

SASKATCHEWAN TO HOLD ELECTION

DISSOLUTION COMES AS COMPLETE SURPRISE

Napoleonic Stroke of Scott Government Finds Tories in Bad Shape.

(Special to the Times.) Regina, July 21.—The Saskatchewan legislature has been dissolved. Nominations will take place on August 23d, and polling on the 14th. The reason of dissolution is to give earliest possible effect to the new re-distribution act increasing the members from twenty-five to forty-one.

\$100,000 DAMAGE BY FIRE.

(Special to the Times.) Winnipeg, July 21.—A hundred and sixty thousand dollars is the fire loss at Fort William, due to yesterday's conflagration.

QUEBEC DECKED OUT IN GALA ATTIRE

H. M. S. Indomitable Passes Fair Point With Prince on Board.

(Special to the Times.) Quebec, July 21.—The city really put on its gala clothes to-day. The military camps are practically complete, and most of the warships have arrived. H. M. S. Indomitable with the Prince of Wales on board has passed Fair Point. Lord Roberts who is the cynosure of all eyes has promised to visit both Toronto and Montreal.

ROTIJESTVENSKY NOT DEAD.

Man of the Same Name But Not Ill-fated Admiral Who Succumbed.

Berlin, July 21.—The announcement made yesterday from Badnabheim, Germany, that vice-admiral Rotijestvensky who commanded the Russian fleet that was annihilated by the Japanese in the battle of the Sea of Japan in May 1905, had died here the night of July 19th, from heart trouble is incorrect. A Russian named Rotijestvensky did die at Badnabheim, but it was not the vice-admiral.

GOOD STEAMING BY CUNARD LUSITANIA

Eastward Bound Passage Made at Average Speed of 24.32 Knots

Liverpool, July 21.—The Cunard line steamer Lusitania, which arrived here to-day has broken her eastward record to Queenstown over the long course. She left Sandy Hook lightship on July 15th at 5:26 p. m. and arrived off Dunns Rock on July 20th at 11:33 p. m. Her time in transit was five days and 23 minutes and her average rate of speed for the entire distance was 24.32 knots an hour.

ENGLISH FOR JAPAN.

Will Be Commercial Language Used Under Flag of Rising Sun. San Francisco, July 21.—English will be the commercial language of Japan within a few years if the predictions made yesterday by E. A. Phillips, English instructor of the Japanese training ship Taisei Maru, which is in this port, come true.

HEAD-ON COLLISION.

(Special to the Times.) Fort William, Ont., July 21.—The Winnipeg-Toronto train met in a head-on collision with a freight train near Little Current on Saturday. It was going slowly and a serious accident was averted.

DISTEMPER EPIDEMIC.

Toronto, July 21.—There is an epidemic of distemper among horses here at present, and the forwarding companies have lost a number of valuable animals. One firm has lost 25 so far.

GYMNASTIC TOURNAMENT.

Americans Beaten in International Contest at Frankfort-on-Maine.

Frankfort-on-the-Maine, July 21.—A number of Americans competed in the world sports held here to-day in connection with the International Gymnastic Tournament. The events included the high and the broad jump, putting the shot, the triple jump, the long throw and running and tree exercise. The scoring was on the point system with 110 the highest possible. The highest score 108 was made by Wagner, Switzerland. None of the Americans got over 87 points.

BIG LUMBER LOSS.

Ottawa, July 21.—Disastrous fires have destroyed 150 and 200 million feet of lumber in the Ottawa valley. J. R. Booth, Gillies Bros., and Sheppard and Morse are among the big losers. Much blame is attached to mining prospectors, who are careless regarding fires they make.

BOBBY KERR IS IN GREAT FORM

DOES FAST TIMES IN STADIUM SPRINTS

Melvin Sheppard Wins 800 Metres Run—Two Gold Medals for U.S.A.

London, July 21.—There were only two finals in the track events in the Olympic games in the Stadium to-day, the running high jump and the 800 metre flat race. While both of these events created some interest there were some heats to be run off the results of which are more eagerly awaited, notably the semi-final in the 100 metre dash and the 400 metre hurdles. The morning, which is somewhat clearer than previous ones, saw the commencement of the running high jump and the heats of the first round of the 200 metre flat race. As there were 15 heats in the latter event there was a considerable amount of running. The committee managed to get in the third heat of the high diving contest.

Kerr, of Canada, who was more favored by the United States sprinters than any other foreign competitor, carried off his heat in the 200 metre flat race to-day defeating W. W. May, University of Illinois, one of the best men on the American team. It was a good race. May pushing Kerr right up to the tape.

The City of London police, who won the tug of war, has issued a challenge to the American team for a match. The members of both teams to be in their stocking feet, or in any way the Americans prefer, and the match to be for love or any charity.

Running High Jump.

Final Result. In the first section of the running high jump Monson (Norway) and Leader (United Kingdom) each cleared the bar at 5 feet 10 1/2 inches. Gidany (America) was third with 5 feet 9 inches.

Second section C. Leahy (United Kingdom) made 6 feet 2 inches, and Ree (France) 6 feet 2 inches. Jno. N. Patterson (America) cleared 6 feet.

In the third section H. F. Porter (America) cleared 6 feet 3 inches, beating Leahy's jump by 1 inch. T. Moffatt (America) was second with 6 feet 1 inch.

In the fourth section of this event only Barber (Canada), with 5 feet 9 3/4 inches, and Wilson (United Kingdom), with 5 feet 9 3/4 inches competed.

The final was won by Porter (America), with six feet 3 inches; Leahy (United Kingdom), and Samory (Hungary), tie for second place.

800 Metres—Running. Final Result. The final in the 800 metre (874 yards) flat race was won by Melvin W. Sheppard (America), Luigi (Italy), was second and Braun (Germany), Bodes (Hungary) and Halstead (America) passed him on the last stretch. Neither Fairburn-Crawford nor Baird (America), finished.

In the expectation of a record, a second finishing line had been established at the half mile post, 100 feet beyond the 800 metre mark. Sheppard finished the race full of vigor and kept on to the half. When the announcer called through his megaphone, "Sheppard continued to fly the half mile and made the record 1 minute and 54 seconds for this distance," everybody cheered profusely.

BOTH FEET MOWED OFF.

Charlottetown, P. E. I., July 21.—The little son of Angus E. McCormick, of Souris, had both feet cut off by a moving machine while playing in a yard.

GRIEVANCES OF C. P. R. SHOPMEN

CORPORATION ACCEPTS FINDINGS OF BOARD

Not Known Yet if Conciliation Report Is Agreeable to Machinists.

(Special to the Times.) Winnipeg, July 21.—The conciliation board on the shopmen's grievances made a public report yesterday while Somerville also made a minority report. The company wins on the question of the drill press men, the making up of wrecking crews and the overlapping of hours. There will be no reduction in the staff to reduce expenses and no reduction on the scale of wages, and no siding scale of wages.

HEAD ON COLLISION

Chicago, Ill., July 21.—A head-on collision on the "Big and Aurora Electric Line" is reported to have occurred four miles from Aurora this morning. The superintendent in charge of the road with offices at Wheaton in answer to a phone message declared that no one was killed and that only one injury, a broken leg, was serious.

WATER COMMISSIONER INFORMED OF DUTY

Bodwell & Lawson Write Him That it is to Buy Gold-stream.

London, July 21.—The House of Lords last night passed the second reading of the old age pensions bill, thus insuring its becoming a law.

KAISER MAY CHALLENGE FOR AMERICA CUP

Royal Yachtsman Has Ordered Racing Schooner to Replace Meteor.

Kiel, Germany, July 21.—The Emperor recently commissioned Max Oertz, of Hamburg, to design a large racing schooner to replace the American built Meteor now six years old. If the Emperor's new yacht comes up to expectations next June, it is not unlikely that he will send to the New York Yacht Club a challenge for the America Cup.

15 PASSENGERS INJURED. Two May Die as Result of Dismal Auto Accident Near Bellingham.

Bellingham, Wash., July 21.—A heavy automobile coming in from Lynden on Sunday night was wrecked, and its fifteen passengers injured.

MUTILATED BODIES OF TRAIN VICTIMS

Six Foreigners Killed Within a Few Hours at Buffalo.

Buffalo, July 21.—Between midnight and daybreak yesterday six foreigners were run down and killed by trains in the railroad yards at South Buffalo.

DEATH RESULT OF EXPLOSION.

Hamilton, Ont., July 21.—Bert Green, who with James Sturock was blown up in a quarry near Dundas yesterday, died in the hospital here yesterday. Sturock died the day after the explosion.

STRYCHNINE FULFILLS PROPHECY.

Jameson, N. Y., July 21.—Mrs. Leroy Jones some time ago prophesied that she would die on June 25th. On the date she named she died. Yesterday the coroner announced his findings of a chemical analysis of the woman's stomach, she had poisoned herself with strychnine and fulfilled her prophecy.

PEARY TAKING ON SUPPLIES

North Pole Aspirant Keeping in Touch With Civilization.

New York, July 21.—Commander Peary now en route to the Arctic ice fields in quest of the North Pole, arrived at Belle Harbor, Labrador, on the Steamer Roosevelt yesterday. The following telegram was received by the Associated Press from Belle Harbor last night.

LORD ROBERTS CAN NOT VISIT VICTORIA

Invitation Extended by Union Club Has Been Declined.

Upon the arrival of Field Marshal Lord Roberts, commander-in-chief of the British army, in Quebec the other day he received an invitation from the Union Club, of this city, to visit Victoria as its guest.

WATER COMMISSIONER INFORMED OF DUTY

London, July 21.—The House of Lords last night passed the second reading of the old age pensions bill, thus insuring its becoming a law.

ARRESTED FOR ROBBERY IN B. C.

ACCUSED HAD FLED TO AMERICAN SOIL

Portland, July 21.—Wanted in Cranbrook for the theft of diamonds valued at \$1,200, stolen from Jeweler Jacobs Fleischman, of Cranbrook, Arthur H. Clute, and his wife, Lillian Clute, two fashionably dressed people, lately of Cranbrook, were arrested shortly after noon yesterday by a new little flat at 17 1/2 Eleventh street, where they had been hiding since about April 19th, when they fled across the line. During this interim a good portion of the detective force of British Columbia has been vainly searching the country.

LORD ROBERTS CAN NOT VISIT VICTORIA

GREAT YEAR IN SHIPBUILDING

B. C. THIRD IN TONNAGE ADDED LAST YEAR

Government Report on Shipping Shows Excellent Standing of Province.

Last year British Columbia built more vessels and registered more tonnage than in any of the five preceding years, and was second in the number of vessels registered and third in point of tonnage among the maritime states of the Dominion.

Following is a table showing the progress of the province in the way of shipbuilding and otherwise increasing its fleet since 1901, the year in which the second British Columbia register was established in answer to the call of the awakening north for increased transportation facilities. From 1901 to 1907 the shipbuilding of the province had reached its high water mark with the coming of the gold rush in 1906, when 75 vessels were added to the register with a total net tonnage of 12,228 tons, a record obtaining under abnormal conditions which is likely to remain for several years to come.

In comparison with the other maritime provinces last year British Columbia is second in vessels registered and third in point of tonnage added. Against the province's total of 87 vessels and 7,115 tons, Nova Scotia added 109 vessels, mostly schooners and small craft, with a net tonnage of only 5,316, and Ontario 96 vessels with a net tonnage of 14,444 tons.

Two vessels in British Columbia had their names changed during 1907. The steamer Queen City, 26 tons net, owned by the Queen City Trading and Transportation Company, Victoria, was renamed Queen. The steamer Eagle, 6 tons net, owned by the Red Fir Lumber Company, of Nanaimo, was renamed Red Fir.

The total number of vessels registered in B. C. at the close of 1907 was 872, with a total net tonnage of 83,728.

Following is an extract from the deputy minister's report reviewing Canadian shipping for 1907.

"The total number of vessels remaining on the register books of the Dominion on the 31st December, 1907, was 7,528, representing 686,000 tons, an increase of 16 vessels and 15,000 tons register as compared with 1906; of this amount nearly 20,000 tons were transferred from Great Britain. The number of steamers on the register books, on the same date, was 3,007, with a gross tonnage of 471,700 tons. Assuming the average value to be \$80 per ton, the value of the registered tonnage of Canada, on the 31st December last, would be \$39,900,000.

"The number of new vessels built and registered in the Dominion of Canada during the last year was 22, measuring 24,619 tons register. Estimating the value of the new tonnage at \$25 per ton gives a total value of \$615,475 for new vessels.

"During the year 422 vessels were moved from the register and a detailed statement is given showing the cause for their removal.

"In the statement giving the tonnage of all vessels owned by maritime countries Canada is twelfth in point of tonnage, a fact scarcely suspected by those who pay little heed to the statistical side of things.

"The vessels under the British flag, according to the compilation of the Report, at the end of 1907 were as follows: Steamships, 428, with a total net tonnage of 10,014,000; sailing vessels, 4,238, with a total net tonnage of 1,081,000; giving a combined net tonnage of 11,095,000. Germany is second in the list with a total net tonnage of 3,144,715, and the United States of America third with 2,741,000 tons. Thus the British mercantile marine exceeds in tonnage and in the number of its vessels the combined tonnage of the nearest rivals by 20 per cent.

ROYAL CITY WINS LACROSSE

BRITISH COLUMBIANS SHOWED UP WELL

First Match in the East Goes to New Westminster.

New Westminster Shamrocks 6 Shamrocks 5

Montreal, Que., July 21.—New Westminster this afternoon showed that their aspirations to the Minto cup, emblematic of the lacrosse championship of the world, are likely to be reached.

They kept the Shamrocks, the present holders of the trophy, going from the drop of the hat to the last minute of the play and created a most favorable impression on every one of the big crowd which witnessed the game, which was one of the best seen here for a long time.

The Shamrocks have improved wonderfully during the past few weeks and have also strengthened their team by the introduction of new blood, but even with these they were unable to engage with the speedy and plucky westerners, who were more or less handicapped from the fact that they were playing on strange ground and before an audience that was anything but sympathetic, while the Shamrocks were on their home ground and the benches were filled with their admirers.

After to-day's exhibition it is taken almost for certain that the Minto Cup will journey westward and that whatever eastern team takes it back will have to wrest it from New Westminster under the conditions under which New Westminster played to-day.

In the first half both teams played brilliant lacrosse, as the score at the end of it, 1-1, showed.

In the second half both teams went to it hammer and tones and goals went in thick and fast, no less than seven goals being scored, four by New Westminster and three by the Shamrocks, giving the former a lead of one when the whistle blew for time.

In the third half there was only one goal scored and it was in New Westminster's favor, increasing their lead to 6-4.

First Quarter. 1-Shamrocks, 7 minutes. 2-New Westminster, G. Gifford, 4 minutes.

Second Quarter. 3-New Westminster, Rennie, 30 seconds. 4-Shamrocks, J. Brennan, 3 seconds. 5-Shamrocks, Hogan, 6 minutes. 6-New Westminster, W. Turnbull, 6 minutes.

7-Shamrocks, P. Brennan, 3 minutes. 8-New Westminster, Turnbull, 7 minutes.

9-New Westminster, A. Turnbull, 1 minute.

Third Quarter. 10-New Westminster, Turnbull, 8 minutes.

Fourth Quarter. 11-Shamrocks, 5 minutes.

In the last half the Shamrocks made a determined effort to win and succeeded in scoring one goal, but the game ended 6-5 in favor of New Westminster.

LARGEST BOWLING IN WORLD. The largest boulder in the world is in Victoria, Australia. The name of the "Leithian Rock" has been given to it. Its estimated bulk approaches, if it does not really exceed 30,000 tons. This great rock may be likened to an immense egg lying on its side, the part resting on another earth being not more than 30 yards square. Hundreds of persons could find shelter under it from a passing storm or the sun.

The distance around the world via the trans-Siberian and the American transcontinental railway lines is shown to be 17,000 miles. The sailing distance around the world from New York via Suez, Singapore, Manila, Guam, the Hawaiian Islands and Panama canal to New York again will be 22,000 miles.

The second heat was taken by Ryle (America), who ran alone.

In the third heat J. B. Taylor (America) won. Time: 59 3-5 seconds.

W. C. Prout (America) captured the seventh in the same time as the sixth heat was won.

No eighth heat was run in the 800-metre flat. The sixth heat was won by H. P. Ranney (America) in 49 1-5 seconds.

The tenth heat was won by Sebert (Canada) in 50 1-5 seconds.

J. C. Attlee (America) won the eleventh in 50 2-5 seconds.

MAN IS KILLED AT RESERVOIR

DYNAMITE BLAST IS FATAL TO WORKMAN

Italian Laborer Meets Instant Death While Clearing a Hole.

A. Onaldo, an Italian, was instantly killed at the Smith's Hill reservoir about 2 o'clock this afternoon as a result of staying too long over a hole which he had charged with dynamite for the purpose of "springing" it. His head was literally blown to pieces and his hands were also mangled.

The drilling of the hole had just been completed and Onaldo had put in a small charge of dynamite to clear it out and enlarge it in preparation for the blast proper, all of which was done in the evening. He had put in the light charge required for the purpose and had lit the fuse but for some reason or other remained too long bending over it.

Whether he had seen anything wrong with the charge and was attempting to remedy it will never be known, for while he was still stooping over the charge the blast went off practically blowing off his head and injuring his hands. The body was removed to Hanna's undertaking parlors. An inquest will be held but the date for it has not yet been set.

Onaldo has been a resident of Victoria for some years and was known as an expert blaster, being engaged in the work before coming to this city. He was regarded as an especially good man in his business and was always a careful one.

BOBBY KERR IS IN GREAT FORM

(Continued from page 1).

100-Metre Flat Race. Semi-Finals.

The first heat of the semi-finals in the 100-metre flat run was won by Walker (South Africa) in 19 4-5 seconds, equalling the Olympic record. W. W. May (America) was second, and L. B. Stevens (America) was third.

The second heat of this event was won by Kerr (Canada) in 11 seconds. D. A. Sherman (America) was second.

The third heat was won by J. A. Rector (America) in 19 1-5 seconds. H. J. Huff (America) was second.

The fourth heat was won by N. J. Carmell (America) in 11 1-5 seconds. Lawson Robertson (America) was second.

200-Metre Flat Race. Results of Heats.

George (United Kingdom) won the first heat of the 200-metre dash in the Olympic games to-day, beating Senny (Holland), the only other competitor. Time 22 2-5 seconds.

Huff (America) won the second heat from Duffy (South Africa). Time 22 4-5 seconds.

Roche (United Kingdom) won the third heat from Robertson (United States). Time 22 4-5 seconds.

Carmell (America) won the fourth heat in 23 seconds.

The fifth heat went to Malfait (France) who defeated R. C. Duncan (United Kingdom). Time 22 3-5 seconds.

Leattman (Sweden) won the sixth heat in 23 2-5 seconds.

Radoscy (Hungary) had a walk over in the seventh heat.

Cloughen (America) captured the eighth heat easily from Barroazi (Italy).

The ninth heat was won by Hurdfield (United Kingdom). Time 23 3-5.

Hamilton (America) won the tenth heat, defeating Sebert (Canada). Time 22 2-5 seconds.

Kerr (Canada) won the eleventh heat, beating May (America) by 2 1/2 yards. Time 23 1-5.

The twelfth heat was won by D. A. Sherman (America), who beat Moran, former champion of the United Kingdom. Time 22 2-5.

Reed (United Kingdom) won the thirteenth heat. Time 23 1-5 seconds.

Guttorsen (Norway) won the fourteenth heat, there being no other entry.

The fifteenth heat was won by Hawkins (United Kingdom). Time 22 4-5 seconds.

400 Metres—Hurdles. Semi-final Heats.

The first semi-final in the 400 metre hurdles was won by Harry L. Hillman (America) in 55 2-5 seconds. H. L. Coe, University of Michigan, was second.

The second heat was won by G. J. Bacon (America) in 58 3-5 seconds.

The third was won by Burston (United Kingdom) in 59 2-5 seconds.

The fourth and last semi-final was won by Tremmer (United Kingdom) in 59 1-5 seconds.

400 Metres—Flat Race. Results of Heats.

In the first heat of the 400-metre run Montague (United Kingdom) beat Paul H. Pilgrim (America), his only competitor. Time 59 1-5 seconds.

The second heat was taken by Ryle (America), who ran alone.

In the third heat J. B. Taylor (America) won. Time: 59 3-5 seconds.

W. C. Prout (America) captured the seventh in the same time as the sixth heat was won.

No eighth heat was run in the 800-metre flat. The sixth heat was won by H. P. Ranney (America) in 49 1-5 seconds.

The tenth heat was won by Sebert (Canada) in 50 1-5 seconds.

J. C. Attlee (America) won the eleventh in 50 2-5 seconds.

REPORT DEALS WITH VARIETY OF MATTERS

Streets, Bridges and Sewers Committee's Recommendations Go Through.

Several matters out of regular routine were dealt with in the report of the streets, bridges and sewers committee adopted at last night's council meeting. Among them was the matter of David Spencer's (Limited) stable on Michigan street, about which there has been so much complaint on the part of neighbors. Spencer will be informed that the law relating to stables will be enforced in this case.

The report in full was as follows: Recommended that a sewer be constructed on Chamberlain street, formerly Wilson street, from Oak Bay avenue southerly, estimated cost \$1,540.

Recommended that the report of the sanitary inspector and building inspector, upon the complaint of Mr. Frank Armstrong, regarding a stable belonging to Mr. D. Spencer, at the corner of Michigan and Party streets, be forwarded to Mr. Spencer for his information, together with the communication of Mr. Armstrong in reference thereto, and that Mr. Spencer be informed that in view of the conditions existing in the case, the council will take steps to compel compliance with the by-laws governing stables.

Recommended that the report of the fire marshal and building inspector, upon the petition of Louis Russett et al, regarding the accumulation of lumber and other material on lots 15 and 34, corner of Kane and Douglas streets, be transmitted to the petitioners, and that they be informed that the by-law governing the piling of lumber in yards will be enforced in this instance.

Recommended that the owner of the house situate on Bay street and No. 619, be notified that complaint has been received that said house is in an unsanitary condition and unfit for habitation, and that unless the premises are put in a proper sanitary condition, satisfactory to the sanitary inspector, steps will be taken to enforce the provisions of the health by-law to close up the premises and prevent it being used as a dwelling.

Recommended that Mrs. J. D. Pemberton be informed that her communication, protesting against the dumping of rubbish on St. Charles street, south of Rockland avenue, has been referred to the sanitary inspector with power to act.

REVIEWS WORK OF SESSION

SPEECH FROM THRONE DELIVERED YESTERDAY

Many Important Subjects Abridged by Dominion Government.

Ottawa, July 21.—The following was the speech from the throne delivered yesterday in connection with the ceremony of proroguing parliament:

Hon. Gentlemen of the Senate, Gentlemen of the House of Commons: I am glad to be able to relieve you from further attention on the long protracted session, and thank you for the assiduity and care you have given to the unusually large number of important subjects that have been submitted for your consideration. It is satisfactory to note the many excellent measures that have been passed, and which are hoped will prove beneficial to the people of Canada.

Among other acts, attention may be called to the Manitoba Grain act, and the Grain Inspection act which while protecting the high standards of western grown grain from inferior mixtures secure to the farmer the value attaching to these standards.

In response to an advanced public opinion, appointments and promotions in the civil service will be made henceforth only after a competitive examination, in which those who excel will receive the reward of merit, and while the application of the act is limited to the inside service of the government, its provisions may later on be extended to the service throughout the Dominion.

The act revising and consolidating the laws and regulations affecting the disposition of the public lands will, it is believed, meet with the hearty approval of the western provinces more immediately interested. One of the principal features of the act is the permission to take up a second homestead within a limited area, and also the permission for a homesteader to acquire by purchase the adjoining quarter section. It is intended that the proceeds of the sales shall, in the first place, be set apart as a fund for the construction of a railway to Hudson's Bay.

The amendments to the Bank act, allowing, under certain restrictions, an expansion in the circulation of notes of the banks during the period of the year when the crops are being moved, will, it is considered, facilitate the movement of the crop from the farm to the markets of the world.

Important amendments have been made to the act respecting elections, which it is confidently believed will more effectively protect the rights of the voters, and guard against the exercise of undue influence in electoral contests.

The proposal to make free grants to lands to the volunteers who rendered valuable service to the Empire in the South African war, will meet with hearty approval.

The reduction of the postage on dropped letters in cities and country towns and the enlargement of the area within which the postage on certain classes of newspapers may be carried free, will I feel sure be appreciated.

Amendments have been made to the Inland Revenue act, whereby the discrimination against Canadian grown tobacco, created by distinctive labels used on cigars and tobacco, will no longer exist. It is confidently believed that these amendments to the act will have the effect of encouraging and encouraging the home-grown tobacco, and prove of great benefit to that portion of our agricultural people engaged in that industry.

The increasing demands for improved transportation facilities in a country so widely extended and so sparsely settled as this Dominion, warrants public aid in the construction of railways, and the experience of the past amply justifies the liberal subscription in the act that has been assented to.

The placing of the telegraph and telephone systems under the jurisdiction of the railway commissioners will meet with the hearty approval of all classes in the Dominion.

The rapidly increasing number of applications to the board of railway commissioners involves the necessity for the appointment of additional members on the board.

The extension of the time for the payment of a bounty on sheep, and the enlargement of the conditions of which the bounty may be earned, will, it is believed, stimulate the growth of an important industry in the province of British Columbia.

The physical and mental degradation following from the too free use of opium have long been recognized, and efforts have been made in all countries boasting of advanced civilization to stamp out its use, except when prescribed for medical purposes. The increasing consumption of this deleterious drug in Canada has prompted the adoption of an act to restrain its use except when authorized by medical men.

The issue of government annuities for old age will, it is confidently believed, encourage habits of thrift and economy, securing the holder some provision for declining years.

The subject of immigration from Japan has received much attention during the year, and it was deemed desirable to send one of my ministers to Japan to discuss with His Majesty's ambassador at Tokio, and with the Japanese authorities, the advisability, in view of the local conditions in this country, and other reasons, for restricting such immigration. I am glad to know that a satisfactory arrangement has been effected, and I feel assured that the terms of the agreement will continue to be faithfully carried out.

An arrangement with regard to immigration from India having also become desirable, a representative deputation was sent to England to discuss the question with the authorities of the United Kingdom, with results that promise to be satisfactory. In both these cases it has been the desire of my government that while carrying properly for the interests of the

Dominion the welfare of the empire should also be regarded.

The gold and silver manufacturing act will stimulate the manufacture of superior quality of the precious metals, and at the same time will protect the public from fraudulent representations.

The act restraining the use of tobacco by young persons, will, it is hoped, check a growing habit that is seriously affecting the health of many Canadian boys.

When parliament opened in November last, a serious financial depression prevailed throughout the adjoining republic, the effect of which was far-reaching, involving in a large degree those countries having business relations with it. The crisis in the money market that followed, coupled with the diminished value of the crop of the prairie province, seriously affected the yearly increasing prospects which Canada had enjoyed during the preceding years. The hopeful outlook for an unusually large crop of cereals, and products of the soil, will, it is believed, make this the beginning of a long series of years of plenty, and prosperity.

It is gratifying to observe the patriotic enthusiasm that has been aroused, not only in all parts of the Dominion, but throughout the empire at the approaching celebration of the founding of the City of Quebec, three hundred years ago, by the French. To add to the glory of the occasion, His Gracious Majesty the King has deigned to send His Royal Highness the Prince of Wales to represent Him at the interesting pageants that will be presented at the event. The presence of representatives from France and the United States at the ceremonies will be hailed with pleasure by the people of Canada, and will be accepted as an evidence of friendship on the part of the citizens of those two great republics.

BETTING ON MINTO AND MARATHON EVENTS

Longboat Favorite, Westminster Regarded as Slightly Ahead of Shamrocks.

THE TRIUMPH OF "FRUIT-A-TIVES"

THESE WONDERFUL FRUIT JUICE TABLETS ARE NOW USED AND PRAISED IN EVERY SECTION OF THE DOMINION. A 25c TRIAL SIZE HAS JUST BEEN PUT OUT SO THAT EVERY FAMILY IN THE LAND MAY GIVE THEM A TRIAL.

"Fruit-a-tives" have been a wonderful success because they have proved their value in every case. Whether it was Constipation or Biliousness—Headaches or Neuralgia—Rheumatism or Sciatica—Indigestion or Dyspepsia—Sallow Complexion or Eruptions on the skin—Pain in the back or other indications of Kidney Trouble—"Fruit-a-tives" have never failed to give the promised relief. People tell about their cures and write to the company about them. Thus, the good news has spread that here was a medicine that actually cured—that did more than was claimed for it. And more people tried "Fruit-a-tives" to-day. "Fruit-a-tives" are the acknowledged success in the medical world and are known from ocean to ocean. Some wholesale druggists order 100 gross (14,000 boxes) at a time. Practically every druggist and general store in Canada sells them. The new trial box at 25c, will make "Fruit-a-tives" more popular than ever because it gives everybody the chance to try them. If you only know "Fruit-a-tives" by reputation, the 25c trial size enables you to test them at a very small cost. Write direct to Fruit-a-tives Limited, Ottawa, Ont., if your dealer does not have both the 25c and 50c boxes.

The Knights of Columbus will hold a boating party this evening leaving James Bay Causeway at 7:30.

D. S. Tait, who has been connected with the law firm of McPhillips & Helsterman, will practice law on his own account, taking offices in the Adelphi block.

C. E. Pooley, K. C., has entirely recovered the sight of the eye and is now enjoying a few weeks in London. A cataract was successfully removed by a German oculist as announced a few weeks ago in the Times.

A very pleasant time was spent by the members of the Metropolitan Epworth League at the residence of Mr. and Mrs. Dabald, Monterey avenue, last evening. After playing games, refreshments were served.

A large number of people assembled in the Sir William Hall last night the occasion being the distribution of the prizes won at the recent Scottish sports held at Oak Bay. The presentations were made by President Riddell.

James Smart, who was yesterday morning given 24 hours in which to get out of the city, failed to do so and this morning was sentenced to one month in jail. Three drunks appeared and was fined with the option of treading the light and airy precincts of the city jail for five days if they did not feel like paying.

On Thursday evening at the Metropolitan church Sunday school Ald. Hales, Dominion councillor of the Royal Templars of Toronto, will deliver an address on "Local Option," under the auspices of the local branch of the Royal Templars of Temperance. Ald. Hales is making a tour of the west in the interests of the temperance movement. The chair will be taken by Rev. J. E. Holling. On Thursday afternoon the K. T. of T. will hold a picnic at Beacon Hill park, at which the visitor will be the guest. All Templars and their friends will be welcome.

The funeral of the late Herbert Paul Matthews took place yesterday afternoon from the family residence at 2:30 p. m., where services were conducted by Rev. C. Burnett. There was a large attendance of sympathizing friends. The following acted as pallbearers: C. Brown, H. Thompson, Mr. Kennedy, G. Irving, W. Webster, A. Cusack. Among the contributors of floral tributes were: Mr. and Mrs. W. Best, spray; Miss L. Webster, wreath; Mr. and Mrs. H. G. Limon, Vancouver, crosses; J. Colbert, wreath; A. L. Cusack, crosses; Mr. and Mrs. W. Symmores, crosses; Mr. Williams, spray; Mr. and Mrs. S. Eastman, spray; Capt. and Mrs. Geo. Buckman, wreath; Mr. and Mrs. Temple, spray; Mr. and Mrs. A. Wood, spray; Mr. and Mrs. W. A. Kent, spray; Mrs. E. Lines, spray; Mr. and Mrs. W. Atkins, spray; Mrs. and Miss McDonald, spray; Mrs. A. Wattleit, spray; Mr. and Mrs. Webster, spray; Mr. and Mrs. J. C. Bann, spray; Mrs. Jas. McKeown, spray; Mr. and Mrs. J. Thompson, sickle; C. Brown, spray; Mr. and Mrs. W. Beck, with spray; G. M. Irvine, spray; the Misses J. and F. Macdonald, spray.

ASKS CITY TO REMIT CHARGES

OBJECTION TAKEN TO SEWER TAX ON CHURCH

Rev. A. E. Roberts Says Victoria West Methodists Were Promised Immunity.

A lot of important routine work came before the council at last night's meeting and was disposed of with business-like dispatch. One of the most important matters brought up was the question of levying sewer tax on church property. This was introduced by a letter from Rev. A. E. Roberts, pastor of the Victoria West Methodist church, in which he asked the council to carry out the decision of the council of 1906 that this tax should not be collected in the case of that church at least.

E. Elworthy, secretary of the Provincial Royal Jubilee Hospital, wrote asking the council to take steps to abate the nuisance of noises in the neighborhood of the hospital, which disturbed the patients.

It was pointed out that a large portion of the adjoining property is not in the city limits but Mr. Elworthy will be in touch with the city so that all it can to remedy the complaint so far as it has power.

The letter of W. E. Oliver, reeve of Oak Bay, which has already been published in the Times, brought forth from City Solicitor Mason the information relating to the agreement between the two municipalities had been prepared by him and only awaited consideration by the council and the endorsement of the city barrister.

A notice was received from H. Young, secretary of the British Columbia Union of Municipalities, saying that the annual meeting of the executive would meet in Victoria in October to confer with the attorney-general regarding changes in the law and inviting the city to send along any suggestions it had to make and also that the annual meeting would be held at Vernon in November. The portion relating to the annual fee was referred to the finance committee and the portion relating to legislation to the legislative committee of the council.

Dr. C. J. Fagan, secretary of the provincial board of health, saying that the city complaint about the dumping of garbage in the harbor had been attended to.

Rev. A. E. Roberts wrote regarding sewer tax charged against the Victoria West Methodist church. He said he had taken this matter up with the city council, but that, following the receipt of an opinion favorable to his views, on the matter from the city solicitor, the council had written him that the tax would not be collected. Apparently the proper steps had not been taken to carry into effect the decision of the council of that time that the tax should not be collected, for since then he had received several notices that this levy was due and only recently he had been served with another that if the tax were not paid by August last the property would be sold by the city. The letter was referred to the finance committee for report.

William C. Winkel, secretary of the British Campaigners' Association, asked the council to extend a cordial invitation to Lord Roberts to visit Victoria. He will be informed that the matter has already been attended to and that Mayor Hall will extend the invitation in person.

Senator Macdonald had a long letter before the council in reply to the bill referred to him by the city for the destruction of caterpillars on his property. Senator Macdonald objected that he had received no detailed bill for the work and took the inspector to task for having given the council legal opinion on the matter.

The communication was filed and Senator Macdonald will be sent a detailed bill for the work.

William Dalby, market superintendent, reported receipts of \$129.45 for July, an increase of 50 per cent. He suggested that if additional stalls were fitted up there would be a still greater increase in the revenue.

The report was referred to the building inspector to report to the streets, bridges and sewers committee Friday evening.

The city solicitor reported that the matter of driving cattle along the streets complained of by residents of Lansdowne road was already covered by a by-law passed this year. Such animals may not be driven along the streets without a written permit from the chief of police.

It was pointed out that the difficulty in such cases was that of securing evidence, the complainants generally objecting to going into the witness box.

Ald. Cameron said that the chief had already made some steps in connection with this complaint and any others of a similar nature would be attended to.

FINLAY RIVER IS ATTRACTING MANY Arrival From North Says There Has Been Big Rush.

"There's a big rush going on just now into the Finlay river district," said J. B. Bowington, who has just come down from Port Essington, and is staying at the Dominion hotel. "There must have been two hundred men gone into the country in the past two or three weeks."

"Prospectors with whom I have conversed and who have been working in the Finlay district all last season have got right down to bed rock at a depth of some forty-five feet, and have brought out some very good samples of ore. Of course, it is almost impossible to pack any big machinery and the gold has to be panned out. There is also considerable placer mining. The canneries on the Skeena river have been doing an immense business."

Participants at Pantages Get Into Altercation. The feature act at the Pantages theatre, Toront and D'Aliza, needed the assistance of the whole house staff last evening to stop a fight before their act could go on, but it was only a match between Koke, a game bird, and Caesar, a big white cockin. Four rounds were fought. A remarkable exhibition of domestic fowl education was given, and tricks of all kinds were performed. Roosters of all nations were seen riding bicycles, playing teeter, walking tight rope, climbing

PERFORMING ROOSTERS At Pantages.

ladders and rolling hoops. The hobby horse ride of Mr. Toront and the slinging of Fio D'Aliza with mechanical figures caused an exceptionally clever European novelty.

Alwood and Terry have an act away from the ordinary talking sketch, and their offer of \$5 to anyone singing their song correctly the first time created no end of laughter for the audience.

Nagie and Adams are versatile performers, doing a great many difficult stunts in juggling, club swinging, dancing, singing, etc.

Charles Plansfield makes a good silly kid and has a great rooster crowd. Harry DeVerne renders a most beautiful selection, "When Sweet Marie Was Sweet Sixteen."

Chase & Sanborn's HIGH-GRADE COFFEE. WHAT HE SAID: "Mother never made such delicious coffee as this." WHAT SHE SAID: "Mother never used Chase & Sanborn's Coffee. That's why."

BRITISH AMERICAN TRUST CO., Ltd
CORNER BROAD AND VIEW STREETS, VICTORIA, B. C.

PROPOSED NEW HOME FOR J. B. A. A.

The above cut represents the proposed building to be erected on the site purchased recently by the Imperial Trust Company at the corner opposite the post office on James Bay, and shows the water front view of the building as it looks when completed. To the right is seen the end of the causeway from the landing of which entrance may be obtained to the lower stories of the J. B. A. A. rooms. The plans of the company, when brought to the shareholders of the association, which will be used by the Trust Company. The plans give a water frontage of 200 feet and a like frontage on the shore side. Provision has been made in the plans for a large swimming pool with connections with the salt water and the usual appurtenances required by an athletic club. There will also be a gymnasium of considerable dimensions and a gallery to accommodate several hundred people. The usual social rooms are arranged for a garden with a view across the water to the parliament buildings. The northern portion of the premises are intended for the use of a club, say those interested, and in this part will also be a number of letting offices and the permanent offices of the Imperial Trust Company and their safe deposit vaults. Herbert Cuthbert, of 615 Fort street, is the local agent for the company, who has the plans drawn, and J. W. Weart is the general manager. A meeting of the J. B. A. A. will be held on Thursday evening when the shareholders and members will go into the whole subject. Officers of the J. B. A. A. recognizing the importance of this proposed new home, ask for as full an attendance as possible at the meeting.

CHAMBERLAIN WON THE MEDAL

GOOD SCORES SHOT AT CLOVER POINT

Westminster Team Wins B. C. Electric Cup for the Second Time.

At Clover Point yesterday afternoon marksmen of the British Columbia Rifle Association shot over 200, 500 and 600 yards at 1 shots each range for the Helmsken medal, presented by H. Dallas Helmsken, K. C. and H. C. Chamberlain, of Westminster, made the highest score and gained the medal with 98 out of a possible 100. The second man in the series was Sgt. S. J. Perry, G. M. 4th Regiment, Vancouver, who was but one point behind the winner, and on the same mark was S. Sgt. G. Furbush, 6th Regiment, Vancouver, who was two points behind. Perry several years ago won the King's prize at Bisley. In the team shoot there were four teams. Westminster winning with a total of 252, which was compiled by their eight men. The Westminster team having also won the cup last year now hold the trophy for good, as it was to be won twice in three successive competitions. Vancouver was second with 237, Victoria third with 202, and Kamloops gained last place, compiling but 62 points. The men who got in the money Helmsken medal contest were: H. C. Chamberlain, New West. 97.00; Sgt. S. J. Perry, G. M. 5th Regt. 96.00; Vancouver 95.00; New Westminster 94.00; Sgt. W. J. Sloan, 5th Regt. New West. 93.00; W. Miller, V. R. A. 92.00; Capt. W. H. Hirst-McClure, 5th Regt. Vancouver 91.00; Lieut. T. Cunningham, 5th Regt. New Westminster 90.00; Sgt. J. Chapman, 5th Regt. Van. 89.00; Pte. R. E. Butler, 5th Regt. Van. 88.00; E. A. C. Studd, V. R. A. 87.00; S. W. Hodley, New Westminster 86.00; Sgt. R. Wilson, 5th Regt. New Westminster 85.00; Capt. W. H. Forrest, 5th Regt. Vancouver 84.00; Lieut. C. Milne, 5th Regt. Van. 83.00; W. B. Goodfellow, New West. 82.00; Blizard, V. R. A. 81.00; S. Sgt. F. Richardson, 5th Regt. Victoria 80.00; Capt. W. P. Wimsby, 5th Regt. Victoria 79.00; R. S. M. E. McDougall, 5th Regt. BEAVERS SCORE A ROUND DOZEN

STAGE FRIGHT SIDE-TRACKS THE WONDERS

"Race Me 'Round the Diamond, Willie," is New Game in Victoria.

What's the use grumbling? They were up against it. The score wasn't what it should have been, but it was what it was, only that wasn't as bad as some have got it, even when they didn't have stage fright. First of all the power was off and Harry Willis scanned the grandstand dubiously, but every one got there, so what's the use grumbling. Even a man getting married gets stage fright some times. Some one wanted to know if Walter Lorimer, the debatable umpire, had stage fright also, but no, he was only making history. Twelve to nine, well, what's the use grumbling, haven't others got it worse? Sure! If there is a man in the Victoria nine who didn't make a mistake will he call in and talk it over, for the Times man slept a calm sleep some of the time. It wasn't any dream for he woke in time to hear Herr Willie tinkle the little bell four distinct times. Again he slept, the sweet music of the bell overcame him and in the dream he saw Ham Hyatt skidding round the bases, and horror, that was no dream either. Somebody said they got it in the neck, and it was noticeable that even Mr. Hicks was quiet. But Mr. Lorimer was not. Oh say! but what's the use grumbling. Twelve to nine, although the boys did reach third twice. Say but there was one time there when Hambone Hyatt skied the ball and Mr. Robertson courteously waited toward the center of the field. "Excuse me," "your labors brook have been strenuous, allow me." The gentlemanly Mr. Robertson "allowed me," when Mr. Russ again apologized for his undue haste and proffered the honor to the catcher. Time and tide wait for no man, and a baseball waits for no stage fright victim, and while the courteous gent was apologizing, the object of their attention hit the Dominion of Canada a very hard slap, and the grand stand went howl and did the grand stars do? Oh say, what's the use grumbling? One other time is so indelibly impressed on the memory. It was when the debatable casually remarked, "out," Ham Hyatt was at the plate at the moment, and Hambone ought to have been trippingly to the form and leaped back. But no, he had the audacity to walk to the center of the diamond and remark nasty things to Mr. Lorimer. What Mr. Lorimer said by way of reply is not known but easy guessing

might tell. Harry Willie says he knows but he ain't agoin' to tell Ham left the field and his average was spoiled.

There was a time when the press box looked up, and did take notice. It was in the third innings of the Beavers and Surplice twirled forcibly. Umndorff touched it with the bat and the ball immediately visited the press box, through where the gate should be, and whispered the final outcome of the game, then it twirled right round, and twirled right out again, just missing kissing Doc Haines' Grecian features.

There were three on bases when Umndorff came up in the sixth. Surplice sent his swift winged messenger erringly and it nestled among Mr. Umndorff's ribs. The crowd divided its attention in watching Umndorff walk patiently to first and Snyder stroll aimlessly home. At the end of this innings Willie pulled the little chain four more times consecutively and the song responded melodiously. Victoria sent Plummer to the plate. He eventually got to third, meanwhile Russ skied and instantly died, Wattlek lived the seven inches from first where Surplice was counting the stitches of the ball. While Plummer was eating space between second and third a most annoying thing occurred, Mr. Ritoh tamped the ball gently and got to first just in time to go through the form of a polite introduction to the ball by the confound Mr. Surplice. Willie meanwhile had been strenuously working his arms in getting up steam to ring that small brass bell if only once, but no it was not to be. That Flannagan in the second put his hand in the air, and lo! the ball was in it. Unfortunately Robertson had just hit the ball, so he ornamented the bench while the crowd cheered the carpet bag that had made a magnificent catch. By the way there were nine carpet bags there, and there was only one that one of them didn't close the lock on the ball.

The Beavers are a good team, they put up a dandy treat, and showed some clean neat fielding. On the bases they were pretty good. Once Robertson commenced to throw before the ball was in his hand, it was an oversight but Paddock was on second. In the same innings McQuade waited for the pretty ball to bounce and Flannagan walked home, while Arbogast occupied the time in making first. It was

OLD RIFLE-SHOT ON BY-GONE DAYS

Tells of Times When Men Shot at the Ranges With Terrible Snyder.

J. F. Pallen, one of the oldest shots in the Dominion and perhaps the oldest still on the firing line, is in the city an interested spectator of the present provincial rifle matches, and a competitor were it not for his health, which has been rather poorly during the past few weeks. Chatting with a Times reporter at the Dominion hotel this morning, Mr. Pallen spoke of the old days when he was first associated with the military rifle. "I joined No. 7 battery of the New Brunswick garrison artillery at Chatham depot in 1869, just two years after confederation," observed Mr. Pallen. "I was a member of the first Canadian Wimbledon team that went to the old country in 1872, and am now, I believe, the only one of that detachment on the active list. I was with the team again in 1874, 1875 and 1878. "We used the old Snyder rifles in

OLD RIFLE-SHOT ON BY-GONE DAYS

Tells of Times When Men Shot at the Ranges With Terrible Snyder.

those days, and shooting with those guns all day was pretty well the equivalent of being battered about for an hour or two in a prize ring. Many of the boys came out of the competitions with their shoulders blue with bruises. You could feel the recoil through the shoulder padding. We only shot up to the 600 yards range with the Snyders and if there was anything like a strong wind you were not likely to hit the target at all. "When but seventeen years of age, Mr. Pallen took the first three prizes at a militia rifle competition at Fredericton, New Brunswick, and was picked upon at once as a good man to send across the Atlantic. In the early eighties the Martini-Henri rifle came into use. The Martini is a splendid rifle," said Mr. Pallen, "in spite of the fact that it is a formidable kicker, almost as wicked, indeed, in the recoil as the Snyder. We used to shoot up to 1,000 yards with the Martini, and that's about as far as they go in actual competitions with the Lee-Enfield. The Martini has the advantage of being an excellent sporting rifle. It carries a large smashing bullet which usually stops your game. The Martini and the Ballard are the best sporting arms I have used, that is for big game. The Lee-Enfield is a far more humane sporting iron than either the Snyder or the Martini. The bullet is highly penetrative and has little of the smashing effect of the Martini bolt. It is far the most accurate of the three rifles. "Mr. Pallen joined the Vancouver Rifle Association in 1903. He took the grand aggregate at the firing competitions at Moodyville in 1904 and 1905, and also last year. During the thirty-nine years he has been shooting in competitions, Mr. Pallen has won five silver cups, twelve gold and silver medals, and a large number of badges and certificates.

Heading off a Risk

Gas is liable to puff out of the front door of any furnace unprovided for gas escape.

"Sunshiner" Furnace has Automatic Gas Damper directly connected with smoke-pipe. Gas pressure always escapes sufficiently for it to escape up chimney (see illustration), but heat doesn't escape.

What does "Sunshiner" Gas Damper mean to "Sunshiner" Furnace? Means protection to the furnace parts against evil effects of gas.

What does "Sunshiner" Gas Damper mean to "Sunshiner" householder? Means furnace can be operated without fear as to "puffing" gas; furnace can be left without doubt as to whereabouts of gas.

What does "Sunshiner" Gas Damper mean to "Sunshiner" coal account? It means, instead of owner with "ordinary furnace" fear having to keep check-draft indefinitely closed to "let off" gas when there's two-thirds parts of heat-energy to one part of gas passing up chimney—draft can with all safety be opened, and coal saved for another day's duty.

ITCHING SCALP If you notice your scalp is covered with dandruff or your hair is getting dry and brittle, you should know there is something wrong. The first thing to do is to apply "Janer's Hair Restorer," and this should be done immediately, because the moment it is applied your cure has commenced. If any irritation exists, as is frequently the case in scalp troubles, "Janer's Hair Restorer" will instantly stop this and the other effects of the ailments will also gradually disappear. If taken at a sufficiently early stage the scalp trouble will be removed before it is noticeable by anyone else, but even if the adoption of the treatment has been delayed, the value of "Janer's Hair Restorer" will vary soon become clear to you. VICTORIA BERRIES BEST IN THE WORLD Opinion Expressed by Thomas Cunningham on Local Fruit. "The best strawberries in the world in my opinion are grown in the vicinity of Victoria," says Thomas Cunningham, the inspector of fruit pests. "This applies to color, size and quality," he added.

ADVERTISING AND CIVIC IMPROVEMENTS Cities Must "Deliver the Goods" They Herald Forth.

Cities that advertise themselves are best advertised, writes Curtis L. Mosher, manager of St. Paul's advertising campaign and secretary of the Minnesota Federation of Commercial Clubs, and his advice has a bearing locally. The national capitol has advertised the city of Washington as nothing else could. The architectural beauties of Paris, Berlin, and Vienna, and the antiquity of Rome, have advertised those cities more effectively than acres of display space. The same general idea is applicable to any city or town in the United States. The best advertising begins when a city has cleaned up its own dooryard and made itself attractive to those who, by accident or with purpose, visit it. South to car, and mouth to ear, such advertising travels endlessly. Eventually a city has "reputation," which is the tangible result of quiet self-advertising effort expressed through civic improvement.

The great state capitol, erected in St. Paul after thirteen years of work, has done magnificent service in advertising the city. It is beautiful, commanding, impressive. It is worth seeing and draws the interested. Little things count in municipal advertising, and the things which count most are the things which cannot be thought of for attractiveness, cleanliness, and beauty. Here are a few of the little things which any city may do, and reap substantial advertising benefit: Clean streets are most valuable in their advertising value. If they are not paved let them be cleaned, kept in repair, and kept free of stray papers and litter.

St. Paul has planned a magnificent river drive, miles in length, carefully paved and improved, making a circuit of two sides of the city and ending in a beautiful park. Any city located on a pretty stream may do the same. Such a drive makes a city worth visiting; and thousands who roam the country for pleasure, new sights, amusement, and recreation may be attracted by such a feature. Vancouver's Stanley park drive, and many other drives close to other cities are known to thousands who could hardly tell what other fact about the given city they have remembered.

Keep in touch with the railroads. If a city has a thousand attractions and the railroad advertising agent does not know it, it will never receive more than one cent of the business which could so well use it. See that some one takes care of him. Don't forget the railroad industrial agent. If by proper co-operation the railroad, which must advertise, can be placed in a position to help its local towns, the municipality has benefited proportionately to the volume and cost of the railroad advertising done. St. Paul entertained the advertising agents of all the lines entering the Northwest, last fall. The visitors had a pleasant time, spending practically an entire day touring the city and studying its "talking points." Columns might be written about the possibilities of making the city so attractive as to be the centre of a constantly spreading stream of comment and favorable mention. This is excellent advertising and every opportunity which assists such work, the work of "publicity," should be utilized. Yet there is a danger. The skilled mechanic sticks steadily to one job until his work is complete and perfect in every detail and measurement. Great danger to city advertising movements threatens when public effort is allowed to scatter and cover too much territory. One thing at a time, and the one thing well done, means, in the suburbs of a decade, a city which has fitted itself for comparison with the best American municipalities, and has made no false steps.

SPENT \$3,000 SEARCHING FOR HEALTH.

FROM SHOAL LAKE MAN COMES THE FOLLOWING WONDERFUL STORY Mr. Robert Squires says: "I have spent over \$3,000 in search of health; have travelled from place to place looking for suitable climate. I came to the conclusion that climate made no difference in curing throat and lung troubles. At the health resorts consumptives died there as at any place else so I determined to find a home remedy. A friend advised me to use Psychine. The first few bottles gave great relief from coughing and seemed to ease the pain in the lungs. Within a month the cough and night sweats had disappeared, and I had greatly regained my strength. I used ten bottles, but my case was a serious one, and I didn't begrudge the cost. For I was completely cured after medical men considered my case hopeless. My lungs are now sound and no sign of disease whatever is apparent."

To Dr. T. A. Slocum, Limited Toronto Please send me a TRIAL BOTTLE of Psychine FREE.

quence to find with its own attractiveness; and then "advertising," the careful, methodical, business application of commercial advertising principles, begins. "Publicity" is an indirect form of advertising. The direct form means a business campaign along business lines to reach certain classes of people whom the city needs, and present to them terse and definite business advantages to be gained by removing to or living in the city advertised. This means display space in mediums of recognized worth, preceding the use of which there must be intelligent and sensible "follow-up" literature. Booklets must be ready to meet inquirers. Business facts must be gathered and sifted with a view to their business consequences and interest to the business man elsewhere. These must be published in effective and attractive form. How to circulate such material and where to circulate it are vital questions which must conclusively be settled in advance. When this is done the city is prepared to go before the country and sell its goods—i.e., its advantages, attractions, and opportunities to intelligent buyers.

"Publicity" is exceedingly valuable, but "general publicity" without "advertising" (following well thought out and practical lines) is like using milk without waiting for the cream to rise. The straightforward, practical advertising in the net which gathers in the good done by the extension of a city's reputation and turns it to account in the upbuilding of population, the increase of business houses, and the multiplying of industries. The American magazines, and notably some of the weekly periodicals of huge national circulation, afford the best and most economical means of such direct advertising effort. A list of fifty-five American daily newspapers can be made to satisfactorily cover the entire nation in such a campaign. The use of newspaper space, if wisely determined, can be made a most important help in a city advertising campaign. The proper co-ordination of plans for the use of both classes of mediums, both having been subjected to a thorough sifting process, brings about a well-balanced and probably the most effective campaign. Even more modest effort will pay tremendous dividends if the advertising commissioner is receiving two hundred letters a day as the result of a want advertising campaign backed by excellent follow-up literature, which is costing but \$100 per month. Astoria, Ore., produced magnificent returns from a similar campaign, which cost, all told, but \$10,000, including salaries and all expenses.

The city that advertises must "deliver the goods." It must have something practical to talk about. There is nothing better than the story of its beautiful location, pleasant residence districts, parks, municipal improvements, and all that goes to make up ideal American home and business life.

EFFECTS OF ALCOHOL ON FUTURE GENERATIONS To Be Really Great Select Ancestors Who Do Not "Drink." Medical schools of Charlottenburg and Paris have of recent years been devoting special attention to the psychic reasons which underlie the craving for alcohol in certain human subjects, and have, as the result of experiments carried out in a regulated series of cases, come to the conclusion that those beings who come of stock which was at any period in the ascending line given to the abuse of alcohol, are certainly not of the order of humanity which is to evolve the long-expected Superman. In other words, two highly respectable schools of medical thought and science practically assure the world that there is but a small percentage of mankind that holds the power of transmitting greatness to posterity, and that their being able to do so depends upon their abstention from alcohol in all forms while they live.

According to the argument, all the really great men who have appeared upon the earth, like Caesar, Aristotle, Shakespeare and Napoleon, came from a select series of ancestors to whom the use of alcohol was practically unknown. The fact, it is argued, that Napoleon's father may have been a tippler, will not alter the case for our Superman, since the weakness of the father escaped the son by some unknown but none the less certain atavistic process, as in cases of epilepsy or insanity. It is held that by such a series of atavistic accidents, the taint of alcohol has "skipped" every particular hereditary phase that goes to impress itself upon the ultimate issue, namely, the Superman, who thus comes into the world wholly free, in the matter of heredity, from the taint of alcohol.

progeny is likely to suffer from his abuse of strong drink. Doctor George B. Catten, the author of the "Psychology of Alcoholism," likewise discloses will power and the effects of alcohol upon it. Catten disagrees with the view that there is such a thing as an special area in the brain which "telegraphs" the desired energy or motion to any particular part of the frame. On the contrary, he thinks that the human will is diffused over all the muscular parts of the body. In the course of evolution, such a thing as an special area in the brain which "telegraphs" the desired energy or motion to any particular part of the frame. On the contrary, he thinks that the human will is diffused over all the muscular parts of the body. In the course of evolution, such a thing as an special area in the brain which "telegraphs" the desired energy or motion to any particular part of the frame. On the contrary, he thinks that the human will is diffused over all the muscular parts of the body.

A rotary kiln 125 feet in length was recently shipped from Wilkesbarre, Pa., to California. This is not an unusual length for these kilns, which are used in the manufacture of Portland cement, but it has heretofore been the custom to ship them in parts, but this is the first instance where such kilns have been shipped complete. The total weight of the shipment was 75 tons and was made on three cars.

There are 113 theaters and two grand opera houses, seating about 120,000 people, in New York.

EVER USE An Engraving Dept. Which Makes All Kinds of Cuts For All Purposes. You will find it a great time-saver, a great convenience, to consult our Engraving Department whenever you require cuts for printing or advertising purposes. Besides exceptional mechanical facilities, our force of hand engravers is prepared to execute difficult or unusual work. If you wish, our Art Department will furnish the designs and thus relieve you of the entire detail and thought. Tell us your needs and this organization will deliver the finished product—correctly, promptly, satisfactorily. Real-estate agents, retail concerns, manufacturers, railroads, publications—every line of enterprise, near or far, is served by this engraving plant. Mail orders carefully and quickly filled. B. C. WEEKLY REVIEW OF THE CHARTER MARKET

Chartering of Grain Vessels Quieter—Lumber Fixtures Dull.

The consensus of opinion concerning the crop of the Pacific Northwest seems to be that the damage amounts to between 25 and 30 per cent. or that the yield will be between 40,000,000 and 45,000,000 bushels, says the San Francisco News in its weekly review of the coast charter market.

In offshore lumber chartering the only business transpiring is with the Coast and Australia. Puget Sound to Callao has been done at 35 9d, and Grays Harbor to Callao at 32 6d.

Offshore rates are quoted approximately as follows: Lumber from Puget Sound or British Columbia to Sydney (steam), 25 9d to 26 3d (sail), 30s; to Melbourne or Adelaide (steam), 27 6d to 28 9d (sail), 31 2d.

NEW UNION STEAMER HERE

CARIBOO PASSED UP LAST NIGHT FROM AYR

The Latest Coast Passenger Steamship Is Finely Fitted

The twin screw passenger steamship Cariboo, of approximately 1,000 tons, reached William Head quarantine station at 8 o'clock last night and, upon receiving orders from Donahoe, the local agent of the Union Steamship company, proceeded without delay to Vancouver arriving there at an early hour to-day.

The Cariboo is a modern steamship especially designed for the coast passenger trade on the Prince Rupert and Northern B. C. run which she will take in company with the steamship Camosun which has been in service for a year.

The Cariboo is fitted with twin-screws, turning outward, with cylinders 13 1/2 and 21 3/4 inches, and has two cylindrical marine boilers fitted at the forward end by Benson, Burnham & Co.

The dining room seats fifty, and is lined with mahogany, with finishings in white. She has accommodation for one hundred passengers, and 200 second-class. A music room for the ladies, also handsomely fitted, and a first-class smoking room is on the boat deck for the gentlemen.

MARINE NOTES

The steamship Sungari, Capt. Prede, which has been lying at Guaymas, Mexico, since last fall, is likely to be soon at liberty. The vessel has been plastered with debt and was held by the Mexican authorities under liber.

The N.Y.K. liner Iyo Maru reached port early this morning from Seattle and called for the Orient at eleven o'clock. She has about 1,000 tons of cargo and 12 first-class, 9 second-class and 52 steerage passengers.

The steamship Lord Selton, from Eureka, passed up at 8.45 a.m. to-day to coal at Comox before proceeding to the Sound.

The steamship Princess May sailed last night for Skagway with a large amount of freight.

LURLINE FIRST BOAT TO REACH HONOLULU

Winner a Day Ahead and Three Other Boats Finish Within Six Hours.

After a computation of the time made by each vessel, and taking into the handicap allowances, the official yesterday declared the yacht Lurline, of the South Coast Yacht Club, of Southern California, the victor in the trans-Pacific yacht race from San Pedro to Honolulu.

The Lurline was the scratch boat. Greendolyn II, Seattle Yacht Club—14 days 4 hours 7 minutes 35 seconds. Lady Maid, San Diego Yacht Club—14 days 16 hours 52 minutes 5 1/2 seconds.

WRECKERS RESCUED. Salvage Crew Taken From Steamship Chippewa by Camping Party as Vessel Broke Up.

New York, July 19.—While the steamer Chippewa, of the Clyde line, was pounding holes in her side on the rocks off Montauk Point, early to-day, twenty-four men were taken from her by a camping party.

STEAMSHIP ASHORE ON SAN MIGUEL ISLAND

Thought to Be Southbound Kosmos Liner.

A dispatch to the Times from Santa Barbara, Cal., to-day states that a steamship, believed to be the Kosmos, was sighted on San Miguel Island, the most northerly island of the Santa Barbara channel group.

DISMISSES CHARGE AGAINST CHINAMAN

Charlie Yen Goes Free on Accusation of Trying to Steal Michael O'Brien.

Charlie Yen, the Chinaman who was accused by Michael O'Brien, bartender at the Commercial hotel, with trying to steal him Sunday evening, was acquitted in the police court this morning after a hearing that lasted about two hours.

The steamship Lord Selton, from Eureka, passed up at 8.45 a.m. to-day to coal at Comox before proceeding to the Sound.

The steamship Princess May sailed last night for Skagway with a large amount of freight.

BOVRIE "Bouillon" and "Sandwiches" are easily made. Both are nutritious and enjoyable. Good to know when on a motoring tour.

MINE MANAGER RETURNS HOME

FROM GREENWOOD TO SALT LAKE CITY He Tells of Developments at Greenwood and Yankee Tunneling Scheme.

W. C. Thomas, who has just severed his connection with the Dominion Copper Company, of Greenwood, B. C., and who is spending a few days in Victoria with his wife and children before returning to his old home in Salt Lake City, had a few remarks to make to a Times reporter at the Diarral to-day concerning the mine situation in the Greenwood district.

The low prices of copper and the high wages demanded by the men were the principal causes of the shut-down in Greenwood last fall, said Mr. Thomas. "Mine owners were paying as high wages as had been paid in Butte, and when the price of copper dropped something had to be done."

PLEASANT OUTING ABOUT THE DISTRICT

Rev. T. W. Gladstone and Daughter Make Trip on Foot.

Rev. T. W. Gladstone and his daughter, Margaret, started on a walking tour last Thursday and accomplished nearly sixty-five miles in less than forty-six hours, which is not bad walking especially for a lady pedestrian. The couple left the corner of Esquimalt and Admiral roads at 2:30 p. m. Thursday. Going via Parson's bridge and Colwood, they reached the Happy Valley, Metchoin, before dark, and passed the night at Mr. Maynard's cottage. Mt. Hejcken was scaled in the evening and a view of the city obtained from it. On Friday morning the walkers set out for East Sooke via Beecher Bay. They took back across Sooke harbor and went back again by way of West Sooke to the Happy Valley, passing through a fine stretch of virgin forest near Mt. Blankorn. Saturday morning the two set out for the city, passing by Metchoin church and along the Albert Head road. This added some five or six miles to the distance, but an excellent view across the Royal roads was obtained by this route. The corner of Esquimalt and Admiral roads, the starting point, was reached at 11 o'clock.

THE NEW GRAND

Some Features of a Strong Bill at Government Street Theatre This Week.

Of the acts on the surprisingly strong bill which opened the week at the New Grand last night the most remarkable is that of Juno Salmo, who has given himself the sub-title of "The Devil Dandy." Juno is a decidedly creepy mortician. His extraordinary contortions of the body are the most complex we have seen by any public performer in his particular line. "Dressed as a Me-phisto-philes" he goes through his act in silence and with a neatness that seems to be made easy by the peculiar composition of his bones and the nature of his joints, if joints they be. He literally turns his face round to his back, so that you cease to wonder how it is done, but fall to conjecture as to how he will resume his normal shape again. However, he comes straight after giving the two, and even more turns to his limbs. Some people do not think of this sort of thing. We confess to the creepy feeling already mentioned, but the credit which all expect who ponder to the craze for sensationalism should certainly be extended to Juno Salmo. Many will question the right of Salmo to the premier position and will accord it to Terley, the other big European feature. Terley certainly has the neat and most novel and original act of the kind that has been seen in Victoria. It consists of impersonations of a long list of noted people which are made apparently with a burst standing on a pedestal against a dark background, which is modeled with hand and scapel into the requisite features. At the close the pedestal is taken away and Terley, bust and all, walks down to the footlights to receive the delighted plaudits of the audience. Other good numbers are Melone Thomas and Alfred in a splendid singing and dancing act; Ott, Nelson and Stedman in "Nearly a Doctor," very funny, and introducing good song and piano playing; Fred W. Morton, harmonica player, finger whistler and paper teazer; Tom Gillen, "Finnigan's Friend," in song and stories that are "going big." Thos. J. Price, singing the illustrated song "In Dear Old Colorado." New moving pictures and the "Swedish Peasant March" by Sodermann as an overture by the orchestra.

"Hawthornes," private hospital for women, 909 Pemberton road, in charge of a resident woman physician, is ideally situated for rest cure patients and convalescents. Standing in large grounds in a convenient residential quarter, it combines all the features of a retired pleasant home and a well equipped sanatorium.

PUPILS "AT HOME" GIVEN AT THE POPLARS

Pleasant Afternoon Spent With Parents and Friends as Guests.

The pupils of Miss Archbutt and Miss Messenger gave their annual "At Home" on Tuesday afternoon last to their parents and the friends of the school. After Miss Messenger had read her report of the results of the term's work and examinations, Miss Archbutt announced that Charles Gray had passed with second-class honors the senior grade for piano playing in the recent examination in music held here by Professor Aldous on behalf of the University of Toronto. This is the first test successfully completed for Miss Gray, as follows: Junior theory, honors standing; intermediate theory, pass; primary piano, second-class honors; junior piano, first-class honors; senior piano, second-class honors.

After the presentation of a prize to her and one for improvement in singing to Florence Smith, the programme was proceeded with, and it soon became evident that the attention and interest of the large audience was fully aroused, each succeeding item winning more and more marks of applause. Margaret Gray, Dorothy Cobbett, Olive Day and Margaret Macdowell especially distinguished themselves, the former's rendering of her two solos being particularly brilliant.

Olive Day's reading of a passage from "Sesame and Lilies" was much admired for its correct emphasis and purity of enunciation. The two French plays by the junior and senior girls respectively were charming and remarkable for fluency and correct pronunciation, as well as for fresh and spontaneous acting. Miss Day's "Lily" and "The Two French Plays" were splendid renderings of her role were much admired, and in her case, as also in that of every girl in the whole programme, the complete absence of self-consciousness, which so often mars amateur efforts, was the subject of much comment.

But it was perhaps the "Cranford" play, Miss Barker's "Tea Party," that most delighted the audience. Miss Barker Macdowell enacted the part of Miss Betty with the most delightful old-world simplicity, and was a favorite from the first moment. As each quaint old lady appeared on the scene the pleased exclamations grew louder and louder, until the stately and most effective entrance of the Hon. Mrs. Jamieson (Doris Worrold) brought forth peals of laughter and a perfect furor of applause. Florence Smith was a very sweet Miss Matty, while Kitty Smith made a very bright and effective Peggy. The other characters which were well sustained were as follows: Miss Poles (Margaret Holley), Mrs. Forrester (Vivienne Charlton), Mary Smith (Gundrida Robson), and Mrs. Matilda Bowker. The quaintly picturesque costumes added much to the charming effect of the whole scene.

After a few gracefully appreciative words of thanks from Canon Beecher, the Rev. Mr. Willard presided and every body adjourned to the garden, where tea and refreshments were served and the ladies were the recipients of fresh congratulations from the delighted parents and friends.

LEE WILLARD

Talented Actor Will Be Seen in "Dr. Jekyll and Mr. Hyde To-Morrow" Night.

The next attraction at the Victoria theatre will be Mr. Lee Willard and his company in a dramatization of Robert Louis Stevenson's great novel, "Dr. Jekyll and Mr. Hyde." Mr. Willard's engagement is for one night only, Wednesday of this week. Most people are familiar with the plot of this master work of Stevenson's, and know that it depicts the story of how an upright, big-hearted doctor allows himself to become the victim of a drug which turns his better nature into that of a veritable fiend and murderer. While under the influence of this terrible drug he is so changed that his wife and associates and best friends do not know him, so gradually he begins to lead a double life. When his better nature asserts itself, and he gains relief from the terrible influence of this drug, he is known as Dr. Jekyll, and when he falls again and becomes the fiend, murderer and criminal, he is known as Mr. Hyde. As time goes on he becomes gradually more addicted to the habit, the result being that, while at first he could always anticipate the change coming over him, and be in privacy when he did change, later he would go from one character to another without a moment's warning. It is easily seen that a play with a plot of this sort would give the actor assuming the great dual character scope for great dramatic characterization, and Mr. Willard is equal to all the requirements of the part. In making the changes from one character to the other before your very eyes he attains a dramatic height that few students of histrionic art have ever surpassed.

WEATHER BULLETIN

Daily Report furnished by the Victoria Meteorological Department. Victoria, July 21, 3 a. m. The atmospheric conditions remain the same, and fine but weather is general throughout the Pacific slope from Northern British Columbia to California, and across the Dominion to Manitoba. Forecasts. REVISITS VICTORIA AFTER MANY YEARS

D. J. Keane, of Oakland, Cal., Old-time Rowing Expert Back Here.

D. J. Keane of Oakland, Cal., commander of the California Yacht club, who 26 years ago took a prominent part in aquatic sports in this city, is here at present renewing old acquaintances, being the guest of his brother-in-law, William Bryce, of the Thorpe Soda company. Mr. Keane is on his way home from a trip to Europe and is staying with Mr. Bryce at the latter's residence, corner Elford and Fort streets, a couple of weeks before completing his journey home.

While he lived here Mr. Keane went in for rowing and although he did not take much part in the races himself, he trained several good men. One of these was Harry Stewart, whom he put in shape for the season's racing 26 years ago, and another was James Seeley, whom he coached for a race against Cotford, who held the reputation of being the best oarsman on the Pacific Coast. After a quarter of a century Mr. Keane still has a vivid recollection of this race. In it Cotford gave Seeley a half minute start in a three mile race, but the latter came home an easy winner.

Mr. Keane left here shortly after this but returned a year or so later to claim as his bride Miss Alice Baker, sister of Mrs. William Bryce of this city. Things have prospered with Mr. Keane since leaving here. He has made a lot of money through judicious real estate investments and, as he puts it, "is now taking things easy." He is now returning from a three months' trip to Europe, during which he visited all the important cities of Great Britain, as well as of the continent, and also took a run to Egypt.

Despite his long residence from the city he still has a warm place in his heart for Victoria and is anxious to meet as many as possible of his friends of the old days before he leaves. He is greatly pleased with the improvement made in the city, although he looks forward to still greater things in the near future.

PERSONAL

Returning to the city from Ashcroft, where he has purchased a large ranch, Fred T. Cromwell, of the business and prospective British Columbian, spoke of this province as one of the most attractive regions on earth for large and desirable investments. Mr. Cromwell, who is staying at the Empress, has been over a great part of the province. He is confident that a large number of American investors, well-to-do farmers, etc., would flock into the country from the United States if the farming, ranching and timber districts were properly advertised. Many people, said Mr. Cromwell, were misinformed about the country, which led to the wrong kind of settlers coming in. People, too, should be informed that it was impossible to get beyond Queenal with wagon teams.

Robert M. Newcomb, of the American consulate here, has gone to Seattle for a few days.

W. M. Reeser, of the Tyeo Copper Company, is in the city.

GRANBY EXPANDING
ITS PHOENIX CAMP

Golden Eagle Fraction Is Absorbed in Property—Rawhide Development.

Phoenix, July 20.—Another mining claim was this week added to the already large holdings of the Granby Consolidated. On Thursday the deal was put through with W. R. Williams whereby the company acquired the Golden Eagle fraction. The Golden Eagle is a half claim and adjoins the stemwinder and Montezuma, at the northern part of the camp. No development work has been done on the claim, but it is considered to be a valuable acquisition to the Granby properties. The C. P. R. spur from the Brooklyn mine runs through the fraction. The consideration is not given out by the company, but it is understood to be in the neighborhood of \$12,000. The Golden Eagle has been held by Judge Williams since 1896. Since locating the new strike activity on the mine has been largely augmented by the considerable amount of development work will be carried on. One hundred and eighty tons were shipped on Thursday from the Brooklyn, and by next week 200 tons daily will be shipped from the new strike. Asked as to the new ledge of ore at the new ledge of ore, the lead is thought to extend northward into the company's Montezuma claim, and drifting will be pushed. Raising on the ledge has been commenced from the 250-foot level, and shipping will start on Monday. The entire ore body is all virgin ground and is estimated to contain 1,000 tons daily when the copper market improves. There is at present some 600 tons of ore on the Atholston dump. The ore has to be teamed one and a half miles to the Winnipeg for shipment by the C. P. R. Atholston ore runs about 38 per cent, and is required at the smelter for fluxing.

Active development work is being done at the Rawhide. "It looks better than ever," said Mr. Rundberg, "every shot put in indicates better prospects. The Rawhide will be able to ship 1,000 tons daily when the copper market improves."

There is at present some 600 tons of ore on the Atholston dump. The ore has to be teamed one and a half miles to the Winnipeg for shipment by the C. P. R. Atholston ore runs about 38 per cent, and is required at the smelter for fluxing.

GEOLOGICAL SURVEY.

Hedley, July 20.—The geological survey party are making good progress these days, and particularly so in view of the difficult character of the ground they are covering. The topography work is being done by Mr. Reinecke, who has this year joined the Canadian survey. Mr. Reinecke is a native of Cape Colony, South Africa, and has seen much of the world in various climates. He has been for three years on the United States geological survey, but preferring to get on the British side of the line he has joined the Canadian survey in Camp Hedley. While having more experience in geological work than in topography, he has done a great deal of topography, but has not often run up against a difficult ground as he is now doing in the Bradshaw canyon; but notwithstanding the difficult ground they are making excellent progress. Mr. Cammell and assistants are busy working out the geology and plotting it on the topographical sheets. The geological problem of camp Hedley becomes more interesting as well as more complex day by day as they work it out, and the ramifications of the monomitic among the sedimentaries looks on the map like a huge octopus. When they complete the sheet undertaken last summer, they expect to go up the Tulameen for some special work that has been laid out for them in connection with platinum deposits.

RAN LYNX TO DEATH.

Port Hammond, July 20.—Farmers have been losing a lot of poultry lately through the depredations of lynx, and Miss E. Isaac, of the Fraser river town, was instrumental in getting one of these pests killed recently. As she had lost several hens Miss Isaac kept watch and saw a lynx come from the den house with a big hen in his mouth. Miss Isaac and two dogs gave chase through hay fields and cow pastures and the lynx dropped its victim and took to the timber, but Miss Isaac kept up the chase and finally the lynx stopped and glared at its pursuer from the branches. Miss Isaac shouted for help and kept the lynx tressed for an hour until her brother reached the scene with a shotgun and killed the animal.

SURE CURE FOR HAY FEVER.

Recommended by Deputy Collector of Inland Revenue at Sarnia. After years of suffering Mr. W. H. Hickey has been cured by Catarrhose, and he says: "I experienced grateful relief in a few hours. Catarrhose worked marvels immediately and cured me of Hay Fever. I heartily recommend it as the most effective remedy in the market. It will cure any case of Hay Fever ever known." A guarantee goes with every package of Catarrhose to permanently cure Hay Fever and Summer Asthma, sold by all dealers.

RUSHING WORK ON
BIG C. P. R. TUNNELS

Boring Between Field and Hector to Be Finished This Year.

Revelstoke, July 20.—About one-half the tunneling work on the C. P. R. line between Field and Hector, which is to cut the famous Big Hill grade in half, has already been performed, and the contractors, Messrs. Macdonell & Gowald, of Vancouver, are now doubling their equipment so that it may be finished by the end of the present year. It is expected that by New Year's day the two big tunnels, and the diverted section of the railway which will carry the approaches to the long bore from east and west. Altogether about one mile and a quarter of tunneling is embraced in both bores. Work has been proceeding at four faces of the tunnels since a start was made. These tunnels have, being almost complete circles, carry through their length a 2.2 per cent grade, and the driving of them is no mean engineering problem. Steam shovels are now to be installed in both tunnels so that the rock may be handled more expeditiously after blasting, the great desire being that the work shall be hurried along as rapidly as possible.

WINNERS OF FINALS
IN DUNCAN TOURNEY

Close and Interesting Games
Wind Up Tennis
Week.

(Special Correspondence). Duncan, July 20.—The finals in the Duncan tennis tournament were played on Saturday. Hinkley beat Jewell, 6-3, 6-3, and won the Hayward cup. Gentlemen's open singles—Jewell beat Barclay, 4-6, 4-6, 5-6, 6-2. Gentlemen's open doubles—Jewell and Lomas beat Barclay and Freeman, 6-2, 6-3, 6-2. Mixed doubles—Miss A. Robertson and Allington beat Mr. and Mrs. Lomas, 6-3, 6-1. Ladies' singles—Mrs. Knox beat Phillips, 7-5, 6-2. Ladies' doubles—Mrs. Knox and Mrs. Phillips beat Miss Robertson and Miss Robertson, 4-6, 4-6, 1-6. Afterwards Mrs. A. H. Lomas, on behalf of the club, presented the winners with their cups.

Meets With Accident.

The son of Mr. and Mrs. Fall, of Cwichean station, met with a serious accident on Friday. The little boy who is about ten years of age fell on a harrow and fractured his skull. Dr. Robson of Duncan, took the little boy to Victoria to the hospital.

Social Doings.

Mrs. Hubert Keast is spending a few days in Victoria. Miss M. Williams, Miss McKean, Mr. B. Williams and Mr. Barnacle have had a delightful trip from Duncan to Alberni in Mr. Keast's motor car. Miss Gertrude Macfarlane has been visiting friends in Duncan for a few days.

FOR DAINTY WOMEN.

Excessive perspiration is the bane of many a woman's existence in summer. It leaves its disagreeable odor on all garments. It keeps one uncomfortable in mind and body. "Talcum Powder" used to be the standby, but women have found that Talcum and a host of other toilet powders give only temporary relief at the best. They may absorb a little of the perspiration, but they do not completely destroy odors nor soothe the skin. "Foot Elm" is the original foot tonic. It is a toilet necessity to every woman who loves cleanliness and daintiness. Remember, there is nothing "just like" "Foot Elm" nor "nothing just as good." At all dealers, 25c a box.

NORTH VANCOUVER WATER.

North Vancouver, July 20.—Specifications for the water mains for the new water district were submitted and discussed at the meeting of the district council last Friday night. The mains are to be of wooden pipe, wire wound, 8 inches and 6 inches in diameter. They are to withstand a hydrostatic pressure of a 300-foot head to the square inch. The pipes are to be laid eighteen inches below the surface and are to be guaranteed for five years. The pipe line road is to be ten feet wide and the pipe will be 19,000 feet in length.

NEARLY A TRAGEDY.

Vancouver, July 20.—Miss Bingham, a member of a yachting party, had a narrow escape from drowning yesterday. She fell on a boom of 100 ft.

OYSTER CULTURE ON
VANCOUVER MUD FLATS

Parasitic Drill to Be Exterminated—Importation of Bivalves.

Vancouver, July 20.—A Vancouver organization known as the Crescent Oyster Company, has hopes of making a success of oyster culture on the Mud Bay flats. Evidence has been found that long ago there were many native oysters on the flats, but they had been nearly exterminated by the parasite known as the "drill." By clearing the ground of these enemies and taking precautions against their re-attack, it is supposed that the beds can be restored to their former condition. The company has also gone into the eastern oyster business on a large scale, bringing out young bivalves and maturing them on the flats. It is also hoped that the eastern oyster will be induced to propagate on beds prepared by means of throwing up a dyke across the flats.

IN MEMORIAM.

New Westminster, July 20.—The funeral of the late William Robertson, who died at the Royal Jubilee hospital, Victoria, on Thursday, at the age of twenty-seven, took place yesterday afternoon, Rev. J. S. Henderson officiating. The pallbearers were: C. S. Cooke, H. Aitich, E. House, E. S. O'Donovan, G. W. White and C. B. Corbould, all ex-members of the South African contingent to which deceased had belonged. Many floral tributes were placed on the casket.

TEMPLAR'S PICNIC.

Vancouver, July 20.—Tomorrow afternoon the members of the Royal Templars of Temperance of Vancouver and New Westminster, will hold a picnic at Stanley park in honor of Ald. James Hales, of Toronto, grand councillor. In the evening, beginning at 8.30 o'clock, a rally will be held in the Sons of England hall, when Ald. Hales will deliver an address and a concert programme given.

HOW TO CURE HEARTBURN.

The cause of heartburn and indigestion is fermentation in the stomach. Magical relief comes from Nerviline, which cures the condition which causes heartburn, just as it relieves and cures indigestion, cramps, gas, belching and other ailments of the stomach. No summer medicine half so good as a 25c bottle of Polson's Nerviline.

BRANCH IN ENGLAND.

Montreal Manufacturers Open Offices and Appoint Manager. H. W. Stevens, of the Semi-ready Company, Montreal, settled on the Empress from Quebec. The Semi-ready Company have arranged to open a branch office and warehouse in England, and to maintain a resident representative to look after their affairs. Mr. Stevens will have his headquarters in Bradford, which is the centre of the great Yorkshire woollen district. Before joining the staff of the Semi-ready Company where he has been engaged for some time, Mr. Stevens had a thorough and practical training in the woollen trade in England. His experience has fitted him particularly for the duties of his new position. The Semi-ready Company are the largest purchasers of fine woolsens in the English market and in maintaining a permanent establishment in Bradford they will always be in closer touch with the best fabric makers in England, Scotland and Ireland.

Dated this 20th day of July, 1908.

Synopsis of Canadian Northwest
Homestead Regulations.
Any even numbered section of Dominion Lands in Manitoba or the Northwest Provinces, excepting 3 and 36, not reserved, may be homesteaded by any person of legal age, male or female, or by the sole head of a family, or male over 21 years of age, to the extent of one-quarter section of 32 acres, more or less.
Application for homestead entry must be made in person by the applicant at the office of the local agent by the Sub-Agent, at the expense of the applicant, and if the land applied for is vacant on receipt of the telegram such application is to have priority and the land will be held until the necessary papers to complete the transaction are received by mail.
In case of "personation" the entry will be summarily cancelled and the applicant will forfeit all priority of claim.
An application for inspection must be made in person. The applicant must be eligible for homestead entry, and only one application for inspection will be received from an individual until that application has been disposed of.
A homesteader whose entry is in good standing, and not liable to cancellation, may, subject to approval of Department, relinquish it in favor of father, mother, son, daughter, brother or sister, if eligible, but to no one else, on filing declaration of abandonment.
An application for inspection must be made in person. The applicant must be eligible for homestead entry, and only one application for inspection will be received from an individual until that application has been disposed of.

ASKED FOR REPEAL OF SUNDAY CLOSING LAW

F. B. Rendell and Hundred and Thirty Others Petition City Council.

There are a number of people in Victoria who would like to see the repeal of the by-law passed recently closing all dance halls, bowling alleys, skating rinks, billiard and pool rooms and other places of amusement licensed by the city and among them F. B. Rendell, president of the Rendell's pool room, and 129 others who signed a petition which was read at last night's meeting of the city council asking that this be done.

The petition will be considered by the council at their next meeting, which will be held on Monday, July 27, at 7 o'clock.

The petitioners are: F. B. Rendell, F. Crocker, Harrie G. Ross, George I. Dunne, J. M. Lenestey, T. C. Mead, William Duck, J. H. Johnson, W. J. Bucklett, L. E. Miller, A. J. Maynard, James Huxtable, Ernest Pope, George H. Larrigan, R. Goodacre, Frank Le Roy, Frank H. Schnotter, H. L. Salmon, J. H. Pennington, E. T. Barnhart, J. E. Smith, W. Byrne, W. L. Bender, J. C. Byrne, W. R. Campbell, A. McGreggor, J. H. R. C. Love, George Keown, George S. Russell, J. W. Watson, J. Sutherland, Walter Fricke, John Mulhally, A. E. Kent, T. Gough, H. A. Lilley, A. E. Leatherbarrow, F. J. McNeil, G. E. Carter, C. G. Bannan, J. B. Hancock, W. R. Campbell, A. McGreggor, J. H. Noel, Sid Humber, R. E. Row, R. Cocker, H. Godfrey, J. Dakers, Walter Bailey, H. Campbell, E. S. Tait, Fred Theriault, S. Wilkinson, J. A. Baines, J. Aaronsen, A. Ecker, W. Sherburn, N. A. Wenard, B. Robson, D. L. Freeman, G. H. Freeman, P. Anderson, W. McCarthy, E. Taylor, E. Moore, Leo Willm-Goneden, S. Verge, A. Hunter, R. Weber, J. Grant, J. McFadden, B. Johnson, C. Pomeroy, Ed Carow, A. Chislett, H. S. Woolley, H. S. Brown, Harry Standley, Clifford Carroll, Thomas C. Galt, H. Sutherland, S. R. Blaney, A. S. Blaney, H. W. Wescott, E. Flindell, B. March, N. Williams.

The petitioners are of the opinion and belief that the said by-law is uncalled for, unnecessary and impeditious and furthermore, that the same is not warranted nor called for and that if said by-law takes effect it will work hardship, inconvenience and injustice, not only upon the actual persons or individuals against whom the same is directed but also upon those who resort to and desire to resort to such places of amusement; and furthermore that the said by-law is in its terms discriminatory.

"Therefore your petitioners humbly pray that your honorable body will be pleased to reconsider said by-law and disallow the same at the earliest possible moment."

"F. B. Rendell, F. Crocker, Harrie G. Ross, George I. Dunne, J. M. Lenestey, T. C. Mead, William Duck, J. H. Johnson, W. J. Bucklett, L. E. Miller, A. J. Maynard, James Huxtable, Ernest Pope, George H. Larrigan, R. Goodacre, Frank Le Roy, Frank H. Schnotter, H. L. Salmon, J. H. Pennington, E. T. Barnhart, J. E. Smith, W. Byrne, W. L. Bender, J. C. Byrne, W. R. Campbell, A. McGreggor, J. H. R. C. Love, George Keown, George S. Russell, J. W. Watson, J. Sutherland, Walter Fricke, John Mulhally, A. E. Kent, T. Gough, H. A. Lilley, A. E. Leatherbarrow, F. J. McNeil, G. E. Carter, C. G. Bannan, J. B. Hancock, W. R. Campbell, A. McGreggor, J. H. Noel, Sid Humber, R. E. Row, R. Cocker, H. Godfrey, J. Dakers, Walter Bailey, H. Campbell, E. S. Tait, Fred Theriault, S. Wilkinson, J. A. Baines, J. Aaronsen, A. Ecker, W. Sherburn, N. A. Wenard, B. Robson, D. L. Freeman, G. H. Freeman, P. Anderson, W. McCarthy, E. Taylor, E. Moore, Leo Willm-Goneden, S. Verge, A. Hunter, R. Weber, J. Grant, J. McFadden, B. Johnson, C. Pomeroy, Ed Carow, A. Chislett, H. S. Woolley, H. S. Brown, Harry Standley, Clifford Carroll, Thomas C. Galt, H. Sutherland, S. R. Blaney, A. S. Blaney, H. W. Wescott, E. Flindell, B. March, N. Williams."

When the petition was read it was first suggested that the petitioners be informed that the council could not entertain the idea of making any change in the by-law.

Ald. Cameron said the petition was the result of the enforcement of the by-law which affected only a very few and Mr. Rendell in particular.

Ald. Henderson suggested that the petitioners be asked if there was any particular portion of the by-law to which objection was taken or was it levelled at the whole measure.

Ald. Fullerton—There's no use beating about the bush. It's the Sunday closing provision that they're after.

Ald. Henderson pointed out that the by-law referred to dance halls and other such places as well as to pool rooms.

Ald. Fullerton—Read the names of the petitioners.

Ald. Cameron—They are the ordinary signatures to such a petition—pages of them. It would take a pretty good business man to decipher some of them.

Following this a resolution was adopted that the petitioners be informed that the council could not think of repealing the by-law but that they be asked for particulars as to the portions specially objected to. Alderman Fullerton and Weston voted against the resolution, objecting to any suggestion of the possibility of a change in the provisions of the by-law.

pounded dog is sufficient, but that in the case of an animal which the pound-keeper believes to be of a market value of over \$20 he must advertise the possession of the dog in a newspaper one day in advance of the date set for it.

Section 2 consists of two subsections. The first as amended reads as follows: "No person shall unlawfully keep or harbor within the city of Victoria any vicious or habitually noisy dog or animal or habitually noisy rooster. No person shall permit or suffer any dog owned or harbored by him, and which is known to be vicious, to be upon the streets or public places of the city, unless muzzled and led by some one over the age of 21 years."

Ald. Hall—I want it distinctly understood that this does not apply to E. M. Johnson's dog.

Ald. Pauline—There is another animal that goes around the street that should be muzzled. I refer to the man who goes about the street with a megaphone to the disgust and annoyance of everyone who happens to be on the streets at the time.

Ald. Mable—Let us muzzle him too.

Ald. Cameron, from the chair—Does that mean that the muzzle must be put on the dog by a person over 21 years old?

The next subsection of the section gives the pound-keeper authority to destroy a dog which he believes to be vicious or a female at certain times, even though they carry license tags, which are not claimed within 48 hours after being impounded. If the owner does claim such animals he is required to give an undertaking to the future keep such animal under proper control so long as it remains in the city.

Section 4 provides a penalty of not less than \$15 nor more than \$50 for any person accompanied by a dog so to run at large at certain times.

Section 5 deals with the presence of dogs in the business section of the city. As introduced it read: "No person shall permit any dog accompanying him to damage or injure any public or private property of the city or of any citizens."

And it shall be the duty of every person accompanied by a dog so to control or secure his dog whilst passing through the inhabited streets of the city, that no injury to property is caused. And particularly no person shall, within the fire limits, have with him or permit a dog to run on the public streets unless the dog be attached by some sufficient means of security, attaching and retaining the dog."

Ald. Henderson—We don't want dogs on Government street at all.

Ald. Hall—I agree with you there. Other members of the council also expressed the same opinion.

Ald. Hall said he had been approached by a large number of owners who were accustomed to bringing their dogs to their offices and places of business with them. These people had said they would be willing to become responsible for any damage their dogs might do.

He thought, however, that dogs should not be allowed to run loose on the streets as Government, Yates, Fort and Johnson, as well as some of the others, at least. No dogs were to be seen on the streets of Seattle or Tacoma, "but," he added, "the number of dogs on the streets in Victoria makes the city look like a dog pound."

Ald. McKeown asked what was to be done about dogs which followed signs in from the country.

Ald. Henderson replied that that was one of the things the council desired to prevent. Dogs running on the street were doing great damage to goods in the shops. The best bred dogs were just as bad as those of the worst mongrels. The area of prohibition, however, might be reduced. With this view several other aldermen agreed.

Ald. Cameron said this was one of the most important provisions of the by-law, but gave examples of damage done by dogs running at large on the business streets. There was absolutely no excuse for dogs on the streets in the centre of the city. Many of those whom Ald. Hall had spoken of as bringing their dogs down to business, then let them go wherever they chose until time to go home. These were the dogs which did most of the damage in the shops. In view of the importance of the section it might be as well, however, to leave it over until next week.

Ald. Norman—Let us make a job of the thing when we are at it and put the by-law through as it stands in this respect.

Ald. Pauline suggested leaving the section over until next week, and it was accordingly agreed to let the whole measure stand over.

The remainder of the by-law deals chiefly with the collection of the dog tax and with penalties for infractions of it.

WARLEE & CO., IMPORTERS OF AND WHOLESALE AND RETAIL DEALERS IN

All Kinds of Grass Linen, Cotton Crepe and Silk Ladies' and Children's Underwear Made to Order. Oriental Art, Ebony and Rattan Furniture. 707 FORT ST., VICTORIA, B. C. Bet. Douglas and Blanchard Sts.
