

Come to Cape Cod • Martha's Vineyard or Nantucket this summer

Eastward into the blue Atlantic curves a narrow breeze-swept strip of green . . . bordered by 300 miles of glistening white sand beaches, rolling dunes, dashing surf, sheltered bays for swimming in clear healthful waters of from 68° to 72° temperature . . . flanked by two delightful islands, Martha's Vineyard and Nantucket, reached by steamer from Woods Hole. The centuries have left their marks throughout this fascinating region, and you will find the houses, churches, town halls, village greens, colorful gardens, fishing shacks and wharves, towering elms and crooked streets, with here and there a windmill . . . all well preserved, still serving their original purposes. They testify eloquently to the simplicity and good taste of our Colonial fore-

fathers, and the fine appreciation of the present generation for the antiquity and the traditions of the past. No wonder people from all over the country flock to these hospitable shores each summer to spend a week, a month or a season . . . playing golf or tennis, riding, cycling, swimming, boating or just enjoying the natural beauty of this choice vacation land! Cool evenings are a pleasure here, for the pesky mosquito has become a RARITY! For full details concerning Cape Cod, Martha's Vineyard and Nantucket, including their many fine hotels, interesting inns and comfortable boarding cottages, consult our booklet "Southern New England Resorts and How to Get There".
