APPLICATION FOR RELEASE OF EVALUATED OFFICE FURNITURES AND EQUIPMENTS FROM REPARATIONS CUSTODY.

Date: 21st December 1950

TO : Chief of Kanto Civil Affairs Region

FROM: Custodian of Kofu Seizosho, Tachikawa Aircraft Co., Ltd.

(1) Name and Code No. of Plant:
Kofu Seizosho, Tachikawa Aircraft Co., Ltd. (Code No. 46-03)

(2) Location of Plant:
1500, Yamanokami, Tatomi-mura, Nakakoma-gun, Yamanashi-ken

(3) Office Furnitures and Equipments to be released:
Furnitures: 86 Equipments: 21 Total: 107
(As for the details, refer to the attached List.)

(4) Reasons for release:

1. Office furnitures and equipments which are listed on this application had been necessary for us during we had been engaged in production of Bolinder Type Engines and Cooking Utensils by more than 40 employees, but since the beginning of March in this year we have been stopped the production and entirely engaged in Reparations Custody by only 7 employees, and now these goods became excess for our current use.

2. For our few employees, being engaged in maintenance and guard of more than 300 reparations machineries and equipments on the one hand, the load is too heavy both in expense and in labor to maintain these excess goods as Designated Reparations moreover in idle, so we fear that we will not be able to complete the maintenance of them for long future.

3. Hereby, we submit the application for release of these goods to get opportunities to sell off current unnecessaries among them for reduction of our load both in expense and in labor.

For the President of Tachikawa Aircraft Co.,Ltd.:

TO : Chugoku Civil Affairs Region,
Attn. Economic Section

Through: Chugoku Liaison and Coordination Office

Subject: Application for Movement of Released Machines -
Chugoku Oxygen K.K., Higata, Kure City

1. Reference is made to SCAP letter 387.6 CMP/RE dated 23 January 1950, subject "Centralization and Release of Reparations Facilities".

2. The two below indicated air accumulators in sets are included in the machines released in an "as is" condition to the Japanese Government in the above referenced SCAP letter.

,Air accumulator, code No. 11-5(5)-12097,
one set consisting of eighteen
(18) pieces.

" , code No. 11-5(5)-11562,
one set consisting of eight (8)
pieces.

3. It will be greatly appreciated if approval be given by your office for the movement of the two above indicated accumulators which are presently stored in the Oxygen Shop of Harima Docks at Kaburasaki, Aga, Kure City to the Chugoku Sanso K.K., No. 3025 Higatamachi, Kure, City, represented by president Tokiyoshi Shimizu for the following reasons.

4. Reasons for application:

The Chugoku Sanso K.K. has been contributing to the local industry by producing compressed oxygen gas for the steel works. The containers of the gas however were partially war damaged and are unserviceable. The above accumulators are urgently needed for use as interim containers to cover the decrease of the production.

5. The Chugoku Finance Bureau approved the application.

—-o·

The cost in this report covers the expenses of the work which was contracted with K.K. Ikeda Kikai Sesaku-sho in order to remove the gas produced in the additional pipes of the gas producer which was ordered to removed by Allocation Notice #1-72 and 3-40.

The Cost required for the dismantling and packaging operation of gas producer was included in the report of 7th Report Period.

Accordingly this expenses paid for the preparatory work for the dismantling and packaging operation should be included in the expenses of the main work. But this gas removing work was ordered to stop during the preparation of starting work, and contract was dissolved, only being allowed to pay charges for preparation, but failed to put the amount in the 7th period Cost Report, so present herewith the report requested so,
