ARA - Mr. Daniels

June 13, 1949

CON - S. D. Boykin

Declassification of Department of the Army Documents.

The Security Advisory Board has received from the Security Classification Review Branch of the Department of the Army a letter (copy attached) concerning the request of Miss Olive Brooks, a newspaper correspondent, for certain information in the files of the National Military Establishment.

The Department of the Army recommends the release to Miss Brooks of the attached documents but has requested our views. I should appreciate your having these documents reviewed by the appropriate officials of your area to determine the advisability, from the viewpoint of the Department, of releasing this material for publication.

Please return the attachments to this Office.

MEMORANDUM FOR THE CHAIRMAN, SECURITY ADVISORY BOARD, SANACC

SUBJECT: Downgraded and Declassified War Contracts

Reference is made to memorandum from the Secretary, Security Advisory Board for the Air Member, SAB, dated 17 March 1948, subject as above, forwarding a letter from the Security Officer, General Accounting Office involving downgrading or declassification of Air Force documents.

Reference is further made of telephonic conversation between Mrs. Blake and Mr. Arcana which limited the problem presented to vouchers covering payment under the applicable contracts.

Information requested is contained in attached copy of first indorsement from Headquarters Air Materiel Command dated 14 April 1948. Also attached is copy of letter from Headquarters United States Air Force to the Commanding General, Air Materiel Command, requesting the information sought.

(Attention: TSTMD)

1. From time to time the General Accounting Office, Washington 25, D. C., receives from your Headquarters, notices of change or cancellation of security classifications of Air Force contracts and certain related correspondence.

2. The Security Advisory Board, State-Army-Navy-Air Force Coordinating Committee has forwarded to the Air Force member of the Board, a request by General Accounting Office for advice as to whether such notices include authority to downgrade or declassify, as appropriate, vouchers covering payment under the applicable contracts.

3. It is requested that information upon which to base a reply to problem presented in Par. 2 above be furnished this Headquarters as expeditiously as possible.

MEMORANDUM FOR THE ADJUTANT GENERAL, DEPARTMENT OF THE ARMY

ATTENTION: Chief, Security Classification Review Branch

In order to facilitate their handling of war contracts, arrangements have been made to have the General Accounting Office placed on distribution for downgrading and declassification notices on contracts entered into by the major branches of the Department of the Army. Only in some instances are these notices accompanied by specific instructions covering the type of supporting papers affected by the downgrading action.

As indicated in the attached letter, the General Accounting Office is anxious to secure some clarification as to which of the documents it customarily handles are included. It will therefore be appreciated if you can supply this office with the information requested by that agency.

It is understood that the major branches of the Department of the Army which are concerned in the above request are the Ordnance, Engineers, Chemical and Signal Corps.

GENERAL ACCOUNTING OFFICE
Washington 25

Executive Officer

March 8, 1948

Mrs. Shanette G. Blake, Secretary
State-Army-Navy-Air Force Coordinating Committee,
Security Advisory Board
Washington 25, D. C.

Dear Mrs. Blake:

With respect to the efforts of this Office to secure current records of downgraded or declassified war contracts, you will recall our conversations relative to the nature of documents which properly may be included in the program.

It is understood, of course, that the downgrading or declassification applies to the particular basic contract, purchase order or other instrument of agreement between the Government and a second party for the procurement of supplies or services, as well as all supplemental agreements modifying the basic instrument. In addition, instructions have been issued by the services to the effect that all papers and property subordinate to the particular contract are properly for inclusion.

In the latter connection, it is assumed that all vouchers covering payment under the applicable contracts fall within the category of subordinate papers. However, before any action is taken by this Office with respect to such vouchers, I would appreciate advice from the Security Advisory Board as to whether my assumption is correct.

Will you be kind enough to have the matter looked into and advise me with respect thereto at an early date.

Very truly yours,

/s/ Donald G. Dudley

DONALD G. DUDLEY
Security Officer.

SUBJECT: Security Classification of Radar Scope Photographs

TO: Commanding Generals and Commanding Officers, All USAF Activities

1. Classified Photographs. Radar scope photographs within one or both of the categories indicated in a and b below, will be assigned a security classification commensurate with the highest classification of the applicable category or categories:

a. Photographs produced with classified equipment will bear a classification equivalent to that of the radar equipment used.

b. Photographs specifically identified with a classified operational project will bear a classification equivalent to that of the project.

2. Downgrading. Classified radar scope photographs will be downgraded or declassified according to changing classifications of the applicable categories listed in paragraph 1.

3. Unclassified Photographs. Radar scope photographs not affected by the policy set forth in paragraph 1 will not be assigned a security classification.

Dear Mr. Larson:

There are attached three copies of War Department Circular 170, dated 30 June 1947 which, in Section VIII, contains information with respect to the downgrading of War Department TM 14-511, "Foreign Exchange Guide".

It is understood from the Office, Chief of Finance, War Department, that 70 copies of this manual were furnished to the Treasury Department (Mr. Dietrich) for distribution within Treasury.

It will be appreciated if you will initiate action to have all copies of this document which are now in the custody of the Treasury Department amended according to Section VIII of Circular 170.

MEMORANDUM FOR: Mr. W. P. Bartel
Security Officer
Interstate Commerce Commission

SUBJECT: Classification of Document

REFERENCES:
a. Serial No. 99
b. Serial No. 176
c. Memorandum of December 20, 1946, from Secretary, Interstate Commerce Commission

1. Reference is made to your memorandum of December 20, 1946, in which you listed the Restricted publications in the Library of the Interstate Commerce Commission.

2. In an effort to determine whether any declassification had been accomplished on the documents which you listed, the Security Advisory Board queried the Office of the Quartermaster General as to the present status of the document, "Outline of Relations between Representatives of Rail Carriers of the U.S. and Military Authorities." The Board has been informed that the document in question, dated June 24, 1940, has never been classified.

3. It is believed, therefore, that this document should be removed from the list of Restricted publications in your Library, provided, of course, there was no original agreement between the War Department and the Interstate Commerce Commission that access to the document should be limited, regardless of the lack of classification.

4. You will be advised if further notifications are received regarding the classification of the documents you listed.
