DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 115015

Mr. Charlesworth Rpt
Mr. Nimmerman

y.f.

11/27/50

November 21, 1950

To : Chief of Shikoku Civil Affairs Regions

Attn: Economic Section

From : Chief of Aquatic Section, Tokushima Pref.

Subject: Monthly report on marine products.

Herewith submitted the report of the subject matter for the month of November as per attached papers.

acting Chief of Aquatic Section,
Tokushima Pref.

T. Nakashima

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 175013

1. Extent to which information and educational material is being made available to individual fishermen and method of dissemination of such material.

A. Information and educational material made available to fishermen:

(1) Radio broadcasting (local):

October 26: Compensation for fishing right. For 10 minutes.

(2) Printing matters:

a. Pamphlet:

i. On November 13; 190 copies of "Cooperative Association and Fishing-Boat Insurance"were distributed.

ii. On November 16; 190 copies of "Management of Cooperative Association" were distributed.

b. News paper:

i. "Information of Meeting on Dissemination of Fishing Law" was inserted in the Prefectural Information columns of Tokushima Mimpo and Tokushima Shimbun.

ii. "New Fishing Communities" published by Survey and Research Laboratory, Fisheries Agency were distributed on November 17. 110 copies.

c. Meetings for dissemination:

"Re Enforcement of Fishing Boat Ordinance", under the auspices of Aquatic Section, Tokushima Prefecture.

October 24: At Fishermen's Coop. Assn of Satoura, Naruto City. (For northern part of the Pref.)

October 22: At Tokushima Pref. Office (For Central Marine Area of the Pref.)

October 29: At Public Hall of Mugi Cho, Kaifu Gun. (For all the southern marine area of the Pref.)

B. Method of dissemination of the above information and materials.

(1) Efforts are being made to have them pay attention to the articles inserted in prefectural information column of Tokushima Mimpo and Tokushima Shimbun.

(2)

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 113013

(2) The number of the printed matter sent from the Home Ministry being few, the fishermen are urged to read and pass on.

(3) Bulletin board. Efforts are being made to have other informations put up on the bulletin board of each Fishermen's Co-operative Association.

2. Implementation of Fishing Right Reform and enforcement of Fishery Law No.267.

A. On October 16 each Marine Area and Fishery Regulation Committee started to collect from each Fishermen's Cooperative Association basic materials for fishing ground project and to inspect its fishing ground. On November 7, it was ended by inspecting the Southern Marine Area and Hiwasa Fishermen's Coop Assn.

B. Continuously from last month, for basic material of fishing ground project, investigation of management of fishery, drafting map of artificial rocky shoal (for alluring fishes), investigation of inland waters fishery, and fish migration survey are being carried on.

C. The 2nd Fishery Regulation Committee meeting were held:

Northern marine area: on November 14; at Naruto City Public Hall. Topics of discussion:- Consolidation of basic materials for fishing ground project; Area and duration of prohibition against small-sized trawling.

Central marine area: on November 18 and 19; at Prefectural Office. Topics of discussion:- Re policy of drafting fishing ground project; Area and duration of ban against small-sized trawling.

Southern marine area: Expected to be conducted on November 24.

3. Program of Fishermen's Cooperative Associations.

A. Program.

(1) Propaganda and dissemination of gist:

a. Distribution of printed matter:

i. Guidance on cooperative management

ii. Method of preparing business report.

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 115013

(2) Execution of inspection for guidance of coop.

During the month of December about 10 coop. will be inspected.

(3) Guidance on transfer of cooperative association properties.

About 5 association will be directed.

B. Obstacles to the plan.

(1) Difficulty in furnishing fund for recovery of joint fishery equipment that suffered damage due to Jane and Kezia typhoons is the obstacle in the management of the cooperative.

(2) Dropping in the price of fish and upping of price of materials have aggravated fishermen's finance. What is more, the tremendous damage inflicted upon by the said typhoons aggravated their finance all the more, thereby management of cooperative has been very badly affected.

4. The manner in which the Fishing Boat Insurance is being carried out.

Application for fishing boat insurance is still undertoned. Working together, therefore, with Fishing Boat Insurance Association, afforts are being made to encourage their application through Fishery Coop. As'sn. Besides, meetings were held in the three areas for dissemination of Fishing Boat Ordinance, in which the gist of fishing boat insurance was explained to popularize it. The number of fishing boats applied for policy from October 21 to November 20 is 88.

5. The financial condition and credit problems of the fishermen and the effectiveness and method of operation of Fisheries Mutual Aid Financing Program.

(1) Fishermen's financial condition: It is very bad due to poor catch and paying out for taxes.

(2) Problem of credit loan: In a certain Fishery Coop. Assn some members have seceded from association in order to appropriate for living expenses. Making an estimation, the credit loan seems to be considerably held up.(7 members of Izari Fishermen's Coop. Assn)

(3) There are some poor associations that failed to make reserve for the fund established last year. This is presumably due to poorer catch of fish than expected. As for

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 115013

the associations that are unable to make reserve by the fixed date will be made to pay with the fund and the balance will be changed into ordinary fund. As regards the fund for three large setting lift nets that needs be laid down during this month will be financed by making practical application of fishery bill system, it was admitted.

6. Marine products, storing, and distribution.

(1) Amount of products	446,548 kan
(2) Storing	374 "
(3) Distribution:	
In this prefecture	99,119 kan
In other prefectures	75,260 "
For processing	272,169 "

Compared with last month, the sea was calm and amount of catch restored normalcy.

7. Adequacy of petroleum and fishing materials:

(1) Petroleum products:

The amount of petroleum allotted for this prefecture is only ¼ of demand, that is to say, the fishermen going out fishing are restricted to only ¼ of them.

(2) Cotton fishing-net and rope:

Nothing to be mentioned.

8. Other problems such as illegal fishing, etc.

The violators that had been controlling themselves for a while have again started illegal operation due to pressure of living and setting in of shrimp fishing season.

On October 24, six boats of Tsuda Cho, Tokushima City was arrested by Komatsushima Marine Safety Squad off the shore of Tachibana Bay for violation. Again on November 4, 10 boats, mostly of Tsuda-Cho, were arrested by Tachibana Police Force.

Judging those above-mentioned violators of malignant nature the Prefecture is in the course of taking an administrative measure.

9. Others.

Nothing particularly worth mentioning.

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 115013

LIAISON SECTION
KAGAWA LOCAL GOVERNMENT

KAGAWA LOCAL LIAISON
DISPATCH No. 347

Date: 26 Nov. 1950

SUBJECT: Monthly report of Aquatic Section.

TO : Chief of Shikoku C. A. Region.

ATT : Economic Section.

In accordance with your request of July 17, 1950, I hereby beg to report on the above subject as per attached sheets.

K. Murayama
Chief of Liaison Section
Kagawa Local Government.

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 175013

1. Extent to which information and educational materials is being made available to individual fishermen and methods of dissemination of such materials.

The Section received such educational information titled as "Fishermen and Cooperative Ass'n," "Accounting of Cooperative Ass'n", which were sent from the Fisheries Board.

We immediately distributed two copies to each Fishermen's Cooperative Ass'n.

As it is impossible to make wide distribution among general fishermen due to limited short copies we urged the Cooperative officers to disseminate the substance of information after they read the pamphlets sent from us.

2. Implementation of Fishing Rights Reform and Enforcement of Fisheries Law No. 267.

Holding the Fishing Area Adjustment Committee meeting.

(1) Eastern and Central Part Fishing Area Adjustment Committee meeting. (2nd meeting)

Date: 2 Nov. at 10.00 a.m.

Place: Secretariate of the Committee, 1-2, Shimoyoko-cho, Kitahama, Takamatsu.

Attendance: All members of the Committee concerned (20 persons)

Miyauchi, Aquatic Section Chief
Watari, technical official.

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 115013

Subject taken up at the meeting.

a. Object of the reform of fisheries, the responsibility of Committee-members.

b. Deciding upon the order of working out, or examining the fishing area program. (It has been decided that the subject for discussion "Masuami" is to be taken up by the Eastern Part Fishing Area Adjustment Committee and the subject "Komi-Ami" is to come before the meeting of the Central Part Fishing Area Adjustment Committee at the next meeting.)

c. Appointing three clerks for each fishing area and holding thrice the Committee meeting per month.

(2) Seisan Kai-ku (Western Part) Fishing Area Adjustment Committee meeting. (3rd meeting)

Date : 7 Nov. at 0900 a.m.

Place: Secretariate of the Committee, Kannonji-cho, Mitoyo-gun.

Attendance: All the members of the Committees concerned. (10 persons in all)

Watari, technical official of the Prefectural Aquatic Sect.

Subject taken up

a. Screening of the order of working out or examining the fishing area program.

As the result of discussion on this subject, it has been decided to put their definite decision off until the meeting of public hearing is held.

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 115013

b. Making arrangement for holding a meeting of Public hearing.

c. Re-examining the management of the Committee.

(3) Tosan Kaiku (Eastern Part) Fishing Area Adjustment Committee. (3rd meeting)

Date: 13 Nov. at 10.00 a.m.

Place: Secretariate of the Committee, Shimo-yoko-cho, Kitahama, Takamatsu.

Attendance: All the members of the Committee concerned. (10 persons in all)

Miyauchi, chief of Prefectural Aquatic Sect., Yabe, technical official, Watari, technical official and other three stafis.

Subject taken up

a. Explanation of data needed for discussion on the Problem of "Masu-ami"

b. Other fishing problem hampering the improvement of production and the utilization of fishing area.

c. Making definite decision on the fishing problems by means of holding fishermen's public hearing and appointing special committee-men. The problem on appointing special committee-men was left in governor's hands.

(4) Chusan Kai-ku (Central part) Fishing Area Adjustment Committee meeting.

Date : 4 November at 10.00 a.m.

Place: Secretariate of the Committee, 1-1, Shimoyoko-cho, Takamatsu.

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 113013

Attendance: Members of the Committee concerned
(10 persons in all)

Miyauchi, chief of Prefectural Aquatic Sect, Yabe, Watari, Mieda, technical official and ~~other~~ two other staffs.

Subject taken up

a. Explanation about the investigation data needed for the fisheries adjustment of "Komi-ami" (a kind of fishing net) and working out the chart of fishing area.

b. On the difference between approved fisheries and licensed fisheries and its merits and demerits.

c. Based on the actual investigation, the attitude of the Adjustment Committee is to be decided tentatively at the next meeting and efforts should be made to let the fishermen's voices reflect in this line of our resolution previously decided at the meeting as the will of the committee. This motion was approved at the meeting.

5. Seisan Kai-ku (Western Part) Fishing Area Adjustment Committee meeting. (4th meeting)

Date : 15 Nov. at 0100 p.m.

Place: Secretariat of Kannonji-cho, Mitoyo-gun

Attendance: All members of the Committee concerned
(10 persons)

Watari, Mieda, technical official
of the Prefectural Aquatic Section.

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 175015

Subject taken up

a. To decide upon the discussion order of the problem on trawl fishery i.e. Sensha-kogi (a kind of fishing catch prohibited as illegal) and so on.
(This is the core of discussion in the morning)

b. Problem on prohibited fishing area accompanied by the proposed adjustment program for trawl fishery.

c. On the matter for discussion, to be taken up at the next meeting.

The subject for next discussion:

Treatment of Joint Fishing Right
(Kind of right: Class 1st and 3rd)

As to the Item b mentioned above, the definite program is to be again worked out at the next meeting after collecting ample data.

Held the meeting of Public Hearings.

1. Tosan Kai-ku (Eastern Kagawa Sea Area)
Sponsored by Fishing Area Adjustment Committee.

Date : 20 Nov. 1950

Place: At Yasuda-mura Fisheries Cooperative Ass'n, Yasuda-mura, Shodo-gun.

Attendance: All members of the Committee (10 persons) Inoue, technical official, Mieda, technical official.
Fishermen, Supervisory Committee-men, and members of Fishermen's Cooperative Ass'n. of Fukuda-mura, Yasuda-mura, and Sakate-mura and others interested.
(Nearly 80 persons in all)

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 175015

a. This meeting was designed to hear fishermen's voices and not to give answer to the question raised.

b. On the problem of "Masu-ami"

c. On the control over "Sensha-kogi"

In view of the nature of affecting other fisheries interests, it was strongly demanded to take severe control over "Sensha-kogi" fishing.

d. There was a demand for taking some steps to protect fishing with a drag net and to control over fishing with "Iwashi-ami" by using the light.

2. Seisan Kai-ku (Western Kagawa Sea Area)

Date : 15 Nov. 1950 at 0900 a.m.

Place: Secretariate of the Committee, Kannonji-cho, Mitoyo-gun.

Attendance: Members of the Fishing Area Adjustment Committee (10 persons)

Watari, technical official, Mieda, technical official of the Prefectural Aquatic Sect Chiefs of Fishing Right Supervision Committee of the Fisheries Cooperatives (except Shishijima Fisheries Co-operative Ass'n.) (10 persons)

a. In answer to the question "what is the purpose of the revised regulations", explanation was given.

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 175015

b. Opposing to the demand for the legalization of "Sensha-kogi" fishing (Number of fishing boats : 400), fishermen requested to take control over the fishermen who might be engaged in such fishing.

c. To issue a license or permission after taking into consideration the special nature of sea area in western and eastern Kagawa-ken.

d. There were various opinions on the abolition of adjusting the unbalance in "Masu-ami" fishing, extension of off-fishing area.

e. Replying to the request, "To make thorough investigation on the real condition of fishermen by members of Fishing Area Adjustment Committee.", we urged not to forget to grasp the real status of petty fishermen at the time of investigation.

2. Fisheries cooperatives program.

a. On short course on accounting business relating to the Fisheries cooperatives.

A short course was held for four days beginning 14 through 17 at the Shoyu Kai-kan, Niban-cho, Takamatsu to give practical knowledge of accounting business to the officers of Fishermen's Coop. Associations.

Nearly fourty students gathered together from twenty associations attended this lecture which was given by accounting expert coming from Tokyo.

b. Most of the Fisheries Cooperative Associations are in a poor financial condition and it is of vital importance to place their financial condition on the stabilized foundation.

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 175015

But the real situation is that there are still several cooperatives that have not yet finished taking over property formerly owned by the old associations.

It is therefore very important to hasten their delayed transferring business of the porperty from the economical point of view.

We are taking every possible mears to urge their transferring business.

4. Practical ways for materializing the Fishing Boat Insurance Program.

The number of vessels covered by the fishing boat insurance during the month is 7.

Total No. of vessels covered up to the present: 282

Others : None

5. The financial standing and credit problems of the fishermen and the effects and methods of operation of Fisheries Mutual Aid Finance Program.

There have been no remarkable progress on this matter as compared with last month but every possible efforts are now being made by all the persons concerned to make best use of the credit system.

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 175015

IK/OK

6. Fish production, preservation and distribution.

(a) Amount caught classified by kind of fish.

Kind of fish	Amount (Unit: Kan)	Kind of fish	Amount (Unit: Kan)
Seabream	11,437	Spanish mackerel	750
Sea bass	7,062	Black porgy	8,991
Muller	11,045	Mamakari	1,274
Flat fish	2,016	Sardine	72,631
Horse mackerel	7,951	Flat head	1,014
Marine sharp-teethed eel	4,569	Harvest fish	1,207
Goby	1,094	Conger eel	9,098
Getal	550	Gray rock cod	1,911
Globe fish	554	Hair tail	1,934
Mackerel	122	Yellow tail	20
Shiner	1,315	Guchi	2,634
Larval fish of sardine	2,242	Sandlance	570
Crab	3,444	Octopus	36,232
Shrimp	48,748	Cuttle fish	20,202

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 115015

Clam	1,428	Others	63,658
Total	325,707		

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 175015

(b) Catch by type of fishing.

Type of fishing	Amount (Unit: Kan)
1. Utase-ami (trawl-net) fishing.	99,038
2. Masu-ami (cube-shaped-bag-attached pound net) fishing.	13,186
3. Tatte-ami (setting net) fishing	4,157
4. Iwashi kinchaku-ami (sardine purse seine) fishing	71,411
5. Iwashi funabiki-ami (sardine drag-net) fishing	363
6. Iwashi jibiki-ami (sardine beach seine) fishing	3,598
7. Kochi-ami fishing	70
8. Mamakari nagashi-ami fishing	677
9. Uo komashi-ami fishing	29,294
10. Daibo kaku-ami (large square pound net) fishing	1,521
11. Aji otoshi-ami fishing	2,187
12. Kogi-ami fishing	12,048
13. Zatsugyo jibiki-ami (miscellaneous fish beach seine) fishing	4,743

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 175015

14.	Zatsugyo nagashi-ami (miscellaneous drift net) fishing	321
15.	Sawara nagashi-ami (spanish mackerel drift net)	287
16.	Fuyu-ami fishing	83
17.	Aji shibari-ami fishing	41
18.	Shiso-ami (four-boat lift net) fishing	128
19.	Kani sukui-ami (crab lift net) fishing	257
20.	Ikanago funabiki fishing	570
21.	Ippon-zuri (pole and line) fishing	22,711
22.	Makie-zuri fishing	8,278
23.	Tako-nawa (octopus fishing line) fishing	24,077
24.	Nobe-nawa (long line) fishing	20,744
25.	Hokotsuki fishing	320
26.	Kagonawa (trap and line) fishing	157
27.	Taguri-ami	238
28.	Others	5,202
	Total	325,707

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 175015

7. Adequacy of petroleum and fisheries materials.

a. Petroleum.

Allocation of petroleum for the 3rd and 4th quarter term was finished but some of the fisheries need more increased allocation of petroleum because the present allocation amount is too small to satisfy the fishermen's demand.

Accordingly we contacted on 31 Oct with the Aquatic Board on the additional allocation of heavy oil (1,438 Kl) and of light oil (281 Kl).

To our application for the additional allocation, the Aquatic Board make tentatively the following allotment of oil.

Heavy oil : 163 Kl

Light oil : 29 Kl

As a result of having received an additional distribution of oil, the situation of demand and supply seems to be slightly turned favourable but it cannot be denied that the allocation scale of petroleum decided by the Aquatic Board is insufficient and the anxiety about petroleum is still widely prevailing among fishermen.

b. Fishing materials.

Despite of the fact that the fishing in the next spring will be considerably hampered due to short materials, we have not yet received any distribution of fishing materials for the 3rd and 4th quarter term.

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 115015

We are therefore asking for the early realization of fishing material allocation

8. Illegal fishing.

As the result of the severe enforcement of controlling measures, illegal fishing in the type of "Sokobiki-ami" in the sea area of Eastern Kagawa has been falling down and no fishing by two big-type boats equipped with a trawl net can be seen.

In the sea area of Western Kagawa, fishing with a special type trawl net called "Manga-Kogi" was being widely conducted but now the number of fishing boats equipped with such a special type trawl net and the number of catching days have been decreased remarkably due to the constant watching and severe control by the Marine Safety Board.

Result of control by patrol

7 days (from 21 Oct tO 20 Nov)

From 3 Oct to 3 Nov, the patrol boats were on land for mending.

Violation cases.

Eastern Sea Rea

Number of case: 1

Nature of violation:

"Sokobiki-ami" fishing by small type of vessels.

Leaving the fishing equipment, fishermen escaped.

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 115015

Other violation acts were not seen.

Western Sea Area.

Number of case: 1

Nature of violation:

Same type of fishing as above.

We got the fishing materials left by fishermen who narrowly escaped.

No operation of fishing by big-type vessels could be seen.

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 115013

EG/SH.

LIAISON SECTION
KAGAWA LOCAL GOVERNMENT

KAGAWA LOCAL LIAISON
DISPATCH No. 320

Date: 26 Oct., 1950

SUBJECT: Monthly Report of Aquatic Section.

TO : Chief of Shikoku C. A. Region.

ATTN : Economic Section.

In accordance with your request of July 17, 1950, I hereby beg to report on the above subject as per attached sheets.

for K. Hara
K. MURAYAMA
CHIEF OF LIAISON SECTION
KAGAWA LOCAL GOVERNMENT.

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 175015

1. Extent to which information and educational materials is being made available to individual fishermen and methods of dissemination of such materials.

Nothing to report.

2. Implementation of Fishing Rights Reform and enforcement of Fisheries Law No. 267.

(1) The 1st meeting of Fishing Area Adjustment Committee Men.

a. Date of meeting held: 9 October 1950

b. Place: Shoyu Kaikan Hall, Nibancho, Takamatsu.

c. Attendants: The governor Kagawa Ken :

Masanori Kaneko

Chief of Economic Department of Kagawa Local Government:

Inui Ono

From Shikoku C. A. Region:

Yonekazu Kaneko

Chief of Aquatic Section, Kagawa Local Government:

Toshio Miyauchi

Engineer of Aquatic Section of Kagawa Local Government:

Keio Yabe

Twenty Eight Committee men form each Fishing Area of Kagawa Ken attended.

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 115015

d. Subject taken up at the meeting:

(1) Appointment of the Fishing Area Adjustment Committee men by the governor of Kagawa Ken.

(2) Address of the governor to the committee men and the discussion concerning the duty of the Fishing Area Adjustment Committee men and the meaning of the revision of the law.

(3) Discussion of the Regulation of Fishing Area Adjustment Committee Men.

(4) Election of a chairman of Appointment of Committee men by election or by recommendation in each Fishing area.

(5) Kumao Mizobuchi appointed to the member of the Inland Sea Fishing Area Adjustment Committee men.

(6) Discussion concerning the successor of Kumao Mizobuchi.

(2) Holding of the meeting of the Fishing Area Adjustment Committee Men in Western Area of Kagawa Ken.

(a) Date of meeting held: 16 October 1950.

(b) Place: Ibuki Fisheries Co-operative Association at Kannonji.

(c) Attendants:

Engineer of Aquatic Section,
Kagawa Local Government: Keio Yabe

All members of the committee men of Western Area of Kagawa Ken.

(d) Matters discussed at the meeting.

1. Employment of secretary.
2. On foundation of office.
3. Adjustment plan for Fishing Area.

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 115015

(3) Works carried out on the adjustment of fishing areas.

(a) Completion of blue-print of each fishing area.

(b) Production of map which shows the status of fishing areas between the East and the West of Kagawa Prefecture.

(c) Each Fishing Right Management Committee of this prefecture was requested to submit a report of their fishing area programs to this section.

3. Fisheries co-operatives program.

(a) Financial Training Short Course was given to the members of the staff of Fisheries Co-operative Association for three days from 16 to 18 October at the Takamatsu Branch of Central Agricultural and Forestry Depository under the auspices of Fishing Village Finance Association, Fisheries Agencies and Central Bank of Agriculture and Forestry.

These attendants of short course mentioned above are scheduled also to be given another short course for finance by some lectures from the central government for four days from 14 to 17 November at Shoyu Kai Kan Hall at Takamatsu.

(b) Establishing a new Department, we are making our utmost efforts to improve, foster or strengthen the body of the Co-operative associations in this prefecture.

4. The manner is which the Fishing Boat Insurance Program is being carried on.

a. Two officials from this section were sent down to attend the annual meeting of Fishing Boat Insurance Program which was held on 16 September at Matsuyama, Ehime Prefecture.

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 175015

Representatives of Fishing Boat Insurance Association of four prefectures in Shikoku, and two officials from the Fishery Agent were attended the meeting.

b. The number of boats taken out insurance during the reporting month were 163 altogether.

5. The financial condition and credit problems of the fishermen and the effectiveness and method of operation of Fisheries Mutual Aid Financing Program.

The financial condition of fishermen are not so good at present due to abolition of subsidy for the fishing equipment or materials which caused the highering up of prices of fishing materials and other necessary articles, and the lowering down of fish prices.

The current financial stringency, sweeping over the fishing villages is chiefly due to the fact that people of fishing villages, as well as fishermen, are improvident, and that the "fishing" is largely depend upon the weather.

We are making our utmost efforts to ensure the fishermen to make use the Fishing Mutual Aid Bill system, which is believed to be only the way that can help fishermen for getting some capital.

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 115015

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 175015

7. Adequacy of petroleum and fishing materials.

a. Petroleum.

By the end of September, we finished to distribute first allocation for the third quarter term. Amount of heavy oil and light oil allocated were 30% and 60% respectively of actually needed, so we required Board of Aquatic Products to be distributed aditionally 400 Kl of heavy oil and 200 Kl of light oil.

Requisition has been made continually by fishermen at large to increase the petroleum allocation frame for aquatic products, and it is now expected that a little more increase will be admitted in near future.

b. Fishing material.

Though we required previously Board of Aquatic Products to be distributed supplemental allocation cotton yarn for those damaged by Jane Typhoon, it is uncertain to be distributed as there is no raw material and frame for such kind of additional allocation.

As to the allocations for the third quarter, it is unexpected when we can obtain them.

As the allocation of raw materials for maker have been so delayed that, seasonal operation in spring next year is feared to be considerably hampered, if the situation is as it is.

Thus, it is seriously desired to obtain frame for the damaged, to be allocated materials for the third quarter and to reserve raw material.

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 175015

8. Illegal fishing.

Consequent to the strengthening of control, illegal fishing in type of "Sokobiki-ami" in the sea area of eastern and western part decreased. It is expected that about 40 vessels are now fishing illegally.

Result of control by patrol.

7 days (from Sept 20 to Oct 2).

Since Oct. 3 patrol have been on land to be examined.

Western sea area.

"Sokobiki-ami" fishing by vessels Leaving the materials, they escaped.

Remarks: Patrol ship which have been on land is expected to be repaired and begin its work from the latter end of October.

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 175015

Mr. Chobanuk R/C O

October 20, 1950

To : Chief of Shikoku Civil Affairs Region.

Atten: Economic Section.

From : Chief of Aquatic Section, Tokushima Prefecture.

Subject: Monthly report on marine products.

Herewith submitted the report of the subject matter for the month of October as per attached papers.

Chief of Aquatic Section,
Tokushima Pref.

T. Fujimoto

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 175015

1. Extent to which information and educational material is being made available to individual fishermen and method of dissemination of such material.

A. Information and educational material made available to fishermen.

a. Radio broad-casting (local).

(1) October 9: Improvement of the system concerning rivers and lakes. For 10 minutes.

(2) September 28 : Authority and duty of Fishery Regulation Committee. For 10 minutes.

(3) Through September: Re Fishing-boat Law. For 5 min.

B. Method of dissemination of the above materials.

a. Radio broad-casting.

Effort is being made to disseminate the broad-casting hour of agricultural affairs.

2. Implementation of Fishing Right Reform and enforcement of Fishery Law No.267.

A. Initiation of Sea Area & Fishery Regulation Committee.

Committee on Sea Area and Fishery Regulation that plays an important role in the reformation of fishery system has finished selection of commissioners representing scholarship, experience and welfare; and the first committee meeting was held as follows:

Sept. 27: The first meeting of Northern Tokushima Ken Sea Area & Fishery Regulation Committee. At Naruto City.

Sept. 28: The first meeting of Central Tokushima Ken Sea Area & Fishery Regulation Committee. In Tokushima City.

Sept. 30: The first meeting of Southern Tokushima Ken Sea Area & Fishery Regulation Committee. At Hiwasa Cho.

In these committee meetings following the Governor's Address, mutual election of Chairman and establishment of business regulations were carried out. In the north and central sea areas the selection of members of the United Inland Sea Areas and Fishing Regulations Committee was conducted; then planning of fishing ground, management of

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 175015

the Committees, and selection of Commissioners of Prefectural Federation of Sea Area were discussed.

B. For the period from Oct. 16 to early November, all the commissioners of each sea area are conducting collection of basic materials for planning fishing grounds and inspecting present condition of each fishery cooperative association.

C. From last month the Prefecture is continuously investigating management of fisheries, migration of fishes, and interior waters fisheries.

3. Program of Fishermen's Cooperative Associations.

A. Program.

(1) Propaganda and dissemination of gist:

a. Distribution of printed matter:

i. Guidance on cooperative management.

ii. Guidance on each branch of service of the cooperative associations.

(2) Enforcement of guiding inspection of cooperatives:

During the month of November some ten coop. will be inspected.

(3) Guidance on increase of capital and encouragement of savings:

Based on the materials obtained through (2), guidance will be given to each associations.

(4) Guidance on taking over of Fishery Associations' Properties:

During the month of November some five associations will be given guidance.

B. Obstacles to the plan:

(1) During the month of September the fishermen suffered tremendous damage by the two outrageous typhoos; their economical conditions were aggravated; and increasing of savings is hindered.

(2) The joint fishery establishments that sustained a havy loss by the two typhoons in September need be retrieved without delay, but now that the fishing communities are in straitened circumstances, their

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 175015

recovery is extremely difficult.

4. The manner in which the Fishing Boat Insurance is being carried out.

No. of newly insured boats:

Power-driven boats	9
Non-power driven	3

No. of boats remain insured:

Power-driven boats	71
Non-power driven boats	2

Aggravate number of boats insured:

Power-driven boats	190
Non-power driven boats	82

For the dissemination of insurance of the fishing boats the pamphlets "High Seas" sent from Fish Boat Insurance Association are being made use of.

5. The financial condition and credit problems of the fishermen and the effectiveness and method of operation of fisheries Mutual Aid Financing Program.

(1) The fishermen in approximately 70% of the district are in somewhat better condition now due to more catch in August and September and more demand for fish on account of festival season.

(2) As for small sum financing on credit loan there are some in the remaining 30% of the district but not in general.

(3) Application for loan of Mutual Aid Financing is from Large Setting Lift Net Fishery Association Amounting to ¥3.892,200.

Number of loan receivers	(up to date)	263
Amount	"	¥47,573,300

6. Marine products, storing, and distribution.

(1) Amount of products.	326,418	kan
(2) Storing	3,684	"
(3) Distribution:		
In this prefecture	107,722	kan
In other prefectures	56,218	"
For processing	162,478	"

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 175015

Comparing with the output of last month, that of this month is about 200,000 kan less. The chief cause of it is the heavy damage inflicted upon fishing boats and equipment by the typhoons Jane and Kezia.

7. Adequecy of petroleum and fishing materials.

(1) Petroleum products:

The amount of petroleum allotted by the Fisheries Agency is only ¼ of the amount required by the fishermen of this prefecture, and the fishermen going out for fishing are restricted to be only ¼ of them.

Distribution of petroleum in this prefecture is being made appropriately.

(2) Cotton fishing-net and rope:

None.

8. Other problems such as illegal fishing etc.

Nothing worth mentioning.

9. Others.

Nothing worthy of mention.

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 11505

Subject: Monthly Fishery Report for the month of Oct.

- R E P O R T -

1. Extent to which information and educational material is being made available to individual fishermen and method of dissemination of such materials.

(1) With a view to adjusting the accountant's business fundamentally relative to the management of the co-operatives, a lecture meeting was held to disseminate how to treat their financial documents, the standard type of which will be officially decided in near future.

a. When held: 4 days from Oct. 9 to Oct. 12
(9.00 a.m. - 4.30 p.m. every day)

b. No of participating co-operative associations and their members:

62 associations
65 persons

c. Where held: Mura-no-Ie Hall,
Kitahokonin-Machi, Kochi City

d. Lecturers:

Takao Yokoyama, Fishing Village Finance Society (Gyoson Keizai Kyokai)

Savings Section Chief Hayashi of Takamatsu Branch of Agricultural Forestry Central Bank.

e. Contents of lecture:

Financial theory, general and detail such as sale, purchase, credit and utility, book-keeping for settlement or transfer of accounts, disposal of surplus funds, etc.

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 115015

(2) As one of measures to be taken for arousing consciousness of fishing people, both chiefs of fisheries cooperatives and their general members who attended the training course for leading fisher men held in Sept. have been noticed of the presentation of essays shown in an attached sheets.

(3) Explanation on the Fishing Boat Law.

Period: 5 days from Oct. 9 to Oct. 13.

Places: Muroto-cho, Kochi City, Nakamura-cho, Shimizu-cho, Sukumo.cho.

No. of Attendance: 117 in all.

(4) Distribution of poster "Fishing Ground Program"

To whom distributed: 8 or 15 sheets to each fishing ground.

When distributed: Oct. 23

No. of poster: 1,000 sheets.

(5) Radio Broadcast

a. "On Fishing Ground Program", Oct. 4

b. "Removal of the Prohibition on Smaller Trawler Fishery", Oct. 18.

c. "Establishment of Economic Foundation of Fisheries Co-operatives", Oct. 25.

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 175015

2. Implementation of Fishing Rights Reform and enforcement of Fisheries Law No. 267.

The second fisheries adjustment committee meetings were held at each area as follows. They were attended by Pref. officials concerned who gave explanations on fishing ground programs to the chairmen of fhishing rights management committees called up together.

a. Aki-gun Sea Area Fisheries Adjustment Committee meeting.

Date: Oct. 10 at 9.30 a.m.

Place: Conference Room of Muro Fishery Co-operative.

Matters discussed:

(a)"Re making out the fishing ground program"

(b) "Holding of the 3rd Committee Meeting"

(c) "Future management Policy"

b. Naka Tosa Sea Area Fisheries Adjustment Committee Meeting.

Date: Oct. 12 at 9.30 a.m.

Place: Conference Room of Pref. Assembly

Matters discussed: Same as above.

c. Hata-gun Sea Area Fisheries Adjustment Committee Meeting.

Date: Oct. 14 at 9.30 a.m.

Place: Conference Room of Pref. Hata Branch Office.

Matters discussed: Same as above.

Explanations given by Pref. Authorities.

(a) "Re programs or fishing ground"

(b) "Re making out the data of each sea area"

(c) "Duties of Fishing Rights Management Committees.

3. Fisheries Co-operative Program

(1) Co-operatives newly established: None

(2) Co-operatives dissolved: None

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 175015

(3) Transfer of the assets of former "Gyogyokai" (fisheries associations) to fisheries co-operatives.

Classification of transfer (gratis or consideration)	Date of transfer approved	Transferred from:	Transferred to:
Gratis	Oct. 17, 1950	Kashiwajima Gyogyokai	Kashiwajima Co-operative Hitokiri
"	Oct. 9, 1950	Kawakita-mura "	Kawakita-mura "

4. Fishing Boat Insurance Program

(1) No. of boats covered as of Oct. 20, 1950

Name of Insurance Association	No. of boats covered
Kochi Ken Fishing Boat Insurance Association	71
Kochi Ken Bonito and Tunny Fishing Boat Insurance Association	65
Total	136

(2) A bloc meeting on Fishing Boat Law was held from Oct. 9 to 13 to encourage fishermen to issue their vesseles.

(3) Dissemination on fishing boat insurance will be made through radio Nov. 8 under the title " Let us cover an insurance for our fishing boats"

5. Financial condition and credit problems of fishermen and the effectiveness and method of operation of Fisheries Mutual Aid Financial Program.

(1) Re deposit fund of prefecture in Agricultural & Forestry Central Bank. Co-operatives which newly applied for credit are as follows:

Name of Co-operatives		Amount proposed
Kaminokae Fisheries Co-operative		¥1,690,000
Nishidomari	"	560,000
Kashinoura	"	500,000
Shimoda	"	840,000
Shimokawaguchi	"	300,000
Total		6,590,000

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 175015

Takamatsu Branch of Agriculture & Forestry Central Bank informed us through its Kochi sub-branch that financing will be stopped for the time being because of the amounts of loan having remained outstanding.

(2) Re fishery bill

No change, so nothing to report.

6. Fish production, preservation and distribution

(1) Smaller trawler fishery started its operation in this month. Fish-catch is rather small in amount and the current price has fallen down very much, about 40% cheaper than in last year.

(2) "Oshiki-ami" nets (fixed fishery) for yellow-tail fishing was begun to be fixed. 30 sets or so will be equipped as in last year.

7. Adequency of petroleum and fisheries materials

(1) Petroleum

As reported last month, the allocated amount of this products is only 30% of the demanded. So, it is feared that many fishing boats might be compelled to stop their operation one after another. Present petroleum supply is in the most critical condition.

(2) Cotton yarn

The allocation of this goods for the 3rd term cannot be assured on account of shortage of raw cotton in the Central Ministry. Raw cotton to be supplied for the period of 3rd term (to Mar. 31) is expected to amount only to 50% - 60% against the target. The Central Ministry is hoped to take measures as to better the present situation.

8. Other problems and illegal fishing

(1) Violation case against the Regulation of Smaller Trawler Fishery

1. Name of violator: Heima Sakamoto,
407, Fukushimahama, Usa-cho,
Takaoka-gun

2. Name of ship: Tsukishiro-maru (49.8 tons)
owned by Tsurumatsu Yamamoto,
631, Urado, Kochi City

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 175015

3. Specification of violation: Illegal operation in forbidden fishing-ground

4. Date and place of violation: Off the coast of Nunozaki

5. Disposal: Transferred to Kochi procurator's Office on Oct. 15, 1950.

S. Aoyama.

For Junsaburo Yamada
Chief of Aquatic Section.
Kochi Pref.

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 115015

ATTACHED

7th Oct. 1950

To : All chiefs of Fishing Cooperatives.

From : Chief of Marine Product Section Kochi-Ken.

Subject: A measure to arouse consciousness of fishing people to the recently renovated fishing system.

Since the election of sea area adjusting committee executed, the renovated fishing system is going to be materialized in earnest.
First of all, at this juncture, it is essential for fishing people to thoughly understand the significance of the renovation rationally and scientifically.
The enactment of Fisheries Cooperatives law, has led the fishing people to participate in the management of the coop positively and voluntarily.
This is indeed a good phenomenon.
However we fear there may be still some who might show indifference to same.
Now we are going to hold a contest for essays on the subject "what the future fishers should be" for the purpose of conducting the publicity and dissemination of this law.
I hope you will do your best for invitation of such essays under the following conditions.

1. Subject what the future fishers should be.

2. Number of words limited to be less than 1,500 words.

3. Dead line by 30th Oct. 1950.

4. Where to send group subsection of Marine Product Section, Kochi-Ken.

EL-714 (E-265)

28 Oct., 1950

TO : Chief, Shikoku Civil Affairs Region
(Attn: Economic Section)

FROM : Chief, Fisheries Sect., Ehime Ken

SUBJECT: Activities of the Section

I beg to inform you of the subject above for the month of October, 1950 as follows:

1. Fisheries coop. assns:

a. Encouragement for reserving and refundment of fishery mutual aid fund:

Out of those groups which were financed according to the fishery mutual aid fund system, such as Kawarazu, Kusukawa-mura, Shuso-gun and Mishima-cho, Uma-gun and 10 others were so dull in their reserving and redemption results that members of our Section in charge were sent to the spot to inquire into the~~ir~~ situation, urging them to complete their reserving and redemption of the fund at the earliest possible date.

b. Guidance for establishment of a fisheries coop. assn:

At the inauguration meeting of a fisheries coop. producing specific varieties of fish organized with green-laver producers in Yamato-mura, Kita-gun, members of our Section in charge attended to give guidance for its proper management.

c. Inspection by Natural Resources Unit, SCAR:

A Natural Resources officer, Economic Sect., SCAR visited this prefecture to inspect fisheries coop. assns. and other fishery administration agencies in general in Yawatahama and Uwajima districts for 3 days from 10th inst.

2. Reform of fishery system:

a. Uwa Sea Area Fisheries Adjustment Committee:

On 12 inst. the Uwa Sea Area Fisheries Adjustment Committee sat in session to debate on policies of fishing-ground plans and duties and management of the committee. Thereafter

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 175013

approximately 60 fishery right custodians in Higashi and Kita Uwa Gun assembled to confer on future fishery plans. Major opinions at the conference were:

To maintain more strict control over unlawful fishing.

To which fishery-right bonds are to be issued, a fishery assn. or fisheries coop. assn?

b. Conference of custodians of fishery rights:

On 13th inst. a conference of the sea area fisheries adjustment committee and custodians of fishery rights in Nishi-Uwa-gun was held at Yawatahama-shi with 35 related persons present. Prefectural officials in charge despatched to the conference exchanged views with them on future fishery adjustment.

Their opinions can be condensed as follows:

i) Related authorities are requested to inflict a severe punishment on unlawful fishing practice hand in hand with drastic control over it.

ii) Candle-power of a fishing light should be placed under some restriction.

iii) Compensation for loss resulting from fisheries adjustment is desired to be taken into consideration.

On 14th inst. a round-table conference of custodians of fishery rights in Minami-Uwa-gun and members of the sea area fisheries adjustment committee was held at Misho-cho, Minami-Uwa-gun. Prefectural officials in charge attending the conference exchanged views on future fisheries adjustment with attendants. Their major opinions can be summed up as follows:

i) Limit of candle-power of a fishing light is requested to be decided by a committee or prescribed by regulations.

ii) Positive measures are requested to be taken against fishermen of Miyazaki and Kochi prefectures who fish in our sea areas. Besides, more strict control should be maintained over fishing.

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 115013

c. Hiuchi-nada Sea Area Fisheries Adjustment Committee:

On 20th inst. the above committee sat in session to confer with Prefectural officials on drawing up of fishing-ground plans in its jurisdiction, opening of public hearings of fishermen in each town and village, etc.

d. Actual survey of river and pond fishing:

For reference to inland fisheries reform and fishing-ground programs, we surveyed the following matters:

i) Organizations concerned in inland fisheries.

ii) Implements and methods of inland fishing.

iii) Hatching places of trout living exclusively in fresh water.

iv) No. of fish discharged by each fisheries coop. assn.

v) No. of fish discharged into each river.

vi) Discharging results of 'ayu'.

vii) Preparation of a map of inland fishing-grounds.

3. Guidance for increase of aquatic products:

a. A round-table conference in research of laver culture was held at the Yoshidahama Fisheries Coop. Assn. At the meeting we instructed attendants regarding methods of construction and tending of laver hurdles, fittest season for their construction, manufacture of laver, etc., and advised them to erect laver hurdles on and after 12th inst.

b. Purchase of young carp:

At the request of Mr. Kui, Ozu-machi, Kita-gun we used our good offices in his purchase of young carp (about 3 or 4 sun long) from Togoro Takamoto, Kume-mura, Onsen-gun.

4. Fishing Boat Law:

The Fishing Boat Law which was enforced on 12th August last chiefly for adjustment of fishing boat construction has placed construction of fisher-boats under restriction a great deal. In an effort to publicize the purport of this law, we held conferences from 9 to 16 Sept. at 6 parts of the pref. to deliberate on related clerical routines thenceforward.

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 115013

5. Wireless for fishing:

a. In an effort to have fishermen operate private radio stations applying for their authorization according to the Radio Licence Regulations promulgated by the Radio Regulatory Committee effective as from 12 Sept., we have established the Ehime Ken Fishing Radio Facilities Assn., which 39 fishing boats have joined.

b. After spot investigation by an investigation party dispatched from the Radio Regulatory Agency, we decided to establish a radio station at Fukaura Harbor, and are applying for its authorization, completing a plan of its antenna and building.

6. Fish market:

In an effort to publicize to every citizen the Fish Market Regulations enforced on 8 Sept., we held a conference at each local office to make arrangements for its transaction.

7. Survey of marine products processing plants:

We have been investigating marine products processing plants, for the purpose of catching the real situation of secondary marine products processing industry and collecting data for our future policy in this line. This will result in some conclusion next month.

8. Marine public works:

a. We applied for delivery of national grants and subsidies to the second fishing harbor repairing works and disaster rehabilitation for the upper half of FY 1950.

b. From 6th to 15th inst. the Fisheries Agency authorities assessed at its office amount of disaster brought about by Typhoon Kezia to fisheries in this prefecture. The amount of loss assessed by the Agency was ¥147,405,000 with 105 damaged places.

c. Typhoon Kezia has wrought such havoc with fishery facilities in this prefecture that chief of our Section went to Tokyo, staying there for 7 days from 7th inst., to petition related Ministries for accommodation of funds, supplementary allotment of materials, and a national subsidy, to fisheries facilities in this prefecture, with a list of damages.

KAGAWA LOCAL LIAISON DISPATCH No. 256

LIAISON SECTION
KAGAWA LOCAL GOVERNMENT

Date: 2 Oct., 1950

SUBJECT: Monthly report of Aquatic Section for the month of September.

TO : Chief of Shikoku C.A. Region.

ATTN : Economic Section.

In accordance with your request of July 17, 1950, I hereby beg to report on the above subjects as per attached sheets.

K. MURAYAMA

CHIEF OF LIAISON SECTION
KAGAWA LOCAL GOVERNMENT

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 115013

1. Extent to which information and educational material is being made available to individual fishermen and methods of dissemination of such materials.

Information and educational materials.	Extent	Method of dissemination.
Pamphlents titled "Questions and answers on fishing enterprizers' mutual assistance bills".	Chiefs of associations.	Through chiefs of associations distribution was made to individual fishermen.
Newspapers' containing articles on fisheries associations in Japan.	"	The materials being given especially from Shikoku C.A. Region, thorough understanding among fishermen of its contents were emphatically urged through a direct notification to the associations and an explanation given at a meeting of the association chiefs.
Suggestion as to the conclusion of a contract betwen the association and each of its members, under which the members are enforced to exclusively deal with the association in their selling and purchasing business.	Officials of associations.	The suggestion was made at a meeting of the association chiefs.

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 175013

On the Fishing Boat Law.	"	Full explanation was given by Technical Official Suzuki of the Fishing Boat Section, the Fisheries Agency.

---

2. Implementation of Fishing Rights Reform and enforcement of Fisheries Law No. 267.

The reformation of fisheries is designed to democratize fishing communities and increase fishing products. The election of fishing adjustment committee members, which is esteemed as the highest point of the reformation, was observed on August 15 for each of the established water regions of the prefecture.

In order to work out the ways and means of managing the fishing adjustment committees, by which practical reforms in fishing circles are going to be formulated, a national conference of prefectural fisheries sections were held from August 23 to 26 in Tokyo.

On Sept. 15, officials of the prefectures lying along the coast of the Inland Sea gathered at Kobe to confer on the problems centering around trawlers and ocean-going fishing.

For the period from Sept. 11 to 15, officials of the prefectural government visited the fishing communities of Ohkawa-gun and Shozu-gun to give on-the-spot guidance to fishermen on the reforms of fishing administration. On Sept. 20, the officials had a confabulant meeting with the chiefs of the associations in this prefecture and conferred to work out future programs concerning fishing grounds.

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 175013

3. Programs for fisheries cooperative associations.

1. Suggestions as to conclusion of contract of full use of associations.

At the meeting of the chiefs of the associations of this prefecture, officials of the Prefectural Government urged them to sign a contract between the association and each of its members enforcing the members to deal exclusively with the association in their activities, selling or purchasing, in order that the association may well maintain its operation with a minimum business insured by the dealings with the members. As a further reference, the same procedure for exclusive financial business between the association and its members were also urged at the same time.

2. Minor cooperatives which have mushroomed recently should be unified into some stronger units in parallel with the fishing grounds projects under the newly-enforced Fisheries Law.

Keeping pace with the progress of the fishing grounds projects, each of the cooperatives is scheduled to be examined by officials in charge.

3. As a measure to establish the foundation for the sound financial standing of cooperatives, training courses on financial management are to be held as follows:

(a) Early in October.

A 3-day training course is to be held at Takamatsu-shi for officials of the cooperatives under the joint auspices of the Agricultural and Forestry Central Bank, the Fishing Communities Economic Association, and the Fisheries Agency.

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 175013

(b) In November or December.

A 4-day training course is to be held at Takamatsu-shi with a lecturer invited from Tokyo under the auspices of the Prefectural Government.

4. With a view to promote and strangthen the co-operatives of the prefecture, it is urged for the Kagawa-Ken Fisheries Maintainance and Promotion Association to revise its articles to newly establish an advisary committee for expediting practical activities of fisheries cooperatives.

4. Practical ways for materializing the Fishing Boat Insurance Program.

(1) Articles were inserted concerning fishing boat insurance in the August issues of "Kabe-shimbun" (wall newspaper) and "Kohodayori" so that fishermen may be made fully acquainted with it and become positive in their attitude toward the insurance of their own vessels.

(2) The pamphlets titled "Questions and answers on fishing boat insurance" which was received here from the Fisheries agency on August 28, were distributed to the cooperatives in accordance with the notification of the agency.

(3) The number of vessels covered by the fishing boat insurance newly for this month is 35.

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 115013

5. The financial standing and credit problems of the fishermen and the effects and methods of operation of Fisheries Mutual Aid Finance Program.

With no favorable change brought forward as compared with last month, fishermen are still suffering from serious financial difficulties caused by the law prices of fishing products and the soaring-up of necessary fishing-tackles.

As things stand today, the confidential standing of fishermen as seen from financial organs are unfavorable and the only way to break the stagnancy is to accumulate the capital of them through the mutual finance of their own.

As for the problem that the money idle in the hands of the Prefectural Government might be deposited at the Central Bank of Agriculture and Forestry and from that money they might release loans to the cooperatives, the bank is now under contemplation for working out practical measures for it. The Prefectural authorities also gave proper suggestions on this matter at the meeting of the cooperative chiefs.

As seen from the present conditions prevalent in interested circles, cooperatives expected to be allowed the loans of this nature seems to be limited to those who are so sound in their management that they have been accumulating their capital by enforcing savings of the member fishermen for part of the money accrued from their fishing.

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 175015

KA/ SH

6. Fish production, preservation and distribution.

(A) Amount caught classified by kind of fish.

Kind of fish	Amount (Unit: Kan)	Kind of fish	Amount (Unit: Kan)
Seabream	4,119	Flat head	2,175
Spanish mackerel	629	Hamachi	282
Sea bass	5,923	Tanago	1,747
Black porgy	6,478	Bonito	3,781
Muller	13,939	Globe fish	994
Flat fish	698	Mamakari	4,507
Gray rock cod	1,638	Hair tail	2,110
Goby	464	Crab	8,275
Geta	692	Octopus	38,480
Marine sharp-teethed eel	4,795	Lobster	60,425
Horse mackerel	8,574	Cuttle fish	1,327
Sardine	317,562	Shiira	6,319
Chirimen	6,710	Clam	667
Mackerel	938	Others	51,058
Conger eel	3,635		
Guchi	943		
Total	559,400		

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 175015

(B) Catch by type of fishing.

Type of fishing	Amount (Unit: Kan)
1. Utase-ami (trawl-net) fishing	115,943
2. Masu-ami (cube-shaped-bag-attached pound net) fishing	5,356
3. Iwashi Kinchaku-ami (sardine purse seine) fishing	285,870
4. Iwashi funabiki-ami (sardine drag-net) fishing	11,346
5. Iwashi jibiki-ami (sardine beach seine) fishing	19,745
6. Iwashi-takiyori-ami	518
7. Kogi-ami fishing	4,514
8. Tatte-ami (setting net) fishing	2,803
9. Kochi-ami fishing	311
10. Uo komashi-ami fishing	17,227
11. Zatsugyo jibiki-ami (miscellaneous fish beach seine) fishing	17,242
12. Zatsugyo nagashi-ami (miscellaneous drif net) fishing	2,125
13. Aji (horse-mackerel) neri-ami fishing	75
14. Aji shiki-ami (horse mackerel square lift net)	337
15. Mamakari nagashi-ami fishing	3,887

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 175015

16. Daibo kaku-ami (large square pound net) fishing	288
17. Kani-sukui	18
18. Aji Otoshi-ami	3,029
19. Ippon-zuri (pole and line) fishing	19,482
20. Makie-zuri fishing	11,393
21. Tako-nawa (octopus fishing line) fishing	24,619
22. Nobe-nawa (long line) fishing	3,758
23. Kago-nawa (trap and line) fishing	3
24. Hokotsuki fishing	245
25. Hamachi Shibari-ami	35
26. Shira-zuke	6,538
27. Shiso-bari	35
28. Others	2,658
Total	559,400

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 175015

7. Adequacy of petroleum and fisheries materials.

a. Petroleum.

Status of deficiency in petroleum as a consequence of policy which forbid advance distribution has continued as ever, and fishermen's leaders throughout Japan require the increase in allocation of petroleum for fishery. Though allocation for 3rd quarter term has not yet received from Board of Aquatic Product, fishermen's leaders will require increase again if the allocation is under amount that they actually need.

In Kagawa-Ken total amount of advance borrowing is over 660 kl as of Aug. 10, and though request has made to supplement this, additional allocation has not approved yet.

b. Fishing materials.

When about 8000 kan of cotton net was carried out by Jane typhoon on 3 of September, we requested special distribution to central agency, but it is still unknowable whether we can obtain or not.

Fishermen are now make their effort to obtain materials by using ticket which allocated for general Aug. 16 or advance borrowing, we desire to be allocated supplement materials as soon as possible.

8. Illegal fishing.

a. Vessels which had operated illegally "sokobiki-ami" fishing on sea area off the coast of eastern part decreased in number due to streangthening of control. It considered that they were also immensely influenced by Jane typhoon.

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 115015

b. On sea area off western coast, as the increasing tendency of illegal fishing is seen, we plan to control strictly in cooperation with Sea Public Peace Department.

Result of control by patrol

Number of day worked 12 (From 21 Aug. to 19 Sept.)

There is no atrocious case

Illegal case 5 (Cautioned)

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 115015

1. Mr. Shadeland R/C
2. Mr. Kinneman

Sept. 25, 1950

To : The Commanding Officer, Shikoku Civil Affairs Region

Attn: Economic Section

From : Chief of Aquatic Section, Tokushima-Ken

Subject: Monthly report on marine products.

Regarding the subject matter the report for the month of September is submitted to you as per attached papers.

Chief of Aquatic Sect.,
Tokushima-Ken.

T. Fujimoto

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 175015

1. Extent to which information and educational material is being made available to individual fisherman and method of dissemination of such material.

A. Information and education material made available to fishermen.

a. Radio broad-casting (local):

(1) Aug. 24 How to form the plan of fishing farm
hours 10 minutes

(2) Every day Prompt publication of the prices of fish
hours unfixed

b. Printing matters:

(1) Pamphlet "Fishermen and association' No.4
through cooperative assns. 172 copies
distributed on Sept. 13

(2) An article "Fishery system Reform" was put, on September number of "Tokushima Report".

B. Method of dissemination of the above materials.

a. Broadcasting:

We are making every effort to publicize the time of broadcasting to fishermen in general.

b. Printing:

We are always guiding to use printing matters effectively.

C. Obstacles.

It is difficult for us to do sufficient activity due to the small sum of budget.

2. Implementation of Fishing Rights Reform and enforcement of Fisheries Law No.267.

A. Equipment of basic materials of fishing farm planning.

a. Fishermen's economic circumstances.

b. Investigation of places where rocks and stones were cast into the sea in order to gather fishes or to grow seaweeds.

c. Forming of charts of current, water temperature, sea-bottom and immigration of fishes.

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 115015

3. Program of the Fishermen's Cooperative Associations.

A. Program

a. Transfer of the fisheries associations assets:

The program was not carried out in September due to twice hits of typhoons. We are going to encourage the transfer of assets individually in October.

b. Guiding of promotion of fishermen's cooperative association:

The following items will be conducted in order to strengthen financial foundation of fishermen's cooperative associations by increase of investments and savings of the associations, and arrangements of works.

(1) Completion of data concerning the promotion of cooperative association.

(2) Opening of conference for promotion of association. (in the middle of October)

(3) Making of a guide to managing of respective enterprise of association and distributing of it.

B. Obstacles to the plan.

• The financial foundation of cooperative associations is now weak and it will take some times for them to become independent. In order to fill up this gap a fund, especially a loan at cheap interest, is needed. But it is very hard to introduce such fund at the time of tightness of money situation in fishing villages, which is affecting the self-support of associations very much.

4. The manner in which the Fishing Boat Insurance Program is being carried on.

The number of fishing-boats damaged by typhoon Jane was 1,100 vessels (¥63,000,000), including power driven boats and non-power driven boats, and that damaged by typhoon Kezia 17 vessels (¥2,800,000). Of them the number of fishing boats insured was only 274 vessels (tonnage 778).

Consequently the owners of the damaged boats and the fishermen who are making a living by those boats are now in great difficulties. We are now making every effort to encourage fishermen to insure their boats not to repeat the difficulties in future.

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 175015

The real results joined the insurance association in September are as follows:

No. of fishing boats incured
Power driven boats 5) Total 7
Non-power driven boats 2)
(Newly insured 6)

5. The financial condition and credit problems of the fishermen and the effectiveness and method of operation of Fisheries Mutual Aid Financing Program.

(1) The fishermen are severely pressed for money due to typhoons Jane and Kezia.

(2) Owing to the inactivity of the economical world the money is tight, and therefore in credit problem there is no significance to be mentioned.

(3) Fisheries Mutual Aid Financing Program.

Number of loan receivers	263	(cumulative)
Amount	¥47,573,300	(")

And actual number of loan receivers is an half.

6. Marine products, storing and distribution.

(1) Amount of products, 547,712 Kan

(2) Distribution,
(In this prefecture 96,764 Kan
(In other prefectures 79,311 "
(For processing 371,637 "

(3) Storing 7,435 "

7. Adequency of petroleum and fisheries materials.

(1) Amount of petroleum allotted by the Fisheries Agency was only ¼ of the required amount of this prefecture and fishermen were forced to cut down their work.

(2) Distribution of petroleum in this prefecture is fairly made.

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 115015

8. Other problem such as illegal fishing etc.

Four offenders against the Fishery Law in Komatsushima-Cho, about which the report was submitted in the previous month, were ordered to stop their ships from operation for a hundred days, dated Sept. 4, and on the other hand as to the offenders in Tsuda-Cho we have guided and helped them to change their fishing method, but some delinquent fishermen are still carrying on illegal fishing operation in secret, it seems.

9. Others.

A. The coast fisheries of this prefecture suffered a great damage by typhoon Jane on Sept. 3 and typhoon Kezia on Sept. 13, amounting to ¥312,000,000 as shown in the separate tables.

We are making every effort to rehabilitate those damages. Materials and funds which are required in rehabilitation are as follows and every effort is being done to secure them by consulting with the authorities concerned.

a. Materials required for rehabilitation of fishery:

Cotton fishing net	16,908 Kan
Manila twine	28,347 "
Cotton twisted thread	2,381 "
Fuel oil	749 k.l.
Manila rope	1,817 Kan

b. Rehabilitation of facilities:

Fishery public works ¥110,640,000
(ships depot, ships landing place, breakwater, etc.)

Fishery common facilities ¥ 23,725,000
(common processing workshops, common sale places, warehouse, etc.)

c. Rehabilitation fund ¥181,700,000

The financial situation of fishing villages is stringent and it is very difficult for fishermen to rehabilitate by self-support, and therefore we are now consulting with the authorities concerned to receive a loan from the Deposit Bureau Funds of the Finance Ministry and the Agricultural and Forestry Central Depository as a special rehabilitation fund.

Damages by Typhoon Jane

Subject: Monthly Fishery Report

For Sept

REPORT

1. Extent to which information and educational material is being made available to individual fishermen and method of dissemination of such material.

(1) The 1st training course for leading figures of fishing villages

Judging from that the fishery system renovation for democratization of fishing village depends on the activities of the sound-minded youth, the above training course was first held, but to our regret, it could have not so many attendants as expected owing to Jane Typhoon. The course will be continously conducted hereafter.

a. No. of attendance: 27

b. Period of the course: 4 days from Sept. 18 to 22 (8.00 a.m. to 5.00 p.m. everyday)

c. Place: Hall of Kochi Ken Fishery Co-operatives Federation and "Mura-no-Ie" Hall. (Round-table conference was held at the latter Hall)

d. Lecturer and the contents of lecture as shown on attached paper.
The attendants lodged together at the "Mura-no-Ie" Hall, and they had a conference at night to discuss about (1) "How the fishery Co-operative should be and (2)" How the activities of young fishermen should be."

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 175015

e. Radio-broadcast
Broadcasted on (1) "Fishing boat protection system" Wednesday, Sept. 6, and (2) "Financing problem of Fishery Co-operatives," Wednesday, Sept. 20, both at the time of "Good Morning Hour" (Hayaoki-dori.)

-Attached-

Lecturers and Contents of lecture.
(The 1st Short Course for Leading Figures of Fishing Villages)

	From 8.00 a.m. to 12.00 a.m.	From 12.00 a.m. 1.00 p.m.	From 1.00 p.m. to 5.00 p.m.	From 7.00 p.m. to 8.00 p.m.
1st day	1. Opening ceremony 2. "Co-operatives Law" by Aquatic Section Chief 3. "Fisheries Laws and Regulations" by Aquatic Section Chief	Lunch	1. "Fisheries Laws and Regulations by Aquatic Section Chief 2. "On Fish of Tosa" by Professor Kamohara of Kochi University 3. 	Policy Section Chief		
4th day	"Recent Fishing Situation" by the Fisheries Co-operatives Federation	Lunch	1. "Current Topics" by Editorial Writer of the Kochi Press 2. "Hygiene at Fishing Villages" by Pref. Epidemic Section Chief 3. Closing ceremony

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 175013

2. Implementation of Fishing Rights Reform and enforcement of Fisheres Law No. 267.

As the result of the election of Fishery Adjustment Committee Members so-called the key point of Fisheries Reform Renovation enfored last month, the 1st new members meeting was held on Sept. 25 jointly by three (3) Sea Areas (Aki-gun, Naka Tosa and Hata-gun) to introduce themselves each other and to arrange their future plans, etc. Moreover, in the afternoon of the same day the committee meeting of each Sea Area was held to decide the bills concerning the election of the chairman from its own members, decision of its rule and regulations, election of the United Sea Areas Committee Members, choice of the business office and the election of experts committee-men and clerks. On the 26th the explanation on the new Fisheries Law was given by Pref. authorities to all committee members.

3. Fisheries Co-operative Program

(1) Co-operatives newly established

Name of co-operative	Date of establishment approved	Location	Name of chief
The Shimanto Basin Fisheries Co-operatives	1950	1, 364, Kozuga, Higashiyama-mura, Hata-gun	Kikuma Meda
The Simanto Upper Waters Fisheries Co-operatives	Aug. 28, 1950	216, Kubokawa-cho, Takaoka-gun	Ryokichi Okunomiya
Kiyo Rivers - " -	Sept. 4, 1950	1395, Higashihama, Aki-cho, Aki-gun	Sogoro Kiyoto
Iogi River - " -	Sept. 5,	c/o Village Office, Kawakita-mura, Aki-gun	Toranosuke Yamasaki
The Shimanto Fisheries Co-operatives	Sept. 2, 1950	1509, Nakamura-cho, Hata-gun	Akatsuki Kametani
Urado Bay - " -	Sept. 16, 1950	Urado, Kochi City	Yoshitaka yamamoto

(2) Co-operatives dissolved: None

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 175015

(3) Transference of the assets of the former "Gyogyokai" (fishery associations) to new fishery co-operatives

Classification of transference (Compensation or non compensation)	Date of transference approved	Transferred from: (Name of Gyogyokai)	Transferred to: (Name of Co-operatives)
Non compensation	Aug. 7, 1950	Shimokawaguchi Gyogyokai	1. Shimokawaguchi-mura Co-operative
			2. Kainokawa "
"	Aug. 28	Nagaoka - " -	1. Tochi "
			2. Misato "
			3. Hamakaida "
"	Sept. 18	Karyogo - " -	Karyogo Co-operative
"	Sept. 16	To-no-hama -"-	Tonohama Co-operative

4. Fishing Boat Insurance Program

(1) No. of boats covered

Name of Insurance Association	No. of boats covered up to last month	No. of boats newly covered	Total
Kochi Ken Fishing Boat Insurance Association	35	31	66
Kochi Ken Bonito and Tunny Fishing Boat Insurance Association	12	17	29
Total	47	48	95

(2) As a measure to encourage for the insurance, the fishing boat insurance system will be disseminated at the Explanation Meeting on the Fishing Boat Insurance Law.

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 115015

5. Financial condition and credit problems of fishermen and the effectiveness and method of operation of Fisheries Mutual Aid Financing Program.

Financing to Fisheries Cooperatives

Investigation of financial situation to the six (6) Fisheries Cooperatives, Sukumo, Iburi, Shiina Mitsu, Yotsu and Usa, was made by the Central Bank and this office during the period between August 18 and August 23. The investigation was made very widely,and especially the following nine (9) points were scrutinized.

(1) Amount of catch during the last three (3) years.

(2) Prospect of catch during next 6-month period.

(3) Relation between parchasers and Cooperatives.

a. Amount of compensation money from purchasers, and guarantors situation.

b. Operation of money from sales.

c. Sale limitation.

(4) Present situation of saleson credit of fish and commodities and prospect for their collection.

(5) Content of loan, advance and suspense payment, and prospect for their collection.

(7) Prospect for increase of savings.

(8) Prospect for increasing capital.

(9) Utilization of money from sales.

In the investigation the central Bank seemed to have paid its attention to the increase of savings and capital in order to make sure of repayment of funds to be financed, and not to the profits of the cooperatives, deeming it uncertain to apply them to the redemption. In this respect, we, prefectural side, had different opinions to some extent. However we urged the cooperatives to realize the importance of operation funds for fish sales and to obtain financing as early as possible.

The Usa Fisheries Cooperative which was investigated declined to get financing amounting 300,000 yen for the reason that such amount was not urgently required to the present content of its operation.

Maybe a lot of other co-ops are giving more jobs!

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 175015

Those Cooperatives which applied for financing as of Sept. 20 are as follows:

Name of Cooperatives			Amount
Shiina	Fishery	Cooperative	1,000,000
Mitsu	"	"	1,000,000
Akaoka	"	"	450,000
Hisaeda	"	"	800,000
Usa	"	"	300,000
Yotsu	"	"	500,000
Iburi	"	"	1,000,000
Shimizu	"	"	2,000,000
Misaki	"	"	450,000
Mojima	"	"	1,000,000
Sukumo	"	"	1,000,000
Total	11	Cooperatives	9,500,000 Yen

Those Cooperatives decided to be financed up to the present time:

Name	Amount of financing		Type of financing	Date of redemption
Shimizu F. C.	1,500,000	Yen	Full financing	Nov. 20,'51
Yotsu "	500,000		" "	"
Iburi "	950,000 (unofficially decided)		" "	Mar. 20,'51
Shiina "	1,000,000 (Unofficially decided)		Instalment "	Feb. 20,'51
Mitsu "	1,000,000 (" ")		" "	"
Sukumo "	1,000,000 (" ")		" "	"
Total	5,950,000			

In addition to the above, the following three (3) Cooperatives have applied for financing.

Nishikiura F.C.	1,000,000
Shimonokae F.C.	650,000
Kiragawa F.C.	500,000
Total	2,150,000

About twenty other Cooperatives are expected to apply for financing. Investigation is to be made to them.

DECLASSIFIED E.O. 12055 SECTION 3-402/NNDG NO. 81-3

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 115015

7. Adequecy of petoleum and fisheries materials.

(1) Petroleum
The allocation to this prefecture of petroleum products for the 3rd quarter of the current fiscal year is as shown on the following table. The allocated amount is only about 30% of the demand, so we are making every possible effort for how to fairly allocate such little amount to individuals. Increased distribution is earnestly desired by fishermen, but there is no hope for betterment under the present circumstances.

Demanded		Allocated	
Heavy oil	Light oil	Heavy oil	Light oil
3,029 Kl.	642 Kl.	830 Kl.	190 Kl.

(2) Cotton yarn
Considerable amount of fishery equipments was damaged by recent typhoons, so we petitioned the central Ministry, which approved to supply to Kochi Pref. the goods equivalent to the following cotton yarn.

Jane Typhoon - 2,838 balls (Already decided)
Kezia " - 3,400 " (Expected to increase hereafter)

8. Other problems as illegal fishing
(1) The ships suspective of violation against the Regulation of Smaller Trawler Fishery which was reported to you in last month were disposed as follows:

1. Name of the suspect: Yoshikichi Nakagawa, Susaki-cho, Takaoka-gun

Names of ships: The Kil-maru(3tons) and the Nakayoshi-maru (1 ton)

Specification of violation: Operation without license.

Date and place of violation : Aug. 30, 1950 off the coast of Yotsu, Takaoka - gun

Disposal : Transferred to Kochi Procurator's office

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 175013

(2) The following fishing ships were arrested under suspicion of violation against the Regulation of Smaller Trawler Fishery

Name of the suspect: Takagi Nagao, 16, 3-chome, Yano-cho, Yahata City, Ehime Prefecture

Names of ships: The 5th Hio-maru (45 tons)
The 6th " (")

Specification of violation: Unlawful entry into off-limit area

Date and place of: Sept. 3, 1950
violation Off the coasts of Nunosaki, Hata-gun

Disposal : Transferred to Kochi Procurator's office

LIAISON SECTION
EHIME KEN

Fisheries/Fukuda
29 Sept.,'50

EL-656 (E-246)

TO : Chief, Shikoku Civil Affairs Region
(Attn: Economic Section)

FROM : Chief, Fisheries Sect., Ehime Ken

SUBJECT : Activities of the Section

I beg to inform you of the subject above for the month of September, 1950 as follows.

1. Fisheries Coop. assns:

a. Accepting the request for inspection from Sannosuke Konishi and eight others, members of the Toyookamura Fish. Coop. Assns., Uma-gun we made an investigation of it on the spot for three days from 5th of Oct. despatching two officials. As a result, we detected a discrepancy amounting to ¥220,000 (unfair loan of entrusted money and so forth) which had been brought forward from the last account. We strictly warned them against any repetition of such and instructed them to establish more solid plans.

b. We despatched the official in charge to Higashi Nakajima-mura, Onsen-gun during three days from the 21st of August to make an intercession for the annexation of Nageshi Fisheries Coop. Assn. and Nageshi-Miyano F.C.A. in Higashi Nakajima-mura. In consequence, we arrived at an amicable agreement that they should be united before long.

c. We despatched two officials in charge to Shitaba-mura F.C.A., Kita Uwa-gun for five days from 28th of Aug. to give an auditing with five members of the same assn. attending. Consequently, we acknowledged that there were no unfair acts.

d. Mr. Ninneman, Chief of Natural Resources Unit, Economic Section, SCAR and Mr. Kaneko, Inspector of the same office came to this Ken on the 12th of September. They inspected the conditions of the fisheries reform progress, the management of the assn. and all fisheries administrations at fish. coop. assns. in Yawatahama, Mikame-cho, Nikiu-mura and Kushu-mura for two days, the official in charge accompanying.

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 115013

2. Reform of Fisheries System:

a. Appointment of Sea Area Fisheries Adjustment Committee by Governor:

In accordance with No. 2, Para 3, Art. 85 of Fisheries Law, we decided the committees of experience & scholarship and representative committees of public interests according to the standard of selection shown by Fisheries Agency with serious consideration on the 7th of Sept.

The committees nominated are as follows.

	Committees of experience & scholarship	Representative committees of public interests
Hiuchi-nada Area	SAKA Toyohiko SEKI Sasaichi	KONDO Hideo
Iyo-nada Area	NAGAI Shoichi ISHIZAKI Hikogoro	TAKAHASHI Masayoshi
Uwa Sea Area	FUJIWARA Kan-ichi YAMAMOTO Kisou	MINABUCHI Choei

b. Sea Area Fisheries Adjustment Committee:

We held the 1st Sea Area Fisheries Adjustment Committee at Matsuyama City on 13 Sept. As the traffics were interrupted owing to the Typhoon Kezia some committees of Iyo-nada and Uwa Sea Area could not attend the meeting. Therefore only Hiuchinada Area Committees was inaugulated.

The chairman are as follows.

Hiuchi-nada Area -----

Chairman ..... KONDO Hideo

Deputy ..... HIROSE Takeo

c. Location of the Office:

Art. 2 of the Law for Enforcement of the Fisheries Law provides that the governor should decide the location of the office of Sea Area Fisheries Adjustment Committee, considering all terms of traffics, buildings, catches, number of fishing boats, no. of fishermen, etc.

The final decision made was as follows.

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 115013

Name	Location
Hiuchinada Area Fisheries Adjustment Committee	Saijo-shi
Iyo-nada Area F.A.C.	Matsuyama-shi
Uwa Sea Area F.A.C.	Uwajima-shi

d. The Fresh Water Area Fishing Ground Managing Committees and Fisheries Rights Compensation Committees will be appointed within this month with deliberate consideration.

e. The investigations for the actual conditions of fisheries have been carried out by every cooperative assn. as one of the basic data for establishment of the fishing ground program.

f. According to the Fisheries Agencie's instructions we drew up the fishing ground map of all rivers in the prefecture. We are also inquiring of every assn. to investigate their organization, fishing implements, actual results of fish-discharging works, etc.

3. Guidance for Increase of Aquatic Products:

a. We got the beach extending to about 50,000 tsubo utilized to increase laver, shell-fish etc. at Tachibana, Imabari-shi and helped the people get necessary materials.

b. We encouraged the people concerned at Omogo-mura, Kamiukena-gun to promote trout-breeding works, and are negotiating with the offices concerned.

c. In view of many recent violations due to discharging poison into streams, we asked the strict control over them of the National Police.

4. Registration of Fishing-Boat Construction:

In accordance with the enforcement of Fishing Boat Law, the consultation of four Kens in Shikoku sponsored by the Fisheries Agency was held at Takamatsu-shi to insure authentic enforcement. Then we had an official in charge attend the meeting to look forward to the perfect management of the works.

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 115013

5. Enforcement of Ehime Ken Fish Market Regulations:

As the Fish Market Regulations which have been proposed to the prefectural assembly of August were adopted, we held the conference at 11 places in the prefecture in order to make it understood thoroughly, despatching officials in charge.

6. Counter-measure for Typhoon Kezia Disaster:

As considerable damages were done to the fishery, we immediately mobilized all officials in charge of the Fisheries Section and local offices in the prefecture to reliev and investigate the actual conditions of the disaster and are also making claims on the authorities for funds of restoration, distribution of materials and govt subsidy foør fishing facilities.

7. Fishing Oil:

On account of the extreme shortage of petroleum these days, only 30% of the demand was allotted for fishing purpose, consequently affecting the production seriously.

In view of such condition, our officials were despatched to the Fisheries Agency to make a demand for increase of allotment, accompanying Prefectural Fisheries Standing Committee and Chief of Branch of Agr. Sect. (in charge of oil allotment) and succeeded in obtaining their understanding.

8. Construction of Fishing Facilities:

a. Carrying a record of the damages by Typhoon Kezia on fishing facilities, the official has been in Tokyo to make a claim on the authorities for government subsidy for restoration of disasters.

b. We applied for designation of fishing ports for Sakurai Fishing Port and 26 others.

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 113013

1. Extent to which information and educational material is being made available to individual fishermen and methods of dissemination of such materials.

Information and educational materials.	Extent	Method of dissemination.
Selling enterprise of fisheries association. (No. 8. Issue)	Association members.	Via Association distribution was made to individual fisherman.
Buying enterprise of fisheries association. (No. 9 Issue)	"	"
Leaflets, attached to this report.	Fishermen	Disseminated the leaflets on 13, 14 Aug in the fishing village along the sea-side.
Outline of the revision of fishing system. (Pamphlet)	Association member.	Twenty copies of this pamphlets were distributed to the Fisheries associations, according to the distributing program' of Fisheries Agency.
What is the duty of the Fisheries Adjustment Committee. (Wall paper)	Fisherman	Twenty copies were distributed to the associations. Via association, distribution was made to individual fisherman.

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 119013

Laws pertaining to the reformings of the system.	Association member.	Six sets were distributed to the association.
On election of Adjustment committeeman.	Fisherman.	Distribution was made to each individual fisherman.

---

2. Implementation of Fishing Rights Reform and enforcement of Fisheries Law No. 267.

Since the Fisheries Law No. 267 was enforced on August 15, 1949, we have continuously taken every possible means and made use of all the opportunities available to make thorough notification.

To this aim, we held such meeting as general meetings of the association, short courses, study meetings and other events regarded as necessary for dissemination.

On 15 August, the election of adjustment committee men was held.

Such mediums as posters, wall papers, leaflets have also been used for the wide publicity of the public information on the purpose of the Fisheries Law or the necessity of its enforcement.

Short course of Committee for Fishing Right Management was held at the following places to ensure the importance of election of adjustment committee.

Date	Place
21 July	Okawa Area
25 July	Shozu Area
4 Aug.	Takamatsu area. Middle Kagawa Area.

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 113013

8 Aug. Mitoyo Area.

A conference of Chiefs of Fisheries Co-operative associations of the prefecture was held after the information meeting given by an engineering officer of Fisheries Agency.

Such mediums as posters, leaflets, wall paper, and pamphlets which had been forwarded to this prefecture from the Fisheries Agency were completely distributed according to the delivery program of the Agency.

3. Fisheries Co-operative Program.

a. Thorough-going information was given on the reformation of the fisheries system.

We have continuously taken every possible means and made use of all the opportunities available to make thorough notification since the enforcement of reformation of the system.

On 13 August, two days ahead of the election day of adjustment committee, every fishing villages of the prefecture were visited by the prefectural own boat, sailing alone the each sea shore of the villages from which the informative announcement was made. People of these fishing villages were given thorough going information on the outline of the reformance of the Fisheries System, the duties of the Adjustment Committee-men, and the prevention of the violation of election by both announcement from the boat and the dissemination of leaflets from the motor car.

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 113013

On the same day, mentioned above, people of the fishing villages were also encouraged by the informative announce-ment the increasing of the savings of the fund of Fisheries Co-operative Associations, and the participation of the fishing boat insurance.

4. The manner in which the Fishing Boat Insurance Program is being carried out.

Many sheets of leaflets have been disseminated at the fishing villages to encourage the fishermen to obtain a thorough going knowledge of the Fishing Boat Insurance Program, and a set of a book made abstract of the Fishing Insurance Law was distributed to each Co-operative Association.

The number of boats taken out insurance during a month from 20 July were only two.

5. The financial condition and credit problems of the fishermen and the effectiveness and method of operation of Fisheries Mutual Aid Fishing Program.

The financial condition of fisheries world in this prefecture is becoming worse and worse due to the continual poor haul, the suspension of Aid for fishing material, the extraordinary high price of materials, and the sudden drop of fish prices.

On the other hand, credit problem of the fisher men is also in the hard condition due to the uncertainty of the fishing area, and the scarcety of the things to give as security when they want to borrow money.

As one of the measures to eliminate such hard condition of credit problem of the fisherman in this prefecture, banking facility was set up for the use of the Fisheries Co-operative Associations and co-ordinate associations in this prefecture.

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 113013

Borrowing the money of ten million yen from Kagawa-ken was approved by the prefectural assembly. The money was deposited the Central Agricultural Forestry Depository, Takamatsu as the fund for the use of the fisheries operations.

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 113013

ON/SH

6. Fishery production.

A. Catch by kind of fish.

Kind of fish	Amount (Unit: Kan)	Kind of fish	Amount (Unit: Kan)
Seabream	1,667	Goby	453
Spanish mackerel	937	Hamachi	55
Sea bass	1,930	Shiner	612
Black porgy	1,614	Mamakari	2,453
Mullet	6,378	Sardine	342,489
Conger eel	3,710	Horse mackerel	4,128
Flatfish	696	Mackerel	1,682
Gray rock cod	1,764	Guchi	417
Flathead	1,976	Harvest fish	3,210
Marine sharp-teethed eel	2,746	Globe fish	427
Geta	965	Crab	5,040
Shrimp	65,418	Octopus	30,102
Cuttle fish	248	Clam	436
Chirimen	30,973	Others	35,934
Total	549,408		

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 113013

B. Catch by type of fishing.

Type of fishing	Amount (Unit: Kan)
1. Utase-ami (trawl-net) fishing	102,854
2. Masu-ami (cube-shaped-bag-attached pound net) fishing	5,639
3. Iwashi kinchaku-ami (sardine purse seine) fishing	279,018
4. Iwashi funabiki-ami (sardine drag-net) fishing	14,977
5. Iwashi jibiki-ami (sardine beach seine) fishing	47,562
6. Komashi-ami fishing for sandlance	14,308
7. Uo komashi-ami fishing	17,080
8. Daibo kaku-ami (large square pound net) fishing	3,070
9. Kogi-ami fishing	5,435
10. Tatte-ami (setting net) fishing	3,717
11. Sawara nagashi-ami (spanishi mackerel drift net) fishing	202
12. Zatsugyo jibiki-ami (miscellaneous fish beach seine) fishing	3,548
13. Iwashi-takiyori	1,205
14. Kochi-ami fishing	783
15. Taguri-ami	16

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 115013

16. Zatsugyo nagashi-ami (miscellaneous drif net) fishing	2,198
17. Mamakari nagashi-ami fishing	2,116
18. Otoshi-ami (trap pockets) fishing	691
19. Aji (horse-mackerel) neri-ami fishing	72
20. Aji shiki-ami (horse mackerel square lift net)	91
21. Kani-sukui	8
22. Ippon-zuri (pole and line) fishing	14,263
23. Makie-zuri fishing	2,889
24. Tako-nawa (octopus fishing line) fishing	20,094
25. Nobe-nawa (long line) fishing	4,886
26. Kago-nawa (trap and line) fishing	79
27. Hokotsuki fishing	600
28. Others	2,007

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 115013

7. Adequacy of supply of oil and fishing materials.

A. Oil.

The advance distribution of oil ~~resorted to~~ requested by fishermen and traders concerned as a means to supplement the deficient supply of allocated oil for fishing purposes has been put under strict ban since August this year.

Fearing that the shortage of oil ~~increased~~ intensified by the above measure would compel all fishermen and related traders to halt their trade operation, the Prefectural authorities submitted a request to the Fisheries Agency for additional allocation of 300 kilo litres of light oil for the 2nd quarter. The request was partly granted, and there was an additional supply fo 103 kilo litres for this prefecture.

In spite of the special measure for additional allocation, the shortage of supply is still being keenly felt by all fishermen. It is considered urgent, therefore, to increase the present quota (771 k.l. of heavy oil and 574 k.l. of light oil) for this prefecture by about 60%.

B. Fishing materials (cotton yarn).

8,500 units of cotton yarn have been allocated to this prefecture for the 2nd quarter. which amount to about 80% of what they actually need.

It is feared, however, that the usual delay of the delivery of actual goods would not let them get those materials in time for the coming fishing season.

In view of the recent rise of the price of cotton yarn in blackmarket with brokers and manufactures of vicious nature getting increasingly rampant, it is urgent that some measures should be taken to arrange for fishermen, who, being economically weak, might fall a victim to the tricky profiteering on the part of the brokers, to obtain as quickly as possible what materials they need through official channel.

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 175013

It is also feared that the allocation for the 3rd quarter, if delayed, will considerably hamper seasonal operations in spring next year.

8. Illegal fishing.

There has been an increasing tendency of unauthorized dragnet fishing by vessels from outside of this prefecture on the fishing ground off the coast of the eastern part of the prefecture.

With the co-operation of the Marine Safety Board and of local units of the National Rural Police, measures are being taken for the prompt halt of the illegal activities by outsiders.

Number of days patrol boats worked:	10	(From 21 July to 20 Aug.)
Number of cases of unauthorized dragnet fishing off the coast of the eastern part of the prefecture.	3	(Referred to court) : 1 (Riprimanded) : 1 (Criminals fleed with net, etc. abandoned) : 1

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 175013

Memorandum No. Fourteen

For Aug

August 21, 1950

To : The Commanding Officer, Shikoku Civil Affairs Region

Attn: Economic Section

From : The Chief of Aquatic Section, Tokushima-Ken

Subject: Monthly report on marine products

Regarding the subject matter a report is submitted to you as per attached papers.

Chief of Aquatic Section,
Tokushima-Ken.

T. Fujimoto

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 115015

1. Extent to which information and educational material is being made available to individual fisherman and method of dissemination of such material.

A. Information and education material made available to fishermen.

a. Radio broad-casting (local):

(1) July 24	On fishery system reform	hours	for 15 minutes
(2) July 27	Introduction of successful example of fishermen's cooperative assn. (Tachibana-Cho fishermen's cooperative assn. --- credit function)		for 10 minutes
(3) Every day	Prompt publication of the prices of fish		unfixed
(4) Aug. 11	On the election of fisheries adjustment commissioners.		for 30 minutes

b. Printing matters:

(1) Wall newspaper 'New fishery system'
Through cooperative assn. and city, town and village
916 sheets distributed on July 22

(2) Wall newspaper 'What is the function of the fisheries adjustment committee?'
Through cooperative assn. and city, town and village
916 sheets distributed on July 22

(3) Poster 'Let us send representatives of working fishermen to fisheries adjustment committee'
Through cooperative assn. and city, town and village
501 sheets distributed on July 22

(4) Leaflet 'On the election of fisheries adjustment commissioners'
Through cooperative assn. and city, town and village
16,570 sheets distributed on July 24

(5) Pamphlet 'Fishermen and association' No.2
Through city, town and village
166 copies distributed on July 26
