INCIDENTS IN INDIA REPORTED

Agitation in Punjab and United Provinces

Possible Arrest of Gandhi Again Rumored

London, March 3.—Scattering reports to the newspapers indicate that the situation in India is causing increasing anxiety to the authorities, particularly in the Punjab and the United Provinces of Bengal.

There is said to be danger in Bengal that the members of the old revolutionary party will take control of the political movement out of the hands of the Nationalist Congress party, owing to the anger of the extremists at the postponement of civil disobedience.

The Daily Telegraph shows that agitation is growing in all the above-named districts, where the situation is getting more and more out of the control of the authorities.

Gandhi. The report of the impending arrest of Mohandas K. Gandhi, Non-Cooperationist leader, is reiterated.

The Daily Mail says the Prince of Wales has abandoned his intention to visit Amritsar, where troops fired on agitators in April, 1919, killing 350 persons. The reason for the alteration in the Prince's plans is not stated.

Rumor in London. London, March 3.—The Evening News to-day publishes what it characterizes as "an absurd rumor" which is being persistently repeated in London that the Prince of Wales was shot at in India. Officials here knew nothing of any such incident.

The latest report from India says the Prince left Satwari to-day for Peshawar.

Dispatches from India February 24 reported that members of the Prince of Wales' party had been fired upon while motorizing near Ferozshah. An Indian officer's version of the affair, however, detailed that although one of the motor corps had been hit by a small object, the missile was not a bullet, but a stone, either thrown or kicked up by the wheels of the car.

CANADA'S TRADE WITH CHINA GROWS

Outlook Is Improving, Declares Commissioner

He Urges Selling and Advertising Campaign

Ottawa, March 3.—(Canadian Press)—Trade between Canada and China is constantly expanding, and the general trade outlook in China is much improved over that of a year ago, according to the Canadian trade commissioner, J. W. Ross, of Shanghai. The decisions of the Washington Conference regarding China and the settlement of a number of vexed questions, including that of Shanghai and its port and railway questions, will go far to encourage and stabilize business, says the commissioner. He states that Canadian lumber is constantly being placed on the markets of China, while Canadian flour, salted herring, butter, apples and jams are in good demand, as is an extensive list of manufactured articles. Mr. Ross advises an active selling and advertising campaign if trade is to be developed in China.

NEW BRUNSWICK M.P.'S IN SESSION

Fredricton, N. B., March 3.—Proceedings at the meeting of the Legislature were entirely free of any afternoon, the adjournment of the debate on the address in reply to the Speech from the Throne being moved by C. D. Richards, member for York, the new House leader of the Opposition, after the mover and seconder had completed their speeches.

ELECTION DEMAND MADE IN MANITOBA

Farmer Member Will Move For a Vote

Norris Ministry Has Not Straight Majority

Winnipeg, March 3.—A demand for a general election in Manitoba this summer is to be made in the Legislature in a resolution which is being prepared by W. E. Clubb, farmer member for Morris. It is reported to-day by a local paper. The passage of such a resolution would involve inevitably an expression of lack of confidence in the Norris Government, which has had power without a majority in the House since the election of 1920.

The election, whenever it comes, will be contested officially by the United Farmers of Manitoba, and there are many who predict, on the basis of the present situation, that a farmer majority will be returned. The farmer organization has no provincial political leader, and in the event of victory it might be expected to follow the precedent of Alberta, where the Premier was chosen by a post-election caucus of successful and defeated candidates.

U. S. LOST MORE LIVES ON ROADS THAN IN WAR

New York, March 3.—(Canadian Press)—During the eighteen months that United States troops were engaged in the war overseas 48,000 soldiers lost their lives on the battlefield. In exactly the same period, according to The New York Herald, 91,000 persons, of whom 25,000 were children, were killed by automobiles on United States highways.

Vast Possibilities For British Columbia Lie Behind American Ruling

Cancellation of Preferential Shipping Agreement Bound to Drive Japanese Orders For Lumber to This Province; Canadians Should Seize Opportunity

The order issued by the United States Shipping Board on March 1 requiring the complete cancellation by next July 1 of all contracts between Japanese steamship lines and the Chicago, Milwaukee & St. Paul and the Great Northern Railway Companies concerning preferential rates, opens a wide field of promising possibilities regarding commerce between British Columbia and Japan.

The reasons for the order were not stated in the dispatch reporting its issue, as published in The Times on Wednesday, but it is quite obvious that the object in view is the diversion of carrying trade between the United States and the Orient from Japanese to American ships.

UNABLE TO FIND HELPLESS SHIP

Rescue Vessel Searches in Vain in Atlantic

Halifax, March 3.—A wireless message from Cape Race to the naval station here says: "Esthonia reports arrived at given position of Grontoft and there are no signs of ship or crew."

The Grontoft, a Norwegian freighter of 1,200 tons, was reported missing yesterday with twenty men aboard 500 miles Southeast of Cape Race. The latest word from the Grontoft says her lifeboats had been smashed by heavy seas.

SPAIN TRIES TO FORCE MOROCCANS TO FREE CAPTIVES

Madrid, March 3.—Doubt was expressed here whether the blockade of the Moroccan region of Alhucemas by the Spanish forces had actually begun, as reported in Moroccan messages yesterday, official confirmation of the reports still being lacking. The expiration of Spain's ultimatum to Aled El Krim, the Moroccan rebel chieftain, demanding the release of the Spanish prisoners, was generally supposed to have been reached, but some doubt has arisen as to whether the document conveyed to Aled El Krim by Dr. Casas, the Spanish army surgeon, bore in fact a definite modification. Miss L. Wilks, who accompanied the ultimatum, demanded the release of the prisoners with the greatest promptitude possible.

BIRTHDAY DOLLAR FOR RUSSIAN FUND

"Save the Children" Relief Is Growing

"My birthday dollar," as Elizabeth Lucie G., an Oak Bay child, describes it, has been contributed to the Save the Children Fund. This little girl writes in childish hand a message for the "poor little starving Russians."

PRIVY COUNCIL DECIDES B. C. PLACER MINING CLAIM

London, March 3.—(Canadian Press Cable)—The Judicial Committee of the Privy Council to-day allowed the appeal in Seguin vs. Boyle. This is a British Columbia case involving a grant of a creek placer mining claim which had been refused by a lower court. The appeal to the Privy Council was on the question of whether an application by the respondent for the grant in question had been rightly refused.

P. C. LARKIN IS MADE MEMBER OF PRIVY COUNCIL

Ottawa, March 3.—P. C. Larkin, who was recently appointed Canadian High Commissioner in London, will shortly be sworn in as a member of the Privy Council of Canada.

His appointment to the Privy Council dates from March 1, when he assumed the duties of High Commissioner. Membership in the Privy Council carries with it the title "Honorable."

ELECTION ACCOUNTS DECLARED TOO HIGH

Montreal Returning Officers Strike Ottawa Snag

Auditor-General Says Bills Need Paring

Montreal, March 3.—Returning officers who presided in the twelve Montreal divisions during the last Federal general election are now up in arms over their failure to receive a settlement of their bills from the Federal Government. The average account of each returning officer is approximately \$2,000 and they are being disputed by the Auditor-General on the ground that they are excessive and in violation of the Act outlined in the Elections Act. The aggregate accounts from the city of Montreal alone will be \$25,000.

QUEBEC PREMIER'S LABOR ATTITUDE

Says Unions in Quebec Must Be Canadian

Quebec, March 3.—(Canadian Press)—Replying yesterday in the Legislature to a letter addressed to him by the secretary of a Montreal workmen's club strongly denouncing his attitude on the matter of inter-national unions in connection with the recent printers' strike in this city, Hon. L. Taschereau, Premier of Quebec, said: "I do not need to protest, but I find my revenge in one phrase of this letter which says that when I made the statement in this House all the members except one applauded my words. Let the writer of this phrase learn it by heart and let him know that in the province of Quebec, whenever an attempt is made from outside to direct our workmen in a course other than that dictated by purely Canadian sentiments, we will be opposed to this guidance and the deputies of the province of Quebec will applaud."

FURTHER BROKERS' FAILURES IN U. S.

Suspensions To-day in New York and Philadelphia

New York, March 3.—The whirlpool of misfortune continued to drag down brokerage houses to-day. The failure of George W. Kendrick III & Company, of Philadelphia, was announced from the rostrum of the New York Stock Exchange and the Consolidated Stock Exchange announced the suspension of Charles A. Bertrand, of C. A. Bertrand & Company of this city.

An involuntary bankruptcy petition against C. A. Bertrand & Company was filed in federal court. No estimate was made of the liabilities and assets.

Biggest Failure. Philadelphia, March 3.—The suspension of George W. Kendrick III & Company, stock brokers, was announced to-day.

The suspension was regarded in local financial circles as one of the most important of the series of failures among stock brokers that has occurred here in the last two weeks.

An involuntary petition in bankruptcy was filed in the United States district court to-day against L. A. Gerson & Company, stock brokers. No statement of the liabilities was filed, but counsel for creditors said they would amount to \$125,000 and the assets to about \$55,000.

New York, March 3.—Two more persons were indicted yesterday by the Grand Jury on charges of bucketing, growing out of District Attorney Benson's investigation of brokerage houses. This brings the total number of indictments in the last few weeks up to forty-one.

In Toronto. Toronto, March 3.—The wave of failures of stock brokerage firms has at last reached Toronto and this morning it was announced on the floor of the Toronto Stock Exchange that the firm of Bryant, Isard & Company has made an assignment.

Montreal Informed. Montreal, March 3.—The Toronto brokerage house of Bryant, Isard & Company has failed, it was announced at the branch office here this morning.

CHICAGO TO HAVE THE LARGEST HOTEL; AN AEROPLANE ROOF

Chicago, March 3.—Plans for the world's largest hotel, to contain 3,000 guests' rooms and to be built on Michigan Boulevard at a cost of more than \$12,000,000, were announced here to-day. It will be twenty-five stories high.

BALFOUR GIVEN HIGHEST HONOR FOR PEACE WORK

London, March 3.—King George to-day conferred the Order of the Garter upon Rt. Hon. Arthur J. Balfour in recognition of his services at the Washington Conference. This is the highest honor within the gift of the King.

LOYD GEORGE'S ULTIMATUM MARCH 8

Wants Coalition Conservatives' Declaration by Then

Failing That He Is Prepared to Resign

London, March 3.—Wednesday, March 8, is the date set by Premier Lloyd George for fulfillment of his ultimatum to Austen Chamberlain, according to a report in parliamentary circles. If by then he has not received satisfactory assurances of the loyal support of the Coalition Conservatives, it is said, he will present to the King his resignation, which he is now figuratively carrying in his pocket.

Private meetings of politicians yesterday led to no announcement of developments tending toward a solution of the crisis. One of them, indeed, hardened the opposition of the "die-hard" Conservatives to Lloyd George's leadership.

This meeting was held in a committee room of the House of Commons, where more than eighty Conservative members of the Commons and House of Lords adopted a resolution affirming that "in order to restore confidence throughout the country, and with a view to the approaching general election, there is urgent need for re-assertion of the Conservative and Unionist principles."

The determination of Mr. Chamberlain, Lord Chancellor Birkenhead and other Conservative leaders to stand by Mr. Lloyd George is unshaken, and the steps they will take to bring the powers of the Government into line with interest. When Mr. Chamberlain speaks at Oxford to-night, it is generally expected he will make a pregnant bearing on the political crisis.

Cabinet Met. The Cabinet met last night, but as far as can be ascertained, did not deal with the crisis, transacting only State business.

The anti-coalition newspapers say the storm raised by the Premier's letter to Mr. Chamberlain was somewhat worse yesterday, while Lloyd George's champions declare matters are somewhat improved. All agree, however, that nothing is being done to settle what has been reached and that the difficulties remain acute.

The Westminster Gazette charges that the Premier's manoeuvre to Mr. Lloyd George to secure the leadership of the Conservative Party and contents that if this is not the object, the Premier is "a complete idiot."

LIABILITIES AND ASSETS DECREASED

Canadian Bank Statement For Month of January

Ottawa, March 3.—The liabilities of Canadian banks at the end of January, 1922, showed a decrease of over \$100,000,000 as compared with those at the end of January, 1921, according to the monthly bank statement issued by the Department of Finance. Total assets of chartered banks in the month of January, 1922, showed a similar decrease as compared with those of January, 1921.

IRISH BOUNDARY SUBJECT OF DEBATE

Bill Is Discussed in British Commons

London, March 3.—When debate was resumed on the Irish Bill in the House of Commons to-day, discussion of Lord Hugh Cecil's amendment was continued. This declares that in approving Article XII of the part of the Government. He quoted the territory of the Irish Free State, but agreed only to minor boundary adjustments.

Ronald McNeill, Unionist member for the Canterbury division of Kent, said this was the central point of objection to the measure, the provision in question being resented by many of the members as a breach of faith toward Northern Ireland on the part of the Government. He quoted Michael Collins, head of the Irish Free State Provisional Government, as having said Sir James Craig, the Ulster Premier, had been tricked by his own friends.

DIED IN LONDON. London, March 3.—(Canadian Press Cable)—Major P. R. Grace, a pioneer airman, died here to-day.

COXE'S ARMY AMERICAN SHIPS

"General" Asks Congress for Use of Craft

Has Plan to Provide Work for Unemployed

Washington, March 3.—Accompanied by a dozen men, who he said were out of work, "General" Jacob S. Coxey, who years ago led an army of unemployed on a march to Washington, appeared to-day before the House Merchant Marine Committee and asked authority to take and operate 112 Government vessels now idle.

Unfolding a plan which calls for the issuing of \$40,000,000 in Treasury notes to provide for reconditioning of ships, Mr. Coxey declared he proposed to appeal to the people to subscribe \$50,000,000 to be used as a fund to keep the vessels in operation as "tramps" on the high seas.

Mr. Coxey admitted having had no experience in operating ships. His plan, he contended, would greatly mitigate unemployment.

MEMBERS-ELECT ARRIVE IN OTTAWA

Already Some Are There For Session

Opening Ceremonies Middle of Next Week

Ottawa, March 3.—(Canadian Press)—Members and Senators from outside points are beginning to arrive in the city and to make their preparations for the opening of Parliament, which will be held on Wednesday and Thursday next. Several of the Quebec members have been in Ottawa during the past few days, choosing rooms in the House and making arrangements for their temporary homes while staying here during the session.

Monday, however, will see the beginning of the general influx of members from farther outside of Ottawa, who will have to make their "brary" homes here and among them will be the annual search for houses, apartments and other accommodation. At the Parliament Buildings, a considerable sum of money is being expended in cleaning and getting the rooms in order for next week.

Ancient Usage. Ottawa, March 3.—(Canadian Press)—Ancient and honorable usage, harking back to the stirring times when Queen Elizabeth told her faithful Commons not to spend too much time in talking, will govern the handling of the House mace during the opening of Parliament.

Mr. Lloyd George to secure the leadership of the Conservative Party and contents that if this is not the object, the Premier is "a complete idiot."

Another of the fleeing men fired on by his pursuers, and it was then that Green was struck by a bullet and killed. Another man was wounded.

PROFESSIONAL MEN IN FEDERATION

British Development Similar to Trade Unions

London, March 3.—(Canadian Press Cable)—As part of the growing movement of professional workers throughout the country to better their conditions by trade union activity, the first of a series of addresses was given last night to members of the professional union embracing assistants of architects and surveyors which is federated with the National Federation of Professional, Technical, Administrative and Supervisory Workers.

The speaker, General Secretary Keay, of the Federation, said that when the professional man found himself out of work his position was desperate, as he was compelled to keep up a high standard of living and an appearance consonant with his calling.

Legislation. The Federation, said Mr. Keay, must take a great interest in the legislation of the country, but they had to play their part as much in the industrial as in the political field.

When a Parliament is convened and members are awaiting the direction of the Governor-General to choose a Speaker, the mace is placed under the table. And it remains there until a Speaker is elected.

LONDON ASKS CATTLE EMBARGO BE THROWN OUT

London, March 3.—(Canadian Press Cable)—London City Corporation has joined the anti-embargo forces. The governing body has passed a resolution asking the Government to reconsider its decision on the question of lifting the embargo against Canadian store cattle.

CATTLE DISEASE IN BRITAIN WINDLES

London, March 3.—(Canadian Press Cable)—As a result of the rapid decline in the number of cases of foot and mouth disease reported, a new order was issued yesterday to take effect on March 8, revising existing orders, which impose certain restrictions on the movement of cattle throughout the country.

Reciprocity Inquiry Started by American Bureau of Commerce

Officials, Directed By Secretary Hoover, Investigate As to What Products United States and Canada Might Include Under Treaty.

Washington, March 3.—(Canadian Press)—Secretary of Commerce Hoover this morning directed the Bureau of Foreign and Domestic Commerce to investigate as to what products of the United States and Canada might be included in a possible reciprocity agreement and whether there is any practical basis for such an arrangement.

The action of Secretary Hoover grew out of the visit of Hon. W. S. Fielding, Canadian Minister of Finance, and his conferences with officials here.

First Step. Ottawa, March 3.—(Canadian Press)—"It is the first step," was the remark here this morning in reference to Washington dispatches that the United States Bureau of Foreign and Domestic Commerce had been instructed to investigate the basis of a possible reciprocity agreement between the United States and Canada.

So far as Canada is concerned, the primary move would not do but the removal or modification of the Fordney tariff on natural products. But what the United States would ask of Canada as a quid pro quo is more uncertain. During the Washington conversations there were references as to certain discriminatory features of the Canadian tariff as respecting imports from the United States, but what these particular features are officials here are at a loss to say.

NEW UNIVERSAL LANGUAGE FOR TRADE PREDICTED

Philadelphia, Pa., March 3.—A universal language for trade purposes was predicted last night by Sir Robert Falconer, president of the University of Toronto, in an address before the Philadelphia Society for the Promotion of Liberal Studies. The new language, he said, would be adopted only by persons engaged in international commercial pursuits, while race and national pride would preserve the mother tongue in each country.

PRISON OFFICIAL KILLED IN DUBLIN

Max Green Was Shot by Fleeing Thug

Police Recovered Money For Pensions

Belfast, March 3.—Max S. Green, chairman of the Irish Prison Board, was shot and killed in Dublin to-day, a Dublin message announces. He was a son-in-law of the late John Redmond, the Irish Nationalist leader.

The shooting of Mr. Green occurred during a chase following a robbery. An official of the Ministry of Pensions carrying a considerable sum of money was held up by armed men, who took from him a bag containing £800 and ran away with it. The police gave chase and captured the robber.

Another of the fleeing men fired on by his pursuers, and it was then that Green was struck by a bullet and killed. Another man was wounded.

TRYING TO REDUCE PRODUCTION COSTS

Australian Employers' and Workers' Delegates Meet

London, March 3.—(Canadian Press Cable)—The conference between representatives of Australian employers and organized labor, with a view to easing the cost of production in the interest of trade and unemployment, was renewed yesterday after an interval of a week, says a Reuter cable from Sydney.

Mr. McKay, speaking on behalf of the Broken Hill Steel Company, New South Wales, said the present steel orders at the Newcastle plant shortly would be completed, after which the works would close down. The company, he said, was unable to manufacture and sell steel bars at the present price of \$16 1/2 per ton. It was, moreover, unable to secure orders even at that price because imported bars were selling at \$14 1/2 per ton.

Employers' delegates submitted a scheme under which unemployment insurance might be borne by the industries as a business risk.

NOW STEFANSSON INQUIRY REPORTED

Arctic Expedition May Be Investigated Soon

Ottawa, March 3.—(Canadian Press)—Circumstances surrounding the Stefansson Arctic Expedition of 1913-18 are likely to form the subject of investigation, it is said here. Recently scientific members of the southern party of the expedition made some strong charges against Vilhjalmur Stefansson, leader of the expedition.

Claiming that they had been misrepresented in Stefansson's latest book, "The Friendly Arctic," the scientific men returned with counter accusations of extravagance and the view is current that the accusations may not be allowed to rest. It is understood the scientific men are urging an investigation into the charges made against them in the "Friendly Arctic," but if undertaken, the inquiry would probably be more general and cover the conduct of the expedition as a whole.

ANDROS' ELECTION STIFFENS FIGHT ON IMPROVEMENT LEVY

Opponents of Tax Encouraged; Revive Salary Abolition Plan

Shuffle of Aldermanic Committees to Follow Poll

With the swearing-in of ex-Alderman E. B. Andros as a member of the City Council this morning three important developments became apparent at the City Hall:

1. Opponents of the improvement tax, favored by a powerful Council backing, will resume their fight against the levy with renewed hope of success. 2. The move to abolish aldermanic salaries will be revived when the Council meets to consider estimates.

3. Aldermanic committees will be rearranged somewhat so as to relieve the overworked Finance Committee from some of its duties.

Aldermen opposed to the improvement tax, led by Alderman E. S. Woodward, Chairman of the Civic Finance Committee, believe that, with Alderman Andros's vote they can now rally strong opposition to the levy. They count on the votes of these members:

Mayor Marchant, Alderman Dewar, Alderman Harvey, Alderman Andros and Alderman Woodward himself. It is hoped that it will be possible to swing one more vote, which would be sufficient votes to block the improvement-taxers. That they will be able to succeed in this, however, seems doubtful.

Andros Wants No Salaries. Some weeks ago Alderman Andros announced that he was opposed to aldermanic salaries which he declared, only encouraged self-seeking candidates to run for the Council. As the move to abolish salaries will be revived by its sponsors when the Council meets to consider estimates, his vote, it goes without saying, will favor free service by Council members.

Would Raise Salaries. It was made known to-day, however, that the old plan to raise salaries to \$125 a month—a scheme sponsored by Alderman A. E. Todd—will be revived this year. No increase can be made, of course, until special legislation can be secured at the next session of the Provisional Legislature, but aldermen behind the scheme say they would make the higher salaries retroactive as from the first of this year.

Committee Overworked. For some time past it has been apparent that the Mayor's three-committee system has not been working out satisfactorily. This is not regarded so much as a fault of the system, as the result of referring too many matters to the Finance Committee.

The Finance Committee, in fact, has been running the city, and its members find that the job is too much for them. It is planned, therefore, to distribute some of their work over the other committees. For instance, unemployment relief will be shifted to the Public Utilities Committee under present plans. The Mayor hesitated to make any changes in this connection until the result of the yesterday's by-election was known.

A permanent chairman of the Public Utilities Committee must be found, too. Alderman Joseph Patrick, it is understood, is slated for this position.

COMMENDS COURSE CHOSEN FOR EGYPT

New York Herald Pays Tribute to British Empire

New York, March 3.—(Canadian Press)—"Egypt is free, but remains within the sphere of the British Empire. No friend of the Egyptians could wish it otherwise."

Thus The New York Herald sums up the result of the ending of the British protectorate. The paper declares that "England is progressing with her dream of empire," and pays a tribute to the wisdom which has been displayed by British statesmen in dealing with the Empire's various units.

"To a world half crazed as a result of war," says The Herald, "the thinking onlookers see that England has not lost her head, nor has she lost sight of what has made the Empire what it is. Canada, Australia, New Zealand and the Union of South Africa are not subject states, but daughters in their mother's house—each mistress in her own."

Free. "It was not so long ago that Honor Law, the House of Commons that the Dominions were free; free to stay in the Empire or free to go, and though their going would raise regret, no violent hand would be raised against them. They will not go."

"There have been empires before, founded on the sword, held by the sword, but the dream of the men who laid the foundations of Britain's exterior greatness was to carry forward the reign of law to men less fortunate to teach rather than to rule."

"South Africa was astonished when Campbell-Bannerman extended his hand to the late foe. The foe grasped it, and has had no cause for regret. The Irish Free State has taken England's hand at last in friendship and association, and unless the future betrays the past Ireland will not regret."

"Egypt now, and India next."

OBITUARY RECORD

The death occurred at St. Joseph's Hospital this morning of Henry Marr aged 38 years, lately residing at 2541 Blanshard Street. The late Mr. Marr was born in Edinburgh, Scotland, and came to Victoria seventeen years ago. He was recently in the employ of Thomas Plimley, and is a member of Court Victoria, A. O. F. He is survived by his widow. The funeral will be held on the B. C. Funeral Chapel on Monday, the Rev. Dr. Campbell officiating.

The death occurred yesterday at the Jubilee Hospital of Lock Fong of 1713 Government Street. He was fifty years of age, and came to Victoria twenty years ago from China. The funeral will take place from the B. C. Funeral Parlors on Sunday afternoon, the remains being buried in the Chinese Cemetery.

The funeral of the late Robert Scott, of 153 York Place, Oak Bay, will take place from the late residence Saturday afternoon, at 3 o'clock, Rev. Dr. Clay officiating. Interment will be made in Ross Bay Cemetery. It is requested that no flowers be sent.

The remains of the late Mrs. Nellie May Braidwood will be laid to rest to-morrow afternoon. Service will be held at 3 o'clock at the Thomson Funeral Home, 1625 Quadra Street. The Brethren will officiate. Interment will be made in Ross Bay Cemetery. The late Mrs. Braidwood is survived by her husband and six children, her parents, Mr. and Mrs. Rand, three brothers in Victoria and one in Alberta.

The funeral of the late Mrs. Rose Wallace took place this morning, the cortege leaving the residence of her daughter, Mrs. M. A. Hartnell, at 9 o'clock. Ten minutes later mass was celebrated at St. Andrew's Cathedral by Rev. Father A. J. MacLellan and at the graveside services were read by Father Bradley. Relatives and many friends were present and the following acted as pallbearers: G. E. Baker, H. Hudson, Wm. C. Vey and Rev. Mr. Baker. Interment was made at Ross Bay Cemetery.

The funeral of the late John Charles Mesher took place yesterday afternoon, relatives and many friends being present. The mass was covered with many beautiful flowers. The hymns sung were "When the Roll is Called Up Yonder," "Forever With the Lord" and "Rock of Ages." Rev. W. J. Sippel, D.D., officiated and the following acted as pallbearers: W. M. Ritchie, S. J. Curry, G. E. Baker, H. Hudson, Wm. C. Vey and Rev. Mr. Baker. Interment was made at Ross Bay Cemetery.

CHINESE SEAMEN'S STRIKE EXTENDS TO HOUSEHOLD SERVICE

The strike situation at Hongkong, which started with the walkout of Chinese seamen, is rapidly becoming worse and is spreading to other branches of the great tenor's voice. His lung power was so enormous that he could make the chords of a piano vibrate by merely breathing upon them. The doctors described Caruso's lungs as those of a superman, and declared that from head to foot he was a magnificent singing machine.

ASSURANCES GIVEN BY LLOYD GEORGE

Reports Says British Political Crisis Easier

London, March 3.—The political crisis was reported in lobby circles to-day to be easier. Premier Lloyd George was reported to have received firm assurances from his Unionist colleagues of their unshakable confidence in him as head of the Coalition Government, coupled with the declaration that a majority of the Unionist Party was behind them. Some political writers expressed the opinion that the rank and file of the Unionists believed that to force the resignation of Sir George Younger, the Unionist leader, would react against them, and the split would be best avoided by "toeing the line."

At the same time it was recognized that such a settlement would be only temporary and it was understood that the Premier desires to know before next Wednesday—the date which the Unionist leaders toward the small rebellious group in that party.

Meanwhile, the Premier has gone to Chequers Court, his country home for the week-end.

SUPPORT FOR RECIPROcity

Resolution in the Legislature of Manitoba

Winnipeg, March 3.—(Canadian Press)—A resolution supporting the Federal Government in whatever steps it may take in the way of negotiating a reciprocity agreement with the United States will be introduced in the Provincial Legislature next Tuesday by George Palmer, Labor-Farmer member for Dauphin. Mr. Palmer is sponsoring the resolution in the belief that any action which can be taken to show the Canadian Government and the Government of the United States where the "Canadian west stands" will improve the chances for the success of such a move.

NANAIMO NEWS

(By Times Correspondence.) Nanaimo, B. C., March 3.—The women of Nanaimo and district celebrated St. David's Day last evening with a big social time in the G. W. V. A. Hall, which was largely attended and much enjoyed. During the course of the evening a splendid programme of vocal and instrumental selections were rendered, and refreshments served which were much appreciated. Dancing brought a most interesting celebration to a fitting close.

What should prove to be one of the most interesting events of the season will take place on Saturday when the Nanaimo City Football team will meet the Ladysmith aggregation on their new field in an island league fixture.

This will be the first appearance of the Ladysmith boys here for some time, and will no doubt give the Nanaimo team a hard run for the two points. At present Ladysmith and Cumberland are tied for first place in the league, with Nanaimo next, but they will have to be at their best if they expect to lead Nanaimo after Saturday.

The game will start promptly at 4.15 p.m. when John Hunt, whose enthusiasm in cooperation with the new field, will kick off the ball. Referee Craig, of Vancouver, of Vancouver, will handle the whistle.

The following players will represent Nanaimo: Goal, Hughes; Backs, Stewart and Dickson; half-backs, Barnes, McDougall (Capt.), O'Donnell; forwards, O'Brien, Wylie, Foster, Stobart and Stiles.

On Saturday night, March 4, a grand concert and dance will be given in McGarrigle's Hall, Northfield, under the auspices of the Northfield Athletic and Social Club. The programme for the evening will be as follows:

Instrumental Solo, B. Moriez; Mandolin Solo, E. Clayton; Song, Jas. Robinson; Song, Mrs. J. Ferguson; Song, Mr. Wentworth; Violin Solo, R. Ganderton; Song, Mrs. Ross; A. Siskin; by Mrs. Song; Baritone, L. Ross; Solo, Wm. Dawes; Song, "Thelma," McGarrigle; Recitation, Mary Roberts; Club Swinging, Gannet Bros.; Recitation, Margaret Roberts; Song, Mr. Oscar Thomas; Violin Solo, Mr. Pilgrim; Song, Wm. Martin; Dialogue by three girls.

DOCTORS LEARN FACTS ABOUT CARUSO'S VOICE

Rome, March 3.—The throat of Enrico Caruso, which was left at the time of his death to the Naples Museum for medical examination, was reproduced pictorially by Rome newspapers to-day. Doctors whose opinions were published described it as the most extraordinary development ever known in the human throat. Caruso's vocal chords were twice the normal length and his breathing power was described as phenomenal.

Sloan's Liniment Pain's enemy

The epiglottis was as thick as that of the deepest bass singer, while its attachment to the tongue was of such a nature as to permit the greatest rapidity of vibrations, thus accounting for the immense range of the great tenor's voice. His lung power was so enormous that he could make the chords of a piano vibrate by merely breathing upon them. The doctors described Caruso's lungs as those of a superman, and declared that from head to foot he was a magnificent singing machine.

MRS. BARROW LAID AT REST TO-DAY

Many Floral Tributes From Mainland; Ministers Pallbearers. The funeral of Mrs. E. D. Barrow, wife of the Minister of Agriculture, took place this afternoon from the residence, 1159 Faithful Street, to Ross Bay cemetery. Ministers of the Government headed by the Hon. J. D. MacLean, acting Premier during the absence of Premier Oliver in the East, were honorary pallbearers. The Rev. J. F. Dimmick, of Wesley Methodist Church, formerly of Chilliwack, Mrs. Barrow's home before coming to Victoria, conducted the services.

There were a large number of floral tributes, including those from the Chilliwack district Board of Trade, Victoria Liberal Association, Chilliwack Liberals, Chilliwack Elks Club, New Westminster Royal Arch Masons, Vancouver Exhibition Association, Chilliwack Lodge No. 10, P. O. E., the Land Settlement Board, the Provincial Government, the Department of Agriculture, and individual members of the Government.

Major Henry Ashwell, J. A. Evans, Charles Dolman came over from Chilliwack to attend the funeral. A. D. Paterson, M. P. F., and Alex. Davie, of Ladner, telegraphed their regrets at being unable to attend because of sickness.

Active pallbearers were: W. T. McDonald, livestock commissioner; W. H. Robertson, Provincial horticulturist; W. T. Andrews, accountant; and Col. W. S. Latta, R. A. Hunt and C. E. Sonley, of the Land Settlement Board.

LIVER TROUBLE BAD BILIOUS ATTACKS

When your liver becomes sluggish and inactive your whole health suffers. Your bowels become constipated, the tongue coated, the breath bad, the stomach foul and sick, and bilious spells occur on account of the liver holding back the bile which is so essential to promote the movement of the bowels, and the bile gets into the blood, instead of passing out through the usual channel.

MILBURN'S LAXA-LIVER PILLS

They are purely vegetable, small and easy to take, work smoothly and gently, and there is nothing of the griping, weakening and sickening effects of the old-fashioned purgatives.

Mr. John S. Caron, Donavon, Sask., writes: "I was troubled with my liver, and had severe bilious attacks. A friend advised me to try Milburn's Laxa-Liver Pills so I took two vials and I have had no more attacks."

MILBURN'S LAXA-LIVER PILLS are 25c a vial at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont. (Adv.)

BATTLECRUISER'S CAREER AT END

New Zealand Will Not Maintain Craft

U. S. Immigration Incidents Stir New Zealanders

(By Times Correspondent.)
Wellington, N. Z., March 2.—The battlecruiser New Zealand, which visited Victoria and Vancouver and other Canadian ports in the year before the Great War and which took part in the operations against the German fleet in the North Sea, is to be scrapped.

Announcement to this effect was made by W. P. Massey, the New Zealand Prime Minister. He pointed out that although the gift to the British navy was no longer considered an up-to-date fighting ship, the people of the Dominion must go on paying for her for the next eight years.

New Zealand, he added, had recently refused to take over the Union Islands and administer them, but instead she had agreed to police the South Pacific and for this purpose she was maintaining the cruiser Chatham, which was doing useful service in the South Seas. Beyond this ship and some minor craft New Zealand, he said, did not intend to go at present.

Feeling Against U. S.
Enforcement of the United States immigration law is creating much bitterness both in New Zealand and Australia and protests to the United States consuls are frequent.

One case in particular, that of a commercial man offered a position with a leading oil company has been given wide prominence. This man went to San Francisco with passports duly vised and everything in order. When he arrived he was, with twenty-nine other passengers, detained at Angel Island with a lot of Asiatics.

The food was unclean, the passengers were locked in cages for examination and when the commercial man finally smuggled a note to the British consul he found that all his other letters had been stolen.

Ultimately he was released, on condition he would leave the country within ninety days. He refused as he had his position to consider. In consequence he was promptly shipped back to Australia and lost his position altogether.

Lost Life.
Another case was that of the son of a wealthy Australian merchant who through his travels at Ellis Island, New York, was herded with diseased immigrants, caught fever and died. His parents are protesting to the United States Government through the British Government.

So keenly has feeling been aroused that wealthy Australians announce their intention of ignoring the United States in future travel and going via Canada instead, stating that they know that under the flag of the Empire they will be treated as human beings ought to be.

Cable.
When the proposal to duplicate the Pacific cable now operating from Banfield, Vancouver, Island to New Zealand and Sydney, N. S. W., comes up for decision it is expected that New Zealand will put in a claim for a branch extension to Samoa. The idea is that this should be effected by an automatic relay station dividing the existing long stretch of cable between Fanning Island and Suva.

The landing station will be located near Apia, the capital of Samoa, New Zealand's interest in the project arises from the fact that she now holds the mandate for Samoa.

Under the new arrangement the speed sending on the cable will be considerably increased. It is also proposed to connect Fanning Island with Honolulu and thence to San Francisco, but this stretch of cable will be used only for American traffic, which now goes north to Vancouver by land line. This alternative route will of course be available in case of a break-down on the all-Red cable.

Butter.
New Zealand's failure to capture the Canadian butter market during the off season, when great quantities are imported into Canada from the United States, is the subject of comment from a leading Canadian business man, Charles B. Jones, Victoria, B. C., in interviews he has given the New Zealand newspapers.

He points out that New Zealand butter is superior to the American, and that if Canadians could get it during the winter months they would prefer it. Incidentally he says that the New Zealand farmer, because of the superior climate, can produce butter more cheaply than the Canadian farmer and thus compete with him. But Mr. Jones thinks if the New Zealand farmer supplied Canada when the Canadian farmer was not doing it that would be sufficient.

The visitor complained of the lack of enterprise in New Zealand in the way of making a country known. It is only the Canadian or American who knew what was to be had in the way of enjoyable trips and pleasant resorts he would come over in thousands.

Trade.
On the subject of the New Zealand tariff recently amended, Mr. Jones pointed out that it afforded a great opportunity to Canada to expand her trade at the expense of the United States, which now did a big trade with the Dominion. Canada already had a trade agreement, but there was no doubt it could be improved, and the New Zealand tariff afforded the opportunity.

TASMANIA NOW IS DISSATISFIED

Leaders Talk of Breaking Away From Australia

(By Times Correspondent.)
Melbourne, March 2.—Tasmania is so dissatisfied with the taxation she pays under the Federal Government that her political leaders are thinking of withdrawal from the Commonwealth.

T. Murdoch, a member of the Legislative Council of the State, started the trouble in a speech made on the occasion of the departure of the Governor, who resigned largely on the ground that his salary did not meet expenses. Mr. Murdoch pointed out that the Federation got \$15,000,000 in taxation and gave little or nothing in return.

Because of this and the Federal enactments regarding wages, Tasmania's industries were suffering heavily. Also the new navigation laws had led the shipping companies to withdraw vessels in the Tasmanian trade.

"The State will have to get relief from these disabilities," said Mr. Murdoch, "or it must go under. The alternative is to leave the Commonwealth."

It is expected, however, that Tasmania will get a hearing before she is allowed to take so serious a step.

Ships.
Giving facts and figures showing that the Government-owned steamships which were bought and built during the war, far from being the failure they were alleged to be, actually made profits in five years amounting to \$17,500,000. Premier Hughes said the critics of Government ownership of shipping in Australia were completely confounded. Not only had the ships been paid for, but they had made a handsome profit for the country as well. In addition to this benefit they had involved the expenditure of \$7,000,000 in wages to Australian seamen and many more millions in the purchase of supplies here which would otherwise have been bought in Britain or elsewhere.

The fleet now comprises twenty-six vessels, of which the latest built are some of the finest in the trade.

Trade.
After an embargo of seven years Australia will resume trade relations with Germany and other ex-enemy countries as from August 1, 1922. The Federal Parliament decided that the time had arrived when Australian importers would be allowed to bring in German goods. Incidentally it is hoped that Germany will buy some Australian goods in view of the world-wide loss of purchasing power amongst Australia's best customers. A German consul, it is expected, will be appointed here before the end of the year.

One feature of the relations between the two countries will not reappear, however. That is the fine fleet of German steamships which used to ply between Sydney and Hamburg, and which gave British shipping companies the keenest of competition. Measures are to be taken to prevent unfair German competition in the future.

FEWER UNEMPLOYED.

London, March 2.—There was a decrease of nearly 25,000 in the number of unemployed in this country during the week ended February 21, and 7,000 during the week previous, according to official figures just made public. This left 1,800,000 still unemployed.

NOVA SCOTIA IS TO CHANGE ITS RULE OF ROAD

Halifax, March 2.—The Nova Scotia Legislature opened the second session of the thirty-seventh general assembly of the province yesterday afternoon. Lieutenant-Governor MacCallum Grant read the opening speech. Forecast of legislation in it was brief and of apparently small moment. It included an announcement that a bill to change the rule of the road would be introduced in Nova Scotia at present "drives to the left."

The speech referred to a general depression in all industries, but expressed the belief that the outlook for the future was hopeful. The Nova Scotia House of Assembly remains unchanged since last session.

BRITISHER ARRESTED IN ITALY RELEASED

Naples, March 2.—The Italian police announce that the man whom they arrested yesterday as Gerald Leo Bevan, head of the City Equitable Fire Insurance Company of London, was afterwards released, as it was determined that he was not the man whose arrest was requested by the British consul. The police are still searching for Bevan, who is believed to have fled from London sometime ago when the London firm failed with a deficit of \$2,500,000.

GROUP WILL BE TRIED IN RUSSIA

Moscow, March 2.—The central committee of the Social Revolutionary Party, together with a number of the active members of the party, who for a long time have been in the "Cheka" prisons, will be handed over to the revolutionary tribunal for trial. They are charged with having been involved in the plots of 1917-18 to

assassinate Nikolai Lenin, Leon Trotsky and other Soviet leaders. The new state political police have published a review of the new evidence against the men. It is based largely on a pamphlet published abroad by one Semenov, the alleged leader of the Social Revolutionary terrorist group, and a document written by a woman, Knopla, who it is asserted, was chosen to take over the killing of Premier Lenin. The Premier was to have been done to death by poison placed in his food, or a doctor was to have been sent to them with some fatal disease. The police invite Semenov "and the others who now understand the seriousness of this terror" to return to Russia and testify at the trial of the Social Revolutionaries.

intimately interested in this branch of the public service will expect the Government to reduce its prices if it denies him the privilege of importing his stimulants from the other side of the Atlantic.

PAWING THE AIR.

That element in the British House of Commons which continues to challenge the progress of the Irish Free State bill through its committee stages seems to find it difficult to recognize that it is merely pawing the air. It fails to understand that the people of Great Britain—and the people of the rest of the world for that matter—have lost the faculty to interest themselves in the details by which the original agreement came into being.

AN EMBARGO ECHO.

As time wears on there appears to be a growing interest in the recent decision of the British Government to retain the embargo against the admission of Canadian cattle into Great Britain. It may yet develop that the issue itself will be projected into an election campaign if there should be no change in the official attitude in the meantime.

CRUDE TACTICS.

Eamonn de Valera may have exhibited a measure of astuteness during his early negotiations with Mr. Lloyd George; but he is showing exceedingly poor taste and poorer judgment in his attempts to defeat the ends of the Free Staters.

NOTE AND COMMENT

In case anybody had forgotten that Greece and Nationalist Turkey are at war it is announced from Rome that hostilities are about to be resumed.

political matters in general the decisive defeat of Labor and Socialist candidates yesterday would lead one to believe that the extremist spark has been about snuffed out.

In legal phraseology King George has sued President Harding for the non-delivery of sixty-four cases of corned beef during the war. It is feared that neither will take the witness stand.

MRS. WILSON-JONES IN FINE VOICE

Excellent Recital at the First Baptist Church

To those who are in the habit of attending the many concerts and other musical entertainments throughout the Winter season there are occasions when the programme makes a stronger appeal to one's feelings, or the surroundings of the affair seem to be wrapped in a subtler mood of enjoyment.

Of Mrs. Wilson-Jones much has already been said, and again in her four groups of songs did she aloft a light to voice students.

The two readings proved a pleasing variety to the programme and in a "Poem" by Longfellow and "Fanny's" "The Victim" Miss Arbriester achieved much success.

In the place of Harold Beckwith, absent through indisposition, Mr. Mitchell sang the old ballad "Down the River of Years" with much evenness of tone and with good effect.

ARGENTINA NOT SENDING MEN TO GENOA MEETING

Buenos Ayres, March 3.—The Foreign Office authorities are responsible for the statement that Argentina has taken no steps looking to participation in the Genoa Economic Conference and has no intention of doing so.

A Paris dispatch Wednesday stated that French official circles had indicated they were much in favor of participation by Argentina and Brazil in the Genoa Conference because of their importance as commercial nations.

CAPT. AMUNDSEN TO GO NORTH FROM SEATTLE IN MAY

VANCOUVER ISLAND NEWS DUNCAN COUNCIL APPOINTS CONSTABLE

A. J. Merry, of Ladysmith, Chosen; Basketball Games

(Times Correspondence.) Duncan—Out of the twenty-five applicants for the position of constable of the City of Duncan, the Council seemed to have a hard task to select the right one.

Three league games were played in the Agricultural Hall, in the first game, between Jack Tars and High School girls, at half time the High School girls, who have not been defeated this year, led by 9-8 and nosed out winners at full time by a score of 11-10.

The second game was handled by Referee Dr. French and was between United Bankers and Cowichan Merchants for cellar position of league, with Bankers relegated to the same after a great struggle.

The last game between United Garages and Epworths for league leadership, was very much looked forward to by the crowd, who were in no way disappointed except for slight roughness on the part of the Garages' guard, which passed unnoticed by Referee Powell.

For the winners S. Weismiller scored two baskets and A. Dirom five. For the Garages Whan scored one penalty, E. Evans, one basket, A. Evans one and Townsend four. The teams were:

High School Girls—H. Best, J. Castley, V. Harris, E. Castley and A. Strouger.

United Bankers—H. W. Dickie, W. B. Powell, B. Bell, H. G. Spuro and A. D. Carr-Hilton.

Epworth League—S. Weismiller, A. Dirom, J. Dirom, D. Campbell and D. T.

United Garages—A. Townsend, J. Brown, E. Evans, A. Evans and W. Whan.

WHIST DRIVE AND DANCE A SUCCESS

(Times Correspondence.) Sooke Harbor—The whist drive and dance held in the Sooke Hall under the management of the Sooke Harbor Athletic Association this week was, if anything, a bigger success than the preceding ones, quite a number of residents not usually present coming.

At the monthly meeting of the Sooke Women's Institute to be held on Tuesday, March 7, at 3 o'clock, in the Sooke Hall "a talk on legislation" is announced by the secretary, Mrs. Hawkins, as the subject for consideration. It is hoped there will be a full attendance of members, and that any ladies in the district who have not yet joined the institute will do so.

AMERICAN FIRM IN NICARAGUA FAILS; GREAT LIABILITIES

San Salvador, Republic of Salvador, March 3.—The American firm of Belanger's Inc., at Bluefields, Nicaragua, has failed, says a dispatch received here. The liabilities were placed at \$2,000,000.

LEADING I. T. U. OFFICIAL IS DUE TO-MORROW

Members of Victoria Typographical Union, No. 201, are looking forward to the arrival to-morrow of International President John McParland, whose headquarters is in Indianapolis. The president, who is serving a two-year term ending in May, is making his first trip to Victoria to-morrow after visiting Seattle, Vancouver and other western cities.

A strange coincidence is that his opponent at the election, held in May next, is Vice-President Barrett, who is a Canadian. Secretary-Treasurer Hays also was born on this side of the line.

Mr. McParland will speak at 3.15 o'clock at the Trades Hall on subjects affecting the Union.

Dr. Campbell officiated at the marriage of Charles Redvers Casleton and Miss Ethel Robinson. The bridegroom was accompanied as groomsmen by Messrs. Robert John Moffit and Sidney Lawrence Ricketts. The bride was attended as matron of honor by her sister, Miss Ethel Robinson. The bridesmaids were Miss Betty Gray, the bride's sister, and Mrs. Torquill Burns, Miss Ruth McBride, Miss Joek Innes, Miss Eileen Innes, Miss Cecily Simons, Miss Gret Westinister, Miss Nellie and Jennie Turner, Miss Dorothy Stuart-Robertson, Miss Peggy Scott, and Messrs. James Gray, Harold Hudson, Capt. Merston, Tomalin, G. Bolton, Cecil Holmes, J. McNeill, Russell and Dawson Turner, Capt. Weeks, Messrs. Burdick and Bagshaw.

A most enjoyable dinner party was given by Major and Mrs. C. S. Cowan, of Victoria, on Thursday evening, in honor of the visiting district foresters. Mrs. C. S. Cowan was assisted in entertaining her guests by Mrs. Caverhill, the wife of the Chief Forester, Mrs. Leslie, and Mrs. St. Clair, the guests of honor were: Major Andrews, of Vancouver; Mr. Proud, of Kamloops; Mr. E. Parlow, of Vernon; Mrs. F. A. Macdonald, of Nelson; Mr. F. D. Boyd, of Cariboo; Mr. P. S. Bonney, of Prince George; and Mr. E. C. Manning, of Prince Rupert.

A quiet wedding was solemnized Wednesday afternoon at the home of Mr. Thomas Franklin Baker, Mr. T. Rutledge, of Victoria, Vancouver, when Mrs. J. S. McAdam, of Esquimalt, was united in marriage to Mr. Thomas Franklin Baker. Mr. T. Rutledge, of Victoria, was best man. Rev. J. H. Macmillan performed the ceremony and bridal music was played by Miss Lucy Rutledge. A reception was held following the ceremony, after which Mr. and Mrs. Baker left on a short honeymoon trip to Seattle. The bride wore a smart dark brown tulle and a small hat to match. They will later reside in Vancouver.

A quiet but pretty wedding was solemnized at the home of the bride's mother, 250 Twenty-fifth Avenue, East, Vancouver, recently when Winifred Annie, only daughter of the late Capt. Roger Morris and Mrs. Morris became the bride of Mr. George Jones, of Victoria. The bride was charming in a frock of pale pink georgette with white beads. She was attended by Miss A. Trough, while Mr. Anderson supported the groom. The ceremony was performed by Rev. Mr. Gilmore. Following the ceremony supper was served, about twenty guests being present. Mr. and Mrs. Jones will reside at 4224 James Street, South Vancouver.

The mess of the First Battalion Canadian Scottish, formerly the 12th Battalion, C. E. F., entertained at a delightful dinner on Wednesday evening when the guests included His Honor, Lieutenant-Governor Nichol, Chief Justice J. A. Macdonald, Hon. Mr. Justice Gallher, Mr. A. C. Plummer, Mr. F. Pemberton, Mr. Andrew Gray, Dr. G. L. Milne, Rev. Dr. Campbell, Mr. E. Paul, Major P. J. Riddell, Brigadier-General R. P. Clark, Lieut.-Col. Greer, Lieut.-Col. Edville, Col. C. Peck, V.C., Lieut.-Col. Lorne Ross, Lieut.-Col. C. L. Flick and Lieut.-Col. C. L. Bennett, Lieut.-Col. H. M. Urquhart, A.D.C., D.S.O.,

HOUSE OF LORDS DECISION AFFECTS CANADIAN PEERESS

Lady Strathcona Has Right to Sit in Upper House

The announcement that the Committee on Privileges of the House of Lords had decided to allow Lady Rhonda to sit in the House of Lords is fraught with much interest as evidence of the gradual surrender of positions hitherto considered impregnable to women. For some years past a movement has been on foot to secure for peeresses in their own right the necessary permission to sit in the Upper House, and since the admission of women to the House of Commons the attack heights of the House of Lords has been carried on with vigor.

Women the world over will greet with satisfaction the announcement that Lady Rhonda's application is the first one which has secured the necessary permission to sit in the Upper House, and since the admission of women to the House of Commons the attack heights of the House of Lords has been carried on with vigor.

Wired Congratulations. As the National Council of Women, at the request of Her Excellency Lady Byng of Vimy, is not sending a wedding gift to H. R. H. Princess Victoria, it was decided to forward a cablegram of congratulations to Mrs. J. A. Wilson, Mrs. Willoughby Munnings and Mrs. O. C. Edwards who were named to draft the message, which was dispatched.

League of Nations. Among the correspondence was a letter from a committee in Great Britain urging Canadian women to nominate a woman as delegate to the League of Nations. As there are women members of the League from several other countries, it was felt by the executive that a suggestion should be made to the Government. An invitation was received to send representatives to a large meeting of women in Baltimore, Maryland, where the women of North America will meet in conference on questions of education, child welfare, hygiene, and the civic and political position of women in the state. Dr. Stowe-Gullen, Mrs. Appleton Smith and Dr. Grace Ritchie England will be sent from the National Council.

Report on Conference. Mrs. W. E. Sanford, president of the National Council of Women, addressed on her trip to Geneva that was to have been given at the luncheon on the previous day. Mrs. Sanford was the representative of the Canadian Council in Geneva. She remained in Europe until but a few weeks ago, returning in time to attend the meeting in Ottawa. While abroad she was present at the meeting of the League of Nations, and also had an audience with Queen Elizabeth of Belgium.

MRS. SANFORD WILL RETIRE FROM HEAD WOMEN'S COUNCIL

Salvation Army Affiliates With National Organization

Mrs. W. E. Sanford, President of the National Council of Women, has decided not to allow her name to go forward for re-election to this office at the annual meeting to be held in June. Announcement of this decision was made at the recent executive meeting of the National Council, held at Ottawa.

The major portion of the meeting was taken up with the necessary resolutions which are to be brought before the annual meeting.

A committee was appointed to wait on one or two Federal Government officials to present petitions.

Wired Congratulations. As the National Council of Women, at the request of Her Excellency Lady Byng of Vimy, is not sending a wedding gift to H. R. H. Princess Victoria, it was decided to forward a cablegram of congratulations to Mrs. J. A. Wilson, Mrs. Willoughby Munnings and Mrs. O. C. LIUENT.-GOVERNOR AT OVERSEAS CLUB TEA

Local Branch of World-wide Organization Revived

The Overseas Club, which before the war occupied a prominent position among the organizations of the city, was revived with éclat at a social gathering held in the private dining room at the Hudson's Bay Co. store yesterday afternoon. About thirty members were present, six-

teen new members enrolling during the afternoon.

His Honor the Lieutenant-Governor, in an interesting little address, referred to the excellent work carried on by the organization in strengthening the ties of Empire and briefly reviewed the many activities of the club during the war. As a member of some years in the organization and a personal friend of the Hon. Evelyn Wrench, C.M.G., honorary organizer of the club, His Honor commended the efforts being made to augment the membership in Victoria and wished the movement every success.

Mrs. A. E. Hodgins presided at the affair and introduced the Lieutenant-Governor in a graceful little address.

Wash it with Lux

Do not trust your sweater to the family washing—and it is not necessary to send it out to be "cleaned". Dip in the rich, creamy lather made by the wonderful LUX flakes. Do not rub or twist. LUX will do all the cleaning. Now rinse three times in water of the same temperature—squeeze the water out and dry in the sun. It is as easy as washing your hands.

Your sweater will look like new, and will have that soft, "comfy," fluffy feeling that it had when you first bought or made it.

The thin, wafer-like flakes of Lux, made by our own exclusive process, dissolve instantly, so thoroughly that no particle of solid soap remains to rot or discolour the wool. LUX will not harm anything that pure water itself may touch.

Lux stands supreme—Sold only in sealed packages—dust-proof!

AT THE END OF THE RAINBOW

By Nancibelle Hale
Another Fascinating Romance by the
Author of "A Gamble in Beauty."

People had called Margaret clever and brilliant, but she had never exerted herself to entertain and please as she did on that memorable ride which finally took them to Mr. Crowder's office on Broadway. Here he signed the blank check which Anabelle had jammed into Margaret's hand as she was leaving the store.

"Triumphantly she entered the office, waving a check. 'I sold it, I sold it!' she exclaimed happily. 'The devil you did!' broke from the manager, but he looked at her incredulously.

"Here's the evidence, Mr. Ramsey. I promised him delivery in sixty days. Is that right?"

"Well, I'll be hanged! I'm glad you did it, Mrs. Baxter." He looked carefully at the check, then the signed order, after which he looked up with a grin.

"It's regular alright, and—I'm glad you did it," he again said. "Serves Brown right for not being on the floor. You were on the job, Mr. Baxter, and I congratulate you. Of course you'll get the commission—\$93.75."

"And you'll give me a job selling cars?" questioned she.

"Well, we'll have to talk that over. I'll think it over."

"Mr. Ramsey, why can't you decide now? I've promised I can drive a car and that I can talk to people. I'll admit this order wasn't exactly hard to get because he had made up his mind as to what he wanted. But I might have bungled it or might have had to turn it over to some one else to close."

"I'll admit you handled it efficiently, but you were hardly roomy for another salesman."

"There are plenty of cars in the prospect file that never get attention because the men can't get around to them. Why can't I take some of those and see what I can do with them?"

"There isn't a demonstrating car you can use whenever you want it. And, besides, I give the salesman a drawing account and don't know whether I'd be justified in giving you one, even considering this sale. You know we can't do the things we like to do but must look at them from a business standpoint, even when an attractive woman is involved."

"I can dispense with the drawing account, as I have enough to live on until I make sales. What price will you make me on a car?"

"Cost is what the salesman pay for them, and about any terms you wish."

"If I pay the amount of the commission I just earned can I have a car now?"

"Yes. You see we're safe anyway until it is paid for and it will have to be insured against fire, theft and accident. I hope you succeed, Mrs. Baxter."

"You'll have to make it stronger than that. Say you believe I'll succeed. You're sure of it, aren't you, Anabelle?" Margaret laughed lightly.

"Indeed I am," replied Anabelle eyes shining.

CHAPTER V.
"I really have you to thank for it, Anabelle," she said when the two were alone. "I have plenty of energy but not your push."

"It isn't push. It's lack of fear and thinking fast that gets us ahead. Now I look as meek as anything to some people, I dare say, and they may imagine I haven't an ambition ahead of working here. But some day opportunity will come flitting around, near enough to grab onto, and, believe me, I'm not going to wait until she knocks. It's right to be happy in whatever place we find ourselves or where we have to be, but being patiently happy doesn't necessarily mean apathy, as so many people think it does. Resignation is an awful word. It means the end of everything and should be stricken out of the dictionary. Patience is all right. That means lying in wait."

"Which is exactly what I've been doing, only I didn't label it so. But

If you hadn't pushed me toward opportunity I'm afraid I'd have waited until she came in the conventional way. I'm not nearly so keen and alert as you are."

"Perhaps not in business. You know I've been looking out of myself these many years! But you'll learn. Your wits will get some exercise when you begin selling cars in earnest. You're worth just what you make somebody else think you are."

"The devil you did!" broke from the manager, but he looked at her incredulously.

"Here's the evidence, Mr. Ramsey. I promised him delivery in sixty days. Is that right?"

"Well, I'll be hanged! I'm glad you did it, Mrs. Baxter." He looked carefully at the check, then the signed order, after which he looked up with a grin.

LIBEL RULINGS

Even Government Advertisements May Cause Trouble

thorized by the Government and professedly in the public interest, as it is for its news matter or editorial comment, was the ruling contained in a judgment delivered here yesterday afternoon in the Superior Court condemning La Patrie Publishing Company to pay \$100 damages to Napoleon Turner for libel.

A further ruling was to the effect that a newspaper can not recall the condemnation of a man to prison after he has served his sentence and escape responsibility for any damage that may result.

Mr. Turner sued La Patrie for \$10,000 damages for defamatory libel, which he claimed was published in that newspaper in July, 1920, and the company defendant contested the claim by pleading that plaintiff's complaint was directed against a statement contained in an advertisement drawn up by and published on the authority of the Minister of Agriculture of the Province of Quebec. It was accordingly submitted that La Patrie could not be held liable in damages for having published the announcement at the request and on the responsibility of a third party whose identity was established.

FOR CHILDREN THE SANDMAN STORY FOR T-O-NIGHT

Once upon a time there lived a Princess who was very inquisitive. When her Mother the Queen was out she would try on all of her jewels and her royal robes and even her crown.

All of the closets and chests the

With her little wand held out.

Princess had opened. There was no corner of the whole Palace she had not looked into. And because she was a Princess no one seemed able to make her see that this was a very bad trait even in a Princess.

One day while her servants were asleep the Princess stole down the stairs to the Palace kitchen to see if there happened to be some place into which she had not looked.

It was noonday and warm and all the servants below stairs were asleep, too, which gave the inquisitive Princess every chance to look about.

At last she came to a door which she had never before seen, a little door so low that when she opened it she had to stoop to go through. But, although it was quite dark her curiosity was so great she did not feel afraid.

The door closed behind her and the Princess found herself in a long passage which was so dark that for a few seconds she could see nothing but blackness.

At last her eyes became accustomed to the dark, and far down the passage the Princess saw a tiny bright spot.

"Oh!" said she, "I must find out what that is." So down the long passage she ran, and the next thing she saw was a big room the walls of which were of stone. There were little square windows on each side of the stone walls so high from the floor that the Princess had to climb up in a chair to look out, for the minute she saw the windows she must see what was outside.

When she looked out she saw that the house she was in stood in a forest, but she was so curious about the room she did not run outside to look about. She wanted first to open a door she saw at one side of the room.

The door had a latch which was so high that she had to draw a chair across the room to stand on to pull it. The door opened with a slow swish and the Princess saw on the shelves in the closet many jars filled with preserves. But it was a jar of big

yellow plums that she most wanted to taste. She jumped down from the chair and drew it along to the shelf and climbed up and opened the jar of plums. Then putting in her hand she drew out between a thumb and finger a big plump juicy plum and put it into her mouth. No sooner had she tasted it than she felt herself growing big and round like a balloon.

Very much frightened now, the Princess jumped from the chair and tried to run out of the closet, but the doorway was too small for her to pass through, and therefore she was struggling when the door opened in the stone-walled room and a queer little old woman came in with a bundle of wood over her shoulder.

"So you were peeping into my closet," she said, "and you ate my magic plums. Well, if you will open closed doors and look into things which belong to others, something worse than growing fat may happen to you some day."

The Princess now was so frightened that she gave one more try at squeezing through the doorway, and through she went with a "pop"! The balloon-like body had burst.

It was a very scared little Princess that the servants found sitting up in her bed crying when they came running to see what had happened, for

all the time she had been dreaming and had been asleep in her own bed.

But after that the Princess did not open doors or poke into things that did not belong to her, for she never forgot what the little old woman said in her dream, that something worse than growing fat might happen to her if she did.

CHAPTER V.

"I really have you to thank for it, Anabelle," she said when the two were alone. "I have plenty of energy but not your push."

"It isn't push. It's lack of fear and thinking fast that gets us ahead. Now I look as meek as anything to some people, I dare say, and they may imagine I haven't an ambition ahead of working here. But some day opportunity will come flitting around, near enough to grab onto, and, believe me, I'm not going to wait until she knocks. It's right to be happy in whatever place we find ourselves or where we have to be, but being patiently happy doesn't necessarily mean apathy, as so many people think it does. Resignation is an awful word. It means the end of everything and should be stricken out of the dictionary. Patience is all right. That means lying in wait."

"Which is exactly what I've been doing, only I didn't label it so. But

PROMISED ACTION ON SHIPBUILDING

Captain Harbord Reports on Trip to Ottawa

Federal Government Ministers have given definite assurance that action would be taken forthwith in connection with the affairs of the Victoria (B.C.) Shipowners Limited shipyard here and the partly completed vessels whose frames have been lying bleaching in the weather since work ceased in the local shipyard months ago.

Captain M. D. Harbord reported to the Board here yesterday. He returned from his trip to Ottawa on Sunday, and the directors were called together to hear the result of Captain Harbord's mission.

On behalf of the shareholders and creditors, Captain Harbord interviewed the Federal authorities, suggesting that if the Government would take care of the small shareholders and pool the bigger shareholders something might be done. The Government would proceed to complete the one vessel which is now well on the way to completion and would take care of the other commitments in one way or another. Just what the action will be none can conjecture at present, but Captain Harbord is hopeful that one vessel at least will be completed. No hint was given, however, as to what the Government's plans might be.

Automobile Ferry.

While in Ottawa Captain Harbord also took up, on behalf of the Chamber of Commerce, the question of building ferry slips at Mill Bay and Patricia Bay for the purpose of permitting the operation of an automobile car-ferry between these two points, which would obviate the necessity of going over the Malahat. The entire scheme was outlined by Captain Harbord, and since his return the local representatives of the Federal departments having the matter in hand have been cleared up definitely. All the information necessary in order fully to investigate the matter for report to Ottawa.

Captain Harbord is well known as a prominent dog fancier, and on his trip he attended the big Kennel Shows. He was met at Winnipeg by J. C. Taylor, the prominent Kennel man and he also attended the Canadian Kennel Club's annual dinner and meeting in Toronto. While in Ottawa he attended the Dog Show there. He also interviewed the Minister of Agriculture on the question of opening up a stud book for one year for three generations dogs. The suggestion will be dealt with.

"DIANA DOLLAR"

Four New Freighters Will Be Named After Members of Dollar Family

Adhering to its customary policy, the Robert Dollar Steamship Company will give "Dollar" names to the four new steel freighters recently purchased from the United States Shipping Board.

The freighter Cathay, first of these four ships to be put into commission, and which is now completing loading on Puget Sound for the Orient, is to be renamed Diana Dollar, after the eldest daughter of Stanley Dollar, son of Capt. Robert Dollar.

The other ships to be given new names are the Oriental, Celestial and Mandarin.

ATLANTIC SALMON WILL BE HATCHED AT COWICHAN LAKE

Vancouver, March 3.—In order to introduce the Atlantic species of salmon to Pacific waters, 500,000 Atlantic salmon eggs have been consigned from Ontario hatcheries to the Cowichan Lake hatchery on Vancouver Island, according to word which was given out at the offices of the Dominion Department of Fisheries here.

Previous experiments with this variety of salmon eggs have convinced the members of the fisheries department here that they thrive sufficiently to warrant introduction on a large scale to British Columbia coastal waters. When fully grown these salmon average about five or six pounds in weight.

EVIDENCE MIGHT BE IMPORTANT BEARING ON CASE

Ship's Carpenter McGill Could Enlighten Court as to Water in Tanks

Question of Re-hearing Rests With Ottawa, Says Wreck Commissioner

"The question of a re-hearing rests entirely with the Department at Ottawa," said Capt. J. D. Macpherson, when asked to-day whether he proposed to make any recommendations for the re-opening of the S. S. Canadian Importer inquiry as a result of the discovery of the ship's carpenter, Hugh McGill, whose evidence relative to the sounding of the tanks, it is considered, might have an important bearing in the solution of the mystery surrounding the flooding of the Canadian Importer's engine room in the Pacific last August.

Department Informed.

"I have made no recommendations," added Capt. Macpherson. "I have forwarded newspapers containing the account of the location of McGill to the Department of Marine and I am sending a letter containing all the details that have come to my notice regarding the latest developments in the case."

"If the Department deems it necessary to go further into the investigation, I shall receive my instructions in due course and will act accordingly."

The wreck commissioner stated that he had no intention of visiting McGill in St. Joseph's hospital. He took the view that, should the Government order a re-hearing of the Importer case, the former ship's carpenter would be available to give his testimony.

Important.

Capt. Macpherson, however, admitted that the report of McGill, whose duty it was to take daily soundings of the ship's tanks and bilges, might have an important bearing in the case. The tank-book, it will be recalled, could not be produced at the investigation for the perusal of the commissioners.

If the Department decides on the re-opening of the case in view of the new developments, it will mean a complete re-hearing of the evidence.

NEW INQUIRY, IF CALLED, HINGES ON SHIP MOVEMENTS

Canadian Importer, Carrying Original Officers, Due Back From Australia in April

Capt. Carl Bissett Crossing Pacific on Canadian Freighter

In the event of the Government deciding upon a re-hearing of the S. S. Canadian Importer case, which is very probable owing to the discovery in hospital here of Hugh McGill, former ship's carpenter, who may be in a position to throw some new light on the flooding of the ship's stokehold, the re-opening of the inquiry by Wreck Commissioner J. D. Macpherson will depend upon the movements of the freighters Canadian Importer and Canadian Freighter.

The Canadian Importer, which carries the majority of the officers who were aboard the ship at the time of the near-disaster, is now in Australian waters, being reported at Melbourne.

The Importer is expected back on this Coast towards the latter part of April.

Left Yokohama Saturday.

Capt. Carl Bissett, master of the Canadian Importer on her eventful voyage, is now in command of the Canadian Freighter, which sailed from Yokohama last Saturday for Vancouver. The Canadian Freighter is

REPAIR CONTRACT FOR NARENITA IS PLACED ON SOUND

Todd Drydocks, Inc., Seattle, Bid \$115,383 on Royal Mail Work

Local Ship Repair Firms Were Next Lowest Tenderers

Seattle, March 3.—Representing one of the biggest hull jobs of the kind on the Pacific Coast in years, the contract for repairing the Royal Mail Line's refrigerator steamship Narenita, which ran ashore in the Sound last week, was awarded to the Todd Dry Docks, Inc., of Seattle, the low bidder. The bid was \$115,383, with the guarantee that the work would be completed in forty-two days. The contract means a material increase in the force of the Todd plant on Harbor Island, now employing 300 men.

The bids were opened Monday and were called to the headquarters of the Royal Mail Steam Packet Company in London, England, by Col. E. J. M. Nash, Pacific Coast manager of the great British shipping corporation. He received a cablegram from London to accept the Todd bid and immediately notified President C. W. Wiley of the Todd Company.

Local Firms Bid.

Six other Pacific Coast yards submitted bids, but all were much higher than the Todd tender. The six follow: Yarrows, Victoria, B. C., \$134,480, fifty days; Victoria Machinery Company, Victoria, \$134,100, fifty days; Albina Engine & Machine Works, Portland, \$136,000, forty-four days; Willamette Iron & Steel Works, Portland, \$133,850, forty-two days; Moore Shipbuilding Company, San Francisco, \$141,900, forty-six days; Bethlehem Shipbuilding Corporation, San Francisco, \$143,150, forty-eight days.

The Narenita was drydocked at the Harbor Island yard last Saturday for inspection and remains in the dock. The Narenita went ashore early last week while shifting from Bellingham to Seattle. She grounded on Sinclair Island a short distance from Bellingham. Inspection in drydock revealed that the vessel had struck a submerged reef on the starboard or offshore side when she went ashore, most of the damage is on that side. The starboard bottom plates were dented or broken in a section 120 feet long, beginning at a point thirty-five feet aft of the prow.

All told, approximately fifty plates will have to be removed from the vessel's bottom. About twenty can be restored to their former condition, leaving thirty new plates to be installed.

PASSENGER AGENTS FROM EAST BEING BROUGHT TO COAST

H. W. Brodie Says C. P. R. Is Taking Care of American Association

"We have arranged to bring to Western Canada and the Pacific Coast over the Canadian Pacific in two special trains the American Association of Traveling Passenger Agents, says H. W. Brodie, general passenger agent of Canadian Pacific Railway. This association is comprised of the passenger solicitors of the American railways. They will visit Banff, Lake Louise, Vancouver and Victoria, holding their meetings as they go along. Their visit should mean a great deal to the Pacific Coast, as these men have in their hands the routing of a large volume of the tourist business of the American continent. The Canadian Pacific is placing two trains at their disposal and suitable arrangements will be made to entertain them and show them the many attractive features of this section of the country."

"The various cities along the line will take part in their entertainment and our coast cities will have an opportunity to get in close contact with them."

Mr. Brodie has just returned from a visit to the East where he attended a series of conferences.

Optimistic.

"The general opinion expressed by the best informed people with whom I came in contact, both in Canada and the United States, was that business conditions were at what might be considered their low point, and that, commencing in the early Spring, there would be a steady improvement in business conditions," he said.

Immigration Needed.

"A deal of thought is being given to the question of increasing immigration. This appears to be one of the greatest necessities in Canada at the present time and it is hoped that some definite progress will be made along this line."

"The outlook for increased passenger traffic to the Pacific Coast is very bright. The large conventions which are being held at San Francisco and Los Angeles will attract many thousands of visitors, and through our various agencies in the United States we have already contracted to move about twelve special trains to and from these conventions. In addition, there are several insurance conventions to be held in Western Canada which will be attended by a large number of people from the United States."

"The transcontinental railroads have announced special Summer tourist rates at very attractive figures and from the Pacific Coast. These rates will take effect early in May and it is expected that a largely increased tourist traffic will result. Back to Normal."

"Our annual passenger conference took place this year at New York. There were about 75 of our representatives in Canada and the United States present. Every phase of passenger traffic was carefully and thoughtfully discussed. The outlook for tourist business to the Pacific Coast, to Alaska and to the Orient is promising. As a result of the season of 1922 should be a much better season than the past. The general opinion of those present at our conference was that we were on the way to normal business conditions."

New York, March 3.—The influenza epidemic, which claimed 544 lives in New York since January 1, was declared officially ended yesterday by Health Commissioner Copeland.

NEWS IN BRIEF

Naval Brigade Auxiliary.—The Ladies' Auxiliary of the Boys' Naval Brigade will hold their monthly meeting in the Connaught Seaman's institute on Friday, March 3, at 8 p. m.

British Mail Arrives.—Postmaster Bishop announces that twelve bags of letters and fourteen sacks of newspapers which left London on February 17 reached the local post office this morning.

Mayor Sees Beaches.—Mayor Marchant, accompanied by Alderman Hayward, made an inspection of city beaches and parks to-day with a view to ascertaining what work must be done to improve these resorts this year.

Luncheon Cancelled.—The Chamber of Commerce announces that the luncheon which was to have been held by the New Members' Forum at Spencer's at noon to-day was cancelled owing to the fact that so many of the members are ill with bad colds or slight touches of influenza.

Kumtaks Club.—The Kumtaks Club will hold its usual luncheon on Monday at noon at David Spencer's. As several matters of business postponed from the last evening meeting will be brought up it is hoped that there will be a large attendance of members.

Sprott-Shaw Dance.—The staff, pupils and friends of the Sprott-Shaw Business School will hold a dance in the Elk's Hall this evening between the hours of 9 o'clock and 12 o'clock. A good orchestra will be in attendance and supper will be served during the evening. Miss Ford, Miss Douglas and Grant Smith form the committee in charge of the affair.

Tolmie Parent-Teachers.—The plans of the Saanich School Board with regard to improvements to the Tolmie School grounds and the renovation of the old Tolmie School building for the purpose of providing further accommodation, were considered by the Parent-Teachers' Association at the meeting of the organization last night. Several suggestions were made that were instructed to forward to the School Board.

Anniversary Services.—On Sunday next the anniversary services will be held at the Hampshire Road Methodist Church. In the morning Rev. J. F. Dimmick will conduct the services, while in the evening Rev. S. Cook will preach. Open session will be held at 2:30 when Rev. Thos. McConnell will address the Sunday School, the girls' choir furnishing the music on this occasion.

Forming Peace League.—Many children in the local schools are now enrolling in the Boys and Girls Peace League. A nominal membership fee is asked of the children, the money going to create a fund which will be utilized for the purpose of establishing a park in the area of the Peace Arch. Elaine, an B. C. children are to be asked to join the League, which has similar organizations on the other side of the line.

St. Columba Guild Meets.—The Ladies' Guild of St. Columba Church, Strawberry Vale, met yesterday afternoon at the home of Mrs. E. Alcorn, Eaton Avenue. It was decided to hold a silver tea on March 22 in the Strawberry Vale Hall, and a sale of work at the same place in April. Tea was served by Mrs. Alcorn, assisted by Mrs. Cumberbirch, Mrs. Bennett, Mrs. Holmes, Mrs. Russell, Miss Woodward and Mrs. Greenwood.

Garden City W. I.—The regular monthly meeting of the Garden City Women's Institute took place yesterday in the Marigold Hall. There was a good attendance of members. A small amount of business was transacted. Educational matters were discussed, and addresses were given by Mrs. V. Smith and School Trustee A. E. Hull. It was decided to hold educational lectures under the Institute's auspices in the evening.

Parks Agreement Renewed.—The Saanich Council last night finally passed a by-law reaffirming for the present year the Beaches and Parks Committee agreement with the city. Saanich Estimates.—A special meeting of the Saanich Council will be held on Wednesday night in order to complete the estimates for the year. Ward appropriations will be an important feature of the debate. No deputations will be received.

Many Delegations.—The Saanich Council last night found three important delegations present in the Council Chamber. H. H. Grist headed a deputation from the Central Ratepayers' Association, making representations that Saanich should secure a greater control of the War Memorial Health Centre. Reeve Watson declared such a policy was probable. J. Sandford and six others urged speedy laying of a sidewalk on Quadra Street from Lake Hill to North Dairy School and were promised early investigation. F. N. Borden and five others asked for improvement of Borden Avenue, permanent work being urged in preference to grading and graveling. This also was promised favorable consideration.

Horne was elected to fill the vacant position of secretary-treasurer. Mr. Macrae was elected first vice-president, filling the vacancy caused by the election of Mr. Horne as secretary.

B. C. Art Exhibition.—Members of the Vancouver Island Arts and Crafts Club who are desirous of entering exhibits for the Exhibition of B. C. Art to be held in Vancouver in April are reminded that entries must be at the Club headquarters not later than March 9 as all exhibits have to be in Vancouver not later than March 15.

St. Jude's Anglican Mission.—The executive of St. Jude's guild met in the mission church on Thursday. After selecting the various committees and agreeing upon rules and dues, it was decided to hold the first social evening on Monday, March 20, for adults aged sixteen years and over, with the object of enrolling new members and promoting friendship and goodwill in the parish. There will be a meeting of the Guild on Thursday, March 9, at 2:30 p. m., in the church.

Support Grant.—The Gyros at their regular monthly meeting last night passed a resolution strongly recommending to the City Council that a substantial grant be made to the Victoria and Island Publicity Bureau. A volunteer committee of Gyros will also co-operate with any organizations, and in any way possible in the fight against the drug traffic. A small amount of business was transacted, and a committee was appointed to make the arrangements. A debating club will also be formed.

Spoke on Missions.—Rev. D. A. Smith, superintendent of Chinese missions in the Province of British Columbia, addressed a large gathering at the First Presbyterian Church last night. The speaker was sent to China by the Presbyterian Church in Canada to study the habits, customs, and religious life of the natives of that land, socially, religiously and from all angles. The result of his findings in a period of three years he gave in an instructive address on the subject. The speaker dealt with the examination given to the Chinese who wished to enter the Christian church, which, he said, was rigorous, and lasting over a period of from one to two years. In the course of a highly entertaining address the Rev. D. A. Smith dealt with the work of the Chinese missions, and the improvements that had been won after many years of hard work in a strange land. The Rev. T. Menzies, M.P.P., presided, and a hearty vote of thanks being tendered to the speaker.

FEAR BRIDGE WAY COST TOO MUCH; OPEN NEW TENDERS

Unless Lower Tenders Can Be Secured More Money Must Be Raised

Alarmed by the possibility that the new Johnson Street Bridge may cost more money than the City has in its possession for the purpose, members of the City Council decided last night to hold a special meeting late to-day, and find out just where they stand in connection with the bridge question.

According to plans announced at the City Hall this morning the Council met to-day for the specific purpose of opening two tenders for the installation of the railway superstructure of the bridge, which as a result of an oversight, had not been opened before. Aldermen hoped that these tenders would be lower than those received before last night because if they were not new tenders must be called. The one bid fact facing the Council to-day is that it cannot afford, has not the money in fact, to pay the price for installing the railway superstructure asked by the bridge construction companies.

Tenders Too High.—Announcement that the bridge companies' tenders are \$50,000 too high, under the original estimate of cost, has persuaded some aldermen that City Engineer F. M. Preston should be given the job of installing the superstructure with day labor. This idea, however, appears valueless to aldermen in charge of the engineering department, because Mr. Preston probably could not do the work at a lower figure than the bridge companies as long as he had to secure the necessary steel from these concerns. The City cannot fabricate the steel superstructure, and therefore must buy it from some bridge companies. But the tenders for supplying the steel are so high that with the cost of erection which Mr. Preston could not avoid, the total cost would be about the same as that asked by the companies for the whole job.

In other words, unless the companies will cut down their estimate for the whole job or for supplying the steel the bridge will cost more than was estimated when the project was started.

If the bridge as a whole were to cost more than the original estimate another by-law to raise the necessary money would have to be submitted to the ratepayers. Before any such action is taken, however, the Council will do everything in its power to keep the cost down to estimate. Unless the tenders to be opened to-day are a great deal lower than those received so far the only thing to do will be to call for new tenders with the hope that they will be smaller.

A Critical Test

To reproduce the music of the piano is perhaps the most severe task that you can put to a phonograph. To-day we invite you to come and test the

Sonora

"Etude" Model

On other phonographs the result is tinkly and weak, or scraping surface noise is most evident, but on the Etude or any other model Sonora the selection is rendered with matchless beauty and faithfulness. Nor do you have to play only one make of record on the Sonora—the Sonora plays ALL makes of disc records.

\$10.00 CASH places this "Etude" model Sonora in your home. Price \$155. Terms \$2.50 WEEKLY

WOODWARD MAY REFUSE TO SIGN MAYOR'S REPORT

Marchant Re-drafts Finance Committee's Sinking Fund Statement

Alderman E. S. Woodward, Chairman of the City Finance Committee, drew up a report on the alleged diversion of city sinking funds in 1920. This report was laid before Mayor Marchant for approval a couple of days ago and His Worship proceeded to re-draft it to such an extent that Alderman Woodward may refuse to sign it.

This awkward situation developed at the City Hall to-day when Alderman Woodward, calling at the Mayor's office, learned of His Worship's plans. Alderman Woodward made it clear to his colleagues that he would not sign the Mayor's version of the sinking fund investigation if it expressed any views whatever contrary to the opinions contained in the original draft which he himself drew up.

The Mayor's re-drafting of the Woodward report, members of the Council said to-day, was mainly for the purpose of backing up the Mayor's pre-election charges about the handling of sinking funds. Alderman Woodward and his colleagues, of course, felt that they had nothing to do with this and made no attempt in their report to support very serious harm done, the members held. Undoubtedly, however, an unsatisfactory system of bookkeeping to handle sinking funds was in use. It is declared that the handling of sinking funds in the past simply postponed the "day of reckoning." In the opinion of aldermen who investigated the matter.

Typewriting of the Mayor's re-drafted report proceeded at the City Hall this morning and, it is expected, will be completed some time to-day. If Alderman Woodward and his colleagues feel that they can sign the report as it is re-drafted by the Mayor the document will go before the Council Monday night.

Premier and Other Ministers to Be Back on Job Next Week

The Hon. W. H. Sutherland will arrive in Victoria to-morrow to take charge next week of the Department of Public Works, following the victory at the Revelstoke election last Monday.

Premier Oliver left Toronto for the Coast last Monday night, according to the latest word received by the Hon. J. D. MacLean, acting Premier. This will bring the Premier to his home in Victoria by Sunday.

It is expected that the other members of the Government who have been confined to their homes with influenza will also be back on their jobs early next week.

FACES CHARGE OF ATTEMPTING LIFE

Charged with attempting to take her own life, Mrs. H. H. Hays, housekeeper at one of the downtown rooming houses, was remanded before Magistrate Jay in the Esquimalt police court yesterday. Mrs. Hays, it is alleged, drank the major portion of a bottle of lysol on February 17 last, following a party in which the accused left her companions, and staggered back into the room a few moments later, to fall unconscious at their feet. The hearing will be resumed on Monday.

CAIRO TO BAGHDAD AIR MAIL NOW AN ESTABLISHED FACT

Fourteen Days Taken Off Letter Mails From Egypt to Mesopotamia

An announcement of unusual interest to those who have correspondence with Mesopotamia, and the countries of the Near East is just to hand, having been received by Postmaster H. F. Bishop. An aeroplane mail service, instituted by the British Government, is now making regular flights between Cairo, in Lower Egypt to Baghdad, in Mesopotamia. The official announcement reads: "A fortnightly aeroplane service for all classes of mail except parcels, from Cairo, Egypt, to Baghdad, Iraq, is now in operation which accelerates letters 14 days or more to Baghdad and Northern Persia (Isfahan, Teheran, etc.) down to about three days in the case of places as far south as Bushire.

"The requirements for this mail are: "1. By Air Cairo-Baghdad" to be prominently written on the address side of the envelope or wrapper. "2. The usual postage to be affixed on the address side of the envelope or wrapper. "3. Additional postage stamps to the value of twelve cents per ounce to be placed on the address side in payment of special charge for transmission by the aerial service."

It is interesting to note that the service which brings the cities of the Near East within a few days of London by air mail, was made as a direct outcome of war expediency. In the year 1918, just before the signing of the Armistice, a Handley Page aeroplane, piloted by Captain Ross Smith of the Australian Flying Corps, was made ready for a trial flight, the object of which was to link up the forces acting in Palestine with those operating in Mesopotamia.

The Handley Page machine developed engine trouble, and the actual flight did not take place until some time later.

Captain Ross Smith, who was then in command of the First Australian Flying Corps, stationed at Jerusalem, left for Cairo and with a party of brother officers and some mechanics, flew from Cairo, through Kantara, on the Suez Canal, up to Jaffa on the Coast, over Jerusalem, and directly across the top of the Syrian desert, to Amman, thence to Basra, on the Persian Gulf, and so up the course of the Tigris to Baghdad. This

Backache

Backache is the outstanding symptom of kidney disease. Women often make the mistake of attributing other causes and overlook the derangement of the kidneys until serious developments have made it difficult to obtain permanent relief.

This letter points to a treatment which has been so thoroughly tried and proven so effective in the great majority of cases that you cannot afford to overlook it when cause arises for its use.

Mrs. Albert Brunet, R.R. No. 1, Ottawa, Ont., writes:

"I have used Dr. Chase's Kidney-Liver Pills for the past two months, having been afflicted with kidney trouble. I used two doctors' medicines previous to this, without any good results. A friend told me to use Dr. Chase's Kidney-Liver Pills, and the second day made me feel a good deal better. I have now used about six or eight boxes, and am completely relieved."

NIGHT COUGHS

Terribly wearing on the system is the cough that comes at night and prevents sleep.

The constant coughing keeps the lungs and bronchial tubes in such an irritated and inflamed condition that they get in the way of healing.

You will find in

DR. WOOD'S NORWAY PINE SYRUP

a remedy without an equal, for soothing the lungs, loosening the phlegm, strengthening the system, and fortifying them against serious pulmonary disease.

Mrs. John McKerney, Lower Montague, P. E. I., writes: "About three years ago I caught a very bad cold accompanied with a sore throat and hoarseness, and was so hoarse you could hardly hear me speak. I could not rest at night with the terrible annoying, hacking cough. I tried several remedies, but they did me no good. Finally I saw Dr. Wood's Norway Pine Syrup advertised; got a bottle, and at once it gave me relief, and after using four my cough had all gone. Now the bronchitis, I could not rest in the house, and shall recommend your wonderful remedy to others."

J. N. TAYLOR PROMOTED IN BANK'S SERVICE

J. N. Taylor, of the Bank of Montreal here, is being promoted to the office of secretary to W. H. Hogr, superintendent of B. C. branches of the Bank of Montreal at Vancouver. Mr. Taylor will succeed R. E. English, for eight years secretary, who is being moved to Montreal head office to take an office arising out of the absorption of the Merchants' Bank by the Montreal.

C. W. Chesterton, manager for the last six years at New Westminster, is to be superintendent of branches in Saskatchewan. He will be succeeded at New Westminster by S. L. Smith, now manager at Merritt.

BUSINESS HAS SEEN ITS WORST PERIOD

French Financier Reports on Conditions Generally

A cheerful tone has been imparted to local business conditions by the visit here of Maurice S. Schlumberger, of Paris, managing director of the Franco-Canadian Company, and a director of the Franco-Canadian Bank, who reports that the French financier, who is staying at the Empress Hotel, points out, however, that the time is not ripe yet for putting European capital into Canada on account of the unfavorable exchange, and considering business from the angle of a more opportune time must be looked for before French capital in Canada could be looked upon as a favorable financing.

Uplands was referred to by the visitor as one of the finest Canadian holdings of the great company which he represents. Improvements are to be made there, and money will be spent on the property for upkeep.

Local business conditions are no different to those prevailing in any other part of the Dominion, and he sees very little difference in the real estate market since his last visit to the city. Mr. Schlumberger reports that the business depression in France has not affected the fact that the boom days through which the country has passed, therefore there is not so much gloom and pessimism as there is in the local market. There is practically no unemployment in France, and social conditions are sound, though the government is having its difficulties in dealing with reparations.

STRENGTH PREVAILS AT CLOSE TO-DAY

(By Burdick Brothers, Ltd.)
New York, March 3.—There was alternate periods of strength and pressure in the stock market to-day, but in the final dealing prices recovered somewhat from the close near the best quotations of the day. Chandler was a feature on the up-side, the buying in this quarter being inspired by the belief that the automobile industry has also turned a corner and that the dividend on that particular issue is reasonably assured. Trade reports generally speaking are showing up somewhat better and the recent advance in grain prices has done much to restore a feeling of confidence in the agricultural sections of the country. The market is making a better showing than it has for some time, and is touching its point some time ago, together with the depression in operating costs. As a result, a bullish sentiment has developed with respect to the carriers. The industrial section of the list, notwithstanding strength in a few specialties, still seems to be trying to digest recent heavy profit-taking and distributive sales. Sugar stocks closed strong.

TO-DAY'S TRADING IN WINNIPEG MARKETS

Winnipeg, March 3.—The wheat market was active and nervous to-day. Considerable liquidation was reported, credited to strong Eastern interests who are holders of much May wheat. The market was a new export business, at the opening shot new crop to 145 for the May future, but on reactions later in the session prices dropped to around 142. Closing figures showed an advance of 1/2 cent over Thursday. There was a keen demand for top grades of wheat in the cash market and on light offerings premiums advanced. No. 1 Northern was quoted at 4 1/2 over May and No. 2 Northern at 3 1/2 cent under. The courses grain markets continue to show little activity with only a very ordinary volume of business passing. The undertone remains firm.

Spring Millinery Opening

The important part that hats play in Fashion's scheme is well recognized by all women. They are things of beauty in themselves, and at the same time contribute so much charm to any costume.

Our present millinery displays interpret all that is newest and best from the fashion centres of the world, introducing many wonderful creations entirely different from those of past seasons. Although some of the most attractive hats favor the large drooping shape, smaller models predominate, and are shown in many new and beautiful colors, among which are canna, dandelion, tile blue, wallflower, cinder grey, bella-

donna, periwinkle and lipstick. The trimmings include smart embroideries, shell decorations and match stick effects, while cire ribbon is used extensively.

Featured for to-morrow's selling is a special line of trimmed hats in Mohawk fancy straw, braids and silk combinations, in all the newest shades, with trimmings of flowers, ribbon, shells or beads. Priced from

C. P. R. Meet Wests Without Field Back

Davidson Suspended by Local Council of B. C. F. A. For Rest of Season for Attack on Peden—Great Interest Aroused Over Game Tomorrow Afternoon

When the C. P. R. footballers trot out on the field at the Royal Athletic Park to-morrow afternoon to try and take the measure of the Victoria Wests they will be without one of their regular full-backs, Davidson. At a special meeting of the Local Council of the British Columbia Football Association held last night, Davidson was suspended for the rest of the season for his attack last Saturday on Johnny Peden, centre forward of the Wests.

Davidson appeared before the Council last night and presented his side of the case. According to the rules of football a player who is unable to play for a referee has to appear before the governing body before any action can be taken. Davidson was suspended from last Saturday's game by Referee Faulkner, about 20 minutes before full time, and the C. P. R. had to play with ten men through the rest of the game which went thirty minutes overtime. The Council decided that Davidson was to blame and set him down for the rest of the season.

C. P. R. Are Confident.
Despite the fact that they will be without Davidson's services, the C. P. R. officials and supporters are confident that they will be able to field a team that will not only be able to hold their own but will also be able to win the Wests which will turn out to be a very important game. The Wests are the holders of the title and will be able to play on a level with the best of the province.

Wests Have Same Team.
As a result of Heyland's inability to play the Wests will rely upon practically the same team as they did last Saturday. Sid Sherratt's place on the forward line, Shandley will be in goal and Whyte and Copas at full back. Thomas, Chester and Baker will be the halves and Jimmie Sheratt, Clarkson, Peden, Allan and Muir be forwards.

Baptie's Five-Mile Record Which Stood For Twenty Years, Is Broken

Saranac Lake, N. Y., March 3.—(Canadian Press)—Edmund Lamy, of Saranac Lake, broke two world's skating records here yesterday at a testimonial meeting arranged to celebrate his sensational skating this winter. He was paced by Bobby McLean, of Chicago, Everett McGowan, of St. Paul, and Donald Baker, of Brooklyn. He completed the three-quarter mile in 1.55 and the five-mile speed trial in 14 minutes 15 seconds. This latter was thirty seconds less than the time of Norval Baptie, of Minneapolis, 20 years ago.

Baptie was well-known in Victoria. In the early days of the P. C. H. A. the Patricks brought Baptie out here to give exhibitions. He was a spectacular performer, being good at figure skating as well as at speed-work. It will be remembered that he broke the world's record for leaping over barrels at the Arena. He cleared 20 barrels placed side by side.

Golf Notes

Southern Title at Stake.
New Orleans, La., March 3.—A soggy course faced a field of fifty United States professionals and amateurs who took part in the Southern open golf championship to-day over the Country Club links. Aura Lee Qualifies.
Toronto, March 3.—Defeating the fast Collingwood sextette here last night 3-2, Aura Lee qualified to meet St. Mary's, Toronto, in the Junior O. H. A. final next week. The round will be played on Monday and Tuesday. Aura Lee took the first game at Collingwood by a 2-1 score and won the round by 5-3.

LADIES' TEAM WILL PLAY AT ARMORIES
Two ladies' basketball teams are scheduled to play at the Armories on Saturday night, the V. I. A. A. girls vs. the Victoria College. It is promised that the game will be a very good one as these teams have already played together twice, each winning a game by a small margin.

MEYERS WINS BOUT IN THE TENTH ROUND

Chicago, March 3.—Johnny Meyers, of Chicago, claimant of the world's middleweight wrestling championship, defeated Heinie Engle, of Duquesne, Pa., in the tenth round of their match here to-night. Meyers obtained the fall with a body scissors and wrist lock in two minutes and forty seconds. The rounds were evenly contested throughout.

Baseball

Changed His Mind.
Philadelphia, March 3.—Emmett McCann, former utility shortstop of the Philadelphia Americans who recently was sold to the Portland Club and then to the Coast League and then to the Portland team, has decided to accept Portland's terms. He added that he would leave here Saturday night for Pasadena, Calif., where the Portland team will do its training.

DETROIT RAN INTO RAIN.
Detroit, March 3.—Twenty-three members of the Detroit American Baseball Club were in the team's training quarters at Augusta, Ga., yesterday, Arthur Fletcher, manager, and a number of players who were en route to Detroit to launch the Spring conditioning, when a heavy rain greeted the athletes upon their arrival last Wednesday and Saturday, it appeared, would prevent a workout.

Cubs Start Well.
Chicago, March 3.—The Chicago Nationals were ready for the American League work-out yesterday at Catalina Island, Calif., when Babe Ruth came in like a lamb on Wednesday and brought with him Manager William Gleason's Chicago Americans and brought good news for respite from the cold of the last few days.

HEILMAN IS LANDED.
Detroit, March 3.—Harry Heilman, leading batter of the American League last season, who was reported as having demanded a salary of \$15,000 as a condition to signing a 1923 contract with the Detroit Americans, reached an agreement with President Navin, of the Tigers, yesterday, and will return to Detroit to start the training camp next week.

STOCKTON, CALIF. WITH SEATTLE.
Shulte, who gained fame as right fielder for the Chicago Cubs when Frank Chance was manager, joined the Seattle Indians yesterday and went to batting practice. It is considered a certain fact that he will land a regular out-field berth. Arrangements for the game with a local semi-professional club were completed yesterday.

TEAMS IN DRAW GAME.
Montreal, March 3.—Sons of Ireland, champions of the Quebec City Hockey League and St. Ann's champions of the Montreal City League, battled to a one-goal draw here last night in the first of the home and home games in the Allan cup elimination series.

CAPITOL

No general ever worked out his strategy for a decisive battle with greater care than that bestowed upon the plans for the motion picture production of the second Battle of the Marne, a feature of "The Four Horsemen of the Apocalypse," a Rex Ingram for Metro, adapted from Vicente Blanco Ibanez's novel by June Mathis. This picture is now at the Capitol Theatre.

Although many thousands of men took part in an engagement that, to all appearances, was as deadly as the one that proved the turning point of the World War, the arrangements were such as to make serious accident almost impossible. For many weeks Walter Grams, chief of Metro's West Coast studios in Hollywood, Calif., and a large force of assistants worked on this system until it was pronounced "fool proof."

The setting for the battle consisted of a complete French village, a castle with many turrets and towers, and a

background of wooded hills. All the buildings are destroyed by mines and shell fire, just as was the case in the original battle in France.

The castle and all the buildings of the village were built so as to "break away" properly at the desired time. There were more than 200 "break-aways" and more than 1,500 separate explosions were planned to occur in the village alone. These "break-aways" were necessary to insure the falling of the buildings at the proper moment. More than 50,000 feet of copper cable were laid and sixty-two storage batteries installed about the location.

The telephone central control for the setting was head receiver and breast transmitter worn by Mr. Ingram. This was directly connected with fifteen telephone control stations placed at various points through

Hundreds of cannons were placed about the battlefield. They were provided with six shots each and operated by a switch which exploded each charge in proper order.

A battery of fifteen cameras was used for the filming of the battle scenes.

VARIETY

"As long as gallant man still breaks forth into poetry when his heart is burning with love, I guess there isn't much danger of chivalry dying out in this generation," remarked a poet in the famous William Fox star, who will be seen at the Variety Theatre to-day in "The Mountain Woman."

DOMINION

It has only been a little over a year since Bebe Daniels was first announced as a Realart film star—and yet in even such a short time the personality of this clever comedienne has carried her to high places in her chosen profession.

Youthful vivacity and a flair of comedy interpretation have been the Daniels assets—and perhaps she has never been seen to better advantage than in "The March Hare," an Elmer Harris play, now at the Dominion Theatre.

From the moment tomboy Lizbeth abandons her back-lot ball game to speed a fast car after the "limited" which she was to take for New York, there isn't a single idle minute in this fast-moving offering. And when she arrives at her aunt's, Miss Galore is in a tizzy with the young heiress finding an impostor posing as Miss Lizbeth Ann Palmer with intention to profit through the connection. The star role is irresistibly youthful and will undoubtedly find wide favor among the rapidly growing Daniels clientele.

The star is supported in the picture by an exceptional cast. Playing the leading male role is no less a film personage than Harry Myers, whose great success in "A Connecticut Yankee in King Arthur's Court" still continues to be an outstanding feature of current photodramatic history. As "Tod" Rollins in this production Mr. Myers shows the same engaging naturalness which won his previous triumph.

Also notable is the work of Helen Jerome Eddy as the impostor. This young lady undoubtedly is one of the cleverest of the younger character actresses. Others in the cast who deserve more than passing mention are Melbourne McDowell, Grace Morse, Herbert Sherwood, Sidney Bracey and Frances Raymond.

"The March Hare" was written by Elmer Harris, author of "So Long Letty," "Ducks and Drakes" and "Canary Cottage" while Percy Heath wrote the scenario. Maurice Campbell directed.

"MOLLY O"

Eddie Gribbon, who is rapidly building for himself a reputation as a first class comedian through the medium of Sennett comedies, appears in the role of a lovable villain in Mack Sennett's "Molly O" at the Associated First National Pictures attraction starring Mabel Normand, which is coming to the Royal Victoria Theatre, for an engagement of six days beginning Monday next.

"RED" NEWMAN AND "MARJORIE" OUT IN NEW ZIPPY SHOW

Dumbells of War Fame Take New Lease of Life

The Dumbells came out with their new show, "The Dumbells Revue of 1922," last night, and it was a hit, going with all the old Dumbell zip.

With the new show and under Capt. M. W. Plunkett this group of entertainers who were originally the concert party of the Third Division, Canadians, in France will take on a new lease of life. With their old show which they brought from the trenches, they have been going in Canada and New York for more than two years now.

The Dumbells has been the one company which has been able to keep so long on the road in these hard times, and which has crossed and recrossed the continent and always been greeted with packed houses.

As nearly everybody in Canada has seen the original Dumbell show once, and a good many persons have seen it twice and three times, Capt. Plunkett told his boys that with the experience they have had before the footlights with the straight war stuff, they stood a good chance of making a money show.

They took him up, and they made the show go last night in a premiere triumph, which will give them momentum to carry on another couple of years.

The old Dumbell show which they played through Canada to the Coast on this trip was finally thrown into the discard Wednesday night after a three days' run here. Last night they opened with the new show on which they have been practicing on for weeks. With this show they will go back across Canada to the coast.

ROYAL ARCANUM HONORS OFFICIAL

Presentation to Past Regent A. W. McMorran

Majestic Council No. 1512, Royal Arcanum, held an open session in the Foresters' Hall last evening with a splendid representation of members and friends in attendance.

The special feature of the programme was a lecture on Japan and Korea, given by Bro. H. S. Pringle, illustrated with many beautifully colored slides, the lantern being manipulated by A. S. Huxtable. The lecture proved highly interesting and thoroughly educative and on motion of Bros. R. E. McKean and A. McMorran there presented their thanks in an unqualified manner.

Preceding the address Past Regent Bro. A. Wallace McMorran, who is shortly leaving to reside in the interior, was the recipient of a gold-mounted fountain pen suitably engraved. Deputy Grand Regent Bro. L. E. Smith, in making the presentation on behalf of the council, eulogized Bro. McMorran for his faithfulness and zeal and thanked him for his service to the order.

Bro. McMorran expressed his appreciation for the gift, which came as a very pleasant surprise. After partaking of light refreshments the gathering adjourned with the singing of the National Anthem.

PIONEER RELATES STORY OF PAST

J. S. Clute Tells New Westminster Audience of Early Days

Few pioneers of British Columbia are better known in the coast cities than John S. Clute, of New Westminster. He has been telling Club New Westminster Kiwanis Club something of the early days in Victoria and on the Lower Mainland, and also in Cariboo.

The Journey to B. C.

Reverting to the beginning of his Western adventure, Mr. Clute told of the ride by sleigh forty miles over the ice of Lake Ontario to Kingston on March 24, 1857, and on across the foot of the lake to Cape Vincent in N. Y. State, where the railway was taken for New York City. On the first of April he sailed from the city for the Isthmus, crossing land separating the two oceans on April 10, to Panama. These were the days of Maximilian's occupation of the Isthmus, and his soldiers were found in the seaport.

San Francisco was reached after 27 days from New York and on May 1 the steamer was taken for Victoria. On May 7, at 4 o'clock Esquimalt was reached.

Here May, 1862.

Two weeks in Victoria and then on to the Cariboo. The Gold Seekers divided into parties of three and his party started up the river after their arrival at Lytton Square wharf, New Westminster, by the steamer Enterprise. The dock was a large one, he recalled. They camped that night along side of the first Holy Trinity Cathedral, a wooden structure.

Discouragement.

Boarding the river steamer The Flying Dutchman, Capt. William Moore, they were transported to Harrison Lake, and went on by trail to Williams Lake. There they met a couple of friends who had been to the fields. They advised the new comers not to go as there would be nothing doing on the claims for at least two weeks, and their provisions would be exhausted before they were well started to dig for yellow dust. Mr. Clute was then offered a position in a store by a brother of Webster's, for many years a merchant. He recalled saying to his companions who had determined to press on, "Boys, I'll go back and take this position and I'll be ready to help you when you come back broke." "That was the way I looked at it," continued the speaker, and he recalled that he was able to help many same gold seekers when they returned from the fields without striking it rich.

New Westminster, he said, was built of wood in those days. The stores had fair stocks of merchandise and considerable business was done. But Victoria, being the gateway to British Columbia, everyone had to pay toll to that seaport. If

"FOREVER" COMING.

One of the most elaborate and thrilling motion pictures produced in many months is "Forever," a George Fitzmaurice production, now at the Capitol Theatre, which is the feature at the Capitol Theatre next week.

Headed by the stars named the cast in this photoplay is the most imposing ever gathered for a Paramount picture with the possible exception of "The Affairs of Anatole." Elliott Dexter, Montagu Love, George Fawcett and Paul McAllister play the principle supporting male roles. The two feminine stars, next in importance, to the "Duchess of Towers," which is Miss Ferguson's role, are played by Barbara Dean and Dolores Costello.

A half dozen or more youngsters are seen in the first part of the picture. Little Gogo Pasquier, who grows up to be Peter Ibbeson, is played by Charles Eaton, eight years old. Nell Buck, an eight-year-old edition of Elsie Ferguson, is "Mimmi."

The opening scenes for the picture were filmed in a most artistic setting—a French garden at Passy, a suburb of Paris. All four seasons of the year are shown in the garden, opening with the Springtime.

BGDR.-GEN. ROSS INSPECTS FORCES

Vancouver Cadets and Militia Battalions on Annual Inspection

Brig.-General J. M. Ross, C. M. G., G. O. C., M. D. 11, is now in Vancouver on a tour of inspection. On Wednesday General Ross inspected the 101st Cadet Regiment, on parade at Brockton Point, while on Thursday inspection of other cadet units was carried out in the Drill Hall at Vancouver.

General Ross, in a short talk to the cadets, complimented them on an excellent showing, and pointed out the high value of cadet training to the country. Within the past year an increase of some 1,500 had been recorded on the cadet roster of the Province, there now being in the neighborhood of 5,000 boys enrolled in this movement.

Naval cadets, through the Navy League of Canada, add a further 500 to this total, it is stated. Mounted cadet units, in the interior, are being spoken of, and may become an established fact later, it was stated. The First and Second Battalions of the First B. C. Regiment were inspected by the general officer commanding while in Vancouver. The Third Battalion of the B. C. Regiment, and the Seaforth Highlanders, were also inspected. Lt.-General Sir Henry Burstall, K. C. B., K. C. M. G., Inspector-General of the Canadian Forces, was to have made the inspection, but was detained at Ottawa. Future plans of the Inspector-General have not yet been definitely announced.

The General will return to Victoria on Sunday.

OUCH! LUMBAGO! RUB PAINS FROM SORE, LAME BACK

Back hurts you? Can't straighten up without sudden pain, sharp aches and twinges? Now listen! That's lumbago, sciatica, or maybe from a strain, and you'll get relief the moment you rub your back with soothing, penetrating St. Jacobs Oil. Nothing else takes out soreness, lameness and stiffness so quickly. You simply rub it on your back, and out comes the pain. It is harmless, and doesn't burn the skin.

Limber up! Don't suffer! Get a small trial bottle of old, honest St. Jacobs Oil from any drug store, and after using it just once you'll forget that you ever had backache, lumbago or sciatica, because your back will never hurt, or cause any more misery. It never disappoints, and has been recommended for 60 years.

VICTORIA PRESBYTERY TERMINATES SITTINGS

Session Concludes With Much Work Accomplished

The annual Spring session of the Victoria Presbytery came to an end yesterday, with the Rev. J. W. Dobbin, Parksville, elected moderator for the ensuing year. The Rev. H. A. Bain, Alberni, is the retiring moderator. The Rev. David MacLaren was chosen for the post of clerk of the Presbytery, unanimously.

Dr. W. L. Clay presented a report of the committee on home missions. The Rev. W. L. Macrae presented the foreign mission report, in which warm commendation was given to the Rev. Mr. Coleman and Mr. Leysung. Two East Indian converts were introduced to the Presbytery, the Rev. D. A. Smith speaking later on Chinese missions. The Rev. J. D. Reid presented an able report on religious education, while the Rev. Daniel Walker dealt with social service work. His Rev. Dr. W. L. Clay was named as Moderator, for election at the General Assembly, while commis-

ioners to that body were chosen. Further reports were presented by the Rev. D. MacLaren, statistics and finance, the Rev. Thomas Menzies, M. P. F., on "General Interest," and others. Appreciation of recent missions conducted on the Island was expressed. The last Tuesday in August was given as the date of the next gathering.

TO BUILD SPECIAL RIVER CRAFT FOR STEWART RIVER

A busy season in the North is forecast by A. E. Henderson, of the White Pass and Yukon Railway, who is registered at the Strathcona Hotel from Whitehorse.

Mr. Henderson told The Times last evening that his company is looking forward particularly to developments in the Mayo district. A boat of a special shallow draft type will be built for the Stewart River run this year, in order to provide for the conditions of the water in August and September. It will be assembled in the North by the company's own staff.

Mr. Henderson is now arranging for supplies, and staff for the incoming season.

JOSEF HOFMANN'S ADMIRATION FOR GODOWSKY

Famous Pianist Will Visit Victoria on March 10.

Leopold Godowsky enjoys the friendship and admiration of all of his colleagues in the realm of musical endeavor. Josef Hofmann, as a rule a quiet and especially unobtrusive individual, waxes enthusiastic when Godowsky is the theme of his discourses. The two are friends of long standing, with esteem and respect for each other's fine qualities; mutual admiration of artistic interests and appreciations. Hofmann is keenly sensitive of the culture-trend of modern thought.

Mr. Godowsky will play here next Friday, March 10, at Pantages Theatre. In an issue of "Vanity Fair" Josef

Hofmann writes eloquently about Godowsky. To quote: "A few days ago I was asked by a friend—'Why is it that everybody loves Godowsky?' I answered: 'Because his character is as true as gold and his art as pure as crystal. Little wonder that everybody that knows him and his art loves him.'"

With this happy combination of high personal and artistic qualities Godowsky exerts a strong influence upon his fellow-artists. I doubt if there are many pianists to-day that have not learned something from him; I know that I do, and am thankful for it. If Chopin is regarded as the spirit of piano composition, Godowsky represents the spirit of pianistic expression, although his art aims still higher, since he is not only a reproductive artist, but a creative one as well. He also says: 'Not only the popular, but sometimes even banal melodies and musical thoughts turn into poems of bewitching beauty when touched by his beautiful art. When he hears Godowsky play Johann Strauss' "Fledermas," "Kuenstlerleben," "Wein, Wein, und Gesang," etc., we cannot help wondering whether Strauss himself ever dreamed of such beauties of harmony and of such dignity of polyphony as Godowsky imparts to them. Though a small man in stature Godowsky is a great master in his art.'"

Mr. Godowsky will play here next Friday, March 10, at Pantages Theatre.

ALL INTERESTED PERSONS TO DEBATE HEALTH CENTRE

Saanich Council to Discuss Home Before Taking Final Action

To allow of free discussion of Health Centre problems two extensions of time marked last night's session of the Saanich Council.

The origin of the agitation for the Centre, the work in hand, the Provincial contribution towards maintenance and the reasons therefor, representation of the Council upon the Victorian Order directorate, and proposals for securing a water control of affairs to the Council all came up for debate.

Reeve Watson summarized the general attitude of the Council when he remarked "we are all looking for some way to improve conditions and secure a wider usefulness for our Centre."

Doctors Lukewarm.

The attitude of the Municipal Health Officer towards the Centre, and the control exercised by the Victorian Order, came up for debate, while councillors freely declared that with only few exceptions, the medical profession of Victoria looked with disapproval or chill discouragement upon the undertaking.

A resolution was submitted by the West Saanich Women's Institute, calling for vesting the control in a directorate, composed of two councillors, one school trustee, one representative of the Provincial Health Department and one member of the auxiliary. Another proposal offered was that the Council leave control to the Victorian Order, but secure two representatives on the directorate instead of one, as at present, by combining the office of treasurer with that of Secretary Green and filling the seat now occupied by Assessor Sewell from the Council personnel.

Eventually all these schemes were temporarily shelved in favor of a preliminary conference between the Council School Board, Victorian Order and the Health Centre Auxiliary, to take place as early as possible.

SAANICH WAGE BATTLE IS ENDED

Opponents of Recent Drastic Cut Meet Final Defeat

The wage scale in Saanich is last night definitely closed for the current year at \$3.20 daily for men and \$3.40 for teams, according to a ruling of Reeve Watson, Saanich Council.

The Council was forced to vote on reconsidering the recent cut, with a five to two majority standing by the wage put into effect on February 15 last.

A letter from thirty-five employees of the municipality, offering to accept a ten per cent. cut, but protesting the new scale as too drastic, brought the matter to the attention of the Council.

DYSPEPTIC DIET NO LONGER NECESSARY

The old plan of prescribing strict diet for dyspeptic sufferers is no longer popular among progressive medical men, partly because of its weakening effect on the system, and partly because of the discovery that nearly all stomach trouble is due to excessive acidity. The organs of digestion are themselves all right, but acids in the stomach irritate and inflame the delicate stomach lining and cause sourness and premature food fermentation.

The local treatment, therefore, is to get rid of the acid, when natural painless digestion will follow.

For this purpose a teaspoonful or four tablets of Bismarated Magnesia in a little water neutralizes the acid, stops the fermentation of the food, and thus permits the stomach to proceed with its work without hindrance. Owing to its prompt and certain action Bismarated Magnesia, which is obtainable from any druggist, in either tablet or powder form, should always be used in preference to the other forms of magnesia, such as the milks, citrates, carbonates or oxides. Stomach sufferers are advised to try this plan for three weeks and note results. (Adv.)

ADDRESSES ELKS CLUB.

F. J. Stapoole, K.C., provincial registrar of titles, in an address to the Victoria Lodge No. 2, E. F. O. E., at a dinner in the Elks quarters last night, emphasized the role that the organization can play in the community and the opportunities for service afforded by its membership.

The speaker spoke of his high opinion of the Elks, with which body he had become acquainted while in the Yukon territory. Mr. Stapoole characterized the Elks Club and similar organizations as a "home centre" for its members, where sincere friendship stood for much.

A. Hill acted as the chairman of the supper committee, while F. J. Sehl rendered a number of vocal solos. An Elks smoker is to be held on the evening of Saturday, March 11. E. H. Butler announced. The next luncheon of the club will be held on Wednesday at the Weller Block, commencing at 1.15 p.m.

Tax Bills Unaffected.

Reeve Watson then pointed out that even a \$6 wage scale would have no effect on Saanich tax bills as a whole, the amount allotted to road work merely would not be spread over as many men, for as long a time, if the daily rate were raised, and the amount of work done would be lessened.

Councillor Brooks blamed last year's Council for not initiating a wage cut six months earlier, which would have made the present cut less drastic.

Councillor Vantreight Commented.

"Apparently some here do not know their own minds, passing one thing one night and changing opinions the next."

Councillor Pim agreed the cut in wages to be good policy, while Councillor McWilliam remarked, "I see no grounds to go back on our last resolution."

Reeve Watson Again Urged.

Reeve Watson again urged the whole question be referred to a committee, but a vote being demanded, the wage scale now in effect was supported overwhelmingly.

Official Salaries.

Councillor Brooks then endeavored to secure support for a motion cutting the higher municipal salaries, declaring Clerk Cowper had intimated a willingness of himself and others to meet lowered living costs.

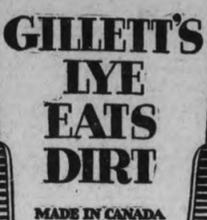

Councillor Dooley declared this proposal to be unfair, having been already refused, and Councillor McWilliam closed the debate with a request for "the next item of business."

ANDROS RETURNED TO CITY COUNCIL

Gets About Half Votes Cast in By-election

Ex-Alderman E. B. Andros was re-elected to the City Council by a substantial majority in yesterday's by-election. He received 662 votes as against 531 received by Ex-Alderman Fullerton and 200 by J. Ivan Seabrook. The total vote is 1,393, which is about one-tenth of the number of persons on the voters' list. There were six spoilt ballots.

"I announced before the election that I would oppose taxation of improvements if I were elected and I shall stick by that decision," Alderman-elect Andros stated last night. "I believe we can effect big economies without boosting up taxation, and I shall use all my efforts to that end."

"I shall do all I can to counteract the blue-ruin talk of which we have heard so much of late. I am against blue-ruin and blue laws."
