NO. 147.

MAYOR SCENTS LOCAL COMBINE

MAKES PROTEST AT JOINT BID OF MERCHANTS

Aldermen, However, Take Issue With His Worship on the Point Raised

Mayor Morley, at last evening's meeting of the city council, expressed the opinion that it was apparent that a combine existed amongst local merchants in restraint of trade and that some steps ought to be taken to protect the city's interests.

The matter arose when the tenders for a large amount of material for the use of the corporation workmen came to be considered. Although the goods required are kept by a number of firms in the city, there was but one tender submitted and this was signed by Watson & MacGregor, the Hickman-Tyde Hardware Company, the B. C. Hardware Company, the Victoria Hardware Company, the Shore Hardware Company, Walter S. Fraser & Company, E. G. Prior & Co., and W. Bowness.

On the tender being opened his worship remarked that it was a very extraordinary thing that there was no competition between local firms for these goods. He thought it was apparent there was a combine in existence. The council ought not to tolerate this, but should give consideration as to whether it might not be better to advertise outside for bids when goods were required for corporation purposes.

Ald. Bishop deprecated any move that would have the effect of taking trade away from local tradesmen.

Ald. Raymond did not believe any combine existed. He thought the various merchants, who had united in tendering had simply not together and said they would not cut below a fair profit. They were, in his opinion, entitled to do this.

Ald. McKewen also thought local merchants should be entitled to have a reasonable profit. He commended their action in deciding not to cut prices below current rates. The city should encourage home merchants in every possible way.

Ald. Sargison agreed with this view of the case, but in view of the point the mayor had raised the best way would be to have a report from the purchasing agent as to whether the quotations of prices were fair ones.

Mayor Morley contended that the corporation, which was buying for the people at large, should have the benefit of the lowest possible prices.

It was finally decided to refer the matter to the purchasing agent for report as to prices.

The city assessor reported upon the new petition submitted by owners on Port Street asking for the widening of that thoroughfare. This petition had been signed by 40 owners, representing a value of \$301,550, while those not signing were 28, representing a value of \$218,250. The petitioners asked that the cost of the improvement be distributed over 50 years, and the cost of paving over 20 years. After some debate as to the legal status of the matter it was decided to grant the prayer of the petitioners and it was ordered that the necessary plans be prepared at once.

At the request of property owners on Yates street, between Quadra street and Cook street, that section of that thoroughfare will be improved on the lines of the lower portion, that is, with permanent pavements, ornamental lights and underground wires.

The purchasing agent and sanitary inspector recommended that the contract for garbage bins be awarded to Messrs. Cooke & Stone at \$2 per bin. Several aldermen thought the various tenders ought to have been considered by the health committee before the final award was made, and this course was decided upon.

The tender of the Canadian General Electric Company for six lighting equipment, \$4,798, as against \$4,675 of the Canadian Westinghouse Company, was accepted.

The bylaw for the widening of sidewalks on Douglas street and that for the granting of city lands at Spring Ridge for high school purposes were passed.

SETTLERS CARRY GOLD TO CANADA

Farmers From States Brought About Ten Million Dollars This Year

Winnipeg, June 21.—While the number of immigrants to the West have numbered many thousands this year, inquiries have disclosed the fact that the introduction of specie to the country has exceeded any previous six months in the history of the Dominion.

Hundreds of farmers from the Western states have taken up their homes to the west of Winnipeg, and it is computed that they have brought with them about ten million dollars. This healthy state of affairs shows no diminution, and on Thursday morning another couple of hundred homeseekers and investors will pass through Winnipeg to explore the golden trail towards the west.

DIES SUDDENLY.
London, June 21.—Sir Herbert Haylock, until recently assistant manager of the Bank of Montreal here, died Sunday of heart failure, aged 54.

MAN MURDERED AT PORTLAND

BODY FOUND IN TRUNK AT RAILWAY DEPOT

Former Real Estate Agent and Woman Held by the Police

(Times Leased Wire.)

Portland, Ore., June 21.—Suspected of the murder of William A. Johnson, whose body was discovered jammed in a trunk at the Union depot last night, Jesse P. Webb, and a woman who gave her name as Mrs. Johnson, were arrested early to-day and taken to the police station.

The couple were apprehended by city detectives as they alighted from an automobile at the Wilamette rooming house, 3225 Stark street, after they had been out riding all in her purse. Johnson had \$100 in cash in her purse. Neither would talk much. Mrs. Johnson said that Webb and Johnson went to the park yesterday afternoon while she remained home with her seven-year-old boy, as she was not feeling well.

Webb stated that he saw Johnson "down at the Union depot" last night. The police today identified Webb as a real estate agent of Seattle, Wash., who some times goes under the alias A. C. Powers, is known to the Seattle authorities.

When Webb was searched at the station the police found two women's handkerchiefs, both of which were bloody. His right hand was wounded and bound up in a bandage.

Johnson's murder in room 119, in the new Grand Central hotel, sometime yesterday afternoon, where his skull was crushed by some blunt weapon and a bullet shot through his head, was brought to light by the discovery of a small pool of blood which had seeped from the trunk in the Union depot. The trunk had been checked to North Puyallup, Wash., late in the afternoon.

The number on the check indicated that William A. Shaw, a trucker, had handled the trunk. He was awakened and said that he had moved the trunk from the new Grand Central.

The police made a hurried investigation and found that Webb or Powers, had occupied room 109, just across the hallway.

In room 119, where Johnson was murdered, there had been many hasty efforts to conceal the crime. The blood stained mattress and sheets upon which Johnson had presumably lain, had been turned over to hide the tell tale blood spots.

The trunk was broken open and Johnson's body found jammed within.

John Long, porter at the hotel, who moved three trunks belonging to Webb and one belonging to Johnson, said that Mrs. Johnson and Powers spent the greater part of the afternoon packing and re-packing the trunks. They stated, Long said, that they purposed to move some household goods. Later Long was called to move a trunk to Shaw's dray. At the moment he identified the one which Webb had moved from room 119.

The police believe that Johnson was first drugged and then killed.

**OVER BILLION TO
RUN UNITED STATES**

Appropriations by Congress \$36, 000,000 More Than Previous Record for One Session

(Times Leased Wire.)
Washington, D. C., June 21.—The appropriations made by congress during the present session are the largest in the history of the national legislative body.

The house adjourned at 1 o'clock this morning after passing the public building bill, appropriating \$20,000,000. Five Democrats opposed the measure.

The increased appropriations are the result of the coming of the buildings and river and harbor "pork barrels." The rivers and harbor bill alone carried \$30,000,000. In spite of the excess of appropriations, there has been a saving of \$20,000,000 in appropriations for branches of the government that usually have required increased funds.

TRANSCONTINENTAL WALK.
Boston Athletic Tramps From Boston to San Francisco in 77 Days.

San Francisco, June 21.—Jack Eldridge, 28, a Boston athlete, is resting here to-day after completing a 4,900-mile walk across the continent in 77 days and breaking all previous records. He left Boston March 15th.

Eldridge was offered \$2,000 by the Boston Athletic Club to lower the record of Edward Payson Weston. Although inexperienced as a pedestrian, the young man prepared for the hike and beat Weston's record by 28 days. Weston's longest distance in one day was 72 miles, and his average per day 67 miles. Eldridge's best time was 35 miles in one day.

JOE BREAKS OUT AGAIN.

ELECTIONS IN MANITOBA IN JULY

NOMINATIONS ON 4TH POLLING ON 11TH

Campaign Will Be Short in the Prairie Province—Selection of Candidates

(Special to the Times.)
Winnipeg, June 21.—The date of the Manitoba elections has been announced. The nominations will be held on Monday, July 4th and elections on Monday, July 11th.

Alderman L. McMeans was chosen by a Conservative convention in South Winnipeg last night to contest that constituency in the provincial elections. Jos. Bernier, M. P. P., was again chosen as a candidate by St. Boniface Conservatives assembled in convention yesterday.

COMING TO VICTORIA.
(Special to the Times.)
Winnipeg, June 21.—Ald. Robert Willis, of Morden, has resigned and has decided to reside in Victoria.

THIRTY-ONE DAYS WITHOUT FOOD

Capt. Rowland, Who Was Lost in Woods on May 18, Found by Surveyors

(Special to the Times.)
Wabigoon, Ont., June 21.—Capt. W. Rowland, who was lost on Manitowish lake on May 18th, was found on June 18th, after being 31 days without food, living chiefly on water. The captain was not only well but cheerful and was discovered by a chance party of surveyors who came across notices he had placed on the trees in the vicinity. He will return immediately to the Port Arthur hospital.

CANADIAN NAVY.
Admiral Kingsmill Visits Halifax in Connection With Dockyard Accommodation.

Halifax, June 21.—Admiral Kingsmill is in Halifax in connection with dockyard accommodation for navy and marine and fisheries requirements. Admiral Kingsmill finds there is ample room in the dockyards for both purposes, the marine and fisheries taking the southern portion and the navy department the northern. The old naval hospital will be used for the cadets' college. The Admiral says the Nobe will be turned over to the Canadian authorities on July 24th, and 19 days thereafter will sail for Halifax.

CROPS SUFFER.
Minneapolis, Minn., June 21.—A serious drought is threatening the crops of northern North Dakota and Eastern Montana with destruction. A precipitation of from 31 to 37 per cent of the normal rainfall has left the ground parched, and farmers are apprehensive of almost total loss of crops. The temperatures throughout the dry section of North Dakota ranged around 110 degrees yesterday.

WILL INSPECT RIFLE TEAMS.
London, June 21.—Bisley rifle teams of the overseas dominions at present in England will be inspected by King George at Buckingham Palace this week.

MUST NOT EXCEED THE ESTIMATES

OAK BAY COUNCIL AND LOCAL IMPROVEMENTS

Resolution Adopted in Regard to the Matter—More Money for the Roads

Following the agitation on the part of some of the property owners in the Oak Bay municipality complaining of the cost of local improvement works, the Oak Bay council had the matter up for discussion in committee on June 13th, with the result that the following resolution was passed upon the minutes of the roads committee and adopted at the regular meeting of the council last night:

"That in view of the fact that the statements furnished this committee show that the costs of the various works exceed the estimates, this committee recommends that greater care be taken in future in furnishing the estimated cost of works, and this committee draws the attention of the council to the fact that the Oak Bay Act, 1910, holds them to a margin of ten per cent over estimated cost of works of local improvement."

The council have determined to put the roads in as good shape as possible in order that the municipality may keep well to the front as a residential district. For this purpose they, at last night's meeting, decided to adopt a recommendation of the roads committee to allot an additional \$2,000 for this purpose. At the beginning of the year the sum of \$10,000 was set aside for this purpose. Now it has been found that an additional \$3,000 can be curtailed from other work, and it will be used for road repairs, a course of action which will undoubtedly receive general approval.

A recommendation of the waterworks foreman that a drinking fountain and trough be erected on Beach Drive, near Oak Bay hotel, will be considered by the water committee, and, it is probable, will be acted upon. This will prove a great convenience to campers and others in the district. It will also relieve private persons from the nuisance of being continually called upon to serve campers and others with water.

The noxious insects by-law was reconsidered and finally passed, and will now be in operation.

The report of the committee showed that the old school site and building on Foul Bay road had been sold to J. J. Shallock for a sum of \$2,800.

The contract for hauling pipe and drain tile has been awarded to Charles Law.

The committee which was appointed to draw up an agreement with the Victoria Country Club, under which they were allowed to hold a six-day race on the Willows tracks, reported that they had concluded the necessary arrangement. The club had paid down a deposit of \$500 as a guarantee that they would stand the expense of any legal or other proceeding arising directly or indirectly from the holding of the race meet.

In the absence of Reeve Henderson, Councillor McGregor, chairman of the roads committee, presided, all the other councillors being present.

INSPECTION OF OVERSEAS FORCES

IMPERIAL CONFERENCE TO CONSIDER PROPOSAL

Officer Will Not Be Sent Except at Request of Governments of Dominions

(Special to the Times.)
London, June 21.—In the House of Lords yesterday Lord Lucas stated that the overseas dominions will be asked at the next Imperial conference whether they approved of the idea of an inspection of their forces by the commander-in-chief of the Mediterranean forces.

Earl Crewe emphasized the fact that there was no question of this country sending an officer, however eminent, to inspect the forces of self-governing dominions, except at the request of the respective government. The impression at the last colonial conference was that there was a real desire as far as possible to obtain uniformity of equipment in the different parts of the Empire, and colonists would welcome such an inspection as suggested. It would not necessarily be a periodical inspection, he concluded.

**JOSEPH MARTIN AGAIN
ATTACKS GOVERNMENT**

Has Lost Confidence in Asquith Cabinet—Duty of Radicals to Speak Out

London, June 21.—Joseph Martin has come out definitely against the party under whose umbrella he won his seat in St. Pancras. He says in his letter in the press that he has lost all confidence in the government, and he adds that it is the duty of every Radical to speak out before the political peace now being patched up by Messrs. Haldour and Asquith is completed and the Liberal party forever destroyed.

FATAL EXPLOSION.
Halifax, June 21.—Mine Examiner Stevens and a youth named Wood were killed in an explosion of gas in the colliery of the Maritime Coal, Railway and Power Company's colliery at Chignecto yesterday while making an examination of the mine to see that it was safe for the miners to enter it. It is supposed that they used an open lamp instead of a closed one, as is customary. The bodies were recovered. Stevens was 35 years of age.

WALTER ROSS EXECUTED.
Declared He Shot Percy Perkinson in Self-Defence.

(Special to the Times.)
North Bay, June 21.—Walter Ross was executed at 7 o'clock this morning. He met death with a smile, still protesting that the shooting was in self-defence. Ross was found guilty of murdering Percy Perkinson at Ramvere on December 21st last. Ross in his evidence claimed Perkinson threatened him with an axe and he used his rifle in self-defence.

ISLAND ROADS BEING PLANNED

LINE FROM DEEP BAY BY WEST SAANICH

Suggestions That Road May Tap Extension Mines Before Reaching West Coast

Two survey parties are in the field selecting routes for the new line of the B. C. Electric railway to be built up the west side of Saanich peninsula for the purpose, it is understood, of bringing the Canadian Northern trains into the city. That the Canadian Northern were likely to come that way has been mentioned before in these columns. Now it is practically confirmed that the road will run to Deep Bay, and that that point has been selected by the Canadian Northern as the terminus of their ferry, where the fast car-carrying steamers from Port Mann will land on the island and connect with Victoria.

Practically all the land up the west side of Saanich from the water to the water during the present year. It is held chiefly by people who are likely to know what the plans of the B. C. Electric Railway Company are to be. That the company will receive a subsidy for running their cars out to that point goes without saying. It would pay the people on the route to spend a little money for the privilege.

Of the route to be taken by the Canadian Northern between this city and Barkley Sound nothing is known for certain, but it is thought that the Cowichan route will be chosen. It is even hinted that the Canadian Northern may undertake the work of carrying the logs of the American Securities Company from Cowichan lake to tide-water, instead of the C. P. R.

There is another story afloat that the Canadian Northern will go in by way of Mill Bay and will touch the Extension mines on its way to Barkley Sound. These mines have been recently purchased from James Dunsuir, and the output from them is as large as from the Comox mines. That they should be connected with Victoria and also with the West Coast by rail would seem a necessity if the business is to be increased as has been announced.

There is at the present time a party of surveyors at work at Mill Bay who are supposed to be in the employ of the Canadian Northern and, as announced yesterday, another party is going out.

Should the new railway not go by way of Sooke there will be much disappointment among the property owners in that neighborhood. The owners of the charter granted to a local syndicate before the arrival of the Canadian Northern on the scene have stated that if the big company did not build the road they were prepared to do so. In this case Sooke is likely to be tapped anyway, but there seems to be a growing feeling locally that the new railway will not go in that direction. However, until the C. P. R. surveys are completed and a decision made, the matter can be only one of rumor.

**TWO KILLED IN
AUTO ACCIDENT**

Millionaire Fish Packer Drives Machine in Front of Elec- tric Car

(Times Leased Wire.)
Los Angeles, Cal., June 21.—While the bodies of Samuel Elmore, millionaire fish packer, of Astoria, Ore., and Mrs. E. G. Garretson, of Spokane, lie in a local morgue awaiting the attention of the coroner, Elmore's wife is critically ill at the Raymond hotel in Pasadena. She has not been told of the collision between Elmore's automobile and an interurban car of the Long Beach line, or the death of her husband and Mrs. Garretson, with whom he was driving.

Elmore came to Southern California six months ago with his wife and daughter, Elsie. It was hoped the climate would prove beneficial to Mrs. Elmore, who has been ill for several months.

Yesterday Elmore came to Los Angeles. While at the Vanuys hotel he met Mrs. Garretson, who is said to be the wife of M. J. Garretson, a travelling salesman of Spokane, who had been a friend of the Elmore family. He proposed that they go for an automobile ride before he returned to Pasadena.

In Flourensia park, a suburb, Elmore drove his automobile directly in the path of a speeding interurban car, according to witnesses of the accident. The machine was dragged 100 feet and ground to splinters. Both Elmore and Mrs. Garretson were dead when passengers on the electric car reached them.

Motorman Gus Thornquist, who was in charge of the car, has been pursued by a strange fate. Two years ago he stood at the controller of the same car when it ran down a wagon load of merry makers at Linwood junction, killing 305 and seriously injuring 200.

Elmore was 52 years of age and was reputed to be many times a millionaire. He was one of the best known business men of the Pacific Northwest and was the head of nine Elmore canneries in that section.

QUARTER OF MILLION LOSS.
Spokane High School Destroyed By
Early Morning Fire.

Spokane, Wash., June 21.—Fire gutted the South-Central High school building early this morning, causing a loss of \$250,000. The building was covered by \$7,000,000 insurance. The fire started in some rubbish in the basement and gained rapidly before discovered. The building was erected in 1900, and was one of the largest school structures in the northwest.

ALD. SARGISON WANTS TO KNOW

THINKS HELLIWELL SHOULD MAKE REPORT

Asks Mayor to Inform Council of What Treasury Investigation Has Revealed

Ald. Sargison wants to know what is going on in the treasury department at the city hall, especially in connection with the work of J. H. Helliwell, the expert accountant of Vancouver, who was engaged by Mayor Morley and the members of the finance committee at an expense of \$5,000, to make an examination into the accounting methods of the corporation.

At last evening's meeting he asked that an interim report be made the council at once. Mr. Helliwell had been at work now for a month or more, and it was only right that the members of the board should be informed as to what he was doing and what he had discovered—if anything—the auditor considered.

The matter was opened for discussion when the report of the finance committee was received. Ald. Sargison immediately expressed the opinion that the mayor and the finance committee were hardly treating the rest of the members of the board fairly in not letting them know what Mr. Helliwell was doing in his work in the treasury department.

Mayor Morley—Ald. Sargison is out of order at the present time. The report of the committee has not yet been disposed of.

Ald. Sargison—Well, I may be "grouchy" and "peppery," as your worship has been pleased to style me, but I want to get in order and raise this point about Mr. Helliwell and his duties.

Mayor Morley—You are out of order. The report of the finance committee having been adopted, Ald. Sargison again took up the cudgels, the mayor conceding that he was then in order. Ald. Sargison felt that the council should be asked to make a progress report of what had been done in the matter of the investigation up to date. The question was an important one, interesting alike to the employees of the department and the public, as a hint had been dropped by his worship that there would be some disclosures. Personally, he was of the opinion that it was most unfair that the council should not know what Mr. Helliwell, of Vancouver, and his young man were doing in the treasury department.

Mayor Morley—The council entrusted the matter of the engagement of Mr. Helliwell to the finance committee, and your raising the question now of the appointment looks like a vote of want of confidence in that committee.

Ald. Sargison—Surely there can be no harm in us knowing what is going on.

Ald. Fullerton—The finance committee must know what is going on. They ought to be kept informed on that.

Ald. Raymond—Yes, let us hear from the members of the finance committee. We are curious to know what is this terrible matter that is about to be unearthed.

Ald. Mable—I think it is up to the chairman of the finance committee to make an explanation.

Ald. McKewen chairman of the committee—Really I have no report to make. We don't know what is going on.

Mayor Morley—Well, I suppose we can have a report from Mr. Helliwell if you wish it, but he will withhold anything he thinks advisable.

Ald. Sargison—We are the judges of what is advisable and what is not advisable to be made known. We are paying the bills.

After some further discussion a motion to have an interim report was carried.

KAISER'S YACHT DEFEATED.
Kiel, Germany, June 21.—The Westward, an American built schooner, today defeated the Kaiser's yacht Meteor in the first race of the Kiel regatta. The Meteor finished second and the Hamburg third. The Westward is owned by Alexander Smith, of New York.

NANAIMO MAN IS CHARGED WITH BIGAMY

Arrested on His Return From Vancouver—Bride's Father Laid Information

(Special to the Times.)
Nanaimo, June 21.—Thomas Asley, who has resided here for three years, was arrested last night on his arrival from Vancouver charged with bigamy when he married Flo Parker, a Nanaimo girl. Miss Parker eloped, going to Vancouver and was married the same day, returning to Nanaimo for the honeymoon.

The father of Miss Parker laid the information before a magistrate, causing the arrest. It is claimed he has a wife living, and that she is not divorced. He is thirty-three. The bride is twenty-two.

NEGRO BURNED AT STAKE.
Rusk, Tex., June 21.—No arrests to-day followed the burning of Leonard Johnson, a negro, at the stake last night. Johnson was suspected of having murdered Maude Redding, whose body was found on a lonely road near here with the throat cut.

LOCAL NEWS

Motor owners and chauffeurs will hold a meeting this evening in Broad Street hall to elect officers and complete organization. George Longworth, charged with the theft of a diamond ring worth \$75, whose case stood over in police court yesterday for him to produce evidence of an alibi, was in the afternoon convicted and sent to jail for six months.

The men working on the Bemberton building have started a subscription for the purpose of erecting a monument to the late Frederick H. McGuire, who lost his life last week, and who left no relatives in this country.

Mayor Morley announced at last evening's meeting of the city council that he intended calling the citizens water-committee together at an early date. The report of H. J. Burwell, on the Sooke Lake proposition, was not yet complete.

On Sunday, special services were conducted at James Bay Methodist church, it being the annual flower Sunday. The church was beautiful with flowers. Rev. A. W. Miller, pastor, preached an appropriate sermon, his theme being the flowers which decorated the pulpit.

As was stated in the Times on Saturday last the location of the \$750,000 mill, which the American Securities Company is building for the purpose of cutting the timber on its limits at Cowichan lake is still undecided. Statements that the mill is to be built at Crofton are without foundation.

The half of the Radminton property fronting on Humboldt street, corner of Gordon street, has been acquired by a syndicate of Union Club members, the sale price being understood to be \$50,000, and the executive of the club is considering plans for the erection of a club-house to cost about \$100,000. The old premises will be sold.

A report submitted by Sanitary Inspector Lancaster was turned down by the city council at its meeting last evening. The matter dealt with was the placing of cement floors in several of the stables of the city. Aid Bannerman felt that discrimination was being shown in some instances and he wanted an explanation.

The mayor and council have accepted the invitation of the Natural History Society to attend an excursion to be held on Saturday afternoon next to Mount Douglas park. The desire of the society is that the natural beauties of the park should be preserved for all time, and it believes that it may assist to this end by enlisting the co-operation of the city council.

At last evening's meeting of the city council a letter was read from C. Sorby, secretary of the Inner Harbor Association, relative to the matter of the extension of the wharves of the Alaska Steamship Company. He reported that there appeared to be no objection to the work going on, as he had consulted both Capt. Troup, of the U. S. P. R., and Capt. Nicholson, of the Grand Trunk Pacific, and they had agreed. At Aid Bannerman's suggestion the matter will be considered at the next meeting of the streets committee.

TENNIS COURTS. Victoria Tennis Club Will Have Formal Opening on July 1. The splendid new grounds of the Victoria Tennis Club at the Willows will be formally opened on Dominion Day. The grounds are in fine shape and are being used extensively by tennis players, bowlers and lovers of croquet. The club-house, a view of which was published in the Times some weeks ago, is practically complete and the last touches will be given to it in time for the opening.

A garden party will be given to signify the opening. To this each member will have the privilege of inviting two friends, and they are requested to let the secretary, J. M. Lawson, have the names of their guests early so that invitations may be forwarded to them in ample time.

MINING SHOWS STEADY GROWTH IN THE INTERIOR THE CONDITIONS IMPROVE

E. Jacobs Returns After a Tour of the Kootenay—Lumber and Fruit Growing. E. Jacobs has returned to Victoria after an absence of a month spent chiefly in the Boundary and West Kootenay districts, whence he came via Spokane and Seattle. The chief industries of the districts visited, Mr. Jacobs was informed, are in a fairly satisfactory condition on the whole, though in places there is room for considerable improvement.

Concerning the parts visited by Mr. Jacobs, he briefly summarizes his observations, as follows: Gold, silver, lead, copper, zinc and coal are produced in the Kootenay and Boundary districts. Both in tonnage of ores and value of metal extracted copper heads the list, and production is being well maintained. The larger copper mines are in the Boundary, and these are operated by four companies, namely, the Granby, British Columbia Copper, Consolidated, and New Dominion Copper companies. The B. C. Copper Co. now holds a controlling interest in the New Dominion.

There were but a few minor changes in the roll as prepared by Mr. Northcott at the sessions held to-day. E. M. Johnson, as agent for the owners of the Hepburn block, at the corner of Government and Cormorant street, made a vigorous protest against the assessment on that property. The court promised to take his views into consideration. There will be another session to-morrow.

COURT OF REVISION. Annual Session of Civil Body to Adjust Assessments is in Progress To-day.

The civil court of revision opened its sessions this morning and continued this afternoon. The board consists of Mayor Morley and Aid. Bannerman, M. Keown, Raymond and Sargison; Wm. W. Northcott, and Wm. Sewcraft, his assistant, are also in attendance.

ACCESS TO REGISTERS. Attorney-General Bowser has arranged to meet a deputation of local realty men to-morrow afternoon in regard to public access to the documents in the land registry office.

PERSONAL. Sub-Inspector S. L. Redgrave, of the city police force, is suffering from an attack of diphtheria.

Mrs. Wm. Templeman will receive to-morrow (Wednesday) and the first and second Wednesdays of July.

Mrs. T. H. Parr, 140 Grand street, will not receive on Wednesday, the 22nd inst., and not again until October.

Mrs. W. Adamson, Mrs. G. Howden and Mrs. T. Hastie have gone to Shawanigan Lake for a few weeks' holidays.

George Young, 57 David street, has returned from a five weeks' business trip to New York and other Eastern cities.

J. F. Carpenter has been appointed provincial horticulturist for Vancouver Island and the Lower Mainland, and takes office July 1st.

Private advices from Portland state that C. C. Chapman, the advertising agent of that city, who has for several years past handled the publicity work for the Development League here, has been appointed to succeed Tom Richardson as secretary of the Portland Commercial Club.

Mr. Chapman enters upon his duties at once. The secretary of the club mentioned is one of the highest salaried men in the Northwest.

Arthur Creech, a young electrician, fell from a ladder while at work in the October Mansions, breaking one wrist and spraining the other.

ILLINOIS BRIBERY CASE. U. S. Senator Will Not Be Called to Testify for Defence.

Chicago, June 21.—Without calling on Senator William Lorimer, as a witness, the defence in the trial of Leo O'Neil Browne, charged with bribery in connection with the election of Lorimer to the United States senate, refused its case to-day.

The appearance of Lorimer was expected by those who have been following the case as the defence has charged that the prosecution of Browne was the result of a political plot. It was expected that Lorimer would be called to testify as to the existence of an alleged plot.

planted to fruit. Even at Howser, a few miles above the head of Kootenay lake, there are orchards and cultivated fields, while in the valley of Slokan river and about New Denver and other parts of the Slokan lake district fruit-growing is being given attention and the young orchards look well. In the valley of Trail creek, about Rossland and on down to Trail, there are numerous cultivated small areas. Along the Columbia, both above and below Trail, and in the Fruitville region, which is below Ymir, on the Nelson-Spokane Railway, cultivation is extending, and it is accompanied by settlement with its increase in population. From the foregoing it will be seen that the considerable measure satisfactory progress is being made in both the Boundary and Kootenay districts. It seems reasonable to look for further expansion and development, especially as transportation facilities are being increased, both railway and wagon road. It would appear then, that apart from mining, profitable industries are being established.

SUIT OVER LOTS AT PRINCE RUPERT

M. Frewen Brings Action Against Charles M. Hays and Development Company. (Times Leased Wire.) Vancouver, B. C., June 21.—The suit brought by Moreton Frewen, the well known businessman, against Mr. C. M. Hays, president of the Grand Trunk Pacific Railway and the Grand Trunk Pacific Town & Development Company, for the specific performance of an agreement to sell lots in the townsite of Prince Rupert began this morning before Chief Justice Hunter.

Two claims are presented, one for the fulfilment of a verbal agreement to sell 1,000 acres, which agreement was made at the time when it was thought the townsite would be several thousand acres in area, and higher than the price at which corresponding lots were offered to the public, less 5 per cent. as rebate for Mr. Frewen's work in interesting capital in Prince Rupert and for advertising it among his influential connections.

Against the verbal claim, the statute of frauds is pleaded, but counsel for plaintiff does not admit he cannot possibly succeed upon it.

Behind Mr. Frewen in putting up the money for the purchase of the lots was Sir Edgar Vincent, a prominent English capitalist, and Mr. John Hays Hammond, of New York.

DEATH OF KAISER'S SISTER. Berlin, June 21.—Princess Esodora, youngest sister of Kaiser Wilhelm, died at Karlsruhe to-day, according to dispatches received here. The princess was 26 years old, and heart trouble is given as the cause of death.

PRESENTATION TO F. LASCELLES. London, June 21.—On behalf of the Canadian battlefields commission Lord Strathcona yesterday presented Frank Lascelles with a piece of plate in honor of his work in connection with the historic pageant at the Champs-elysees, centenary at Quebec in 1908.

UNIVERSITY MEN TO VISIT CANADA

Will Tour as Far West as Winnipeg and Will Then Cross Border. (Special to the Times.) Liverpool, June 21.—The first touring party of ten university men, made possible by an anonymous philanthropist, will tour through Canada and the United States. The itinerary will include all the larger cities of Canada as far west as Winnipeg, near which city the men will devote four days to actual work as a practical way of obtaining an insight into the conditions of Canadian agriculture. From Winnipeg the party will cross the border and visit Madison, Chicago, Pittsburg, Washington, Annapolis, Philadelphia, New York, New Haven and Cambridge, Mass.

AUTO FATALITY. One Man Killed and Two Fatally Injured When Cars Collide.

Omaha, Neb., June 21.—William Krug, millionaire and head of the Krug Brewing Company, was killed here to-day in an automobile accident. Fred I. McCormick and Al Schultz were fatally injured and J. H. Warren was hurt seriously.

Krug's car, driven by the millionaire, collided with an automobile driven by Warren. The Krug car struck a telephone pole and Krug and McCormick were crushed beneath the machine. Warren's car was hurled a distance of 75 feet and hung suspended on the brink of an embankment. Warren and Schultz were thrown out as their car buried through the air.

NOTICE. In the Estate of ALEXANDER GILMORE, DECEASED.

All persons having claims against the estate of the above named deceased are required to send particulars thereof, duly verified, to the undersigned on or before the 4th day of July, 1916. ENTHUSIASTIC OVER PROSPECTS

W. MACKENZIE ON OUTLOOK IN WEST

President of Canadian Northern Says Work is Being Rushed in All Sections

Winnipeg, June 21.—President Wm. Mackenzie, of the Canadian Northern Railway Company, made the journey here from Edmonton in 22 hours and 20 minutes over the main line. This is the fastest time ever made on this trip and establishes a new record. The average speed made included all stops. Mr. Mackenzie is quite elated over this remarkable journey, but stated that he hopes when the betterments now in progress have been completed that the C. N. R. passenger trains will accomplish the run in the same time.

Speaking of the construction of the mountain section of the Canadian Northern railway, Mr. Mackenzie stated that tenders are now being invited for the construction of sixty miles of road from the present terminus at Westminister and that this section will be completed this year. This will carry the line through the famous Chilliwack farming district to Hope. Construction is also to be started at once from Edmonton westward, a contract for 70 miles to the McLeod river having been awarded to McMillan Bros. Next year construction will be in progress for the entire distance between the McLeod river and Hope. From the Yellowhead pass the line will follow the Thompson and North Thompson rivers to Kamloops and then follow the Thompson and south bank of the Fraser to New Westminster.

Mr. Mackenzie says that the line as located is a very good one, though many of the problems of mountain railway building will be encountered. Being asked where he expected to buy the Canadian Northern railway completed as a transcontinental line, Mr. Mackenzie replied that July 1, 1914, had been fixed as the date of opening a through line from Montreal to the Pacific coast and he added that he had every confidence that his company would be able to carry out the program. Respecting works now under way in the prairie provinces the president referred the newspapermen to the local officials of the road who he said were in a better position to furnish information than he. However, he volunteered the information that, although this year 20 miles of new road in the West had been laid with steel and work was being pushed in every quarter.

Speaking of the future of western Canada, Mr. Mackenzie said he was optimistic. "Having in view what has occurred in the past quarter of a century who can foretell what great things there are for us?" he said. "The possibilities seem overwhelming. In this rich agricultural country, the best in the world, with wheat at prices which all experts declare will never be lower, the wealth that our land will produce is almost incalculable."

PETITIONS FOR ELEVATORS

Winnipeg, June 21.—The Manitoba grain elevator commission has already received petitions from fourteen points in the province for the removal of elevators. Requests for removal have also been received from 18 other points. A number of the applicants ask for petition forms for the removal of elevators but the majority appear to favor the purchase of those already in existence. Several others, however, have asked for forms of both kinds. E. E. Keelin is now engaged in drawing up plans and specifications for a standard elevator. These it is expected, will be ready in a few days.

NEW INDUSTRY FOR CALGARY

Calgary, June 21.—To make Calgary the Pittsburg of Canada is the ambition of an American syndicate, locally represented by ex-Alderman Watson, who in speaking of the syndicate's plans said: "We propose developing water power capable of supplying sixty thousand horse power and it is our intention to make Calgary the centre of a district of the vast mineral wealth in southern Alberta. I expect that within eighteen months the big iron will be manufactured here from or secured within easy reach."

FIRE AT OTTAWA

Ottawa, June 21.—The Central Canada exhibition buildings were again last night visited by fire. Mixed alarms delayed the brigade in getting to the scene, with the result that the stables, in which were a number of valuable trotting horses, were destroyed. In attempting to rescue the well known trainer Waterloo, Frank Putnam, the owner, was seriously burned and taken to St. Luke's hospital. All the race horses, eight, were safely removed. The stables were frame structures, so that the loss will not exceed \$15,000.

INVESTIGATION ORDERED

Washington, D. C., June 21.—The senate yesterday adopted a resolution ordering for an investigation of the bribery charges in connection with the election of Senator William Lorimer of Illinois. The senate committee on elections will investigate the matter during the recess of congress.

Members of the lower house of the Illinois legislature have made the charges and alleged that they were bribed to vote for Lorimer for senator.

WORLD'S DEBT TO CANADA

A Wonderful Achievement

Discovery of "Fruit-a-tives" Has Meant Health to All

Canada's fame does not rest solely on her rice and wheat fields. Her rise in the esteem of the world is not due to her Cobalt mines. It is the work of her great men that has made her great. A graduate of McGill University has won lasting renown for his original researches in the realm of Physics.

Everyone knows that fruit is wholesome, when eaten judiciously. Physicians generally recognize the fact that fruit juices have a beneficial effect on the various organs of the body.

It remained for a Canadian physician to discover a process whereby the medicinal action of fruit could be so increased as to make the intensified juices a wonderful cure.

"Fruit-a-tives" is this combination of fruit juices and tincture. Since its introduction to the public, "Fruit-a-tives" has met with a success accorded to no other medicine in the world. The reason is plain. "Fruit-a-tives" is the one remedy that is actually made of fruit, and is the only remedy that naturally cures Constipation, Biliousness, Indigestion, Headaches, Kidney and Skin Troubles. At all dealers at 50c a box, 6 for \$2.50 or trial size, 25c, or from Fruit-a-tives Limited, Ottawa.

ARTILLERY PRAISED BY GENERAL FRENCH

Pleased With Work of Gunners and Drivers at Petewawa Camp

Military Camp, Petewawa, Ont. June 21.—The 2nd and 5th artillery brigades came in for a great deal of praise from General French yesterday. As a rule the general has very little to say while he is inspecting but took a lot of notes. However, the splendid performance of the five batteries of those brigades broke his usual reserve, and at a meeting of the officers after the inspection he said that while he did not wish them to think that their corps could not learn any more, yet he was delighted with the work of the day.

The driving was splendid but could have been better. He was much pleased with the gunners and drivers for the efficiency shown in gunnery. A number of times he referred to the excellent horses.

In the afternoon the general inspected the cavalry. Owing to the long inspection of the artillery which lasted until long after noon, the cavalry was confined to squadron and regimental drill. The work was done exceptionally well.

DIES FROM HEART FAILURE

Merchant Expires After Saving Himself From Being Run Over by Train

Bellingham, Wash., June 21.—Frank Shaw, a merchant of this city, died Sunday of heart failure just one minute after saving himself from being run over by the wheels of a passenger train at Bannard. Slow had been crossing the town and being struck by the train, he had fallen, dropped exhausted on the track in front of the on-coming train but managed to pull himself out of the way. A minute later he was dead.

ALASKAN APPOINTMENTS

Washington, D. C., June 21.—Confidential reports made available to the senate judiciary committee on the investigation of the removal of District Attorney Richardson and Marshal Boyce of Alaska, and the nomination of John Rustgaard and H. E. Fackler in several instances. The report was made by the senate committee that has been investigating the charges that the Morgenthau-Goldman syndicate deflected the removal and suggested the appointments. Senator Nelson favored the confirmation of the new appointments. Senators Borah and Overman opposed the confirmation, but did not agree as to reasons for their stand. As a consequence, there were three reports. A full committee will consider the reports and make a report to the senate in the next few days.

KNOX WILL NOT RUN

U. S. Secretary of State Declines to Seek Nomination for Governor

Harrisburg, Pa., June 21.—The declaration of Secretary of State Knox at the request of President Taft, to seek the Republican gubernatorial nomination in Pennsylvania, has caused confusion in the ranks of the anti-Penrose forces expected to dominate the Republican convention. Penrose is backing Congressman John K. Tener, of Charleroi, Penn. Former Governor Murphy is opposing Tener.

MARCONI WIRELESS DIVIDEND

London, June 21.—The English Wireless Marconi Co. has declared 7 per cent on its preferred stock. The report shows that the Canadian Marconi Company owes the English company \$144,275 but arrangements are being made to pay this amount off. The news of the dividend is a refreshing note in the affairs of wireless concerns, many of which have been grossly over-capitalized and stocks sold in Canada and the United States by a group of sharks who have outrageously bid the public.

TWO NEW STATES

Washington, D. C., June 21.—President Taft yesterday signed the statehood bill providing for the admission of New Mexico and Arizona into the Union as separate states. The bill was part of the administration legislative programme and its passage was urged by the president.

WANT DELINQUENT COURT ESTABLISHED

Deputation From Children's Aid Society Waited Upon City Council Last Night

Prior to the opening of the regular proceedings at last evening's meeting of the city council, the board was waited upon by a deputation representing the Children's Aid Society, there being present in this capacity Bishop Perrin, Bishop Macdonald, Rev. W. Leslie Clay, Charles Hayward, Messrs. Gordon, Grant, Cooper and Jenkins.

Mr. Hayward, in a brief speech, explaining how the Children's Aid Society had come to be founded. A juvenile court was considered an absolute necessity by students of criminology. It was cheaper to save children than to punish criminals. The deputation wished to press upon the council the desirability of making a grant of \$200, to the society, and further, to establish a delinquent court. The city had the power to create such tribunal, and the matter could be financed very easily. Indeed, it might be found that some leading lawyer would be willing to act as judge without pay.

Mr. Hayward was followed by other members of the deputation who pressed the same views upon the board, and after but brief discussion the matter was referred to a joint committee of the council representatives being the mayor and Ald. McKewen, Bishop and Humber.

PROGRAMME ARRANGED

Delegates to V. I. D. League Annual Meeting to Albert Will Have Round of Entertainment

The final arrangements for the entertainment of the delegates to the annual meeting of the Vancouver Island Development League have been made. The programme is as follows: July 15th.—Annual meeting at Alberni at 10 a. m. If adjournment is found necessary the meeting will be concluded on the same day in Port Alberni. Inspection of the two townships by delegates.

July 16th.—Autos will leave Alberni at 9 a. m., taking delegates to Stamps Falls, going thence to Sprout lake, where a picnic will be held.

July 17th.—Excursion down the canal on C. P. R. Steamer Tees. Negotiations are being made with the C. P. R. for transportation, and reservations at the Alberni hotels will be made when the number of delegates is approximated.

LEGAL INTELLIGENCE

On application in Chambers yesterday judgment in the old case of Croft versus Dunsuir was entered for the defendants by consent of both parties, each to pay their own costs.

THE TIMES AND THE RAILWAY QUESTION.

Yesterday's Times contained the first authentic information of the presence in the field on Vancouver Island of Canadian Northern Railway surveyors. Possibly that movement may be taken as an indication of the intention of the McBride government and the C. N. R. Co. to live up to the letter of their contract with the people of the Island. Possibly also the movement was accelerated by the action of the Times in pointing out that the contract between the government and the company called for the commencement of active construction of the Barkley Sound Railway within three months of the endorsement of the agreement by the Legislature and that the apparently dilatory tactics of the two parties to the agreement were having a depressing effect in Victoria and on other parts of the Island which had anticipated greater dispatch.

Again may we be permitted to point out something which everybody probably knows, that the Times is exclusively a Victoria institution; that it has no interests other than general interests elsewhere; that while it rejoices in the evidences of progress in every part of British Columbia and in the general advancement of the Dominion of Canada, that it is particularly and directly identified with this city and is vitally concerned in every movement calculated to advance its interests. For these reasons, if for no higher reasons, we believe it to be our duty to do all in our power to compel the provincial government to live up to the pledges given the people of this city and this Island previous to the last provincial general elections. Nothing shall an institution which occupies an entirely different position from the Times as respects Victoria spy or does shall deter us from doing what we believe to be our duty by this city; nothing that a newspaper which will defend the course of the government, whether or not that course be taken in defiance of pledges and in antagonism to the rights of Victoria, shall reflect us in the slightest degree from the straight path we have mapped out. If the McBride government acts honorably by this city, it will receive credit for its course, irrespective of the general political attitude of the Times. If that government displays any evidence of

bad faith it will be the subject of criticism. In the meantime, and while the railway policy of the government as it affects the island appears to be without form, may we be permitted, without risk of being characterized as "knockers," to inquire whether the construction of a railway from Victoria to Barkley Sound paralleling the lines of the C. P. R. as far as Cowichan Lake will meet the terms of the contract as announced by the government previous to the provincial elections? Is it conceivable that the Canadian Northern Railway Company will construct a line paralleling the C. P. R. from Victoria to Cowichan Lake? And will a railway having running rights over the C. P. R. tracks from Victoria to Cowichan Lake meet the expectations of the people of Victoria and of the Island as raised by the McBride government and its agents when asking for the votes of the electorate a few months ago? Perhaps the Colonist, which professes to be in the confidence of the government and of Messrs. Mackenzie & Mann, can explain why an engineering party has set out to make a reconnaissance survey between Cowichan Lake and Barkley Sound? Our contemporary claims to possess engineering qualifications and to know all about the practicability of routes from anywhere to nowhere. Can it tell us whether there are any reasonable doubts respecting the practicability of the route chosen by the original Victoria & Barkley Sound Railway Company? Information upon this point would be interesting at this time.

TO THE DISCREDIT OF HUMANITY.

The Ottawa Citizen cannot understand what it is that turns the eyes of all the world towards the "arena" on the Pacific coast in which those doughty champions of two races are to perform for honor and glory—and for something else besides—on the 4th of July.

After pondering over the phenomenon for a time, and conceding that the event will receive greater publicity than the sayings and doings of Roosevelt, after allowing that the "tournament" will be attended by many men who ought to be better and more profitably employed and who might be expected to devote their leisure time to higher things, our contemporary reaches the conclusion that it is the brute inherent in the man that is responsible.

"The victories in mental warfare are not to be compared with the glories of the realm of brute force." The truth seems to be that the natural man loves excitement.

For the average citizen of this or any other Anglo-Saxon nation there is not half the exhilaration in a gladiatorial contest between acknowledged leaders in the arena of debate, in which the objects to be achieved are for the benefit of mankind at large, than there is in a mere physical contest in which nothing will be determined except that one man is more powerful physically, is capable of displaying more endurance, has attained more proficiency in the use of nature's first weapons, or has been endowed with greater courage than his antagonist.

When there is the betting feature in connection with such displays, upon which neither the state nor the parties in control impose restrictions, as is the case with some of the amusements of the present generation.

Public gambling is forbidden in connection with the American national game of baseball because experience had demonstrated that it was so corrupting in its tendencies that the very life of the sport (public patronage) called aloud for its suppression.

The allurements of gambling, except for those who live by it, are inexplicable, we believe, to the normally constituted individual. It is not altogether love of gain that is at the root of the evil. It is the craving for unhealthful, unnatural, unmoral excitement.

There is a large element in every community afflicted with this disease or obsession. That element may be enlarged by opportunity. In very few instances can it be reduced to a state of sanity by reasoning with it and pointing out that upon the fruits of its folly an army of undesirables live in alternate periods of luxury and inactivity. The victims of this habit in most cases have not the strength of will to subdue their vicious inclinations. Therefore authority is called upon to take measures for their protection. Hence the laws against the operation of lotteries, for the suppression of gambling houses, and curtailing the length of horse race meetings in Canada.

meanings that may be drawn from the text of historic documents. He cares not at all what the decision of the great, historic tribunal may be. He likes something that will stir his blood, perhaps incite the passions inherited from fighting ancestors whose chief pastime was war. And yet there may be something hopeful in the situation too, inasmuch as an improved state of public opinion in regard to these admittedly undesirable, reprehensible things is indicated by the decision of the governor of California that a prize fight may no longer be waged in that state and that there are very few states in the union in which such exhibitions will be tolerated.

The people of the United Kingdom, having had such short experience in the art of self-government, might be at a loss to know how to properly administer their own affairs had they not a monitor from this continent to instruct them in their duties and responsibilities. Hence no sooner has Theodore Roosevelt withdrawn than Joseph Martin springs rampant into the political limelight. Jee will be satisfied with nothing less than the complete abolition of the House of Lords. If the Asquith government be not content to adopt his radical programme, then it necessarily follows that the sacred liberties of the subject are in peril and can only be safeguarded by the creation of a new party. Of course there is only one logical leader of such a party, and Joe can pick him out without casting an inquiring eye over the House of Commons. Is this not eminently characteristic of our exiled and unappreciated statesman? Wherever he goes he finds conditions out of harmony with his ideals, and he immediately proceeds to place the crooked things straight. What a pity it is, surely, that a stiff-necked generation cannot appreciate the greatness and the disinterestedness of Joe.

Mr. R. L. Borden has addressed a political meeting at Niagara Falls, Ont. That is the spot at which Sir Wilfrid Laurier spoke to twenty-five thousand people a couple of years ago. The Conservative leader was accompanied by no less a personage than Sir James Pliny Whitney, the Premier of Ontario, as an extra attraction, and yet the twain, with Mr. Doherty of Montreal thrown in, could not draw more than between two and three thousand hearers. Mr. Borden's tour thus far has proved more of a depression than an inspiration.

The New York Medical Record warns brain-workers against the vice of overwork. It says: "Like the muscles, the brain is liable to fatigue, and mental strain will affect injuriously the digestion and will bring about changes in the blood and consequently will injure the circulatory system." The man who engages in literary or journalistic work at high pressure draws largely upon the fount of vitality, and in most cases will suffer for his recklessness in the long run.

The New York Times complains that the price of meats has been boosted higher than was ever before known in times of peace. The cause is determined as artificial control of prices. It is comforting to have company in these times of adversity. Prices have been artificially boosted in Victoria also, and there is not even the consolation of knowing that the producer shares in the exorbitant profits of the rapacious combine.

Montreal Star.—The outskirts of a crowd which is watching a fire is a strange place to choose for careless handling of an automobile. While the excitement of yesterday's catastrophe was at its height a chauffeur ran down and fatally injured a boy in Victoria Square, and passed on his way. And still they talk of the "unaccountable popular prejudice" against motor cars!

Hon. Thos. Taylor is reported in the Colonist to have publicly stated at Stewart that the Dominion government had promised to spend some \$7,000 on wharf facilities at that place, but as yet "had taken no steps to fulfil its part of the bargain." Mr. Taylor is either not well informed or has been misreported.

If it be true that Roosevelt aspires to the role of Caesar, he ought to be reminded of what befel the great Roman who was suspected of Imperialistic leanings. Shades of Lincoln, Garfield and McKinley.

RAILWAY AGENT DISAPPEARS.

New Westminster, June 21.—F. C. Meyer, Great Northern agent here, disappeared on Saturday night under peculiar circumstances, and there is as yet no clue to his whereabouts. His books, as far as is yet known, are in good shape.

Assistant Agent W. G. Butcher found two letters and a telegram in the letter box at the office. One letter was addressed to Mrs. Meyers and one to Mr. Butcher, while the telegram was addressed to the Great Northern superintendent at Seattle. In his letter to his wife Meyers said that he had then in his possession that which would put him out of his misery. In his letter to Butcher he said that he could not stand it any longer here and was desperate. Detailed instructions were given regarding the work in the office, returns to make, and where the keys were to be found. Mr. Butcher was requested to forward the telegram, which was a notification that Meyer was leaving for Seattle.

Meyers had \$250 of his own money in his possession when he left the office on Saturday. The police do not believe it a case of suicide, but are inclined to the belief that Meyers was temporarily deranged through overwork.

Women's Smartly Tailored Costumes Greatly Underpriced TO-MORROW SELLING AT \$12.90 and \$15.75

To say the least, the price we are asking for these stylish wearables is just about half their usual value. Circumstances unforeseen by the manufacturers made it imperative that they should dispose of their stock at unusual prices. These we were able to take advantage of and, in turn, are able to place these suits before our customers at specially interesting underpricings. Many innovations will be noted among them—in fact, we may term them a strictly high grade assortment. The styles include the season's most pronounced effects. Materials are mostly panamas, diagonals, serges, ladies' cloth, etc., in shades of blues, old rose, browns, greens and stripe effects. You will find it a pleasant surprise by being here to-morrow. Grouped in two lots for your choosing at \$12.90 and \$15.75

NORTH WARDS WIN FROM VICTORIA WEST

Exciting Lacrosse Game Furnishes the Unexpected—Three Goals in Last Quarter

A hotly-contested, gruelling game, full of excellent lacrosse, ending in a narrow win for the Wards by 3 goals to 1, was the surprise packet handed to the small crowd which watched the lacrosse match between Victoria West and North Ward last evening.

For three-quarters the play went swiftly from defence to defence, up and down the field from flag to flag, with the homes utterly unable to penetrate either stronghold. The Wards were in top form, the North Ward twelve right up to snuff, and the crowd was warmed up to a pitch of excitement which was the more pronounced because of its unexpectedness.

The teams were: Victoria West: Position: North Ward, Campbell, H., Goal: Johnson, Clegg, Point: Dakers, McLaughlin, Cover Point: Sweeney, Okell, 1st Defence: Noel, 2nd Defence: Morris, 3rd Defence: Brynjolfson, Campbell, A., Centre: Humber, Nason, 3rd Home: Pettifer, Jenkins, 2nd Home: Sarjison, Bailey, 1st Home: McDonald, Ross, Outside: McGregor, Johnson, Inside: Martin.

NOTICE Subscribers of the Victoria Daily Times are requested to pay their subscriptions to the collector, and not at the office.

MANY YACHTS TO ATTEND REGATTA

316 FLEET IS COMING FROM VANCOUVER

Will Make Trip in Squadron Under Sail and Power—R. V. Y. C. Donate Cup

Vancouver, June 21.—A fleet of at least twenty-five sail and power yachts, comprising the pick of the Royal Vancouver Yacht Club's fleet, will go to Victoria for the big regatta of the North West International Yacht Racing Association, which commences in the capital on July 4th.

The list of yachts together with the names of their skippers who have signified their intention of joining the fleet cruise on July 1st, is as follows: Auxiliary yawl Gazevka, Capt. C. B. Macneil; auxiliary yawl Uwhill, Capt. R. H. Alexander; auxiliary ketch Plastimo, Capt. Holland; auxiliary yawl Minerva, Capt. P. N. Thompson; sloop Amorita, Capt. J. Richardson; auxiliary yawl Haides, Capt. A. G. Langley; sloop Alexandra, Capt. E. B. Deane; sloop Wideawake, Capt. E. S. Deane; auxiliary sloop Edmarsh, Capt. Alex. Marshall; auxiliary schooner Chinook, Capt. Macgowan; sloop Dione, Capt. Fred Foster; sloop Thillium, Capt. Horace Stone; yawl Eileen, Capt. Allan Grey; auxiliary sloop Astoria, Capt. W. Macdonald; auxiliary sloop Silver Spray, Capt. H. E. Latta; sloop Vampire, Capt. Fred Holland; auxiliary ketch, Maple Leaf, Capt. MacLaren; sloop Iola, Capt. R. Mauley. Practically all the above sail craft will compete in their respective classes in the races at Victoria.

In addition to the above the following power boats will go to the big fair at the capital: Lady Van, Capt. H. D. Hulse; Forest Queen, Capt. A. N. McKinnon; Eolola, Capt. E. B. Deane; Oriole, Capt. J. J. Bannell; Adoraim, Capt. G. A. Roedde; steam yacht Mow Ping, Capt. B. T. Rogers. The R. V. Y. C. will donate a \$50 cup as a first prize for one of the classes in the international "big" regatta power boat race, which will be held in connection with the coming regatta at Victoria.

CAMERON WAS WINNER OF HANDICAP RACE

Y. M. C. A. Swimming Club Held First Speed Contest on Friday Night at Gorge

There were seven starters in the first handicap race held by the Y. M. C. A. at the Gorge on Friday evening. The result of this initial sprint over the 100 yard course was a win for Jamie Cameron, one of the younger lads of the club, who was about two feet ahead of Ray McCallum at the finish. The lead given these two lads by the handicappers over the senior members was a little too much and they were considerably in advance of their elders at the tape.

For a start seven is quite a number to have entered in a race but next Friday evening, when the second one will be held, it is expected that many others will be there to start. The Victoria Y. M. C. A. Swimming and Life Saving Club made a good move when they inaugurated this system. It has brought out several young swimmers, whose powers on the short course were not known before.

Every morning and evening the members of the club take a swim in practice hard for those races, which they look upon as one of the best ways to get into trim for championship events.

TENNIS TOURNAMENT AT SPOKANE IN JULY

N. P. I. L. T. A. Meet Entries Close on June 30th With Joe Tyler

With the date of the leading event in the lawn tennis world of the Pacific Northwest approaching, interest once again centres in this sport. This event, the annual tournament of the North Pacific International Lawn Tennis Association, will be held this summer at Spokane, Wash., on July 25th and following days. There are seven associate members in this association, viz: the Victoria Tennis Club, the Everett Lawn Tennis Club of Everett, Wash.; the Irvington Club of Portland, Ore.; the Multnomah Amateur Athletic Club of Portland, Ore.; the Olympic Club of Seattle, Wash.; the Spokane Country Club of Spokane, Wash.; the Tacoma Lawn Tennis Club of Tacoma, Wash.; and the Vancouver Lawn Tennis Club of Vancouver, B. C. The entries are restricted to two events, viz, gentlemen's singles, two entries from each club, and gentlemen's doubles, one entry from each club. Solowers will represent Victoria as an entry in the singles.

In order to secure the award of an annual tournament it is necessary for each club in the association to enter two representatives in every tournament held by the association, and to send a new rule, passed last year, any club defaulting in sending its representatives forfeits its right to hold the tournament for seven years thereafter. Each club looks forward to its date for the international, and with this rule in force it is safe to say that every club will be represented in tournaments hereafter.

The officers of the association for this season are: Hon. president, Aram Remington, of the Olympia Lawn Tennis Club; president, M. H. Wildes, of the Everett Lawn Tennis Club; vice-president, F. H. V. Andrews, of the Irvington Club; secretary-treasurer, E. Caye-Brown-Cave, of the Vancouver Lawn Tennis Club; and the international tournament committee, M. H. Wildes, F. H. V. Andrews, J. C. Tyler and strong, L. V. Fritchett, J. C. Tyler and Caye-Brown-Cave. Each club selects its own representatives, and the competition for the honor is very keen. Simultaneously with the international tournament will be held the fourth annual tournament of the Spokane Country Club for the championships of the inland empire.

The next tournament of importance after the international is the Oregon State Lawn Tennis tournament. This will be held under the auspices of the Multnomah Amateur Athletic Club at Portland, Ore., on Monday, July 15th and following days. Following that, the week beginning July 25th, will be held the annual tournament of the Vancouver Lawn Tennis Club for the championships of the mainland. Then, the week beginning August 1st, the annual tournament of the Victoria Lawn Tennis Club, and for the championships of British Columbia. And following, in succession, will be held the annual tournament of the Tacoma Lawn Tennis Club in Tacoma, the Seattle Tennis Club in Seattle, and the Everett Lawn Tennis Club in Everett.

SPORT NOTES

Con. Jones, who guides the fortunes of Vancouver's lacrosse team, dropped into Victoria yesterday. Con was happy and optimistic in spite of the troubles which have beset the Terminal City boys, and thinks he will have a good chance of lifting the Minto cup.

Frisco hasn't quite given up. The fight bugs are circulating petitions asking Mayor McCarthy to intercede with Governor Gillette in an endeavor to induce him to relent, according to a dispatch to the Times-to-day. The business men of the Bay City are looking at the financial end of the game and argue that the city stands to lose a lot of money if the fight goes into Nevada. Several meetings have been held at which resolutions of protest were passed. But hasn't Gillette gone too far to back up?

Pa.—But, young man, do you think you can make my little girl happy? Suitor—Do I? Say, I wish you could've seen her when I proposed.—Cleveland Leader.

PREPARE FOR BIG STRUGGLE

VICTORIA IS TO PLAY THREE TRY-OUT GAMES

Meeting With New Westminster in Third Game of Lacrosse Championship Saturday

Next Saturday, on the Royal City grounds, the Victoria lacrosse twelve will do battle against the New Westminster team in the third match of the amateur provincial championship series, and the locals are taking every step available to get together the best team in the city to make the trip across the gulf.

To-night at the Royal Athletic park there will be a match between A and B teams, from which the final twelve will be selected. The selection committee, composed of Sam Lorimer, Jimmy Dakers and George Okell, want to see every member of the different clubs get a fair chance at earning their places on the representative team, and for this reason have decided that besides to-night's match there will also be one to-morrow and Thursday evening, after which the final team will be selected.

After the game to-night there will be an executive meeting at the Victoria Sporting Goods Company, when a full attendance of all delegates and representatives on the executive is looked for.

The teams that will take the field at 6:30 this evening are made up as follows: A Team. Goal: B Team.

- Goal: H. Campbell, Point: F. Sweeney, Cover Point: S. Redgrave, First Defence: N. Noel, Second Defence: P. Wilson, Third Defence: S. Ross, Centre: L. Redgrave, Third Home: A. Campbell, Second Home: H. Sarjison, First Home: F. Jenkins, Outside Home: E. Dempster, Inside Home: A. McDougal

HOPGOOD AND MONK WIN PAIR HONORS

Will Represent Victoria in the N. P. A. A. O.—Second Crew to Go Also

The J. R. A. A. will probably send two pairs to the N. P. A. A. O. regatta to be held in Vancouver July 8th and 9th. The first will be Hopgood and Monk, who are selected as the first crew. The second crew, consisting of Chunggranes and Newmarch, will probably be sent.

The race to decide the crew that will represent Victoria in the biggest of summer rowing events on this coast was held last night, when Hopgood and Monk rowed Chunggranes and Newmarch over the regulation course of a mile and a half. The race was even for a mile and a quarter, there not being any noticeable difference between the bows of the boats. Just after passing the mile and a quarter distance Hopgood and Monk increased the rapidity of their stroke slightly and gained almost a length in 200 yards.

JULY OUTING

Outing for July contains some of the best all round articles that have ever appeared in the magazine. They are the "right words at the right time." For instance, there is a clever fishing story by C. E. Van Loan, "The Greatest Trout Fishing Town in the World," introducing "Baldy" Sisson and his two-pounders off the bridge in the middle of the town. "In the game of life, hearts are trumps," says Dr. Woods Hutchinson in his article "Athletics and the Heart," a reassuring word to athletes.

"Planning for Beauty in Lawns and Shrubbery," by E. P. Powell, contains timely suggestions for beautifying the country home. A golf match by moonlight is one of the freaks mentioned in "Freaks of the Links," by Geo. J. Nathan. This article will appeal especially to golfers. "How to Find the Motor Trouble," is practical advice for the automobile owner. For the camper, there is the fourth article of "Backwoods Surgery and Medicine," "Serpent Wounds and Their Treatment." "The Tripod in Camp Cookery," and "Camping with the Motor Boat," Herbert K. Job describes life around the delta of the Mississippi in "Adrift in a Louisiana Marsh."

"The American Canoe," by Dillon Wallace, is an explorer's description of the Indian's legacy to the white man. The fiction is as good as the best ever published in the magazine and the photographs are excellent. The whole issue will hold the interest, from cover to cover.

RESULTS OF GAMES IN BASEBALL LEAGUES

DRAK HEALTH OF NEW STEAMER

NUMBER GATHERED TO VIEW BOSCOWITZ BOAT

Venture Fitted to Plans Drawn by Manager John Barnsley to Suit Business

No general invitation was given to the general public to visit the new steamer Venture on the eve of her departure on her initial run to Stewart and way ports. A great many people, however, who do business with Boscowitz Steamship Company, or who intend to travel on the new coaster, made their way down to the Gillis Supply Company's wharf where the steamer was moored last night and took the opportunity of looking her over. Everyone was met by the steward or by Manager John Barnsley in person and shown over the vessel, all the interesting points being explained. The elegant and spacious staterooms were much admired, and the fittings of the various lounges and sitting rooms came in for their meed of praise. Everyone was agreed that never before in the history of small port coast navigation had anything like this been seen.

A few choice spirits met together in the smoking-room of the vessel and drank the health of the new steamer. They also earned her owners as much money as did the old Barbara Boscowitz, which was coupled with the toast and someone added, "Yes, twice as much."

The earning power of the steamers of early days was discussed in a reminiscent way, it being decided that if the new steamer earned as much money for the Boscowitz company as did the Danube (now the Salvor), the Charmer, or the Barbara Boscowitz, or even the R. P. Rithet, she would be a very valuable property. That she would be a success, especially under the present able management, no one doubted.

Manager John Barnsley announced that in August next the company would release the St. Denis, continuing the

LOCAL FIRMS TRYING TO SECURE CONTRACT

Repairing Yucatan is Big Job and Bidding for Work Will Be Very Keen

Both the B. C. Marine Railway Co., of Esquimalt, and the Victoria Machinery Depot are bidding on the repair work for the steamer Yucatan, now in the dry-dock at Esquimalt. There are also a number of Puget Sound and San Francisco firms figuring on the work, tenders for which have to be in by Thursday.

The Yucatan was insured against total loss, and it is not yet certain whether the steamer may be considered a total loss or not. If she can be repaired for a considerable sum less than her estimated value the owners may have to foot the bill themselves, the underwriters being freed from obligation. There is some doubt as to how the matter will be settled.

There will be 170 plates to be removed and renewed or replaced, as well as an immense lot of work on practically every inch of the steamer. The whole of the furnishings will have to be renewed, and it is doubtful if she will be worth more than the cost of salvaging and repairing after she is repaired. She is an old vessel, but if thoroughly repaired may be looked upon as almost new again.

Local firms have an advantage in the matter of repairs in having the vessel already in dock, and in not having to effect temporary repairs before moving her. Doubtless, however, the American firms, which are not very busy, will make an effort to capture the job.

SHIPPING REPORT

(By Dominion Government Wireless)

Point Grey, June 21, 8 a. m.—Rain; calm; 29.99; 54.

Cape Lazo, June 21, 8 a. m.—Rain; calm; 29.96; 40; sea smooth.

Tatoosh, June 21, 8 a. m.—Light rain; wind S. W., 9 miles; 30.10; 43.

Schooners Wilbert L. Smith and Lynn G. Foster and steamer Belekman during night.

Fa-hena, June 21, 8 a. m.—Drizzling; wind S. 29.65; 52; light swell.

Eatevan, June 21, 8 a. m.—Overcast; calm; 29.67; 50; spoke St. Denis 9.45 a. m.; Camosun 8.50 a. m.; Restover, inbound, 12 o'clock.

Ikeada, June 21, noon.—Overcast; calm; sea smooth; 29.69; 50.

Triangle, June 21, noon.—Dense fog; 29.92; 58; sea smooth.

TIDES AT PANAMA.

The Atlantic entrance of the Panama canal has an average depth of 41 feet and the average tide is not over 12 inches, or one foot. On the Pacific side the tides range as high as 22 feet, and the channel is dredged to 45 feet. At full tide the Pacific is ten feet above the Atlantic, and at low tide is ten feet below the Atlantic. The Chagres river has been practically buried in the Gatun lake. The rainfall last season was the heaviest recorded for many years, and raised the river over 35 feet in a single night, but this would make only a rise of four inches in the lake. Observations show that the annual rainfall of the watershed of 1,200 square miles is much more than sufficient to keep the lake well supplied with water. —National Magazine.

Tamba Maru will arrive to-morrow.

The Chippewa came in this afternoon with about 600 excursionists from Beltingham.

"This is not really my debt," said a judgment debtor at the Shoreditch County court. "It was my father's, but I am willing to pay it, as I treat the summons as a bedroom."

FOREIGN SHIPS IN LOCAL PORTS

SEVERAL CHARTERS HAVE BEEN ANNOUNCED

Record Cargo to Be Taken From Puget Sound by Steamer Manhattan for China

British Columbia foreign shipping keeps up well. A number of vessels are going to the mainland points to load lumber for all parts of the world, among these being several recently chartered. The American schooner Lotie Bennett has been reported chartered to load lumber at Hastings mill for Fiji. The south sea islands are now entering prominently into the British Columbia trade and it is expected that the business will grow considerably in the near future.

British barque Kildonan has been chartered to load at Hastings, and the ship Wendur, 31 days out from Santa Rosa in ballast is also going to the same mill.

Great interest is taken locally in the charter of the big steamer Manhattan to load lumber on Puget Sound for China. This big vessel is delivering coal at San Francisco after which she will come north. She is rather longer than the Blue Funnel liners with about the same carrying capacity. It is estimated that she will take 6,500,000 feet of lumber, a record cargo from any port on this coast. The steamer is 509 feet long, with 56 feet beam and a depth of 25 feet. Her net tonnage is 6,124.

The Belfast will probably leave Chemung to-day with a cargo of lumber. Tug Lorne, now coaling at Ladysmith, will tow her out.

Barquentine Alta will be ready to leave the Fraser river in about a week from now. She will take her cargo of lumber to South African ports.

Blue Funnel liner Oania left yesterday afternoon for Vancouver, after discharging 1,200 tons of steel pipe at Esquimalt and 1,000 tons of general freight at this port. She will then proceed to Comox to coal and return here for whale oil and general freight before completing her cargo on Puget Sound.

Discussing the charter market the San Francisco Commercial News says:

"The grain freight market has taken a turn for the better, and rates show improvement. A barley ship was taken recently for San Francisco loading at 26 3/4, an advance of 2 1/2 6d above the union rate, and it is reported not difficult to get 25s regularly. The supply of sailing tonnage in prospect for the coming season is but fair, while that of steam tonnage is indefinite in the extreme. It may be large, along about loading time and it may be small, and again the lumber demand adds another uncertain quantity to the situation. Consequently the situation is not one which can be talked of with any degree of certainty, and the taking of tonnage at anything above the regular union rate is to be looked upon as a matter of speculation."

"The lumber demand continues moderate and tramp steamers are rather easy to pick up at low rates, especially for the Oriental business, as the prospect for engagement is better over there than anywhere else. For China account it is undependable. For Australia account, Noyo and the Sound to Melbourne has been done at 32s 6d for steam. For Sydney not over 28s 9d to 30s is obtainable. For United Kingdom and South Africa there is practically no call.

Offshore lumber rates are quoted as follows: Lumber from Puget Sound of British Columbia to Sydney, 25s 9d 3/4 3d; to Melbourne or Adelaide, 32s 6d 3/4 3d; Port Pirie 35s 3/4 3d; to Fremantle, 35s 3/4 3d; to China ports (steam), 3s 5d 1/4 3d on gross; direct to India, 40s 4d 1/4 3d. Valparaiso for orders, 40s 4d 1/4 3d, with 6d less to direct port. To South African ports, 50s; to U. K. or continent, 52s 6d 1/4 3d; Guaymas, 52 1/2; Mazatlan, 52 1/2; Santa Rosalia, 56; Honolulu, 55 1/2 1/4 3d.

CETRIANA CALLED AT VICTORIA LAST NIGHT

Steamer Doing Large Business With Cousin's Inlet

Steamer Cetriana arrived in port last night on one of her regular calls and left again a few hours later. She brought no passengers or freight, and owing to some misunderstanding about her arrival, her freight was not ready, so she went away without it.

The Cetriana makes calls at all the small ports up the coast, going as far as Stewart. She has been carrying a lot of passengers and freight to Ocean Falls, in Cousin's Inlet, the site of the new pulp works and saw mill which is being erected and which is to be run by water power. In this business the Cetriana has a monopoly, as she is the only steamer making the call.

Owing to the fact that the Venture was at the Gillis wharf the Cetriana docked at the Hudson Bay Company's wharf.

Speaking of his last trip the captain of the steamer said he took 300 Indians from the West Coast to Rivers Inlet. These were collected at Ahousat, Nootka and several other points.

Princess Royal arrived from Skagway and Prince Rupert to-day and will relieve the Princess Charlotte and Princess Victoria, leaving again on Friday.

To Ship Owners Etc.

For sale, 7 tons of rope, all sizes, good for new, suitable for shipping purposes. Apply to PACIFIC COAST CONSTRUCTION CO., Wharf St., Foot of Yates St.

STEAM WHALER TO LEAVE TO-MORROW

John L. Card Having New Propeller and Shafts, as Well as General Repairs

To-day the crew of the steam-whaler William Grant is being signed on with Capt. William Heater in command. She will take 11 men and will leave for the Queen Charlotte Islands, probably to-morrow. This steamer was brought from the Old Country in sections and was put together at the shipyards of the B. C. Marine Railway Company.

The steamer John L. Card is at present on the ways at the Machinery Depot's yards. It has been impossible to find out what caused her to sink. She injured her propellers in doing so, and the owners are now having two new propellers and shafts affixed as well as considerable repairs to her hull, she was raised by the B. C. Salvage company.

Steamer Queen should leave for San Francisco to-morrow morning.

SEATTLE ROUTE S.S. 'IROQUOIS'

Leaves Victoria 9 a. m. daily, except Sunday, for Port Townsend and Seattle.

RETURNING
Leaves Seattle Midnight. Tickets interchangeable with C. P. R. Steamers.

ADVERTISE IN THE VICTORIA EVENING TIMES.

NEW BOSCOWITZ STEAMER VENTURE.

Which left this port last evening on her initial run to Northern points.

Venture and the Vado on the northern route, making alternate sailings. What they wanted, however, was another steamer of the Venture type. He did not make any announcement as to when they expected to get a second Venture, but the intimation that they had expectations in that direction was received with satisfaction.

That the interior arrangement of the new steamer was the work of John Barnsley was a piece of information that was elicited last night. Captain Warren, who is representing the company on the initial run, explained that the steamers built for use in the Old Country were no good over here. It was impossible to buy a suitable steamer, there being nothing for it but to build exactly what they wanted. They were very well pleased with their boat and expected that she would be appreciated by the travelling public. It would be the aim of the company to give the best possible service, especially for those who were going to way ports.

Captain Warren in company with Mrs. Warren, are making the round trip on the Venture, the first he has made to the north for some years. As he explained, he had been waiting for some months for this steamer to take him.

When the Venture leaves Vancouver to-night she will have a full complement of passengers and a big cargo of freight. She will call at all the small ports.

MUCH SPRING SALMON NOW BEING SALTED

Twenty-Three Tons Arrived From Traps Yesterday and Packed During Night

Twenty-three tons of spring salmon was brought in last night from Findlay, Durham & Brant, from the Otter Point, and salting operations commenced at once, the men working all night. Before 6 o'clock this morning all had been salted and packed in the huge tierces which were ready to receive them. Some of the salmon were very large, running up to 50 pounds and over. These required two men to handle.

A few days previously a lift of 35 tons had been made from the same traps and packed with similar expedition.

The output of J. H. Todd & Sons' traps is taken care of by the San Juan Fish Co., of this city, while, E. May, Durham & Brant are this year doing their own packing.

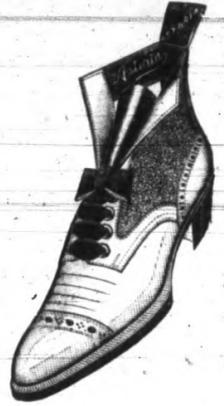

"This is not really my debt," said a judgment debtor at the Shoreditch County court. "It was my father's, but I am willing to pay it, as I treat the summons as a bedroom."

For sale, 7 tons of rope, all sizes, good for new, suitable for shipping purposes. Apply to PACIFIC COAST CONSTRUCTION CO., Wharf St., Foot of Yates St.

Sensational Shoe Slashing!

**\$20,000 Worth of Fine Footwear to be Closed Out at Once
Circumstances Compel a Complete Change of Our Plans**

We have entered into a contract with the Slater Shoe Company, of Montreal, to handle their goods exclusively in our store. The first shipment of "Slater" Shoes has arrived, and we have been notified by the Slater Shoe Company to at once close out all other lines, according to contract. This means that we must clear, and quickly, all our lines of Fine Footwear, Bell's, McPherson's, Tetrant's, Ames Holden, Smardon, 20th Century and Hart's are a few makers represented. The goods are all new this spring, but Slater says they must go. It is all Slater's or none, and the people want Slater shoes. We are reserving nothing in this sweeping Clearance sale. Reductions that will amaze you will be the order of the day.

H. Farrant, Vancouver, who has been spending some days in this city, left on his return trip to the Terminal city last night.

Mr. and Mrs. J. L. G. Abbott, Vancouver, spent yesterday afternoon in this city, arriving on the Charlotte and leaving on the Charnier.

To-morrow evening, commencing at 8:30 o'clock, Victoria Hive, Ladies of the Maccabees, will give a dance in No. 3 hall, A. O. U. W. building, Miss Thain's orchestra will furnish the music. All those who attend are promised a good time.

A very pretty wedding was solemnized at 165 Yates street on Saturday evening in the presence of immediate relatives and friends of the contracting parties, who were Mr. John Wormald, son of Mr. J. Wormald, Leeds, Eng., and Miss Kate Parfitt, daughter of Mr.

Diamond Rings

A buyer of a diamond, if he intends spending a large amount, usually feels confident of obtaining a fine stone that will fully represent and warrant his outlay.

Among those who have in view a more than usual expenditure in diamonds often felt whether the sum will buy one of sufficient size and beauty.

To those we would say that \$50, \$60 or \$75 will purchase an effective and exceptional beauty.

girl, and acts in a dainty and winsome manner. Ward and Webber, a pair of daintily attired youths, who call themselves American's representative dancers, thoroughly live up to that title, and in their line are without few equals. Both in the soft shoe and in the eccentric dancing they prove themselves to be experts and thorough masters of their art.

Thomas J. Price succeeds more than usual with an illustrated song and the moving pictures produce laughter all the time.

The Evening Chit-Chat

BY RUTH CAMERON

"It costs so much more to be well dressed than it used to," is the perpetual cry of all the women who make any pretensions to smartness.

And, "It costs so much more to be well dressed than it used to," is the wall of their less pretentious sisters.

And both are decidedly inclined to blame the sad state of affairs upon the high prices prevailing everywhere.

But does all the blame belong there? For myself, I do not think so.

It seems to me that the reason we spend so much more money upon our clothes than we did ten years ago, and are still no better dressed, is largely a matter of "stubbornly inflated standards."

What do I mean? Well, let me tell you a little personal experience of my own wardrobe to illustrate.

Some years ago a friend of mine had a pretty black and white check silk for summer afternoon and dressy home gown. I always admired it immensely, and this year decided to have one myself.

I confided as much to my dressmaker, "But will it be the dressy enough for what you want?" she asked.

I thought the question absurd at the time, but since I have seen so many young people on informal occasions shopping expeditions wearing blue and white or black and white check silks that I have been forced to realize that the gown I planned under the present style conditions, is poor for a general utility dress, but absolutely impossible for a dress-up gown.

Now, that the question seems to me to be a rather dressy gown, suitable for afternoon functions, has now descended to the rank of general utility and street wear gown.

To fill its place as afternoon gown, something proportionately above it in expense and elaborateness must, of course, be substituted, and in order to maintain its rank as the dressiest dress of all, the evening gown must also become correspondingly more elaborate and expensive.

To you remember how dressed up you used to feel in your best white waist and white check gown? It was a dainty little six years ago. It was a dainty model, and when you wore it you felt that you could go to a swell afternoon tea or dine at a high-class restaurant without looking at all dowdy.

Today in that same waist you would not feel at all dressed up. You put it on for an afternoon all in shopping excursion, but you would feel very much underdressed if you wore it to a formal function or to dine at the dressy restaurant.

A woman who knows the question of clothes from A-Z writes in a recent magazine about comparative values in such things as these.

"One may to-day in Paris buy the daintiest waists that were for sale ten years ago, at the identical price, but with the change in fashion has come a corresponding change in the uses to which the same garment is put. The thirty or forty-dollar waists of that period would be very pretty to-day, but one would wear them now where the eight-dollar waists were worn before in order to be dressed at about the same degree of smartness."

That seems to be to the crux of the very high cost of dressing well that we complain of to-day.

Not that materials or workmanship are so much more expensive, but simply that we have moved all our standards up one peg.

Will they go up a peg more in the next decade?

Will we soon wear fragile lingerie waists in the morning and to business, and take to chiffon and embroidery for simple afternoon gowns?

And if we do, what will be left for our very best evening dresses?

And how long are we going to keep up this absurd quickening of the pace? Seems to me these are a few pretty good suggestions for home and club discussion among women.

A Real Summer Temperature

YOU know the perfect comfort of a summer day with the thermometer at 65°. Why does 65° in the house in winter feel chilly? Why does 75°, while warm enough, feel stuffy and oppressive?

Because the average furnace, in warming the air, dries out the natural moisture and fails to replace it. Instead of the 70% average humidity of the outside air, your furnace heated air probably contains less than 30% of moisture.

The sudden changes from this hot, dry air to the cold, outdoor air is the commonest cause of the colds, sore throats and lung troubles so common in winter.

The "Good Cheer" Circle Waterpan Furnace saves doctors' bills as well as coal bills.

For full particulars of this splendid furnace write

VANCOUVER MONOPOLY OF SUPREME COURT

Lack of Judges in Victoria Again Referred To—Cases in Chambers To-day

Lack of Supreme court judges to take Victoria cases is still troubling the legal men of the city. In Chambers this morning an application to set a date for trial of the case of Heatherington vs. Humphreys was unsuccessful on account of no day being available. The case is one in which the corporation is interested, although it is brought in the name of the plaintiff given. The claim is made that a right-of-way exists over the defendant's property by virtue of a sub-divisional plan filed in 1903. J. P. Mann is solicitor for the plaintiff and Thornton Fell for the defendant.

Mr. Fell, addressing the court to-day, pointed out that Vancouver had monopolized the services of every Supreme court judge with the exception of Mr. Justice Gregory, and that the latter was unable to give his full time to the Supreme court on account of frequent calls to sit as an associate judge on the Court of Appeal. Mr. Justice Gregory, replying to Mr. Fell, said that he had called the attention of the Chief Justice to the matter, and that it was in his hands. Leave was granted to the official administrator, William Monteith, on application of H. C. Hanington to declare Horace Waters, who disappeared on the west coast two years ago after his brother Harvey had met death in some mysterious manner, to be dead. His Lordship heard an affidavit by Constable McLeod, of Clayoquot, who visited the scene, and also questioned the constable in the box. The application made by J. W. DeB. Farris for a writ of certiorari in the case of Sam, Wong, Jim and other Chinese convicted on a charge of watching a gambling game, was refused.

ITALIAN MURDER MYSTERY UNSOLVED

Russian, Who Was Arrested on Suspicion, Has Been Liberated by Police

(Times Leased Wire.) Como, Italy, June 21.—Constantino Isopollotto, the Russian who has been under arrest on suspicion of having murdered Mary Scott, a Canadian, was released from custody to-day. The police admit that there was not a particle of evidence connecting him with the crime and that he was arrested only because he was found near the scene of the murder. Isopollotto is now assisting the police to unravel the Charlton mystery. He declared that he believes Charlton deserted Mrs. Charlton as a result of brooding over some incident in her life previous to her marriage with Charlton.

May Be Missing Man.

London, June 21.—A man giving the name of A. Gemmerad and answering the description of Porter Charlton, suspected of the murder of his wife, Mary Scott Castle-Charlton, at Como, Italy, will return to New York on the liner Debuterland late to-day, according to a report here. The man registered at the Armfield hotel, Pilsbury Circus, last Tuesday. He was ill and a physician diagnosed his ailment as appendicitis and advised an operation. The man refused to undergo an operation and sailed for New York on the Hamburg-American liner Thursday.

EXTENSION CLAIM BEING HEARD

ACTION FOR DAMAGES STARTED YESTERDAY

Widow of William Keschich Asks \$10,000 for Death of Husband in Colliery Disaster

An action for ten thousand dollars compensation brought by America Keschich, widow of William Keschich, who was killed in the Extension mine disaster, against the Wellington Colliery Company, was commenced in the Supreme court before Mr. Justice Gregory yesterday afternoon. The plaintiff claims the amount stated as administratrix of her husband's estate under the Employers' Liability Act, common law and the Families Compensation Act. The suit is the first one to come to trial out of a number which will be brought against the company as the result of the explosion in Mine No. 2, when a large number of lives were lost. The only other suit so far instituted that commenced by another widow, Mrs. Salo, which will not be tried until after vacation. Yesterday afternoon the plaintiff, who speaks English with difficulty, was called to the witness stand by Mr. Bird, of McNeill, Bird, McDonald and Mayfield, the Vancouver law firm which is conducting the case for the plaintiff, assisted by C. Darling, of Nanaimo. Mrs. Keschich gave evidence to prove that she was the administratrix of her husband's estate and testimony regarding the amount of wages he received. This morning she was recalled to the stand to correct a statement regarding the latter. She stated that the largest month's pay her husband had received was \$164. Archibald Greenwood, who stated he had mined for fifteen years on Vancouver Island, was called to-day. His testimony was to the effect that there had been a number of breaches of the rules in No. 2 mine while he had worked there. The breaches were in regard to ventilation, short ladders and lack of plans. When the court rose at 1 o'clock witness was still under examination. A number of witnesses will follow.

A poor digestion and flagging appetite can be much improved by using

Seal Brand Coffee

a natural Coffee of the highest grade, unadulterated, undoctored.

CHASE & SANBORN, MONTREAL.

Greenwood on the stand and the case is expected to occupy the remainder of the week. As there is no other Supreme court judge in the city a number of cases which were set for hearing during the next week will have to go over until after the long vacation.

THE JUNE ROD AND GUN.

While each issue of Canada's foremost sportsmen's magazine contains some feature of special interest, the June number of Rod and Gun in Canada, published by W. J. Taylor, Woodstock Ont., is notable for several of such features, each one of particular interest to all sportsmen. "Three Weeks in the Forests of Quebec," with the successful capture of a moose, will prove entrancing to all big game hunters; while the story of the success of Jack Miner in attracting wild geese in large numbers to a pond near his home cannot fail to hold the attention and secure the interest of all wild bird lovers. The latter story forms a splendid illustration of the success of protection and should encourage all engaged in the work. Mr. Miner has demonstrated the fact that it is possible to succeed with the wary wild geese and success with such shy birds means that efforts in other directions need not spell failure. The importance of the policy of conservation justifies the illustrated account of the gathering at Toronto university. This policy means more to the future of Canada than the present generation can fully realize and to all interested in the great outdoors it is vital. A full supply of stories appealing to all tastes is included in a number which will prove a fine companion on all vacation trips.

POUND NOTICE

PUBLIC NOTICE IS HEREBY GIVEN that seven days from date, at 2.30 p.m. on June 22nd, 1910, I will offer for sale at the Oak Bay Pound, One Bay Mare:

DESCRIPTION:—Weight about 900 pounds; age about 10 years; white mask on forehead and nose; also white on near hind foot slightly lame in off-fore leg. Height about 14 hands.

SYNOPSIS OF CANADIAN NORTHWEST LAND REGULATIONS.

Any person who is the sole head of a family, or any male over 18 years old, may homestead a quarter section of available Dominion land in Manitoba, Saskatchewan or Alberta. The applicant must appear in person at the Dominion Lands Agency or Sub-Agency for the district. Entry by proxy may be made at any agency, on certain conditions, by father, mother, son, daughter, brother or sister of the homesteader.

Duties—Six months residence upon and cultivation of the land in each of three years. A homesteader may live within nine miles of his homestead on a farm of at least 30 acres solely owned and occupied by him or his father, mother, son, daughter, brother or sister.

In certain districts a homesteader in good standing may purchase a quarter section alongside his homestead. Price \$300 per acre. Duties—Must reside six months in each of six years from date of homestead entry (including the time required to earn homestead patent) and cultivate fifty acres extra.

A homesteader who has exhausted his homestead right and cannot obtain a pre-emption may take a purchased homestead in certain districts. Price \$3.00 per acre.

Duties—Must reside six months in each of three years, cultivate fifty acres and erect a house worth \$200.00.

COAL—Coal mining rights may be leased for a period of twenty-one years, renewable, at an annual rental of \$1 per acre, not more than 2,500 acres shall be leased to one individual or company. A royalty at the rate of five cents per ton shall be collected on the merchantable coal mined.

W. W. CORY,
Deputy of the Minister of the Interior,

CLEVER ACTING SEEN AT THE VICTORIA

May Roberts and Company Open Engagement With Excellent Presentation

If the brilliant performance of "The Adventurers" by May Roberts and her company at the Victoria last night is a criterion of their work the clever actress should enjoy the hearty support of local playgoers for the remainder of her engagement.

The play, while it is constructed upon a somewhat weak plot and is melodramatic in theme, is smoothly written and offers Miss Roberts great opportunities, of which she takes full advantage. In the role of Stephanie de Morivarte she has a part especially designed for the actress of emotional and temperamental force, running along the whole scale of dramatic delineation. Allowing for a very slight tinge of mannerism, to which the stock player invariably falls victim, she ranks on the strength of last night's performance, with many of the best emotional actresses, and certainly out-classes all the stock actresses seen here in several seasons.

Miss Roberts is ably supported by Victor Gillard, who plays the part of Sir Horace Welby most satisfactorily. His diction is good, although he has a tendency to talk too fast at times, and his acting is more than equal to the demands which the part makes upon him. The action of the play is carried by him and Miss Roberts, and it is sufficient to say that they never allow interest to flag in the dual of wits which characterizes the most compelling feature of his work.

The lesser parts are in capable hands, if we except the ingenue, who as a trifle too ingenuous, but may be seen to advantage in the comedies which are included in the company's repertoire. The dresses worn by the ladies furnished interest for the feminine auditors and excited their general commendation. They indicate a fine and discriminating taste on the part of Miss Roberts, who evidently understands the value of a full wardrobe, a thing most lamentably lacking in most stock companies.

Mr. Gillard made a happy hit with his speech entitled "You probably don't know," he told the audience, "that Victoria has the reputation of being the most critical city on the Pacific Coast. We approached it with great trepidation, and we are greatly gratified with the generous support that has been accorded to us."

"The Adventurers," which theatre-goers may better recognize under its former name of "Forget-Me-Not," will be repeated to-night. To-morrow evening and Thursday "The Grass Widow," a very amusing comedy, in which the company should be much at home, will be presented. The engagement will terminate with "The Judge and the Girl," a clever play, which is probably new to Victorians, which will be staged on Friday and Saturday evenings.

JULY HAMPTON'S

July Hampton's represents the acme of light summer reading, sound quality, and first class material. In this issue, Commander Peary details his day by day marches across the polar ice and gives a vivid description of how he finally passed his own "farthest north."

In the next installment Commander Peary will tell of the journey to the North Pole.

The second act of "Chantecler" upholds the promise of the brilliant first act, and is one of the most widely read magazine features of to-day.

Charles Edward Russell continues his article on the Southern Pacific railway.

Rheta Childie Dorr has another remarkable article on remarking the health of school children. "Speed Kings," by Edward L. Fox, is a snappy write-up of the great automobile drive.

Sickness is usually caused by the accumulation of waste matter and impurities within the body.

Dr. Morse's Indian Root Pills,

enable the bowels, the kidneys, the lungs and the pores of the skin to throw off these impurities. Thus they prevent or cure disease.

FRUIT MARKETS OF THE PRAIRIES

Competition Which British Columbia Growers Have to Meet in Middle West

The third report of J. C. Metcalfe, who is looking into fruit market conditions on the prairies is made from Regina and is in part as follows:

The freight rate from Wenatche to Winnipeg per hundred pounds is \$1.12 1/2, and the same rate exists from north Yakima. It costs to lay down at Winnipeg from either of the above points for the following fruit, per case: Peaches, 48c.; prunes, 43c.; pears, 40c.; apples, 37c. The above to be added to the costs of fruit, f.o.b. there.

There arrived from B. C. at the McNaughton Fruit Exchange on June 6th twenty cases of strawberries, all showing some mould, and when picked over, showed a slackness in box, being not full. Some sold at the maximum price per case, \$3.50, minimum price per case, \$3. Two cases of gooseberries sold at 12c. per pound. Demand appears to be limited here for this kind of fruit. Hood River strawberries to-day sold at retail per case \$4.25. Idaho cherries per case of ten pounds, \$2.50.

There arrived at McNaughton Fruit Exchange on June 7th thirty cases of strawberries from Haney, B. C., arrived in good condition, and fairly well packed in baskets showing some slackness; maximum price obtained, \$3.60, minimum price, \$2.80. These strawberries were nearly all from Japanese growers of Haney, B. C. There is no strawberries coming into the wholesalers or retailers from British Columbia. Growers are supplying the trade further west.

A car of Vashon Island strawberries arrived by express. Car minimum, 15,000 pounds. Car rate per 100 pounds, \$2. Express, duty and ice, per case, \$1.15. Arrived in good condition, three days in transit, 500 cases in car, sold per case, \$3.50. Commission and drayage expense to come off the above as well.

Hood River strawberries dropped in price to the retail trade the same afternoon, as a result of Vashon Island strawberries coming in and being sold cheaper. Hood River strawberries cost about the same to lay down in Winnipeg as the Vashon Island. Express rate is a little lower, \$1.80 per hundred pounds, but being costs a little higher, making the cost of them about the same.

The following places on the American side have an express rate per hundred pounds in carload to Winnipeg: Hood River, \$1.80; Portland, \$2; Wenatche, \$2; Puyallup, \$2; Yakima, \$2; Seattle, \$2. Also a number of other points, but all do not have a minimum of 15,000 pounds. A distributing express rate per hundred pounds from Winnipeg to Saskatoon and Prince Albert per N. B. is the same to both points, \$2.40 per hundred pounds; and from Regina, on main line of C. P. R., to Saskatoon, \$1.39; to Prince Albert, \$1.60.

Idaho cherries are coming in now more freely to Winnipeg. Very nice stock, selling retail at \$2.50 per ten pound case, varieties, black tartarian, royal arm and bing. They still maintain the cost, f.o.b. there is \$1.25 per case.

California plums and peaches have arrived on these markets and are selling on the trade at the following prices: Peach plums, per case, \$3.75; Alexander peaches, per case, \$3. Poor stock small and green, no color nor flavor. California has an immense crop from reports to date. The following is a list of duties on green fruit coming in from the American side or elsewhere, and may help our growers and shippers in determining the advantage they possess over the American growers of fruit of the same variety when shipped into Canada: Green apples, per barrel, 48c.; green apples, per box, 13c.; blackberries, gooseberries, raspberries and strawberries, 2c. per pound; cherries, 2c. per pound; chamberries per bushel, 25c.; currants, 2c. per pound; grapes, 2c. per pound; peaches, \$1 per 100 pounds, 20c. per case; plums per bushel of 60 pounds, 30c.; plums, per box, 16c.; quinces, apricots, pears and nectarines, 50c. per 100 pounds.

CURED OF LAME BACK WHEN 84 YEARS OLD

Gin Pills Did It.

Anyone, seeing Mr. Samuel Martin, of Strathroy, Ont., for the first time, would guess his age at about 60 years, instead of eighty-four. He is as spry on his feet as a cat and is the picture of health.

It is hard to believe that Mr. Martin passed twenty years of his life in misery, suffering tortures from lame back. He tried nearly all the advertised remedies and household recipes, but received no benefit from any of them.

Some months ago, seeing Gin Pills advertised, Mr. Martin purchased a box from W. H. Stepler, a popular druggist of Strathroy. The relief, which Mr. Martin experienced after he had taken one box, was so great that he knew he had found the right remedy at last. He bought and used two more boxes of Gin Pills, which completed the cure.

Age is no barrier to Gin Pills. They never fail to cure Lame Back and Stiff Limbs, because they cure the Kidneys and Bladder, which are the cause of the troubles. Gin Pills also act on the Liver and assist in curing Biliousness.

50c. a box, 6 for \$2.50, at all dealers. Free sample from National Drug & Chemical Co. (Dept. V. T.), Toronto.

MILLION DOLLARS LOSS FROM FIRES

Area 200 Miles Long and 20 Miles Wide Burned in Northern Alberta

A million dollars worth of standing timber has been destroyed by fires in the north country during the last two weeks, according to the estimates of men who have traversed that country, including James K. Cornwall, M. P. P. for Peace River, says the Edmonton Bulletin. The area burned over is fully 200 miles long by 20 miles wide, and the fires have not been extinguished and cannot be until next winter.

The fires started originally west of the Little Smoky river, and on the Athabasca Landing trail. The latter was started by freighters during the winter, to make a fire for cooking purposes on the trail, and invariably a big spruce tree provides the shelter which the men desire. The result is that when the freighters leave the camping ground and the fire burns down into the roots of the tree and smolders there all winter, coming to the surface again in the spring when the ground has dried up and the winds begin to blow. It was from just this cause that the disastrous fire occurred on the Landing trail.

Northern men declare that a fire cannot be successfully fought during the summer if it has reached any considerable proportions. The only time when a forest fire can be effectively combated is in winter.

It is claimed that the northern forests are not adequately fire guarded. This is the statement of Mr. Cornwall, who proposes at the next session of the legislature to raise the question of provincial control of timber areas.

PRINCE FUSHIMA SAILS

Seattle, Wash., June 21.—Prince HIRYSU Fushima, suddenly recalled from a foreign trip, sailed yesterday on the Hii liner Minnesota for Yokohama with his wife and suite of seven men and women of the Japanese nobility.

Commander Kiyokawa, of the Royal Japanese navy, acting as secretary to the prince, denied that there was any political significance in the prince's sudden recall.

NEW CLUB FORMED.

Prince Rupert, June 20.—The permanent organization of the Kaien Island Club was effected at a general meeting held in the court house. The following were named directors: F. D. Fairfull, E. D. Keeley, A. M. Manson, Martin O'Reilly, H. G. Helgeson, A. J. Morris, G. W. Nickerson, J. B. Roerig and H. F. McTae. At the directors meeting which followed, J. B. Roerig was elected president, F. D. Leely, vice-president, A. J. Morris, secretary, and G. W. Nickerson, treasurer.

The club building on Second avenue is rapidly nearing completion. In addition to the spacious quarters provided for the ordinary social division of the club, it will have a large modern

ARE YOU A HOMESEAKER

Who Is Tired of Paying House Rent?

Do you want a good lot, all cleared and ready to build on, close to the car and high and dry?

If you are such a person, we can sell you a lot on the easiest of monthly payments, \$10 per month. The price of the few lots still for sale is \$200. There is absolutely no question about these lots being the best value offered in the city. Every person who has taken the trouble to look at them says so. Anybody can make such a statement about lots for sale, but we leave you to decide about the value when you see them. Perhaps the best proof is the fact that of 555 lots only about 60 remain. Many of the lots sold some time ago are held at \$400 each, showing that

Investors Will Find PARKDALE a Perfectly Safe Place to Put Their Money Into

VICTORIA, B. C.

FORT GEORGE The Coming Metropolis of the Last Great West

Hundreds of settlers and homeseakers are rushing to Fort George and its vicinity. All transportation into Fort George is crowded to its limit. The congestion of freight at Soda Creek is so great that the transportation companies will not be able to handle any new shipments to Fort George until about the end of August. Do you know that in one day 75 wagon loads of freight left Victoria for Fort George, and the rest in an increasing number of other days? It is up there will be a population at Fort George of 2,000 people, and 5,000 before the railway gets there in 1912.

Our subdivisions are within a mile of the steamboat landing where all freight and passengers are landed. Our lots are all 20x125 ft. each, and our price is only \$50 each, terms, 1 cash, balance 6, 12 and 18 months, 7 per cent.

Notice

"NAVIGABLE WATERS PROTECTION ACT." NOTICE is HEREBY GIVEN that the Victoria Dock Company, Limited, having its registered office in the City of Victoria, British Columbia, is applying to His Excellency the Governor-General of Canada in Council for approval of the area plans, site and description of works proposed to be constructed in the waters of the Victoria harbor, being on the lands situated, and being in the City of Victoria aforesaid, and known, numbered and described as Lot Five of Block Seventy, Victoria City, according to the official map thereof, and has deposited the area and site plans of the proposed works and a description thereof with the Minister of Public Works at Ottawa, and a duplicate thereof with the Registrar General of Titles in the Land Registry Office of the City of Victoria, British Columbia, and that the matter of the said application will be proceeded with at the expiration of one month from the time of the first publication of this notice in the "Canada Gazette."

Dated this 14th day of May, 1910. HENRY PHILLIPS, Secretary.

Notice is hereby given that the Annual Meeting of the Pacific Northern and Ontario Railway Company will be held at the office of Messrs. Boddy & Lawson, No. 915 Government Street, Victoria, B. C., on Monday, the 20th day of June, 1910, at the hour of eleven o'clock in the forenoon. Dated this 14th day of May, 1910. GEO. A. MORPHY, Solicitor for the Executive.

EMPIRE REALTY CO.

Real Estate and Financial Agents, 612 YATES STREET, Phone 2251.

SAYWARD AVE.—Well built 7-room house containing bath, hot and cold water, w.c. and other conveniences. The house stands on a good stone foundation, and is in a splendid condition. Basement, well kept garden, lawn, workshop, etc. Lot, \$8,500. Price for the above is \$2,650, and easy terms can be arranged.

Note—To-day, not to-morrow, is the time to buy property in the Spring Ridge district, for that old eye sore, the sand pits, are going to be replaced by a modern and up-to-date High school with the usual well kept grounds, etc., which will greatly enhance the value of property in that locality. So, therefore, do not procrastinate but investigate the above to-day.

WEDDED AT CUMBERLAND.

Cumberland, June 20.—A very pretty wedding took place at Grace Methodist church, when Miss Ruth Denton was joined in the bonds of holy matrimony to Mr. Sidney Taylor Marsden, local manager of the B. C. Telephone Co. The marriage service was conducted by the Rev. Mr. Freeman. Mr. and Mrs. Marsden will take up their residence in Cumberland.

Dwellight Service to Seattle by SS. Iroquois, leaving 9 a. m. daily, except Sunday.

Uncle Walt

The Poet Philosopher

The mother, tired, with aching head, from sweeping floor and baking bread, called to her daughter: "Susan, dear, I wish you'd help a little here." Fair Susan, in the parlor dim, was playing AFTER a tender hymn; methinks it was "The Maiden's A WHILE Prayer"—a melody beyond compare. She cried, while playing on, in style: "I'll help you in a little while." Her lover blew in unawares—a fine young man with princely airs. His heart was free from sordid stains; his head was full of high-class brains; most any girl would give her eyes to gather in so big a prize. He heard the mother's weary cry; he heard the damsel's flip reply. His bosom swelled with noble ire! His twinkling eyes flashed streaks of fire! He cried: "Miss Susan Sarah Brown, it's up to me to turn you down! While groundhogs live and comets shine, you'll be no blushing bride of mine! The healthy girl who doesn't jump, and on her system get a hump, when mother calls, I do not want; so get thee hence! Aroint! Avaunt! I'll hunt me up a damsel fair who passes up 'The Maiden's Prayer' when she has got a chance to chase the troubles from her mother's face!"

CUTTING HAY IN COWICHAN DISTRICT

Crop Will Not Be Up to Average This Year—Preparing for the Annual Regatta

(Special Correspondence.) Cowichan Station, June 20.—The second of the mowing machine is once more being heard in this district, but owing to the dry season the hay crop will not be up to the average. Yesterday's rain will do good to the grain crops and garden stuff, but it came too late to be of much benefit to the hay. There is not much movement in real estate just now, but a few places have changed hands lately. Small acreage for chicken ranches seems to be most in demand. The chicken industry is coming well to the front here, being fostered by E. T. Hanson, who was chiefly the means of starting an egg-collecting station in connection with the Cowichan creamery.

FINANCES OF CITY OF VANCOUVER.

Comptroller Submits Report—About \$600,000 of Margin for Loans Until Next Year

URGENT ROAD FROM ALBERNI TO TOFINA

Resolution Passed by Clayoquot Development League—Donkey Engines for Settlers

(Special Correspondence.) Clayoquot, June 20.—A well-attended meeting of the Clayoquot Development League was held in Tofino public hall. A resolution in favor of the government supplying donkey engines for the settlers to rent for clearing land was passed, also a resolution advocating the construction of a wagon road between Tofino and Alberni by way of Clewpet, Kennedy lake, Elk river and Taylor river. It was pointed out the road would open up a lot of new country for mining and timber. President Gerard, Treasurer McLeod and Mr. P. A. Hoylaque were elected a committee of three to appoint delegates to attend the Development League meeting at Alberni on July 15th.

MILL FATALITY.

Master Mechanic at Fernie Is Killed by Stake Catching in Machine

Fernie, June 20.—The death took place in the hospital here of Henry Monkwitz, master mechanic of the Elk Lumber Company, who succumbed to injuries received while in the discharge of his duties. He was putting a belt on a pulley when the stake he was using caught in the belt and was hurled with terrible force, striking him in the abdomen. Deceased was born in Ger-

GARDEN PARTY AND DANCE FOR HOSPITAL

Successful Entertainment in Aid of Funds of Ladysmith Institution

(Special Correspondence.) Ladysmith, June 20.—A garden party and dance in aid of the Ladysmith hospital, held at the South Byng school, was an unqualified success in every respect. The day was ideal and large crowds were taken from town in launches. The grounds were gayly decorated with flags and tents were erected for side-shows and tea-stalls. The children's sports were excellent and the wood chopping and nail driving contests for the ladies caused much amusement. A substantial tea and supper were provided by the residents of the district and a number of ladies from town and great credit is due to all those who worked so hard to make the entertainment a success. In the evening a well-attended ball was held in the school house. A handsome sum will be added to the hospital funds.

KILLED IN RUNAWAY ACCIDENT

Princeton, June 20.—A very sad accident, resulting in the death of J. W. Stewart, occurred the other evening while he was returning from town to the United Empire camp, where he was employed as miller. It appears that the two-wheeled cart in which he was riding partially upset, throwing the unfortunate man out, his feet catching firmly in the box. The horse

NAVY LEAGUE MEETING AT GANGES HARBOR

Large and Enthusiastic Gathering at Formation of a New Branch

The meeting of the new Navy League branch at Ganges Harbor on Thursday was a phenomenal success, principally because party politics were very largely kept out of the discussion, the large audience showing plainly that it considered the British navy a matter altogether above and beyond party politics.

THE CITY BROKERAGE

A. T. ABBEY, Manager. 1215 DOUGLAS STREET.

THE BUSY MAN OR WOMAN.

Begrudges the time spent and the worry and weariness entailed in seeing houses after houses and tramping street after street, before finding just the place they are looking for.

We are having photographs taken of every house on our list, so that you may be saved as much time and worry as possible, and be able to choose from these in a few minutes a house or two or three houses you would like to see.

COME IN AND SEE PHOTOS OF

A 5-room cottage, 12 minutes from post office, just off carline, good basement, all modern conveniences; furniture included. \$3,150.

A 5-room house, new, Oak Bay district, 3 minutes from Oak Bay or Willows car. All modern conveniences. Splendidly finished inside. \$3,900 cash, \$50 quarterly. \$4,250.

A 3-room cottage, Victoria West, well built. \$1,400.

A 5-room bungalow, thoroughly modern, only built a short time, a splendid home, would exchange for five acres close in. \$3,675.

A 6-room, new house, James Bay, good basement, thoroughly modern, near sea and car. \$800 cash, balance arranged to suit. \$3,600.

became frightened and dragged the helpless form over rough ground. The accident occurred at the crossing of One-Mile creek and was observed first by Mrs. Jackson, then by her husband, both of whom strove to prevent the accident. Mr. Stewart owned a ranch near Five-Mile, and leaves a wife and four children in the east. He was a native of Nova Scotia and had been in these parts about five years.

—Comfortable corsets for summer wear in white and grey, Cromptons and Parisian Corset Co. makes. Special value, 50c a pair, Robinson's Cash Store, 612 Yates street.

AWARDS MADE TO WINNING TEAMS

RESULT OF 5TH REGT. COMPETITION SATURDAY

Programme of Camp Events for Week Issued—Strike Camp Tuesday Next

Prizes were awarded yesterday to the three winning teams in the first marching and shooting competition held by the Fifth Regiment on Saturday last. The members of No. 2 company marched on that day from the camp at Macaulay Plains to the Clover Point rifle range, a distance of six miles. Five teams, with five men in each team, each fired seven rounds in one minute at a range of 300 yards. The results were good all through for rapid firing.
The first prize of \$20 was won by Sergt. Richardson's team which scored 82 points. The members of the team were: Sergt. Richardson, Corporal Ditet, Gr. Zala, Gr. Buss, Gr. Stevens.
The second prize of \$20 went to the team under Bombardier J. Whittle, of which the other members were: Bomb. Archer, Gr. T. Mail, Gr. W. Mail, Gr. Brayshaw. The score was 66 points.
Corporal J. Stuckey's team captured off third prize of \$10 with a score of 65 points. The team was made up of Corporal Stuckey, Gr. Winsby, Gr. Denby, Gr. Brennan, Gr. Wilson.
The programme of events at the camp for this week has been issued by the commanding officers. It is as follows:
Tuesday—No. 2 Co., instructional practice; No. 3 Co., practice (blank ammunition).
Wednesday—No. 3 Co., gunlayers and fuse-setters test; No. 1 Co., instructional practice; band concert, navy yard.
Thursday—No. 3 Co., instructional practice.
Friday—No. 2 Co., competitive practice.
Saturday—Regimental sports.
Sunday—Church parade, muster parade; afternoon, signaller's examination.
Monday—No. 1 Co., competitive practice.
Tuesday—No. 3 Co., competitive practice, strike camp, and march to drill hall.

JEFFRIES AND JOHNSON TO FIGHT AT RENO

Business Men Accept Rickard's Terms—Nevada Governor Will Not Interfere

(Times Leased Wire.)
Reno, June 21.—Tex Rickard has decided in favor of Reno and the big fight will be staged here on July fourth. The Reno business men accepted Rickard's terms. They will erect an arena and will pay for the light license. Work on the arena will begin at once.
Statement by Governor.
Salt Lake City, Utah, June 21.—Governor Denver A. Dickerson, of Nevada, will not interfere with the Jeffries-Johnson fight. Asked if he would take any action looking toward stopping the contest, Dickerson, who is on his way home from Ontario, Ore., said, "I am without authority to stop the fight under the laws of Nevada, which license prize fighting."
"If there is any evidence of a frame-up I shall certainly stop it. Tex Rickard is a friend of mine and I know him to be on the square and that he would not lend his name to a fake fight. Hence I do not see that the fight will be stopped if it is staged in Nevada."
Attell-Moran Bout.
Los Angeles, Cal., June 21.—District Attorney Fredericks at noon-to-day received a telegraphic request from Attorney-General Webb to "investigate an alleged prize fight that will be held in Los Angeles late this week," and to make a report to the attorney general's office.
A ten round match between Attell and Owen Moran is scheduled for Naud Junction arena next Friday night.
"The city attorney of Los Angeles," he said, "has assured me that boxing matches staged in this city are legal, according to the present city ordinance, and that they do not violate the state law. I will look into the matter now on my own responsibility and whatever I learn will be forwarded to the attorney general."

WELCOME RAIN.

Calgary, June 21.—A deluge of rain followed by warm sunshine has gladdened the hearts of Alberta farmers. Showers commenced Sunday evening, being followed by an exceptionally heavy downpour at an early hour yesterday morning.

BAPTISTS WELCOME PASTOR.

Vancouver, June 20.—The past few weeks has been marked in church circles by ministerial changes. The latest of these being celebrated at the Fifth Avenue Baptist church, when the members of that church gathered at a reception to welcome their new pastor, Rev. H. F. Waring, who succeeds Rev. P. H. McEwen in the pastorate. Rev. Mr. Waring is the late incumbent of the First Baptist church of Halifax, Nova Scotia. Since resigning that charge he has been making a tour of Europe and Palestine.
Among the speakers of the evening were Dr. Spencer of the Local Option League; Rev. D. Long, of the Granville Baptist church, an old friend of Mr. Waring, who spoke in warm appreciation of his scholarly accomplishments and marked literary ability; J. Williamson, secretary of the British Columbia Sunday School Association; Rev. B. West, the dozen among local ministers of the Baptist church; Rev. Mr. Redman of South Vancouver; Rev. P. C. Parker, Rev. F. H. Ferry, and Rev. Newton Powell of the Kitano Methodist church.

MAN MURDERED AT PORTLAND

(Continued from page 13)
Mrs. Johnson later claimed that she was Mrs. B. W. Kersh, of Seattle. The police assert that they have found letters in her belongings bearing that name. According to the police the woman lived recently in Spokane.
Known in Seattle.
Seattle, Wash., June 21.—J. F. Webb, alias A. C. Powers, held in Portland for the murder of William A. Johnson, came to Seattle a year ago from Nome, Alaska. According to the police, he engaged in a fake real estate transaction, attempting to raffle off a house which he did not own. A warrant was issued for his arrest November 15th last, but Webb had disappeared then in Seattle since.
Printers remember Webb, and recall that he carried a union card issued by International Typographical Union, local No. 226, of Vancouver, B. C. He did not work at his trade while here.
Worked in Vancouver.
Vancouver, B. C., June 21.—J. F. Webb, arrested in Portland, was fairly well known while in Vancouver, having put in some months during the latter part of last year as linotype operator, and also worked for a short time for a job printing firm.

"Where the Most Furniture is Shown and Sold"

Handsome New Brass Beds

Remarkable for Unusual Design and Splendid Values

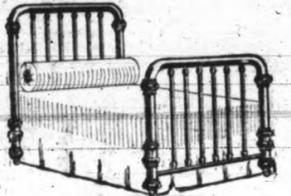

A large shipment of the handsomest Brass Beds ever displayed on our floors—and that is saying a great deal—is now ready for your inspection. These beds come to us from a factory that is easily the largest in America, and which is recognized as the leader, in respect to quality and style.

This line of Brass Beds is the largest and most complete shown in the West. The beds represent, in actual weight in brass and in the quality of materials and workmanship that enter into their construction, THE BEST VALUES OBTAINABLE.

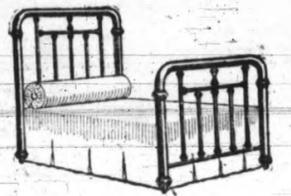

We illustrate and price here but a very few of the new arrivals. Illustrations or descriptions cannot do these beautiful beds justice, and we invite you to visit the showrooms and see the beds themselves. Remember that styles and values are UNBEATABLE.

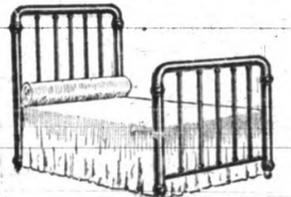

Brass Bed, \$24
Exactly as illustrated above. BRASS BED—Here is a great value in all brass beds. A neat, stylish design that is popular. Two-inch posts, with five fillers in head and foot; 3 ft. 6 in. Priced at \$24.00
4 ft. 6 in., full size. \$25.00

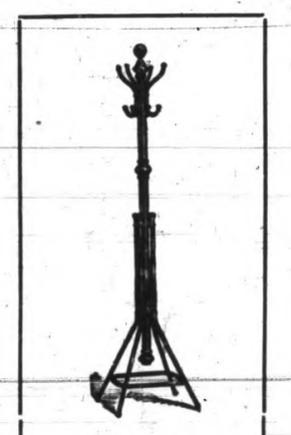

Brass Bed, \$30
Exactly as illustration above. BRASS BED—A continuous pillar style. Two-inch posts with heavy fillers. Combination satin and brass finish. A stylish, strong bed, lightly priced. 3 ft. 6 in. Price. \$30.00
4 ft. 6 in., full size. \$32.50

Brass Bed, \$40
Exactly as illustration above. BRASS BED—Another continuous pillar style that is very attractive in design. The combination finish makes it a very pleasing bed style, and one you will like at the price; 4 ft. 6 in., full size. \$40.00

Brass Bed \$50
Exactly as illustration above. BRASS BED—This one has continuous 2 inch pillars with heavy fillers. Combination polished and satin finish—the husks being polished and the balance satin. Makes a very effective combination on this bed. A strong, stylish bed. \$50.00

Brass Costumer
Price from \$4
