中国大陆维基媒体用户组

2023 年度报告文件

2023 年，中国大陆维基媒体用户组继续展开协作，委员会亦在用户组的授权下保持运作。1 月 20 日，技术委员会成员尝试搭建镜像站，次日暂停该计划。3 月 27 日，承认申请被基金会拒绝。我们希望明年会有更多的成就。

编辑松

1 月 6 日至 2 月 6 日，本组在维基媒体乌克兰社群的鼓励下举办了第三次编辑松（中国大陆 - 乌克兰维基媒体编辑松）。是次编辑松在中文、乌克兰语的维基百科和维基导游，以及维基共享资源举行。共计 4 名贡献者参与，19 项贡献通过审核。

会议

本年度共计举行了一次会议。该会议举办于 1 月 27 日，通过线上平台“电报”举行。会议上讨论了修订用户组章程、选出新的通讯员、用户组未来规划等话题。

本地运动现状

自 2022 年底中国大陆调整防疫政策后，因 2019 冠状病毒病疫情的出行限制基本消失。曾有维基人计划 5 月 1 日在天津举办线下聚会，后因“不可抗力”被迫取消。无其他公开聚会的消息。本年是 2015 年以来第一个没有有记录的线下聚会的年份。

3 月 13 日，中华人民共和国反对基金会成为 WIPO SCCR 观察员；7 月 7 日，中华人民共和国反对基金会成为 WIPO 观察员。虽然，本年度暂未观察到维基媒体项目封锁的调整。

2023 Annual Report of
the Wikimedian's Group of Mainland China

The Wikimedian's Group of Mainland China continued to collaborate in 2023. The Committee operated with the authorization of the user group. There was an attempt to build a mirror site on January 20 by the Tech Committee, but the plan was then suspended. On March 27, the application for recognition was rejected by the Foundation. We hope to achieve more next year.

Edit-a-thons

With the encouragement from Wikimedia Ukraine, the Group held the 3rd edit-a-thon – "Mainland China - Ukraine Wikimedia Editathon" during Jan. 6 to Feb. 6. The edit-a-thon was held on the Chinese and Ukrainian Wikipedias and Wikivoyages, and also on Commons. 4 contributors submitted 19 reviewed contributions.

Meet-ups

This year, a total of 1 meeting was held. The meeting was held on Jan. 26, via the online platform Telegram. The participants discussed topics including amending the Constitution, electing a new contactor, and plans of the future.

Local Movement *status quo*

Travel restrictions due to the COVID-19 pandemic have largely disappeared since mainland China adjusted its COVID-related policies at the end of 2022. An off-line gathering was planned by a Wikimedian for May 1 in Tianjin, but was canceled due to *force majeure.* No other public

gatherings were announced. This is the first year since 2015 with no documented in-person meetups in mainland China.

On March 13, the People's Republic of China blocked the Foundation from becoming an observer of WIPO SCCR. On July 7, the People's Republic of China blocked the Foundation from becoming an observer of WIPO. Despite this, no adjustments to the blocking of Wikimedia projects were observed during the year.
