CONTEXT	PUBLIC LIBRARY IFLA Manifesto 1994-2019 2030 agenda -The Global SDG Indicator Framework, 2015 (4, 5 and 17 goals)	UNIVERSITY	WIKIPEDIA The world's greatest ENCYCLOPEDIA
	<ul style="list-style-type: none"> A 'gateway to knowledge' An active partner in educational system. Promoting open access and lifelong learning and cultural development of the individual and social groups Information as the basis for freedom and independent decision- making Promoting <i>digital literacy</i> Supporting heritage and cultural diversity 	<ul style="list-style-type: none"> Key competences for lifelong learning: (Official Journal of the European Union, Council Recommendation of 22 May 2018) Target the needs of our quickly changing society, and adapt an active learning approach. Enhancing competitiveness and employability Inciting cultural change from a global standpoint Promote information and communications technology (ICT) skills Learning to learn skills, ability to cooperate, create and share are essential than ever before 	<ul style="list-style-type: none"> Share open & freely-reusable content and information Collaborative work Open edition for public audience Reliability of information sources and references Wikipedia world community enriched: culture's contribution to wikipedia. Basque wikipedia: 332.596 articles (march, 2019)

THE AIMS OF THE PROJECT

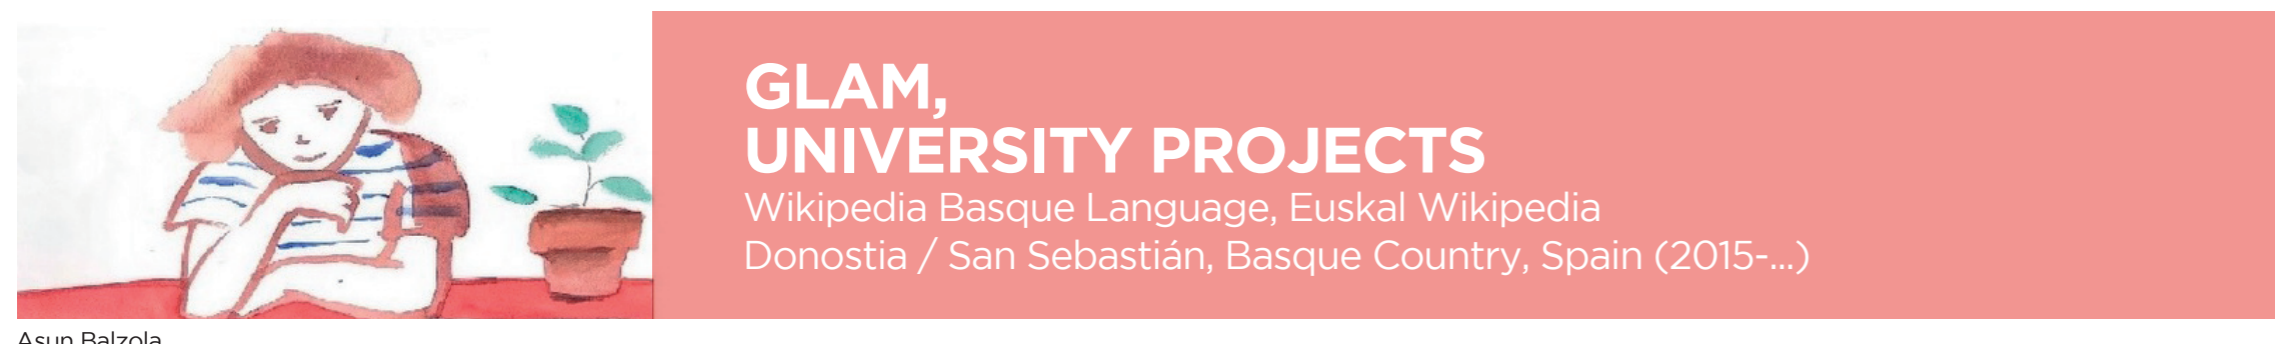

- **Spreading and creating** Knowledge about **Children and Young Literature**.
- **Creating a new information system** about literature, by the use of Wikipedia.
- **Preserving and promoting** local documentary heritage and collection from our library.
- **Improving digital literacy** and critical research among students
- **Promoting Wikipedia** among students, to become active editors as well as consumers.

ACHIEVEMENTS

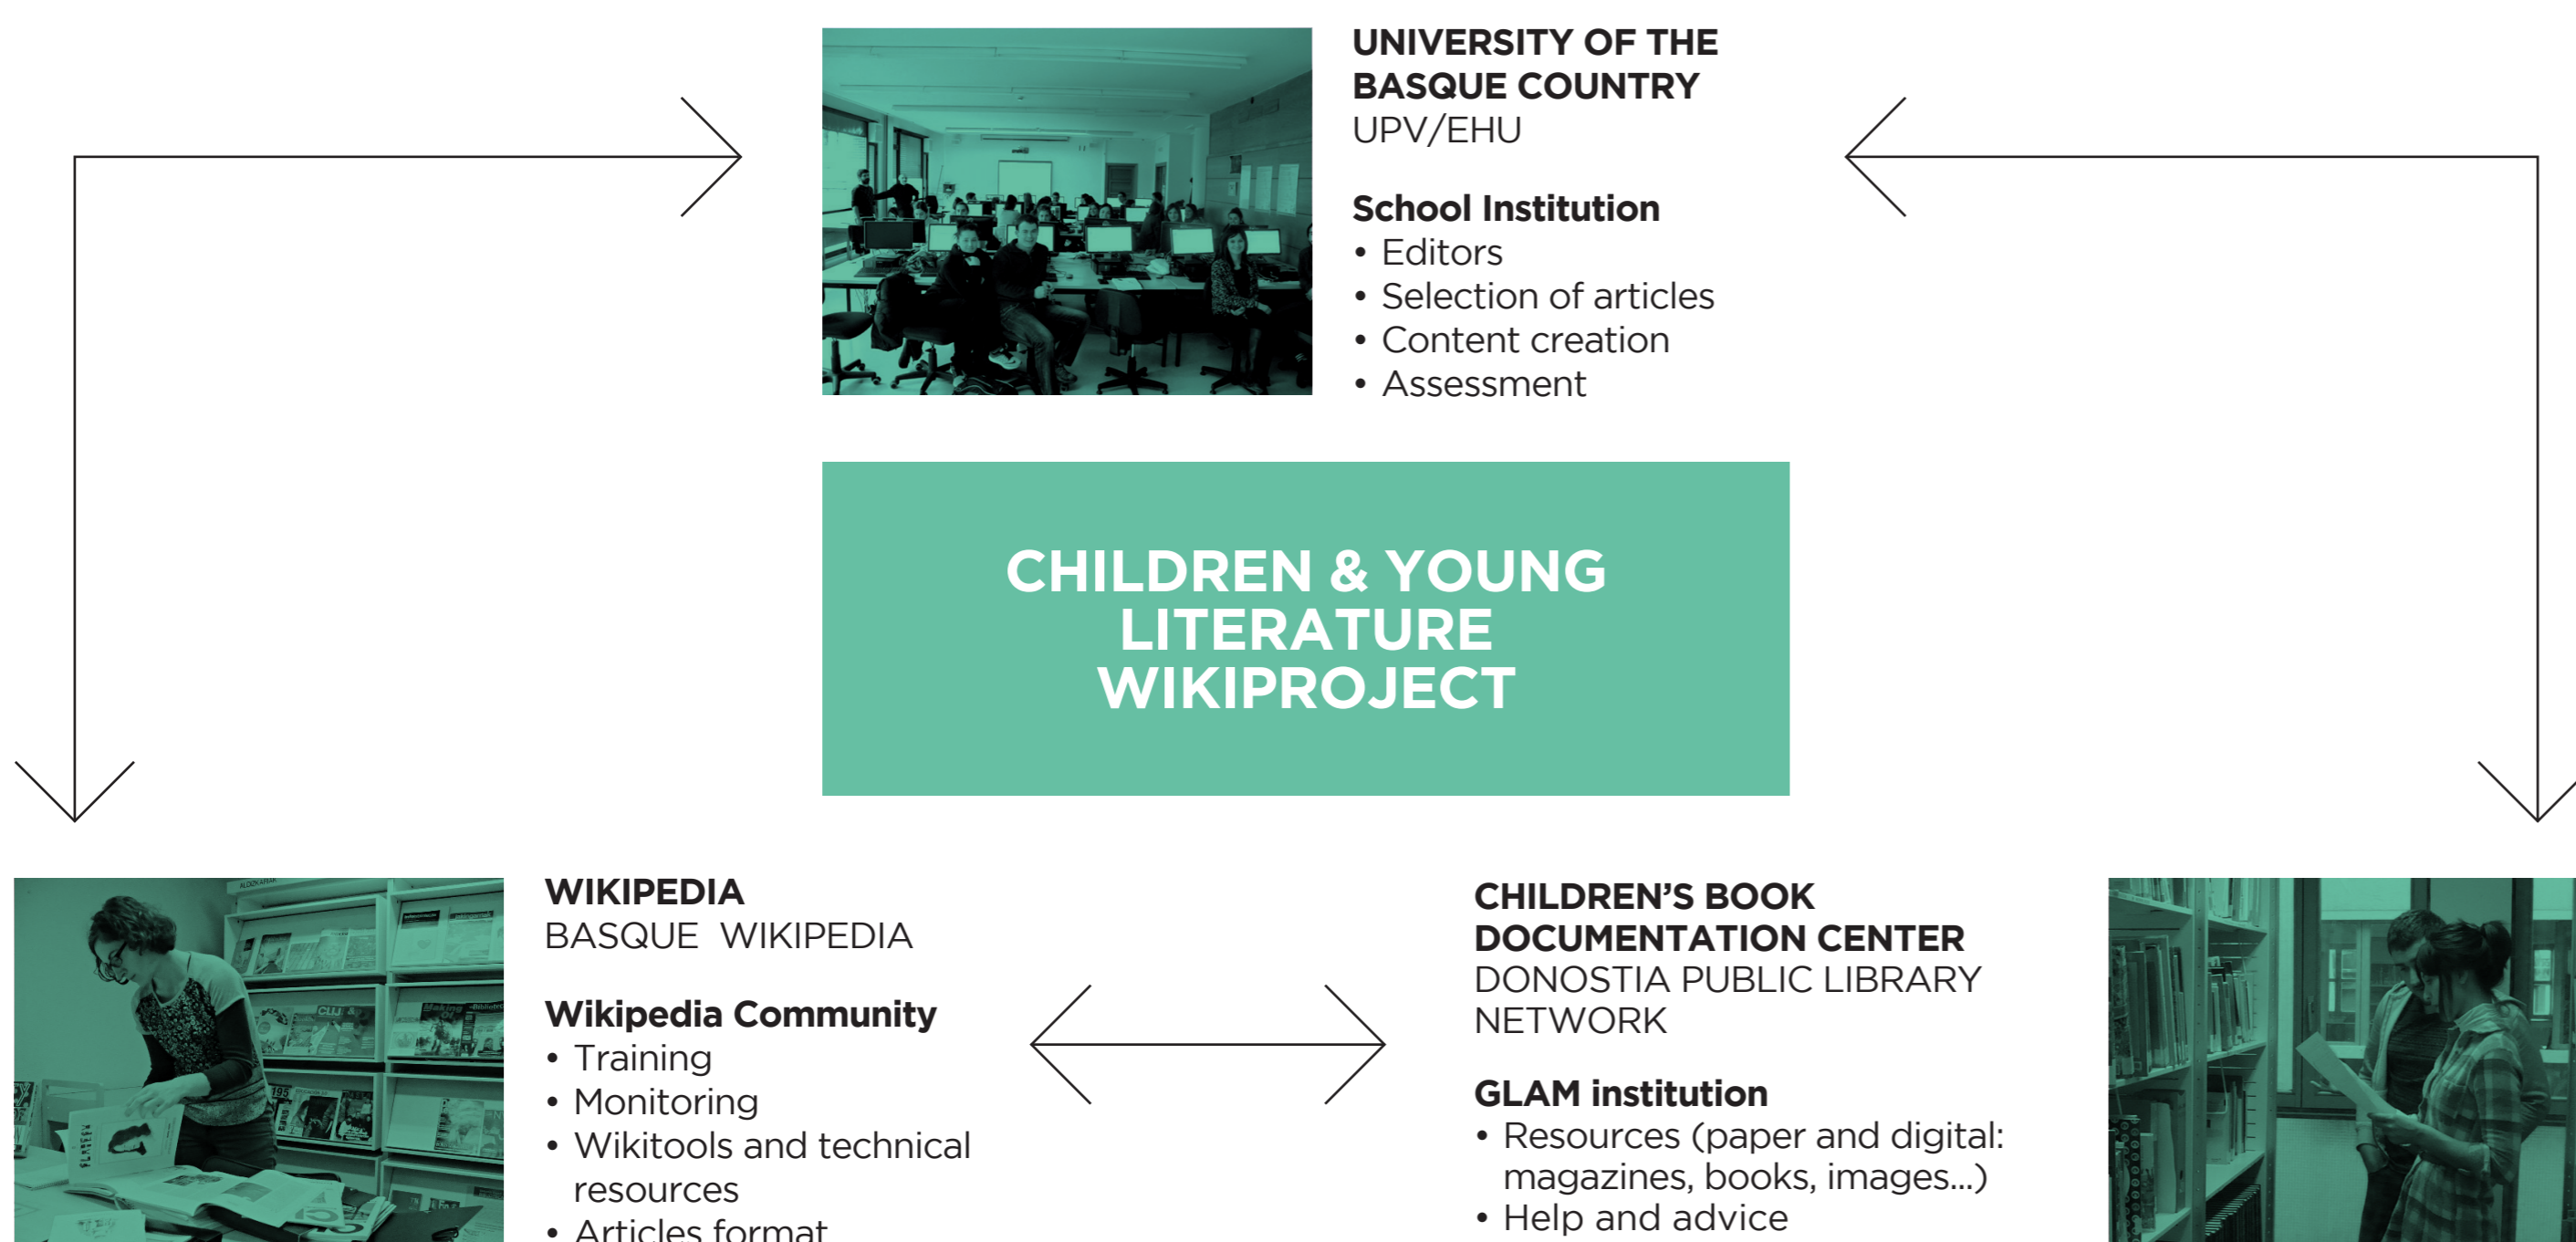

- A single GLAM institution was allied with Wikipedia and University to promote open access and digital literacy. For the first time a wikipediaian in residence in Basque wikipedia.
- **New content edition** focused on basque and universal literature in Basque Wikipedia.
- Text edited by each participant may be enriched by images and audio, deeply enhancing the value of articles: 70 book covers uploaded and 25 authors' voices have been recorded.

Year	New articles	Edited articles	Editors envolved	Commons files
2016	25	23	35	90 images and 4 audio
2017	11	5	34	292 archives 25 authors voices
2018	10	11	23	15 images

- **Connection with Basque Literature editors, publishers and creators** (illustrators, writers, translators).
- **Promoting Wikipedia among students**, to become active editors as well as consumers.
- Library starts a new model of contribution in wikipedia, based on a collaborative work.

CHILDREN LITERATURE WIKIPROJECT: COOPERATION SCHEME

FUTURE WORK

- Carry on with this initiative: Children & Young Literature WikiProject.
- Currently, inspired by the results of this project, various initiatives have been set in motion: Idazlezainak (Librarians from various institutions of Donostia as wikieditors about Literature), Wikiliburutegiak (Gateway that collects GLAM initiatives in Basque Wikipedia). Monitoring work.
- Improve women's knowledge and contributions to wikipedia.
