To our Friends and Patrons.

Herewith we have the pleasure of handing you our
SEED AND ILLUSTRATED IMPLEMENT CATALOGUE *for*
the year 1878.

The Seeds which we now offer have been grown and selected with the greatest care, no expense or trouble having been spared to have them, as we always endeavor to, pure, choice and reliable. We think our reputation of so many years' standing, is a sufficient guarantee without further comment upon their value by us.

We shall always use our utmost endeavors to have all Seeds sold by us exactly as represented, yet for the purpose of protecting ourselves against unscrupulous and designing persons as well as the many circumstances on which the success of a crop depends over which neither we or the planter have any control,

We append the following resolution, unanimously adopted by ourselves and the principal Seedsmen of New York, Boston, Philadelphia and Albany.

☞ "It is hereby mutually agreed between ourselves and the purchaser of our Seeds, that we do not warrant the same; and are not, in any respect, liable or responsible for the seeds sold by us, or for any loss or damage arising from any failure thereof in any respect." ☞

VAN DERBILT BROTHERS.

VANDERBILT BROTHERS,

No. 23 FULTON STREET, NEW YORK.

Annual Seed Catalogue.

Any variety of seeds not named in this catalogue will be furnished as low as any other reputable house.

Flower Seed Catalogues furnished on Application.

Persons desiring Seeds sent per Mail, will please enclose 16 cents per lb. in addition to price here named, to pre-pay the Postage. We always consult the interest of our customers, and frequently it is cheaper to send by Express than through the Mails; when no directions for shipment are given, we use our judgment for our customer's best interest. We do not guarantee safe arrival by mail. Peas and Beans weigh about two pounds to the quart.

Garden Seeds put up in papers of Five cents each, except when otherwise priced.

 Prices are subject to variation.
