WHO IS RESPONSIBLE?

AN APPEAL FOR FAIR JUDGMENT IN THE EUROPEAN WAR MADE BY JUDGE

(Concluded)

The answer is—Russian. And that, too, not because Austria was without just cause for what she proposed...

France's interest was merely that of ally of Russia—it was put on that ground at the time by the French foreign office...

So, for example, the average yield of barley in California is here stated as 25 bushels to the acre...

How large must a farm be to furnish a satisfactory living? What a satisfactory living is one must decide for himself...

Here are some of the warnings to the settler now sounded by the college of agriculture of the University of California...

War is hideous. The Kaiser and his father always ready, as their situation made it essential that they should be ready...

"BACK TO THE LAND"

TELLS MANY THINGS SETTLERS IN STATE OF CALIFORNIA SHOULD KNOW

"Some Things the Prospective Settler Should Know."

This is the weapon the University of California has placed in the hands of the newcomer to the state...

Here is a free publication of the college of agriculture telling what it costs to go to farming...

A man who can grow only the "average crop" is here warned that, generally speaking, he will do better working for a daily wage...

On the other hand, the settler is advised not to figure on raising more than two-fifths of the maximum yield possible in the neighborhood...

For potatoes, 125 bushels is stated as an average, 200 as a good yield, and 175 as a safe estimate...

Children are a material asset to the farmer, here declares Dean Hunt. Their labor is an advantage not only to the family income...

Remember that the sale of land for purposes for which it is not adapted has caused great losses and great misery...

AID IS NEEDED

WE HAVE DONE OUR PART—IT IS NOW UP TO CITIZENS OF GLENDALE

If you are a loyal citizen of Glendale and feel that Glendale is a desirable place in which to live...

The purpose of this special number is to show up Glendale in the best possible way. The publisher of the Evening News believing that the people of Glendale would do well their part...

Many citizens have already done nobly in this respect. A lady today gave us a list of seven names, and others are giving orders for a few more...

If you have mailed out a reasonable number to friends, encourage your neighbor to do likewise. The publisher is not begging for money...

Returned from Synod. Rev. W. E. Edmonds, Rev. F. A. Field and Mr. W. J. Clendenin returned the latter part of last week from Sacramento...

The Synod was the largest and strongest from the standpoint of attendance and program ever held. Four hundred delegates from all portions of California and Nevada were in attendance...

Rev. Dr. Holderby of Philadelphia gave a rousing address to the Synod. Shortly before the meeting the delegates to the Synod formed in line at the Westminster Presbyterian church and marched to the Plaza...

Rev. W. E. Edmonds and Glendale delegates were active in the Synod's work.

DEATH OF MRS. HINCKLEY

Mrs. S. F. Hinckley, who has been an invalid for years, passed away very quietly at her home on West Broadway at 4:15 this morning...

Funeral services will be held on Wednesday forenoon at the Pulliam Undertaking company's chapel and cremation in Los Angeles will follow...

AUTO STRIKES BOY

L. LUND AND ROY PERKINS HAVE HARROWING EXPERIENCE WHEN BOY IS KILLED

L. Lund of 544 Orange Grove avenue had a very sad experience Saturday evening at 5 o'clock...

Mr. Lund, in company with Roy Perkins of this city, was driving his car at a moderate rate of speed near the San Fernando road through the streets of Los Angeles...

Mr. Lund was going at the rate of about ten miles an hour when the accident occurred. When the car stopped he was less than ten feet from the spot where the lad fell...

A coroner's inquest will be held tomorrow morning. No possible blame can be placed upon Mr. Lund for the accident.

HONOR MISS HICKMAN

LOCAL DELEGATE TO O. E. S. CONVENTION RECEIVES HIGH OFFICE

Miss Cora Hickman of 310 West Park avenue returned from San Diego Saturday evening laden with honors which reflect credit upon her...

Miss Hickman was made district deputy grand matron, a position carrying both honor and responsibility. She held this office in previous years and gave so much unselfish thought and tireless energy to the work that she was returned to the office...

Miss Hickman has accepted the honor that has come to her for her beloved chapter, Glen Eyrle, and for Glendale, and not as a personal honor, although it was her personal knowledge and great interest in the work that won the position for her...

MT. WILSON VISITORS

On Saturday the following party left Glendale for the Mt. Wilson climb: Mr. and Mrs. A. L. Weaver of 235 South Kenwood street...

It is said that the town lights of fifty-two places can be seen from the mountain. On Saturday forty-eight could be plainly seen, and Glendale lights shone plainest...

PINK LUNCHEON

Mrs. Ida E. Harris and Miss F. A. Goff of 312 Belmont street entertained guests at a 12 o'clock luncheon on Friday.

Upon the well-appointed table, where the repast was served, stood a large low bowl of daintily pink rosebuds and maidenhair fern.

Cupid's weatherman has been sending all but "hail storms" in the direction of Miss Katherine Wells, whose marriage to Dr. J. L. Flint will take place shortly.

The guests had been bidden to a "thimble tea" and at an early hour each one was presented with a neatly cut tea towel and threaded needle.

Following this was a guessing contest, "the floral wedding," Miss Ethel Land and Miss Lillian Mills holding equal honors.

The guest of honor was called to answer the phone and entered from the garden into the "gift" room. The packages proved to contain a miscellaneous assortment of beautiful and useful gifts.

Besides the hostess and her mother, Mrs. Arthur D. Smith, those present were Mrs. R. H. Wells, mother of the bride-elect, and Miss Elizabeth Lange, Miss Ethel Read, Miss Mattie Belle Provolt, Miss Ethel Land, Miss Pauline Sholz, Miss Irene Read, Miss Lillian Mills, Miss Cecelia Wilson, Miss Harriett Wells, Miss Clara Provolt, Miss Bessie Provolt and Miss Gertrude Champlain.

Mrs. J. M. Border of 231 Louise street has just returned after a week spent in Santa Ana with friends.

GENEVA MAN HAS HORSE THAT ROARS JUST LIKE LION

GENEVA, N. Y., Oct. 24.—George Fordon, who lives on the outskirts of this city, has a horse that roars like a lion to such an extent as to frighten all the rest of his livestock.

The horse does not belong to Fordon, but was picked up by him along the roadside. No owner has appeared and Fordon is ready to turn the animal over to interested veterinarians who are desirous of learning what makes the horse produce such a roaring sound.

Neighbors of Fordon are demanding to know when he went into the menagerie business, as the roaring of the horse is causing much comment and many hilarious remarks are being made about the strange creature. The phenomena cannot be explained by Fordon, who is an old experienced horseman.

ASTONISHING WORK A WATCH PERFORMS

The balance wheel of an average watch, says a trade paper, makes 300 vibrations a minute, 18,000 an hour, 432,000 in a day, or 157,788,000 in a year. At each vibration the balance wheel makes about one and one-half revolutions; therefore, the arbor or shaft on which the wheel is mounted makes about 236,682,000 revolutions in its bearings in one year. One drop of oil is sufficient to lubricate from one to 200 such bearings. A modern locomotive with seven-foot driving wheels would have to run 985,824 miles, or more than 39 times 'round the earth—which, at the rate of a mile a minute, without stopping, would take it 683 days, or nearly two years—before the axles of the drivers would make as many revolutions as the balance staff of a watch makes in a year.

The night school fills a long-felt want in many sections of the country.

WHO IS RESPONSIBLE?

(Continued from Page 1)

tria have let the matter go on Serbia's word? Not unless they were willing to bow their necks to the yoke of Europe. The fact that England and France joined Russia in putting on the yoke would not have alleviated the servility of bearing it.

But was there no way to escape that yoke without war? That is the question history will ask. Without war with Russia, no—unless Austria accepted the Russian veto on any demonstration against Serbia. Russia's mind was made up. Austria stipulated not to annex Serbian territory; that was not enough; Russia remained immovable. England suggested a conference, and pending such conference that Austria be allowed to occupy Belgrade. Russia refused. Russia was willing that England, Italy, France and Germany should go into conference, but made it clear that pending the outcome of such a conference Austria's hands must be tied even from making a military demonstration of her determination that the incendiary should cease. Russia's will in the matter must be accepted by Europe as well as by Germany and Austria. That was Russia's attitude. And it meant to Austria and Germany either to bow to that will, or war—with Russia at least.

Russia undoubtedly believed she had the backing of France in this, and possibly of England also. The White Paper contains a dispatch showing that the French ambassador at St. Petersburg was urging the "solidarity" of Russia, France and England, on the English ambassador there. Now why did France back Russia? Why has England come finally to back her, for the Belgian matter is only an excuse? On this matter between Austria and Russia, Austria was right and Russia was wrong. For Austria to have surrendered to the veto of Russia would have meant the surrender of her independence as a great power. Why did France (and England finally) virtually insist on that surrender? Because of the Triple Entente? No ally is bound to support another ally in a wrong. It is on that ground that American public opinion is excusing Italy from her obligation to Germany. Why then did not England and France let Germany, right, have it out alone with Russia, wrong?

There was something else than the Triple Entente. Europe, the chief seat of civilization, is the chief seat of the world-old struggle of the races also, especially eastern and southeastern Europe; the drawing of the races together by the concentric chords of modern life has only intensified that struggle. Europe also is the seat of the modern struggle of economic ambitions; industry in our

day has become the affair not of individuals, but of nations. But as colors released from their anchorage run together, the races drawn out of their isolations are merging, and industry no longer a matter of small spheres is concentrating into larger and larger spheres; neither races nor economic spheres can be kept separate longer by national boundaries. Within the thirty years between my first and last visits to Europe this process of things becoming alike (including people) has transformed Europe from a land of picturesque differences to a land resembling America in identity of dress, of mental attitudes, and of the internal spirit as well as external appearances of life affairs. That means that the day of a larger political concentration is at hand also. What led France and England to back Russia, wrong, in this Austria-Hungary matter against Germany, right, was, undoubtedly, their apprehension that Germany successful over Russia would be Germany not simply pre-empted, but preponderant, both politically and economically, among the nations of the continent.

That apprehension may have been justified by the probable fact. The spread of the war to the whole of Europe, in consequence, history may justify; I am only stating what I believe to be the basic cause. But this thing every honest mind must admit: If this was the Big Cause, underneath the smaller causes, that brought France and England into the struggle, Germany, by every law that entitles a nation to honestly grow, was entitled to resist them. And if war on one side of this apprehension was something not to be denominated as monstrous, war on the other side is equally above that common epithet. It is not impossible of course that Germany made a mistake in believing war with Russia, or surrender to Russia, was unavoidable, through conference. Only omniscience and the Russian cabinet knew. It is not impossible that Germany made a tactical mistake—that the participation of England on the side of Russia might have been avoided by that conference. Only omniscience and the English cabinet knew. And it is not impossible that Germany made a mistake as to her own strength, even when ready, against her enemies' unreadiness. The event will prove. But the duty and the responsibility of balancing these, as to whether he would wait for such conference or not, was with the Kaiser and his councillors. He knew that Germany was ready. And who has the right to say, that if war either now or a little later was inevitable—if the attitude of France and England supporting Russia, wrong, against Germany, right, in the Austro-Serbian matter, revealed their true attitude toward the natural growth of Germany in the family of nations—who has the right to say in that event that William was bound to wait until his own preparations had been matched by theirs. I am not unreservedly for Germany, nor for France or England in this war. There is much I do not know that might turn the scale either way. But I am for an open mind. The question is not: Who struck the first blow? The question is: Why was any blow made necessary?

PETER S. GROSSCUP.

I cannot refrain from the observation that Judge Grosscup has not only struck, in the article concluded above, the true note of that higher neutrality enunciated by President Wilson, but that he has also given a sound, logical and workable interpretation of it. If in the beginning all Americans and all American organs of publicity had approached the situation in Europe with "an open mind," we might have been spared the war of words which it has brought down about our ears. Attack inspires defense, and as in Europe, Germany and Austria were not the aggressors, so in the American press, it was not those who sympathized with Germany and Austria who opened hostilities, but those who insisted upon villifying them. It is high time that "cease firing" were sounded.

HERMAN RIDDER.

AND HE CAME BACK STUPID

Jackson and Johnson are not now on speaking terms. It all arose as the result of an argument which required some mental calculation. "I tell you," said Jackson, "that you are altogether wrong in your conclusions." "Pardon me, but I am not," replied Johnson. "Didn't I go to school, stupid?" almost roared his opponent. "Yes," was the calm reply, "and you came back stupid."

TROPICO

Mrs. James Brown, who is convalescing in the Good Samaritan hospital in Los Angeles, will be returned to her home on North Glendale avenue the latter part of the week.

Mr. and Mrs. Hal H. Davenport and their interesting family, Miss Blanche and Allen Davenport, have removed from the Davenport homestead to 223 North Glendale avenue, where they will welcome their many friends.

Mr. and Mrs. George Friedgen of West Park avenue were the guests of Mr. Percy Priaulx on a motor trip to Whittier.

Mrs. Jennie Ritchie arrived from Denver the latter part of the week and will spend a few weeks here as the guest of her parents, Mr. and Mrs. I. J. Phillips, of Fifth street.

Mr. and Mrs. W. A. Dutton of Virginia place were the over-Sunday guests of Los Angeles relatives.

Mrs. Burt Rosser of Des Moines, Iowa, is the house guest of Mr. and Mrs. K. E. Hollingsworth of Virginia place.

Mrs. A. W. Tower, worthy matron of Glen Eyrie chapter, returned Saturday afternoon from a four days visit in San Diego, where she was in attendance at the grand chapter Order of the Eastern Star.

It's pretty hard to arrive at any definite conclusions about the European war, but as we understand it, none of the nations are yet willing to quit fighting.

What Makes a Bank Strong?

In judging a bank, always remember that it is Capital, Surplus and Undivided Profits that give security to the depositor, because that money is what stands between you as a depositor and any possible shrinkage in the securities held by the bank.

Few banks in the country have a larger margin of safety than the Bank of Glendale, which, with the watchful interest of a very capable and conservative board of directors and the constant inspection of the State Superintendent of Banks and the Los Angeles Clearing House Examiner, give assurance of absolute security.

Capital \$50,000.00.
Surplus \$4,300.00.
Undivided Profits (over) \$14,000.00.

We invite your business.

MUNSON SAYS

This store has no real competition. For instance, the Rexall Liver Salts we sell have such a sale that most people will buy no other. As an example we will tell you the experiences of an agent who visited a Glendale woman who is a patron of ours. He walked briskly up the steps of her home Saturday morning and knocked. When the woman of the house came to the door he removed his hat and began:

"Madam, does your liver ever get out of order?"

"Sir-r-r-!" she responded icily.

"Because I have a remedy, madam, that will regulate, annihilate and terminate the worst case of liver trouble on earth. I am sell—"

"Look here," interrupted the lady, "who said anything ailed my liver?"

"Nobody, madam, nobody," he hastily replied, edging back a few steps, "but I thought that you said—"

"Well, I didn't say anything. My liver is as sound as a dollar, and I buy Rexall Liver Salts when I need anything."

"But your husband, ma'am. Think of him. He is liable to be carried away at any moment."

"Don't you worry any about my husband," she grimly responded. "I hain't never had to bury one yet."

"But those children, madam?"

"Whose children, sir? Whose children are you referring to?" and the woman opened the screen door and stepped out on the porch with fire in her eye.

"Why—er—ahem, yours, madam, of course," answered the now embarrassed medicine seller.

"Don't you dare come here, sir, and tell me I have children when I hain't never been married," she shouted, as she shook one fist under the agent's nose. "Now you just git before I make trouble for you and you're arrested for insulting respectable women."

But the young man was not abashed. He merely backed down a step and said:

"Madam, I have the best liver regulator in the world."

"Well, is that any reason why you should come to my front door when I'm busy doing my house work and tell me that rigmarole?" and the woman took another step forward.

He slid down a couple of steps more and retorted:

"Lady, I guarantee my liver regulator to perfect, effect and correct the worst kind of liver trouble. Now in order to introduce our goods and get them before the waiting public, we are selling this large 16-ounce size, which ordinarily retails at a dollar, for the small sum of 25 cents, and to stimulate the sale, we also throw in twenty-four sheets of our celebrated Morocco linen paper, five lead pencils, three pen holders, one bottle of ink, an eraser, a bottle of mucilage, fourteen blotters, one pack of—"

He never finished the sentence. The woman puckered her lips and gave a shrill whistle. Instantly there was a hoarse growl from the rear of the house, the clank of a chain and a gruff bark. The liver regulator man had just time to vault the picket fence with half his coat tail missing. The balance of it was in the jaws of the big bulldog that ran up and down looking for a low place in the fence to jump over.

He arose, rubbed his skinned knees and murmured to himself:

"Darn these Glendale women; they buy all their drugs at Munson's and don't give a poor agent a chance."

Watch for the prizes in our windows tomorrow, boys and girls, and start to work right away and see how many words you can secure from the letters included in "Munson, the Drug Man."

Get the habit of meeting on the corner.

LEGISLATIVE DAY

Tomorrow promises to be a very full day for the Tuesday Afternoon club, which will hold a full meeting in the Masonic temple on Brand boulevard.

The advisory council of the executive board and all chairmen will meet promptly at 1 o'clock.

The legislative session will convene promptly at 1:30 o'clock.

The club proper will meet at 2:30 o'clock.

"Torrens Land Law" will be handled by Mrs. Wilbur D. Chapman, and the "Red Light Abatement Act," "Eight Hour Law" and "Excess Condemnation Measure" will be the three subjects spoken on by Mrs. Seward A. Simons, a most capable spokeswoman, and Mr. Frank Muhleman will speak on amendment No. 44. This amendment is regarded as very important, for it deals with taxation on educational institutions of our state.

The state of California is far behind all other states in this, and the members are requested to ask any and all friends to hear Mr. Muhleman on this subject.

The Misses Dorothy Armstrong, violinist, and Phoebe Armstrong, pianist, will have charge of the musical program.

The club wishes to impress prominently for this entire year.

VISITORS FROM NORTH

W. F. Fink and daughter, Miss Esther R. Fink of Modesto, Stanislaus county, Cal., are in Glendale visiting Mr. Fink's cousin, Jacob Fink, on Maryland avenue. Mr. Fink and daughter have just returned from a visit in Ohio, Illinois, Minnesota and Missouri. Mr. Fink says people of Illinois and other middle west states are complaining about hard times. He is a strong advocate for the reelection of Gov. Johnson.

IT PAYS TO HAVE SHADE TREES

If a real estate dealer tells you that the house or building lot you are thinking of buying is worth several hundred dollars more because it is well supplied with shade trees, don't be too sure that he is trying to take advantage of you until you have counted and measured the trees. Very probably he may be telling the truth, for it has lately been discovered that the right kind of trees do increase the value of a piece of real estate.

In order to determine the value of trees in residential districts, the Massachusetts Forestry association recently sought the advice of a number of practical real estate men. These men were asked this question: "How much, in your judgment, do full grown shade trees along the street improve the value of the adjoining land for house lots?"

The majority of answers ranged from 10 to 50 per cent, while some went so far as to state that a house lot would be worth 100 per cent more if full-grown shade trees were standing in front of it. A fair average of the answers held that trees would improve the value of the adjoining land 40 per cent.

Expert tree appraisers say that a shade tree in good condition and well placed is worth \$1 per square inch of cross-section measured at breast height. At that rate, a tree one foot in diameter is worth \$113, while a tree two feet in diameter is worth \$452.

For the sake of illustration, suppose that we take a good sized house

Old Cummings, the grocer, was noted for the wretched horses he kept. He employed a boy, Anthony, who was a very reckless driver. One day Anthony drove one of the grocer's worst old nags a little too hard and the animal died.
"There!" cried the grocer, "you've killed my horse, you miserable boy."
"I'm sorry, boss," the boy faltered.
"Sorry!" shouted the infuriated grocer. Sorry, he hanged! What good'll that do? Who's going to pay for my horse, I'd like to know?"
"I'll make it all right, boss," replied the boy, soothingly. "You can take it out of my next week's wages."

INTER-CITY COMMISSION RECOMMENDATIONS

San Gabriel Valley Organization Issues Report on Intricate and Important Amendments and Legislative Measures to be Voted on at November 3 Election and Makes Recommendations

Many who are appalled at the complicated nature of the ballot to be presented to the voters of California in November will be pleased to read the following recommendations presented by a committee of which Seward C. Simons of South Pasadena is secretary.

The San Gabriel Valley Inter-City Commission was formed for the purpose of co-operation between the different communities wherever a number of communities were affected. In view of the fact that a number of the measures coming up at the November election vitally affect the interests of smaller communities, this commission met and made a careful and impartial study of the measures and submit their recommendations.

The commission represents Pasadena, South Pasadena, Alhambra, Monrovia, San Gabriel and Lamanda Park. The report is signed by William Hazlett, Elwood J. Thorne, C. P. Dorland and Seward C. Simons.

NO. 1 ON THE BALLOT. "CALLING CONVENTION FOR REVISION OF CONSTITUTION." There is need for a new constitution, but the provisions of our present state constitution relating to the selection of delegates to a constitutional convention, which provide for the selection by partisan choice, might result in a very unsatisfactory convention and a partisan report and proposed constitution. **VOTE "NO."**

PROPOSITION NO. 12. "CONSTITUTIONAL CONVENTIONS." This is a proposed amendment to the constitution providing that delegates to a constitutional convention shall be selected at a non-partisan primary election. This is designed to dispose of the objection to the method of selecting delegates to the constitutional convention which lie to the present method of selection, and therefore this provision should carry, and the vote should be "YES" upon proposition No. 12.

NO. 2. "PROHIBITION." This is a proposed amendment to the constitution prohibiting the manufacture, sale or giving away or the transportation within or into the state of intoxicating liquors, except for medicinal, scientific, mechanical or sacramental purposes. It permits any citizen to make complaint of known violations. The committee makes no recommendation in regard to this proposed amendment, for the reason that the resolution of the Inter-City Commission appointing the committee, expressly instructed it to make no recommendations on this subject. In justice to themselves, however, the members of the committee state that they personally favor the adoption of the amendment.

PROPOSITION NO. 39. "SUSPENSION OF PROHIBITION AMENDMENT." This provides that in the event proposition No. 2 for prohibition shall carry, that its provisions shall not take effect regarding the sale of liquor in the state until February 15th, 1915, and as to shipping liquor out of the state not until January 1st, 1916. This gives those who have money invested, or who are engaged in the liquor business, time to withdraw, if proposition No. 2 carries, and enables those who are engaged in grape culture to dispose of this year's crop. **VOTE "YES."**

PROPOSITION NO. 47. "PROHIBITION ELECTIONS." This amendment is unfair and misleading. It provides (amongst other things) that the vote of any city or county, or district, upon the question of state prohibition shall determine whether that city or county or district shall be "wet" or "dry," within its own limits. It repeals existing laws regulating the liquor traffic. It also provides that if any political subdivision shall vote "wet," either on the prohibition amendment, or at any other election, no subsequent election upon the subject shall be held within eight years, while if it votes "dry," it shall be considered "non-licensed" territory, but this provision does not state

that liquors shall not be sold in such "non-licensed" territory. Also it does not prohibit the question again being voted upon, in the latter circumstances, at ANY election, without waiting eight years. The proposed amendment is full of other "jokers" and evidently was not framed in good faith. **VOTE "NO."**

NO. 3. "EIGHT-HOUR LAW." While founded on a correct theory, this law is too broad in its application, and in its present form would seriously hamper some important industries and the labor connected therewith. **VOTE "NO."**

NO. 4. "ABATEMENT OF NUISANCES." This "red light abatement act" is moulded upon statutes of other states which have worked successfully. This act makes owners of the buildings and promoters of vice therein amenable to the law and not alone those caught in police raids. It permits any citizen to bring an action of injunction prohibiting the use of the building for such purposes and enjoining the owner and occupant from engaging in such business. **VOTE "YES."**

NO. 5. "INVESTMENT COMPANIES ACT." This act is designed to fill a pressing need for the proper control of corporations. While cumbersome in form, the committee believes that it should be adopted, and if, in its workings it is found that changes should be made, it may be amended by the legislature. **VOTE "YES."**

NO. 6. "WATER COMMISSION ACT." This creates a water commission with powers similar to those of the railroad commission and is designed to better protect the people in the appropriation, use and control of the waters of the state, and is a meritorious act. **VOTE "YES."**

NO. 7. "LOCAL TAXATION EXEMPTION." This is known as the "home rule in taxation" amendment, and would give any county, city or town power to exempt from taxation for local purposes improvements on or over land and any personal property except franchises. This would be an experiment in taxation. The majority of the committee recommends a favorable vote.

NO. 8. "EXEMPTING VESSELS FROM TAXATION." This is designed to encourage shipping on the high seas to and from our California ports and is a meritorious act. **VOTE "YES."**

NO. 9. "REGULATING INVESTMENT COMPANIES." This is a measure proposed by certain corporations and conflicts with, and would make ineffective proposition No. 5, recommended by the committee. **VOTE "NO."**

NO. 10. "ABOLITION OF POLL TAX." This measure proposes that no poll tax shall be collected. If adopted a large class of our people, including unnaturalized foreigners, will pay no taxes although receiving the benefits of our government. **VOTE "NO."**

NO. 11. "UNIVERSITY OF CALIFORNIA BUILDING BOND ACT." This provides for a state bond issue of \$1,800,000 for the construction of buildings and adding to the beauty and efficiency of the state university plant at Berkeley. Our state university needs this money. **VOTE "YES."**

NO. 12. "CONSTITUTIONAL CONVENTIONS." Has been discussed in connection with proposition No. 1. **VOTE "YES."**

NO. 13. "QUALIFICATION OF VOTERS AT BOND ELECTIONS." This initiative proposition provides that no elector shall vote on the question of incurring bonded indebtedness UNLESS A TAXPAYER, and in theory, instead of being advanced legislation, in returning to the rule of property, this is retrogression to a system of government long since

abandoned, and would be class legislation. It would disqualify from voting upon such questions at least 75% of women voters. **VOTE "NO."**

NO. 14. "VOTING BY ABSENT ELECTORS." This provides a method whereby those away from home on election day may vote and send their ballot by mail. It is dangerous in that it is not sufficiently safeguarded by restrictions. It would complicate the election machinery. **VOTE "NO."**

NO. 15. "DEPOSIT OF PUBLIC MONEYS." This measure proposes that bonds of SURETY COMPANIES may be put up as security for deposit of public moneys and changes the present law to that extent. There is no necessity for such act and it is unsafe. **VOTE "NO."**

NO. 16. "CONDEMNATION FOR PUBLIC PURPOSES." This measure, sometimes called "the excess condemnation amendment," enlarges the powers of the state or any county or municipality in condemning property for public purposes for future use. This is meritorious. **VOTE "YES."**

NO. 17. "EXPOSITION CONTRIBUTION BY ALAMEDA COUNTY." This proposed amendment will PERMIT Alameda county to vote bonds, payable by taxes and assessed in that county only, in aid of the San Francisco exposition. The state at large has no direct financial interest in this. **VOTE "YES."**

NO. 18. "NON-SALE OF GAME." This act throws greater protection about the game of the state and will prevent the slaughter of game for sale upon the markets. **VOTE "YES."**

NO. 19. "CONSOLIDATION OF CITY AND COUNTY, AND LIMITED ANNEXATION OF CONTIGUOUS TERRITORY." This amendment carries a fundamental change in the existing law of the state, in providing for the assumption of bonded indebtedness, in cases of annexation, by a simple majority vote at any election instead of a two-thirds vote, as now required. The existing safeguards are proper, and conform to the general practice elsewhere. Moreover, in the formation of a consolidated city and county government, the smaller cities or unincorporated territory proposed to be annexed, do not have a chance to vote directly and separately on whether they shall join the larger city; they have no voice in framing the charter by which they would be governed, and practically no say as to what district shall be added. The measure is full of danger to the "outside" communities. There are ample laws already covering annexation when both communities desire. The alleged economies which have been urged as the excuse for this measure can be and are being obtained under existing law without territorial change. There are a number of things which make this measure in the opinion of many unbiased business men undesirable for Los Angeles, as well as the smaller cities. **VOTE "NO."**

NO. 20. "PRIZE-FIGHTS." Prohibiting prize-fights, but permitting four-round amateur boxing exhibitions, unless prohibited by ordinance. This prohibits brutal prize-fights, but allows clean, fair sport. **VOTE "YES."**

NO. 21. "CITY AND COUNTY CONSOLIDATION AND ANNEXATION WITH CONSENT OF ANNEXED TERRITORY." This proposed amendment is almost identical with No. 19, and is equally vicious. **VOTE "NO."**

NO. 22. "LAND TITLE LAW." This proposed act, known as the "Torrens law," gives the owner of real estate the option of obtaining certificates of title through the present title company method, or of having his title registered by the county recorder and insured by the state. It is not compulsory. **VOTE "YES."**

NO. 23. "ELECTIONS BY PLURALITY, PREFERENTIAL VOTE, AND PRIMARY." The preferential ballot system has been tried out successfully in other places, and as this measure applies only to local non-partisan elections, and is permissive, not compulsory, it seems to be meritorious. **VOTE "YES."**

NO. 24. "ASSEMBLY PAYROLL EXPENSES." There seems to be no pressing need for the spending of more money by the legislature or changing the present arrangements. **VOTE "NO."**

NO. 25. "ADOPTION AND AMENDMENT OF MUNICIPAL CHARTERS." This simplifies the procedure for the adoption of a freeholders' charter by a municipality. It permits the grant of general powers to any city of more than 3500 population. **VOTE "YES."**

NO. 26. "LEGISLATIVE CONTROL OF IRRIGATION, RECLAMATION AND DRAINAGE DISTRICTS." The legislature now has no right to supervise or control such districts. This would grant the legislature such right and would be an added protection to our citizens in such districts. **VOTE "YES."**

NO. 27. "COUNTY CHARTERS." This amendment facilitates the doing away with the duplication of certain city and county officials without territorial change. **VOTE "YES."**

NO. 28. "REGULATION OF PUBLIC UTILITIES." This changes the present law so that cities having once so voted lose control of their public utilities to the railroad commission and cannot regain this control. This might put the city at the mercy of a bad railroad commission without recourse. **VOTE "NO."**

NO. 29. "INCORPORATION OF MUNICIPALITIES." This proposed amendment is related to No. 27, affecting cities as that affects counties. It is in the interest of economy. **VOTE "YES."**

NO. 30. "IRRIGATION DISTRICTS CONTROLLING INTERNATIONAL WATER SYSTEMS." This amendment concerns Imperial valley and its gigantic irrigation system only. It seems to be a measure for protection and facilitates handling water and water rights in this valley. **VOTE "YES."**

NO. 31. "VALUATION OF CONDEMNED PUBLIC UTILITIES BY RAILROAD COMMISSION." This proposed amendment clarifies the existing law permitting cities to have their public utilities valued by the railroad commission in case of condemnation and when they so desire. **VOTE "YES."**

NO. 32. "ELECTION OF UNITED STATES SENATORS." If carried, makes possible the railroad of a good governor into another office, leaving a weak or bad lieutenant-governor in his place. **VOTE "NO."**

NO. 33. "PUBLIC UTILITIES IN MUNICIPALITIES." This act is designed to permit municipalities operating public utilities to extend their operations into other municipalities operating like utilities, and in competition with such other cities within their own boundaries. **VOTE "NO."**

NO. 34. "TAXATION OF PUBLIC PROPERTY." This provides for the taxation of lands held by municipalities outside of their boundaries. This is just. **VOTE "YES."**

NO. 35. "SACRAMENTO STATE BUILDING BONDS." This state needs adequate buildings in which to conduct its affairs. **VOTE FOR THE BONDS.**

NO. 36. "SAN FRANCISCO STATE BUILDING ACT." Our information is that the state does not need additional buildings in San Francisco. **VOTE AGAINST THE BONDS.**

NO. 37. "STATE FAIR GROUNDS BONDS." This is to provide for the issuance of state bonds, \$750,000, for improvement of state fair grounds at Sacramento. Our information is that the amount of money asked for is excessive and the proposition should be voted down. **VOTE AGAINST THE BONDS.**

NO. 38. "LOS ANGELES STATE BUILDING BONDS." This act provides for the issuance of \$1,250,000 of state bonds for erection and equipment of a state building in Los Angeles. This building is needed. **VOTE FOR THE BONDS.**

NO. 39. "SUSPENSION OF PROHIBITION AMENDMENT." This is discussed in connection with proposition No. 2. **VOTE "YES."**

NO. 40. "EXTRA SESSIONS OF DISTRICT COURTS OF APPEAL." This proposition is objectionable for the reason that anyone of five officials may call such extra sessions and there is no great need at this time therefor. **VOTE "NO."**

NO. 41. "MISCARRIAGE OF JUSTICE." This proposed amendment is designed to PREVENT reversals by the appellate courts in civil actions because of mere technicalities unless injustice has been done. This amendment is meritorious. **VOTE "YES."**

NO. 42. "PLACE OF PAYMENT OF BONDS AND INTEREST." This is designed to permit bonds to be made payable in foreign countries, thereby facilitating their sale. **VOTE "YES."**

NO. 43. "EXEMPTING EDUCATIONAL INSTITUTIONS FROM TAXATION." California is the only state which does not already do this. **VOTE "YES."**

NO. 44. "MINIMUM WAGE." Authorizes the legislature to provide for the establishment of minimum wage for women and children in order that a fair and living wage shall be paid to them when required to work for wages. This amendment contemplates the fixing of the minimum wage for different occupations by the state welfare commission. The proposition is meritorious. **VOTE "YES."**

NO. 45. "ONE DAY OF REST IN SEVEN." This is known as the "Sunday rest law" and carries so many exemptions as to render the law almost a farce. This appears to be class legislation. **VOTE "NO."**

NO. 46. "DRUGLESS PRACTICE." This initiative measure creates a state board of examiners for drugless physicians and fixes the qualifications for practice as such. The committee recognizes that the existing law is not in all respects equitable, but this proposed law would lower the standards for admission to the practice of medicine and while admitting some worthy practitioners, would open the door to quacks. **VOTE "NO."**

NO. 47. "PROHIBITION ELECTIONS." This initiative measure is discussed in connection with proposition No. 2. **VOTE "NO."**

NO. 48. "BONDS FOR IMPROVEMENT OF SAN FRANCISCO HARBOR." This measure provides for issuance and sale of state bonds for payment of indebtedness to be incurred by the board of state harbor commissioners for improvement of the harbor at San Francisco, in an amount not to exceed \$10,000,000, the bonds and interest to be paid from the revenue derived from the harbor, but the credit of the state is pledged as security. This bond issue was asked for by the state harbor commission. The measure was referred to popular vote or the legislature. The improvement is needed. **VOTE FOR BONDS.**
