1. In accordance with Operation Directive No.64, Hq Eighth Army, dtd 22 Dec 48, subj: "Misuse of Public Educational Facilities," the following report is hereby submitted.

2. As of 29 Nov 49, there were in Hyogo Prefecture 24 school buildings used wholly or in part by non-educational enterprises. Of these 18 buildings comprising 267 classrooms are located in Kobe City and 6 buildings with 40 classrooms outside Kobe City. The great majority of classrooms are used for government offices (179 rooms) and temporary public housing (114 rooms). Private enterprises have been using only 15 rooms.

3. As of this date, only 5 rooms used by government agencies since 29 Nov 49 have been repossessed, for the reason that no other facilities are available. War-sufferers billeted by the city in school buildings have not been evicted but plans at present call for future removal to appropriate public housing as it becomes available. Private enterprises have been ordered to evacuate public buildings and to this date 7 classrooms have been repossessed. The remaining 8 rooms are expected to be evacuated in the near future.
