MAY UTILIZE INDIAN RESERVE

CANADIAN NORTHERN AND VICTORIA WEST

Many Rumors in Air Regarding Probable Terminal Arrangements in This City

There is a rumor going around that when the final announcement is made in regard to the Canadian Northern route on Vancouver Island an announcement will also be made in regard to the settlement of the Indian reserve question. This may or may not be true. What is true is that there is considerable activity in realty circles in the neighborhood of the reserve, and the activity is based on the expectation that something will be doing there soon.

Another rumor is somewhat corroborative of the above, and that is that the Canadian Northern Railway Company is to build docks on the waterfront somewhere opposite the outer wharf. These, it is claimed, would be more sheltered than the present docks and would, when the Johnson street bridge is built, be just as accessible as the other.

When the route is finally located and tenders are invited for construction no doubt there will be a great flurry in realty; and anticipating this some investors are already getting busy. A great many deals are being made every day, and all the agents are busy. That they will be busier soon no one doubts. In all probability it will be some time yet before the public is made acquainted with the details of the route.

FATAL ELECTION RIOTS IN GUADALOUPE

Five Men and Three Women Killed—Over Score of Others Wounded

Basse-Terre, Guadeloupe, Oct. 18.—Five men and three women were killed and at least twenty-five other persons were wounded, six of whom will die, during rioting at the elections.

Of the dead one woman, 70 years old, was shot behind the closed doors of her home, which stands opposite the town hall. It is supposed that many others injured fled to the woods.

The rioting occurred in the Petit Bourg district of this city, the capital. The trouble began through the election from the town hall of the representatives of the Radical party at the moment the voting ceased and the inspection of the ballots was to begin.

The Radicals attempted to force an entrance and assaulted the twelve gendarmes who stood in their way. The gendarmes fired a volley indiscriminately into the crowd.

MINING SUIT.

Application Made Under Provisions of British Columbia Companies Act.

Vancouver, Oct. 19.—The clause in the new British Columbia Companies Act, providing that extra-provincial companies not licensed here need not be served with a summons when action is brought against them in the courts of the province, based on a judgment obtained in another jurisdiction, was invoked in chambers yesterday before Mr. Justice Murphy in the case of Wilcox v. the Vancouver Copper Company.

The plaintiff in this action is Edward Wilcox, of Boston, Mass., who obtained judgment for \$40,000 against the defendant company, a Washington corporation, in the courts of the latter state. The company owns various mineral claims in this province, and now action is brought on the state of Washington judgment to realize on these properties.

T. E. Wilson, representing the plaintiff, made application to have the judgment hold here. The application was granted.

EXPLOSION IN MINE.

Saratov, Prussia, Oct. 19.—An explosion in the Siegfried potash mines yesterday caused a fire that imprisoned fifteen miners, all of whom are thought to have perished. Fourteen bodies have been recovered. Fifty men escaped. A premature explosion of dynamite caused the disaster.

EVIDENCE AT TRIAL OF DR. CRIPPEN

Defence Will Try to Prove Mrs. Crippen Left London in January

London, Oct. 18.—Five witnesses gave evidence yesterday afternoon at the trial of Crippen, accused of murdering his wife.

Mrs. Martineau, member of the Ladies' Music Hall Guild, testified she met Miss Leneve and Crippen at a dance on February 20, already frequently referred to since Crippen's arrest. She said Miss Leneve was wearing Mrs. Crippen's clothing and jewelry at the dance. Pressing Crippen for the details of his wife's death, the witness testified that Crippen said: "She died in the wilds of California while visiting at Los Angeles."

Mrs. Martineau testified that Crippen told her his wife's address in California was in care of H. O. Crippen, 1427 Hanover street, road delivery, Los Angeles. She said Crippen's son wrote her he had not learned of Mrs. Crippen's death.

Mrs. Huhn, sister of Mrs. Crippen, testified regarding the scar on Mrs. Crippen's body that had been mentioned so frequently.

"A few months after Belle's marriage," she testified, "Dr. Crippen went to Philadelphia. After he returned Belle showed me a large scar which she said was the result of an operation. I saw the scar again several years later. In April of this year Crippen wrote my husband pathetically describing the details of Belle's death in California, where he said she had gone to look after business for him. He added he had given up his house, Hilldrop Crescent, because he could not stay there alone. Memories haunt me," he wrote.

Bruce Miller, the Chicago friend of Crippen, testified he met Mrs. Crippen while playing in London music halls during 1909. He said he last saw her in London in 1904. He denied that she proposed to join him in Chicago.

In cross examination Bruce admitted that he had been fond of Mrs. Crippen, but he denied that there had ever been improper relations.

"She was married," he said, "and I let our relations end there."

Miller declared he had sent Mrs. Crippen a letter containing terms of endearment. Among other terms included was "love, kisses to Brown-eyes." He admitted that he had occasionally kissed Mrs. Crippen and that she returned the kisses. He admitted that he wrote her between January 2 and 10 last.

The defence seized upon Miller's testimony as being vital. If Miller wrote on January 10 the letter must have reached her just before she disappeared. It became evident that Crippen's defence will be that Mrs. Crippen really fled after getting Miller's letter.

Miller admitted that his last letter to Mrs. Crippen was couched in endearing terms.

Barriester Tobin asked him: "Were Belle's letters to you as affectionately written as yours?"

"Perhaps," replied the witness, non-chalantly.

Miller testified that his wife read all of Mrs. Crippen's letters, but that she had made no effort whatever to discourage their correspondence. He said Mrs. Miller made no objections to the affectionate terms in the letters.

"The quotations in these letters," said Miller, "were not meant to bear the interpretation you wish to put on them."

Marian Currow, Crippen's nuncheon as London manager for the Munyon Remedy Company, told about cashing cheques for Crippen in July, nine days after the latter disappeared. He declared he did not know whether Crippen purchased any hyoscin.

Mrs. Johnson, Miss Leneve's landlady, gave evidence regarding the secretion of large stocks of clothing which had belonged to Belle Elmore.

Other evidence was given regarding Crippen's business and preparations for flight, including the purchase of a boy's suit.

INDIAN KILLED.

Shot While Attempting to Rob Indian Near Merritt.

Merritt, B.C., Oct. 18.—Jas. Sneed shot and killed Bill Swackham, an Indian, witnesses say in self-defence, early Saturday night. The tragedy occurred about three miles from town in the vicinity of the reservation.

Sneed and a boy named Holsworth were returning from a hunting trip when they were held up by Swackham just as it became dusk. The Indian used a club and succeeded in getting all the money young Holsworth carried.

He next attacked Sneed, hitting

him over the head. After vain warnings, Sneed fired his shot gun, the charge entering the Indian's body below the right breast. He galloped off on his horse for a distance of 150 yards, when he fell dead.

Sneed is now held by the police, but will likely be released.

WHY SUFFER FROM PILES?

Zam-Buk Gives Certain Ease.

Friction on veins (the hemorrhoid veins) that are swollen, inflamed and gorged with blood, is what causes the terrible pain and stinging and smarting of piles. Zam-Buk applied at night will be found to give ease before morning. Thousands of persons have proved this. Why not be guided by the experience of others? Mr. Thomas Parson, of Prince Albert, Sask., writes: "I must thank you for the benefit I have received from the use of Zam-Buk. Last summer I suffered greatly from piles. I started to use Zam-Buk and found it gave me relief, so I continued it and after using three or four boxes I am pleased to say it has effected a complete cure."

Mr. G. A. Dufresne, 182-185 St. Joseph street, St. Roch, Quebec, P. Q., writes: "I can highly recommend Zam-Buk to everyone who suffers from piles."

Magistrate Sanford, of Weston, King's Co., N. S., says: "I suffered long from itching piles, but Zam-Buk has now cured me."

Mr. William Kenly, of Upper Nine Mile River, Hants Co., N. S., says: "I suffered terribly from piles, the pain at times being almost unbearable. I tried various ointments, but everything I tried failed to do me the slightest good. I was tired of trying various remedies, when I heard of Zam-Buk, and thought as a last resort I would give this balm a trial. I procured a supply and commenced with the treatment. After a very short time Zam-Buk effected what several other ointments and medicines had failed to do—a complete cure."

Zam-Buk is also a sure cure for skin injuries and diseases, eczema, ulcers, varicose veins, cuts, burns, bruises, chaps, cold sores, etc. Fifty cent box all druggists and stores, or post free from Zam-Buk Co., Toronto, for price. Refuse harmful imitations.

FALLS DEAD AT LODGE MEETING.

Former Boston Man Dies After Making Speech at Tacoma.

Tacoma, Wash., Oct. 19.—Jacob Sessler, a visiting Odd Fellow, just after completing a brief address to Stuben lodge at its meeting in Odd Fellows' temple Monday night, fell forward from his chair and, by the time aid could reach him, was dead.

Sessler was a member of Herman lodge No. 133 of Boston, Mass., but until lately had resided in Union Center, Kan., being a retired farmer. He had been in Tacoma three weeks visiting his niece, Mrs. G. W. Stroud.

Mr. Sessler had decided to pay Stuben lodge a visit, and before the meeting made himself acquainted with several of the members in a formal sort of way. During the meeting he was called upon for a speech, which he readily gave in a pleasing manner. After he had been talking a short time, and had just about completed his remarks, he complained of not feeling well and asked to be excused from further talking. He sat down and apparently recovered from his sick spell. Attorney H. W. Leuders, another member, then took the floor and had made but a few remarks, when Sessler half arose from his chair, turned a deep red in the face and fell forward to the floor. Several members rushed to him and, opening his clothing about the chest and throat, attempted to revive life in him.

Dr. Delaney was called and after ex-

amining Sessler pronounced life extinct. Mr. Sessler was about 65 years of age.

GOING TO CAPE.

London, Oct. 19.—Rear-Admiral P. W. Bush has been appointed to succeed Rear-Admiral G. Egerton, who since 1908 has been commander-in-chief

at the Cape of Good Hope. The new naval commander has seen some war service, but is best known from the fact that he commanded the St. George during the colonial tour of the Prince and Princess of Wales in 1901.

I thoroughly believe that you will get much more out of a man by praising him than by finding fault with him.—W. L. Courtney.

When You Feel Played Out

There comes a time when your grip on things weakens. Your nerves are unstrung, the vital forces low, the stomach is weak and the blood impoverished. You feel old age creeping over you. Be careful of yourself. Take

BEECHAM'S PILLS

at once; there is need to renew the life forces. Weak nerves, wearied brains, sick stomach, feeble blood, torpid liver, sluggish bowels—all feel the quickening effects of Beecham's Pills. Their use makes all the difference. The tonic action of these pills upon the vital organs is immediate, thorough and lasting. They are Nature's own remedy

For Run-down Conditions

Prepared only by Thomas Beecham, St. Helens, Lancashire, England. Sold by all Druggists in Canada and U. S. America. In boxes 25 cents.

THE DAILY TIMES

Published daily (excepting Sunday) by THE TIMES PRINTING & PUBLISHING CO., LIMITED.

VALUE OF ATHLETIC GAMES.

The winter games are now in full swing and nearly every boy and man in the country is interested in at least one line of sport.

In regard to the value of these games of different kinds to the community it may be said that their influence is generally for good, although when carried to extremes the influence and training are usually bad.

In moderation, however, sports are excellent. They train leads in the value of working together for the common good, in the principles of fairness, control of temper, and self-sacrifice.

PROTECTION OF TRADE ROUTES.

The second open letter of Lord Charles Berosford to the Prime Minister, published in yesterday's Times, advocating the protection of the trade routes by fast cruisers, is the best endorsement of the Canadian naval policy yet given to the public.

merchants in the North Pacific. Australia will be able to look after the South Pacific. The result of this will be that in case of war with a European power food supplies may be drawn from Canada and Australia, the latter being carried by way of Canada.

Lord Charles Berosford is one of the old school of naval men, and he is also a politician of the old school. He has no use for the development of self-government, but believes in centralization. He views with no favor the modern developments in the way of empire building. He cannot understand and appreciate them.

"Dear Lord Charles Berosford—I have received your letter of the 31st, enclosing an 'open letter,' which I see in the newspaper this morning. I need not assure you that His Majesty's Government are fully alive to the paramount importance of maintaining our naval supremacy, and will not hesitate to recommend to Parliament any steps which seem to them necessary for that purpose."

"Yours very faithfully," "H. H. ASQUITH."

D. W. H. writes a letter to the Times on the subject of this picture of Pioneer Legislators which appeared in Saturday's issue. The point raised by our correspondent has already been dealt with by Lieut.-Col. Wolfenden.

Instead of asking a friend to go canoeing up the Gorge it will soon be the fashionable thing to take a short flight around Vancouver Island, to take tea with a friend in Calgary or to dine in Spokane.

Doubtless Victoria voters enjoy being made the subjects of the humor of their representatives. "Fooling the Electors" is an interesting game and one that has been played ever since the introduction of representative government.

The Times will endeavor to find space for communications from correspondents on all subjects of public interest. But if cannot undertake to publish letters dealing with matters which are plainly private or have reference to merely trivial things. We receive many missives of the latter class daily.

Walter Wellman appears to be a better advertiser than aerial navigator. There never was more than one chance in a hundred of his making the other side of the ocean in his half balloon half ship America. It is a good thing for the crew of the America, including the cat, that the foolish experiment was made in waters frequented by many real ships.

A juvenile court is about to be established in Victoria. Stipendiary Magistrate George Jay will also be judge for the newly established court, but he will be given much more extensive powers in dealing with youthful criminals than he previously possessed. A suitable detention home is also being established, which will be apart altogether from the common jail. The establishment of this court does not mean that crime committed by youths will go unpunished, but it does mean that offenders will be dealt with in a more reasonable way than heretofore.

It would seem necessary to have universal church union before it would be possible to arrange for religious instruction in the public schools as proposed by some of the members of the Anglican Synod. Even then there would be a great many people who would object to any religious instruction whatever. The home and the Sunday School are the places for the teaching of religion. There is no reason why advantage should be taken of the compulsory clause in the school act to compel the teaching of religious dogma in which the parents do not believe. There is already provision for the teaching of morality and Christian ethics.

Apparently the campaign of the Times and other British Columbia journals for a land settlement policy on the part of the provincial government is already bearing fruit. It is announced that Hon. Price Ellison, who for over a year has done practically nothing in this direction, will now devote part of the time during his holiday trip to England in studying the subject. The proposal is a good one and it will redound to the honor of Mr. Ellison if he can institute a movement which will place British Columbia in her proper position from an agricultural point of view. Some of the finest land in the world is to be found in the fertile valleys of Vancouver Island. There are thousands of people looking for just such land. It should not be a difficult matter to adjust.

Members of the Canadian Club will be glad to have the opportunity of lunching with the great Irishman, T. P. O'Connor, M. P., to-morrow, and listening to the delightful brogue and smooth periods for which he is noted. Practically all the club members will be present, for, whatever the opinions held, all Victorians are broad enough to welcome a great man wherever he may be found. The welcome will be especially hearty, since the famous journalist has been preaching the gospel of the new imperialism in which it is his wish that Ireland shall take part. The members of the Ladies' Canadian Club are invited to be present after the lunch to listen to the address, and special seating arrangements will be made for them.

SEVEN BALLOONS REMAIN AFLOAT

LEADERS HAVE TRAVELLED OVER 600 MILES

The America Believed to Be Headed Directly Toward Hudson Bay

(Times Leased Wire.) St. Louis, Mo., Oct. 19.—Sailing along on a 35-mile breeze, the balloon America II, piloted by Allan D. Hawley, took the lead in the international balloon race to-day, and is now believed to be headed directly toward Hudson Bay, 600 miles from the start, and a good 50 miles ahead of her nearest competitor, which is believed to be the German balloon Dusseldorf.

At 8 o'clock this morning, 49 hours had elapsed since the race started, and only three of the ten entrants had come down. According to the best calculations, the leaders in the balloon race have already covered between 600 and 650 miles, and it is believed all records will be broken before the race is ended.

The fight for first place has been hard, and all last night it was a nip and tuck affair between Pilot Gericks, of the Dusseldorf, and Pilot Hawley, of the America II. For many miles the two gigantic balloons sailed along, the latter in the lead. The race was in the hands of Monroe county Hawley took his balloon up a thousand feet or more, struck a swift air current and rapidly pulled ahead. After that the Dusseldorf veered northward, met with adverse currents and apparently could not "untrack" itself.

The German pilot, Van Abercorn, in the Germania, began meeting with hard luck at this stage, too, and the America II gained an advantage that it is believed will be hard to overcome. The Germania finally struck a favorable air current, and was last reported over Hart, Mich., travelling at a 30-mile gait.

The Hamburg III pulled up well during the night, and is now supposed to be close behind the Dusseldorf.

The Azuria, Isle De France and Helvetia, all still up, are believed to have been carried in a more northerly direction than the four leaders, and probably are flying over the Great Lakes to-day.

The America II is the sole remaining hope of the United States being the only American balloon entered in the race, which is still aloft, the St. Louis No. 4 and The Million Population having given up. The St. Louis landed last night at Hillman, Mich. The other balloon descending was the Condor, a French entry which came down last night at Two Rivers, Wis.

Balloon Reported. Little Current, Ont., Oct. 19.—An unidentified balloon passed Manitowaning, Manitowling Island, early to-day, at a height of 1,500 feet. The balloon was headed north-northeast.

Gale on Lakes. Alpena, Mich., Oct. 19.—Gravd fears are felt here to-day for the safety of the balloons participating in the race as a result of the warning issued from Washington that a stiff gale is headed toward Lake Huron. No reports have been received from the balloons believed to be over the lake.

CITY MAY HAVE TO GET BLOCKS IN SEATTLE

Creosoting Plant Inadequate to Meet Demands of Work on Douglas and Yates

In view of the inability of the civic creosoting plant to supply wood blocks in sufficient quantity to keep the men employed in the work on Douglas and Yates streets busy, some attempt should be made, in the opinion of the city engineer, to get a supply of blocks from an outside source. Mr. Smith has ascertained that it will be possible to get blocks from Seattle, and at Friday evening's meeting of the streets committee of the council he will recommend that arrangements be made to do so, in order to meet the emergency which has arisen. Should blocks be obtained from Seattle they would require to be carefully inspected before being shipped to Victoria.

A number of other important matters will be up for consideration at the next meeting of the committee. Some of the property owners in the vicinity of the low-lying area known as "Skinner's Flats," Victoria West, are opposed to the proposal of the city to drain by means of a ditch that swampy land. W. H. Kay, one of these owners, has threatened to resist any attempt to carry out the work, claiming that he has never been approached or consulted as to the undertaking. The city engineer and the solicitor are expected to have a report on the matter ready for presentation at the next meeting of the committee.

The city engineer has urged the tramway company and the gas company to make immediate commencement on the work of laying heavier rails on Fort street, which is to be paved with asphalt. The contract for which work has already been let. The contractors are ready to go ahead with the work at once, hence the necessity for the tramway company and the gas company carrying out their improvements promptly.

Ald. Bannerman, chairman of the streets committee, the city engineer, the city solicitor and comptroller have been named a committee to at once draft a standard form of general conditions to be used with all specifications for public works.

SYNOD CONSIDERS MANY CHURCH REPORTS

New Parish for Oak Bay—Providing for Old Clergymen—Treasurer's Report

Chief of interest among the reports adopted, which was the only business under consideration by the synod of Columbia at this morning's session, was that of the committee on the clergy pension fund, presented by Canon Cooper. In it he advocated that some preparation be made for the superannuation of all clergymen over 65 years of age.

Canon Cooper stated that when a clergyman leaves the ministry at that advanced age he has nothing to look to, and has to make a living the best way he can. He hoped that the synod now in session would see its way clear to start this important work in the report it was proposed that the sum of \$25,000 be collected for the commencement of the work. The canon said emphatically that the sooner this was established the better.

In speaking on this new proposal, Beaumont Boggs, who was a member of the committee, said that they had presented to the synod a proposition on a sound financial basis. The laymen should take this matter up and not the clergymen. The lay representatives of each district should commence a campaign for the securing of the funds, whereby some provision may be made for the servants of Christ at the end of their labors that they may not be left to become paupers.

Rev. W. Barton favored the committee's report, but thought that the clergymen who are laboring in sections of the country which are out of touch with civilization should be provided for first. These in the city are better able to attend to themselves, and do not need to worry about the future as those in distant parts do. It is not a charitable organization, but is a purely business proposition. The laymen will be looked upon to do the greater part of the work, and he thought that if the proposed plans of the organization were properly outlined to the residents of the diocese the response would be most liberal.

In presenting the treasurer's report, Percy Wolfson commented on the offerings. He was unable to account for the fact that although there are more people in the diocese than last year, the collections have become less. Mr. Wallaston explained that there were places in the diocese where the gospel is not being preached, and he attributed this to the fact that the people are not doing their duty in subscribing sufficient money.

Rev. E. G. Miller presented the parochial parishes' report. The committee was in favor of the adopting of the boundaries of the Oak Bay municipality for the parish to be established in that district. They also recommended that a resident clergyman should be placed there in view of the increasing population.

Other reports received were: Columbia coast mission, Rev. Canon Cooper; cathedral chapter, Rev. Canon Cooper; registrars, Rev. E. G. Miller; southern deanery, Rev. Baugh Allen; northern deanery, Rev. Canon Leakey; executive committee, Rev. J. H. S. Sweet, and mission board, Rev. J. H. S. Sweet.

Matters were said in Christ Church cathedral at 3:30 o'clock this morning by Rev. W. Barton.

LOCAL NEWS

—There will be a general meeting of the members of No. 2 company, Fifth Regiment, at the drill hall on Monday, October 24, at 8:30 p.m. sharp. All members of the company are urged to attend as important business is to be considered.

—The Native Sons, Post No. 1, will entertain the Pioneers of B. C. on the evening of Tuesday next, Oct. 25, in K. of P. hall, after the regular lodge business. An orchestra is being engaged, some of the best local talent will be present and the catering will be in able hands.

—Sir Thomas Shaughnessy and party left last night for Vancouver. In the course of yesterday afternoon the president of the C. P. R. paid a visit to Hatley Park, the palatial home of Hon. James Dunsmuir, who is director of the great railway corporation. The evening was spent at the Empress hotel, prior to the time that the party left by the Princess Royal which made a special trip to the mainland.

—At a largely attended meeting of the Women's Auxiliary of the Anti-Tuberculosis Society, held this forenoon in the parlors of the Balmoral, it was unanimously decided to hold a Cafe Chantant in Institute hall during the entire week commencing Monday, November 21. A special meeting will be held in the parlors of the Balmoral on Monday next at 11 a. m. to make final arrangements. All who are willing to help in any way with this entertainment, whether members of the society or not, are requested to be present at this meeting as the time for completing arrangements is very short. Mrs. Spratt was appointed convener of the committee of general management, but information may be obtained from Mrs. Fagan, Mrs. Lammpan, Mrs. Beauchamp Tyne or Mrs. Griffith. The Cafe Chantant given a year ago was so successful that it has been thought advisable to repeat it, although, with the exception of one or two of the greatest hits, all the turns will be new. The refreshments will be in charge of the ladies of the Anti-Tuberculosis Society, who catered so satisfactorily last year, and no pains will be spared to give the entertainment on a much more elaborate scale than last year.

—The first of the series of monthly dances under the auspices of St. Andrew's Society was held last night in the Broad street hall. The function was a pronounced success and the attendance exceptionally large for a first night, nearly three hundred being present. The proceedings opened with a concert programme to which the following ladies and gentlemen contrib-

uted: Misses Neyland, Miss Mathews, Messrs. Adamson, Brunell, Winning, Macdonald, and Macintyre. The programme consisted of songs and quadrilles, and selections on the bagpipes were given by Piper Rattray, the same gentleman playing for some of the Scottish dances. Dancing was continued until one o'clock, and was evidently greatly enjoyed, the square dances and schottisches being a welcome change from the somewhat monotonous two-step. Supper was served during the evening.

Women's Tailored Suits For Fall and Winter. The woman who appreciates the advantage of having a suit that comprises quality, style and fit will be quick to take advantage of our large selection of tweeds, broadcloths, Venetians, diagonals and serges, at prices from \$17.50.

OBITUARY RECORD. There passed away at Jordan river on Sunday, after a very short illness, J. A. Blackwell, who had been employed by the B. C. Electric Company. Deceased was about 65 years of age, and little is known of him locally. The funeral has been arranged to take place to-morrow morning at 10 o'clock from the B. C. Funeral Company's parlors. Rev. Gilbert Cook will officiate.

INSPECTOR DEW REPEATS STORY. (Continued from page 1.) Mr. Muir, re-examining Dew, asked what was Crippen's demeanor during the voyage from Canada. "Perfectly collected and cool," said Dew. "He did not appear at all disquieted, his manner being exactly as when I saw him first in July."

The McLaughlin Buick Car Still Leads

MR. ERNEST G. MAYNARD, 316 Park Boulevard, Victoria, writes the following:
(Western Motor Supply Co., Victoria, B. C.)
Gentlemen:—I have driven my McLaughlin Buick Car continuously since May 15th, 1909, covering OVER 15,000 MILES, and during this period my repairs and replacement account has only been \$7.00 for one spark plug and one spring. My car is running as well as when I purchased it. I have travelled over some of the roughest roads on this island, also been over the Summit several times, and still running on the same tires I got with the car. I feel safe in saying it is the BEST CAR ON THE MARKET FOR THE MONEY.
This is only one of the many un-qualified testimonials that have been received. Better come in and let us demonstrate one for you.

HOCKEY LEAGUE DRAFTS GAMES

FIVE CLUBS ENTERED IN PROVINCIAL SERIES

James Bay Starts Season Here Against Vancouver November 19

For the first time in many years Victoria has taken the lead in placing hockey teams in the field, and is this year responsible for the five-team league in British-Columbia. There are three clubs officially entered from here while Vancouver, as usual, has only two.

The meeting of the B. C. Hockey League took place last night, F. L. Beecher presiding, and drawing attention to the entry of the James Bay club in hockey. The indications, he said, all pointed to an improved season, faster and keener competition and greater success all round.

The league schedule for the year was drawn and will open at Vancouver November 5, when the Vancouver and North Vancouver teams meet. The first game for the Capital City is November 19, when Vancouver comes over here to play James Bay. Victoria's first game is November 26 at Vancouver, but the Garrison will not be seen in the schedule until next year. The first game set down for the soldiers is January 7, when they will meet Vancouver at the Garrison.

The officials of the league elected referees, those chosen as proficient to act for Victoria being L. York, Capt. McDonald and the Gillespie brothers. For Vancouver clubs the referees will be F. L. Beecher, J. P. Nicholls, E. H. Cardinall, W. Craddock and E. Jones. The schedule as drawn is as follows: 1910.

Nov. 5—Vancouver vs. North Vancouver at Vancouver.
Nov. 19—Vancouver vs. James Bay at James Bay.
Nov. 26—Victoria vs. Vancouver at Vancouver.
Dec. 3—North Vancouver vs. James Bay at North Vancouver.
Dec. 10—Victoria vs. North Vancouver at Victoria.
Dec. 17—Victoria vs. James Bay at James Bay.

1911.
Jan. 7—Vancouver vs. Garrison at Garrison.
Jan. 7—North Vancouver vs. James Bay at James Bay.
Jan. 14—Victoria vs. North Vancouver at North Vancouver.
Jan. 21—Vancouver vs. North Vancouver at North Vancouver.
Jan. 28—North Vancouver vs. Garrison at North Vancouver.
Feb. 4—Vancouver vs. Victoria at Victoria.
Feb. 11—Garrison vs. James Bay at Victoria.
Feb. 18—Victoria vs. James Bay at Victoria.
Feb. 18—North Vancouver vs. Garrison at Garrison.
Feb. 25—Victoria vs. Garrison at Victoria.
March 4—Vancouver vs. James Bay at Vancouver.
March 11—Garrison vs. James Bay at Garrison.
March 18—Vancouver vs. Garrison at Vancouver.

AUTO FATALITY ON CARIBOO ROAD

Car Turns Turtle—One Man Killed and Two Others Injured

Ashcroft, Oct. 13.—A shocking automobile fatality occurred on Sunday afternoon on the Cariboo wagon road, about a quarter of a mile south of Cole McDonald's.

A B. X. auto, in charge of a chauffeur named North, swerved suddenly off a bend in the road and turned over, instantly killing Charles Davis, a barber of Vancouver, and seriously injuring his brother-in-law, J. McCurtain. The latter had his big brother and another passenger, Arthur Gibson, a B. X. employee, was seriously injured in the back, the car pinning him down. The driver and one other passenger escaped by jumping. The cause of the accident has not yet been determined.

ESQUIMALT SECOND DRAWN EVERY GAME

Five of the Eight Teams Are in the Running, Without a Defeat, for First Place

The Esquimalt second division football team has played four games this season and has drawn all of them, a remarkable result for any team in a Victoria league, in fact the soccer authorities here say it has been previously unheard of.

In the second division there have altogether been six drawn matches. North Ward, the leaders of this division, escaped until last Saturday when the Esquimalt team chased it to a draw.

Next Saturday the two top teams, North Ward and Beacon Hill, meet for the first time, and there is only one point between them. Neither team has met defeat but Beacon Hill has had two drawn games.

Another peculiar situation in this division is the fact that there are five teams of the eight which have not yet lost a match, the drawn games being

Canadian representative, J. H. Bojar, Hospital St. Montreal, Que.

Out Today

811-813 Gov't St. Opp. P. C.

THE reason. As the clubs stand any of the first five teams have a chance to win the rubber, and second division football is more interesting on that account, than in any season for many years. The corrected standing of the teams playing in the second division is as follows:

	W.	L.	D.	Pts.
North Ward	3	0	1	7
Beacon Hill	2	0	2	6
Baraca	2	0	2	6
Oak Bay	2	0	1	5
Esquimalt	0	0	4	4
Victoria West	0	2	1	1
Garrison	0	2	1	1
Regiment	0	3	0	0

SPORT NOTES

In all probability a team of English amateur cricketers will leave England next January to play a series of matches in the Argentine under the auspices of the M. C. C.

In his billiard match with Nelson, at Hull, this month, George Gray, the young Australian, took his unfinished break of 317 to 339, 386 of the points being made off the red ball. Gray broke down at a thin middle-pocket record. During his break he broke his record of 277 successive red losers, which he made in Australia.

What is the reason English football and cricket teams leave England and visit South Africa, Australia and the Argentine, but do not come to Canada? The reason is that these teams play at home in the winter for football and in the summer for cricket, and at the close of the seasons are able to go to the southern hemisphere and find the games just beginning.

President Merrick of the C. A. A. U. has been compelled to call his dog off the cricket rules, because the dog would have been killed. No other man in the world has been able to put a chip in the cricket monument, and Mr. Merrick certainly got his when he tried it in eastern Canada.

The amateur standing of cricketers has always been looked after by cricketers to their own satisfaction and Canadian cricketers do not need any assistance from amateur unions.

The Vancouver Rowing Club Rugby team is head of the Terminal City league, having gone through the season without a defeat. The Argos, which plays the Bays here October 31, is third of the four teams.

The London boxing revival was ushered in Monday night, when "Digger" Stanley knocked out the ex-champion bantamweight, Joe Bowker, in the eighth round of a scheduled twenty-round bout before the National Sporting Club. The event carries the English championship in the bantam-weight class.

The Nelson Rugby Club has been definitely formed with Leslie Crawford president and A. H. Marcon secretary-treasurer. There are twenty-five playing members on the team, which wants to play Victoria here.

James Bendrodt is back from a trip to Australia, where he appeared in several skating contests. He was accompanied to Sydney by J. Irvine, of Victoria, who remains there. Bendrodt arrived yesterday on the S. S. Makura.

Twelve dollars and 50 cents per tooth is the amount awarded Charles J. Peters, a semi-pro baseball umpire, by a jury in the Chicago municipal court in a suit against John W. Devine, right fielder of the Mutuals, a semi-professional ball team. Peters asked for \$50 per tooth for four teeth knocked out by Devine in an argument over a decision given by Peters in a semi-professional game.

The final baseball game between the University of Chicago and Keio Uni-
