Korean Students Traveling to the United States

G-1 C/S 24 January 1947

1. A request (Tab: Rqst fr CG USAFIK) has been received from CG, USAFIK that a Korean national, Reverend Chung, be allowed to proceed to the United States for purpose of studying rural religious organization.

2. This study is to be under the complete financial sponsorship of Reverend M. L. Gambel of Broad Street Methodist Church, Cleveland, Tennessee.

3. This is the fourth such request received from CG, USAFIK since 29 November 1947. The three preceding cases (Tab: Preceding Cases) were all approved by C/S.

4. Clearances of this nature affect only Korea and have no bearing on the policy in this matter which pertains to Japan. It may be considered to be the responsibility of CG, USAFIK to approve and initiate action on only those cases which are:

a. Sound from a security point of view.

b. Will result in benefit to USAMGIK and the Korean people.

c. Will not cause any expense to the United States Government.

In view of these facts, approval by this Headquarters may be considered to be "in principle" only.

5. Therefore it is believed to be desirable in the interests of economy of time of both Headquarters to authorize CG, USAFIK to:

a. Approve such cases without reference to this Headquarters unless some cogent reason exists which involves policy or unless unusual circumstances exist.

b. Communicate directly with War Department if necessary on such cases, with an info copy to this Headquarters.

3. 1. It is the opinion of G-1 that the Apostolic Delegation is entitled only to the courtesies due diplomats but to none of the immunities and, therefore, is not entitled to exemption as diplomatic personnel under SCAPIN 2225-A. The funds under consideration are not for the use of the Apostolic Delegate in the performance of his official functions but rather for the rehabilitation of the church and for the use of church organizations in Japan. This is in contra-distinction to funds for the Apostolic Delegate's personal use, household use or official use in order to perform his own immediate functions. For this reason it is believed that the funds in question are not entitled to exemption by reason of being those of "the staff of the Apostolic Delegation" as provided in SCAPIN 2225-A. In this connection it is noted that the statement of the Apostolic Delegate dated 1 October appears to be carefully worded in stating that the rehabilitation committee "is an organization to carry out the various functions of the Apostolic Delegation in Japan has in connection with the rehabilitation of the Catholic church in Japan." Functions in this connection are not defined.

2. In spite of the foregoing opinion, however, it is the further opinion of G-1 that careful study should be made with a view to determining means whereby the restrictions on the funds of all Christian organizations in Japan could be relaxed. In order to prevent a charge of discrimination from Buddhists and Shintoists, it may be found necessary to limit such relaxation to funds which originally had foreign origin. This further opinion is offered in view of the Supreme Commander's desire to increase the Christian influence in Japan.

G-1 Transp. Section 24 Jan 1947

1. 1. There are approximately seventy (70) Netherlands East Indies Nationals in the vicinity of Tokyo who will be repatriated aboard the Tjibadak, ETA Kobe 4 February 1947. It is desirable to transport these persons and their baggage from Tokyo to Kobe as a group by rail.

2. Request arrangements be made for transportation as follows:

a. Two (2) third class coaches to be spotted on a railroad siding in the immediate vicinity of the Tokyo Central Station; these coaches to be plainly marked "FOR NETHERLANDS EAST INDIES REPATRIATES", and to be placed in position not later than 1500 on 4 February 1947.

b. After completion of loading above mentioned persons and their baggage, coaches to be attached to a Kobe bound train which will arrive in Kobe at approximately 0800 on 5 February 1947.

c. Detach above mentioned coaches from the train at Kobe and have them spotted on a siding in the vicinity of the Kobe station until all passengers and baggage have been removed.

3. A representative of the Netherlands Military Mission will be present at the Tokyo Central Station to coordinate loading of repatriates and their baggage.

4. The dates and times established above are based on current information concerning arrival of the ship at Kobe, and are subject to change. In the event changes are necessary, a representative of this section will inform the Transportation Section by telephone at the earliest practicable date.

2. JCS radio WCL 48987, 13 June 46, established general policies concerning repatriation.

a. Paragraph 2b states in part "civilians who are nationals of the United Nations should be ******* repatriated if they so desire, upon concurrence of this government concerned."

b. Paragraph 1 states in part "******Japanese authorities should beheld responsible for the care, safety and welfare of such persons and for their transportation to ports of embarkation."

3. Upon receipt of the list of persons to be repatriated, letter to 8th Army, AG 014.33 (20 Jan 47)GA enclosing nominal rolls, was dispatched. Verbal instructions concerning processing and outloading the Netherlands subjects were given to IJG (CLO - Mr Suzuki) on 20 January 47.

4. Latest info indicates:

a. "Tjidabak" has ETA Kobe of 4 February 47.

b. About 70 of the total are in Tokyo area and desire rail transportation as a group.

c. Changes to nominal rolls are probable and Mr Pennink will issue identifying passes to any persons added to list.

1. 1. By letter dated 6 January 1947 the President of the Philippine Republic informs General MacArthur that he has sent to Japan the Philippine Reparations and Restitution Delegation and proposes the following:

a. Rotation of membership in the Philippine delegation.

b. Housing of the members of the Philippine delegation in the building formerly occupied by the Philippine Embassy.

2. SCAP Radio C-69253 states that those nations which do not have missions or similar agencies in Japan (U. S. and Philippines) will be authorized technical aides and clerical assistants, together not to exceed 20 in number at this time.

3. Information received from Chief, Reparations Branch, Industrial Division, ESS (Mr Meiklejohn) indicates that a Standard Operating Procedure dealing with Reparations and Restitution Delegations currently is being prepared for submission to the Chief of Staff. This SOP envisages membership in these delegations being of a permanent nature rather than having rotation of personnel.

4. Washington Radio W-84689 advises that a procedure has been proposed to transfer assets in Japan owned by puppet regimes to legitimate successor governments, however, no decision has been reached as far as is known here. G-4 Construction and Facilities (Lt Col Logan) advises that the Philippine Embassy is needed as a GHQ officers' billet. My dear General:

In accordance with understanding, I am sending to Japan a five-man Commission on Reparations composed by Mr. Bernardo P. Abrera as Chairman and Messrs. U.U. Woodhouse, Cosme Ventura, M.H. Ford and Dr. Eduardo Quisumbing, as Members.

They are instructed to report directly to the Civilian Property Custodian to whom they will present their credentials. We have been allowed to send only a limited number of men at this time. There is, however, a large number of subjects they will have to deal with, requiring diverse technological knowledge and skill. It will be necessary, therefore, for me to rotate membership in this Commission. Upon the accomplishment of the mission assigned to an individual member, he will be withdrawn and his place taken over by a new one who would have a different assignment to perform. I trust that this arrangement will be satisfactory to you.

Concerning quarters for the Philippine personnel for this Commission and others we may send in the future, will you kindly consider the possibility of housing them in the building formerly occupied by the Philippine Embassy and which has been purchased by the Puppet Republic?

Allow me to express once again the eternal gratitude of the Filipino people to you. The invitation to send this reparations group to Japan is a renewed manifestation of your deep and unceasing regard for their welfare. I look forward with earnestness and with abiding faith that this mission will in a measure help the Philippines reconstruct herself out of the devastation in which she was left by the last war.

With my warmest regards to you and Mrs. MacArthur and the greetings of the New Year, I remain

Very sincerely yours,

His Excellency
Manuel Roxas
President of the Philippine Republic

My dear Mr. President:

I have just received your letter of January 6th concerning the Philippine Reparations and Restitution Delegation.

The need for reparations and restitution personnel having diverse technological knowledge is recognized, and it is therefore not intended that the total representation on these matters shall be limited to five persons. In addition to the five persons to comprise the Reparations and Restitution Delegation, entry is authorized for technical aides and clerical assistants not to exceed twenty in number at this time. It is believed that this will obviate the necessity for rotation of membership in the Reparations and Restitution Delegation. Administrative details relative to entry of this additional personnel will be furnished the Chairman of the Philippine Delegation.

It is regretted that present conditions preclude housing members of the Philippine Delegation in the building formerly occupied by the puppet "Philippine Republic" Embassy, however, suitable billets have been made available to them and will be provided for the technical aides and clerical assistants referred to above.

Disposition of Vessels Entering Japanese Waters Without Authority

G-1 C/S 21 Jan 1947

1. 1. CG, I Corps radio AB 00025 requests disposition of six vessels from the Ryukyus now being detained in Kyushu for illegal entry.

2. Following information applies to this radio:

a. PHILRYCOM radio G-23765 advises that nine ships from the Ryukyus have been cleared by Military Government officials in violation of orders, and requests that ships and crews be returned to the Ryukyus for necessary disciplinary action.

b. SCAP radio ZX 30922, in reply to PHILRYCOM radio G-23765, advised CG, PHILRYCOM that CG, Eighth Army had been advised to release subject vessels.

c. Letter from Headquarters I Corps reports six vessels which had entered Japanese waters illegally, and requests instructions. Second indorsement from SCAP to Eighth Army directs that these vessels be directed to return to their home ports. As indicated in Memo for Record to this indorsement, this was concurred in by G-2, G-4, Legal Section and ESS.

3. Upon receipt of radio referred to in paragraph 1 above, a telephone call was made to Eighth Army Military Government Section and information received that I Corps had been notified by telephone on 16 January and by radio on 17 January to release the vessels for return to home ports.

4. Information received from Headquarters I Corps (Col Atwood) 20 January 1947 indicates that vessels have been alerted for departure for the Ryukyus with the original cargo for disposition by Military Government authorities. Col Atwood further advised that the three vessels listed as being from Formosa actually were cleared from the Ryukyus.

5. Recommend no further action be taken, inasmuch as Commanding General, PHILRYCOM is aware of this situation, as indicated by radio referred to in paragraph 2a above.

Clearance of German Nationals

G-1 G-2 21 Jan 1947

1. 1. Following German nationals classified as objectionable and subject to repatriation have requested exemption on the following grounds:

a. Paasch, John - Claims that connection with German Embassy was that of interpreter only, and that he has been cleared for employment by the Occupation Forces.

b. Mayer, Elisabeth - Claims that, although she did not enter Japan until 1940, she was not in Germany or German controlled territory after 1 September 1939.

c. Brasch, Heinz - Claims that, although he did not enter Japan until 1940, he was not in Germany or German controlled territory after 1 September 1939.

d. Froeschle - Firnmann, August - Father Bitter, representative of the Apostolic Delegate, reported on 21 January that this national came into Japan from Germany after 1 September 1939 as a representative of a church organization.

2. Request these cases be reviewed and that recommendations as to ultimate disposition be furnished G-1. In view of imminent departure of repatriation vessel, request this information be furnished by 23 January if practicable.

Entry into Japan of Roger Baldwin

G-1 C/S 21 January 1947

1. By radio W 90097, War Department has requested theater views on visit of Roger Baldwin, American Civil Liberties Union.

2. a. On 25 September, Mr Baldwin addressed himself to Secretary of War requesting information concerning alleged infringements upon civil liberties in Japan. This letter was referred to the headquarters and reply was made by 2nd Indorsement dated 4 November.

b. On 18 November, request was sent to War Department for Roger Baldwin to be sent to Japan as an expert consultant on civil liberties under Project 510.

c. On 22 December, the American Federation of Labor desired to send Matthew Woll to Japan. The Chief of Staff, in C/N to ESS stated: "***** It is desired that any advisors to SCAP be integrated into the staff organization*********."

3. a. American Civil Liberties Union is an organization which is sometimes accused of being extreme Leftist. However, best information indicates that these accusations result from the fact that the American Civil Liberties Union, in providing defense attorneys for individuals whose civil liberties may have been violated, are usually in the position of defending radical leaders. They are genuinely interested in the protection of civil liberties and actually have no political affiliations or leanings.

b. The tenor of Mr Baldwin's letter to the Secretary of War indicates no conclusive or destructive criticism of the Occupation but rather indicates the desire to inquire into a possible violation of civil liberties. The fact that the information on which this inquiry was based was maliciously false is not considered to be an impeachment of Mr Baldwin.

c. The tenor of the War Department radio indicates some advisability of not flatly refusing Mr Baldwin's entry into the theater. Severe adverse publicity could possibly result from such a move.

4. It is concluded that:

a. Mr Baldwin is not a dangerous character.

b. The theater is committed to accept him as an expert consultant.

c. It is within policy to deny him entry as a visitor.

1. The statement made in basic communication to the Secretary of War is not founded upon a shred of truth. It has been the consistent policy of the Supreme Commander to leave labor with a free hand in the settlement of its disputes so long as its action did not impinge directly upon the occupation. There has been no occasion whatsoever for the arrest or detention by the occupation authorities of anyone by reason of his activity in the labor movement.

2. If the alleged statements did appear in press dispatches from Japan, they were false and maliciously inspired, and the correspondents involved should be denied accreditation to any military activity to which such irresponsibility would inevitably become a hazard. It is not believed, however, that such statements did in fact appear in the public press as almost everything dispatched from this theater is available at one time or another for our perusal and nothing of the kind has come to our attention.

1. Reference is made to WAR (WDSCA CO) Signal WCL 23905, dated 24 October 1946, requesting planning information for recruitment of experts under Special Projects Section of Reorientation Program, Project 510.

2. In general, it is planned to utilize the services of these consultants as follows:

a. To appraise the progress to date and current plans and policies of CI&E in the fields for which it has primary responsibility.

b. To advise CI&E on policies and plans for the future.

c. To advise and assist Japanese agencies and individuals, official and non-official, in fields corresponding or relating to those for which CI&E has primary responsibility.

d. In certain cases, to assist in the reorientation of Japanese on the operating rather than the planning level, especially in those fields in which trained Japanese personnel are scarce or entirely lacking. The field of Public Opinion is an example.

3. Detailed information as to services required of each consultant requested is set forth in inclosure.

4. It is not planned to request consultants to come to this theater as "missions".

5. The inclosure lists dates on which personnel are required (by monthly increments), length of time services are required, and names of personnel and alternates where suitable candidates are known to CI&E. In the event that personnel requested are not available, it is desired that they be asked to nominate alternates.

6. As soon as personnel have indicated availability, it is requested that CI&E be notified by signal, in order that name requisitions may be forwarded through Civilian Personnel Section. Block air priorities will be set up by months to correspond to monthly increments.

1. Attention is invited to the attached request of Air Vice Marshal Bladin to have certain VIPs exempted from clearance proceedures under SCAP Circular No. 8.

2. a. You will probably recall your conversation with General Robertson on this subject over the clearance of Mr de Freitas, on 7 January 1947, at which time you informed him that it would be necessary for all persons subject to the Circular to comply with the proceedure, but that in cases of Very Important Persons, it would be satisfactory to furnish the information immediately upon the individual's arrival.

b. A very liberal attitude has been adopted toward the British in this respect. Several of our memoranda to them in cases where full information was not furnished made a commitment by stating "clearance will be granted upon receipt of information required by SCAP Circular No. 8."

c. The instant British request addressed to the C/S appears to be a case of the British pressing to gain a point. If this request is granted, we will be in a position of allowing the British to bring in anyone they wish without prior information merely by declaring him to be a Very Important Person.

3. Action in this matter has been assigned to G-2 by the C/S. G-1 has been approached informally by G-2 with a draft of a proposed reply granting the British request. (Attached)

1. Repatriation of the following two (2) German Nationals has been deferred by the Chief of Staff and further investigation of these individuals directed:

Werner Schuette - Member of the Nazi Party and employee of German Consulate during the war. Is now employed by Time, Inc. in their Tokyo office. Upon recheck of information, G-2 confirmed that this national is objectionable. G-2 advises that if exceptions are to be made, this case should be given high priority. No exception has been made in this case.

Eta Harich-Schneider - Employee of German Reich and propagandist of Nazism. Came to Japan in 1940 as member of a mission directed by Reich Ministry of Propaganda. Upon recheck of information, G-2 confirmed that this national is objectionable; however advised that G-2 is reluctant to force the issue in view of the facts that letters reference this case have been received from Senator McMahon, Thomas Mann and Ralph Kirkpatrick of Yale University, and that unfavorable publicity probably will result. Diplomatic Section advised that if subject's name were removed from list of deportees, visa to United States would be granted. Since national is objectionable and subject to repatriation, name is on list of deportees.

2. If facts are not found to eliminate their objectionable character, they will be repatriated on the ship which will carry the diplomats in the latter part of this year.

1. Following comments apply to attached draft:

a. This document should be complete within itself and should neither list as references nor make reference to any document, other than one which is enclosed. Inclosures should be kept to a minimum.

b. Suggest dividing into two sections, the first section being for the purpose of calling attention to pertinent circulars, memoranda and regulations, such as registration of motor vehicles; and the second section consisting of information of general interest, such as location of post exchanges.

c. Table of Contents should be listed alphabetically and should refer to page and/or paragraph numbers.

d. Document should be edited carefully and compiled in some logical order, such as sections, sub-sections and paragraphs. A statement should be included to the effect that heads of households, both military and civilian, are responsible that dependents are familiar with the contents of this publication.

e. The Chief of Staff has indicated that the information contained in SCAP Circular No. 2, 10 January 1947, and SCAP and FEC Staff Memorandum No. 12, 10 January 1947, should be included in this publication. It is suggested that this information be extracted and included in appropriate sections, rather than as enclosures.

f. Suggest necessary arrangements be made to insure issuance of this document to all personnel whose dependents are present in Tokyo, and to insure that those who enter Tokyo in the future receive a copy.

g. Suggest that necessary arrangements be made to publish changes to this document in the Daily Bulletin.

h. Suggest that a careful study be made as to period of revision of this document. It should be revised and republished at least once every six months.

Letter from Sister St Paul

G-1 C/S 20 January 1947

1. Reference is made to the attached letter from Sister St Paul requesting permission to ride on military cars and the Chief of Staff's routing slip directing investigation.

2. a. Since the missionary problem first came to the attention of General Headquarters, in December 1945, the policy has been to require all missionaries to operate independently of the Occupation Forces.

b. The only authorized exceptions have been in the case of (1) Representative missionaries who are extended all privileges and use facilities on a revenue basis in order to give their organizations a start, and (2) Operating missionaries upon first arrival are transported to rail station nearest their ultimate destination. Many minor exceptions have been made in circumvention of this policy by individuals acting without authority. The case of the I Corps Chaplain's giving a letter of blanket authority to Sister St Paul and the RTO's honoring it is an example of this.

c. The discontinuance of the unauthorized use of transportation in the instant case came as a result of the reaffirmation of our non-assistance policy in radio ZX 26123 which made some revision in the missionary policy.

3. a. The policy of non-assistance is believed to be very sound and, though apparently contradictory, is strongly consistent with the policy of strengthening Christian influence in Japan for the following reasons:

(1) If the Christian movement in Japan draws direct support from the Occupation Forces our ultimate purpose to make Christianity permanent in Japan will be defeated at the end of the occupation. At that time the Japanese will repudiate Christianity as a creed of hypocrites whose proponents failed to live as Christians by accepting aid from the Occupation Forces which was not available to Japanese converts.

(2) This view is supported by church leaders, including the Apostolic Delegate, who wish to accept as little as possible from the Occupation Forces. They desire to present Christianity to the Japanese as a creed which needs no support from government sources anywhere. Requests for exceptions come from individuals of the rank and file as in the instant case.

Declassified E.O. 12065 Section 3-402/NNDG NO. 775009

(3) Lt Col Nugent of CI&E states he is already receiving complaints from Buddhist and Shinto leaders that freedom of religion is only a theory with us because we are supporting the Christian movement after denying state aid to Shintoism. Much capital can be made of this and their complaints are not without foundation.

b. From a practical point of view the extension of the use of Occupation Force facilities to missionaries is believed to be undesirable because:

(1) It would be difficult to draw the line, once an exception is made, short of extension of complete assistance to all missionaries, including Japanese Christian leaders and educators.

(2) A precedent would be set requiring similar assistance for other groups such as business men in the future.

(3) War Department policy prohibits extension of assistance outside the military enclave.

c. Policy in the past has been to deal as much as possible with one leader only in each church. The Roman Catholic Church has such a leader in the Archbishop Paul Marella, Apostolic Delegate in Japan.

4. It is concluded that:

a. The RTO acted correctly in denying transportation to Sister St Paul.

b. Present policy is correct.

c. Sister St Paul should be referred to the Apostolic Delegate.

5. Recommend approval of proposed letter to Sister St Paul.

Dear Sister St Paul:

Your letter of 12 January 1947 to the Supreme Commander has been referred to me for reply.

The material hardship occasioned by travel on Japanese trains is appreciated. It is not lack of either sympathy or endorsement of your work that requires Christian workers in Japan to operate independently of the Occupation Forces. Many practical considerations including the reaction of the Japanese people necessitate such a policy.

The Apostolic Delegate, Archbishop Paul Marella, fully understands this necessity. It is suggested that you confer with him with a view to his deciding if it would be proper for him to request an exception in your case.

Sincerely,

Clearance of Three Missionaries into Japan

G-1 C/S 17 January 1947

1. A request has been received from JCS that three missionaries of the Japan Gospel Fellowship be allowed to enter Japan.

2. Assurances have been given for these three missionaries by Rene Frank, a civilian employee of I & E, Headquarters, I Corps, Kyoto.

3. Assurances for missionaries are acceptable only from recognized representatives of mission boards who have been cleared into Japan for that purpose. For this reason, it is not considered advisable to grant clearance to enter Japan for Misses Pfaff, Bower and Motoyama. If Japan Gospel Fellowship desires to designate one of the aforementioned individuals as a representative missionary, clearance is granted.

4. Further, it is believed that assurances such as Rene Frank has given to the subject missionaries serves no useful purpose and only causes confusion and raises false hopes in the United States. It is believed desirable to call this matter to the attention of Commanding General, Eighth Army to prevent recurrences of this nature.

SUBJECT: Request for Authorization to Enter Japan

1. Enclosed herewith is a request from the Secretary of the Ahmadiyya Movement, a Muslim Missionary Organization, to send a missionary, Hafiz Abdul Ghafoor, to Japan.

2. Missionaries are cleared for entry into Japan if assurances are received that adequate shelter is available and that food and clothing are available from Japanese resources or can be shipped from the country of origin. These assurances should be made as a result of "on the ground" surveys by representatives of the religious organization concerned. When no representatives are available in Japan to give such assurances, clearance has in the past been granted to such a representative to come to Japan if his support is guaranteed by the country of which he is a citizen.

3. The request of the Ahmadiyya Movement is forwarded for your consideration and such action as you may deem appropriate. If it is your wish to request clearance for Hafiz Ghafoor, such a request should include information requested under SCAP Circular No. 8, 30 August 1946, together with a guarantee of his support during his stay in Japan.

Japanese Traveling Abroad

G-1 C/S 14 January 1947

1. Washington radio W 99294 submits proposed War Department policy for inter-change of persons between Japan and other countries. Comments are requested.

2. a. This same matter has been under discussion within the Staff of this headquarters for several weeks. Informal discussions have been held among representatives of G-1, CI&E, DS and Government Section. Agreement on certain basic ideas was reached at the time SCAPIN No. 2946-A was drafted with the approval of the C/S denying Japanese representatives' participation in the Inter-Asian Relations Conference (Tab: SCAPIN 2946-A).

b. As a result of these discussions, CI&E formally requested a statement of policy from G-1, and a conference was called for 0930, Tuesday 14 January.

c. Before this conference could be held, the War Department radio was received, and the conference was then held to discuss the War Department radio.

3. a. The travel of Japanese abroad has been a controversial subject. Mrs Uemura has been allowed to proceed to the United States and Switzerland and three candidates for the priesthood have been allowed to proceed to Rome. Mr Nishiyama was denied a scholarship to LaFayette College and representatives of Japanese Red Cross were denied permission to attend an international conference in Geneva, Switzerland.

b. Conditions in Japan are not such as to permit the introduction of visitors or students from other countries. Such visitors would be required to live on Japanese resources and in Japanese shelter or to be supported by the Occupation Forces. Neither is believed to be desirable.

c. The radio from the War Department is a definite indication of pressure to relax controls and permit travel to and from Japan. The War Department radio presents a very liberal policy in this respect. It is believed that though the War Department policy is too liberal, it will be necessary to accept a certain amount of travel from Japan in order to avoid a directive from the Far Eastern Commission which will set forth an unacceptable policy.

d. It was considered particularly desirable to have a policy established in this matter in view of the fact that CI&E has $740,000.00 in

Clearance of Australian National into Japan for Initiation of Australian Civil Air Lines

C/S

13 January 1947

1. A letter has been received from Officer Commanding, British Commonwealth Sub Area, Tokyo requesting clearance for entry into Japan of an Australian, Mr Ormond D. Denny for the purpose of initiating air routes between Australia and Japan.

2. Mr Denny is enroute and instructions have been issued by British Commonwealth Occupation Forces to hold him at Iwakuni Airport pending CINCFE approval of his entrance.

3. Policy concerning rights of foreign airlines in Japan is set forth by Far Eastern Commission in WAR radio of 16 November 1946 which states that no discrimination would be exercised against nationals of any United Nation which does not discriminate civil aviation of Allied Nations in former enemy countries occupied by it. Such civil aviation is limited to operations directly connected with the Occupation Forces and agencies accredited near SCAP, and consultation, therefore, may be arranged through usual channels to SCAP.

4. It is believed advisable to grant clearance for Mr Denny to enter Japan and proceed to Tokyo for consultations in this matter with proper representatives of SCAP providing that Mr Denny's presence in Japan is with the knowledge and approval of the Australian Government.

5. Recommend approval of draft of letter to Officer Commanding, British Commonwealth Sub Area, Tokyo which approves clearance for Mr Denny to enter Japan subject to aforementioned proviso.

Amendment of Orders

G-1 AG.PD 29 Jan 1947

2. 1. Approved.

2. Orders should be amended to read that Mr. Bixler is authorized "available" motor transportation in the vicinity of Mito.

- W. A. B. - - - - - - - - - - -

M/R:

1. Motor transportation provided by the local military government unit at Mito is the only available transportation for the many trips which Mr. Bixler will have to make. Motor transportation is provided to representative missionaries thru the Motor Pool in the Tokyo-Yokohama area.

2. The proviso that he will be authorized "available" transportation is added so that provision of such transportation will not be forced on the local commander to the detriment of necessary and regular operation.

Request for Entry into Japan of Duchesse Nadine de Leuchtenberg-Beauharnais

G-1 G-2 13 Jan 1947

2. 1. Information received from the Imperial Japanese Government indicates that Michel Mogilevsky is a student of the American School in Kamimeguro, Meguro-ku, Tokyo, and living with his father, Alexander Mogilevsky, a violinist, at 24 Shimorenjaku, Mitaka-cho, Tokyo. The son was formerly an interpreter employed by the Occupation Forces.

2. Request comments as to clearance for entry of Duchesse Nadine de Leuchtenberg-Beauharnais, to live with her son.
