

PEACE VS. WAR

UNITED STATES IS PRACTICALLY ONLY CIVILIZED NATION NOT AT ARMS

American people are enjoying peace while the people of Europe are in the struggles of a meaningless war. Why the difference? Answer this for yourselves. Whatever the answer might be will make no difference as to our opinion that peace is preferable to war. Hardships of war are best known to those men who have participated in its battles.

The last twenty-four hours' doings in war are as follows:

German Official Report

BERLIN, Oct. 29 (via Amsterdam and London), 7 p. m.—The German general headquarters this morning gave out the following report with regard to the situation in France and Belgium:

"Our attacks to the south of Nieuport are slowly gaining ground. At Ypres the battle is unchanged.

"On the west of Lille our troops are making good progress. Several fortified positions of the enemy have been taken. Sixteen British officers and 300 men as well as four cannon have been captured.

"French counter-attacks everywhere have been repulsed. A French battery stationed before the cathedral of Rheims and artillery observers posted on the steeple of the cathedral have been bombarded.

"In the Argonne region the enemy was chased from several trenches and some machine guns were captured.

"To the southwest of Verdun severe French attacks have been repulsed. In the counter-attacks our troops succeeded in breaking through the French lines to the main position of the enemy, which was occupied. The French suffered terrible losses.

"To the east of the Moselle all the attempts of the enemy have been repulsed.

"In the northeastern theater of the war our attacks are progressing. During the last three weeks 13,500 Russians, thirty cannon and thirty-nine machine guns have been taken."

French Official Statement

PARIS, Oct. 29, 11:07 p. m.—The French war office in its official communication issued tonight says:

"There is no important news to report, according to the latest information received."

The French official announcement given out in Paris this afternoon says that yesterday the French troops made progress at several points on the line around Ypres and to the south of Arras.

WASHINGTON, Oct. 29.—Official dispatches made public by the French embassy here today announced that the Germans retreating before the Russian armies in Poland are now basing on Edlinsk, Radom and Ilaz. The Germans are said to have lost prisoners and ammunition.

The dispatch added: "In Galicia the combat continues on for the Russians.

"In a series of operations along the frontier between the Moselle and the Vosges we were able to dislodge some of the outposts of the enemy. Prisoners were captured almost everywhere."

Official Austrian Report

MANCHESTER, Mass., Oct. 29.—The following official dispatch, which was received by wireless, was given out this evening by the ambassador from Austria-Hungary:

"According to official communications dated October 25, the battle on the San-Vistula line, which has continued for ten days, has assumed the character of a siege operation because of the strong field fortifications of the Russians. Nevertheless our offensive movement, the right wing of which goes over the Stry, is advancing steadily. Having cleared the enemy from Hungary, our forces have again occupied Czernowitz.

"The situation in Serbia is unchanged. The Serbian forces that invaded Bosnia were beaten on Oct. 22 near Rogatica. In South Bosnia small battles with Montenegrin divisions continue. Cattaro was bombarded by the French navy and land artillery unsuccessfully. The French navy does not attempt to proceed in the Adriatic beyond Ragusa."

From the Russian Embassy

WASHINGTON, Oct. 29.—All the German army corps on the left bank of the Vistula in Poland are in full retreat, according to an official report from Petrograd made public here today by the Russian embassy.

The report follows: "On October 28 we overcame the resistance of the last troops of the enemy endeavoring to put up a fight to the north of the River Pilica. At the present moment all of the Austro-German corps on the left bank of the Vistula are in full retreat.

"Strykoff Ejow and Novomiasto are occupied by our troops. Radom is occupied by our cavalry; we have

OUR DAY OF THANKS

THANKSGIVING SHOULD BE REAL SAYS PRES. WILSON IN PROCLAMATION

President Wilson, following the usual custom, has issued the Thanksgiving proclamation:

"It long has been the honored custom of our people to turn in the fruitful autumn of the year in praise and thanksgiving to Almighty God for the many blessings and mercies to us as a nation. The year that is now drawing to a close since we last observed our national day of thanksgiving, has been, while a year of discipline because of the mighty forces of war and of changes which have disturbed the world, also a year of special blessing to us.

"It has been vouchsafed as to remain at peace, with honor, and in some part to succor suffering and supply the needs of those in want. We have been privileged by our own peace and self control, in some degree to steady counsels, and shape hopes and purposes of a day of fear and distress. Our people have looked upon our own life as a nation with deeper comprehension, fuller realization of their responsibilities as well as of their blessings, and with a keener sense of moral and practical significance of what their part among the nations of the world may come to be.

"The hurtful effects of a foreign war in their own industrial and commercial affairs have made them feel more fully and see more clearly their mutual inter-dependence upon one another and have stirred them to helpful co-operation such as they have seldom practiced before. They have been quickened by a great moral stimulation. Their unmistakable ardor for peace, their earnest pity, disinterested sympathy for those who are suffering and their readiness to help and think of the needs of others, has revealed them to themselves as well as to the world.

"Our crops will feed all who need food, the self possession of our people amidst the most serious anxieties and difficulties, and the steadiness and resourcefulness of our business men will serve other nations as well as our own.

"The business of the country has been supplied with new instrumentalities and the commerce of the world with new channels of trade and intercourse. The Panama canal has been opened to the commerce of nations. The two continents of America have been bound to closer ties of friendship. New instrumentalities of international trade have been created, which will be also new instrumentalities of acquaintance, intercourse and mutual service. Never before have the people of the United States been so situated for their own advantage or the advantage of their neighbors, or so equipped to serve themselves and mankind.

NEW STORE FOR GLENDALE

Glendale is to have a real city shoe store, as the entire stock of Olmstead's Family Shoe Store, located at 907 Broadway, Los Angeles, has been moved to Glendale into the storeroom at 318 Brand boulevard, next to the postoffice.

This store, with its \$10,000 stock of high-grade men's, women's and children's shoes, will be of incalculable benefit to Glendale's business section and Glendale people who believe in boosting home industries and home trade should give encouragement to the new firm by visiting the store tomorrow, the opening day. All the stock is new and up-to-date, being purchased for this fall and winter trade.

Mr. Olmstead, the proprietor, is a shoe man of many years' experience, coming to California from the state of New York, where he was successfully engaged in the retail shoe business prior to seeking his fortune on the Pacific coast. He chose Glendale after being in business in Southern California for six months, through the fact that he believes this city has a future and on account of the excellent opening for an up-to-date and complete shoe store.

captured several thousand prisoners, guns, scores of machine guns, supply trains and automobiles.

"In Galicia there are no changes. "On the East Prussia front the First German army corps, supported by other troops, is for the fourth day keeping up an attack near Bakaloi-jewo. The losses of the enemy are very heavy."

AMENDMENTS 19 AND 21 ARE DANGEROUS

Vote "no" on amendments 19 and 21, which are not city and county consolidation amendments, but authorize cities and adjacent taxable areas to secede and withdraw support from counties.

When in doubt, vote "no." Amendments 19 and 21 are not only doubtful, but dangerous. They make it possible for certain big cities to dominate the legislature.

County division, facilitated by amendments 19 and 21, means duplication of offices, more spoils for politicians, multiplication of tax-eaters and fights for county seats.

Under amendments 19 and 21 cities or unincorporated territory annexed, may be committed to consolidation, but the annexing city can delay forming a charter for two years, leaving uncertainty as to the form of the new government.

Annexation amendments 19 and 21 change the fundamental law of the state, so that the city annexed may be made subject to bonded indebtedness, upon a simple majority vote, instead of by two-thirds now required. This is extremely dangerous to the taxpayer, and the existing safeguards should be maintained.

Under pretext of economy, amendments 19 and 21 were framed by certain politicians in the big cities in order to shoulder some of their debts on the country districts. Vote "no" on both.

Both annexation amendments 19 and 21 permit the coercion of county districts, for unincorporated territory has no separate vote on whether or not it shall be included in a consolidated city and county. This means additional taxation without representation.

Vote against amendments 19 and 21 and retain reasonable representation for the agricultural, mining, fruit growing and stock raising areas in the state.

Amendments 19 and 21 were framed without consideration for any but the three largest cities of the State. They are unfair, unjust and un-American, and should be repudiated by all who wish the laws of the state to be based on justice and equity and not to serve special and private interests.

Amendments 19 and 21 involve issues rejected by the legislature and repudiated by the voters at the election of 1912 by 106,000 majority. Do not let them slip by this time.

SEN. CURTIN SPEAKS

DEMOCRATIC CANDIDATE FOR GOVERNOR ADDRESSES GLENDALE VOTERS

A fair sized audience assembled in Butler's hall Thursday evening to listen to an address by Senator John Curtin, Democratic candidate for governor of California. The meeting was called to order by Attorney Mattison B. Jones. Mr. Jones referred to Mr. F. L. Muhleman of Glendale, candidate for the assembly from the sixty-first district, as the only suitable candidate and incidentally stated that the Los Angeles Times of that morning had advised its readers not to support McDowell for assemblyman on the Republican ticket as he is not a suitable man for the position.

Attorney Frank L. Muhleman being present, was called upon to give an address. Mr. Muhleman said he was a democrat because he believed in the principles of democracy. He stated that he had lived in Glendale for nine years, and if elected assemblyman would dedicate himself to the work for the interests of all. He does not think it proper at this time to announce his position on the various questions that may come before the people, but when any issue comes up he is ready to consider it in a manner that will be for the best interests of his constituents. The chairman then in a few well-chosen words introduced the speaker of the evening, Senator Curtin.

Senator Curtin is a gentleman experienced in politics, having served as senator from his district for many years. He is a Democrat of the old school and bases his faith in party principles on declarations of Thomas Jefferson. In speaking of the political situation in the state of California the present year, he said it seems that the seat of the battle ground is in Los Angeles county, and on the vote of Los Angeles county will depend largely the result of the election. He referred to the peculiar conditions existing in the present campaign, one being that the lieutenant-governor on the Republican ticket is working for the defeat of the head of the ticket. Another peculiar condition is that Governor Johnson in his political addresses has been advocating non-partisan state government in California. Senator Curtin is a firm believer in the necessity of political parties. He named a list of prominent Republicans of the past and reminded his hearers that the great good they had done could not have been accomplished in politics had those men not been banded together under a common name. He also named a list of prominent Democrats from Jefferson's time up to the much honored President Woodrow Wilson, and referred to them as being the bone and sinew of the Democratic party. However, he did not quote Governor Johnson as favoring non-partisan national politics.

Senator Curtin is averse to giving all the credit to the Johnson administration for taking the administration out of the hands of the Southern Pacific railroad. He said that he, himself, deserves largely that honor as he had made the foundation for putting the railroad out of politics before Johnson was elected to the office of governor. He is not in favor of the executive of the state having the power of appointment. The heads of departments and the many officials should be elected by the people. He also disapproves of the present plan of public officials who are candidates for re-election spending the time for which they are paid in campaigning. This criticism was made in a general way, including all parties.

The speaker thinks that the law should be such that an executive of the state should not be able to build up a strong political machine. Present conditions make it possible for Gov. Johnson to have 500 appointees most of whom are ready to serve his interests. He spoke of the present automobile tax, stating that the law requires that one-half be used for the improvement of the state highway and one-half for the county highway. Ninety people are required to collect and keep an account of the automobile tax in the state of California.

In his closing remarks he paid a great tribute to President Wilson for refusing to declare war in Mexico and also in his great effort to avoid war with any of the European nations.

FREDERICKS COMING

Glendale Republicans have arranged for a speech by Capt. Fredericks at the corner of Brand and Broadway tomorrow afternoon at 2 o'clock. No doubt the captain will draw a large crowd of interested listeners, as interest in the coming election waxes intense.

TROPICO MARDI GRAS

CELEBRATES COMPLETION OF CITY HALL AND OTHER IMPROVEMENTS

Tropico has donned gay holiday attire and all is in readiness for the carnival, which is in celebration of many local achievements. Old Glory has been unfurled to the breeze and this national emblem, with that of many pennants displayed on the business streets of our city, proclaims that the carnival in all of its glory will be held tomorrow. At 1 o'clock Gov. Johnson will officially proclaim the opening of the carnival. Tonight Boy Scouts from Redlands, Pomona, Monrovia, Los Angeles, Pasadena and Glendale will arrive and pitch their camp on the space allotted to them. During the presence of Gov. Johnson in Tropico the Boy Scouts will act as his escort. They will be on guard duty during the entire carnival. They will also give drills, perform many evolutions and give an exhibition of their code of signaling. F. E. Peters, chairman of the carnival, has left nothing undone that will contribute to the many and varied attractions of this carnival. A. J. Van Wie, chairman of the concessions, has disposed of all the available space on Brand boulevard between Tropico and Cypress streets. Also all on Cypress between Brand and Central avenue. Among the many prominent local organizations securing space for their concessions are the Tropico Thursday Afternoon club, Yoemen lodge, Knights of Pythias, Parent-Teacher association, Methodist Episcopal and Presbyterian churches. At 3 o'clock the automobile drill will occur, when twelve cars will enter the drill. This promises to be one of the principal attractions. The city hall, which has just been completed, will be dedicated. This building also includes the Tropico library and new fire department. The delightful rain of last night has aided materially in the plans of the carnival committee and came at the most opportune time to not only clean the streets, but wash the face of nature and thus add to the brightness of the foliage. The Pacific Electric band of forty pieces will render music during the afternoon and evening. Everyone has been invited and not only everyone will be there, but everybody else. Tropico is a most hospitable city and her gates will swing wide tomorrow.

Mrs. D. H. Imler and Mrs. R. W. Meeker were guests at the luncheon given at Hotel Clark Thursday complimentary to Mrs. John D. Fredericks. Later Mrs. Imler and Mrs. Meeker attended the reception to Capt. John D. Fredericks at Hotel Alexandria.

The thimble club of the La Holla temple of Phythian Sisters held an all-day meeting at the home of Mrs. Dutton of 131 Tropico avenue. The day was spent plying the needle in pretty aprons and other articles, which it was decided, after a general discussion, would be placed on sale Nov. 18. The ladies at that time will serve one of their well-known suppers. A delicious picnic luncheon was enjoyed at noon, the gracious hostess serving hot coffee, which was greatly appreciated, and a social hour followed.

Capt. John D. Fredericks, Republican nominee for governor and a general favorite in Tropico, will visit our city tomorrow after making a visit to Glendale, in which latter city Capt. Fredericks will give a short talk. Many loyal supporters of Capt. Fredericks, both in this city and in Glendale, will give this man of the hour a loyal reception.

AUTUMN LUNCHEON

On Thursday members of the Priscilla club were the guests of Mrs. Arthur Chapman of Salem street.

The high noon course luncheon was served at a long table in the center of which stood a real pumpkin bowl filled with assorted fruits.

Running from this to the corners of the table was grape foliage just turning color and bearing fruit.

Hallowe'en suggestions were seen upon place cards bearing names of the club members. The afternoon was spent at needlework and chatter.

Mrs. D. W. Dutton of 1451 Salem street will act as club hostess on Nov. 12.

DOUBLE BIRTHDAY

Mrs. Mary V. Colburn of 310 Cedar street entertained her granddaughter, Miss Harriett Williams, and Mr. Gus H. Pulliam at a joint birthday dinner on Thursday evening of this week. Covers were laid for nine upon a table daintily dressed in pale pink cosmos and ferns. The dessert course was accompanied by birthday cakes lighted with a wee taper for each year passed.

COMPLETE PLANS FOR PARADE

The committee in charge of the Dry Federation parade to be held Monday evening prior to the lecture of Dr. Matt Hughes, met last night and completed plans for the parade. All will assemble at Glendale avenue and Broadway at half past six and the march will begin promptly at 7. The line of march will proceed down Broadway to Brand, north on Brand to Third and south on Brand and disband at the high school. The committee requests that every citizen in favor of California "dry" join in the parade.

PLAIN FACTS NOT WANTED

A week ago the Evening News said a citizen of Glendale had lived the life of a habitual drunkard, and met with a fatal accident while in a state of intoxication.

In reply to a criticism the editor of The News will say that he is slow to reveal the truth in such instances and has a sensitive regard for the relatives of one who is overcome by the drink habit.

But when we come to look at the sensible, practical side of the question, is it not at a time like this for the best of all concerned to make public the fact that the saloon, backed by those who license it, is a destroyer? The Evening News is not cruel in telling the truth about the actual conditions in this instance. The men who made it possible for this poor slave to the liquor habit to get "booze" are the cruel ones, and the editor of The News stands ready next Tuesday with a ballot in hand to help to make it impossible for a sister's brother to meet a like fate.

The workings of that poisonous serpent alcohol should not be kept too much in secret. We join with relatives in their sorrows caused by the ravages of the saloon and its connections, but we must do more than mourn. We must uncover the hidden rattlesnake in the grass and take from it its poisonous fangs.

"Wine is a mocker; strong drink is raging, and whosoever is deceived thereby is not wise." We must not be deceived next Tuesday.

P. T. A. BENEFIT

COMPULSORY MEDICATION

A recent editorial in the Post-Dispatch, calling attention to a resolution adopted at the recent convention of the American Medical Association, was returned, marked with the words "A Lie." The resolution, reported by the Associated Press, was to the effect that it was the opinion of the 3500 members of the convention that "public welfare would be conserved if every man, woman and child were to be subjected to a compulsory examination as to physical fitness once every year."

If the A. M. A. convention has passed no such resolution, there is evidence on all sides that a large number of doctors and hygienic faddists are desirous of fastening upon the people a species of medical tyranny. Dr. Harvey W. Wiley told the Mothers' club in Washington recently that "the day is coming when every pupil will be forced to undergo a strict medical examination." It has been shown that in a city of the size of Chicago, this would necessitate the appointment of 300 medical inspectors, at a cost of \$360,000 a year.

Compulsory medical examination of all the adult population would be but a step from compulsory medical examination of all school children. One of the advocates of such wholesale compulsory medical examination is Dr. S. S. Goldwater, commissioner of health of New York City. It is, of course, urged that such a scheme would protect the people against disease and conduce to longevity.

Health is, of course, priceless. But so is personal liberty. Of the two, the universal verdict of mankind has been that personal liberty is first.—Editorial in St. Louis Post-Dispatch.

THE VANGUARD'S VIEW

The voters of the state are being urged to vote to "kill" the poll tax law on November 3. If this law is "killed" it means a loss of \$850,000 annually to the schools of the state. This is a serious matter for the taxpayers to consider. It seems a grave mistake for the authors of the bill and the legislature to have made some provision to provide for this large amount of revenue that has heretofore gone toward the support of the schools. On general principles we are opposed to the poll tax law, but we do not think it wise to abolish the law at the expense of the school system of the state. This loss of \$850,000 would mean cutting down the school term of every grammar school in the state at least two weeks. The electors should think twice on this subject before voting.—Venice Vanguard.

FOUND GIANTS' BONES

Captain J. Campbell Besley told reporters in the Waldorf-Astoria in New York the other day something about his recent exploring expedition in South America. He had many adventures in Argentine, Chili, Peru and other South American countries, and averred in the course of his narrative that the best authorities were ten miles or so northeast out of the way in designating the course of the Amazon.

Captain Besley reported having found bones of eight-foot giants of historic ages, and also skulls which showed trephining operations of thousands of years ago.

PINK HEARTS—PINK CUPIDS PINK BOWS

There were showers on Thursday afternoon more ways than one. This fact can be corroborated by the guests caught in one at the home of Mrs. A. M. Beamon, when this charming hostess extended her hospitality to sixteen friends of Miss Katherine Wells, a near-bride.

In the spacious living and dining rooms, where the card tables stood, garlands of pink hearts hung, and from the chandelier in the living-room a cascade of rosy cupids fell, while hearts and cupids ornamented that of the dining-room.

The guest of honor was bidden to appear a little later than the assembled guests and upon her arrival Master Charles Beamon conducted Miss Wells to the large reception hall, which had been screened from view with a portiere effect of cupids and hearts. The make-believe curtains were drawn aside revealing an improvised old-fashioned towel rack, upon which gleaming white packages could be seen upon a background of feathery ferns. Upon opening each package produced a pretty towel.

Then cards, scores being kept on most unique cards. Tiny gilt bells were hung above two measures of the ever-popular Lohengrin wedding march and clusters of bells signified table and couple numbers.

Miss Hazel Wheatley captured first prize, a half dozen cut crystal ice cream glasses, which in a most gracious manner were presented to the honored one.

Miss Katherine Wells scored second and was presented with a handsome table reflector, also the special guest gift, a bewitching piece of lingerie, fell to her lot.

A course repast was served at the small tables. The salad retainers, constructed from cupid chips, formed perfect diamonds, held securely with pink ribbon and baby roses. Here the beribboned heart-shaped sandwiches made their appearance, followed by rose-bedecked individual cakes and ice cream in keeping.

With delighted thanks to the hostess and hearty wishes for the bride-to-be, the following departed: Mesdames C. H. DuBois, mother of Mrs. Beamon; Richard H. Wells, the bride's mother; John Hunchberger, Wm. Sholes, W. W. Kirkby, John Allan Legge, Gus H. Pulliam and the Misses Catherine Lewis, Myrtle Pulliam, Hazel Wheatley and Harriett Wells of Glendale, and Mesdames E. R. Collins, Harry E. Rice and Adam Underwood of Los Angeles.

During the afternoon Mrs. Beamon was assisted by Mesdames DuBois, Rice and Kirkby.

ATTRACTIVE PROGRAM AT THE GLENDALE THEATER

The management of the Glendale theater has secured an unexcelled program for tonight and Saturday. Tonight's program is headed by "The Lost Arrow," an unusually interesting Indian legend. "Love, Roses and Trousers" makes many laughs, being of the harmless though amusing type of comedy. "Lucille Love" needs no comment and this is one of the most interesting and exciting of the whole series. "Ike Gets a Line on His Wife" is a typical Ike laugh producer.

Saturday "The Price Paid" is an exceptional political drama, and in view of the coming election should be viewed by all. It holds interest from start to finish. "The Getaway of Regret" is a leading one-reel drama that will appeal to all. Comedy is well taken care of in a good, clean style. "When Eddie Went to the Front" is an amusing take-off on the Mexican situation, and "The Crash," one of the best Sterling comedies, in which during a chase an automobile and motorcycle take a great plunge over the side of a mountain road.

GHOSTS RECEIVE

The pretty home of Mrs. Blake Franklin at 1498 West Third street was transformed into "witch land" when on Thursday afternoon she extended her gracious hospitality to old friends of her former home, Lacon, Illinois.

Mrs. Ed Ramp and little Miss Josephine Blake, as ghosts, ushered the arriving guests into candle-lighted rooms, about which hung garlands of yellow, pictured with bats, witches, cats and crescent moons.

The only flowers used were bright yellow chrysanthemums retained in Japanese baskets and vases. No end of fun was caused with a "rebus" game based on old family names of the home town. For this Mrs. W. W. Worley captured the prize.

A jack-o'-lantern filled with feathery balls of yellow was used as center decoration on the long table, where a course luncheon was served.

Place cards bore the names of the hostess and Mrs. Dick Lipscomb, Mrs. Clara W. Hinsdale, Mrs. Ed Ramp, Mrs. David Finks, Miss Rachel Finks and Miss Valadyn Finks, now of Los Angeles, and Mrs. Geo. Goodwin, Mrs. W. W. Worley and Mrs. Sallie of Glendale. A musical program was enjoyed during the afternoon.

Mrs. S. W. Carnes, rector's wife of the Tropic M. E. church, tendered her Sunday school class a farewell dinner on Thursday evening. Rev. and Mrs. Carnes will leave next week for their new home in Simi, Cal. The Misses Nina Haines, Martha Bittle, Emily Kopp, Hazel Allen, Ethel Rhodes, Edna Phillips and Estelle Smith, the guests, presented their friend and instructor with a beautiful book entitled "Ghosts of Our Friends."

Times may be slow elsewhere, but it looks as if Glendale were holding her own with other towns in Southern California when the building permits up to Wednesday of this week for the month of October totalled over \$46,000.

No. 170 has certainly made a sales record in Glendale. We've sold scores of bottles of this wonderful cough cure the past two months.

See the display of stationery in our window. It's really worth nearly double the price we ask for it, which is 25c.

The prizes are now in the window that we're going to give the Glendale "kiddies" making the most words from the letters included in "Munson, the Drug Man." There's still time to start in this contest. Ask about it. Come in or just phone 156, either phone. Still time to enter.

Remember our free motorcycle delivery is always at your service and we make a specialty of phone orders. Our phone number is the same for both phones—156.

Payne of 702 North Louise street at her attractive home last Wednesday in honor of Miss Hermine Sohn and her leading man, Mr. Glenn Anders, who are playing in the "Last of the Quakers" at the Orpheum this week. Mrs. Anders' mother, Mrs. Charles Anders, was also one of the guests. Paul Neron roses were used to decorate the table and throughout the various rooms beautiful chrysanthemums were artistically arranged. The lovely flowers were enjoyed very much by the guests, who are recently from the East and who are delighted with Los Angeles and vicinity.

Mr. Carl B. Haig of 1008 San Rafael street returned home the first of the week from San Diego, where he had visited his mother, Mrs. Booth, and family, for a fortnight.

Mrs. L. C. Farnum of 910 San Rafael street was the guest of friends in Los Angeles Thursday.

Mrs. William Barber of Pasadena is the house guest of Mrs. Harry Longland of 1008 San Rafael street for the week.

The New York State society will give a Hallowe'en party at La Ramada Saturday evening, reservations having been made for an attendance of fifty. A jolly good time is anticipated, according to the report of the committee in charge.

Mrs. B. J. Lyons and baby son John of 1617 Ruth street spent Wednesday in Los Angeles, where they were luncheon guests of Mrs. Lyons' mother, Mrs. J. Mayer, of Angeleno Heights.

MUCH SMOKE AND LITTLE FIRE

The Clayton anti-trust law, which has finally been passed by congress, reminds us of nothing so much as a very small firecracker on the end of a remarkably robust fuse.

The amount of hissing and sputtering which has been going on at Washington these many months seemed the appropriate prelude to an explosion which should tear the business fabric magnificently apart—and now that the thing has finally gone off we aren't even stunned. Nobody seems to be sure what effect it will have, or that it will have any effect worth mentioning.

We are told that this law would add definite prohibition to the Sherman act. It declares unlawful certain forms of exclusive agency contracts, and price discriminations, "where the effect may be to substantially lessen competition, or tend to create a monopoly." "To substantially lessen competition" is a fine phrase, but it is far from definite. It throws the whole question back into the courts, where it has been these twenty years, and is vastly different from a declaration that exclusive agency contracts and price discriminations are unlawful per se.

We were also informed that the law was going to prohibit "tying" clauses in any contracts covering the lease or sale of patented goods, and we find that the objectionable discrimination against patented goods has been removed, and the contracts are unlawful only when they "substantially lessen competition." In other words, they are unlawful when the courts say they are unlawful, which is no epoch-making declaration when you come to think of it.

Furthermore, we are told that farmers' organizations and labor unions, not organized for profit, should be exempt in certain more or less indefinite particulars. But some senator whom we suspect is not devoid of humor, wrote the little word "lawfully" into the section. So it reads: "Nothing in the anti-trust laws shall be construed to forbid the existence" or such organizations, "or to forbid individual members from lawfully carrying out the legitimate objects thereof." Maybe there are subtleties here which only trained minds can grasp, but when translated into the English language it looks like a solemn announcement of the undisputed principle that "nobody shall be re-

strained from doing that which may lawfully be done."

On the whole, we don't believe manufacturers need lose any sleep over the Clayton act. If it adds anything to the Sherman act as interpreted in a multitude of cases, nobody seems to be sure what it adds. Perhaps it will give a good many more people the chance to have a day in court, which is not exactly a blessed privilege, but nobody need cross that bridge until he comes to it. That is not to say that we approve of the Clayton act. We don't. But we can't see any reason to be specially perturbed over it.—Printer's Ink.

WANT FOUR-HOUR DAY

The attitude of the leaders of the Socialist party in pressing the universal eight-hour law is disclosed in statements by T. W. Williams, state secretary and campaign manager, in addressing his followers. The following quotations from Mr. Williams as published under his signature in the columns of "The Citizen," union labor newspaper, issue of July 31, 1914, and "The Social Democrat," Socialist organ, issue of August 1, and from reports of his speeches published in both these Los Angeles newspapers:

"They say we will do away with all profits. You bet we will!

"I want to break this information, gently, Mr. Ranchman, that your ownership of the land is only temporary anyway. We are not agitating an eight-hour day because of its effect on your profits. We propose the abolition of all your profits. The sooner you learn this the better.

"The workers are not much concerned with your profits. If your margin of profits is small, or if you go behind in your venture, it is not their fault. You will have to look elsewhere for the leak.

"The Socialist party initiated this measure.

"We are standing for the eight-hour day because it is only the beginning, and when we get that we are going to get the seven-hour day and the six-hour day. Socialists would not be satisfied with anything less than a six-hour day."

Later, on Oct. 2, in an address before the Rotary club at the Alexandria hotel, Mr. Williams' opening sentence was:

"This is not a Socialist measure. Any Socialist would be considered crazy by Socialists if he advocated an eight-hour day, when all the work of the world could be done if everybody worked four hours a day."

Glendora voted down the pool and billiard hall proposition by a vote of 304 to 102.

THIS is not a branch store but we move the whole stock to Glendale. We made a specialty of Ladies' and Childrens' Shoes in Los Angeles and will add a good, up-to-date line of Men's Shoes. We will try to give our customers as good, and a little better if possible, than they can buy elsewhere for the same money. On account of our very reasonable rent, we shall be able to sell the same goods for less money than we could in Los Angeles. All of our shoes are guaranteed to give you your money's worth in hard wear. We will try to make it to your advantage to give us a portion of your patronage.
