Why take unnecessary chances in driving your car into traffic, and getting into all kinds of trouble. The Boston Courts are always filled with minor Automobile law violations, which takes time and money for fines. We have two of the largest and finest garages in Boston. One directly opposite the other, a few steps from Commonwealth Ave. or Beacon St., just outside of the heavy traffic, where your car and anything you care to leave with it will be safe. 75 Miles from Boston on the Route to the White Mountains.

ROCKINGHAM HOTEL

PORTSMOUTH, N. H.

Located on State Street in the heart of the City.

PORTSMOUTH, NEW HAMPSHIRE

Was settled in 1623 by David Thompson, a Scotchman, at Odiorne's Point, at the entrance of the Piscataqua River. The city is now located three miles from the sea on the southwest bank of the river. It was the capital of the province of New Hampshire prior to the Revolution. From the early days of its history, Portsmouth has been a ship-building town.

The whole region is a noted ocean summer resort, with the Rockingham Hotel located in the heart of Portsmouth over 5,000 touring automobiles pass through Portsmouth daily in the summer time, en route either to Maine resorts and the White Mountains, or returning. The Shore Boulevard is one of the two roads leading from Portsmouth toward the south. A steamer sails from Portsmouth daily, in the summer, to the Isles of Shoals, seven miles at sea. They are widely known through the writings of Celia Thaxter, who lived on one of them and were visited by Captain John Smith in 1614. Conventions are held on the Islands in July and August. The daily candle-light service is noted.

Portsmouth is widely known for its fine examples of Colonial architecture, and particularly its doorways and carved woodwork. It probably has more interesting Colonial doorways than any other city or town in New England.

The leading industry is the Navy Yard, which is more than one hundred years old. It is reached by a government ferry from the foot of State Street, or by crossing the bridge to Kittery Point. At the Navy Yard are to be seen the building in which the Peace Treaty between Japan and Russia was signed in 1905, the Commandant's residence in which Admiral Farragut died, and the Atlantic coast Naval Prison. The spot on the floor of the Supply Building, where the Portsmouth Treaty was signed, is marked by brass clasped hands and brass disks set in the floor. Among the ships stationed, refitted or built here were the

"Constitution," the "Kearsarge," and Admiral Farragut's flagship, the "Franklin." Lieutenant A. W. Greeley and his five fellow survivors of his ill-fated Arctic expedition recuperated here. Admiral Cervera and 700 Spanish sailors were kept here following the battle of Santiago in the Spanish-American war, in which they were captured. It is now the Atlantic submarine construction and repair base of the Navy. It is noted for producing submarines at a lower cost, in quicker time and with better workmanship than any other yard, public or private, in the country, the shipbuilding traditions of the region contributing to its efficiency. Fishing is an industry.

A new two-million dollar bridge spans the Piscataqua River to Kittery Point, Maine, in memory of American soldiers and sailors, at the expense of the Federal government, the states of New Hampshire and Maine and the city of Portsmouth. Owing to the fact that the average depth of the water is from 40 to 60 feet, Portsmouth Harbor is the deepest on the Atlantic coast. The sinking of the bridge piers was an unusually difficult engineering feat and involved the use of caissons at a depth of 80 to 90 feet under the surface of the water. This bridge now provides a new route into Maine.

At New Castle, New Hampshire, is Fort William and Mary, now Fort Constitution, built about 1630. On the night of December 14, 1774, this fort was attacked by a party of patriots and fifteen barrels of gunpowder seized. It was afterwards used at Bunker Hill.

MARKET SQUARE AND OLD PARADE

Former site of State House, town pump, and whipping post. Scene on November 1, 1765, of mock funeral procession protesting Stamp Act of George III. Here the Declaration of Independence was read July 18, 1776. On June 26, 1788, State House was illuminated in honor of adoption of Federal Constitution by New Hampshire, the ninth state. This action completed the number necessary for its adoption by the country. October 30, 1789, President Washington addressed a great throng from the balcony of the State House. The State House was removed in 1836.

Fine bull's eye glass in the door and cupola. House contains many articles of early furniture and interesting frescoes of unknown origin.

ST. JOHN'S CHURCH AND CEMETERY

Chapel St. In 1732 Queen's Chapel was erected on Strawberry Bank. Named in honor of Queen Caroline, who presented chapel with a service of plate stamped with the Royal Arms. Present building erected in 1807-1808. Contains interesting memorials and one of the four American copies of the "Vinegar Bible." Bell brought by Sir William Pepperell in 1745 as part of plunder from Louisburg. Recast by Paul Revere in 1806. In the church is "an ungodly chest of whistles," an organ presented to the parishioners by the Brattle Street Church in Boston, which the pious people of that congregation refused to accept. Pew occupied by Daniel Webster is marked. President Washington and his secretary, Tobias Lear, occupied the Governor's pew.

It was reproduced as the New Hampshire Building at the Jamestown Exposition.

House visited by President Washington, November 3, 1789.

FIRST WENTWORTH HOUSE

Manning St. Erected by Samuel Wentworth probably before 1670. Birthplace of his son John Wentworth, Lieutenant-Governor of the Province. A Famous hotel, standing on the site of former home of Hon. Woodbury Langdon, elder brother of Gov. John Langdon. Original house burned, 1781, rebuilt in 1785. In 1830 it became a public house known as the Rockingham. The Colonial dining room with its fine wood carving, which formed a part of the Langdon mansion, escaped destruction in 1884 when fire damaged the major part of the building. The room is still preserved as part of the Hotel, and is of interest because of its woodwork. A cordial invitation is extended by the management to the traveling public to visit this room.

It came into possession of Alexander Ladd and his wife, whose descendants transferred possession to the Society of Colonial Dames. Building was the first square three-story house in New Hampshire and is of unusual architectural interest. Hall is a reproduction of a hall in house of Captain Moffat's father in England. Some of the wood carvings were done by Grinling Gibbons, celebrated English architect. Whole house is furnished as the home of a well-to-do family of the eighteenth century. In the rear is a most delightful old garden with arbors, walks, old-time flowers, terraces and lawns, carefully maintained.

LAUNCHING PLACE OF "RANGER"

The Town of **FAIRHAVEN** Massachusetts

FAIRHAVEN is one of those few towns which has all the conveniences of the city, without the attendant hustle, bustle and commercialism of the larger communities. The discriminating person who seeks rest and comfort among congenial surroundings will find it here. Fairhaven enjoys the advantage of a cool breeze even during the hottest day as the prevailing wind is from the southwest which sweeps across Buzzards Bay, and when Boston is sweltering the temperature of Fairhaven is about 10 degrees lower with air stirring. Its situation on the east bank of the Acushnet river near the head of Buzzards Bay, and the possession of one of the finest harbors along the coast, entitles it to the name which it bears. Many of its townspeople are identified with the big interests in the city of New Bedford, situated on the west bank of the river, and own fine homes which add charm to its natural environments. One of the chief characteristics of the place is the fine public spirit and civic pride that makes it an ideal spot. The plans evolved for the development of the town have been made possible through the interest which the late Henry H. Rogers took in his birthplace.

MAGNIFICENT ROADWAYS AND PUBLIC BUILDINGS

No town of five thousand inhabitants enjoys such fine roadways, and so many magnificent public buildings as those in Fairhaven. The excellent modern streets and highways have been extended year after year. The handsome public buildings are grouped near the centre of the town. The Unitarian Memorial Church, erected in memory of the mother of Mr. Rogers, is the most imposing of these edifices, with its connecting parish house and parsonage with beautiful and spacious lawns, is considered one of the finest groups of church buildings in New England. The elaborate interior fittings are even more superb than the exterior. Another architectural gem is the Millicent Library, a gift to the town in memory of a daughter of Mr. Rogers. It has as complete a collection of books as many large city libraries. Opposite from the library is the Town Hall building, a splendid specimen of civic architecture. Erected as a memorial to Mrs. Abbie P. Rogers, the wife of Mr. Rogers. Other beautiful structures built by Mr. Rogers in the town are the Masonic building, the Rogers school, Tabitha Inn, and the High School. This school is a remarkable one in many ways; first, in its appointments, which surpass anything of the kind to be found in few if any cities in the world. Its location, at the Fairhaven approach to the bridge, is magnificent, a fitting introduction to the visitor entering Fairhaven. The interior equipment is fully in keeping with the exterior appearance.

A COMMUNITY OF FINE HOMES

Fairhaven has broad, well-aligned streets, shaded by fine old trees, which are bordered by handsome residences, usually set among spacious and well-kept lawns. The thickly settled portion of the village is compact, so that one travels but a short distance before arriving amid rural scenes.

SPORTS AT THE STADIUM

The High School Stadium, another gift of Mr. Rogers, is the scene of many interesting games, track meets, pageants, fetes, etc., as the townspeople enjoy all the privileges.

Golfers can find enjoyment at the Reservation Course in Mattapoisett, one of the oldest in the country and most attractive and well kept.

BOATING, BATHING AND FISHING

Fairhaven has everything to offer in the way of boating, bathing and fishing. The upper reaches of the river are as quiet a sheet of water as on an inland lake. The lower harbor and Buzzards Bay offers an opportunity for use of larger craft, speed boats for cruising along the coast or across the bay into Vineyard Sound, the great waterway of a continent. Both salt and fresh water fishing are very good and convenient. Ten minutes walk from the centre is the bathing beach, the popular resort of both Fairhaven and New Bedford, conducted under the direction of the Union Street Railway. The water is of medium temperature, and the sloping nature of the shore ensures safety for the bather. Here is a fine group of bath-houses with bathing pier and Clambake pavilions where they and the grounds about them are kept in perfect order.

STEAMER EXCURSIONS

From New Bedford there are many steamer excursions to many points. On the beautiful islands of Marthas Vineyard and Nantucket are many places of interest. Gay Head, famous for its revolving light, and citizens who are the last of the race of Indians that once inhabited the island, also for specimens of the potter's art made from the bright-colored clay from the cliffs of Gay Head. Other interesting points on Marthas Vineyard island are the north shore, famed for its magnificent water views; Oak Bluffs, a summer city of cottages; and Edgartown, a quaint old town at the southerly end of the island. Farther at sea is the island of Nantucket, a village, town, and county all in itself. This is a curious and interesting island, whose genial and sturdy people live the same sort of lives their forefathers lived two hundred years ago. Once famed as a whaling port, now one of the most important fishing ports in the east, fine homes there built by the fortunate captains of old are now owned by wealthy summer residents. The actors' colony at Siasconsett, a quaint group and it is a picturesque spot. Two of the best golf courses in the country are on Nantucket Island.

TROLLEY TRIPS

There are innumerable places of interest within easy reach of Fairhaven by the trolley cars. The New Bedford & Onset line, which passes through the town, traverses Mattapoisett and Marion, both of which boasts of many fine summer estates, then through the old town of Wareham, to Onset, which has a somewhat flaring fame as the home of every sort of religion extant. The car line has its eastern terminus at Buzzards Bay about 25 miles away. All along the car line there are interesting bits of rural and shore scenery.

CLAMBAKES ON HISTORIC GROUND

Fairhaven has gained a just renown in the old-fashioned clambake. No summer is complete in the New England summer resort without a succulent clambake. Clams cooked in seaweed heated on hot stones, together with all the seasonable vegetables, is a delicacy. They serve the bakes in the pavilions near the Fort Phoenix reservation, one of the most picturesque spots in the east, and

every foot of which is historic ground. The narrow cart path which runs down to the fort is known as Garrison lane, for it was here that the "Red Coats" were met by Fairhaven's brave defenders. The old laneway is bordered by stunted cedar trees, through whose sparse branches the winds of a hundred years have blown. The straggling stone walls that skirt the side of the roadway are monuments to the patience of the early settlers.

THE GATEWAY TO CAPE COD

The motorist will delight in the wonderful roads and shore scenes in this section. The Provincetown trip is 90 miles and every mile of modern highway within view of either the ocean, Buzzards Bay, Cape Cod Canal or Vineyard Sound. The Plymouth loop is another popular auto route for motorists. Also the Woods Hole, Hyannis and Canal trip.

SPOTS TO CHARM THE VISITOR

Fairhaven has many other attractive spots to charm the visitor. In the centre of the town a wonderful transformation scene occurred a few years ago. What was once a muddy-bottomed pond has been filled in with hundreds of thousands of cubic feet of earth, brought from a mile away. Over two years were occupied in this work alone, and since then the park was set out with trees and shrubbery, until it is now a beautiful spot. The old wharves along the river front which were the scenes of activity during the whaling days are now alive with the building and repairing of pleasure craft.

FORT PHOENIX AND VICINITY

The fort proper is buttressed by immense ledges of granite. In places these ledges rise almost perpendicularly from the shore and from the top one can get a fine view of the lower harbor, and on clear days even the distant heights of the Elizabeth islands and Marthas Vineyard are discernible. The great triangular-shaped beacon here surmounted by a black ball, serves as one of the ranges by which pilots follow the channel of the harbor. Following the shore east from the fort one gets a good idea of the nature of the coast of this section where numerous substantial summer cottages dot the shore line. Fort Phoenix shore has been a favorite spot for those interested in gathering specimens of sea mosses.

SCONTICUT NECK

Sconticut Neck, a strip of land narrowing as it runs southerly into Buzzards Bay, is within easy driving distance of the village. It is an interesting section of the town for the visitor. Here are some of the first houses erected in this part of New England. Still standing is the chimney of the old John West house, one of the few homes spared at the time the British troops marched down the Neck in 1778. The owner of the house was a Tory. Most of the Neck shore property has been taken up for summer homes. Down on the tip of the Neck is an attractive summer colony. One can here get a fine view of the bay, and at night the great revolving red and white light at Gay Head is seen quite plainly. Jutting out from the mainland are a series of great ledges. Off these ledges and all along in this vicinity are some of the finest fishing grounds in New England.

First alarm to be given by striking four rounds on all bells

Second alarm to be given by striking three blows on all bells followed by one or more rounds of box number

Third alarm to be given by striking five blows on all bells followed by box number

Calls for the assistance from Boston by striking ten blows, followed by box number on all bells

The recall signal is to be given by striking two blows on all bells, except when a second box has been given before the recall signal of the first box has been sounded, then the recall will be two blows followed by the box number

If before the recall is sounded for a first alarm from a given box, an alarm is received from another box responding to the alarm from the first box, all companies that would respond to a second alarm from the first box will answer the alarm from the second box

In case a third alarm has been given and before the recall signal is sounded, an alarm should be rung from another box, all unemployed companies will respond, also engine company from Boston which would respond in case a call for assistance had been rung from that box

What's in a Name?

W. A. Greenough established a directory business under his own name in 1862 and since that time 61 years ago, we have carried his name. The present Corporation of W. A. Greenough Co. succeeded W. A. Greenough & Co., in April, 1923, and are publishing the same directories under the "Greenough" system, so well known all over New England.

The Green "O" is a distinctive sign in the Directory business and carries service second to none.

No Directory Library is complete without it.

We have experienced foremen and employees in every department and we spare no efforts in improving the service furnished with this name.

Recognizing the value of a House Directory we were among the pioneers to include that additional service in the single volume, and we are the only Directory Publishers who furnish the wives names in all our publications.

Watch for the Green "O" and Get Service.
