control of all of the Departments and Bureaus of the Government; the Departments exist for the proper distribution of the work of the Executive, the performance of such functions as may be specifically conferred upon them by law, and in order that there may be a head of each branch of the administration responsible for the conduct and policy thereof. The several Department Secretaries are therefore expected to assume the burden and responsibility for all Government activities under their control and supervision.

2. Executive orders, regulations, decrees and proclamations relating to matters under the supervision or control of a Department the promulgation whereof is expressly conferred by law upon the Governor-General will, as a general rule, be issued upon the recommendation of the corresponding secretary of department.

3. The present practice of the Secretaries of Departments of constituting themselves into a Cabinet of the Governor-General is hereby confirmed, approved and continued. The Cabinet shall hold regular meetings weekly and such special meetings as may be called by the Governor-General. All controversies between two or more Departments and all matters involving the determination of a general policy, even when they come under the jurisdiction of a single Department, shall be discussed in the Cabinet.

4. The Bureaus and Offices in each Department are units or agencies of government constituting a correlated organization with the Department Secretary as its responsible head. All dealings with and between Bureaus and Offices shall therefore be conducted by the proper Secretary of Department unless otherwise authorized.

5. The Secretary of each Department shall from time to time promulgate such rules, regulations, orders or instructions not inconsistent with law as may be necessary for the proper government of his department, to secure the harmonious and efficient administration of the Bureaus and Offices under his control and supervision, and to carry into full effect the laws relating to matters within his jurisdiction. Rules, regulations, orders or instructions of a general and permanent character and application promulgated in pursuance hereof shall be issued in the form of Department orders consecutively numbered for each year and duly published.

6. The chiefs of Bureaus and Offices shall continue to exercise their own judgment and discretion in the disposition of all matters arising within their jurisdiction, subject to the direction and control of their Department Head, who may, except as otherwise specifically provided by law, reverse or modify their decisions.

7. Papers requiring action by the Bureaus of Audits and Civil Service shall be forwarded to the Secretary concerned through the Insular Auditor and the Director of Civil Service, respectively. All proposed appointments by chiefs of Bureaus and Offices in the Philippine Civil Service, whether original, by promotion, reduction, transfer or reinstatement shall be transmitted to the Director of Civil Service who shall forward them to the Governor-General or proper Head of Department for approval, in case he finds them allowable under the Civil Service Law and Rules. Commissions of unclassified officers of the various departments shall be signed by the Governor-General and countersigned by the corresponding Secretary of Department. So much of section one of Civil Service Rule X as is inconsistent with the provisions of this section, is hereby revoked.

MANILA, *March 22, 1921*

EXECUTIVE ORDER }
No. 12 }

In connection with the enactment of Act Numbered Two thousand nine hundred ninety with regard to the commutation under certain conditions of accrued leave in excess of the leave for five years of service and which would otherwise be forfeited, the following procedure should be followed by the persons concerned: In order that a person who has to his credit the accrued leave for five years of service may establish his right to the commutation allowed by the law referred to above, he shall forward an application for accrued leave, on the usual form and in the usual way, covering the period of time which he desires to enjoy. This application should be acted upon by the chief of the bureau or office as contemplated by the printed first indorsement thereon. Favorable action should always be taken unless the services of the applicant are practically indispensable, which would very rarely be the case, because denial of the request exposes the Government to a considerable expense, and the new law is susceptible to much abuse if it be administered with a view to granting a certain class of employees additional compensation rather than a view to the real exigencies of the Government service. A uniform policy by all chiefs of offices of taking favorable action will be advantageous to all the parties concerned. The employee will thereby be benefited because he needs rest

and recuperation of impaired health due to long and continuous service to which he has been subjected. The Government on the other hand will share the benefit thus derived by the employee because when he returns to duty he will embark upon his work with new vigor and energy. If the application for leave is denied, the officer doing so shall state in detail the reasons therefor, which must be sufficient to make it appear that the Government would suffer a greater loss by sparing the applicant's services for the period of leave applied for than the money value of the accrued leave in excess of that pertaining to five years' service. He shall also make specific statement as to the earliest probable date on which the applicant might be granted the leave applied for or a portion thereof.

If the application is disapproved on account of the real exigencies of the service, the applicant will thereby become eligible to the benefits conferred by Act No. 2990. At the expiration of one year from the effective date of the leave applied for, when the right to commutation herein mentioned is perfected, the applicant may request commutation of the accrued leave which is then in excess of that pertaining to five years of service. It should be understood that as the law has no retroactive effect commutation of any accrued leave forfeited on or before the enactment of the law aforementioned cannot be entertained.

EXECUTIVE ORDER }
No. 12 }

It having been brought to my attention that the provisions of Memorandum Order, this office, dated January 23, 1918, are not being complied with and that bureaus are bidding against each other for desirable men by offering increases of salary, which practice is demoralizing and it is directed that each head of Department or chief of bureau or office take the necessary steps to prevent the transfer of any of his employees, either classified or unclassified, as a result of such procedure and that no action be taken which tends to encourage the practice of one bureau or Department bidding against another for the services of an individual.

LEONARD WOOD
Governor-General

OFFICE OF THE GOVERNOR-GENERAL OF THE
PHILIPPINE ISLANDS

MANILA, *November 20, 1924*

EXECUTIVE ORDER }
No. 58 }

To all Chiefs of Bureaus and Offices:

Occasions are continually arising calling for the gathering of voluntary contributions to various causes. In such cases the practice of authorizing disbursing officers to withhold such contributions from the salaries or any other payments which may be due officers and employees is deemed prejudicial to public interest and should be discontinued. The collection of such contributions through disbursing officers is bound to be construed by many as lending the weight of the authority of the Government to the cause in view, and to this extent takes away the purely voluntary nature of the contribution and undoubtedly leads to employees making larger contributions than they really feel justified in making; in other words it amounts to a means for compulsion.

It is, therefore, directed that disbursing officers refrain from making any deduction from the amount due to any officer or employee for the purpose of applying the same to so-called voluntary contributions. This action should not be construed as discouraging in any way any officer or employee from contributing personally to worthy causes.

LEONARD WOOD
Governor-General

OFFICE OF THE GOVERNOR-GENERAL OF THE
PHILIPPINE ISLANDS

MANILA, *February 14, 1925*

EXECUTIVE ORDER }
No. 8 }

It has come to the knowledge of this office that a great number of Government employees has resorted to the pernicious practice of lobbying in legislative halls and offices for the purpose of influencing the members of legislative bodies to grant them increases in their compensation. It is understood that in many such cases the increases in salary are not recommended by the chief or by the Department head, and that the employees approach and influence members of the Legislature on their own initiative and responsibility. This practice is certainly destructive of the merit system upon which the Civil Service Law and Regulations are based and is highly unbecoming of public servants. The chief of a bureau or the head of a Department is the proper official to judge whether or not an employee is deserving of an increase in salary. Furthermore, the practice of lobbying tends to keep before the minds of employees

thoughts of their own personal advantage in connection with their official duties, instead of the public interest.

It is therefore ordered that hereafter no employee, whether in the classified or the unclassified service of the Philippine Government, shall lobby for his promotion in salary. Persons guilty of violation of this order shall be proceeded against in accordance with the Civil Service Law and Regulations and shall be subject to removal or such other disciplinary action as the facts may warrant.

All officials of the Government of whatever class, are enjoined from countenancing, encouraging, or participating either directly or indirectly in the lobbying to which reference is herein made.

The attention of all concerned is called to the following circular issued by this office on August thirty-first, nineteen hundred and eight, strict compliance with which is hereby enjoined:

"It has been brought to my attention that many officials and employees of the Government residing in more or less isolated places find themselves practically compelled to entertain other officials and employees in such large numbers that the resulting drain upon their private funds is very serious.

"Practically all Government officials and employees are reimbursed for all necessary expenses incurred by them when traveling on official business, either by the payment of the actual and necessary traveling expenses and subsistence, or a per diem, or a combination of the two.

"In order to relieve more or less involuntary hosts and guests from embarrassment in connection with the payment and acceptance of proper compensation for what may have been furnished, each and every official and employee of the Philippine Government is hereby directed to pay full value for all entertainment furnished them by other officials and employees and the latter are directed to accept the same. Bureau chiefs are directed to see that each official and employee concerned in their respective bureau is furnished with a copy of this circular and to issue the necessary instructions to carry it into force."

In connection with the above quoted circular, this office desires to reiterate its stand on the matter of collecting

“voluntary contributions” for the entertainment and reception of public officials as stated in Executive Order Numbered One hundred eight, series of nineteen hundred and thirteen, the pertinent provisions of which are as follows:

“Officers and employees of the Government should also discourage and in no way participate in the practice of private citizens assessing and collecting contributions for the entertainment and reception of public officials on visits to provinces or other localities. While the spirit of hospitality intended on such occasions is commendable, still burdens are sometimes imposed upon the local community; and due to such friendly entertainments the public official on a tour of inspection is largely prevented from accomplishing the object of his trip.

“The Governor-General takes this opportunity of stating that he has just learned of very large contributions amounting to many thousand pesos being solicited for his entertainment in various provinces, and collected from all classes of people. Such an expenditure of money is obviously, though in the most courteous and hospitable spirit, a great hardship upon the people; and at a time when the Government itself is bending every effort toward drastic economy such expenditures are inadvisable. * * *”

Administrative officials are hereby directed to bring the contents of this order to the attention of their subordinates.

EXECUTIVE ORDER }
No. 148 }

Executive Order Numbered Fifty-seven, series of nineteen hundred and twenty-seven, is hereby amended to read as follows:

“Complaints have been made to the effect that supplies and materials are being sold by Government officials to Government officers and employees for their personal use, and that Government supply officers issue unofficial requests upon merchants for the delivery to Government employees, for their personal use, of goods less the regular discount allowed on purchases by the Government.

“Such practices are unfair to the merchants, and, being contrary to law, notice is hereby given that officers and employees of the Government as well as those of semi-Governmental corporations or institutions, have no right to buy goods for their personal use in the name of the Government, or of such corporations and institutions, nor have

they any right to obtain through Government supply officers supplies or materials for their personal use. An exception, however, may be made when the supplies and equipment, including articles of clothing and subsistence, are needed for official and lawful use by officers and employees in connection with the performance of their official duties, in which cases the proper Department Secretary may authorize said officers and employees to make purchases under section two thousand forty-one of the Administrative Code of such equipment and supplies as are necessary in connection with their official duties.

“Drastic administrative action will be taken against any official or employee found guilty of the above practices.”

OFFICE OF THE GOVERNOR-GENERAL OF THE PHILIPPINE ISLANDS

[MEMORANDUM ORDER]

To all Chiefs of Bureaus and Offices:

Restricting temporary employment of noneligibles.

My attention has been called to the extensive system of temporary employment which has prevailed for years in this

Government. Some of this temporary employment is justified by the fact that a sufficient number of persons eligible for regular appointment are not available for the work in hand, this being particularly true in the teaching service. There are many other positions which, on account of their temporary nature and the constantly changing demands, should properly be considered as temporary, such positions being mainly in connection with road and building construction and other outdoor employment.

I am convinced, however, that appointing officers have frequently abused the privilege of temporary employment in connection with clerical positions, and that the time has come when clerical positions throughout the service, save in a very few remote localities, can be filled from the regular registers of eligibles not only without detriment to the service, but with positive benefit. In order to prevent any extension of the temporary employment system, it is hereby directed that all clerical or semiclerical positions (clerks, bookkeepers, typewriters, translators, law clerks, chiefs of divisions, etc.), be filled hereafter by promotion, transfer, or reinstatement of eligibles, or by selection from the regular registers of eligibles. No further increases in salary will be authorized for noneligibles now employed in such positions, nor will temporary employment of eligibles be authorized with higher rates of compensation than those to which their examination status entitles them. Appointing officers will be expected to anticipate the needs of the service for which they are responsible and to provide in advance for the necessary special training of new clerks when vacancies occur in positions requiring knowledge of special duties.

Requests for authority for temporary employment of non-eligibles in clerical or semi-clerical positions based on knowledge of typewriting, languages, law, etc., will not be entertained. Exceptions may be made only in remote provinces where no eligibles are available and possible in certain cases where a knowledge of stenography is an absolute requirement, but in every case they shall bear the specific approval of the Governor-General, after a complete statement of the necessity for making the employment is made by the appointing officer and the recommendation of the Director of Civil Service is obtained.

All persons whose temporary employment in clerical or semi-clerical positions has already been authorized and who are not now eligible for regular appointment, are directed to make special effort to qualify for regular appointment by entering an appropriate examination. Employees stationed in Manila should consult the Bureau of Civil Service and enter an examination on the earliest possible date. Employees stationed in the provinces should be directed to enter an appropriate examination when the general examinations are

held in provincial capitals on September 18-19, 1915. Applications for the required examinations should be transmitted to the Bureau of Civil Service immediately by all employees affected by this order.

In order to secure effective compliance, all chiefs of bureaus and offices are directed to report to the Bureau of Civil Service, not later than January 1, 1916, and each six months thereafter, the action taken in this matter, the number of persons who have failed to qualify for regular appointment who are still employed in clerical positions, and the necessity, if any, for retaining them in the service beyond that date.

MANILA, July 9, 1915

OFFICE OF THE GOVERNOR-GENERAL OF THE
PHILIPPINE ISLANDS

[MEMORANDUM ORDER]

To all Chiefs of Bureaus and Offices:

Suspension of
subordinate offi-
cers or employees.

Attention is invited to section 260 of the Administrative Code which reads in part as follows:

"When the chief of bureau or office suspends a subordinate officer or employee from duty, the person suspended shall not receive pay during suspension unless the Department head shall so order; but upon subsequent reinstatement of the suspended person or upon his exoneration, if death should render reinstatement impossible, any salary so withheld shall be paid, but without prejudice to the application of the disciplinary provisions of section seven hundred and thirty (should be six hundred and ninety-five) hereof.

"* * * * *

Section 695 of the Administrative Code provides that for neglect of duty or violation of office regulations, or in the interest of the public service, a chief of bureau or office may remove any subordinate officer or employee from the service, suspend him without pay for not more than two months, reduce his salary or compensation, or deduct therefrom any sum not exceeding one month's pay.

It will thus be seen that upon subsequent reinstatement of a suspended official or employee the heaviest administrative punishment that may be imposed under existing law would be suspension without pay for two months, reduction in salary, or deduction of one month's pay. Therefore, if the official or employee has been suspended for a period in excess of two months, he would be entitled to receive pay for the balance of his suspension, in excess of that period (assuming that the heaviest punishment is imposed), irrespective of whether or not seemingly good reasons existed for his suspension at the time his suspension was ordered. In the case

of positions which can not be left unfilled without detriment to the public service, the suspension of the incumbent is therefore liable to result in the payment of two salaries, one to the suspended official or employee and the other to the official or employee who temporarily replaced the person suspended. In any event it may be necessary to pay an employee's salary during a period in which no service was rendered and for which consequently the Government gets nothing in return.

It is therefore directed that the utmost caution be exercised by all chiefs of bureaus and offices in the suspension of subordinate officers and employees to the end that payment of salaries to persons who have actually rendered no service may be avoided. It should be borne in mind that under section 2 of Civil Service Rule XII suspension of an employee pending proceedings for removal *may* be ordered but suspension need not necessarily be made coincident with such removal proceedings and is contingent upon such course being deemed necessary in the interest of the public service. It should also be borne in mind that section 6 of Civil Service Rule XIII contemplates that action looking to the removal of an employee should be taken only when there are strong reasons to believe that the respondent is guilty of charges which, if established, would warrant his removal from the service, and no suspension pending removal should be made unless the charges are such as to warrant removal.

The mere filing before the courts of criminal charges against an employee should not be considered as necessarily requiring the suspension from office of the accused. As a rule, especially where the criminal act with which the officer or employee is charged has no relation with the accused's official duties as a public servant, proceedings for the removal of the accused employee should not be instituted until after verdict shall have been rendered by the courts. Generally a conviction by the lower court would be sufficient to warrant the institution of administrative proceedings for the removal of the employee and his immediate suspension, even though appeal from the sentence is taken before a higher court. There may, however, be cases of employees charged with criminal offenses whose continuance in the service may result in further loss to the Government or be in some other way prejudicial to its interests or to the best interests of the public service; as, for example, in the cases of officers having custody of public funds who are charged with malversation of public funds, of officers or employees the nature of whose duties gives opportunity for graft and who are charged with grafting, of officers vested with police powers who are charged with abuse of such powers and who are likely to make further use of their authority to oppress, intimidate, or coerce prospective witnesses against them, etc. In such cases the accused official or employee may be immediately suspended from office and

proceedings looking to his removal forthwith instituted without the necessity of awaiting the termination of the criminal proceedings.

It is hereby directed that hereafter no suspensions be ordered by chiefs of bureaus and offices without first submitting as complete as possible a statement of the facts and circumstances of the case to and securing prior approval of the head of the proper Department or of the authority empowered to take final action in the administrative case, save only in those cases where it is in the opinion of the chief of bureau or office imperatively necessary that the employee be suspended to avoid repetition of the acts with which he is charged.

OFFICE OF THE GOVERNOR-GENERAL OF THE
PHILIPPINE ISLANDS

MANILA, *July 23, 1918*

[MEMORANDUM ORDER]

To all Chiefs of Bureaus and Offices:

The Memorandum order of the Governor-General dated April 1, 1918, is hereby amended to read as follows:

Promotions.

With the concurrence of all the Secretaries of Departments it is announced that the promotion restrictions heretofore in effect have been revoked, and that until action is taken by the Legislature in the matter of standardization of salaries, the following provision of section 7 of Rule IX will govern in promotions:

Save in exceptional cases, promotion or increase of salaries shall not be made during the first six months after the appointment of an officer or employee, nor more frequently than once in twelve months thereafter, nor more than one class (or one-half of Classes C and D) at a time. The question of whether a case is or is not an exceptional one shall be submitted for determination to the Governor-General or proper head of Department, through the Bureau of Civil Service.

In order that a uniform policy may be adopted as to exceptional cases under this rule, the Secretaries of Departments have decided to consider no case exceptional unless there are increased responsibilities. If exceptions are proposed they should be accompanied by a full and complete statement of the grounds therefor, showing wherein there have been increased responsibilities.

In accordance with the practice heretofore, promotions of employees to the entrance salary of the highest grade examination in which they have qualified may be made at any

time without constituting exceptions to the promotion rule, such promotions being permissible as original appointments.

The memorandum order of January 9, 1915, requiring authority of the Governor-General or Secretary of Department for the filling of vacancies, is also hereby revoked.

FRANCIS BURTON HARRISON,
Governor-General

OFFICE OF THE GOVERNOR-GENERAL OF THE
PHILIPPINE ISLANDS

[MEMORANDUM ORDER]

To all Chiefs of Bureaus and Offices:

Section 674 of the Administrative Code reads as follows:

“Examining committees and special examiners.—The Director of Civil Service may, with the approval of the proper head of Department, appoint examining committees or special examiners from officers and employees in the service. Such persons shall be examiners of the Bureau of Civil Service, and shall perform such duties as the Director may require in connection with examinations, investigations, appointments, and promotions, and in the performance of such duties they shall be under his exclusive control. The duties so performed by them shall be deemed part of the duties of the office to which they pertain, and time shall be allowed for the performance of such duties during office hours.”

The attention of officers and employees appointed upon examining committees or designated as special examiners under the foregoing provision of law is invited to the necessity of rendering prompt and efficient service when called upon to do so. Provincial treasurers and division superintendents of schools, unless especially relieved, are members of examining committees and should, together with the regularly appointed committee members, make every effort to be present during the whole of every examination. Failure on the part of special examiners to discharge their duties properly as such will, on recommendation of the Director of Civil Service, be considered a sufficient cause for administrative action by this office.

MANILA, March 6, 1920

OFFICE OF THE GOVERNOR-GENERAL OF THE
PHILIPPINE ISLANDS

MANILA, December 22, 1923

[MEMORANDUM ORDER]

To all Chiefs of Bureaus and Offices:

The Civil Service Law provides that there shall be a probation for trial service before appointment or employ-

ment is made absolute. The rules fix this period at six months, except in the case of teachers where the Director of Civil Service may, for cause shown in certain specific instances and at the request of the Director of Education, extend the probationary period for an additional period of four months.

The probational period is part of the examination system. The examination establishes a probability of fitness, but it does not cover the qualities of punctuality, industry, loyalty, dependability, and others necessary for success as a member of the government organization. It is necessary therefore that there should be the actual test which is provided by the period of probation.

It is believed that a more thorough and effective use should be made of the probationary period, and this office desires to impress upon the various departments and bureaus the fact that no probationary appointment should be allowed to become absolute unless the character of the service and the conduct of the probationer had been entirely satisfactory, and the chief of the bureau can certify unconditionally that his retention is believed to be in the interest of the service.

Report will therefore hereafter be made to the Bureau of Civil Service, under Civil Service Rule XIV, of each absolute appointment made, with a certificate of the chief of the bureau to the effect that the character of the service and conduct of the person during probation were entirely satisfactory.

Political activity shall consist, among other things, in candidacy for elective office, being a delegate to any political convention or a member of any political committee or directorate or an officer of any political club or other similar political organizations, making speeches, canvassing or soliciting votes or political support in the interest of any party or candidate, soliciting or receiving contributions for political purposes, either directly or indirectly, or becoming prominently identified with the success or failure of any candidate or candidates for election to public office. The resignation of any officer or employee in the Government service to whom section eight of Civil Service Rule XIII above quoted applies, who desires to present his candidacy for office, should be submitted to the proper authorities before he publicly and actually engages in furthering his election interests, in any case not less than one month before the date of the election.

It is desired that this order be brought to the notice of all officers and employees under your jurisdiction, classified or unclassified, permanent or temporary. Strict compliance with its provisions is enjoined.

MANILA, *January 12, 1925*

THE GOVERNMENT OF THE PHILIPPINE ISLANDS
BUREAU OF CIVIL SERVICE

[CIRCULAR No. 74]

MANILA, *January 29, 1919*

To all Chiefs of Bureaus and Offices:

GENTLEMEN: Recent developments would seem to make it advisable to call the attention of Government officials and employees to the necessity and manner of keeping daily time records and of reporting undertime and absences to this Bureau.

Under the provisions of the law and rules it is the duty of chiefs of bureaus and offices to require of all subordinate employees, except teachers, of whatever grade or class, not less than seven hours of labor each day, exclusive of Sundays and holidays. On Saturdays and during the hot season from April 1st to June 15th the hours may be reduced to five.

Teachers are required to devote, during the school year, not less than five hours per day to school work for five days in the week, exclusive of holidays. Where teachers are placed on the accrued leave basis their hours of labor will, of course, be those specified in the foregoing paragraph.

The matter of keeping accurate records of attendance of leave-earning employees of the Government is one of supreme importance. Civil Service Rule 15, section 3, provides:

Each chief of a bureau or office shall require a daily record of attendance of all the officers and employees under him entitled to leave of absence or vacation (including teachers) to be kept on the proper form and also a systematic office record showing for each day all absences from duty from any cause whatever. At the beginning of each month he shall report to the Director (of Civil Service) on the proper form all absences from any cause whatever, including the exact amount of undertime of each person for each day. Officers or employees serving in the field or on the water need not be required to keep a daily record, but all absences of such employees must be included in the monthly report of changes and absences. Falsification of time records will render the offending officer or employee liable to summary removal from the service and criminal prosecution.

The form referred to as the one on which the daily record of attendance must be kept is Bureau of Civil Service Form No. 48, which, when filled out, serves as the office record required

by the rule. For obvious reasons entries thereon should not be made by the individual employees concerned, but by a clerk detailed for the purpose, who, in those offices where a time clock is used, should transfer the daily record from the clock ribbon to Form 48. At the end of the month the record thus prepared should serve as the basis for reporting undertime and absences to this Bureau on Form 3. It is not sufficient, as is sometimes done, to prepare the latter report from applications for leave filed by the employees.

Chiefs of bureaus, and officers who rank higher than they in the three branches of the Government, are not, under decisions, required to keep daily time records, but the time of arrival and departure of all subordinate officers and employees must be recorded in the manner outlined. Tardiness in arrival cannot be made up by overtime unless by special authority of the chief of the bureau, and practice has shown that where disciplinary measures are instituted against an employee who is late more than twice or thrice during the month the effect is to secure punctuality in attendance on the part of all others.

Attention is invited to another important consideration—"only those employees are entitled to leave whose office hours are so fixed that the employee or officer is in his office or on duty each the number of hours required by law" (Opin. Atty.-Gen.). Furthermore, nonobservance of office hours brings any officer under the provisions of paragraph (f) of section 2 of Act No. 1040 (now 279-h of the Administrative Code) and deprives him of the regular leave privileges of the same Act" (Res. Phil. Com. of March 11, 1907). That interpretation is strictly adhered to by this Office, and where the time records of an employee are not kept, he is considered as having failed to keep office hours and denial of leave is recommended accordingly.

Very respectfully,

(Sgd.) P. R. ANGELL
Director of Civil Service

THE GOVERNMENT OF THE PHILIPPINE ISLANDS

MANILA, *November 16, 1920*

To all Chiefs of Bureaus and Offices:

With reference to the designation of permanently and regularly appointed Government employees as Government pensionados to study abroad, it has been decided that they should be considered as on official duty during the period of their sojourn in the United States or some foreign country. It should be stated in this connection that Act 2911, approved March 23, 1920, provides for the allowance of accrued and vacation leave for service outside of the Islands. This information is furnished in order that bureaus and offices may keep accounts payable relative to accrued leave due Government pensionados above referred to.

[CIRCULAR No. 3]

MANILA, *March 23, 1921*

To all Chiefs of Bureaus and Offices:

This Bureau has been the recipient of many communications from employees of the Government requesting computations of the accrued leave to which they are entitled. As computation of leave is made only upon receipt of application for accrued leave on the regular form this Office has consistently refused to make such computations. It is requested that this matter be brought to the attention of each officer or employee in the

Government service in order that they may be informed on the subject, thereby saving themselves and this Office unnecessary correspondence.

[CIRCULAR No. 4]

MANILA, *June 13, 1921*

To all Chiefs of Bureaus and Offices:

Civil Service privileges, like leave of absence with pay, are granted only to persons who render continuous, faithful, and satisfactory service. Where, for certain irregularities in the performance of their duties or for any other reason, officers and employees are administratively investigated or administrative proceedings are being instituted against them and the outcome thereof may or may not be their final separation from the service, it is necessary for chiefs of bureaus and offices to see to it that no leave of absence with pay is granted the respondent for the time being. It should be stated that for failure to supply this Office with necessary information there have recently been several cases where employees were granted leave of absence, which leave should have been denied. Where leave is granted in this way the Government is made to suffer unnecessarily. Attention, in this connection, is invited to section 1 (a) of Civil Service Rule 16, which prescribes that in forwarding applications for leave this Office shall be furnished with the data contemplated by the printed first indorsement, "together with any other information which may have a bearing on the allowance or disallowance of leave." It will be seen that a strict compliance with this provision of Rule 16 will surely avoid cases of overpayments because of the leave granted as stated above, and in order that the interests of the Government may be properly protected, drastic action will hereafter be recommended against the person or persons responsible for the overpayments herein alluded to.

MANILA, July 3, 1922

To all Chiefs of Bureaus and Offices:

Section 288 of the Administrative Code as amended by Act 2990 authorizes the commutation of accrued leave. In order that the provisions of this section may better be carried out in connection with section 290 of the Code, which provides that no person whose leave has been commuted *shall be permitted to return to duty without first refunding the value of the unused portion of the leave commuted*, it is incumbent upon administrative officials to see to it that no person is recalled to duty prior to the expiration of his leave commuted and to that effect the following procedure is hereby outlined:

Where a person applies for the *commutation* of his accrued leave favorable recommendation thereon should not be made, unless the chief of bureau or office concerned is absolutely certain that the applicant's services will not be required during the period of the leave to be granted. In a contrary case recommendation should be made to the effect that commutation of the leave to be granted be paid monthly. This will obviate the necessity for refund of a considerable amount or of any amount at all, for if a person has gone on long leave and has obtained commutation of the first month of his leave, the official concerned would still have occasion to determine whether further commutation may properly be authorized.

In all cases of request for commutation of leave the chief of bureau or office concerned shall make a specific statement as to whether or not the applicant's recall to duty before the expiration of his leave is likely to occur.

BUREAU OF CIVIL SERVICE

[CIRCULAR No. 6]

MANILA, *March 1, 1923**To all Chiefs of Bureaus and Offices:*

Sections 1 (a) and 2 (a) of Civil Service Rule 16 prescribe that applications for accrued and vacation leave be submitted two weeks and one week respectively in advance of the time the leave takes effect. It is also required that the applications be immediately transmitted to this Bureau the purpose being apparently to afford this Office ample time for the computation of the leave allowable and for returning the papers duly acted upon. There is barely any need to state that rush work exposes the worker to more or less serious mistakes, particularly if the work involves complicated computation as is true in a good many cases. During the last few months leave papers have been brought to this Bureau by special messengers or the applicants themselves (using official time when the applications should have been sent in the regular way) a day or two before the effective date of the leave applied for, and, in some cases, on the very same date the leave went into effect, with the request that action on the matter be expedited. There have been numerous instances and this Bureau feels to have been, in an appreciable way, hampered in its work.

In view of the foregoing and of the fact that commutation of leave to be spent in the Islands requires the specific approval of the Department head concerned it is earnestly requested that all chiefs of bureaus and offices see to it that applications for accrued leave, particularly those requiring immediate attention, are submitted to this Bureau sufficiently in advance to make possible its return on time to the office concerned. The chiefs of bureaus and offices are also requested to see to it that their employees are not authorized to call at this Bureau merely to ask that action on their papers be expedited unless the necessity for such a course is unavoidable, as on such occasions where the circumstances which bring about the sudden necessity for applying for leave cannot be foreseen, and the matter must be

settled at an early date. It is likewise requested that this circular be brought to the attention of all officials and employees.

THE GOVERNMENT OF THE PHILIPPINE ISLANDS
BUREAU OF CIVIL SERVICE

[CIRCULAR No. 8]

MANILA, *January 22, 1926*

To all Chiefs of Bureaus and Offices:

Attention is respectfully invited to the provisions of Civil Service Rules 5 and 9, which prescribe the procedure to be followed in filling vacancies in classified positions. In accordance therewith, a vacancy in a classified position, if not filled by promotion, reduction, transfer or reinstatement, or thru non-competitive examination, shall be filled thru certification by the Bureau of Civil Service.

It has recently been observed that this Bureau is considerably hampered in its work by answering personal notes and telephone calls, inquiring as to whether certain eligibles may be given probational appointment. In several cases eligibles whose names are not within reach of certification are proposed for appointment at rates lower than that prescribed for the examination, hence eligibles whose names are higher on the register often decline appointment. It has also been noticed that clerks and messengers are sometimes appointed at twenty pesos per month in order to avoid the examination requirement, although the position to be filled pays more than that amount. As such practices tend to defeat the spirit of the merit system, it is earnestly requested that whenever a vacancy occurs in a classified position, the procedure outlined in Section 1 of Civil Service Rule 5 be followed. It is also requested that on each appointment submitted the number of the item in the appropriation law authorizing the compensation to be paid be stated.

Requisition on Civil Service Form No. 9 specifying the number of positions to be filled, the sex desired, nature of the duties to be performed, salary, and any other special qualification needed should always be made. In case of vacancies in the provincial offices, requests for certification should be addressed to the chairman of the provincial examining committee, who is generally the division superintendent of schools or the provincial treasurer.

As expressly provided in section 9 of Civil Service Rule V, all appointments to the classified civil service shall be made thru the Bureau of Civil Service in strict accord with the civil service rules and regulations.

THE GOVERNMENT OF THE PHILIPPINE ISLANDS
BUREAU OF CIVIL SERVICE

[CIRCULAR NO. 9]

MANILA, April 28, 1926

To all Chiefs of Bureaus and Offices:

It has come to the attention of this Office—

- (1) That some chiefs and assistant chiefs of divisions and other subordinate employees are allowed to keep their own time records,
- (2) That in some cases multiples of five appear with an unusual frequency in the entries,
- (3) That the manner of computing overtime and undertime is not in accordance with the regulations,
- (4) That the intermission spent for luncheon is not recorded on the time records, and
- (5) That the prescribed office hours are not strictly observed.

With regard to the first question, under Circular No. 74 of this Office dated January 29, 1919, entries on the time records should not be made by the individual employee. Hence the persons concerned should use the bundy clock, whenever there is one in the Office.

With reference to the fact that multiples of five have been used with unusual frequency, it is desired to state that the entries should not be made from memory. The persons affected should therefore be requested to state on their time records "the true and correct report of hours of work performed," record of

which should be "made daily at the time of arrival at and departure from office or beginning or ending work."

Regarding the manner of computing overtime and undertime, it should be noted that undertime on one day cannot be offset by overtime service on another day. Undertime can be offset by overtime service on the same day, provided the undertime is caused by the requirements of the service; an employee cannot report for duty late and render overtime service in the afternoon merely to offset the undertime incurred. Overtime before the beginning of office hours in the morning and in the afternoon, and after the close of the regular office hours will not offset undertime.

With regard to question No. 4, the practice should be discontinued for the reason that the person who takes his meal in the office may go out immediately after luncheon and, for one reason or another, may not be able to come back until after the beginning of office hours in the afternoon.

In connection with question No. 5, attention is invited to the last paragraph of Circular No. 74 of this Office, which reads in part as follows:

Only those employees are entitled to leave whose office hours are so fixed that the employee or officer is in his office or on duty each the number of hours required by the law (Opin. Atty.-Gen.). Nonobservance of office hours brings any officer under the provisions of paragraph (f) section 2 of Act No. 1040 (now 279-g of the Administrative Code as amended by Act 3087) and deprives him of the regular leave privileges of the same Act. (Res. Phil. Com. of March 11, 1907.)

Sec. 566 of the Administrative Code provides that,

When the interests of the public service so require, the head of any Department, Bureau, or Office may extend the daily hours of labor, in what manner soever fixed, for any or all of the employees under him, and may likewise require any or all of them to do overtime work not only on work days but also on holidays.

It can thus be seen that persons who are required to work beyond the regular office hours are not exempted from the requirement as to office hours. In other words the fact that an official or employee renders overtime service in a day or week, or even every day of the month or year, does not operate to excuse him from observing the regular office hours. Under Sec. 4 of Civil Service Rule 9 punctuality is one of the elements of efficiency. It may be alleged that under the Circular mentioned, "special authority" may be granted to make up time lost on account of tardiness by rendering overtime service, but such "special authority" does not mean permission for an indefinite period for

the purpose of allowing a particular employee to come to the office without regard to the prescribed office hours; it is intended to cover only cases where the employee is required by the needs of the service to stay in the office until afternoon, in which case he may be allowed to come late the same number of minutes in the afternoon of that day. Cases might also arise in which the employee has to remain on duty until after midnight in which event he might be allowed to come to the office late the next morning, but the undertime should invariably be offset by overtime service on the same day. From what has been stated it is clear that there is no legal sanction for the granting of authority for an indefinite time to render overtime service merely to make up time lost because of tardiness.
