### LATE ITEMS FROM OUR NEIGHBOR CITY TO THE SOUTH

Mr. and Mrs. E. F. Wild, residing at 504 1/2 Brand boulevard, Tropico, motored to Bear valley Monday morning for a ten days' outing. Mr. Wild recently purchased a lot and will build a summer home.

Mr. George Roper of Glendale avenue has returned from a two weeks' trip to the mining districts of Victorville and in Arizona, with Mr. Leslie Meeker of Glendale. Mr. Roper and Mr. Meeker report an automobile accident in which Mr. Meeker, who was ascending a mountain grade, met an automobile coming down at the rate of 35 miles per hour. In order to avoid a head-on collision and save a woman and baby who were in the car that was coming down at such a terrific speed, and which Mr. Meeker knew would be death to the occupants of the oncoming car, as Mr. Meeker's large car was heavily loaded with passengers and the speeding car, a Ford, had but the three occupants, he, Meeker, turned his car out over the embankment. When the impact came, the Ford struck the rear of the Meeker car and though badly smashed, the occupants escaped with merely scratches and bruises. Mr. Meeker's rare presence of mind avoided a disastrous accident.

Following dinner Monday evening at their home on Glendale avenue, at which their guests were Mr. Frank Ragland and Miss Ilma Bateman, Mr. and Mrs. James Brown and their dinner guests attended the Trinity auditorium to witness "Cabiria."

Mrs. E. D. Walton of Los Angeles was the over-Sunday guest of Mr. and Mrs. Hal H. Davenport of Glendale avenue. Mr. and Mrs. Davenport and Mrs. Walton motored to the beautiful dahlia fields at Eagle Rock and later to the dahlia fields of Howard and Smith at Montebello.

Mrs. A. R. Van Court and daughter, Doris Van Court of Los Angeles, were over-Sunday guests of Mrs. Van Court's parents, Mr. and Mrs. A. W. Dutton of Virginia place.

Mrs. Ralph W. Meeker of the Glendale Parent-Teacher Association and Miss Hickman, representing the Florence Crittenton Home, attended the City Mothers' Confidential Bureau meeting, which was held at the Y. W. C. A. Monday morning. Mrs. Meeker and Miss Hickman each spoke along lines relative to their respective charitable work.

### THE FAST WRITING FAD

The teaching of penmanship in the public schools has seen many vicissitudes. Fads, ideas and theories have their rise and fall. Years ago there was the old-fashioned copy book style, with writing inclined at a considerable angle. Then vertical writing became very common. It produced a very legible hand, but it was generally condemned as too slow. Then there came other systems and methods, more or less practical.

One of the more pervasive of the modern theories is that children have been writing too slowly. It is argued that old-time writing was practically "drawing."

As a consequence, in many schools the teachers insist that pupils write on a time schedule. They are not encouraged to form their letters slowly, securing legibility before they attempt speed.

Yet in all other kinds of work done with the hands, muscular control has to be before speed. The student of music must learn to play a passage correctly before he can play it up to time. It is to be feared that this insistence on speed is developing thousands of poor writers, who feel that quantity rather than quality is the end in view.

Speed writing is not as desirable as it was a few years ago. The very wide use of the typewriter has greatly reduced the amount of hand work to be done. The business man needs legibility first, so that when he makes memoranda they shall be legible to himself and others.

Of course bookkeepers still need speed. But probably not one person in a hundred becomes a bookkeeper. Is it wise to train everyone to meet the needs of a small class? Should a pupil ever be encouraged to speed up, until he has acquired the habit of clear, plain writing? It will not seem so to sensible people.

A slight mistake was made in the announcement of an all-day meeting Wednesday of the St. Mark's Guild, and through the medium of the Glendale Evening News that mistake is hereby rectified in as much as the all-day meeting will not take place until next Wednesday, Oct. 21st.

## CUPID IS BUSY

### ENGAGEMENT OF MISS KATHERINE WELLS TO DR. J. L. FLINT ANNOUNCED TO FRIENDS

Mrs. Richard H. Wells entertained very delightfully Monday afternoon and evening with cards, the occasion for these pretty little parties being the announcement of the engagement of her daughter, Miss Katherine C. Wells, to Dr. James L. Flint, a prominent young physician of this city.

The Wells home bloomed with myriads of carnations in honor of this happy occasion. In the reception hall pink and white carnations and ferns were used in profusion, and in the living and dining rooms, cascades and baskets of red carnations and ferns added a warm note of color and made a charming setting for the merry throngs who enjoyed auction bridge in the afternoon and Five Hundred in the evening. Mrs. Wells was assisted in receiving at the afternoon function by Miss Harriett Wells, Miss Katherine Wells, Mrs. E. M. Hitchcock and Mrs. Charles Ewell.

The guests of honor were Mrs. Geo. V. Meserole of Pueblo, Colo., Mrs. Adam Underwood and Mrs. Ermen V. Bunt, two recent brides, and Dr. M. Louise Davis, a recent arrival from Ann Arbor.

Miss Amy Davenport made the highest score and she as well as the four guests of honor were awarded handsome prizes of sterling silver.

The cards were swept aside and a dainty three-course luncheon was served on the card tables, individual favors and place cards being in the form of tiny baskets tied with red ribbons in which were concealed cards bearing the happy secret and surmounted by hearts which peeped suggestively over the tops of the baskets. So well had the young people guarded their secret that the guests were really and truly surprised at the message these little baskets contained and many were the words of congratulation showered upon the happy bride-to-be.

Guests for the afternoon were from Los Angeles, Pasadena, South Pasadena and Glendale, and included Mrs. Horace P. Major, Mrs. Alfred Henning, Mrs. Elry J. Hampton, Mrs. Robert M. Hiddleston, Mrs. Arthur Haight, Mrs. E. R. Collins, sister of the groom-to-be, Mrs. Andrew Robertson, Mrs. E. Whitener, Mrs. John Allen Legge, Mrs. Wm. Sholes, Mrs. Arthur J. Rohman, Mrs. W. L. Wheeler, Mrs. A. L. Warner, Mrs. George Schryer, Miss Willie Kerns, Miss Myrtle Pulliam, Miss Katherine Lewis, Miss Amy Davenport, Mrs. A. M. Beamon, Miss Elizabeth Woodward, Miss Vera McDonald, Miss Hazel Wheatley, Mrs. Horace Kimball, Miss Marguerite Brown, Miss Betty Stelacy, Miss Mae Hanson, Miss Jessica Alsopp, Miss Estelle Alsopp, the four guests of honor and the hostesses.

In the evening the guests were received by Mrs. Wells, Mrs. George V. Meserole, Miss Harriett Wells, Miss Katherine Wells and Mrs. Chas. U. Wells.

The guests were principally members of the St. Margaret Guild and all enjoyed a most happy evening at Five Hundred. Cut glass bonbon dishes on each table contained the message that literally left the guests breathless with surprise as they had expected to hear a different announcement.

Handsome prizes were awarded to Miss Bessie Provolt and Miss Ethel Reed and very dainty refreshments were served to Mrs. Joseph L. Stagner, Mrs. Helen Woodruff Boyd, Mrs. George V. Meserole, Dr. Louise Davis, Misses George Duffet, Pauline Sholz, Clara Provolt, Eva Black, Lillian Mills, Ethel Land, Elizabeth Russel, Arline Halahan, Elizabeth Lange, Ethel Reed, Mattie Belle Provolt, Athena Purl, Inez Forni of St. Helena, Bessie Provolt, Irene Read, Alga Purl, Gertrude Champlain and Cecilia Wilson.

### THE JOLLY OLD FOLKS PICNIC

Will you tell every one of the old folks you meet, and send the news to the rest, that their annual picnic will be held in Sycamore grove, Los Angeles, Saturday, October 24, 1914. This is an all-day reunion, dinner at noon, coffee free, but bring a good dinner, cup and spoon. Come early and have a happy day with your friends. Be sure to register, giving information asked of you.

## INTER CITY COMMISSION RECOMMENDATIONS

### SAN GABRIEL VALLEY ORGANIZATION ISSUES REPORT ON INTRICATE AND IMPORTANT AMENDMENTS AND LEGISLATIVE MEASURES TO BE VOTED ON AT NOVEMBER 3 ELECTION AND MAKES RECOMMENDATIONS

Many who are appalled at the complicated nature of the ballot to be presented to the voters of California in November will be pleased to read the following recommendations presented by a committee of which Seward C. Simons of South Pasadena is secretary.

The San Gabriel Valley Inter-City Commission was formed for the purpose of co-operation between the different communities wherever a number of communities were affected. In view of the fact that a number of the measures coming up at the November election vitally affect the interests of smaller communities, this commission met and made a careful and impartial study of the measures and submit their recommendations.

lating the liquor traffic. It also provides that if any political subdivision shall vote "wet," either on the prohibition amendment, or at any other election, no subsequent election upon the subject shall be held within eight years, while if it votes "dry," it shall be considered "non-licensed" territory, but this provision does not state that liquors shall not be sold in such "non-licensed" territory. Also it does not prohibit the question again being voted upon, in the latter circumstances, at ANY election, without waiting eight years. The proposed amendment is full of other "jokers" and evidently was not framed in good faith. VOTE "NO."

### NO. 3. "EIGHT-HOUR LAW."

Glendale Public Library

The commission represents Pasadena, South Pasadena, Alhambra, Monrovia, San Gabriel and Lamanda Park. The report is signed by William Hazlett, Elwood J. Thorne, C. P. Dorland and Seward C. Simons.

NO. 1 ON THE BALLOT. "CALLING CONVENTION FOR REVISION OF CONSTITUTION." There is need for a new constitution, but the provisions of our present state constitution relating to the selection of delegates to a constitutional convention, which provide for the selection by partisan choice, might result in a very unsatisfactory convention and a partisan report and proposed constitution. VOTE "NO."

PROPOSITION NO. 12. "CONSTITUTIONAL CONVENTIONS." is a proposed amendment to the constitution providing that delegates to a constitutional convention shall be selected at a non-partisan primary election. This is designed to dispose of the objection to the method of selecting delegates to the constitutional convention which lie to the present method of selection, and therefore this provision should carry, and the vote should be "YES" upon proposition No. 12.

NO. 2. "PROHIBITION." This is a proposed amendment to the constitution prohibiting the manufacture, sale or giving away or the transportation within or into the state of intoxicating liquors, except for medicinal, scientific, mechanical or sacramental purposes. It permits any citizen to make complaint of known violations. The committee makes no recommendation in regard to this proposed amendment, for the reason that the resolution of the Inter-City Commission appointing the committee, expressly instructed it to make no recommendations on this subject. In justice to themselves, however, the members of the committee state that they personally favor the adoption of the amendment.

PROPOSITION NO. 39. "SUSPENSION OF PROHIBITION AMENDMENT." provides that in the event proposition No. 2 for prohibition shall carry, that its provisions shall not take effect regarding the sale of liquor in the state until February 15th, 1915, and as to shipping liquor out of the state until January 1st, 1916. This gives those who have money invested, or who are engaged in the liquor business, time to withdraw, if proposition No. 2 carries, and enables those who are engaged in grape culture to dispose of this year's crop. VOTE "YES."

PROPOSITION NO. 47. "PROHIBITION ELECTIONS." This amendment is unfair and misleading. It provides (amongst other things) that the vote of any city or county, or district, upon the question of state prohibition shall determine whether that city or county or district shall be "wet" or "dry," within its own limits. It repeals existing laws regu-

While founded on a correct theory, this law is too broad in its application, and in its present form would seriously hamper some important industries and the labor connected therewith. VOTE "NO."

NO. 4. "ABATEMENT OF NUISANCES." This "red light abatement act" is moulded upon statutes of other states which have worked successfully. This act makes owners of the buildings and promoters of vice therein amenable to the law and not alone those caught in police raids. It permits any citizen to bring an action of injunction prohibiting the use of the building for such purposes and enjoining the owner and occupant from engaging in such business. VOTE "YES."

NO. 5. "INVESTMENT COMPANIES ACT." This act is designed to fill a pressing need for the proper control of corporations. While cumbersome in form, the committee believes that it should be adopted, and if, in its workings it is found that changes should be made, it may be amended by the legislature. VOTE "YES."

NO. 6. "WATER COMMISSION ACT." This creates a water commission with powers similar to those of the railroad commission and is designed to better protect the people in the appropriation, use and control of the waters of the state, and is a meritorious act. VOTE "YES."

NO. 7. "LOCAL TAXATION EXEMPTION." This is known as the "home rule in taxation" amendment, and would give any county, city or town power to exempt from taxation for local purposes improvements on or over land and any personal property except franchises. This would be an experiment in taxation. The majority of the committee recommends a favorable vote.

NO. 8. "EXEMPTING VESSELS FROM TAXATION." This is designed to encourage shipping on the high seas and is a meritorious act. VOTE "YES."

NO. 9. "REGULATING INVESTMENT COMPANIES." This is a measure proposed by certain corporations and conflicts with, and would make ineffective proposition No. 5, recommended by the committee. VOTE "NO."

NO. 10. "ABOLITION OF POLL TAX." This measure proposes that no poll tax shall be collected. If adopted a large class of our people, including unaturalized foreigners, will pay no taxes although receiving the benefits of our government. VOTE "NO."

NO. 11. "UNIVERSITY OF CALIFORNIA BUILDING BOND ACT." This provides for a state bond issue of \$1,800,000 for the construction of (Continued on Page 4)

## WEEK OF PLEASURE

### LITTLE BITS OF TOWN CHATTER AND GOSSIP—SOCIAL ACTIVITIES MANY

Glendale is again coming into her own, at least the flutter of excitement and social festivities tells us so.

First comes the warm reception of Mother Nature, which is filling this week with sunshine.

Mrs. J. Herbert Smith of 109 North Central avenue was among the hostesses who endeavored to open the week with social chatter, but of course in her usual quiet, but elegant, way. Her affair was in the nature of a bridge luncheon to members of the Monday Auction Bridge Club, who enjoy similar events together every two weeks.

A yellow combination was utilized throughout, huge shaggy chrysanthemums having been in evidence both in reality and in water colors, the latter having adorned the tallies that also served as place cards at the luncheon table, where a shower of the same blossoms were used.

Mrs. Herman Paine scored highest, winning a handsome towel, and as special guest's prize, Mrs. R. Hinchcliff won a hand embroidered powder case. Other guests present were Mrs. William Harvey, Jr., and the following club members: Mrs. D. H. Smith, Mrs. O. E. Clemens, Mrs. C. O. Pulliam, Mrs. Charles E. Shattuck, Mrs. Frank B. McKenney, Mrs. Clarence M. Good, Mrs. C. H. Woolsey, Mrs. Willis M. Kimball of Glendale and Tropico, and Mrs. R. E. Hewes of Los Angeles.

The next hostess will be Mrs. C. H. Woolsey, 1629 Riverdale drive.

Tuesday comes next and it certainly is a day in which things are doing, as it were. The new year of the Tuesday Afternoon Club opens for another strenuous siege with a large reception in the home of the president, Mrs. Mattison B. Jones, 106 Orange street, where all club members, both new and old, are being received. This gay and festive occasion is now in progress, as is also the delightful Tropico Bridge Luncheon Club meeting, which is being thoroughly enjoyed in the Glendale avenue home of Mrs. C. M. Turk.

Tonight the St. Margaret Girls will meet in the home of Miss Lillian Mills, 422 South Louise street, where in addition to a regular business session, final arrangements for the St. Margaret dancing party will be made.

Wednesday comes up bright and sailing with a number of informal little gatherings and things to mar its quietude.

Thursday afternoon the Priscilla Club will also meet for their usual 1 o'clock luncheon and social hour of needlework, also to exchange their favorite recipes.

Thursday evening the Cherokee Club will enjoy their regular monthly dancing party at the Masonic temple, 532 South Brand boulevard, and as usual a jolly good time will be the result.

Friday afternoon Mrs. Andrew Robertson will entertain the members of the Foothill Club with a Kensington party in her home, 925 Stocker street, North Glendale.

Almost everyone is anxiously awaiting for Friday evening to come, as 'tis then the Masonic temple will again boast of a St. Margaret dancing party. Many are the preparations that have been and are still being made.

Saturday is always a day of many things—and any everything—week-end guests, short trips, house parties, picnics and theaters, besides little sewing circles, etc.

In the evening the usual winter Cannaday assembly will frisk about in the temple, and as the week began, so does it end in pleasure.

### X. V. I. CLUB ENJOYS LAWN PARTY

No prettier and more appealing place could have been found Saturday afternoon than the cool, shady lawn surrounding the home of Mrs. J. W. McFadden, 1710 West Broadway, where in answer to her call the following members of the X. V. I. Club, Mrs. Warren Roberts, Mrs. Albert Cornwell, Mrs. Elijah Zerr, Mrs. C. W. McFadden, Miss Cora Ward and the Misses Ruby and Freda Borwick, were delightfully though informally entertained.

The early hours were industriously spent at needlework and were followed by a dainty collation served at a pretty rose-adorned table in the dining-room.

Mrs. George V. Meserole, who for the past five months has been domiciled in Long Beach and who on Tuesday next will leave for her home in Pueblo, Colo., is a house guest this week of Mrs. Richard H. Wells, 1504 West Broadway.

## BOSTON IS THE WINNER

### BASEBALL HISTORY IS MADE BY THE NATIONAL LEAGUE WINNERS AT BOSTON

The Boston Braves made a clean sweep of the world's baseball championship series by winning the first four games, which ends the series.

Rudolph, the plucky young pitcher for Boston, repeated his last Friday's game, allowing the Athletics only one run, while his teammates gathered three runs.

The game was a pitcher's battle from start to finish, but Shawkey, who pitched the first six innings for the Athletics, weakened in the sixth before the terrific bombardment of the "bean-eaters" and was replaced by Penneck, who pitched superb ball the following three innings.

By Boston winning the world's championship proves the old saying that the veteran must bow to youth, and many new faces will be seen in the hall of baseball fame replacing such names as Mathewson, Brown, Bender, Plank and many other veterans who have made baseball famous.

Score:  
Athletics—One run, seven hits, no errors.

Boston—Three runs, six hits, no errors.

Batteries—Shawkey, Penneck and Schang; Rudolph and Gowdy.

### GERMANS MARCH ON OSTEND

Emboldened by their success at Antwerp, the German army is pressing on toward Ostend, the present seat of the Belgian government. The king and queen of Belgium are at Ostend and the military authorities are making every preparation to meet the Teutons.

In spite of the German occupation of Antwerp, twelve of the forts are still held by Belgians, who are making a last desperate resistance.

Gen. Joffre's reports state that the allies are getting a foothold in the heights of Aisne and making progress against the Germans in the Vosges, and are massing to defend Ostend.

Berlin dispatches say that the Austrian advance has relieved Przemysl of the Russians.

### LOCAL AGENT CLOSES BIG REALTY DEAL

We are advised that Mr. E. H. Kerker has just closed a large trade for Milton Hesse, one of our local contractors. The deal involved \$21,000 and Mr. Kerker handled both clients. Mr. Baur's of Van Nuys was the other party involved in the transaction, he trading his improved ten-acre ranch on South Sherman way at Van Nuys for an income business property on Central avenue, Los Angeles, which Mr. Hesse owned.

### PACKED HOUSE HEARS DR. WATSON AT BAPTIST CHURCH

Long before the hour for service the local Baptist church was crowded with a representative Glendale audience interested to hear the experiences of an American clergyman in the war zone. For almost one hour and a half the vast audience passed through the armed camps of Central Europe catching glimpses of the soldiers of countries at war and those prepared for war, the dread fortresses, the excited populace, the wounded soldiers brought fresh from the battlefields of Belgium, and the many frantic groups of Americans fleeing from the belligerent countries. What a picture of so-called Christian civilization. The fact is our boasted modern society is neither Christian nor civil.

Dr. Watson referred to the prophecies of God's word as being fulfilled before our very eyes and that this great war cannot be the last. We must look to Turkey for the opening which will involve the land of Palestine and then shall develop the situation that will lead up to the battle of Armageddon.

It is this prophetic forecast which Pastor Troy has presented so forcefully, especially at the Wednesday evening Bible study class at the Baptist church, that is accentuated by the sword and flame devastating the continent of Europe. And yet it would seem that so blind has become the average man to the truths of eschatology that even the waves of the Atlantic rolling in on American shores, crimson with human blood, would scarcely make him to see the impending doom of this sin-cursed earth.

"And as were the days of Noah, so shall be the coming of the son of man. For as in those days, which were before the flood, they were eating and drinking, marrying and giving in marriage, until the day that Noah entered into the ark."

FARMERS AND FRUIT GROWERS TO MEET

The Farmers' and Fruit Growers' Federation will hold a meeting at Sparr's packing house on Glendale avenue at half past nine Thursday morning.

WHY WE SHOULD BE NEUTRAL

As the great European war goes on, there is a growing disposition, in this country, to violate the spirit of our rightly taken neutral stand.

The American republic has been peopled largely with Europeans of the three last generations. They or their descendants are now its citizens.

As American citizens it is our duty to heed the word of the president of the United States, who has spoken earnestly for peace.

It may well be that everyone of the warring nations may become suspicious of us, if our utterances are found to be provocative of internal discord.

PREDICTS WET WINTER FOR PACIFIC COAST

The annual long-range weather forecast of S. V. Rehart of Lakeview, Oregon, has been given out, and predicts that there will be more than normal precipitation for the entire Pacific coast during the winter season of 1914-1915.

Mr. Rehart has been making forecasts for thirty-nine years, which have proven remarkably accurate.

This year Rehart says: "For the winter season of 1914-1915 a conservative forecast would be more than normal precipitation for the entire Pacific coast."

thrifty every day. Things, year by year, kept coming more and still more his way. No matter if for sickness or shortage of a crop, in dealing with the farmer the merchant was on top.

Long years ago Doe "Senior" had made this record "gone," but under thrifty "junior" the farm is marching on. His grain is cut by reaper, his plowing done by steam, his latest standard auto now sidetracks his best team.

For here in Podunk Village, Smith Junior has a store. It has stood on that same corner for sixty years or more. And in it young Smith's father caught farmers "on the run" and proved to them he was not selling groceries "for fun."

Smith Junior sits on goods box outside the main street door, around him village neighbors, some five or six, or more. How long they've held that same seat, these easy going souls, and told yarns as they whittled that goods box full of holes.

A half year mail house order sent in ten days ago. And that same mail order was wonderful to see; it mixed dry goods and groceries in wonderful degree, it looked as if the farmer need ask for nothing more to open in his house and barn a big department store.

This "true tale" thus related goes forcefully to show that very greatly things have changed since sixty years ago. Then, the merchant owned the farmer to the limit of his crop, but now the thrifty farmer is very much on top, while the cross roads village merchant sits idly in the shade, industriously lamenting the great decline in trade, and for climatic reasons no one would care to go to the place where he consigneth the "Catch and Skinem Co."

No town can either be built up or maintained in the absence of public spirit. A man in a town who has no concern for the place except as it helps him make a little money, is like a cow that short circuits her milk and thus becomes the direct and sole consumer of all her product.

Now, Podunk had a merchant whose latter name was Smith. His customers had reason to know he was no myth. The farmer forced to trade there e'er harvesting was done had ample cause to know that Smith did not sell goods "for fun."

And so the wily merchant was

**HIGH SCHOOL P. T. A.**

The members of the Parent-Teacher association of the Glendale Union high school are entering upon their second year of work with a great deal of enthusiasm. The recent meeting of this organization was largely attended, about sixty being present. The Boys' Glee Club, under the direction of Mrs. Gibson, delighted those present with several musical selections. Dr. E. H. Willisford, the president, in his address emphasized the one word "co-operation" as being the keynote of all that he hopes to accomplish, and explained that he meant the working together of teachers, parents and students. Certain definite work in this direction has been planned in the appointment of a committee for each class, consisting of one teacher, two parents and three students, who will have charge of the social activities of the various classes.

The committees are as follows:  
 A-9—Miss M. Soper, teacher; Mrs. R. D. White and Mrs. McPherson, parents; Ralph Paine, Harriett Williams and Leone Shattuck, students.

 Senior—Mr. A. L. Ferguson, teacher; Mrs. John Hobbs and Mrs. D. H. Smith, parents; Hasty Bidwell, John Stauffacher and Dorothy Hobbs, students.

Mrs. J. F. Padelford will act as chairman of the general committee. Mrs. Charles H. Toll, president of the Parent-Teacher Federation of Glendale, made a most helpful address, in which she earnestly advised the parents not to place too much responsibility upon the teachers, but to hold the confidence of their children by keeping in close sympathy with their school and home interests.

**WASH MEETING**

Many property owners of Glendale met at the high school auditorium Monday evening, Oct. 12, and after discussing the dangers of Verdugo canyon wash for a period of an hour and a half, a motion prevailed supporting the board of supervisors in steps taken thus far in laying plans to improve the wash.

John Pirtle was chairman of the meeting and G. B. Woodberry served as secretary. City Attorney W. E. Evans was the principal speaker.

**PRESBYTERIAN CHURCH**

The services were largely attended on the Sabbath at the Presbyterian church. The Sabbath school orchestra continues to give good music, which is a great help. The attendance was nearly 300, counting all departments of the school. Two little visitors from the Chinese school in Los Angeles were present.

The sacrament of the Lord's supper was observed at the morning church service. About twenty united with the church, some coming from the Sabbath school.

At the evening service the electric cross on the tower of the church, given by the family of Eugene Frank in memory of him, was dedicated. The large chorus choir rendered some very fine music.

The pastor spoke some very earnest words on the power of the cross, both sermon and songs being in keeping with the thought of the Christ who died on the cross to save all who will believe.

There will be a "Pageant of the World" at the Presbyterian church next Friday, Oct. 16. Scenes in different countries. A native child widow of India will be present and sing in her native tongue. Interesting program. Music under the direction of Mrs. L. Field and Mrs. H. R. Boyer. Program begins at 7:45.

**UNFAIR PROPOSITION**

The city and county consolidation amendment, which will be voted on at the November election, provides that a city of more than 50,000 may annex a smaller town by a bare majority vote, instead of a two-thirds vote as at present. It also provides that the smaller town must assume its proportionate share of the larger city's bonded debt. Every voter who has the interests of his home city at heart will vote NO on this amendment.

**THE CHURCH AS A SOCIAL CENTER**

A Broader Sphere for Religion—New Field for the Rural Church.

By Peter Radford.

Lecturer National Farmers' Union.

The social duty of the rural church is as much a part of its obligations as its spiritual side. In expressing its social interest, the modern rural church does not hesitate to claim that it is expressing a true religious instinct and the old-time idea that the social instincts should be starved while the spiritual nature was overfed with solid theological food, is fast giving way to a broader interpretation of the functions of true religion. We take our place in the succession of those who have sought to make the world a fit habitation for the children of man when we seek to study and understand the social duty of the rural church. The true Christian religion is essentially social—its tenets of faith being love and brotherhood and fellowship. While following after righteousness, the church must challenge and seek to reform that social order in which moral life is expressed. While cherishing ideals of service, the rural church which attains the fullest measure of success is that which enriches as many lives as it can touch, and in no way can the church come in close contact with its members as through the avenue of social functions.

The country town and the rural community need a social center. The church need offer no apology for its ambition to fill this need in the community, if an understanding of its mission brings this purpose into clear consciousness. The structure of a rural community is exceedingly complex; it contains many social groups, each of which has its own center, but there are many localities which have but one church and although such a church cannot command the interest of all the people, it is relieved from the embarrassment of religiously divided communities.

**Social Needs Imperative.**

The average country boy and girl have very little opportunity for real enjoyment, and have, as a rule, a vague conception of the meaning of pleasure and recreation. It is to fill this void in the lives of country youth that the rural church has risen to the necessity of providing entertainment as well as instruction to its membership among the young. The children and young people of the church should meet when religion is not even mentioned. It has been found safest for them to meet frequently under the direction and care of the church. To send them into the world with no social training exposes them to grave perils and to try to keep them out of the world with no social privileges is sheer folly. There is a social nature to both old and young, but the social requirements of the young are imperative. The church must provide directly or indirectly some modern equivalent for the husking bee, the quilting bee and the singing schools of the old days. In one way or another the social instincts of our young people must have opportunity for expression, which may take the form of clubs, parties, picnics or other forms of amusement. One thing is certain, and that is that the church cannot take away the dance, the card party and the theater unless it can offer in its place a satisfying substitute in the form of more pleasing recreation.

**Universal Instinct for Play.**

In providing for enjoyment the church uses one of the greatest methods by which human society has developed. Association is never secure until it is pleasurable; in play the instinctive aversion of one person for another is overcome and the social mood is fostered. Play is the chief educational agency in rural communities and in the play-day of human childhood social sympathy and social habits are evolved. As individuals come together in social gatherings, their viewpoint is broadened, their ideals are lifted and finally they constitute a cultured and refined society.

It is plain, therefore, that the church which aims at a perfect society must use in a refined and exalted way the essential factors in social evolution and must avail itself of the universal instinct for play. If the church surrounds itself with social functions which appeal to the young among its membership, it will fill a large part of the lamentable gap in rural pleasures and will reap the richest reward by promoting a higher and better type of manhood and womanhood.

**FOREST NOTES**

The Philippine bureau of forestry has recently invited bids for the cutting of nearly 300,000 acres of choice timberland on the public forests on the island of Luzon.

Officers of the Okanogan national forest in the state of Washington are installing powerful signal lanterns for night use in reporting forest fires from lookout peaks.

It is said that the first sawmill in the United States was at Jamestown, from which sawed boards were exported in June, 1607. A water power sawmill was in use in 1625 near the present site of Richmond.

California yew, which grows on the national forests of that state, is finding some use in present-day archery practice. Its qualities closely resemble those of the old-world yew, which made the English long-bow famous in mediaeval times.

The supreme court of Pennsylvania has decided that the amount of damage collectible on growing timber set on fire through negligence is not only the value of the wood destroyed, but also the injury to the property as a whole through the destruction of the young growth.

Why can't older folks be like a child who turns to caress the one who has administered deserved punishment?

### INTER-CITY COMMISSION RECOMMENDATIONS

(Continued from Page 1)  
 buildings and adding to the beauty and efficiency of the state university plant at Berkeley. Our state university needs this money. VOTE "YES."  
 NO. 12. "CONSTITUTIONAL CONVENTIONS." Has been discussed in connection with proposition No. 1. VOTE "YES."  
 NO. 13. "QUALIFICATION OF VOTERS AT BOND ELECTIONS." This initiative proposition provides that no elector shall vote on the question of incurring bonded indebtedness UNLESS A TAXPAYER, and in theory, instead of being advanced legislation, in returning to the rule of property, this is retrogression to a system of government long since abandoned, and would be class legislation. It would disqualify from voting upon such questions at least 75% of women voters. VOTE "NO."  
 NO. 14. "VOTING BY ABSENT ELECTORS." This provides a method whereby those away from home on election day may vote and send their ballot by mail. It is dangerous in that it is not sufficiently safeguarded by restrictions. It would complicate the election machinery. VOTE "NO."  
 NO. 15. "DEPOSIT OF PUBLIC MONIES." This measure proposes that bonds of SURETY COMPANIES may be put up as security for deposit of public moneys and changes the present law to that extent. There is no necessity for such act and it is unsafe. VOTE "NO."  
 NO. 16. "CONDEMNATION FOR PUBLIC PURPOSES." This measure, sometimes called "the excess condemnation amendment," enlarges the powers of the state or any county or municipality in condemning property for public purposes for future use. This is meritorious. VOTE "YES."  
 NO. 17. "EXPOSITION CONTRIBUTION BY ALAMEDA COUNTY." This proposed amendment will PERMIT Alameda county to vote bonds, payable by taxes and assessed in that county only, in aid of the San Francisco exposition. The state at large has no direct financial interest in this. VOTE "YES."  
 NO. 18. "NON-SALE OF GAME." This act throws greater protection about the game of the state and will prevent the slaughter of game for sale upon the markets. VOTE "YES."  
 NO. 19. "CONSOLIDATION OF CITY AND COUNTY, AND LIMITED ANNEXATION OF CONTIGUOUS TERRITORY." This amendment carries a fundamental change in the existing law of the state, in providing for the assumption of bonded indebtedness, in cases of annexation, by a simple majority vote at any election instead of a two-thirds vote, as now required. The existing safeguards are proper, and conform to the general practice elsewhere. Moreover, in the formation of a consolidated city and county government, the smaller cities or unincorporated territory proposed to be annexed, do not have a chance to vote directly and separately on whether they shall join the larger city; they have no voice in framing the charter by which they would be governed, and practically no say as to what district shall be added. The measure is full of danger to the "outside" communities. There are ample laws already covering annexation when both communities desire. The alleged economies which have been urged as the excuse for this measure can be and are being obtained under existing law without territorial change. There are a number of things which make this measure in the opinion of many unbiased business men undesirable for Los Angeles, as well as the smaller cities. VOTE "NO."  
 NO. 20. "PRIZE-FIGHTS." Prohibiting prize-fights, but permitting four-round amateur boxing exhibitions, unless prohibited by ordinance. This prohibits brutal prize-fights, but allows clean, fair sport. VOTE "YES."  
 NO. 21. "CITY AND COUNTY CONSOLIDATION AND ANNEXATION WITH CONSENT OF ANNEXED TERRITORY." This proposed amendment is almost identical with No. 19, and is equally vicious. VOTE "NO."  
 NO. 22. "LAND TITLE LAW." This proposed act, known as the "Torrens law," gives the owner of real estate the option of obtaining certificates of title through the present title company method, or of having his title registered by the county recorder and insured by the state. It is not compulsory. VOTE "YES."  
 NO. 23. "ELECTIONS BY PLURALITY, PREFERENTIAL VOTE, AND PRIMARY." The preferential ballot system has been tried out successfully in other places, and as this measure applies only to local non-partisan elections, and is permissive, not compulsory, it seems to be meritorious. VOTE "YES."  
 NO. 24. "ASSEMBLY PAYROLL EXPENSES." There seems to be no pressing need for the spending of more money by the legislature or changing the present arrangements. VOTE "NO."  
 NO. 25. "ADOPTION AND AMENDMENT OF MUNICIPAL CHARTERS." This simplifies the

procedure for the adoption of a freeholders' charter by a municipality. It permits the grant of general powers to any city of more than 3500 population. VOTE "YES."  
 NO. 26. "LEGISLATIVE CONTROL OF IRRIGATION, RECLAMATION AND DRAINAGE DISTRICTS." The legislature now has no right to supervise or control such districts. This would grant the legislature such right and would be an added protection to our citizens in such districts. VOTE "YES."  
 NO. 27. "COUNTY CHARTERS." This amendment facilitates the doing away with the duplication of certain city and county officials without territorial change. VOTE "YES."  
 NO. 28. "REGULATION OF PUBLIC UTILITIES." This changes the present law so that cities having once so voted lose control of their public utilities to the railroad commission and cannot regain this control. This might put the city at the mercy of a bad railroad commission without recourse. VOTE "NO."  
 NO. 29. "INCORPORATION OF MUNICIPALITIES." This proposed amendment is related to No. 27, affecting cities as that affects counties. It is in the interest of economy. VOTE "YES."

 NO. 32. "ELECTION OF UNITED STATES SENATORS." If carried, makes possible the railroading of a good governor into another office, leaving a weak or bad lieutenant-governor in his place. VOTE "NO."  
 NO. 33. "PUBLIC UTILITIES IN MUNICIPALITIES." This act is designed to permit municipalities operating public utilities to extend their operations into other municipalities operating like utilities, and in competition with such other cities within their own boundaries. VOTE "NO."  
 NO. 34. "TAXATION OF PUBLIC PROPERTY." This provides for the taxation of lands held by municipalities outside of their boundaries. This is just. VOTE "YES."

 We use a jimmy to pry into the affairs of our neighbors that they don't want us to know and put a forty-acre field between us and the things they are willing for us to know.  
 The preacher who fills his pews every Sunday fifty-two weeks in the year, performs a harder task than the lecture platform orator who draws large crowds at every stop, always with the same old talk that has been polished up a little bit after each delivery.  
**PUTTING IT UP TO THE BOY**  
 Whenever a boy leaves his school in Lovelock, Nevada, Superintendent McKillop sends him a letter, which reads in part:  
 "Are you going to be one of the headless army? It's in the majority and spends its time taking directions and a daily pittance from the leading and ruling minority, whose heads, fixed on their own shoulders, do the thinking and planning that carry the world along. The majority draw pay for the work they can get out of their muscles and can hope for no great change in the future; the minority use their physical capacity as a supplement to their mental capacity and expect all things of their futures. The dividing line is training, another name for education. In youth, now, you decide how you will be classed later on. Let's measure, if possible, the dollars and cents value of going to school. In the United States as a whole, taking conditions by and large, the uneducated man cannot hope for more than \$1.50 a day for 300 working days, or \$450 a year. We'll give him the generous allowance of forty working years. Total income, \$18,000. Take the low estimate of \$1,000 a year for the educated man. In forty years he gets \$22,000 more than the untrained man. The average difference in education is less than 2200 days. But calling it 2200, the average return during a lifetime for each day in school is \$10. Ten dollars a day! Can you beat it?"  
 One of the fundamentals of our government is free speech, and yet we allow our chau-talkers to charge a couple hundred dollars a lecture.  
**RECIPE FOR FRIED RICE BALLS**  
 One and one-half cups of cold cooked rice. Mix in one egg that has been well beaten. Salt to taste and add one tablespoon of minced sweet pepper. Mold into balls, roll in flour and set aside to become very cold. When ready to serve, fry in deep fat and serve at once.  
**THE KICK**  
 If you want to live in the kind of a town Like the kind of a town you like, You needn't slip your clothes in a grip And start on a long, long hike. You'll only find what you left behind.  
 For there's nothing that's really new. It's a knock at yourself when you knock your town; It isn't your town—it's you!  
 Real towns are not made by men afraid Lest somebody else gets ahead; When everyone works and nobody shirks, You can raise a town from the dead. And if while you make your personal stake, Your neighbor can make one, too, Your town will be what you want to see; It isn't your town—it's YOU!!!  
 Some of our first families may have to come over in the steerage again.  
 As a usual rule a pretty girl and a good housekeeper are not found in the same wrapper.
