R. G. BIXLER AND
FAMILY IN CITY

Manager of J. C. Penney
Store, to Open Here Soon,
Is Most Enthusiastic

R. G. Bixler and family, recent
arrivals from San Bernardino, are
making their home temporarily at
308 East Wilson avenue.

Mr. Bixler, who is to be man-
ager of the J. C. Penney store, to
open shortly on North Brand bou-
levard between Wilson and Cali-
fornia avenues, is most enthusi-
astic over Glendale as a place of
business and a home city. He has
been connected with the Penney
stores for several years. This
chain of stores is the largest or-
ganization of the kind in the
United States.

Before coming to Glendale Mr.
Bixler was with the Penney stores
in San Bernardino, Anaheim and
other cities. He is a stockholder
in the Glendale store.

Preliminary to the opening, in
about a month, extensive remodel-
ing of the store is in progress.
Painting work is in progress and
provision made for the new stock
to be installed.

ANNOUNCE PRICE
SLASH ON LAMPS

General Electric Co. Tells
Downward Trend of
Present Figures

Along with other numerous in-
stances to the effect that com-
modity prices are going down-
ward comes the announcement of
the General Electric company of
a 10 per cent reduction in the
price of incandescent lamps.

Officials of the company an-
nounce that this latest reduction
is the fifth in twenty-seven months
and the second since February of
this year, and they report that it
brings lamp prices 37 per cent
below 1914 figures. Officials estimate
that this reduction means a
saving to the public of over seven
million dollars annually.

Improvements in methods and
in machinery for making lamps
which have increased the output
per operator and multiplied the
capacity of the factories, have
been principally responsible, offi-
cials of the company state, for
these reductions in prices.

The house is built on a hillside
and has been designed to harmo-
nize with the surroundings. The
outside is finished with rough
stones and redwood shakes, with
arched doors and a wide porch in
front. The living room and
breakfast room are finished in
redwood tinted in natural colors.
A stone fireplace is built into the
living room. There are nine rooms
and the house cost \$7000 to build.

COMMENT
That's All

Fear Of Being Tagged
Interesting Experiences
Fail To Think Quickly
Some Reform Suggestions

By Gil A. Cowan

Really, it was humorous to read
in yesterday's issue of The Glen-
dale Evening News of the letter
of a man (whom we recognized,
although he hid behind the cloak
of anonymity), who said he was
not signing his name for fear of
being trailed and tagged.

And it wasn't so humorous to
hear the story of another who was
deliberately forced into paying a
\$25 fine, as the Auto club repre-
sentative knows. It was simply
a case of his word against that
of the cop.

The experiences of people in
Glendale police court charged
with traffic violations make inter-
esting reading.

Remember, "nothing but the
truth," and don't be personal. It
isn't the judge or the police chief
or the man earning his living
doing his duty, but the system,
and the way it is conducted, here
and elsewhere, that is the subject
of discussion.

Two news items from the north-
ern section of the state this week
lend light on the subject of motor
accidents.

A psychologist is quoted as say-
ing that 95 per cent of all crashes
are caused by the inability of
drivers to think quickly. The
other 5 per cent come from
recklessness or carelessness. So
much for that.

Another authority declares lax-
ity on the part of our laws permits
anybody to obtain a driver's li-
cense, and he tells of a deaf and
dumb man now being tried for
manslaughter in San Francisco
after having featured in several
accidents. "He never should have
had a license in the first place,"
this critic states.

As an observer at the last ses-
sion of the state's Legislature,
however, the writer of Comment
knows it will be impossible almost
to get a physical examination in-
cluded in the tests for drivers' li-
censes. Not so long as there are
deaf, blind, paralyzed and illiter-
ate members there to sympathize
with fellow unfortunates.

July 20 per cent of those now
driving cars in California could
not pass the Rhode Island quali-
fications, which are very strict.

Indeed, it would be a catas-
trophe to tell some millionaire
visitor here that he could not
drive his own machine because of
gout in his great toe.

Sincerely hoping that the fore-
going remarks will not be con-
sidered as personal insults on the
part of readers who may be af-
flicted, particularly with the gout,
the writer has set forth these
facts in an honest endeavor to
point to reforms which should be
made in the state motor vehicle
legislation relative to the regula-
tion of traffic.

Sleeve Form Factory
Planned for Tujunga

TUJUNGA, July 18.—Plans for
the establishment of a factory for
making patent sleeve forms for
holding clothing are being made
by the owners of the Tujunga
Toggery shop. Main offices of the
company back of the plan will be
in Los Angeles, according to the
report, but a large part of the
work will be distributed among
local people.

CHURCH ADDITION WORK IS RUSHED

New Auditorium Is Nearing Completion; To Suspend Services Two Days

Dr. H. C. Funk, pastor of the First Lutheran church, reports that splendid progress is being made on the new auditorium at 231-233 South Kenwood street.

Dr. and Mrs. Funk are now occupying the new parsonage, and Dr. Funk is giving personal supervision to the work on the auditorium. He says: "The beautiful new auditorium is rising rapidly, and the congregation is to be congratulated on what has been accomplished by the building committee in a short time. The firm of McMackin & Slater have charge of construction."

"On account of the removal of the connecting wall of the church

Thursday Afternoon Club Industrial Show And Arena Circus Ready For Opening

Vacation days are to be enlivened by the industrial show and arena circus, to open tomorrow night at San Fernando road and South Brand boulevard, under the auspices of the Thursday Afternoon club.

The Matthews' Circus and Fiesta company is furnishing the equipment and many of the attractions, while the Thursday Afternoon club is managing several concessions and arranging programs of local talent.

A percentage of the proceeds of the show will go to the building fund of the club.

In addition to the entertainment program, merry-go-round and other pleasure attractions, there will be display booths in charge of Glendale merchants and

annex, all services will be omitted for two Sunday's July 20 and 27."

booths arranged by the club women.

Special Programs
 The club will have charge of special programs every night. Glendale talent has been secured for these programs, which are announced as follows:

Monday night, pupils of Hazel Campbell's studio and Francis Ennis jazz orchestra; Tuesday night, Pearl Keller School of Dancing and Dramatic Art and Emerson School of Self-Expression; Wednesday night, Nanno Woods' School of Dancing; Thursday night, Marcelle Webb's School of Dancing; Friday night, Camp Fire Girls; Saturday night, Dale Marshall.

Club members will direct concessions and will have charge of the entrance and direct the management from the opening night till the closing, July 26. The show will not be open on Sunday.

PLANS DISTRICT MEET OF I. O. O. F.

Important Session Will Be Held In Local Hall on Thursday, July 31

H. W. Hollenbeck, noble grand, and his staff of newly-elected officers, presided over the meeting held last night by the Glendale lodge, No. 388, I. O. O. F., in the Odd Fellows' hall, 201-A West Broadway. The meeting was well attended.

The members are planning to attend a special meeting Tuesday night, July 22, of the Burbank lodge. All Glendale Odd Fellows are urged to be in attendance at this meeting. For further information relative to the time and place of meeting, members are asked to get in touch with the noble grand, H. T. Stevens, at his office on East Broadway.

Announcement was made relative to the district meeting to be held at the local hall on Thursday night, July 31. District Deputy Grand Master Carl E. Wilde will be in charge of the meeting which will be one of the largest affairs held by the Odd Fellows for some time. A specially arranged program will be presented and refreshments served. All local members and visiting Odd Fellows are invited.

ADD TO FUND FOR SYNOD PROGRAM

Donation of \$250 Made for Entertaining Delegates To Meeting Here

The Board of Control in charge of the disbursement of Glendale's advertising fund at their meeting in the Chamber of Commerce yesterday authorized the expenditure of \$250 to be used in helping defray the expenses of entertaining delegates to the meeting of the Presbyterian synod that is to be held here from July 24 to 31, and at which ministers and laymen from the churches of California, Nevada and Arizona will be present.

The request for this contribution was presented by A. L. Baird, a member of the committee that has been appointed to secure accommodations for the visitors who will be here at the sessions of the synod, the board agreeing to its payment when it was pointed out that the advertising Glendale would receive through this means would be an important asset.

Ask City Pledge
 A letter was addressed to the City Council asking that the \$5000 pledged to the advertising fund by the city of Glendale be turned over to the fund.

The suggestion made by the advertising committee that a compromise be made in the suit that has been filed by Charles R. Stuart against the Chamber of Commerce was rejected, and Attorney Bert P. Woodard will be authorized to answer the complaint filed by Mr. Stuart's lawyers.

President D. H. Smith presided at the meeting.

No Word Received on Postoffice Fixtures

The fixtures for Glendale's new postoffice are still missing. Postmaster D. Ripley Jackson said today. A letter from the factory in San Francisco, dated July 9, stated the fixtures were being shipped but to date no trace of them has been found.

Postmaster Jackson has taken the matter up with the factory and has asked the railroad to trace the movements of the car since it was shipped. The failure of the fixtures to reach Glendale is delaying the opening of the new postoffice, Postmaster Jackson said.

Outdoor School for Children Is Opened

Vacations will be possible for Glendale parents who would leave their children under trustworthy care, for Mrs. A. M. Burkey, the first woman to open outdoor schools for children in New Jersey, has opened the Hillcrest boarding school for children from 3 to 9 years, at La Crescenta. In her work Mrs. Burkey has given special study to frail and sensitive children, and she has in her possession splendid references as to her character, personality and capability.

Hospital Patient Is Able to Return Home

W. C. Tyrell of 470 West Maple street, who has been a patient at the Glendale Research hospital was able to return to his home yesterday.

PROBE DEATH OF GLENDALE WOMAN

Police Seek to Determine Explanation of Fatal Fall From Train

Police of Los Angeles are investigating the circumstances surrounding the death of Mrs. Bert Toland, 638 West Salem street, Glendale, who died yesterday, shortly after being admitted to the Receiving hospital suffering from a basal fracture of the skull, in order to determine whether her death was accidental or the result of an attempt at suicide.

Mrs. Toland, who fell from a swiftly-moving Pacific Electric car yesterday morning on Glendale boulevard, near Glenhurst avenue, was standing on the rear step of the car, according to a statement by W. T. Goulet, 124 West Laurel street, Glendale, when the train passed him, and a few moments later he discovered the body of Mrs. Toland lying beside the tracks.

Neither Motorman H. C. Porter nor Conductor E. Sutton could throw any light on how Mrs. Toland happened to fall from the car, and Detective Lieutenant Charles Jarvis of the Los Angeles police was detailed to investigate the affair.

An inquest will be held at an undertaking establishment at 1236 South Grand avenue, Los Angeles, today.

R. D. White Is Placed On Advisory Board

Richardson D. White, superintendent of Glendale city schools, at the picnic meeting of the First District Parent-Teacher Association of Los Angeles county at Long Beach yesterday, was named a member of the advisory board of the first district.

Attending the gathering from Glendale were Mrs. E. B. Moore, publicity chairman of the first district; Mrs. John Robert White, Jr., state chairman of child labor; Mrs. A. H. Brown, parliamentarian of the first district; Mrs. Mae Rosenberg, auditor of the first district; Mrs. W. A. Kulp, chairman of extension for the Glendale Federation.

The picnic was held in Bixby park with Mrs. J. W. Lee, president of the first district, presiding.

Residents Of La Crescenta Valley Hear Addresses On Fire Guards, Flood Control

Plans for future protection from forest fires and the prevention of disastrous blazes such as swept the Verdugo Hills last fall were outlined by Norman Johnson, deputy county fire warden, in an address delivered before residents of La Crescenta valley who had gathered at a mass meeting held at the La Crescenta school last night.

The meeting was held under the auspices of the Verdugo Hills Association of Commerce, and H. N. Fowler, president of the association, presided.

Additional equipment is being purchased throughout the country, Mr. Johnson said, and squads of men are being organized and will be trained to fight forest fires that threaten to make hundreds homeless and cause thousands of dollars in property losses. The plan adopted by county officials in forming fire districts has been followed with great success in Illinois and Michigan, Mr. Johnson said.

Chief Lankford Speaks
 A. H. Lankford, fire chief of Glendale, gave facts and figures on fire fighting equipment in Glendale at the present time. Some of the equipment was purchased as far back as 1914, he said, but was still in service.

The La Crescenta valley will become a part of Los Angeles in time to come, Hugh Pomeroy, secretary of the Los Angeles Regional Planning commission, said in his address on future planning. He told of planning commissions working in various cities and communities and urged the residents of the valley to outline future policies regarding the growth of the various communities.

Urges Sewer System
 Flood control in the valley was discussed by E. Warren, senior engineer of the Los Angeles County flood control department. He told of plans now being made by the department and outlined the work that would be done in the valley. He stressed the idea of sanitation in the valley and urged the people to give serious thought to installing a sewer.

Details of a proposed boulevard from Glendale to adjacent valley points were given by T. W. Watson, chairman of the City Planning commission of Glendale. The route would cover sixteen miles and would be one of the most beautiful auto roads in the state, he said. The proposed route was traced on a map Mr. Watson used in connection with his address.

The co-operation and assistance given the planning commission by the various improvement associations in Glendale were detailed by Mr. Watson. These organizations are of great value to Glendale, he said, and have accomplished much in the way of improvements for the city.

The valley will have a police officer, Supervisor Wright said in an address last night. Provision has been made in the coming budget for an officer for the valley, and it may be possible that a motorcycle officer would be detailed to watch for speeders along Montrose avenue, he said.

A. H. Dahlman Home Entered by Burglars

The home of A. H. Dahlman of 1108 North Jackson street was entered by burglars last night and jewelry, furs and women's wear totaling several hundred dollars in value removed. Entrance was made through a rear window, the police discovered.

R. A. Roberts of 2271 West Washington street, Los Angeles, reports to the police department that an electric sign two feet long and one foot wide was stolen from his car last night between 8 and 10:45 o'clock, while it was parked at the corner of Central avenue and Stocker street.

Glendale Singer on Veterans' Program

Beatrice Cavanah, of 520 North Kenwood street, well-known Glendale singer, is appearing in Los Angeles with the picture "Over the Top," the official war picture being shown at the Philharmonic auditorium for the benefit of disabled veterans. Mrs. Cavanah sings the American national anthem and also "Little Gray Home in the West."

GLENDALEANS ON ADVISORY BOARD

Five From This City Will Assist In Hollywood Bowl Concerts

Five Glendale residents, prominent in musical circles, have been appointed on the advisory board of the Hollywood Bowl summer concerts, whose chairman is Mrs. A. B. Cooke of Los Angeles. Letters from Mrs. Cooke and from Mrs. J. J. Carter, president of the Hollywood Bowl association, congratulate the following Glendale people on their appointment, and express the association's gratitude for the excellent service they have rendered the bowl summer concerts: Mrs. Ralph Benton, Mrs. Harry S. McCormack, Mrs. Edward Cleophas, Dr. Jessie Russell and J. Arthur Myers.

Large audiences are assembling in the natural theatre at the junction of Highland and Cahuenga avenues four nights a week to enjoy the "symphonies under the stars" conducted by Alfred Hertz. Thousands of children revel in their first concert there last Wednesday afternoon.

Next week, Sylvain Noack, concertmaster under Hertz, will play a violin solo on Thursday. Friday the Tschalkowsky Symphony No. 5 in E minor is the chief attraction, and Saturday Charles Wakefield Cadman will be honored by "Cadmian Night." His entire "Thunderbird" suite will be played by the orchestra, and he will be at the piano when charming young Margaret Messer Morris sings arias from his opera, "Shanewis," which may possibly be presented in the Bowl in the autumn.

Arthur Alexander, young American, of diversified talents, will conduct again at the Bowl on Saturday night.

Charles Mallet, 92, Is Stricken by Illness

Friends of Charles Mallet, 92-year-old member of The Glendale Evening News Sunset club, will be sorry to learn that he is very ill at the home of his daughter, Mrs. R. E. Davis at 529 North Adams street. While Mr. Davis has never attended one of the meetings of the club, he has always maintained an interest in the organization and the members will regret to learn of his serious condition.

No Word Received on Postoffice Fixtures

The fixtures for Glendale's new postoffice are still missing. Postmaster D. Ripley Jackson said today. A letter from the factory in San Francisco, dated July 9, stated the fixtures were being shipped but to date no trace of them has been found.

Postmaster Jackson has taken the matter up with the factory and has asked the railroad to trace the movements of the car since it was shipped. The failure of the fixtures to reach Glendale is delaying the opening of the new postoffice, Postmaster Jackson said.

Outdoor School for Children Is Opened

Vacations will be possible for Glendale parents who would leave their children under trustworthy care, for Mrs. A. M. Burkey, the first woman to open outdoor schools for children in New Jersey, has opened the Hillcrest boarding school for children from 3 to 9 years, at La Crescenta. In her work Mrs. Burkey has given special study to frail and sensitive children, and she has in her possession splendid references as to her character, personality and capability.

Daily Greeting To News Readers

SOME PEOPLE HAVE A GENIUS—
For saying nothing and saying it constantly.
For thinking foolishness and talking noisily.
For reforming others and neglecting themselves.
For criticizing everything and constructing nothing.
For killing time and calling it LIFE.
For living recklessly and thinking themselves lucky.
For doing nothing and getting it into the newspapers.

MEN AND WOMEN, WAKE UP

Much has been said and written about a state of chaos in political affairs, and a condition of lawlessness that exists in this country, and many writers have gone right back to fundamentals and placed the blame where it belongs—on the people, the individual voter. But, we are so apt to take these criticisms of "the people" impersonally; they slide off our conscience like water off a duck's back. The man next door may be at fault, but not we. We know that conditions are in an awful state, and that "they should do something about it," and then our own more important affairs engage our attention.

There are four classes of people among us today, and they are pretty evenly divided. First, the man who is careful not to lose his citizenship by failing to register, and who expresses his opinion conscientiously at the ballot box every time he has an opportunity. But, there are so few in this class that they cannot accomplish very much in the way of political reform and law enforcement. Second, the man who is absolutely indifferent to his country's welfare and his right of franchise. He is more of a menace than the anarchist and the I. W. W. who are trying to do away with all government, for he will eventually accomplish what they are attempting, and his methods are quicker and surer than theirs. Third, the man who believes that things are running along just as well as could be expected, and who goes along just the same whether he votes or not. So, he doesn't take the time and trouble to vote. Fourth, the one who thinks that everything is all wrong, and that his vote is powerless for good in the midst of so much evil. He doesn't vote, either.

If something could only be done to stir up the people in this matter. There are those who do not use their right of franchise from one year's end to the other, and they are the ones who howl the loudest about rotten conditions. The most effective way to wake them up would be to deprive them of their franchise when they do not use it for a certain period. They would soon clamor for their rights then. Those who are apathetic where public questions are concerned would wake up and demand a voice in the government. Why is it that we never prize what we have but are always reaching out for the unattainable?

The people are presumed to be sovereign in the United States, but three-fourths of them have stepped down and gone about their own business, leaving the other fourth to assume their functions.

Men and women, wake up. Register and vote. Self-respect alone should compel you not to throw away your privileges as citizens. Do we have to have war to be loyal to our country? Is not lethargy and the surrender of our rights as voters equivalent to disloyalty?

Have you registered since January 1? If not, you have only until July 26 to perform this duty if you wish to vote at the August primaries. Do not fail to register and vote. At least, have a clear conscience, even if the affairs of the nation do not go just as they should. Don't let the blame be on your head and your soul.

When the people do wake up to a sense of their duty and responsibility—and it is unthinkable that this condition should continue much longer—then those in high places will take notice. They keep a finger on the public pulse, and when the people really want and demand reform in politics and government, they will get it. Why should we not have demagogues in public office when the people don't give a hang how things go? Public opinion is the greatest force in the world. It can accomplish anything.

Men and women, wake up!

PREVENTING MOUNTAIN FIRES

The mountain fires that have been sweeping over California (in fact, all along the Pacific slope, from British Columbia to Mexico) are not giving us any favorable publicity. Most of these fires are started by the carelessness of those who are presumed to have good sense. No one is excusable for being careless where so much is at stake. Forest fires have been so frequent and so much has been said about using care in this regard that no one can plead ignorance of the danger or of the rules.

The authorities have closed a number of canyons to pleasure-seekers, and they are perfectly right in exercising such care, although it seems unjust that those who love to camp and hike in the mountains, and who use due precautions while doing so, should have to forego their pleasures on account of the carelessness of a few. Those who prefer to spend their vacations at mountain resorts are compelled to give up their annual outings which mean so much as a diversion from the long year's grind, and many of our summer tourists are deprived of their only opportunity to view some of our beautiful mountain scenery.

Coming as this does, right on the heels of the foot and mouth disease, which caused a ban on mountain travel, many of the mountain and canyon resort owners face financial ruin, while others have had their entire equipment wiped out by fire.

All the fires are not started along the mountain trails, either, so that closing the canyons does not entirely eliminate the danger. Many fires spring up along the public highways and boulevards where passing motorists throw their half-smoked cigarettes into the parched grass by the roadside. The man who goes away and leaves the remnants of a camp fire or who tosses a lighted cigaret or a bottle or piece of glass into the dry vegetation where the latter may reflect the rays of the sun and start a conflagration, is a menace to society and no less a criminal because his intentions are not evil.

It would do no good to ask that people refrain from smoking in the mountains or along the highways. But the authorities have a right to go after those who are criminally careless and surely the people will stand back of officials in seeking out and punishing these offenders to the limit of the law.

Senator La Follette says the present convention system is doomed. Be that as it may, the press correspondents who had to cover the last convention in person say it is something that sounds very much like doomed.

Man was given ten days in the jail house for galloping his flivver 54 miles per hour. By flivver owners this is considered a great moral victory over the scoffers who claim that flivvers can't travel.

Back of every ballot cast in November should be conscience, conviction and mature thought.

Heads Democratic Ticket

This is a late picture of JOHN WILLIAM DAVIS, Democratic candidate for the presidency. He was born in West Virginia, is 51 years of age, taught school, became a lawyer, mingled in politics, was Solicitor General of the United States, is a Presbyterian, was ambassador to Great Britain, and was counsel for J. P. Morgan & Co.

Thinkers and Politics

By DR. FRANK CRANE

A little book by Henri Barbusse called, "The Knife Between the Teeth," is a plea for international communism.

As an argument it is not convincing. In fact, it is not an argument so much as an impassioned appeal. But in the first part of the book he says some things in regard to the duty of intellectuals in politics which are striking. Very often what a man says, by the way, is much more interesting and convincing than the gist of his preaching.

He tells us that most people, with the intellectuals at their head, affect to despise politics. They regard politics as a field particularly full of offensive vulgarities.

In the present time and under the present conditions, where the struggle between right and wrong is waging, he considers that this attitude is vicious, that it is "a sign of aristocratic myopia, or, rather, a pretext easily explainable but little excusable, to remain comfortably hidden from the rough and tumble of life amidst clouds and phrases."

The tricks, the pettiness, the sordidness, the

dull and narrow passions of politics are but scattered instances, and to build upon them the generalization that politics is an essential evil is an "infantile sophism unworthy of intelligence."

He proceeds then to give us some very burning words of exhortation and of warning, in a passage that is almost a classic.

"If the living world is to achieve a better order, or if it is to remain where it is, the matter must be effected by political measures, and all words and ideas are of no avail. To act politically is to pass from dreams to things, from the abstract to the concrete.

"Politics is the effective working out of social thought; politics is life. If we admit any sort of connection between theory and practice we must take our part in political life."

"To leave the men of practical politics alone in their efforts, even if we do so with an amiable neutrality, and to say that we will have no dealings with those men, this is to abandon the cause of humanity."

Horoscope

This is rather an unfavorable day for most human activities according to astrology. Mars and Neptune are in malefic aspect, but Saturn is friendly.

Farmers may take heart, since the stars seem to indicate that crops in many parts of the country will be unusually good. Drought is predicted next month in a number of states and the West will be much affected, it is forecast.

Again home-owning will be popular and real estate should be more active than it has been.

Thrift is enjoined by the seers who vainly warn the people to safeguard property and provide for years that may be lean.

Astrologers repeatedly declare that European conditions must affect this country seriously, even though there is much apparent prosperity.

Mars and Neptune are in aspects denoting continued agitation regarding the army and navy of the United States.

Some cause, fancied or otherwise, for preparedness, will awaken women's organizations to an unprecedented peace campaign, it is foretold.

Accidents on warships belonging to Uncle Sam are prognosticated and there may be serious loss of life.

Violent storms in the eastern part of the Atlantic ocean are foretold by astrologers.

Earthquake shocks are threatened in the 22nd degree of East Longitude.

Tourists abroad are to learn much that will affect their attitude on international relations, the seers declare.

Persons whose birthdate it is have the augury of much travel within the year and certain journeys may be due to some sort of anxiety. Speculation or money-lending should be avoided.

Children born on this day probably will enjoy lives in which there is much variety. These subjects of Cancer usually are great travelers.

Women first entered party politics during the campaign of Benjamin Harrison in 1888 and issued campaign literature.

Today's Poem

THE FUTURE

What may we take into the vast "Forever"?
That male door
Admits no fruit of all our long endeavor,
No fame-wreathed crown we wore,
No garnered love.

What can we have beyond the unknown portal?
No gold, no gains
Of all our toiling; in the life immortal
No hoarded wealth remains,
Nor gilds, nor stains.

Naked from out that far abyss behind us
We entered here:
No word came with our coming,
to remind us
What wondrous world was near,
No hope, no fear.

Into the silent, starless night before us
Naked we glide:
No hand has mapped the constellations o'er us,
No comrade at our side,
No chart, no guide.

Yet fearless toward that midnight, black and hollow,
Our footsteps fare:
The beckoning of a Father's hand we follow—
His love alone is there,
No curse, no care.
—Edward Rowland Sill.

PERFECTLY WILLING

A school teacher had a birthday, and the children of her school brought gifts to her in the shape of flowers and candy. One little fellow, the naughtiest of all her pupils, brought a frosted cake. To him she said:

"It was very sweet of you to remember my birthday, Robert, and I appreciate your gift. But it would be a much better birthday present if you would promise to be a good boy for the rest of the term. Won't you do that?"

"Yes, miss," he said seriously. "I'll promise. Shall I take back the cake and eat it myself?"

Smiles

HITTING THE CURVES
Passenger reached San Pedro after rough passage on Canal liner.

"Where did you get that black eye?" asked a friend.
"It's a berth-mark," he said.

The Ravings Of a Grouch

In the old days the officers of the law overlooked a good bet. They could have collected considerable revenue in fines from drivers of frisky, high-stepping horses by following them with guns, for some of those high-stepping teams were much more of a menace to safety than automobiles in the hands of good drivers, many of whom have been compelled to make generous contributions to the treasury of city, county or state in Glendale and other adversely-advertised parts of California.

I am law-abiding myself and am in favor of adherence to all the statutes. But it seems to me that laws are made for the good of the people and when they are enforced in a way to defeat that purpose then they are a detriment instead of a benefit. I do not think that a law administered for the purpose of bringing in fines is in keeping with the spirit of America.

The fact of the matter is, in a city, for instance, like Glendale, at least half of the motorists who appear on the street every day break the motor laws in some way or other. It is safe to say that these are all, or nearly all, people who are good citizens, careful drivers, and want above all to uphold and observe the law. There are times when the traffic would never become untangled, when serious accidents would result, if some one did not make a quick decision and a quick move and break the law in doing so.

A driver often sees the necessity of passing another car to avoid traffic congestion or accident and he speeds up and goes around when there is absolutely no danger to anyone in doing so. As safety, not revenue, is, or should be, the excuse for the existence of the speed limit law, he is not breaking the spirit of the law. It is more important that a man drive carefully than that he keep his eyes on the speedometer all of the time.

If I had a car I would be afraid to take it out on the road. I am not over-timid but if I should see one of those fierce-looking gun-men following me in the hope that he would be able to "get me" I would become so confused that I might speed up to get away from him.

Motor laws, like other laws, are necessary and should be observed. Motorists know this better than speed cops do. If the officers would co-operate with drivers they would accomplish the purpose of the law, which is the greatest possible safety and well-being of the people. But when officers of the law regard all motorists as potential criminals and treat them as enemies of society they overstep their authority and defeat the purpose of the law. The officers are the servants of the people and if I drove a car I would see that I got respectful treatment from my servants.

curbs. The department can now give the permanent grades of all dedicated streets, he said.

A. J. Van Wie, Glendale city clerk, pictured the city of Glendale as it had been in 1919, with only one night patrolman on the police force, whereas there are now twenty-five.

Alexander Mitchell, for twenty-four years a resident of Kenneth road, pictured early conditions, stating there were but 300 residents when he came.

O. M. Newby declared the crowd was an inspiration and that cities grow great when the people work together. To be really big, a city must have schools, parks and streets, he stated.

Mr. Hoover declared that a year ago there were but ten school children in the district, and that now there are 112. "It takes bonds to build schools," he said. "and it takes votes to get bonds. We must all get in the harness and do our bit."

C. C. Bowerman, who heads a local lumber company and has made numerous investments in the district, declared that he located in this section after looking over all of Southern California and was thoroughly satisfied of its future.

The meeting adjourned after the school program endorsed by the Fourth Street Improvement association as their meeting last week had been approved. There were rising votes of thanks to the Glendale city officials who had turned out in such gratifying numbers, and to the women of the auxiliary, who had spread such an inviting feast.

The committee in charge of the refreshments comprised: Mrs. E. Pease, Mrs. F. A. Hooker, Mrs. M. J. Hooker, Mrs. J. Jenkins, Mrs. De Vischer and Miss Betty Hoover.

Diet And Health

By LULU HUNT PETERS, M. D.

ANSWERS TO CORRESPONDENTS

"Dear Doctor:—I have had temporary reducing bouts before trying your system, but I have always suffered from them, and I declared that I would rather be fat than miserable, bad tempered and sorry for myself. I have had none of these bad effects by following your instructions. My fat has not only rolled off, but my self-respect has come back to stay. I expect to keep up watching my weight for the rest of my life. I intend to go Petering on instead of Petering out."

"I am in a trying position as I have to go out a great deal to lunches, dinners and suppers and entertain in return. It is really terrible to see so much good food placed before overfed people."

"When one is over 50, isn't 110 pounds too little for five feet in height? That is my height. I am down to 145 from 164, a loss of 19 pounds. That doesn't look much on paper, but it means no more tummy and a fast disappearing double chin. I can now get into a straight lined gown without exhibiting any curves."

"In the morning I turn on a gay jazz tune and dance wildly around. (I have the daily dozen, but they bore me.) Then I take a run along the beach and back home and have a shower and a breakfast of a cup of coffee with cream and sugar and a tiny bit of toast. After this, I follow your regime, and when I look in the glass, I say with beautiful feeling, 'God bless Dr. Peters.'—Yours gratefully,—Mrs. H."

Now there are several valuable things in this letter. First, let me comment upon the fact of feeling miserable and bad-tempered and sorry for yourself while reducing. On unscientific systems of reducing, that is, those that advise the elimination of all fats and starches and sugars, the diet is too high in proteins and this leads to acidosis and auto-intoxication. That is the reason for feeling so miserable while following unscientific diet directions. The nerve tissues and all the other tissues are starving. The

reducing diet we advise has to supply all the elements the system needs. Only some of its energy needs are cut out and the surplus body fat supplies these. No 110 to 115 pounds is not too little for one over 50. The insurance statistics show that those who are underweight for the average at middle age are healthier and have a longer life expectancy.

Your habit of turning on a gay jazz tune and dancing is splendid. Doing any exercise with music makes it so much more enjoyable, as well as more effective. Your run along the beach made me homesick, because it is a little stunt I do myself in the summer-time. Only, instead of going home to the bath, I plunge into the waves and get a good pounding and have a good swim.

Your breakfast is the same that I take, with the exception of the sugar in the coffee. It certainly does make me happy when I think of your looking in the glass and saying "God bless Dr. Peters." He has blessed me in giving me my work."

Mrs. J.—You want to know if there is any cure for the falling of the womb, except operation. You bought a pessary at the drug store, but it made your back ache. For a complete prolapse, such as your letter describes, there is no cure except an operation. You ask if it is a serious operation. It is an abdominal operation and what we call a major operation, but in the hands of a skillful surgeon, it is very successful and not so serious as an operation where there are inflammatory conditions and pus. No wonder your pessary made your back ache. The pessary has to be fitted and molded to suit the individual requirements and this should be done by a skilled physician.

Wed Last Night

The marriage of Mrs. Laura Eckleberger to Harry Neal Rinker took place at 7 o'clock last night, Thursday, July 17, 1924, at the home of Rev. C. R. Norton at 801 East Wilson avenue. They were unattended. Mr. and Mrs. Rinker have gone to Catalina for several days and upon return will reside at 1104 East Harvard street. Mr. Rinker is in charge of the public service work in Glendale for the Southern California Gas company.

Shower Honoree

Mrs. Roy U. Selover of 1220 South Mariposa street, was complimented with a shower last Saturday night by Miss Mrs. Bradshaw and her mother, Mrs. A. E. Bradshaw of 1511 South Glendale avenue. The affair was given at the home of Mrs. Selover's mother, Mrs. Wm. Crawford, 800 South Central avenue.

Pink and white were artistically employed in decorating the rooms for the occasion. The refreshment table was centered with a wreath of pink and white sweetpeas with a tiny stork in the center. Dainty favors consisting of rose-bud baskets and pink baby shoes marked the guests' places. The evening was devoted to an informal social time and at a late hour, Mrs. Selover was presented with a number of lovely gifts.

Those present included Miss Ruth Ryan and Mesdames George Selover, Jay Palmer, Charles Talbott, Sloan Freeman, Polster, George Damon, William Crawford, and an honor guest, Mrs. Roy Selover.

Hostess to Class

Berean class members of the First Baptist church enjoyed a delightful summer gathering yesterday afternoon at the home of Mrs. Ella Huskins at 1735 West Kenneth road. Mrs. Huskins was assisted by her daughter, Mrs. Findley. There were thirty women present. Mrs. S. Houdyshe arranged the program, which included musical numbers by Mrs. J. M. McKeever and Mrs. Arthur Sisley and readings by Mrs. Magill. Delicious refreshments were served late in the afternoon.

Guild to Picnic

Final plans for the picnic to be held July 22 at Hermosa Beach by the members of St. Mark's Guild were made yesterday afternoon at the meeting held in the Guild hall. W. J. Farbar, president, called the meeting to order at 2:30 o'clock. It was decided by the members to meet at the Guild hall on Tuesday, July 22, at 9 o'clock, and motor together to the beach for the annual picnic. It is hoped all members will plan to attend.

Beach Outing

At the invitation of Mrs. John Robert White, Jr., the Business and Professional Women's club of Glendale will enjoy an outing tomorrow afternoon at the White summer home at Hermosa Beach. Mrs. Josephine Woolsey, president of the club, states that those going to the beach will leave on the Pacific Electric car at 2 o'clock. They are asked to communicate with Mrs. Woolsey at Glendale 3458-M.

Visiting Here

Mrs. E. H. Baird and daughter, Miss Arlene Baird of Dyersburg, Tenn., arrived here this morning over the Southern Pacific for an extensive visit with Mrs. Baird's parents, Mr. and Mrs. I. J. Stafford of 214 East Chestnut street. Mrs. Baird and daughter visit in Glendale every summer and have made a host of friends here who will be glad to learn of their arrival.

Birthday Guests

Miss Evelyn Shaw, daughter of Judge and Mrs. Hartley Shaw, of 212 West Park avenue, celebrated her birthday by entertaining a group of young friends at dinner last night. Misses Jean and Gertrude McCunn, Pomona college friends of the Misses Shaw, and Anna Grace and Drummond McCunn of 2244 Osborne Way, Eagle Rock were those entertained.

Funeral services for Miss Lulu Teager, who died Wednesday morning at her home, 644 North Louise street, were held at 2 o'clock this afternoon in the Little Church of the Flowers in Forest Lawn Memorial park. The L. G. Seavern Undertaking company was in charge.

BIRTHS

Mr. and Mrs. L. Slot of 212 East Windsor Road, are the parents of a son, born Thursday, July 17, 1924, at the Glendale Sanitarium and Hospital.

Seventh Birthday

Mrs. W. L. Jencks of 409 North Maryland street entertained a jolly group of kiddies yesterday at a birthday party for her daughter, Pauline, who was 7 years old. Games were featured and enjoyed by the little honoree and guests and later a pink and white birthday cake was served. Tiny pink and white baskets of candy were the favors for each one. Those at the party were Katherine Buettnier, Irene Curl, Jean Russell, Pauline Hoffman, Tad Hankey, Robert Jencks and Pauline Jencks.

Supper at Beach

A company of members of the Young Married People's club of the First Methodist church, motored to Santa Monica last night for a winter bake on the beach. Those attending were Mr. and Mrs. H. Preston, Mr. and Mrs. E. Kiefer, Mr. and Mrs. Pike, Mr. and Mrs. E. Thomas, Mr. and Mrs. W. E. SHOE PRICES CUT IN ANNUAL SALE

Latest Styles Offered at Bargains to Make Room For Fall Stocks

In making room for new fall styles, the Kafateria Shoe store at 126 North Brand boulevard, is offering some wonderful bargains in their July sale which began last Wednesday and will continue until Monday, July 21. Wednesday's business far surpassed all expectations and with sales activity continuing at white heat, the Kafateria Shoe company is greatly gratified.

Good shoes for \$2 a pair may be secured during this sale owing to the fact that an exceptionally fortunate purchase by the company and the custom of cutting profits to the bone makes it possible for the Kafateria to offer these bargains in really good shoes. Over 10,000 pairs of low shoes are included in this offering. Summer wants can be satisfied and supplies secured for next year.

Show Latest Styles
All the latest styles in oxfords, dress shoes, sports styles and dainty strap slippers of satin, kid or patent, in black, brown and white are also included in the sale. In fact, all styles and all sizes up to eight for women with all heights of heels may be secured during this sale.

P. R. Cushman, manager of the store, states there are values included in this slashed price sale up to \$7, and all are to go for \$2 a pair. For further details read the Kafateria Shoe advertisement in another section of The Glendale Evening News.

BURN OFF WEEDS IN SUBDIVISION

Association Members Stage Clean-up Drive; Fire Hazard Removed

Members of the Glendale Heights Improvement association last night turned out to burn off over twenty-five acres, and cleaned up an area in the southeast section of Glendale of about twenty-five acres, burning off the brush, dry grass and weeds, under the supervision of men detailed by the Glendale fire department. The Glendale fire department is the menace existing because of the weeds and brush was taken at a meeting held Monday in the Baudino building at the corner of Adams and Palmer streets, and the members of the association, after securing the necessary permission from the fire department, eliminated the danger of conflagration that has existed until the present, using every precaution to prevent any possible spread of the flames to other sections of Glendale.

H. F. Taylor, 1550 Cambridge drive, president of the association, was in charge of the clean-up of the lots.

Do You Know the "Savings Feeling"?

A SENSE of prosperity and independence belongs to the saver. He is prosperous, for in his savings pass book is the key to financial advancement. He is independent, for his savings provide a bulwark against adversity and through them he may purchase whatever he wants that money can buy.

The saver holds his head high. He feels that he is a more important citizen of his community—and actually is. The possession of property of any sort—from a savings account to the many things that grow out of it—engenders better citizenship.

That is the "savings feeling." It may be purchased in small monthly payments through a teller's window at this bank.

Both of our Glendale Branches have Savings Departments and will gladly furnish one of our Beneficial Accounts in which the bank has entered a conditional deposit of One Dollar.

Clubs to Decide on Proposed Rail Merger

LOS ANGELES, July 18.—Southern California's position concerning the proposed merger of the El Paso & Southwestern railway lines with those of the

Southern Pacific system will be determined Friday, July 25, at a conference of civic organization representatives and railroad officials to be held here under the auspices of the Chamber of Commerce. The new date for the meeting was announced today.

Possibility of the Southern Pacific constructing a new main line to the east by way of Phoenix

and other features of the merger which is now before the Interstate Commerce commission for approval will be discussed at the meeting.

RECALLS BANKING DAYS YEARS AGO

Oklahoma Oil Man on Visit To A. R. Eastman; Were Early Partners

Banking experiences of early days in Oklahoma have been recalled by the visit to Glendale of E. J. Blank of Cushing, Okla., a financier with whom A. R. Eastman, president of the Glendale State bank, was associated in the beginning of the careers of both of them.

When Mr. Eastman started his first bank in Agra, Okla., he did business in a frame building measuring 12 by 20 feet and with chicken wire over the counter to save the gold reserve from any chance raids that might be made on it.

Mr. Blank at that time was station agent in Agra, but when Mr. Eastman moved to Cushing, he persuaded the former to go along and help organize a bank, in which Mr. Blank was given the position of manager.

From there he branched out, keeping pace with the development of Oklahoma, until today he owns two oil refineries and a lot of important production, but since coming to California he is planning to close out his interests in Oklahoma and settle in this state, according to statements he has made to Mr. Eastman.

Mr. Blank has been investigating conditions in Southern California and has found Glendale one of the most attractive spots he has visited, and his association with Mr. Eastman will form an important factor in helping to determine his selection of a residence when he sells out in Oklahoma and comes to California.

Pittsburgh Residents To Spend Summer Here

Dr. and Mrs. F. R. Gartley, 1319-B East Broadway, are in Los Angeles today meeting the latter's mother, Mrs. Hendershot, who has come from Pittsburgh to spend the summer on the coast. Mrs. Hendershot came by way of San Francisco to meet her son, who has been stationed in China with the navy and who has just returned to this country after his service abroad.

During Mrs. Gartley's absence from the offices of the Glendale Merchants association, Secretary Frank H. Pilling is on duty at the office in the Citizens building, although his condition, as the result of his recent automobile accident, does not permit him to undertake any protracted tasks yet.

American Flyweight Wins Over Canadian

PARIS, July 18.—American fighters continued their victorious march toward the Olympic championships, when Fidel Labarbe, the Los Angeles flyweight, easily defeated Reenye, the Canadian boxer, in their preliminary bout. Labarbe knocked his opponent down twice in the second round and sent him twice to the floor in the third round.

LEADERSHIP

Firestone Leads on Speedway with Five Record Breakers

When the race driver selects his tires he does so realizing that his life and chances for success depend upon them. It is significant that all of the ten money winners in the Indianapolis race were Firestone shod. Firestone, using gum-dipping and other special processes, has developed tires to such a high degree of efficiency that at Indianapolis, May 30th, the following drivers broke the world's record for 500 miles over this brick track, making many rounds at over 100 miles per hour.

Never before were tires put to such gruelling service, where it was necessary for every ounce of rubber and every fibre of fabric to work in perfect unison with every other part.

Leadership in Everyday Service

Millions of motorists are profiting by the lengthened service of Firestone tires. Scores of unsolicited testimonials emphasize the long mileage Firestone Gum-Dipped Cords deliver—which builds leadership in service, safety and economy.

Leadership on Cabs, Buses and Trucks

The largest taxicab companies in the five largest cities in the United States use Firestone Gum-Dipped Cords exclusively. One fleet alone, the Yellow Cab Co. of Chicago, uses over one-half million tire miles per day.

NOTICE IS HEREBY GIVEN That on Monday, the 21st day of July, A. D. 1924, at 12 o'clock, M. of that day in front of the Court House door of the County of Los Angeles, Broadway entrance, I will, in obedience to said order of sale and decree of foreclosure and sale, sell the above described property, or so much thereof as may be necessary to satisfy said judgment, with interests and costs, etc., to the highest and best bidder for cash, in gold coin of the United States.

Dated this 27th day of June, 1924. Sheriff of Los Angeles County. By W. D. Gilman, Deputy Sheriff. Lewis S. Jones, Plaintiff's Attorney. June 27/July 3-11-18-19-24

received any written protests or objections up to the time set for hearing. Whereupon the mayor asked if there were any interested persons present who desired to be heard. Mr. Fambrough addressed the council protesting the assessment as levied against his property, same being the west 15 feet of lot 14, block "Q," Glendale Valley View tract. All interested persons have been given full opportunity to show cause why the proposed assessment should not be carried out in accordance with the diagram exhibiting the district to be assessed to pay the costs of said improvement, and all objections having been heard and considered, on motion of Councilman Kimlin, seconded by Councilman Hall, all protests were denied.

On motion of Councilman Gilhuly, seconded by Councilman Kimlin, assessment roll for the improvement of Kentworth Avenue, as prepared by the street superintendent, was confirmed.

Improvement of Viola Avenue The clerk notified the council that this was the time, hour and place fixed for hearing protests or objections against the proposed improvement, or the extent of the district for the improvement of Viola Avenue and Stocker street in the city of Glendale as particularly described in Resolution of Intention No. 2494, passed by the said council on the 24th day of June, 1924, and the clerk also reported to the council that he had not received any written protests or objections up to the time set for the hearing. Whereupon the mayor asked if there were any interested persons present who desired to be heard, and all interested persons having been given full opportunity to show cause why the proposed improvement should not be carried out in accordance with the said resolution of intention, and all objections having been heard and considered; on motion of Councilman Gilhuly, seconded by Councilman Kimlin, all protests were denied.

OFFER STOCK IN REALTY COMPANY

Ally of Pacific Southwest Bank is Marketing \$1,000,000 Issue

First Securities company, which is identical in ownership with Pacific-Southwest Trust & Savings bank, are offering an additional issue of \$1,000,000 Pacific-Southwest Realty company 6 1/2 per cent Cumulative Preferred Serial stock at \$100 per share plus accrued dividend, to yield 6 1/2 per cent. This stock, in the opinion of counsel, is exempt from the Normal Federal Income Tax and the Personal Property Tax in California. It is issued in series, designated "A" to "W" inclusive, maturing July 1, 1929 to July 1, 1951, respectively. The serial maturities provide a constantly increasing equity for the remaining outstanding shares.

The Pacific-Southwest Realty company was organized in 1923 for the purpose of acquiring and thereafter owning and operating all the real estate properties owned by the Pacific-Southwest Trust & Savings bank and one parcel owned by The First National Bank of Los Angeles. The company also undertakes the providing of additional bank premises and buildings, as required by the growth of these banks. The entire issue of common stock of the realty company, which enjoys the sole voting power, is owned by the First Securities company which is owned entirely by the stockholders of The First National Bank of Los Angeles and Pacific-Southwest Trust & Savings bank. The management of the realty company is under the direction of Henry M. Robinson, president, and other officers and directors of The First National Bank of Los Angeles and the Pacific-Southwest Trust & Savings bank.

Worth \$6,210,000 After giving effect to the present financing, the appraised valuation of the properties held by the Pacific-Southwest Realty company, as accepted by the Superintendent of Banks of California, will be in excess of \$6,210,000. The properties as acquired from the banks are leased to the Pacific-Southwest Trust & Savings bank for a period expiring July 1, 1952. Under the terms of this lease, the interest on the bonds, the dividends on the preferred stock issued by the Realty Company and the annual maturities of stock and bonds are assured by the rental contract.

STEADY WORK IN BUILDING TRADE

Contractor Beran Declares Business Activity is Being Maintained

"There was never a time in the history of Glendale when our business was more satisfactory than it is at the present time," said S. S. Beran, architect, contractor and builder of 213 1/2 South Brand boulevard. "There has in the past been a little letting up in business in some lines, but not in ours. We have always had all the work we can successfully do. In order to take care of the work we have been compelled to increase our force from time to time, until now we have one of the largest building aggregations in this section of the country."

"We have constructed a large number of the better class of homes in Glendale. Although we handle the smaller structures we make a specialty of the better type homes. In connection with every job we endeavor to give satisfaction. Our aim is to take care of the details on every job that when the home is finished everyone will be entirely satisfied."

Expert Workmen "In all our work we use the very best of materials. We employ nothing but experienced workmen who know their work thoroughly. As a result, we get a job that is right in every sense of the word."

"The future looks exceedingly bright for us. We are satisfied with the way things are going and we believe Glendale has a rosy future before her."

Following is a letter received by Mr. Beran from M. A. Bryant, 141 Harvey drive, many letters of which kind of communications are on file in this builder's office:

"Mrs. Bryant and I wish to thank you and to express to you our appreciation of your services rendered in the building of our home at 141 Harvey drive, Glendale."

"We surely are well pleased with it in every particular. The building of a home takes considerable study to work out all the details in connection thereto and it is certainly a relief to find a builder (with the knowledge and the willingness to do) who can be relied upon to carry through one's wish in design and workmanship in the final conclusion."

Hold Murder Theory In Death of Chinese

SACRAMENTO, July 15.—Dr. G. Fong, young Chinese physician of Woodland, was found dead on the east levee of the Sacramento river near Knights Landing under circumstances which indicated he had been murdered by bandits. The young Chinese had been shot through the head and body, the bullets apparently having been fired from a distance of fifteen to twenty feet, according to the police.

Mute Messengers of a Nation

IN AN underground telephone cable scarcely thicker than a man's wrist there are 2400 threadlike copper wires, each pair providing a path for instant speech.

These highways of the spoken word, buried beneath many an American city, are carrying thousands of voices simultaneously from office to factory and some from coast to coast.

If released from their copper carriers, these messages would sound a Babel, in which none

could be heard. Confusion beyond description would reign if this unhindered speech, now hushed by science in tiny strands, were voiced aloud.

An average of 54,000,000 telephone conversations speed daily over the wires of the Bell System. By hundreds in cables, by dozens in the open wires, they travel in silence side by side, to find voice again only at their journey's end.

Muted as they pass from telephone to telephone, they weave the pattern of the nation's life.

Theatres News Notes

Views and Previews From Studios

"The Gray Wolf" continues to divert playgoers at the tent theatre of Murphy's Comedians on Stocker street, Casa Verdugo, between Brand boulevard and Central avenue.

The play is a clever comedy-drama, well staged and with an excellent cast. Laughs and thrills follow one another in rapid succession throughout the play.

The curtain rises each night promptly at 8 o'clock, states Manager J. A. Menard of Murphy's Comedians, though those who wish to assure themselves of front seats may come as early as 7:15 o'clock.

"The Gray Wolf" is something different, well removed from the conventional play pattern. Murphy's Comedians are offering it for the first time on the Pacific coast.

Yet here she was, her mind working busily along an entirely new line of thought, like that of any one of the foolish village girls in the factory, because old Spaulding's nephew, excited for a few months from his clubs and his polo and his yachting, had deigned to draw her into a moment's careless friendship.

She felt within her a stern self-contempt as she opened the kitchen door.

Fruit Growers' Money Acts as Trade Tonic

ATLANTA, July 13.—Retail and wholesale business has been stimulated by the receipt so far this season of between \$15,000,000 and \$20,000,000 by Georgia fruit and truck growers. Jobbers report active buying of fall lines by rural stores. The morale of the farming communities is higher today than at any time since the advent of the boll weevil, since the prospect is for a million bale cotton crop for the state with an estimated value of \$175,000,000 including seed. Growers are cultivating actively and seem to be waging a winnable fight against the weevil. The state college of agriculture estimates that Georgia livestock and farm products will yield a half billion dollars this year, an increase of \$55,000,000 in farmer purchasing power in the last 12 months.

Georgia Shipment of Fruit Nearing Peak

ATLANTA, July 13.—Georgia peach and watermelon shipments are increasing daily and will be at their peak within ten days. The cantaloupe movement is falling off, the product selling at \$2.75 to \$3.25 a crate. The heaviness of Georgia and Texas watermelon shipments will more than offset the short supply from Florida, although prices have weakened about \$100 a car.

Uncle Wiggily

By HOWARD R. GARIS

UNCLE WIGGILY IN THE WELL
Uncle Wiggily was hopping along the woodland path one day, going out to his camp under the umbrella tent, when he saw Jollie and Jillie Longtail, the mouse brother and sister.

"Hello, Jollie and Jillie!" called the rabbit gentleman, as he twinkled his pink nose. "Why don't you come out to see me in my camp?"

"Thank you, we shall be very pleased to do that," squeaked Jillie politely, being a little girl mouse.

"Have you anything good to eat at your camp?" asked Jollie, who was a boy mouse, and, in consequence, always hungry.

"I have some fine cheese cake out at my camp," spoke the rabbit.

"Oh," cried Jollie. "Ah," cried Jillie. For they were very fond of cheese cake.

"Come along out to camp with me," invited the bunny. And when they got there—no, the cupboard wasn't bare, as it was in the story of Mother Hubbard. For Uncle Wiggily's cupboard was a wooden box, and in it were some pieces of cheese cake and other things to eat.

"Wasn't Uncle Wiggily lovely to us?" asked Jillie of her brother, as, a little later, they were going home together from the bunny's camp.

"Yes, he was top hole good," squeaked Jollie, speaking like a little English mouse. And he picked from his whiskers some crumbs of cheese cake and swallowed them. The heaviness of Georgia and Texas watermelon shipments will more than offset the short supply from Florida, although prices have weakened about \$100 a car.

"A spring is all right," said the bunny, "and so is a babbling brook. But if I have my own well I can draw water when I please. I will dig me a well." Which he did. For rabbits are very good diggers, you know. Uncle Wiggily dug quite a deep hole down in the ground, but he never came to water.

"Never mind," he said. "I will dig the well deeper after lunch, and then I will come to water. I'll hop out now and get something to eat."

But when he tried to hop out of his well he couldn't. He had dug himself in too deeply. Up and up he jumped, but he couldn't jump out of the well, even if it had no water in it.

"Oh, well, what shall I do?" cried poor Uncle Wiggily down in the well hole. "How can I get out?"

"We will help you out!" suddenly cried out two little voices. "Who are you?" asked the rabbit.

"We are Jollie and Jillie Longtail—the mice," was the answer. "We came back to see if you had any more cheese cake," squeaked Jollie. "We heard you call from down in the well. Wait a minute and we will help you out."

"Are you strong enough to pull me out of the well?" asked the rabbit, as he saw the two little mice looking down at him from over the edge.

"If we aren't we will get the Police Dog to help us," said Jillie.

HOMECOMING DAY FOR SOX SUNDAY

Van Nuys to Be Opponents For Champions; To Play Winner-Take-All

Sunday will be homecoming day for the championship Glendale White Sox, when they will make their first appearance at the San Fernando ball lot for the first time in three weeks. The pale hose squad will meet the Van Nuys aggregation in a winner-take-all game.

Van Nuys fell before the hard-hitting, fast-fielding, base-stealing Sox on June 29, when Reiger hurled the champions to an 8-to-2 victory over the valley lads. The Sox have added three more games to their credit in as many starts. They beat the Catalina Cubs at Catalina Island on July 5 and 6 and then, last Sunday, they journeyed over to El Segundo and gave the beach boys a trouncing in the final Summer League game.

Line-Up Is Intact

Robertson will start for the Van Nuys team, according to information drifting down the valley. Robertson once hurled good ball in the Coast League, but the Sox got next to him for eight hits in five innings and scored seven runs. Waterfield finished the game, holding the Sox to three hits and one run.

Elmer Reiger, who has been doing some good mound work for the Sox the last few weeks, will draw the pitching assignment for Sunday. Manager Carl Sawyer has announced. Behind the plate will be "Big Boy" Sullivan. Shellenback will play his usual position, first base; Sawyer will hold down the keystone sack, and Shields will cavort around third, with Hirigoyen playing short. Cy Young, Charley Dorman and Frenchy Orsatt will be out in the gardens.

Inasmuch as the Sox have not appeared at the local park for three weeks, and also in view of the fact that they have not found a semi-pro team in southern California good enough to beat them this season, a good turnout at the game Sunday is expected.

Swimming Records Fall as Americans First In Olympics

PARIS, July 18.—American women swimmers set a new world's mark today when they won the 400-metre relay race in the Olympic championships. The women swam the distance in 4 minutes 38.4-3 seconds.

Johnny Weissmuller of the Illinois A. C., Chicago, scored another triumph for America when he won the final in the 400-metre free style race and established a new Olympic mark of 5 minutes 41.5 seconds. The former mark was 5:24.2-5, made by Hodgson, the Canadian, in 1912.

ANGELS EVEN UP OAKLAND SERIES

Seraphs Win Close Game by Score of 7 to 6; Seals Beat Tigers 8-7

By BEN MCGUIRE
For Southland News Service.
LOS ANGELES, Calif., July 18.—Los Angeles evened up the series with Oakland here yesterday winning a see-saw contest, 7 to 6. Ote Crandall, Angel ace, opposed the well-known Duster Mails, and it was a fifty-fifty shot between both hurlers until Walter was taken out for a pinch hitter in the seventh.

Oakland drew first blood in the second by sending three runs over on three hits and a throw to the dugout. Los Angeles took the lead in the fourth, when they got to Mails for five hits, chasing four runs over the platter.

The Oaks forged ahead in the fifth by gathering three runs. The Angels, however, did not intend to be outdone and came back in their half, slipping two runs over, giving Crandall a one-run lead which was enough for the veteran, who pitched brilliant ball the last four innings.

In a ten-inning game the Seals won from Vernon at the former city by an 8 to 7 score. Bryan couldn't hold a six-run lead after the third inning.

Seattle lost their second game to the Bees, 12 to 11.

Portland lost at Sacramento, 4 to 3, although Bedient allowed only five hits.

BURNS AND ADAMS TO SETTLE TITLE

Final Bout of Lightweight Elimination Contest on Card Tonight

Johnny Adams and "Oakland Frankie" Burns will settle the dispute about the Pacific coast lightweight championship tonight at the Hollywood Legion stadium when these two scrappers mix in the final bout of the lightweight elimination contest. Adams, who hails from San Bernardino, will hear the voices of 150 San Bernardino fight fans raised in his support, while Burns will be a favorite among many.

It will also be Knute Rockne night, for the famous Notre Dame coach will be the special guest of honor, and will be surrounded by many Notre Dame alumni. The members of Hollywood Post No. 43 will present Rockne with a token from the post. He will be introduced from the ring.

In the semi-windup Larry Murphy and Gene Delmont will mix at 133 pounds. Johnny Lotsey and Jack Lewis are billed for the special spot. Duke Martinez and Hank Gatton, both 152 pounds, will mingle in what promises to be a fast bout. Joe Pimental will meet Toby Montoya at 122 pounds. Benny Pascal and Young Danny, a couple of 122 pounders, will open the show.

Jess Haynes carved his name into baseball's hall of fame when he hurled a no-hit game against the Braves. He issued three passes, however. It was the first time since 1876 that a St. Louis pitcher performed this feat, and the first nohit game pitched this season in the majors.

Central Cleaners Win Over Harris & Hull

The Central Cleaners almost won three games from the Harris & Hull bowlers last night at the Recreation alleys. After dropping two straight games, the Harris & Hull rollers managed to nose out the Cleaners by three pins in the third game. Pabst was the only man on the losing team getting better than 200, rolling 206 in the opening game. McLane was high score man with 211.

MISS WILLS IN OLYMPIC FINALS

Will Meet Winner of Mille. Vlasto-Miss McKane Set for Title

PARIS, July 18.—Miss Helen Wills, California girl wonder and American woman's tennis champion, won her way into the finals of the Olympic tennis championships today when she defeated Mlle. Golding of France in straight sets. Scores 6-2, 6-1.

Miss Wills will meet the winner of the match between Miss Kathleen McKane of England and Mlle. Vlasto of France for the Olympic championship.

Vincent Richard, lone American survivor in the men's singles, also entered the final round when he defeated Baron de Morpurgo of Italy, three sets out of four. Scores 6-3, 3-6, 6-1, 6-4.

Richard will meet the winner of the Henri Cochet-Jean Borotra matches in the final round.

The Giants had their lead in the National League cut to nine and one-half games when they lost a thirteen-inning game to the Pirates while the Cubs were trimming the Phillies.

Grimes' wildness and poor support caused the Dodgers' defeat by the Reds and sent Brooklyn down to fourth place.

New Members Welcomed At Presbyterian Church By Impressive Program

Marked by inspiring goodfellowship and cordial hospitality, the reception for new members at the Glendale Presbyterian church last night proved one of the most enjoyable and successful affairs yet held in the new church building.

Under the able direction of George D. McMill, committees were organized and plans made for the reception and Mr. McMill and his assistants are to be congratulated on the success of the evening.

A reception committee headed by Mrs. R. W. Mottern greeted the new members and others attending. Special mention should be made of the decorations in green and white, artistically arranged by Mrs. Howard Lennox and her committee.

Present Program

During the evening music and dramatic numbers entertained. This part of the affair was in charge of W. E. McCormick. Vocal numbers were given by Mrs. A. M. Draper and Mrs. Frederick Wenzel, while piano selections were given by Mrs. McMillan. Mrs. J. D. Miller pleased with recitations, and Glendale's well known monologist, Harry James, was accorded the usual hearty reception.

Refreshments were served by a committee under Mrs. Henry J. Lawrence.

Mrs. A. G. Mitchell was chairman of invitations.

A welcome to these new members was extended by J. A. Newton and a response was given by Dr. Norman C. Paine.

Winners in the playground competition to see who could make the circuit of the traveling rings were awarded ribbons yesterday by the directors, the high score being made by Olivia Wright of the Doran school, who made the rounds thirty times, setting a record.

Other blue ribbon winners were Daniel Gribbon and Wilbur White of Doran street school, Ed Morris, Bill Brewer, Henrietta Roach, Warren Rogers and Virginia Brewer of Pacific avenue school; Findley Ferguson and John Cooper of Grand View.

Red ribbons were awarded to Claire Stanley and Dana Wilson, Pacific; Leo Loffey and Sam McIlwain, Grand View, and Bonnie Smith of Doran.

White ribbons went to Jack Giles, Genevieve Lund, Jimmy Ceno, Benny Tassano, Maxine Perkins and Bruce Mair of Grand View; W. T. Scott, Robert Poglosio, Abe Mittery, Frank Baudino and Meryl Linkogel of Doran street school.

Frank Baudino Wins Croquet Tournament

Frank Baudino was the winner in the croquet tournament that was held this week at the Doran street playgrounds, defeating D. Gribbon, C. Clanin and R. Parks, who won their way into the semifinals. Miss Jean La Rue, director, is planning to hold a checker tournament next. The directors are on duty at the playgrounds daily from 1 to 5:30 o'clock.
