

Dear Miss Weston,

Many thanks for your kind note of the 16. inst, and also for the £1 10 which I have received. I was about calling on you on Tuesday last, when a note from Mr Bethin informed me that you were going to leave town that day, and fearing that I should be in the way of your preparation, I did not call.

My girls went to Galois on Wednesday last, and from a letter received on Saturday, they appeared to be well pleased, I shall go to see them in a few weeks.

I shall be in Hampshire
