

**TRUSTEES MEETING**

**WILL INVESTIGATE LIQUOR OR-  
DINANCE VIOLATION—US-  
UAL BUSINESS**

The Board of Trustees of the city of Glendale met in regular session at the city hall, Thursday evening, March 1, 1917. There were present, J. S. Thompson, president of the board and trustees Charles Grist, R. M. Jackson, F. L. Muhleman, G. B. Woodberry. There were also present J. C. Sherer, city clerk; W. E. Evans, city atty.; H. B. Lynch, manager Public Service department; Edw. M. Lynch, city engineer; Geo. H. Herald, city marshal; A. H. Lankford, fire marshal.

The minutes of the last regular meeting were read and approved.

A communication was read from J. E. Colvin and others protesting against the establishment of a dairy at the corner of Verdugo Road and First street. On motion of trustee Muhleman, the same was ordered to be filed.

Applications for permits to operate a motor bus were received from P. E. Taylor of Los Angeles and from R. E. Schafer of Glendale; both being approved by the city Manager were, on motion of trustee Grist, ordered to be granted.

A communication was read from the city clerk of Tropic calling the attention of the Board to preparations being made by the city of Los Angeles and county to build a bridge at Ivanhoe over the Los Angeles river. The writer inquired as to what portion of the expense necessary in moving the tower at Brand Boulevard and the Southern Pacific and Pacific Electric crossing the city of Glendale will be willing to pay; further stating that the Southern Pacific company will soon begin the moving of the tower to make room for the roadway. On motion of trustee Muhleman, the communication was referred to the city attorney for advice as to the legal phase of the proposition.

Reports were received from the Building Inspector and City Recorder; both of which were ordered to be filed.

The weekly report of the Tax Collector was presented, showing receipts for the week amounting to \$116.05, total collected for the season \$38,719.01. The same was ordered to be filed.

Demands were presented and on motion referred to the Finance Committee.

A representative of the Sealer of Weights and Measures for Los Angeles County addressed the Board at this time in reference to an ordinance which that department had furnished to the City of Glendale some time ago proposing to regulate the weight of bread loaves. He was informed that the ordinance had been considered and referred to a committee, but that no conclusion had been arrived at as yet, but that the matter would be further considered.

The City Engineer called attention of the Board to conditions existing on the Mesnager property in Verdugo Canyon, constituting in his opinion, a menace in the case of flood. On motion, the City Attorney was instructed to communicate with Mrs. Mesnager, notifying her of the danger existing, not only to the property of the city, but also to her own.

The Manager of the Public Service Department reported the receipt of two carloads of poles and progress in the laying of the large pipe line.

The City Attorney called the attention of the Board to the fact that an idea prevails among quite a large number of people in Glendale that the liquor ordinance is being violated by one or more clubs or social organizations of the city, and he suggested that it would be well for the trustees to have the matter investigated. On motion of Trustee Grist, a committee consisting of the Chairman of the Board, Chairman of the Public Welfare Committee, the City Attorney and Chief of Police, was appointed to make investigation and report the results to the Board.

In regard to the offer of the County of Los Angeles to furnish the Chamber of Commerce with a portion of the exhibit recently made at the San Diego Exposition, a motion made by Trustee Woodberry was adopted to the effect that the Board of Trustees agrees to provide the sum of \$90.00 to assist in the maintenance of the exhibit by the Chamber of Commerce for a period of six months, in the event of the exhibit being secured, by the following vote: Ayes, Grist, Jackson, Muhleman, Thompson, Woodberry; Noes, None. Certain policies of insurance covering the public library building expiring on March 11th and May 1st, respectively, it was ordered that the City Clerk be instructed to advertise for bids for the placing of insurance amounting to \$12,500.00 on the li-

**CLUB OPEN MEETING**

**THURSDAY AFTERNOON CLUB  
LADIES ENTERTAIN  
HUSBANDS**

The Thursday Afternoon club held an open meeting at the Tropic city hall last night, the usual program being followed with a social hour, the husbands and friends of the members being present and having an opportunity to gain an insight into what the club is endeavoring to accomplish. The hall was very beautifully decorated with young eucalyptus, red geraniums and wild mustard, and the artistic fingers of Mrs. Ella W. Richardson and Mrs. Seeley Moe had transformed the hall into a place of beauty with the use of these blossoms and greenery. Mrs. C. W. Kimberly, the president of the club, opened the meeting with a few welcoming remarks in her usual gracious manner, stating that the purpose of the meeting was two-fold—first, to promote sociability and enable all to become acquainted, and second, that the husbands and friends might know the work the club is trying to do and become more interested in the work, it being fully realized that each one could do much better work, having their sympathy and support. She said they were trying, as a band of women to benefit in any and every way the community, and to enlighten themselves upon all important subjects, thereby making broader and better citizens. Miss Melicent Virden, the accomplished pianist, charmingly rendered Rubenstein's "Boat Song" and "The Brook" by Leschetizky, and Miss Lenore Allen contributed two beautiful vocal solos, "Violet," and "The Star," to the program. Mrs. W. A. Galentine of Redondo, District Federation chairman of civics, was the speaker of the evening and she made her topic a most absorbing one, moving her hearers to tears and laughter, while she brought out many interesting points on civics. She encouraged the city beautiful idea, advocating uniform tree planting and the beautifying of the town in every way possible, and commended the women's clubs for the work they are trying to do, expressing the belief that in time there would be no women's clubs, all the work they are trying to do being done by men and women in unison. The program closed with the singing of "America" by all with much enthusiasm, a social hour following and light refreshments being served. The entertainment of the evening was in charge of the civic, program and hospitality committees.

**THE BRITISH AMBULANCE SOCIETY**

The regular weekly meeting of the Glendale branch took place as usual last Monday at 2 o'clock in St. Mark's Guild hall. There was a very good attendance and much work accomplished on hospital shirts and bandages. At the close of the afternoon tea was served, Mrs. Reginald Whitaker and Miss Ina Whitaker acting as hostesses. All members are requested to notice the following important announcement: There will be no more meetings held in St. Mark's Guild hall, and beginning Monday, March 5, the work will be carried on in the store room on Broadway near Glendale avenue and just opposite Shavers' Grocery. This location is right on the car line and should be convenient for the members. As the room is quite empty, donations are requested to help us get a few chairs, a sewing machine, etc. Has anyone a second-hand sewing machine they will lend us or sell cheap? This society was formerly known as the British Red Cross Society and is still working for that organization under a different name. The officers and members of the Glendale branch of the same wish to express their thanks to the rector and vestry of St. Mark's church for permitting them the use of their building the past seven or eight months and regret there should be any necessity for a change. Our new quarters are very kindly being provided us by Mr. Godfrey of Godfrey's cafeteria of Los Angeles, who is proprietor of the store we occupy.

**WEATHER FORECAST**—Fair tonight and Saturday. Heavy frost Saturday morning. Southwesterly winds.

Library building for a period of three years.

On motion of Trustee Jackson, it was ordered that the sum of \$50.00 be appropriated from the Advertising and Promotion Fund for the purpose of paying expenses of the City Attorney at Sacramento in the interest of certain legislation affecting street improvements of particular interest to the City of Glendale, by the following vote: Ayes, Grist, Jackson, Muhleman, Thompson, Woodberry.

**ENDORSES WAR CENSUS PLAN**

**ROOSEVELT SAYS IF WAR COMES WE MUST STRIKE WITH  
LARGEST EXPEDITIONARY FORCE POSSIBLE**

(Special Service to Glendale Evening News)  
HARTFORD, Conn., March 2.—Endorsing Connecticut's war census plan, Roosevelt said to-day, "If we go to war with Germany we must strike hard with the largest expeditionary force that can be raised. No fight was ever won by parrying alone, but by hitting."

**ANAHEIM WOMAN KILLED**

**MRS. LUCILE DEAN IS DEAD FOLLOWING AUTOMOBILE  
ACCIDENT IN LOS ANGELES**

(Special Service to Glendale Evening News)  
LOS ANGELES, March 2.—Mrs. Lucile Dean of Anaheim was killed and two others were injured this morning when the automobile in which they were riding turned turtle on Santa Fe avenue.

**SEND FUNDS TO MEXICO**

**GERMANS IN AMERICA MAKE BIG LOANS TO MEXICO IN  
SPITE OF WARNINGS OF U. S. GOVERNMENT**

(Special Service to Glendale Evening News)  
WASHINGTON, March 2.—It has been authoritatively learned that Germans in America have sent millions to Carranza. Some have been "personal loans" and others were for the purchase of smelters wherever available. These funds were sent in spite of the warnings that the government would not support unapproved loans.

**KAISER IS ILL**

**WAR LORD CONFINED TO HIS HOME WITH A CHILL—PHY-  
SICIANS ARE TAKING PRECAUTIONS**

(Special Service to Glendale Evening News)  
AMSTERDAM, March 2.—The Kaiser is confined to his home with a severe chill, according to Berlin advices. His physicians are not apprehensive but are taking precautionary measures.

**NAVAL BASE FOR BAY CITY**

**SENATE ADOPTS NAVAL BILL AMENDMENT APPROPRI-  
ATING MILLION AND A HALF FOR SAN FRANCISCO**

(Special Service to Glendale Evening News)  
WASHINGTON, March 2.—The Senate adopted the Naval bill amendment appropriating a million and a half dollars for a naval base on San Francisco bay. The navy department strongly urged this owing to the lack of equipment for repairing super-dreadnaughts. Senator Phelan of California made an eloquent plea for the bill, intimating that Germany might have intended to promise the Pacific Coast states to Japan in case of an alliance between those two countries against the United States.

**LES DARCY A RUNAWAY**

**GOVERNOR OF NEW YORK PROHIBITS FIGHT WITH JACK  
DILLON IN NEW YORK MONDAY**

(Special Service to Glendale Evening News)  
NEW YORK, March 2.—In prohibiting the fight between Les Darcy and Jack Dillon next Monday Governor Whitman said, "Darcy is a runaway from his own country. Under an assumed name he left his native land because he was afraid to fight for the cause in which his countrymen are sacrificing their lives. He prefers to give a brutal exhibition at some personal risk for \$30,000."

**ASK LA FOLLETTE TO CHANGE COURSE**

**WISCONSIN LEGISLATURE ASKS SENATOR TO BACK PRES-  
IDENT IN THE EUROPEAN CRISIS**

(Special Service to Glendale Evening News)  
MADISON, Wis., March 2.—A joint resolution asking United States Senator La Follette to change his course in the Senate regarding the European situation and asking him to back the president in his policy, was offered in the upper house of the Wisconsin legislature to-day.

**EXTENDS LIFE OF BUREAU**

**HOUSE ADOPTS SENATE MEASURE AND APPROPRIATES  
\$15,000,000 FOR INSURANCE BUREAU.**

(Special Service to Glendale Evening News)  
WASHINGTON, March 2.—The House to-day adopted the Senate measure extending the life of the Federal War Risk Insurance Bureau to September, 1918, and appropriated an additional \$15,000,000 for the use of the bureau.

**EDUCATIONAL NOTES**

**CLASSES IN ATHLETICS ENTER-  
TAIN PARENT-TEACHER  
ASSOCIATION**

By Walt. LeNoir Church  
"The very best time ever."

When and what? Why, the delightful entertainment given Thursday afternoon at three o'clock at the Colorado Boulevard school to the P.-T. A., following their regular meeting, by the classes in athletics, under the general supervision of Miss Ellis Tipton, said by Dr. Bryant to have been one of the most brilliant graduates ever given a diploma by the Glendale Union high school.

The success of that exhibition of results also testifies to Miss Tipton's efficiency.

The Indian club drill by 20 little girls of the 4th, 5th and 6th grades was an unusually graceful and attractive exhibition of the skill attained by the children in such health giving and preserving exercises. The drill was very beautifully led by little Miss Orrell Hester. Her work is deserving of a special prize.

In the volley ball game, Broadway won against the Colorado team. Wilbur McHenry and Russell Eiffler won the hand ball match against Arnold Cushman and George Spink. Ernest Lamoreaux and Lloyd Van Epps were the winners at tennis over John Clark and Vernon Paul.

Kindergartners and first graders played kindergarten tag and mum. If one did not know how to keep mum, there was a mighty good place to learn. The second graders played squirrel in the tree and post relay. I wondered if by chance a real squirrel might be curiously watching from that magnificent solitary tree which added so much to the festive scene on these happy, health-giving playgrounds.

Then the third graders frolicked through all up relay, potato relay and dodge ball. The revels of the fourth graders in last couple out, ball relay and three deep were mighty good to see. There were joy-glorified little faces Raphael would have been glad to paint. They would have added much to his fame. In his far-away day there were no such developed types, or his canvasses would be adorned by them. Their teacher, Miss Mary Circle said she had met with so few children who were not materially helped in a very short time by such callisthenics. A few are apathetic at first but perseverance wins. The results may not show until in a higher grade.

In the track events the broad jump contest was presided over by Prof. C. A. Marcy, the well-known, very popular instructor in physical training at the Third street school. In the Junior broad jump Albert Bryant was first, Frank Richardson second. But good work was done by Carl Garben, Louis Steele, Archie Neel, Lyle Archer, Gibson Kinser and others. I noticed that a few of the boys cheated themselves by rising behind the starting line, or toeing within it and so failing to score. A few did better at the practice the day before than in the real contest. Archie Neel was one of these. Temperament sometimes offsets athletic ability in a public contest. A little injudicious eating might make the best jumpers fall behind their record. One good thing about athletics is that it tends to teach self control, the key to all real success.

The Senior broad jump was 1st, Earl Crox; 2nd, Clifton Reaben, 3rd, Fred Horner. At the Senior high jump and the Senior fifty-yard dash (in charge of Miss Tipton) the respective winners were Earl Crox, Louis Urquidez, Donald Stone; and Louis Urquidez, John Clark, Fred Horner.

All in all it was a most interesting occasion thoroughly enjoyed by the young contestants themselves, also by "their sisters, their cousins and their aunts;" and certainly by their proud parents eagerly noting the development progressing in their little ones, and their sturdy young sons. It certainly was a fine sight, a jolly good game, most merrily played. The principal, Miss Waite was radiant. "I never was so happy in my life," she exclaimed, going here, there, all about the grounds overseeing and delighted with everything and everybody. Mrs. Beamon, president of the Parent-Teacher association was present and was highly pleased. Prof. Marcy said their paramount object was callisthenics that would be both corrective and constructive, planned to apply to all parts of the body in progressive sequence.

The writer told him of a discovery made by Dr. Charles Emerson of Boston whose school of oratory and "vocal physics" the writer attended. He is a cousin of Ralph Waldo Emerson. He learned the great secret

**YOSEMITE LECTURE**

**SON OF FAMOUS STENTOR OF  
THE YOSEMITE LECTURES  
IN GLENDALE**

One of the most attractive programs ever offered free to the public was given last night by the Glendale Garden society when Mr. Curry, son of David Curry, lectured on the Yosemite Valley. His interesting talk and most beautiful pictures were followed with close interest by 200 people all of whom enjoyed every minute of the entertainment.

Yosemite lies 300 miles northeast of Los Angeles but for an hour and a half it was close to Glendale, while picture after picture displayed the marvels and beauties of that incomparable region. The giants of the forest, 600 of which proudly raise their ancient heads are computed by scientists to be six to eight thousand years old, a fact which almost staggers the human intellect. The grizzly giant measures 105 inches in circumference and is 225 feet in height. Pictures featuring the visits of Roosevelt and John Muir to the

Yosemite aroused much interest. The Bridal falls, the Cascade falls, the Yosemite falls (the highest in the world, 2,600 feet), Inspiration point, the mighty mountains, perpendicular cliffs, the river from many points of view, elicited enthusiastic admiration. Winter scenes, sleighing, coasting, snow-balling, skiing, trees covered with snow, sunsets and sunrises, words fail to convey an impression of the beauties of nature flashed on the screen. Enlivened with occasional clever stories and personal experiences the lecture proved of absorbing interest; and Mr. Curry was accorded a rousing ovation. Pictures and information about the Yosemite are published by the National Park government and will be distributed free to all desiring further knowledge within a few days by either Mrs. Woods or from the Glendale Chamber of Commerce. The Garden Society is to be congratulated upon their enterprise in having secured a program of such merit.

**GLENDALE'S POPULATION  
8639**

The population of Glendale on March 1, 1917, was 8639, as compiled from the 1917 city directory which has just been taken from the press. The count is not an estimated one, but is accurate, it being compiled by Ernest J. Morgan from the pages of the directory, in which the name of every citizen, old and young, of Glendale appears.

Tropico's population by exact enumeration is 2142, and the combined population of Casa Verdugo and West Glendale is 801, making a total population of this section of the valley of 11,582.

Glendale's population in 1910 was 2742.

The city's official census in July, 1915, was 7556.

**PTOMAINE POISONING**

Sunday Mr. and Mrs. A. L. Butler, son and daughter, of 409 Cedar street, were taken violently ill from the effects of ptomaine poisoning thought to have been caused by fresh pork or mushrooms, both having been served for their Sunday's dinner.

Mrs. Butler was taken to the Burbank hospital, where she passed away Wednesday, and Mr. Butler is lying critically ill at his home. The son and daughter, however, are rapidly recovering.

No arrangements have been made in regard to Mrs. Butler's funeral, the remains being held at the Pulliam Undertaking Parlors, awaiting Mr. Butler's recovery or the instructions of eastern relatives, who are on the way to Glendale.

S. W. Corwin, who has been at the Thornycroft hospital since Saturday, when he met with an automobile accident at Eagle Rock on his way to Glendale from Oxnard, breaking his collar bone, was taken to the home of his daughter, Mrs. J. G. Dean, 419 Central avenue, and is getting along nicely.

from noticing the catch in the breathing of a puppy, and so discovered the use of the false vocal cords, whose contraction prevents exhalation, and forces the air into the upper points of the lungs, where many pulmonary diseases start because the victims never breathe correctly. Disease usually attacks the weakest parts of any organ. Dr. Emerson cured himself of pulmonary consumption and became a splendid specimen of physical vigor,—the only one of his family who escaped the white death.

 GLENDALE, CALIFORNIA, FRIDAY, MARCH 2, 1917.

President Bovard of the University of Southern California urges high school students to arrange their high school work in accordance with the college course they intend to pursue. He says there are many subjects given in high school which are very valuable to a student in one department of the university but not particularly important to a student in another department. It is advisable for a high school student to confer with the authorities of the university he intends to enter before deciding on his high school subjects.

## STUDIES IN PERSONAL DEVELOPMENT

By Wait. Le Noir Church  
 STUDY XXIV. GLENDALE DEVELOPMENT

"When the Bridge and the Boulevard and the Broadway Extension are finished," said a live, energetic, practical, working citizen, "a great many more people will ride around through Glendale and, seeing its unparalleled advantages, a number of them would plan to come here to live." That is past the peradventure of a doubt. Meanwhile, the Chamber of Commerce is preparing a small prospectus, showing the attractions of Glendale. It would have been issued before this, but is delayed, waiting for the promised exhibit from the San Diego Exposition. When that is properly installed, a picture on the circular, mailable in an ordinary business envelope, with an invitation to call at the Glendale Chamber of Commerce to see that display and whatever interesting additions may be contributed by Glendaleans direct, with a simple, terse story of Glendale's paramount attractions, will all aid in inducing visitors to come here and stop as they ride through.

If Glendaleans will mail a copy to friends elsewhere or send the addresses so the secretary can mail them direct, we will be sowing seed in receptive ground, with a probability of gratifying harvests.

The first essential to good advertising is to get the favorable attention of those for whom the advertising is intended. A prospectus sent by a personal friend ought to get that.

The tendency of the continued war will be to send more people to the Pacific coast than ever before, with intention of remaining. Glendale will get her full share of them, which means all she can induce to come and bring their friends. We cannot hurry the promised exhibit and we do not wish to print the prospectus till we know all the facts that it ought to contain; and we do not feel justified in publishing two circulars, under existing conditions. It is said that all things come to those who know how to wait, and who hustle while they wait.

As an illustration of personal advertising among friends and town and county people back east where you came from, a marked example of success is Dr. A. L. Bryant, President of Glendale Union High School, and one of its pioneers. I met him and his wife watching, with pardonable pride, their boy Albert win the junior broad jump prize at Miss

Waite's school, Colorado boulevard. (Details given in Educational Notes, front page.) Dr. Bryant said they came here about thirteen years ago on account of Mrs. Bryant's health. He knows no other place on earth equal to Glendale for restoring an invalid to good health. They soon began to write back to friends at Marshalltown, Iowa, and other places. The friends and their friends and their friends' friends began coming; they, in turn, writing back for others. Well, the result is obvious to any one who knows how many Iowa people are in and around Glendale. Every one might not be able to lure as many immigrants to this locality as the Bryants did, but almost every one could persuade some one or more to come, and so make them ever afterwards grateful.

The Illinois contingent has also an interesting history, which may be told here later.

So with Nebraska and a few other states. More and oftener, as the happy, prosperous years go by, will all roads lead to Glendale. Suddenly, people who will have sold real estate here will wonder whatever induced them to part with their holdings at such ridiculously low prices, probably about one quarter of what they might have obtained by holding on a very few years; and meanwhile doing some good co-operative work for Glendale's betterment.

In this connection it might not be amiss to state that a lady who owns property here appreciates the renewed efforts of Glendale's Chamber of Commerce enough to respond to the general call from Macedonia, "Come over and help us." Yesterday's mail brought a ten-dollar bill, with the request to credit same on her account. It is significant that the first move to help on the good work in that way was made by a California lady. We all are native sons and daughters in spirit, for "We love you California." Who will be the next, woman or man? There is a plenty to be done. But if all who are interested would help just a little, the financial problem of the revived Glendale Chamber of Commerce would soon be solved, and the practical benefits would soon follow, benefits in which YOU are interested as a partaker.

Sow, unless you would reap another's harvest.  
 Work, yourself, not winning by another's toil.

## BRITISH VESSEL SINKS SUBMARINE

OFFICERS OF THE KNIGHT COMPANION ARRIVING IN NEW ORLEANS REPORT BATTLE

(Special Service to Glendale Evening News)  
 NEW ORLEANS, March 2.—Officers of the British steamer, Knight Companion, arriving here to-day report that they sank a German submarine in a battle in which both vessels took part.

## RED LIGHT ABATEMENT ACT INVALID

(Special Service to Glendale Evening News)  
 SAN FRANCISCO, March 2.—The Red Light abatement act was declared invalid by Superior Judge Sturtevant in a decision handed down to-day.

## THE STANDARD LOAF OF BREAD

Glendale has no standard weight for a loaf of bread. It is supposed a small loaf should weigh 12 ounces and a large loaf 24 ounces. These are the standard weights adopted by ordinance in the city of Los Angeles. Some bakers can make a light weight loaf look like a large loaf, so the purchaser can protect himself only by weighing the loaf.

If a Glendale citizen doubts getting a full weight loaf of bread, it will be a good plan to weigh the loaf. Now, when all kinds of food stuffs are so high priced, it is a good plan to carefully inquire into all details as to correct weight and measure.

## NOTICE TO CREDITORS

No. 34589  
 Estate of Andrew Robertson, deceased. Notice is hereby given by the undersigned executrix of the estate of Andrew Robertson, deceased, to the creditors of, and all persons having claims against the said deceased, to file them with the necessary vouchers, within ten months after the first publication of this notice, in the office of the Clerk of the Superior Court of the State of California in and for the County of Los Angeles, or to exhibit them with the necessary vouchers within ten months after the first publication of this notice, to the said executrix at the office of her attorneys, Evans, Abbott & Pearce, 1007 Van Nuys Bldg., Los Angeles, Cal., which said office the undersigned selects as the place of business in all matters connected with said estate of Andrew Robertson, deceased, in the County of Los Angeles, State of California.

# The White Store

"The Fair and Square Store"

"Everybody's Doing It", Why Don't You Get the Habit Too?

We just naturally have got to keep talking about this Fair and Square store. These talks have interested a lot of people in our quality groceries and our fair, polite methods. So we consider that it's good advertising because it improves the public's digestion and benefits our finances.

Are you aware that the Ship, High Cost of Living, is looming closer and closer every minute? We have our good ship, well stocked with a large assortment of clean, neatly kept, quality groceries, anchored safely to the rock bottom. We have our men in readiness and our wireless station prepared to flash you the warning message that this is the store to get the

## Price, Quality and Service FOR CASH

Our guns are well charged and accurately aimed at our mutual enemy, the High Cost of Living, and we are here to help those of you who wish to take advantage of our protection, both physically and financially, by giving clean groceries and meats for less.

Now, here is the first shot to be fired at our opposing forces.

### AT STATE CAPITAL

(By United Press.)  
SACRAMENTO, Cal.—Strengthening of the workmen's compensation act and other legislation in this connection is being handled mainly by Senator E. A. Luce of San Diego, on behalf of the Industrial Accident commission. Luce is not expecting that all will be smooth sailing. There are things on the program that will draw attacks from big employers and insurance companies.

The principal changes proposed in the workmen's compensation act are:

First—A reduction of the waiting period, before compensation is granted, from two weeks to ten days.

Second—Establishing a scale for the granting of compensation in cases of wilful misconduct and gross negligence.

Third—Making it compulsory upon farmers to take out compensation insurance for their employees.

On the second proposition there will be a fight. It is planned to strengthen the section, to the benefit of workers. As it is now, employers and insurance carriers are accustomed to put up the defense of "wilful misconduct on the part of the employee" in most every case where a worker is injured and his ground of defense is very frequently recognized by the courts. The Luce amendment would do away with such a method of defense, the senator holding that the spirit of the act is, in all events, to compensate an injured worker. Therefore he will advocate the following scale of compensation, as urged by the industrial accident commission.

In cases of wilful misconduct when a worker is killed or his injuries constitute 75 per cent. of total disability, full compensation is to be given.

In cases of wilful misconduct when a worker is not killed or almost totally disabled, one-half compensation.

If a worker is injured through gross negligence or any violation of a law or safety order on the part of the employer, the injured employee is to receive double the original compensation.

In other bills introduced by Luce it is aimed to protect workers when compensation insurance companies fail.

One of the proposals is to require insurance companies and the state to contribute one per cent. of compensation insurance premiums collected in California to a guarantee fund until such fund reaches \$200,000, this money to be used, in case a company fails, to provide for compensating injured workmen insured under that company. "The insurance companies will probably fight this," says Luce, "but I don't expect them to get very far, for if they balk too much it may bring on a system of compulsory insurance with the state, thus putting them out altogether as far as workmen's compensation insurance is concerned."

Luce will also fight for the payment by the state of \$65,000 in claims to injured workers who were insured under the Commonwealth Bonding company which has failed. He believes the state should pay all the claims in excess of \$200. "There are many pitiful cases," said Luce, "where workmen insured under this company are now unable to collect anything, though crippled, disabled and blind. The state should pay these claims, not only to keep the humanitarian principle of the workmen's compensation act from being tainted, but because these disabled workers would, before very long, become public charges."

### HAD NO NERVE

Disreputable Looking Party—Gimme a nickel, mum. Elderly Woman—I should think a big, strong man like you would be ashamed to ask for money. D. L. P.—I am, lady, but I ain't got the nerve to take it without askin'.—New York Times.

A happy life is not made up of negatives. Exemption from one thing is not possession of another.—Lander.

### SHAKESPEARE SECTION

The Shakespeare section of the Tuesday Afternoon club will meet Monday afternoon at 2 o'clock at the home of Mrs. W. E. Evans, 113 Orange street, in celebration of the home gathering. The genial hostess has bestowed the pleasure upon the members of inviting guests. The curator was a visitor at the Shakespeare club in Pasadena recently and found as much earnest work and a greater complement to their membership, about two-thirds of the membership of the Pasadena club being members of the Shakespeare section. At 3 and 4 the "The Tempest" will be rehearsed.

### SEW FOR HOSPITAL

The ladies of the Home Missionary society of the First Methodist church were very grateful to Mrs. A. W. Randolph for the use of her spacious home on Thursday, March 1. The rooms were full of machines and busy women and there were piles and piles of muslin and towelings to be made up for the Methodist hospital. At the noon hour the ladies gathered around the long table and feasted, for each had brought her part all ready prepared. There was a fine attendance and everyone was jovial and happy. The ladies also had the pleasure of having their pastor, Rev. Snudden with them at the noon hour.

### BIDS FOR INSURANCE

The Board of Trustees of the City of Glendale will receive sealed bids for a policy of Insurance in the sum of \$12,500 for term of three years, on the CARNEGIE LIBRARY BUILDING situated on the northwest corner of Kenwood and Fifth streets, Glendale, up to 7:30 p. m. March 8, 1917 at the Clerk's office in the City Hall. The Board reserves the right to reject any or all bids.

J. C. SHERER,  
City Clerk.

### NOTICE OF APPEAL

Public Notice is hereby given that at its meeting on February 23, 1917, the Board of Trustees of the city of Glendale, fixed Thursday, March 8, 1917 at 8 o'clock p. m. in the Council Chamber in the City Hall, as the time and place where any or all objections against the levying of the assessment for the improvement of Canada Boulevard, from Wabasso Way to Verdugo Canon Road. The estimate made by the Street Superintendent of said City upon the lands, lots and portions of lots in the district assessed for said improvement, and the amount of benefits arising from the work of said improvement as fixed by said Street Superintendent, may be heard, it being the belief of the protestants that the amounts assessed upon certain parcels of land are excessive and that upon others the amounts are deficient.

J. C. SHERER,  
City Clerk of the City of Glendale.  
158t5

Friends are good for two things—to get you out of trouble and to get you into it.

### STATE PICNICS

The annual picnic reunion of the Iowans will be held Saturday, March 3, at Eastlake Park, Los Angeles, having been postponed from the date originally set on account of rain. All the doings and attractions offered for February 22 will be pulled off at this postponed date, county registers, program, college headquarters and the jolly social time for all.

The Montana State picnic, which was also postponed owing to the inclemency of the weather, will be held at Sycamore Grove on Saturday, March 3 when all the Montanans in the Southland will gather for a jolly time together, with all the usual features of these pleasant annual get-together occasions.

An all-day picnic and reunion of Illinois people will be held under the auspices of the Illinois Society of Los Angeles at Eastlake Park on Saturday, March 10. If rainy on that date it will be held Saturday, March 17, at the same place. There will be county registers so you can find your old home neighbors even if there are ten thousand present.

The Michigan Society of Southern California will hold its annual winter picnic at Sycamore Grove, Los Angeles, on St. Patrick's Day. A good program is being arranged and it is expected that there will be over 10,000 former Michiganders in the great "Round-up."

### THE HOME-LIKE CHURCH

Sunday's services were most inspiring. The rainy weather cut down the Sunday School attendance, but the preaching service was well attended. Though wrestling with an attack of the grip, Brother Cole delivered a powerful sermon on the kind of a spirit we should manifest to make us the church such as Glendale needs. While Brother Cole shows at all times the most cordial good will toward the other churches of Glendale and constantly exhorts us to draw closer the bonds of fellowship that bind us together in true Christian love, he constantly set

forth the place this church should take in building up the community and in spreading the gospel afar.

In the evening the second of the series on "Our Place and Plea" was given to a crowded house. Following up the sermon on the History of the Reformation, Brother Cole spoke at this time on the start of the Restoration movement in Scotland and America, instancing the remarkable coincidence in the experience of Thomas and Alexander Campbell—the father, Thomas, planning the union of God's people while at work in America, and at the same time the son, Alexander, doing likewise in Scotland, neither knowing of the other's plans till they met later. He urged that we follow up our earnest plea for Christian unity by unity and loving co-operation among ourselves. Next Sunday evening the third of the series, "Our Plea," will be given and the seating capacity of the church should be taxed to hear this great sermon.

Monday evening the big men's class of the Sunday School met in business and social session. The men heartily adopted Brother Cole's suggestion that they take charge of the evening service once a month and boost the attendance at all times.

### BIRD AND FLOWER CLUB

Members and friends of the Bird and Flower club will meet to-morrow, Saturday, at 11:45 at the northwest corner of Brand and Broadway. All people, young and old, may join any of these trips, which now are held on the first Saturday of each month. There are no fees, no dues, no rules, no conditions. The object of the club is to open the eyes and ears to the beauties of nature lying all around us. The leaders, Mrs. H. C. Ackley and Mrs. Nanno Woods, willingly give their time and enthusiasm in order to arouse amongst children and adults a love for the simple, wholesome things of life.

To-morrow the club members and friends, each provided with simple lunch, will hold their little picnic in the pretty garden of Mrs. Nanno Woods, 1222 Milford street, after which a study of vacant lots will be made. In many lots are blooming at least fifteen different kinds of wild flowers, and a systematic study of these neglected spots will doubtless reveal many interesting facts and phases concerning the wild flowers of California.

NANNO WOODS.

while her mother is in the East.

Mrs. W. H. Warfield and son of Los Angeles were in Sunland Monday. Mrs. Warfield is thinking of locating here.

Mr. L. T. Rowley transacted business in San Fernando Wednesday.

Mrs. Alfred Blumfield and son Russell were in Los Angeles Saturday.

Misses Ethlyn and Josephine Akens spent Thursday in Los Angeles.

Mr. Osborne of Long Beach is in the valley tuning pianos. He is working up a good trade here. He certainly does good work at reasonable prices.

At the meeting of Commercial Secretaries held February 24th, Rialto demonstrated that the smaller towns could entertain as successfully as the larger. The attendance was as large, the interest as great and the luncheon served by the ladies was certainly better than usual, which is saying much. The ladies rendered choice music. Among new faces were Secretary Church of Glendale, who responded to a call for remarks with a short but pointed address, as did Secretary Ashby of Tujunga and Secretary Johnson of La Canada. The then taken to the orange show at Sannardino where they were guests of the management.

**OIL DEVELOPMENT**

Oil development throughout the Whittier-Brea and Fullerton districts has assumed proportions which indicate one of the greatest development periods in the history of the industry in the Southland. The following article reprinted from the Brea Progress gives some of the facts concerning this impetus which has been given to work:

This great era of development is not a wild conjecture or a pipe dream that is hoped for in the future. To one who has followed the development progress of the field for the year the handwriting on the wall is easily deciphered.

It is understood that during the past couple of weeks a large amount of quiet investigation of oil bearing properties has been made and a number of leases taken and options given. You may have some property in mind that looks good and on going to see it you find that someone has already leased the property.

Available oil properties around the Montebello hills are all grabbed up, leases have been taken on property adjoining the Union Oil Company's Myer lease near Whittier by the Standard and other companies, activity around Placentia is strengthened by the commencement of preparations for drilling by the New Era Co., and the farmers of the Yorba Linda district have been approached it is understood. Lands in the local field that have any possibilities of becoming productive properties are extremely hard to locate at the present time. A successful well here and there on this new territory recently leased would mean that the entire field will be alive with old operators in a very short time.

Aside from the fact that a large number of leases have been made, all the old line oil companies are running full capacity, new wells are being started each week and from two to five wells are completed in the same period. Oil men have the high price of gasoline and refined products, the strong demand for the crude around the dollar mark in their favor, and the writer goes on record to state that the local field stands on the eve of one of its greatest development periods.

**BEST KID STORY**

"Children," said the teacher to her class in composition, "you should not attempt to any flights of fancy, but write what is in you."

As a result of this advice, eight-year-old Richard passed in the following composition:

"We should not attempt any flights of fancy, but rite just what is in us. In me there is my stummick, lungs, liver, two apples, two cakes and my dinner."

**HE WAS DEAF**

A foreign chauffeur driving outside far into the country ran out of gasoline, but chanced to meet a farmer who was deaf.

"Tell me, please," asked the chauffeur, "vere I can get some gasoline. Der motor has stopped already."

"Hey!" said the farmer, putting his hand to his ear.

"Himmel!" cried the chauffeur. "Not hay. Gasoline. Dis vos a moder car, nod a horse."

**COMBINATION OF BOTH**

"What have you there, Lucile—a business letter or a love letter?"

"I hardly know how to answer that question. This letter is from a duke, proposing for my hand, and addressed to my lawyer."—Louisville Courier-Journal.

**DEFINED**

Young Lady (to army surgeon)—I suppose you will marry after the war, doctor?

Doctor—No, my dear young lady. After the war I want peace.—Squib.

**SUNLAND**

Mrs. Frank Corey is having a seige of La Grippe.

Mrs. Anna Thomas received the sad news of the death of her brother in Ohio. He was ninety years old.

Mrs. Harriett Hall who was called to Pittsburg, Penn., by the illness of her mother, Mrs. Shinkle, will return to Sunland in a few weeks, her mother being much improved. Mrs. Hall says it is too cold in the East for her.

Mr. and Mrs. Nance spent Wednesday in Los Angeles.

Mrs. Abrams went to Los Angeles Tuesday to spend a few days.

Band Master Walter R. Maygrove has organized a Junior Band which meets for practice Tuesday evenings.

Mr. and Mrs. L. T. Rowley attended the Secretaries Convention at San Bernardino Saturday and report a fine time.

Mr. Wm. Stancliff has the frame work up for a new garage. Quite a little building activity is going on in Sunland. Mrs. Abrams and Miss Duffee expect to erect a cottage on one of the lots recently purchased of Mr. Warfield.

The Glendale Laundry has established an agency at the postoffice building in Sunland. If you are not a patron of this laundry, just one trial is all they ask. The wagon will call Wednesdays and Saturdays. Leave your bundles and give them a trial.

Saturday night there will be a "Weinna" Bake at the river. Meet at the stand at 7:30. Object—To organize an athletic club. 10c.

Mr. Dave Corey is driving the truck for Mr. Allen Richardson. The work in the garage keeps Mr. Richardson busy these fine days.

Nearly every one who owns or has access to a lot in Sunland are putting in garden. If the high cost of living continues it will be necessary to make the soil produce the living or go hungry.

Owing to the rain and bad weather Rev. Wester did not get here last Sunday from Pasadena to preach. In the morning Mr. Lancaster led the services and in the evening Rev. Nicholson of the Brethren Church occupied the pulpit.

The Ladies Aid met in regular session at the room in the postoffice building Thursday afternoon, it being the monthly business meeting. The reports of the different committees were read. Plans were discussed for some kind of entertainment to be given during the month of March.

Miss Kathrine Hall is staying with Mrs. Ed Thomas in Burbank

**Why The Best Investment?**

Why is a saving account in a strong bank the best investment?

(1) You never have to worry about the safety of the principal or the prompt payment of the interest.

(2) Since the account is free from state and local taxation, the net income exceeds that of many investments paying a higher rate of interest.

(3) The money deposited is so loaned as to encourage local commercial and industrial enterprise, and thus benefits the entire community.

**CHEERING NEWS**

"Can you produce references from your last employer?"

"No," replied the applicant chauffeur, "not for a month."

"Out of town?"

"No; in the hospital."

**Y. P. B. MEETING**

The Young People's Branch of the W. C. T. U. spent a very pleasant social evening at the home of the Misses Emma and Helen Esterly, 800 Adams street, Thursday evening. A short business meeting was held in the early part of the evening when the following officers were elected for the new term: Will Richards, president; Miss Emma Esterly, vice-president; Miss Vivian Engle, secretary; Laurence Rowe, treasurer; Miss Elizabeth Mottern, corresponding secretary.

An enjoyable program followed, consisting of a humorous reading by Miss Evangeline Quackenbush, a selection on the violin by Mr. Eichorn of the University Y, and a piano duet by the Misses Esterly. Games

helped to pass the balance of the evening in a jolly fashion and dainty refreshments were served, every one present having a fine time.

"That's a peculiar looking bruise you have on the back of your neck," observed the doctor.

"Yes," said the patient. "I am subject to those. You see, I'm a clarinet player in an orchestra."

"I don't see how that can produce bruises on the back of your neck." "It doesn't produce them exactly, but it places me in a position where I am very liable to get them."

"How is that?"

"I sit directly in front of the man who plays the slide trombone."—Newark Eagle.
