SUBJECT: Application for partial exemption of plant equipments designated for custody.

Our plant was designated for custody on May 28, 1946, since when we have extended utmost efforts, to take care of and maintain in good conditions machineries for reparations (616 stands), for which we have been praised by the competent Mil. SUBJECT: Application for Partial Exemption of Lands and Buildings of the Custody-designated Plant.

This Plant, down since May 28, 1946 when designated to be brought into the custody, has done it utmost for the custody and control of the reparations machineries. As far as the guard is concerned, all of the reparations machineries 616 en have been concentrated to one plant and we are now carrying out the complete guarding.

However it is the stark reality today that in the exception of those buildings holding the reparations machineries and some portion thereof this plant is not utilized for any production or other purposes. In this connection, we have become to think of the conversion into a civilian industry by making use of these lands and buildings, and on the other hand, the reconversion plan of the Chuetsu Cloth Manufacturing Co.,Ltd. (Hotel) by which this plant was being managed has also taken definate shape.

For this reason the Ishikawajima Industry Co.,Ltd. has hereby made application for the exemption of those other than the lands and buildings of the plant holding the reparations machineries and being utilized for the certain purpose, intending to sell some portion of the lands and buildings of the custody-designated plant now not under utilization to the Chuetsu Spinning Co.,Ltd.

Later on with the end of the war, the above-mentioned production was halted and the plant was compelled to dissolve.

Thus the arrangement of unsettled business lasted till May 26, 1946 when this plant was placed on the list of the reparations plants.

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775 013

Since then all of the reparations objects have been taken into one building and the measures to insure the perfect custody and control of them have been taken.

On the other hand, recently this plant has come to think of the resumption of textile production by establishing the Chuetsu Spinning Co.,Ltd. after purchasing the buildings absorbed previously in the days of former Chuetsu Cloth Manufacturing Co.,Ltd into the Ishikawajima Aircraft Industry Co.,Ltd.

Such is to realize the intentions of the plant such as the relief of those employees formerly of the plant who are now living at this district with unemployment and the minimum civilian production, and the projects therefor have been advanced to the definite shape.

Under such circumstances as mentioned above, the Ishikawajima Aircraft Industry Co.,Ltd is to sell a portion of the present reparations plant to the Chuetsu Spinning Co.,Ltd. after the exemption will have been permitted by the Allied Forces with their boundless favor.

(I) History of Company

The company was founded in February 1947 with the object of restoring former Chuetsu Cloth Manufacturing Company which had been compulsorily merged into Ishikawajima Airplane Industry Company in the war time by order of military authority.

Chuetsu Cloth Manufacturing Company was founded in the 7th year of Taisho (1918) for the purpose of developing local industry, and every effort was made for producing all kinds of clothes by means of the following equipments.

Outline of Factory

The factory and its attached building are now being used as Chuetsu Manufactory of Ishikawajima Airplane Industry Company (it is now called Ishikawajima Industry Company), and this factory with 625 weaving machines and a complete dyeing arrangement had made the following productions,

After half a year the war came to an end, therefore we have decided to restore textile manufacture and rebuild local industry, using our thirty years' experiences.

To: 8th Army

From: Eeimon Goshima

of Commerce and Industry, Higashitonami-Gun, Toyama-Ken.

Date: 24. July I947.

The Chuetsu Textile Manufacturing Company is idential to the former Chuetsu Cloth Maf. Co., which before the war has done much work for promotion of the local industry for thirty years long, producing dyeing and working out all kinds of textile goods.

The company is now planning to repurchase the factory (it is now called the Chuetsu Manufactory of Ishikawajima Industry Company) which, in the war-time, had been compulsorily merged into Ishikawajima Airplane Industry Company at the command of the Military authority, and to restore the textile manufacture with the best wishes of the town people.

This Chuetsu Manufactory of Ishikawajima Industry Co., however, regrettably being in the reparation item, and so we are obliged to obtain a permission of excepting a part of the factory off the designated reparation item to make out the plan.

We, the members of Commerce and Industry have wished for the rehabilitation of the Chuetsu T. M. Co., and its recovery to the textile manufacture has a great benefit for improving the local industry, we believe.

Therefore, we again entreat your permission of excepting a part of the factory off the reparation item.

Petition to Permission of Exclusion for the Designated Reparation Plant

To: 8th Army

From: Hachisaburo Onoda
Chief of the Demachi Town Office

Date: 24. July I947.

As this town has been noted for product of texitile goods, especially the contribution of the Chuetsu Cloth Maf. Co., to this town for about thirty years long is too numerous to be mentioned, improving and stimulating the local industry to a great extent.

But the company had been joined to Ishikawajima Airplane Industry Co., by the Military authority in the war time and turned into the Chuetsu Manufactory.

When the war came to an end, all reason of compulsory annexation based upon the military instruction disappeared completely, therefore, in response to people's ardent desires of repurchsing the factory (Chuetsu Manufactory) and restoring textile manufacture, utilizing many years' experiens and contributing to the local industry, the shareholders and employees of former Chuetsu Cloth Maf. Co., made a great effort to restore and successfully founded the Chuetsu Textile Manufacturing Company.

Nevertheless it is under the circumstance this important factory is disignated a reparation plant, and that the company cannot operate itself without the permission of exclusion for the designated reparation plant.

In order to realize the peaceful industry in the local region, representing the town people, I earnestly beg you to exclude a part of the factory from the reparation item, being capable of operating as soon as possible with your kind favorite.
