BARGAIN LIST OF EXTRA FANCY PEONIES

Here are varieties we carry in limited quantities, and some extra heavy sample plants. The large plants may be reset as they are for immediate effect, or can be divided if so desired. No descriptions are given, but they have all bloomed with us and are guaranteed true to name, and are offered at the **net price affixed to each.**

In ordering from this page please mention "from bargain list." The size of the plant is given in the count of the strong stalks of this year's growth. The number of plants, when mentioned, is all we care to dispose of at the present time.

ISOLINE

IRIS

(FLEUR-DE-LIS)

NO OTHER FLOWER has so many combinations of color, especially of the delicate and unusual shades, and the name of Rainbow Flower is most fitting. ¶They are absolutely hardy, as beautiful in form, texture and coloring as any orchid, and many are delightfully fragrant. They are not particular as to soil—and will grow where anything will, but do better in well-drained locations. ¶The following list is selected after many years of systematic testing, similar to our Peony studies, and contains all the most desirable and distinct varieties, collected from England, France, Germany and elsewhere. ¶We aim to have just as limited a list as will embrace all desirable varieties in shape, color and combinations of colors, with as great a range of blooming period as possible. ¶This list is arranged according to blooming, beginning about May 15th.

In the description, "S" indicates the erect petals or standards; "F" the drooping petals or falls. "Inches" means height of bloom. A clump consists of from 3 to 5 tubers. Roots separated or not pulled apart, as desired. Will not sell less than 6 of one kind at dozen rate, or less than 25 of one kind at 100 rate. The prices per 100 and per dozen are for single roots. No charge for packing.

On orders for Iris only (not entitled to the trade discount), at the prices in this list, we will prepay carrying charges to your station if within 300 miles of Chicago, or on orders of \$10.00 or more to any point in the United States. Orders for Iris and Peonies together at the Peony rate. ¶PLANTING—At 20% additional we will plant any order of \$10.00 or more within driving distance of our nursery.

NOTE—The number under each variety refers to this price table. Find the number of the variety, then the group in which it is listed.

LOHENGRIN

Reddish Purple

READ OUR UNIQUE GUARANTEE

Kochi (germanica), 24 inches. S. & F. both of the deepest purple. Falls have translucent black coating. The buds are soot black. An absolutely indispensable sort, often sold under the name of Black Prince. 3

Archeveque (neglecta), 24 inches. S. stunning amethyst purple, F. deepest velvety purple. 7

Caprice (pallida), 30 inches. S. & F. a delicate purple blending into a silky lavender at the base. A little lighter shade than that of the rare Edouard Michel. 3

Gold Crest (pallida), 30 inches. S. & F. unveined solid light reddish purple with a conspicuous golden beard, hence its name. Wallace England recent introduction. 9

Parc de Neuilly (pallida), 28 inches. S. & F. a navy blue of reddish tinge, with an ever changing effect. Very free and one of the darkest. 8

Monsignor (neglecta), 28 inches. The violet rays of the standards enliven the clerical velvety purple crimson of the falls, whose very dark veinings add dignity to the whole. A most stately, massive and imposing variety. Totally distinct and most desirable. See cut. 6

Edouard Michel (pallida), 32 inches. S. & F. unusual shade of rich reddish purple. Stock very limited. 10

Orientalis (sibirica), 30 inches. S. & F. intense deep blue with narrow foliage. Very suitable for natural planting. 1

Blue Violet

Germanica (type), 32 inches. S. violet blue, F. royal purple, large and fragrant. First of the tall growing varieties to bloom. 1

Walhalla (interregna), 24 inches. S. light violet, F. dark purple, very showy, large flowers. 2

Amas or Macrantha (germanica), 28 inches. S. violet, F. gorgeous purple, enormous blooms. The parent of all the big ones. 4

Gertrude (pallida), 34 inches. S. & F. same shade, rare violet blue. Unexcelled for house decoration where a clear uniform shade is desired. Peterson variety. 4

Blue Boy (germanica), 28 inches. S. violet, F. deep purple violet midway between Kochi and Gertrude, possibly better classified with the purples if not named Blue Boy by the English producer. Has a blue beard. Scarce. 8

Perfection (neglecta), 30 inches. S. fresh lavender, flecked with deeper shade, F. rich velvety lavender, dark reflections. A most pleasing and highly attractive combination, very well named. Has more blossoms on one stalk than any other sort. 4

Mrs. W. E. Fryer (Fryer seedling), 32 inches. S. shaded heliotrope, F. purple with lighter veining. Recent introduction. 10

Viola Grandiflora (pallida), 32 inches. S. & F. fresh clear violet. Very massive and blooms late. 5

Pink Violet

Dorothee (germanica), 20 inches. S. & F. a robin's egg blue blending to deep heliotrope. This spring when many of the delicate shaded early-blooming sorts were shy bloomers this was very free. Much like a double Japanese Iris. 2

Mrs. Alan Gray (pallida), 18 inches. S. & F. pale pink. Like Dalmatica, but decidedly earlier. A typical Iris shade. 7

Lohengrin (pallida), 33 inches. S. & F. soft silvery mauve, shading nearly to white at the claw. A tall, strong grower, with wide leaves. Undoubtedly the most desirable of all the pallidas. See cut. 5

Her Majesty (pallida), 30 inches. S. pinkish violet tourmaline, F. deeper shade heavily veined. A very sturdy sort. The most pink variety in the collection. 2

Isoline (squalens), 36 inches. The Imperial Mandarin. S. silvery lilac 3 inches long, surmounting an apron of 3 1/2 inch mauve falls, making a very striking combination that is most beautiful, artistic and unique. See cut. 8

Dalmatica (pallida), 44 inches. S. & F. delicate lavender with pink reflections. The tallest variety, with broad, glaucous foliage. 6

Queen Alexandra (squalens), 30 inches. S. lavender, F. pale purple, very self reliant in attitude. A real queen. One of Peter Barr's choicest sorts. Unusual and scarce. 4

Mikado (pallida), 30 inches. S. & F. clear heliotrope with falls a shade deeper. A recent English production of unusual rare color toning. 9

Bronze

KEY

Read down columns for all of same color.

The number under each variety refers to the group in which price can be found.

Prosper Laugier (squalens), 30 inches. S. fiery bronze, F. velvety ruby purple, like a Pansy bloom. This new "bronze" variety outclasses them all in being a clear, well defined, striking combination in a complete harmony of correctly blended colors. The hardest and freest blooming sort of this whole list. 5

Eldorado (squalens), 32 inches. S. antique bronze, F. old gold silhouetted with burnt purple. Possessing a totally distinctive harmony of subdued hues and perfect blending unknown in any other iris. 7

Rev. A. H. Wurtelle (Fryer seedling), 18 inches. S. purple bronze, F. maroon red, edged with bronze. Glory strain. 10

Iris Koenig (squalens), 24 inches. S. lemon, F. maroon edged yellow. See cut. 8

Alcazar (squalens), 36 inches. S. violet with bronze reflections, F. rich ruby slightly veined. A genuine Spanish grandee of the flowery kingdom. One of the choicest. 9

Yellow

Queen Flavia (interregna), 24 inches. S. & F. primrose yellow; very large. 5

Mrs. Neubronner (variegata), 28 inches. S. & F. rich, clear golden yellow, best solid yellow. Like giant daffodils. Richest gold. 4

Darius (variegata), 26 inches. S. lemon yellow, F. amethyst with deep veining and yellow margin. One of the older varieties that no new sort has been able to supplant. 2

Loreley (variegata), 30 inches. S. breast of a wild canary, F. creamy white with purple reticulations blending into a velvety purple mass near the ends which are margined with deep canary. The best of this type and most prolific. 3

Miss E. Eardley (variegata), 24 inches. S. clear golden yellow, F. rich madder red with yellow edge. A new English variety. 6

Foster's Yellow (variegata), 28 inches. S. & F., "a creamy yellow seedling intermediate in color between the cream of flavescens and the yellow of germanica aurea."—Wallace. 8

SNOW QUEEN

White

Ingeborg (interregna), 17 inches. S. & F. both snowy white. 3

Florentina (species), 26 inches. S. & F. pearly white, source of orris root perfume; quite fragrant. 1

Mrs. H. Darwin (amoena), 28 inches. S. & F. satin white with a little purple reticulation at the claw. One of the best of this class. 2

Fairy (plicata), 36 inches. S. & F. resemble sun kissed snow outlined by the faint azure of the sky. The crests of the stigmas are a most delicate lake-blue with an abundant though delicate perfume suggestive of the wild wood nymph. The tallest white. 5

Rhein Nixe (amoena), 36 inches. S. pure white, F. raspberry purple edged white. A most vigorous grower, always dependable. The only one of the white standards and purple falls worthy of being kept in our selected list. As it originated on the banks of the Rhine, its jaunty air may have suggested its name. 5

Snow Queen (sibirica orientalis), 30 inches. S. & F. large snowy white. New. Narrow foliage. The flowers are much larger than those of the type. Last white to bloom. See cut. 1

Frilled

COLLECTION No. 1

One clump each of all varieties in groups Nos. 1, 2, 3 and 4, being 19 varieties, amounting to \$6.60.

for \$5.00

Madame Chereau (plicata), 42 inches. S. & F. clear white with distinct frilled lavender edge. Many new frilled varieties continue to be introduced, but this one continues unsurpassed. 1

Parisiana (plicata), 28 inches. S. lavender pink mottled all over, F. creamy white center very heavily bordered with lavender pink. A most striking and unusual but highly pleasing effect. 7

COLLECTION No. 2

One strong blooming clump each of all varieties in groups 1, 2, 3, 4, 5 and 6 being 28 varieties amounting to \$13.50 for \$10.00

COLLECTION No. 3

One strong blooming clump each of all varieties in groups 1, 2, 3, 4, 5, 6, 7 and 8 and 1 single root of each in groups 9 and 10 being 43 varieties, amounting to \$28.20

for \$23.00

TWENTY-FIVE PER CENT DISCOUNT TO THE TRADE

Any order of \$100 or more will be construed by us as being a wholesale purchase, and therefore entitled to the 25% discount

OUR stock is guaranteed true to description, and we will REPLACE WITH THREE any that prove not true. We can make this UNPARALLELED guarantee because of the extreme care we have always used in growing our stock. Any peony is much surer to bloom, and will be twenty per cent stronger, if moved in September, so that new rootlets may form before freezing down. This gives a great advantage to home-grown stock over imported plants, which invariably come too late. All are listed under colors in the order of their blooming and described as by the American Peony Society.

TWENTY-FIVE PER CENT DISCOUNT TO THE TRADE

Any order of \$100 or more will be construed by us as being a wholesale purchase, and therefore entitled to the 25% discount

THE sizes given are DIVIDED—Strong divided plants of two to four eyes; SMALL—Plants of one or two stalks of this year's growth, one year since divided; MEDIUM—Plants of two to five stalks, two years since divided; LARGE—Plants of six or more stalks, three years since divided; EXTRA LARGE—Plants four years since divided.

We will not supply less than six of one kind at the dozen rate, or less than twenty-five of one kind at the hundred rate. No orders taken for less than six of one kind in divided roots (except where quoted at the single rate).

On orders of \$10.00 or more for Peonies only (not entitled to the trade discount), at the prices in this list, we will prepay carrying charges to your station, if within three hundred miles of Chicago, or on orders of \$25.00 or more, to any point in the United States.

TERMS: To new customers, cash with order or payment before shipment is made, or satisfactory reference. No charge for packing.

NINTH YEAR FOR THIS GUARANTEE **OUR UNIQUE GUARANTEE** We will replace with three every plant blooming untrue to description **NINTH YEAR FOR THIS GUARANTEE**

Offered subject to our surplus being unsold on receipt of order before September 15, 1918.

We begin filling orders early in September. PLANTING—At 20% additional, we will plant any order of \$10.00 or more if within driving distance of our nursery.
