4. In view of the fact that the cases in the files of the Security Advisory Board, on which any derogatory information had been found, had been closed before the termination of the agreement with the investigative agencies, and in view of the agreement with the investigative agencies, as outlined in paragraph 2a, the Secretary has returned the information to its respective sources. It is consequently impossible to provide copies of this information, were such action possible under the terms of the original agreement.

5. It should be emphasized that any effort to secure copies of derogatory information from investigative sources for the purpose of supplying it to anyone outside the Board membership will place the Board in a very unfavorable position for any future negotiations which might be possible should conditions change as a result of the President's inter-agency Committee to determine means of removing from office those persons who are disloyal to the government.

NOTE: Did this Lawrence Harris ever work for Board of Economic Warfare? If so, a report dated 1 April 43 said he was born 12 May 1900 in Bradford, Penna., was in stocks and bonds several years, and was once a consultant to the OPA. There is nothing derogatory to this Lawrence Harris, however. One other Lawrence Harris worked for the Illinois Ordnance Plant in 1941 and he had a criminal record....A third, probably, Lawrence Harris was more or less prominent in the Young Communist League in New York City in Oct 1943.

b. SAB 3

Enclosure: a. Copy of letter from Security Officer, Reconstruction Finance Corporation

1. Reference is made to your memorandum of 20 November 1946, requesting that CAD be furnished with suitable information on which to determine the suitability of ten (10) members of the U. S. Commercial Company to attend tele-conferences between the War Department and overseas theaters of operations.

2. A check of investigative sources has revealed no reason why the ten (10) members of U.S.C.C., listed on your memorandum of 20 November 1946, should not receive classified information. The Security Officer of the Reconstruction Finance Corporation has certified that other provisions of SAB 3 have been complied with in his clearance of the ten (10) U.S.C.C. members. Col. Miter from CAD Secretariat reported that CAD had received a request from Mr. A.T. Hobson, Secretary and Security Officer of the RTC, asking that ten people from USCC be authorized to attend teleconferences in CAD. Col. Miter stated that the letter contained no statement as to the security clearance of these individuals. He stated further that these people would ordinarily come in for only confidential material but might get in on some top secret information. The Secretary of the JSB advised Col. Miter that she would informally request the RTC to begin checks of these ten people and asked him to submit the request formally from the CSD to the JSB.

The Secretary contacted Mr. Knarr, Assistant Secretary of RTC and

Information is listed on the attached sheets on prospective employees of the Ordnance Development Division, National Bureau of Standards. The work will require that they have access to information and equipment of a classified nature. Dear Mr. Kremer:

Reference is made to your letter of October 25, 1946, enclosing a list of personnel of the Library of Congress for security checks as recommended in Security Advisory Board Memorandum No. 3. Further reference is made to your telephone call of this date requesting that the checks be expedited, in view of the fact that these personnel would soon be handling highly classified files.

A check of investigative sources reveals no reason why the individuals listed in your letter of October 25, 1946, should not handle Top Secret and Secret files, provided other conditions set forth in SAB 3 have been met to your satisfaction.

A copy of the photostatic list which you forwarded to this office is returned herewith.

1. The Security Advisory Board under its present terms of reference, as approved by SWNCC 4 November 1946, has no authority by which it may make determinations on the security clearance of any government employee, as requested by the Civil Affairs Division on Dr. Oscar Weigert, employee of the Department of Labor. The Board has never considered that it had the authority to make determinations in matters of personnel security. Its function in this respect has been to act as a channel between military services and civilian agencies for receiving and transmitting security clearances. It has been noted that this policy was stated in the provisions formulated by the Military Intelligence Division to govern the release of classified information by the Civil Affairs Division to governmental agencies (MID 350.0511, paragraph 7 a thereof).

2. On June 24, 1946, the Security Advisory Board issued a memorandum to civilian agencies and departments recommending that certain minimum standards for security clearances of personnel having access to Top Secret and Secret information be followed by civilian agencies. A copy of this memorandum is enclosed for your information. Your attention is especially invited to paragraph 4 of this memorandum which places the final determination for the security clearance of an individual on the Security Officer of his department or agency. The only responsibility of the Security Advisory Board in this instance would be to determine that a clearance submitted by a Security Officer follows the provisions outlined in SAB 3.

3. In the case of Dr. Weigert of the Department of Labor, his file was again referred to the Security Officer of the Department of Labor. After careful reconsideration of all the facts in this case, Mr. Dodson has reiterated his belief that Dr. Weigert is satisfactory from a security standpoint to

My dear Mrs. Barton:

In reference to our recent conversation, I wish to reaffirm the loyalty of Dr. Oscar Weigert to the United States.

There is no question, as far as the Department of Labor is concerned, that Dr. Weigert should be authorized to handle classified material. Members of his family have been mistreated and driven from Germany because of race discrimination and he has rejected an offer to represent the Department in Germany because of an intense dislike for that country and the desire to raise his family in the United States.

Very truly yours,

MEMORANDUM FOR RECORD

Subject: Personnel in OWMR

On this date, pursuant to instructions from the Board at its last meeting, the Secretary called Mr. Nathaniel Goodrich, Security Officer, Office of War Mobilization and Reconversion, into the Board offices to ask him if he could act on the basis of paraphrased versions of certain derogatory information received from various investigative sources on five individuals in OWMR. This information was shown to Mr. Goodrich but he was not allowed to take it with him.

Mr. Goodrich said that he was not able to promise any effective action on anyone listed on this list of individuals on whom derogatory information had been discovered. BISSELL had left the OWMR and any action in that case was unnecessary. NEWMAN and MILLER reputedly had gotten in bad with Steelman and would be leaving soon. It was Mr. Goodrich's opinion that neither presently had access to any information and neither was working except on other matters. MR. NEWMAN is admittedly a good friend of Mr. Goodrich's. MR. KINGSLEY did not have sufficient derogatory information against him to have any recommendation made in his case. MR. STEIN was however No. 2 man in the agency and MR. GOODRICH felt that Mr. Steelman would be especially upset about any remarks made about him. He said that unless he had some paper or tangible recommendation to make to Steelman, he did not think he would get ab audience and if he did, that Steelman would

demand the information.

It was agreed that the Secretary would again consult the Board members to be sure that they agreed that Goodrich should go to Steelman. Until that time, Goodrich would take no action and would try to determine whether any classifid information was actually being received in that agency.

The Secretary visited COL. BLAKENEY this date to discuss this matter. COL. BLAKENEY felt that the Board should direct Mr. Goodrich to go ahead to Steelman if necessary and make recommendations that classified information should not be given these people if he felt that way. MR. ANDERSON felt that we should again attempt to make the FBI make direct cheaks for these agencies and get us out of the personnel work altogether.

Subject: Security Officers

References: a. Minutes 7th SAB Meeting
b. Serial No. 119

1. The Secretary of the Security Advisory Board has now completed a check of the FBI subversive files on all Security Officers listed on SAB 4/1, dated 4 October 1946. It will be recalled that records were previously found on five Security Officers of which only one was considered sufficiently derogatory to justify the removal of the name from the list of Security Officers.

2. In the final group of names submitted for security checks, derogatory information has been discovered on a Security Officer of a Government Department. If the Board determines, on the basis of this information, that there is sufficient reason to justify removal of the name from the list, it will be necessary to determine a definite course of action to be followed by the Board. This matter was not resolved at the 7th Meeting of the Board on October 29, 1946, at which a similar incident was discussed, in view of the fact that the agency in question was determined to be a quasi-official one which the Board could not service under its terms of reference.

3. It is requested that the Board members give some consideration to the course of action which it will follow in the event it determines the information on the Security Officer in question is sufficiently derogatory to justify his removal from the list.
