The numbers of this Catalogue are so printed that they can be bound at the completion of each quarter into the usual quarterly volumes; or, if preferred, at the completion of the year the numbers can be bound into four volumes, each volume containing the classes indicated in the above table of contents, and numbered as there indicated.

The Index in each weekly issue consists of references to all the entries contained in that week's issue of the catalogue, under an alphabet of (a) the names of the copyright claimants; (b) the names of the authors of Books proper and Dramatic compositions; and (c) the first word (not a, an, or the) of the titles of Dramatic compositions and anonymous Books proper. The Index at the end of each quarter is an index of all the entries in that quarter.

The titles of Books proper are prepared in the Catalogue division of the Library of Congress, and are complete bibliographical titles of books received at the Library of Congress under the operation of the copyright law.

This catalogue of copyright entries is distributed by the Treasury Department, and can be subscribed for at the rate of \$5 per year (for 4 volumes of from 1,200 to 1,500 pages each) through the nearest collector of customs. *The Librarian of Congress can not take subscriptions*, but a sample copy of the Catalogue may be obtained upon request preferred to the Register of Copyrights.

It contains a list of all copyright entries perfected by the deposit of the copies required by law, and gives in each case the title entry, the name and residence of the copyright claimant, the date and number of the copyright entry, and the date when the copies were deposited to complete the entry of copyright. The titles are arranged in the following classes:

Fine arts (a list of the photographs deposited with applications for copyright of paintings, drawings, statuary, and models or designs intended to be perfected as works of the fine arts)

The numbers of this Catalogue are so printed that they can be bound at the completion of each quarter into the usual quarterly volumes; or, if preferred, at the completion of the year the numbers can be bound into four volumes, each volume containing the classes indicated in the above table of contents, and numbered as there indicated.

The Index in each weekly issue consists of references to all the entries contained in that week's issue of the catalogue, under an alphabet of (a) the names of the copyright claimants; (b) the names of the authors of Books proper and Dramatic compositions; and (c) the first word (not a, an, or the) of the titles of Dramatic compositions and anonymous Books proper. The Index at the end of each quarter is an index of all the entries in that quarter.

The titles of Books proper are prepared in the Catalogue division of the Library of Congress, and are complete bibliographical titles of books received at the Library of Congress under the operation of the copyright law.

This catalogue of copyright entries is distributed by the Treasury Department, and can be subscribed for at the rate of \$5 per year (for 4 volumes of from 1,200 to 1,500 pages each) through the nearest collector of customs. *The Librarian of Congress can not take subscriptions*, but a sample copy of the Catalogue may be obtained upon request preferred to the Register of Copyrights.

It contains a list of all copyright entries perfected by the deposit of the copies required by law, and gives in each case the title entry, the name and residence of the copyright claimant, the date and number of the copyright entry, and the date when the copies were deposited to complete the entry of copyright. The titles are arranged in the following classes:

Fine arts (a list of the photographs deposited with applications for copyright of paintings, drawings, statuary, and models or designs intended to be perfected as works of the fine arts)

The numbers of this Catalogue are so printed that they can be bound at the completion of each quarter into the usual quarterly volumes; or, if preferred, at the completion of the year the numbers can be bound into four volumes, each volume containing the classes indicated in the above table of contents, and numbered as there indicated.

The Index in each weekly issue consists of references to all the entries contained in that week's issue of the catalogue, under an alphabet of (a) the names of the copyright claimants; (b) the names of the authors of Books proper and Dramatic compositions; and (c) the first word (not a, an, or the) of the titles of Dramatic compositions and anonymous Books proper. The Index at the end of each quarter is an index of all the entries in that quarter.

The titles of Books proper are prepared in the Catalogue division of the Library of Congress, and are complete bibliographical titles of books received at the Library of Congress under the operation of the copyright law.

This catalogue of copyright entries is distributed by the Treasury Department, and can be subscribed for at the rate of \$5 per year (for 4 volumes of from 1,200 to 1,500 pages each) through the nearest collector of customs. *The Librarian of Congress can not take subscriptions*, but a sample copy of the Catalogue may be obtained upon request preferred to the Register of Copyrights.

The titles are arranged in the following classes:

Fine arts (a list of the photographs deposited with applications for copyright of paintings, drawings, statuary, and models or designs intended to be perfected as works of the fine arts)

The numbers of this Catalogue are so printed that they can be bound at the completion of each quarter into the usual quarterly volumes; or, if preferred, at the completion of the year the numbers can be bound into four volumes, each volume containing the classes indicated in the above table of contents, and numbered as there indicated.

The Index in each weekly issue consists of references to all the entries contained in that week's issue of the catalogue, under an alphabet of (*a*) the names of the copyright claimants; (*b*) the names of the authors of Books proper and Dramatic compositions; and (*c*) the first word (not a, an, or the) of the titles of Dramatic compositions and anonymous Books proper. The Index at the end of each quarter is an index of all the entries in that quarter.

The titles of Books proper are prepared in the Catalogue division of the Library of Congress, and are complete bibliographical titles of books received at the Library of Congress under the operation of the copyright law.

This catalogue of copyright entries is distributed by the Treasury Department, and can be subscribed for at the rate of \$5 per year (for 4 volumes of from 1,200 to 1,500 pages each) through the nearest collector of customs. *The Librarian of Congress can not take subscriptions*, but a sample copy of the Catalogue may be obtained upon request preferred to the Register of Copyrights.

The numbers of this Catalogue are so printed that they can be bound at the completion of each quarter into the usual quarterly volumes; or, if preferred, at the completion of the year the numbers can be bound into four volumes, each volume containing the classes indicated in the above table of contents, and numbered as there indicated.

The Index in each weekly issue consists of references to all the entries contained in that week's issue of the catalogue, under an alphabet of (*a*) the names of the copyright claimants; (*b*) the names of the authors of Books proper and Dramatic compositions; and (*c*) the first word (not a, an, or the) of the titles of Dramatic compositions and anonymous Books proper. The Index at the end of each quarter is an index of all the entries in that volume.

The titles of Books proper are prepared in the Catalogue division of the Library of Congress, and are complete bibliographical titles of books received at the Library of Congress under the operation of the copyright law.

This catalogue of copyright entries is distributed by the Treasury Department, and can be subscribed for at the rate of \$5 per year (for 4 volumes of from 1,200 to 1,500 pages each) through the nearest collector of customs. *The Librarian of Congress can not take subscriptions*, but a sample copy of the Catalogue may be obtained upon request preferred to the Register of Copyrights.
