THE RIGIBLE R-33 IS MOORED AT PULHAM AFTER STORM FIGHT

Big Airship Returned to Aerodrome in Eastern England a Victor After 28-hour Struggle With Gale Over North Sea; Great Praise is Given Crew; Believed Airmen's Experience During Runaway Cruise Will Benefit Future Dirigible Construction.

Pulham, Eng., April 17.—To the cheers of British army officers, soldiers, workers and spectators, the army dirigible R-33 returned home safely shortly after two o'clock this afternoon, after a 28-hour battle with the elements over the east coast of England and the storm-swept North Sea.

The runaway craft, which tore away from her moorings at the air station here yesterday morning during one of the fiercest gales in recent years, was sighted by the anxious watchers at the aerodrome at 1.54 o'clock this afternoon. She landed safely a quarter of an hour later.

A favorable wind allowed the sorely-distressed crew of the R-33 to start their ship homeward from a point near the Dutch coast after daylight and she made a slow, steady flight across the North Sea, which yesterday she had passed over in the opposite direction, driven by the wind.

CROWD WAS WAITING
As the R-33 came in sight of Lowestoft about 1 o'clock her crew got the first glimpse of British land they had seen during twenty-seven weary hours. Her crew went up to them as the ship passed toward the shore line. An excited crowd had waited on the shore since the big craft, with her damaged bow drooping low, was swept out to sea yesterday. After she had passed over Lowestoft the ship was comparatively unscathed, but in order to avoid difficulty, her skipper raised the ship higher in the air than when she was over the water.

INFORMATION GAINED
British Air Ministry officials are loud in their praise of the stability of the vessel, which withstood the severe buffeting it had been subjected to, and it is their opinion the crew gained much valuable experience during the forced journey. Fitted with special instruments for the purpose of recording air pressure and strain, all of them placed to gain data for airship construction, valuable information is expected to be gathered as a result of the runaway flight.

As the triumphant ship approached home, Vice-Air Admiral Sir W. O. Salmond wireless to the crew: "Your efforts splendid. They redound to the credit of all."

NAVIGATOR PRAISED
Much praise is being meted out to Flight-Lieut. R. S. Booth, aged twenty-six, who has had cramped into a short space of time the experience of years, for he was responsible for navigating the airship to safety.

Throughout the wanderings of the ship, Lieut. Booth kept in close touch with his home officials through the radio, enabling the officers at Pulham, acting in conjunction with the Air Ministry, to furnish him with constant weather forecasts and advice.

OPERATOR WORKED
The aviation authorities are particularly pleased at the pluck and endurance of the only radio operator on board the ship. He is Spencer Keeley, a junior operator, who happened to be on duty at the time of the ship's departure. He worked his post without interruption. He sent more than fifty messages yesterday afternoon alone despite difficulties, which included the jamming of the air by various warships trying to communicate with the fugitive aircraft.

FIVE LOST LIVES IN OREGON FIRE TO-DAY
Two Women Were Injured When They Leaped From Second Story

Marshfield, Ore., April 17.—Five members of one family perished in a fire which destroyed a frame building here this morning. Those who lost their lives were H. H. Hopps, Mrs. Hopps, sixty-five; Vernon Hopps, seventeen; Ruth Hopps, thirteen; and Herman Hopps, ten.

The bodies were burned beyond recognition. The victims were apparently suffocated before the fire reached them.

The building was a two-story structure. The upper story was occupied by four families.

Occupants of the building escaped through the upper windows. Two women were injured, one of them critically, when they jumped from a window.

The fire, which caused an estimated loss of \$50,000, is believed to have started in a cafe on the ground floor. Two other floors were practically destroyed.

STEAMSHIP LINES CANCEL ARBITRARY AGAINST VICTORIA

Announcement has just been received from steamship lines operating from Great Britain and continental ports that the arbitrary which for some years has been enforced against Victoria over and above the Vancouver rates, has at last been cancelled.

The transportation committee of the Victoria Chamber of Commerce has been pressing for this concession for a very long time. Failing in their previous efforts to secure relief they were able to arrange with the Canadian Government Merchant Marine service to place a line of steamers from Antwerp to Victoria and Vancouver, making this city a regular port of call and issuing a freight tariff on equal basis to both ports of destination. It is unquestionably the result of this action, it is stated, that the Canadian Government Merchant Marine service will now enjoy the same benefits as Vancouver on all freight rates applying from continental seaports.

COMMITTEE OF COMMONS STARTS ITS INQUIRY INTO ATLANTIC RATES

Ottawa, April 17.—With the production of masses of information on the ocean conferences, the special committee of the House investigating Atlantic Ocean rates got down to business this morning. Sir William Peterson of London, with whom the Government made the agreement looking to control of ocean rates, was an interested spectator. Sitting near him was W. R. Preston, who made the report on the North Atlantic Combine. Both are to give evidence later.

At the first meeting of the committee H. J. Symington, K.C., counsel for the Federal Government, asked for the production of a long list of the documents by the companies in the North Atlantic Conference. This morning was devoted to the filing of the documents.

A point emphasized by G. H. Symington, K.C., of counsel for the shipping companies, was that there was nothing secret about conference agreements. They were on file with the United States shipping board in Washington and could be consulted there by anyone.

"No country," he said, "has gone farther in the line of trust-busting than the United States. Yet the United States has not only approved of these agreements, but the United States lines are in the conference."

PROCEEDINGS SECRET
Mr. Symington, quoting minutes of a conference meeting held in April 1922, the nature of the proceedings were evidently bound under the rules to regard the proceedings as secret and confidential. He wanted the rules and regulations, when asked, there were no secrets, Mr. Montgomery replied.

It was agreed that the two counsels should devote the balance of the afternoon to what the minutes had referred to.

AGREEMENT CALLED FOR
Towards the close of the hearing there was a flutter over a reference by Mr. Montgomery to an agreement between the Canadian National Railways and one of the steamship companies belonging to the North Atlantic Conference. This steamship company, he explained, had preferred that the agreement had referred to be made public.

Immediate inquiries were made as to the nature of the agreement.

NO AID TO INQUIRY
Mr. Montgomery was pressed for the name of the shipping company, but he smilingly observed he had no information.

Prince Rupert to Have More Power

Prince Rupert, April 17.—The City Council decided last night to take steps towards borrowing money to extend the municipal hydro-electric power system in order to take care of industrial demands now pending. The cost is estimated at about \$500,000.

EXTENSION OF E.D. AND B.C. RAILWAY FOR PEACE RIVER DEVELOPMENT NOW URGED

By Times Staff Representative
Ottawa, April 17.—Extension of the present Edmonton, Dunvegan and British Columbia Railway farther westward is one of the plans under consideration by the Government now in its effort to give Peace River settlers a railway outlet for their products. This idea has been advanced as a measure of temporary assistance to the settlers in view of the evident feeling of the heads of the two trans-continental railways that any new railway built in the Peace River region at this stage would not pay for some time.

SAYS VISITORS IN RUSSIA MISLED; EMMA GOLDMAN

An audience in London last night was told by Miss Goldman, former Communist, who lived for some time in Russia, that the report of the British trade unionists who recently visited the Soviet country was a travesty on the truth. It was unfavorable. No one who visited Russia as a guest of the Government, she said, was allowed to see the real condition of the country. She condemned the Soviet system without reservation.

CHARGE OF ARSON

Sturgeon Falls, Ont., April 17.—Tony Jacobella, who conducted a shoemaking business here, the first here on March 21, that destroyed buildings worth \$40,000 and cost the life of little John Kermet, has been committed for trial on a charge of arson.

RUSSIAN TOWN BURNED

Warsaw, April 17.—The town of Bykl, near Lublin, was nearly wiped out by fire last night. Two hundred stores and their stocks were destroyed and 257 houses were burned. Only sixty-one houses remain standing. There was no loss of life.

UNDERWRITERS DISCUSS WAYS OF BETTERMENT

Congress Hears Addresses on Ethics and Methods of Profession

Addresses of educational importance to life underwriters featured this morning's session of the Life Underwriters' Congress, now proceeding at the Empress Hotel.

President William Mann of the Vancouver Life Underwriters' Association acted as chairman, J. L. Charbonneau of Seattle, being the initial speaker. Mr. Charbonneau dealt with consistent production methods and the bearing a regular record has on the progress of the individual insurance salesman. Banking aspects of the life underwriting profession were dealt with the address being one of the most important of the congress.

ICE CREAM CONES

Members of the Police Commission pointed out that this would bring David C. Lewis has to be repeated. The cost to the public alone is estimated at nearly \$2,000—all spent to no avail because of the slip of a petty official who allowed the twelve jurors to be separated for an hour or so.

Not one word of the evidence taken at the three long days during which the court labored from Tuesday onward can be put before the new jury which will be sworn in Monday morning next at 10.30 to start the case all over again.

Attempt to Burn K.K.K. Man's House

Indianapolis, Ind., April 17.—Fire of mysterious origin early to-day damaged the home of D. C. Stephenson, former "Grand Dragon" of the Ku Klux Klan. The fire was preceded by an explosion, neighbors said, and a fire department official declared they found in the house two cans of kerosene and one of gasoline. In addition at the gas jets were open, the firemen added.

CITIZENS FORM PATROLS TO KEEP ORDER IN SOFIA FOLLOWING BOMBING OF CATHEDRAL AND KILLING OF 140 AND WOUNDING OF 200

Sargent Funeral Plans Announced

London, April 17.—The funeral of the late John Sargent will be held tomorrow and will be strictly private, to be attended only by relatives and close friends of the late artist. Burial will be in Brookwood cemetery at Woking. A memorial service will be held in Westminster Abbey at noon on April 24. Members of the Royal Academy are to attend in a body.

Prince of Wales At Minna, Nigeria

Minna, Nigeria, April 17.—The Prince of Wales arrived here at midnight, thus having penetrated the interior of Nigeria 425 miles by rail from the coast.

During yesterday afternoon's run the Prince drove the train for half an hour. By his side was the engine driver who piloted King Edward's train when, as Prince of Wales, he visited West Africa en route to India.

Director of Central Prison Assassinated in a Street of Bulgarian Capital To-day; Passengers on Trains Closely Searched for Weapons; War Minister Directing New Citizen Police Organization; Purpose of Those Who Set off Bomb in Cathedral Was to Remove Cabinet From Affairs of Nation.

Sofia, April 17.—Bulgaria is under martial law as a result of the killing of 140 persons by a bomb explosion yesterday.

The director of the Central Prison was assassinated in a street here to-day, but otherwise there were no disturbances last night or this morning in either Sofia or the provinces.

Passengers on trains are being searched rigorously. Citizens are enrolling and forming patrols to maintain order under the direction of the War Minister, General Voulkhoff.

Sofia, April 17.—The latest figures show that 140 persons, including twenty women and ten children, were killed in the explosion of an infernal machine in the Cathedral of Sveti Kral during the funeral of the late General Georghieff yesterday. Six generals and thirty other officers were among those killed.

In addition to the large number of fatalities, it is estimated about 200 persons were wounded.

PREMIER INJURED

The Premier, Dr. Alexander Tsankoff, was among those injured, but he was able to preside over an emergency sitting of the Cabinet this morning. The Government proclaiming martial law, but the country as a whole is quiet and telephonic and telegraphic communication with all the important centres continues.

TO REMOVE CABINET

How and by whom the bomb was placed on the cathedral roof is unknown, but the version most circulated is that the outrage was the act of agents acting to remove the Bulgarian Government and create a state of anarchy.

Sofia to-day was in a state of ferment—the greatest excitement prevailing. In addition to martial law, which has been proclaimed throughout the country, the military authorities have ordered a curfew established, the streets to be cleared at 7.30 p.m.

SEARCH LASTED HOURS

The task of searching the debris in the cathedral consumed hours, but all the bodies were believed to have been recovered this morning. The interior of the cathedral presents a terrible spectacle, with ancient relics and fragments of clothing strewn about in confusion.

The bomb apparently was detonated by clockwork mechanism. It had been concealed under the roof in the southern part of the cathedral and spent most of its force upon the crowd in that part of the edifice.

MANY CARRIED OUT

There were several acts of bravery during the disaster which followed the explosion of the bomb. Men among the gathering sought to assure the safety of the women and children by carrying them from the cathedral. The assassination closely followed an attempt upon the life of King Boris as he was motoring near Sofia.

ELECTION CASE HEARD BY APPEAL COURT

J. A. Catherwood Argues Against Voiding of Balloting in Riding of Dewdney

Vancouver, April 17.—Maxwell Smith, Liberal, and J. A. Catherwood, Conservative, appeared in the provincial election in Dewdney last June, were interested spectators in the Court of Appeal today at the hearing of the latter's appeal from Mr. Justice D. A. McDonald's decision voiding the election, on which Mr. Catherwood was declared the victor by five votes after two official recounts before Judge Howay and the Court of Appeal.

STATED GROUND
E. C. Mayers occupied the morning sitting presenting Mr. Catherwood's grounds of appeal. He contended the election should not be upset because some of the absentee ballots were contained in packets (Concluded on page 2)

FUMIGATION SYSTEM FOR CARGOES PACKED IN STRAW

Ottawa, April 17.—Release of all straw-packed cargoes held in Pacific Coast ports under the foot and mouth disease regulations was ordered by the Government to-day. All such cargoes, however, must be fumigated at Government fumigation stations at the importers' cost.

Straw-packed cargoes arriving in Pacific ports have decreased in number about seventy-five per cent. in the past month and the Department of Agriculture believes that with proper fumigation they will offer no menace to Canadian cattle.

The embargo was lifted after vigorous representations by Hon. J. H. King, British Columbia's Cabinet Minister.

TO INCREASE PENALTIES

Halifax, April 17.—Redoubled penalties and simplified measures of prosecution will face the violators of the Nova Scotia Temperance Act if the bill introduced in the Legislative Assembly by Hon. W. J. King succeeds in passing, both Houses without amendment.

Chang Sing to Appear Again on Murder Charge; Jurors Visited Scene of Shooting

Vancouver, April 17.—All the time and money spent in the three-day effort by the Crown to bring home to Chang Sing the charge of murdering David C. Lewis has to be repeated. The cost to the public alone is estimated at nearly \$2,000—all spent to no avail because of the slip of a petty official who allowed the twelve jurors to be separated for an hour or so.

WHEAT POOL MANAGER SAYS WINNIPEG AND CHICAGO EXCHANGES UPSET TRADE

Winnipeg, April 17.—"It is clearly indicated that the old theory of supply and demand controlling prices on the Winnipeg and Chicago markets has been a mere myth during the past few months, and instead of these markets being of assistance in marketing the wheat of the two continents, they have brought about a demoralized situation in all the importing countries," declared E. L. Smith, sales manager of the Canadian wheat pool, in a statement issued here today.

He added that the recent tremendous break in wheat prices from \$1.80 was entirely unwarranted.

"The world's wheat situation," he said, "is such that every bushel of wheat in this country is worth at least twenty-five cents more per bushel than the present market as quoted in Winnipeg and Chicago."

OPINIONS DIFFER

The main obstacle in forming the Ministry was the divergence between M. Caillaux and M. Briand.

The latter wanted Louis Loucheur to be a member of the Cabinet, but M. Loucheur was not in agreement with M. Caillaux on various questions and hesitated a long time.

Then he accepted the portfolio of Commerce, only to change his mind at the last moment and abstain.

The two former Premiers also are represented by the means of one united regarding a financial policy.

MAJORITY IN CHAMBER

The new Cabinet will command about the same majority in the Chamber of Deputies as the outgoing administration, but it can not count on the Socialist support, for when formed, the Socialist Party congress, which M. Herriot, during his premiership, reserved the right to withdraw its support whenever this appeared necessary.

instructions and had not seen the agreement.

"It is here in Ottawa," he said. "The Government can produce it."

There were some questions as to the nature of the agreement.

Mr. Montgomery replied that he knew it was that it concerned navigation traffic.

Later Mr. Montgomery observed that he had since been advised that the agreement was between the White Star-Dominion line and the Canadian National, and that there was nothing really material in it to the present inquiry.

Chairman J. McMaster announced that H. N. Donald, barrister of Toronto, would represent Sir William Peterson at the hearing.

ACT AS AGENTS

William J. Gear, vice-president of the Robert Reford Company, answered a number of questions asked by Mr. Symington.

Robert Reford Company acted as agents for the Cunard, Anchor-Donaldson, Donaldson and Thompson and the Cairn Steamship Lines.

Mr. Gear informed the committee that the organization known as the Canadian Liner Company had been formed in September, 1918, for con-

sultation in regard to loading of vessels and other matters. The company had no written rules or regulations.

UNDERWRITERS MEET

was followed by Kenneth Ferguson of Victoria, who dealt with the broader aspects of the life underwriter's relation to community welfare.

A GREAT BUSINESS

At the banquet held last night at the Empress Hotel, President J. J. Mayers of the Life Underwriters' Association of Canada, gave striking statistics as to the importance of life insurance.

He pointed out that the assets accumulated are rapidly approaching the billion dollar mark, and Mr. MacSweeney considered that, at the rate of growth shown in the past ten years, the year 1932 would show over twelve millions of policies in force in Canada, backed by nearly three billions of dollars of assets.

Every business and citizen in Canada was directly benefited by the uses made of these great aggregations of capital, the funds accumulated by policy-holders, being reinvested in productive industry without delay.

Dr. Clem Davies was a guest at the banquet, and entertained the underwriters with a characteristically witty address.

NO CHANGE IN SUNDAY TRADING

(Continued from page 1)

compelling stricter regulations throughout British Columbia, they should again interview the commission.

Mr. Stansfield pointed out the disastrous consequences which would result if sale of candy, refreshments or tobacco on Sunday brought the prosecution unless the goods were consumed in the store premises of the seller.

SAYS LAW STRICT

Dr. Rochester pointed out that the Alliance was asking for nothing more than strict compliance with the Lord's Day Act, a Dominion statute.

He argued that so long as the Act was on the statute books, the commission was remiss in its duty by failing to enforce it.

His reading of the section governing Sunday trading was to the effect that only sales of refreshments to relieve hunger or thirst were legal, and consumption of the goods in the premises of the seller imperative under the Act, he argued.

Commissioner Aitken objected to any additional restriction being imposed on Sundays, asserting that such action would not be in accord with the trend of the times.

By means of unpopular and drastic regulations would breed intentional law-breaking, and penalizing persons buying Sunday refreshments under such conditions would be impossible, he considered.

The delegation then suggested the Commissioners regard the reports of the latter as confidential. This attitude has since been regarded by the commissioners as unfair to the public in view of the unanimity of opinion existing on the board against any further limitations of Sunday trading.

curred for him the bitter enmity of the Socialists.

In the Senate the Ministry will meet with considerable opposition, owing principally to the appointment of M. Caillaux.

Former Premier Poincare, on hearing of Caillaux's appointment, is reported to have exclaimed: "Caillaux is a challenge to the Senate."

The general public is not unfavorably impressed, however, and the names of Briand and Caillaux undoubtedly carry great weight.

TO SETTLE DEBTS

Settlement of the war debts will be one of the first cares of the new Finance Minister, M. Caillaux, according to friends with whom he talked yesterday.

M. Caillaux, first of all, it is said, will set about to provide a safe working margin of cash for the French Treasury and then, with a view to final stabilization of the franc, will take up the debts, which he considers one of the greatest obstacles to a complete financial renovation.

The new Finance Minister, it is added, will confirm M. Clementel's assurances that France intends to repudiate no obligations, but will negotiate closely as to terms and perhaps as to amounts.

VICTORIA GYROS ENTERTAINED BY NANAIMO CLUB

Special to The Times

Nanaimo, April 16.—Victoria Gyros to the number of twenty paid a visit to the Nanaimo Gyro Club yesterday and met the Nanaimo boys in various sporting events.

In the afternoon the visitors proved superior to the locals in a soccer game, winning two goals to nil. The home team was awarded a penalty in the closing stages of the game but failed to score, putting the ball into the hands of the visiting goalie.

Immediately after the soccer fixture the two clubs met on the lawn to play a pastime bowling quintette.

The first game resulted in a win for Victoria by one pin only. This loss was offset by the Nanaimo bowlers who captured the second game by 36 pins, thus having a total of 1,324 pins.

Dr. Margeson of the Nanaimo club was high man, winning 202 pins, H. Sibband of Victoria being second with 201 pins. Dr. Margeson was also high average man with 174 pins.

After the bowling fixture the visitors were treated to a supper in the club's regular luncheon room, and were given an invitation to "The Cave Girl" an amateur show staged that night under the auspices of the Nanaimo Gyro Club.

HEED THE WARNING OF THAT GOLD

Take a hot lemonade when you first suspect a cold, and immediately go to bed under warm covers.

In the morning—nine times out of ten—every trace of cold has disappeared together with the danger of pneumonia, "flu" and other ills that start with colds.

It's the cheapest, easiest, sanest way to handle colds.

Just squeeze the juice of a California lemon in glass or cup of hot water. The effectiveness of hot lemonade is due to more than its heat. Add sugar if you wish.

Get a dozen California lemons now—take hot lemonade tonight.

Ask for California lemons, the tart, juicy, practically seedless kind. They make the most effective lemonade for colds.—Adv

MRS. CUNNINGHAM TOO WEAK TO GO TO COURT SESSION

Gary, Indiana, Widow Confessed She Killed Three of Her Children

Crown Point, Ind., April 17.—Mrs. Anna Cunningham, forty-nine-year-old Gary, Indiana, widow, who has confessed she poisoned three of her children and tried to end her own life so they could join her husband "in Heaven," still was too weak yesterday for a preliminary hearing on the charge that she murdered her son Walter.

County Prosecutor August A. Bremer pointed out today that the report of Purdue University chemists, received last night, corroborated Mrs. Cunningham's confession.

The chemists found a large amount of arsenic in the vital organs of the late Walter Cunningham, but none in the organs of the late Harry Cunningham, Bremer said.

Mrs. Cunningham, while admitting she poisoned Walter, Isabelle and Charles Cunningham, denied she had given Harry any poison. She also testified giving poison to David Jr., twenty-four, who is in a Chicago hospital.

ELKS OPEN TENNIS COURTS

The tennis courts of the Elks' Amateur Swimming Club at the Gorge will be open for play on Sunday, April 19.

Both courts have been recon-ditioned and are in first class shape.

curred for him the bitter enmity of the Socialists.

In the Senate the Ministry will meet with considerable opposition, owing principally to the appointment of M. Caillaux.

Former Premier Poincare, on hearing of Caillaux's appointment, is reported to have exclaimed: "Caillaux is a challenge to the Senate."

The general public is not unfavorably impressed, however, and the names of Briand and Caillaux undoubtedly carry great weight.

TO SETTLE DEBTS

Settlement of the war debts will be one of the first cares of the new Finance Minister, M. Caillaux, according to friends with whom he talked yesterday.

M. Caillaux, first of all, it is said, will set about to provide a safe working margin of cash for the French Treasury and then, with a view to final stabilization of the franc, will take up the debts, which he considers one of the greatest obstacles to a complete financial renovation.

The new Finance Minister, it is added,

JAMES ISLAND CLUB PRESENTS COMEDY

Crowded House Applauds Clever Amateurs in "My Wife"

Special to The Times
James Island, April 17.—The James Island Dramatic Society, under direction of R. H. Lyons, presented the four-act comedy, "My Wife" which was played to a full house Tuesday evening. It was conceded to be the best production so far staged by the club. The cast deserves great credit for its excellent work, which undoubtedly must have occasioned much study and untiring effort.

The scenic effects were excellent, and reflect much credit on the stage management of J. M. Malcolm and J. W. Van Norman.

Between acts Mrs. Fred Butterfield of Victoria, Mrs. J. M. Malcolm, Miss Doris Bowker, A. Inglis and D. Lake rendered pleasing and appropriate vocal and instrumental selections; while Misses B. Ford, B. Peirce, E. Lake and E. Rowbottom, who acted as ushers, looked very charming in fancy costumes especially designed for the occasion by Mrs. J. M. Malcolm.

Guests attending the performance from outside points included Dr. Parrott and party, Reithaven, Mr. and Mrs. Butterfield, Miss F. Turner and Miss G. Stubbs of Victoria.

The names of those taking part in the comedy were as follows:
Mrs. R. H. Lyons, Mrs. N. Moore, Mrs. C. W. Holland, Mrs. D. Miller, Miss Margaret Eyras, Messrs. R. H. Lyons, E. A. Eyras, N. Moore, G. P. Allen and D. A. McNaughton.

James Island, April 17.—The Easter service held in the assembly hall, which was tastefully decorated for the occasion, was conducted by the Rev. Tate and E. E. Richards. During the course of the service the christening of Irene Myrtle Willmott, three months old daughter of Mr. and Mrs. R. H. Willmott, took place. Following the service Communion was observed.

PLAY BALL!
It is expected that J. M. Malcolm, of James Island, the popular pitcher of last year's C.P.R. baseball team and familiarly known to the fans as "Mattie," will twirl the ball again this year.

VISITORS TO THE ISLAND
Mrs. J. Corlett of Nanosee is visiting Mrs. F. Sherwood.
Mrs. Cochrane of Oliver is visiting her daughter, Mrs. M. Kirk.
Mr. Daker, Scott of Victoria is spending his Easter holidays with Mr. John Lyons.

COWICHAN NEWS

Special to The Times
Cowichan Station, April 17.—Easter Sunday dawned brightly here. There was a large attendance at the 8 o'clock service, which was taken by Archdeacon Collinson. The Church of St. Andrew was beautifully decorated by ladies of the parish with lovely Spring flowers and shrubs. Many visitors from Victoria spent

the vacation in this district, among them being Mr. Lindsey Crease, K.C., who was the guest of Mr. and Mrs. Pemberton at Pemberton Farm.
Mrs. Donnelly and the Misses Donnelly from Nanaimo were the guests of Mrs. Fanning for Easter, and were present at the Cabaret at Duncan on Monday.
Mr. and Mrs. Clive Trench entertained a party for Easter at Salt Spring Island, including Mr. and Mrs. Grant, Victoria, Mr. and Mrs. Mogg, Mr. N. Robertson, Miss Armstrong,

TALKS ON HEALTH TO DUNCAN WOMEN

Many Interesting Matters Discussed at Institute Meeting
Mrs. A. W. Johnson to Succeed Mrs. Innes Noad as President

Special to The Times
Duncan, April 17.—The regular monthly meeting of the Cowichan Women's Institute was held on Tuesday afternoon, in the institute rooms. Owing to Mrs. Innes Noad's resignation, it was necessary to elect a new president. Two new directors were also elected to fill vacancies. Mrs. A. W. Johnson is the new president, Mrs. Matilda Douglas and Mrs. E. Allen, the directors.
Mrs. Innes Noad's letter of resignation was read and accepted with much regret. The Secretary was instructed to write and ask her to come to Duncan for a farewell social, at any time which would suit her.
A resolution was passed, favoring the inclusion of the words "Women's Institute" in the name of the new "Solarium" which is to be erected. Application for incorporation under the name of the "Women's Institute Hospital Association for Crippled Children" will be made.
Dr. H. N. Watson, the speaker for the afternoon, then gave a most interesting and instructive lecture on "Public Health in the Schools." He touched on the subjects of small-pox and vaccination, diphtheria, and tuberculosis. The latter, he said, is the modern "Captain of Death." In youth the average death from this disease is one in seven. In middle age, when the stress of life is more difficult, and with added responsibilities the rate has increased to one in four.
A very hearty vote of thanks was tendered to Dr. Watson and the meeting adjourned.

GANGES NEWS

Ganges, April 17.—On Sunday afternoon at the Methodist Church which was prettily decorated for the occasion, Rev. Geo. Dean christened two infants.
The infant son of Mr. and Mrs. William Moad was given the name of Gilbert Thomas, and the son of Mr. and Mrs. Richard Toynebe was given the name of Richard Moad.
Roy Campbell left on Tuesday for Regina. Mrs. Campbell accompanied him as far as Vancouver, where she will visit for a week.
Mr. Brand of Victoria is spending the week at Ganges, guest at Mrs. J. Moad's.

Sidney News

Special to The Times
Sidney, April 17.—The regular weekly card party of the Social Club was held in Matthew's Hall Wednesday evening. Six tables were occupied and military five hundred was played. Winners of the first prizes were Mrs. A. Critchley, Mrs. Gilman, F. Smith and Mr. Lidgate. The hostesses for the evening were Mrs. A. Critchley and Mrs. Hambley.

WOMEN'S AUXILIARY

The Junior branch of St. Andrew's and Holy Trinity W.A. gave a splendid entertainment in Wesley Hall on Thursday afternoon. The hall was crowded. The entertainment was opened by Mrs. Hughes, who said the word did the children great credit and showed how hard they had worked during the winter. It was all due to Mrs. Gilman, the juniors' superintendent. A short play by the little ones entitled "Flowers and Seasons" was very pretty, and drew much applause. A flower stall was in charge of Miss Amy Robinson. A table of needlework was in charge of Miss Dorothy Gilman, and the ice cream was looked after by Miss Gladys Ricketts. Tea was then served

and was in charge of some of the members of the senior branch, Mrs. Philip, Mrs. Ward, Mrs. Salmon and Mrs. Coward. The bigger girls acted the play, "The King of Sherwood." The stage was prettily decorated with fir trees and moss. The costumes were very good, and the children took their various parts splendidly. Mrs. Chrow and Mrs. Cummings of Victoria were amongst those present. Elizabeth Campbell presented Mrs. Gilman with a bouquet of flowers, everyone agreeing what very great credit was due to Mrs. Gilman for the splendid afternoon's entertainment.

BOYS FOUND CAPS, ONE BLEW HIS THUMB OFF

Cheminus, April 17.—Louis Cave, twelve years of age, lost his thumb from an explosion of dynamite caps Tuesday afternoon. With Howard Catherly of about the same age, he went fishing, they discovered a box of caps at the Victoria Lumber and Manufacturing Company's logging track, where the company recently built a concrete dam.

COUNCILLORS FIND ROADS IN CONDITION

Special to The Times
Cheminus, April 17.—Tuesday Municipal Council motored on a tour of inspection over about sixty miles of their roads, which were pronounced in very good condition, with the exception of one, over which some very heavy traffic is going at present. The council will finish their tour of inspection next week.

Mrs. Laidlaw is spending a few days in Victoria with her mother, who is very ill.

Mrs. Nixon and children have returned from Duncan, where they have been visiting friends for a few days.

Mrs. Hickman Tye and Miss Valerie Tye, who have been the guests of Mr. and Mrs. Arthur Cole, Chemainus River, for a few days, have returned home to Victoria.
The Rev. B. E. Spurling and Master Frank Spurling are visiting in the Capital for a few days.
Mr. and Mrs. Hartley, who have been the guests of Mr. and Mrs. F. L.

Hutchinson for a few days, have returned home to Victoria.
R. B. Halhed, immigration inspector, has just returned from Genoa Bay.
Mr. and Mrs. Halhed entertained on Sunday in honor of their little granddaughter, Rosemary Cryer's second birthday. It was just a family affair. Those present were Frank Halhed, Mr. and Mrs. M. F. Halhed, Mr. and Mrs. Cryer, Mr. and Mrs. Ross, Miss Rosemary Cryer, Masters Dick and Basil Halhed and Richmond Ross and Mr. and Mrs. R. B. Halhed.
Dick Halhed and Richmond Ross are staying with their grand parents, Mr. and Mrs. R. B. Halhed.

CANADIAN THRIFT

PUBLIC MEN AND POLITICIANS with special purpose to plead are apt to ignore many factors in Canadian national life which would considerably change the verbal pictures they sometimes paint if they would merely include them.

At yesterday's session of the convention of the Life Underwriters' Educational Convention in this city an interested audience of insurance men and others not connected with the business was informed that in 1914 there were 1,837,000 life insurance policy holders in Canada compared with 4,442,000 in 1923.

TIME HEALS

IF ANY POLITICAL prognosticator in Britain seven years ago had prophesied that Mr. Ramsay MacDonald would now be an ex-Prime Minister and Mr. Philip Snowden an ex-Chancellor of the Exchequer, he would have been laughed at and considered a fit subject for mental examination.

AT THE THEATRES

LARRY SEMON SAYS
HALF SECOND MEANS
MUCH IN STUNTING

The thrills a movie audience gets when their favorite star drives an automobile in front of a railroad train and misses death and destruction by inches does not compare with the thrill the movie star gets

himself in doing the stunt. This is the assurance given out by Larry Semon, the popular screen comedian. Motion picture audiences have become too critical and too wise, and it would be impossible to fool them even if we tried to. So the only thing left to do when the script calls for a particularly dangerous stunt is to go through with it and take a chance. In "The Girl in the Limousine" for instance, there is a chase scene

AT THE THEATRES

Columbia—"Troubles of a Bride."
Capitol—"A Thief in Paradise."
Dominion—"Charley's Aunt."
Royal—"Zeebrugge."
Coliseum—"Robin Hood."
Playhouse—"Jiggs in Society."

In which I pursue an auto on a road running parallel to the railroad. The auto comes to a crossing, swerves sharply and gets in front of a speeding railroad train, which misses it by inches. As the next crossing is reached I in my motorcycle do the same thing. A quick turn and full speed and I cross in front of the train by a half second margin.

"The Girl in the Limousine" is the current screen attraction at the Playhouse, with Frank Morton Company offering on the stage, "Jiggs and Maggie in Society."

"CHARLEY'S AUNT"
IS DRAWING CARD
AT DOMINION NOW

Wherever the stage farce of "Charley's Aunt" has been played of late years the experience has been that fathers who saw the play and laughed heartily years ago have gone and taken their sons, probably for a good excuse to go and have a good laugh again, and mothers have taken

their daughters, thus passing the fun of "Charley's Aunt" down from generation to generation. Now that the famous old laughing success is a film with Syd Chaplin in the title role, all those who have seen the play will probably go again to see how the laughs have been secured in the movie version. Those who have already seen it say there are even more laughs and roars in the film than there were in the play, and if that is true, it must be a howl for Charley's Aunt, now showing at the Dominion Theatre as a play has records of more laughs than any other farce which has ever been written.

It is really the mother of all farce comedy and has been the basis for many a comedy plot written since Brandon Thomas created the laughing classic in 1892.

COLUMBIA HAS
HAIR RAISING
FILM ESCAPES

The William Fox melodrama, directed by Thomas Buckingham, from a scenario and story by John Stone, in which the director himself collaborated, and which has been one of the sensations of the current season at the Columbia Theatre, will end its successful run to-morrow. Mildred June and Robert Agnew have the leading roles, headed for the Columbia Theatre next week, and they are ably supported by a sterling cast, which includes Alan Hale, Dolores Rouse, Charles Conklin, Bud Jamison, Lou Harvey and Bruce Covington.

ALMA RUBENS SAYS
IT WITH GOLD FOR
DIRECTOR'S WHISTLE

There always has been one thing that Emmett Flynn, director of "Gerald Cranston's Lady," the William Fox production, headed for the Capitol Theatre next week, felt that he lacked as a director—a whistle. Almost every day on the set Mr. Flynn bemoaned the fact that he was whistleless and threatened to go to the five and ten cent store on Hollywood Boulevard and purchase said whistle, but he never was able to find time to accomplish it. Recently Alma Rubens, leading lady of this film, decided that she would have to do something about this defect in her director's equipment, so she presented Mr. Flynn with a lovely little gold whistle. Thereafter, James Kirkwood and Wallace McGrail, the other featured members of the cast wondered just how far they would have to jump when the siren blew. It's chief use, however, proved to be merely to announce the lunch hour. "Gerald Cranston's Lady" is a screen version of Gilbert Frankau's celebrated novel of the same name.

NEW CANADIAN PACIFIC SHIP DRAWS NEAR HER HOME PORT

Princess Marguerite Scheduled to Arrive at San Pedro To-day and Will Probably Dock in Victoria Next Tuesday; No Plans for Reception Yet Announced; Will Operate in Month of May

It was announced from the offices of the Canadian Pacific coast service here to-day that the steamship Princess Marguerite was due in San Pedro, and that wireless dispatches had reported her 800 miles south of Los Angeles two days ago. The vessel is experiencing fair weather for her voyage up the coast.

She will arrive here on Tuesday next, it is believed by company officials here. Victoria will then possess the two finest coastwise vessels in existence, the best ships of their type in the world. Without doubt, shipping men here declare these fine new ships will do a great deal towards gaining publicity for this port, and much interest is evinced following the report that they will begin operations opposite one another on the triangle service some time in May.

There is no confirmation of this report from official sources, but it is recognized that the Summer rush of travel will force the two big ships into service shortly. By the early part of May, officials stated some time ago, the two ships would probably be operating.

Both the Marguerite and her elder sister, Princess Kathleen, were built by John Brown & Son, Clydebank, Scotland.

IMMIGRANTS ARRIVE

Winnipeg, April 17.—Another large party of immigrants arrived at the Canadian National depot here yesterday morning by special train from the steamships Andania, Columbia, Canada, Orbits and Scotia, which docked at Halifax on Sunday. The 345 passengers included twelve families brought out under the Imperial land settlement scheme, and a party of thirty-eight families left on yesterday's train for the West, six to Saskatchewan, one to Alberta and one to British Columbia. The other four families are remaining in Manitoba.

SHIP COMPANIES AGREE TO LOWER FREIGHT CHARGE

San Francisco, April 17.—Reduction in rates on shipments of canned goods and dried fruits from the Pacific Coast to Europe, have been agreed upon by representatives of the twelve steamship companies operating in this trade, it was said here yesterday. This was taken, it is said, to meet the competition of transshipment rates of the International Mercantile Marine from the Pacific Coast to Europe via the Panama Pacific Line who recently announced a reduction in their charges.

Six hundred tons of cement were taken on at the Redwood City wharf of the Pacific Portland Cement Company by the McCormick freighter Silverado, which arrived from San Pedro yesterday. This consignment was the first to leave this wharf which was completed several weeks ago.

Visits California

San Francisco, April 17.—H.M. St. Capetown, one of the light cruisers of the British navy, is to visit here from September 8 to 16, according to official notice conveyed to the Twelfth Naval District headquarters yesterday by Gerald Campbell, British consul-general for San Francisco. The visit is so timed that it will be here during California's Diamond Jubilee celebration as a state.

HEAD ON CRASH OF SHIPS IN COLUMBIA DOES LITTLE HARM

Steamers Charles R. McCormick and Yoshida Maru Lock Bows in Collision

Astoria, Ore., April 17.—The Japanese steamship Yoshida Maru, No. 1 and the steamship Charles R. McCormick collided head-on early this morning in the Columbia River off the Port Adams lifesaving station. Both vessels were damaged. One fireman on the Japanese vessel was reported injured.

The Charles R. McCormick, which proceeded upstream to the Astoria anchorage, was reported as taking water in a forward hold. The Yoshida Maru No. 1 absorbed the shock of the collision in the destruction of its forepeak tank and was not taking water, it was reported. The Japanese freighter was en route from Portland with a full cargo of lumber for Shanghai.

The Charles R. McCormick was en route upstream to Portland with general freight from Atlantic coast ports.

Confusion of signals was said to have caused the collision. France, at New York from Havre, Rosolite, at Hamburg from New York, Scham, at Halifax from Liverpool, Essex County, at St. John, N.B., from Havre and Rotterdam.

WORK ON DRYDOCK SOON TO PROCEED

Fumigation of Straw-packed Goods Will Benefit Construction at Vancouver

Vancouver, April 17.—Release of all goods packed in straw entering the port of Vancouver, although not certified in compliance with the foot and mouth disease regulations, has been secured by Hon. J. H. King, Minister of Public Works, it was learned from Ottawa this morning.

The Department of Agriculture will suspend its Order-in-Council if the importers will pay the cost of fumigating at the fumigating station, the dispatch states. It is assumed, therefore, that Vancouver will be provided shortly with a fumigating station under the supervision of Federal authorities through which straw-packed wares not properly certified under the terms of the straw and fodder packing regulations will be passed after fumigation of the goods and burning of the straw.

TO BE RELEASED

Electrical fixtures for the Wallace drydock, it is now expected, will be released upon fumigation and destruction of the packing. The material came to Vancouver from the Old Country packed in straw, not having a certificate to show that the goods were free from the infection of foot and mouth disease.

Retention of the goods by the Federal authorities, with the order that they be returned to England, has been hindering progress on the last section of the new floating drydock.

SILK THAT DROPPED OVERBOARD DAMAGED BUT IS NOT RUINED

Three Bales, Worth \$3,000, Bounced From Sling When Achilles Was Unloading

Damage to silk which accidentally fell overboard from the slings of the Blue Funnel Line steamship Achilles when that vessel was unloading at this port from the Orient early in the week, was not so great as at first supposed, according to information given out to-day.

The salt water, it is claimed, scarcely touched the silk. The paper and wrappings were dampened, but the silk escaped serious injury by the immersion. Inspectors, however, left the impression with officials at the wharf where the silk had been opened to-day, that it could not be handled as first grade material, but only as second grade.

The Achilles docked here Tuesday night. Ten bales of silk for transshipment to Vancouver, were being discharged at the wharf here. As the sling-load went over the side, three of the bales bounced out of the netting and fell into the water below. It is estimated that the three bales were valued at approximately \$3,000.

TWO SAILINGS EACH WEEK IN C.N.R. SERVICE

The Canadian National Steamship Company announces that effective Monday, April 20, the new Summer schedule will become effective, giving two weekly sailings from Vancouver, on Mondays and Thursdays, with the steamships Prince George and Prince Rupert, maintaining the sailings. One ship will leave on Monday from Vancouver, will leave Anxox at noon the following Thursday and be back in Vancouver exactly one week later.

The ship leaving Vancouver Thursday will arrive at Stewart on Sunday and will leave southbound

the same day, docking in Vancouver on Wednesday. This service will be maintained until May 4, when changes in railroad schedules will entail further alterations.

From May 4 the ship which sails from Vancouver Mondays, and which is incidentally the Prince George, will leave Anxox on Thursday. She will then arrive back at her starting place on Saturday. On the other hand, the Prince Rupert will sail from Stewart Sunday and arrive in Vancouver on Tuesday.

On June 22 the Summer tri-weekly service is to be inaugurated, according to B. C. Keeley, B.C. coast manager, with headquarters in Vancouver. The Canadian National boats will go north to Skagway as well, which schedule will be announced later.

Halifax, April 17.—The coastal steamer Proprietas was seized by customs officials at her wharf here yesterday afternoon, following the discovery of thirty-eight bottles of rum hidden in two bags under the ship's boilers.

CANADA TO SAIL SATURDAY MORNING AFTER SHORT DELAY

Big Empress Has Good List; Russia Will Arrive Early Monday Morning

According to word received here by the Canadian Pacific office, the Empress of Canada will arrive here tomorrow morning outboard, for the Orient. She will not be in port tonight as scheduled owing to slight delays while the big liner waited at Vancouver for passengers and mail from the East. Three hundred and fifty passengers are traveling on the ship, and she will carry a full cargo of freight to the Orient.

This cargo consists mainly of flour, beef, lumber and automobiles, and a quantity of tinied goods. A number of passengers will embark here for the Orient, one of whom is A. P. Macfarlane, senior salvage officer of the London Salvage Association. He is en route to Yokohama, where he will be present during the re-arranging of the Ginyo Maru and the Arai Maru, both damaged by fire while in port.

Another ship of the Canadian Pacific service, the merchant of Shidzuoka, is expected to dock here about 5:30 o'clock. This liner carries a large Oriental cargo, including a heavy consignment of raw silk for Vancouver to be shipped to the West Coast.

Other prominent passengers in the saloon list include M. Gottlieb, prominent tea merchant of Shidzuoka; Walter Siegfried of Siegfried, Smith and Company, importers and exporters of Chicago; Walter Heller, of the same firm, going to Japan; D. G. M. Bernard and family of London, England, en route to Hongkong; and L. W. Marshall, of Arthur Hallowell and Company of Sheffield, England.

TO THE INVESTING PUBLIC

Fishing for the untold millions of fish known as Pilchards in Districts 1, 2 and 3 of British Columbia and their use for reduction purposes become legal on January 15, 1925, following an act of the Dept. of Marine and Fisheries.

These fish contain so much oil that they are of little domestic use, but make the most desirable fertilizer, fish meal, fish oil and other fish by-products, known.

THE DEMAND EXCEEDS THE SUPPLY

To take advantage of these conditions a company has been organized by Victoria and Vancouver business men who thoroughly understand the manufacture of these products and have purchased 126 acres at Queen's Cove on the West Coast of Vancouver Island, where Pilchards abound. Wharves, buildings and machinery will be rushed that the company may be in operation at the earliest possible date.

All similar companies now in operation in Alaska and the United States Pacific Coast are private corporations, paying millions in dividends. The general public for the first time are now given an opportunity to invest in this enterprise.

These Pilchards have been allowed to spawn in British Columbia waters undisturbed for years, with the result that, at present, there are schools of them miles square on the West Coast of Vancouver Island.

The present condition of the market for these products of fish fertilizer, fish oil and fish meal, is such that even a contemplated plant of this nature can sign up for their production a year in advance at a profit exceeding 200 per cent.

These statements can be substantiated in every particular. The Esperanza Fisheries Limited, Capital \$250,000, offers 100,000 preference shares at one dollar each, bearing 10 per cent. interest per annum, and 100,000 common shares.

First 25,000 preference shares sold shall receive 40 per cent. in common shares bonus, which should pay dividends of not less than 25 per cent.

One-half of this first offer already subscribed. These liberal terms can be given owing to the small cost of the manufactured products, the unlimited demand and the huge profits.

Books will be open for allotment Tuesday, April 14, 1925 at the office of The Esperanza Fisheries Limited

Only Three Clubs In Major Leagues Still Undefeated

Cincinnati Reds Lead National League as Result of Three Straight Victories

Athletics Have Won Three and Cleveland Indians Two in American League

New York, April 17.—Two teams progressed to their third straight victory in the National and American Leagues yesterday by opposite routes. Pitching of an unusually high order for the early season carried Cincinnati to first place in the National. After two previous displays of defensive strength by Donohue and Laque, the former league champions, were pitched to a third victory over St. Louis by Riley, Tom and the Quakers won 5-1.

In marked contrast to Cincinnati's method, Connie Mack's Athletics again rescued weak hitting by sheer strength in putting up their third win over the Red Sox, 7-3.

Brooklyn stepped back to a tie with Chicago for second place in the National when four of their pitchers failed to check the Phillies. Clarence Mitchell gave the Robins only six hits and the Quakers won 5-1.

The Giants evened their series with the Braves, profiting by the fine pitching of Jack Scott, who allowed only four hits and one run.

HARTNETT'S TWO HOMERUNS

Two homers by Clarence Hartnett figured in the Chicago-Cuba victory of 5-3 over Pittsburgh. Cleveland and St. Louis reacted from their heavy hitting of the opening day and put on a first class pitcher's duel. Cleveland and Vangilder between them allowed only nine hits, and the former won only because Myatt was twice successful in throwing the bases hit home in the ninth winning the game, 2-1.

The champion Washington club took another tight race for third place and tied Chicago for third place by winning 7-5. Hoyt was working on an apparently safe margin of five runs to two up to the ninth, when Manager Higgins called for a home run. The Senators looked threatening. The champion fell on Urban for five runs. Two homers by Goslin and one by Judge figured in the Washington attack.

A savage ninth inning rally gave the White Sox a 4-2 victory over Detroit.

NATIONAL LEAGUE

Cincinnati, O., April 17.—Cincinnati assumed the undisputed leadership of the National League yesterday by winning their third straight game from St. Louis 7 to 1. Dickman was hit hard and was wild, walking three men in the first three innings. When the Reds scored 6 runs, Halahala, a left handed southpaw, pitched a home run. The pitcher's duel was a close one. The Reds scored 6 runs, Halahala, a left handed southpaw, pitched a home run. The pitcher's duel was a close one.

St. Louis, Mo., April 17.—St. Louis and Cincinnati were tied at 1-1 in the first inning when the Reds scored 6 runs.

Philadelphia, Pa., April 17.—Philadelphia won easily, 4 to 1, from the Athletics yesterday, and the Philadelphia Nationals won easily, 4 to 1, from the Athletics yesterday.

Brooklyn, N. Y., April 17.—Clarence Mitchell, only left-hander in the major leagues, pitched a brilliant game yesterday, and the Philadelphia Nationals won easily, 4 to 1, from the Athletics yesterday.

Chicago, Ill., April 17.—Two home runs by Charles Hartnett featured Chicago's 5 to 4 victory over Pittsburgh yesterday.

Washington, D. C., April 17.—Clarence Mitchell, only left-hander in the major leagues, pitched a brilliant game yesterday, and the Philadelphia Nationals won easily, 4 to 1, from the Athletics yesterday.

ZBYSZKO SUFFERS BIGGEST SURPRISE AT WINNING TITLE

Philadelphia, April 17.—Stanislaus Zbyszko, newly-crowned king of the heavyweight wrestling, was as much surprised as a surprise at his own victory over Wayne (Big Munn), de-throned champion, as the big crowd of fans who sat for an instant in silence after the second and deciding fall before they started to cheer the veteran mat man.

Zbyszko, who twice previously has held the world's wrestling championship, said he would defend his title "here in America against the best opponents."

Vets Can Annex First Division Honors To-morrow

By Defeating Esquimalt in Feature Game They Will Be Declared Champions

If the Veterans defeat Esquimalt to-morrow they will practically clinch the First Division football honors for this season.

The Vets have a tall task in hand as Esquimalt has already won two trophies this year, the Combination Cup and the Jackson Cup. The Veterans and Esquimalt will meet at Work Point with the kick-off at 3 o'clock.

Much interest is being taken in this game by local soccer followers. Esquimalt have a large backing, while the Veterans will have a big crowd pulling for them to win. The Vets are now in first place and another two points would push them well up and ensure them of the championship.

Esquimalt are in second place, and will make a big effort to halt the rush of the Vets and place themselves in a more favorable position.

Both clubs will field their strongest eleven and a great game should be the result.

OTHER GAMES

Two other First Division games are scheduled for to-morrow. The Sons of England will play the North Wards at Beacon Hill Park and the Victoria Wests and United Services will meet in the Victoria Park.

Much interest is being taken in this game by local soccer followers. Esquimalt have a large backing, while the Veterans will have a big crowd pulling for them to win. The Vets are now in first place and another two points would push them well up and ensure them of the championship.

Esquimalt are in second place, and will make a big effort to halt the rush of the Vets and place themselves in a more favorable position.

Both clubs will field their strongest eleven and a great game should be the result.

OTHER GAMES

Two other First Division games are scheduled for to-morrow. The Sons of England will play the North Wards at Beacon Hill Park and the Victoria Wests and United Services will meet in the Victoria Park.

The Vets have a tall task in hand as Esquimalt has already won two trophies this year, the Combination Cup and the Jackson Cup. The Veterans and Esquimalt will meet at Work Point with the kick-off at 3 o'clock.

Two More Titles Decided In City Basketball Series

Bluebirds, Spring Surprise in Men's Finals by Defeating Crack Falcons

Dowds Stars With 17 Points; B.C. Telephone Win Ladies' Title From C.P.R.

Two more basketball championships were crowned at the Willows last night when the finals of the City and District basketball competitions were staged.

The Bluebirds created a big surprise by accounting for the redoubtable Falcons by 20-17 in the finals for the men's title while the B.C. Telephone came through as expected, and defeated the C.P.R. 18-10 in the finals for the ladies' honor.

The games were witnessed by a good crowd and excitement ran very high owing to the fact that the scores in both games were close all the way.

With these titles decided the City Basketball League concludes the first season in its history, which has been marked with the greatest success. Series were arranged for various classes, both men and ladies, and splendid competition was provided.

FALCONS GO UNDER

The Bluebirds played a heady game last night, and by checking up close and waiting for the openings, were able to hold in check the speedy Falcons, who usually pile up big scores.

Rookies Loom As Stars In Major League

Above layout shows, at left, top and bottom, Eddie Moore, Freddie Lindstrom and "Lefty" Groves; right, Earl Combs and Bill Terry; centre, Hughie Critz.

Baseball phenomena thrive in the winter and fade in the spring. The southern training season just brought to a close has uncovered, no doubt, Rogers Hornsby, Walter Johnson or Frank Frisch.

It is one thing to be touted as a sure enough big league star and another to make good the cold weather predictions.

Both major leagues have a number of stars in the making. Before the close of the season I am positive several new names will be enrolled in ballroom's elect.

Tommy de Maceo refereed, and the teams were: Bluebirds—"Buck" Rutledge, Jim Scotty, Dowds, Art Holz, Jim Underwood, Sid Moore, "Red" Hocking, J. Joe Ross, 4 Jack McKenna, 4, Bob Whyte, 2.

place among the game's greatest second basemen. Small, but of sturdy physique, he has every physical asset of a great fielder. On a double play he pivots fast and gets the ball away quickly from any position. His driving power at the bat is surprising for a small fellow.

Although Critz has had only one year of big league experience as a regular, his "clutch" is already established. He is a coming star, if not already entitled to be listed as one.

MOORE WAS SENSATIONAL PLAYER

Equally interesting will be the work of Eddie Moore, of Pittsburgh, this year. Moore was the sensation of the National last season. He starred in both infield and outfield and was a Ruth at the bat. He hit far better in the majors than he ever did as a minor leaguer.

Moore's position this year will be somewhat different to that of last season. He will be taking the place of one of the stars of the game, "Rabbit" Maranville. He must make good with a vengeance if the Pirates are to get anywhere.

Last year Moore was carrying no great burden, such as the responsibility that now rests on his shoulders. Will it affect his play?

I am as partial to Earl Combs as an outfielder as to Hughie Critz in the infield. Put out of the running with a broken leg in his major debut, Combs, apparently as good as ever, is all set to star for the Yankees.

The addition of so versatile a ball player as Combs to the Yankees is certain to greatly boost the team's pennant possibilities.

LOOKS LIKE JEWEL

Bill Terry of the Giants can swat right-handers as well as any batter in the game. If he can hit southpaws anywhere near as well, McGraw has a jewel.

Freddie Lindstrom, by his great work in the 1924 series, when he subbed so capably for Heinie Groh, gave an actual demonstration of his ability.

Lack of poise, inability to control the ball, are the two things that at a time may handicap "Lefty" Groves. If he proves he has both plus his great stuff, he has every chance to become a second "Rube" Waddell.

GOLF PROVIDES NO GROUND FOR DIVORCES YET

San Francisco, April 17.—Golf playing is not a legal cause for divorce, according to a decision rendered here by Superior Judge Walter P. Johnson. And Judge Johnson does not play golf; he prefers to hunt.

Mrs. Virginia J. Gurley brought divorce proceedings against J. P. Gurley, official of an automobile company, on the allegation her husband has caused her great mental anguish by spending his entire Sundays on golf links. The court did not share the viewpoint of the plaintiff and postponed proceedings for one week so she can file an amended complaint.

Winner of First Division May Be Known To-morrow

Race For English Football Title Between Huddersfield and West Bromwich

London, April 17.—For a number of clubs in the First Division of the English Football League, to-morrow's games will mark the second last to be played for the current season.

At least three teams have only one more league game left after that, the early closing combinations being Newcastle United, West Ham and Sheffield United.

The latter, however, are finalists in the English Cup, which is slated for a week from Saturday.

The league title is likely to be in doubt right up to the last sound of the whistle, although at the moment Huddersfield Town are in the best position, and should they dispose of Cardiff City to-morrow, they will have the situation well in hand.

West Bromwich are not up against an outfielder as to Hughie Critz in the infield. Put out of the running with a broken leg in his major debut, Combs, apparently as good as ever, is all set to star for the Yankees.

Seattle Golfers Here For Big Team Match at Oak Bay

Thirty of Best Golfers on Sound Meet Team From Victoria Golf Club Saturday

First Round For New Strirrat Cup, Which Replaces the Wilson Trophy

Thirty golfers from the Seattle Golf Club will tee off tomorrow morning in the first team match with the Victoria Golf Club for the Strirrat Cup. This will be the first half of the match, the second half being played in Seattle in the Fall.

Team matches have been quite popular between the two clubs for several years, but Saturday sees a new trophy at stake. Last Fall the Seattle Club won the Higginstaffe Wilson Cup for the third season in succession and became permanent possessors of it. James R. Strirrat, chairman of the greens committee of the Seattle Club, came forward with a trophy with which to replace the Wilson Cup and either team which wins it three times in a row will win it for keeps.

The match will see the new B.C. amateur champion in action once again. On Monday last Bon Stein won the title in a thrilling final match with Cecil Coville of Vancouver. On Saturday Bon will play against Harold Wilson, the Victoria youngster, who came within a gnat's eyebrow of defeating Coville in the semi-finals.

The Victoria team is not up to the strength of last year, owing to the absence from town of A. V. Macan, Higginstaffe Wilson, Thornton Fell, Scott Moncrieff and Gouding Wilson, all stars of the greens. The club is giving some of the youngsters a chance to show their form and the match should prove very close.

Bob Johnstone, pro of the Seattle Golf Club, is here with the team and it is possible that a match may be arranged between him and Phil Taylor, pro at the Victoria Club.

The draw for the match is as follows:

SINGLES

9.00—Bon Stein vs. Harold Wilson. 9.15—W. Steel vs. A. G. Beasley. 9.30—H. A. Fleager vs. A. T. Goward.

2.00—Sobor and Payne vs. Wilson and Lampman. 2.05—Davis and Donahoe vs. Moore and Allen.

2.10—Strirrat and Schofield vs. Heisterman and Gore. Single will be played in the morning and four-ball matches in the afternoon. One point will be scored for the winners of the singles and two points for the winners of the foursomes.

BEDTIME STORY

Uncle Wiggily's April Shower

Copyright, 1925, by McClure Newspaper Syndicate. By Howard R. Garis

"Who-o-o, Uncle Wiggily! Who-o-o!" called Nurse Jan Fuzzy Wuzzy to the bunny rabbit gentleman as he hopped from his hollow stump bungalow one morning.

His nose wasn't trying to play tag with his left eye. "No, I don't want to be an owl," laughed the muskrat lady house-keeper. "But I want you to be sure and not to forget about the loaf of bread. Bring a loaf of bread with you when you come home from your adventure trip."

April shower. That will turn me into a May flower. "Just as you like," said Uncle Wiggily with a low and polite bow of his tall, silk hat.

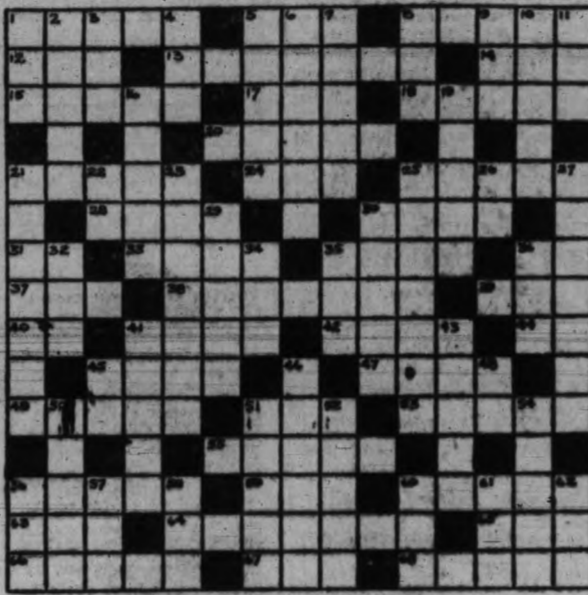

Down came the April shower

Don't do it. If you take our tent we shall be left in the rain. "Then Uncle Wiggily saw about a million little black ants who had made their home in a hole in the ground under the toadstool which was like a tent over them."

"The Circular Staircase"

By MARY ROBERTS RINEHART

"Everything else is locked away," she replied. Which was true enough, no doubt. I had rented the house without bed furnishings.

"If Thomas is ill," Halsey said, "some member of the family ought to go down to see him. You needn't bother, Mrs. Watson. I will take the blanket."

She drew herself up quickly, as if in protest, but she found nothing to say. She stood smoothing the folds of her dead black dress, her face as white as chalk above it. Then she seemed to make up her mind. "Very well, Mr. Innes," she said. "Perhaps you would better go. I have done all I could."

And then she turned and went up the circular staircase, moving slowly and with a certain dignity. Below, the three of us stared at one another across the intervening white blanket. "Upon my word," Halsey broke out, "this place is a walking nightmare. I have the feeling that we three outsiders who have paid our money for the privilege of staying in this spooky factory, are living on the very top of things. We're on the lid so to speak. Now and then we get a sight of the things inside, but we are not a part of them."

"Do you suppose," Gertrude asked doubtfully, "that she really meant that blanket for Thomas?"

"Thomas was standing beside the magnolia tree," Halsey replied, "when I ran after Mrs. Watson. It's down to this, Aunt Ray. Rosie's basket and Mrs. Watson's blanket can only mean one thing: there is somebody hiding or being hidden in the lodge. It wouldn't surprise me if we held the key to the whole situation now. Anybody I'm going to the lodge to investigate."

Gertrude wanted to go, too, but she looked so shaken that I insisted she should not. I sent for Liddy to help her to bed, and then Halsey and I started for the lodge. The grass was heavy with dew, and man-like, Halsey chose the shortest way across the lawn. Half-way, however, he stopped.

"We'd better go by the drive," he said. "This isn't a lawn; it's a field. Where's the gardener these days?"

"There isn't any," I said meekly. "We have been thankful enough, so far, to have our meals prepared and served and the beds aired. The gardener who belongs here is working at the club."

"Remind me to-morrow to send out a man from town," he said. "I know the very fellow."

I record this scrap of conversation, just as I have tried to put down anything and everything that had a bearing on what followed, because

the gardener Halsey sent the next day played an important part in the events of the next few weeks—events that culminated, as you know, by stirring the country profoundly. At that time, however, I was busy trying to keep my skirts dry, and paid little or no attention to what seemed then a most trivial remark.

Along the drive I showed Halsey where I had found Rosie's basket with the bits of broken china piled inside. He was rather skeptical.

"Warner probably," he said—when I had finished. "Began it as a joke on Rosie, and ended by picking up the broken china out of the road, knowing it would play hot, with the tires of the car. Which allows how near one can come to the truth, and yet miss it altogether."

At the lodge everything was quiet. There was a light in the sitting-room down-stairs, and a faint gleam, as if from a shaded lamp, in one of the upper rooms. Halsey stopped and examined the lodge with calculating eyes.

"I don't know, Aunt Ray," he said dubiously. "This is hardly a woman's affair. If there's a scrap of any kind, your like for the timber. Which was Halsey's solicitous care for me, put into the vernacular."

"I shall stay right here," I said, and crossing the small veranda, now shaded and fragrant with honeysuckle, I hammered the knocker on the door.

Thomas opened the door himself—Thomas, fully dressed and in his customary health. I had the blanket over my arm.

"I brought the blanket, Thomas," I said. "I am sorry you are so ill. The old man stood staring at me and then at the blanket. His confusion under other circumstances would have been ludicrous."

"What! Not ill?" Halsey said from the step. "Thomas, I'm afraid you're being malingering."

Thomas seemed to have been debating something with himself. Now he stepped out on the porch and closed the door gently behind him. "I reckon you bettah come in, Miss Innes," he said, speaking cautiously. "It's got so I dunno what to do, and it's bound to come out some time or ruther."

He threw the door open then, and I stepped inside. Halsey cross behind, in the sitting-room the old negro turned with quiet dignity to Halsey.

"You bettah sit down, sah," he said. "It's a place for a woman, sah."

To be continued.

MANY INVOLUNTARILY TOOK TWO-HOUR TRIP

London, April 17 (Canadian Press cable)—With reference to the Southern Railway train that was reported to have been lost on Tuesday night while it was ostensibly conveying London people to points within a radius of fifteen miles of the metropolis, it was admitted by the railway officials that the train in question did travel out into Surrey and North Kent, a distance of seventy miles. They explain that this occurred through the train having been accidentally switched wrongly just after it had left the Cannon Street Station.

To have turned the train back into the bottle neck adjoining London Bridge and Cannon Street, from which it was switched, would have delayed 50,000 other passengers on trains at the rush hour, the officials state, so the train proceeded round the extensive Surrey-Kent loop. The train, full of city workers eager to get their evening meal, therefore had to take the involuntary two-hour trip through the fair counties of Kent and Surrey.

Arab Wounded in Damascus Died

Damascus, April 17.—Of the twenty persons who were injured in the riots which occurred here during the visit of Lord Lorfald last week, one of three Arabs wounded by bullets died. Six rioters received sword cuts and six were injured by stones hurled at the Hotel Victoria, where Lord Lorfald was staying.

On other injured person is a serious condition.

Nearly all of the demonstrators who were arrested have been released.

URGES UNHAMPED TRADE IN FRUIT

Ottawa, April 17.—That steps should be taken to destroy the fruit combine in Western Canada, was a statement made in the Commons last evening by Grote Stirling, Conservative, Yale, B.C.

It was of no advantage to the producers or the consumer, he said, for the grower to receive 30 cents a box for apples and have them sold in the prairie provinces at \$3 a box.

Mr. Stirling said, "Sometimes the fruit growers were described as spineless and looking for assistance, but this was erroneous."

"The fruit growers have battled," he declared, "to a great extent successfully, with a very considerable number of difficulties."

BIG INVESTMENT

Twenty thousand persons in Canada were dependent on the fruit industry, in which from \$40,000,000 to \$50,000,000 was invested.

Referring to the investigation into the fruit combine in Western Canada, Mr. Stirling recommended the "report of the commissioner to the members of the House. He spoke of the report as containing some very light reading and referred to "the shams which the brigands use among themselves."

GROWERS ANXIOUS

The Minister of Labor had recently gone fishing and in the report of the fruit combine he had landed his first fresh fish, which was now wriggling on the bank. The fish had been declared unfit for human consumption and the Minister of Labor was now waiting for someone to come along and scotch it. Meanwhile the fruit growers were extremely anxious lest the fish flop back into the stream again.

Mr. Stirling believed the Government had power to proceed against the combine and suggested to the Minister of Labor that he get the opinion on the matter of lawyers who were members of the Government.

SALES TAX

He thought discrimination under the sales tax should be removed. Printing establishments doing business under \$10,000 a year were exempt from the sales tax, while firms doing business of \$10,000 or over had to pay. A year ago an amendment had been put through wiping out the \$10,000 limitation in practically all industries except printing.

Mr. Stirling suggested that if the Government could not wipe out the discrimination in regard to printing establishments the least it could do would be to give large printing businesses \$10,000 exemption on their tax returns.

TAXING OF BONDS

N. H. McTaggart, Progressive, Maple Creek, Sask., declared he was "very much out of accord with the budget proposals of the Government." The net result of the administration of the present Government was that there was a higher tariff now than there was in 1921, he thought.

"How much longer can the Minister of Finance afford to ignore our tax free bonds as a source of taxation?" asked Mr. McTaggart.

He was doubtful if the Government had the right to issue tax free bonds. Mr. McTaggart urged that the Minister of Justice should introduce an amendment to the Bankruptcy Act which would place farmers on the same basis as business men in respect to bankruptcy.

Dr. M. McKay, Liberal, North Renfrew, Ontario, adjourned the debate.

J. H. Harris, Conservative, East York, Ontario, stated that in his opinion the best thing that could happen to Canada was an immediate general election. After it was over, the new Government should immediately proceed to stabilize the tariff, he thought.

He would welcome a reduction in the number of members of the Commons by half. He advised the Government to "cut out expensive golf courses," eliminate the "army of Canadian National freight solicitors" in Europe, and adopt a policy which would result in Canada raw materials being manufactured in Canada.

W. J. Hammell, Liberal, Muskoka, Ontario, advocated a separate Government branch to develop the tourist traffic. It should operate a publicity department and an information bureau and should work for better hotel accommodation, roads and camping sites in Canada. There should be no exaggerated uniformity of laws affecting the tourists. The customs regulations should be made as elastic as possible in this regard.

Wall Street TO-DAY

Last Minute News on Stocks and Financial Affairs

New York, April 17 (By R. P. Clark & Co.)—The market was strong from the beginning to-day, with the best prices being registered in the final trading. Motors and the issues of companies closely related were prominent in the advancing tendency.

The market was helped to a goodly extent by the sharp recovery in grain prices, and a good volume of business was transacted. Sentiment is becoming more confident and his we believe will be reflected in a broader outside demand for stocks, evidence of which is at hand at the present time. We are bullish on the outlook for security prices.

New York, April 17 (By B.C. Bond Corporation's direct Wall Street Wire)—The Wall Street Journal's stock market edition to-day says: Further urgent buying of a number of motor shares and stocks representing accumulation of representative rails created a generally cheerful atmosphere on the stock exchange to-day.

Oil stocks were adversely affected by further upward revisions in crude prices while the shares of sugar producing companies continued under the shadow of profitable selling levels for the raw commodity.

This week's easier tone in call money was explained by the weekly statement of the Federal Reserve Bank of New York, which showed a reduction of 75 per cent against 73.5, reflecting the comfortable situation in the local money market.

Norfolk and Western advanced to 131 1/2, up practically 3 points from Thursday's low, mirroring the expectation of developments in the bank of New York, which showed a reduction of 75 per cent against 73.5, reflecting the comfortable situation in the local money market.

Position of Canadian iron is generally conceded that French competition has resulted in lower prices, while demand showed signs of being demoralized, retreat of large operators who had been fighting its rise.

Oil stocks were adversely affected by further upward revisions in crude prices while the shares of sugar producing companies continued under the shadow of profitable selling levels for the raw commodity.

Chicago, April 17 (By R. P. Clark & Co.)—Wheat: Pronounced strength at Winnipeg, a sharp advance in corn, a better milling demand, with pit conditions generally firm, the wheat market and caused a good recovery in prices.

SUDDEN UPTURN WHEAT FEATURE

Winnipeg, April 17.—After two days of pronounced weakness, wheat prices here to-day rallied sharply on a wave of buying and short offerings. The May delivery closed at 156 1/2, an advance of 8 1/2 cents compared with Thursday's final quotations.

Opening figures were half to four cents higher and continued to gain fractionally, until the close which was around the high for the day. Prices fluctuated violently at times on a small trade while switching of hedges by "shorts" and elevator interests imparted some tightness to the May future.

Winnipeg, April 17 (R. P. Clark & Co.)—Wheat: Export buying early this morning, with sales of Manitoba estimated near 500,000 bushels, and later in the session further dam reports from Western wheat territory, gave the market a complete change of face to-day, and after

the previous close, made a big advance during the final moments, and closed near the top, and showing an advance for the day of about 8 cents. Trade volume was not large at any time, but the trade was decidedly more bullish, and offerings were light throughout the session, with the bears leaving the market alone.

Liverpool cables were about 3 1/2 lower, not fully reflecting our decline of yesterday, and private advices from leading European markets indicated that the foreigner was willing to come in and buy his requirements when the market in the North America became nervous. The market was again nervous and erratic, showing a range of about 3 cents, but with no decided trend until near the end, when the buying was much better than the selling, based on strength in American markets.

There was some good buying at times in the May against sales of July and October. With May cents over July, shorts show some anxiety and elevator interests were switched from leading European markets to Winnipeg futures. Commission houses were good buyers of Winnipeg July at the position. The statistical board of weather in wheat areas was more favorable, with scattered rains received. We would not follow the bulk believing that wheat will be bought cheaper, but opinions are not worth anything on such markets as we are experiencing.

Coarse grains: These markets all reflected the strength in wheat and higher, oats being 1 1/2, barley 2 1/2 and rye 3 1/2 cents up for the May future. There was an excellent demand for oats with good buying, which was against export sales. There was little doing in barley or rye, no export business of consequence reported.

Winnipeg, April 17 (By R. P. Clark & Co.)—Wheat: The market was steady throughout with prices about 2 cents higher. The trade very slight, but no pressure with buying still pretty well liquidated, and should do better.

PRINCE HENRY WAS THROWN FROM HORSE
London, April 17.—Prince Henry, who virtually represents King George during the monarch's vacation in the Mediterranean, was thrown from his horse during a hunt on Tuesday. The Prince was riding in a hunt steeplechase near West Grimstead, when his mount came into collision with another horse and he was thrown. Fortunately the Prince escaped uninjured and was able to walk back to the paddock. His mount was so badly hurt, however, that it had to be destroyed.

SHORTER SPEECHES IN COMMONS URGED
Ottawa, April 17.—A proposal to restrict the length of speeches which each member of Parliament could occupy in Hansard to twenty pages a session came from J. H. Harris, Conservative, East York, Ontario, during the budget debate in the House Thursday afternoon.

METCHOSIN NEWS
Metchosin, April 17.—The meeting to be held under the auspices of the Metchosin Farmers' Institute, at which Capt. Thorpe Double will give his interesting lecture on "The Naval Attack at Zeebrugge," will be held in the Metchosin Hall on Monday, April 20, and not at Luxton Hall, as formerly announced. It is expected that a record crowd will gather to hear this lecture.

GAS IN THE STOMACH IS DANGEROUS
Recommend Daily Use of Magnesia to Overcome Trouble Caused by Fermenting Food and Acid Indigestion
Gas and wind in the stomach accompanied by flat, bloated feeling after eating are almost certain evidence of the presence of excessive hydrochloric acid in the stomach, creating so-called "acid indigestion."

W.B.A. Silver Tea.—Children of various ages will be on the programme for the silver tea to be held at the home of Mrs. L. Schmeiz, 1149 Finlayson Avenue, on Tuesday afternoon in aid of the rally fund, and juniors of the W.B.A. Macabees. Tiny tots will say their pieces and the older ones will give pianoforte and vocal solos. A contest and tea-cup reading has also been arranged. In the evening a court whist party will take place and refreshments will be served by the hostesses. All members and friends of both reviews are cordially invited. Patrons should take Lake Hill bus to Finlayson Street and walk East.

PEPALL EXTRADITION IS TO BE APPEALED
Los Angeles, April 17.—A petition for a writ of habeas corpus by Andrew Pepall, held for removal to Toronto on charges of embezzling Provincial Government funds, was denied here yesterday by Judge Wm. P. James.

PEPALL EXTRADITION IS TO BE APPEALED
Pepall's attorney announced he would carry the case to the Court of Appeal, and if necessary to the Supreme Court, to prevent extradition of the prisoner.

PEPALL EXTRADITION IS TO BE APPEALED
In the meantime Pepall is held in the county jail with two hours' liberty each day in which to transact his business.

PEPALL EXTRADITION IS TO BE APPEALED
Mr. Harris made his proposal in the interests of economy.

PEPALL EXTRADITION IS TO BE APPEALED
"For every page over the twenty the member should pay out of his indemnity," Mr. Harris stated, and the members laughed.

PEPALL EXTRADITION IS TO BE APPEALED
Ottawa, April 17.—An export duty of forty-two cents a bushel on wheat moving to the United States was advocated in the House of Commons yesterday afternoon by W. Black, Progressive, South Huron, Ontario.

PEPALL EXTRADITION IS TO BE APPEALED
It would be a great boon to this country at present, he said. If the United States wished to take some retaliatory measure, that was its affair.

TO-MORROW'S HOROSCOPE

By Genevieve Kemble
SATURDAY, APRIL 18
A fairly active and successful day is forecast from the interesting planetary configurations. Sol, Venus and Mercury being in friendly places, but not wielding the strongest power.

In all commercial pursuits, as well as in the professions—law, literature and art—there should be satisfactory conditions. Those in the employment of others are under favorable auspices for recognition or advancement if qualified. In the home and affairs harmony will reign. Yet it may be well to safeguard the money against loss.

Those whose birthday it is have an encouraging prospect for the ensuing year, whether in employment, in business or the professions. There is some hint of financial loss in the domain of heart and home are pleasant prospect. A child born on this day may be expected to be clever, talented and accomplished, as well as well-conducted and popular. It should make a fair success of all its affairs.

TWO CHILDREN WERE BURNED TO DEATH
Waterloo, Ia., April 17.—Two children of Charles McMullen, Wayne, Iowa, and Dorothy, two, were burned to death yesterday in a fire that destroyed seven buildings on their father's farm, seventeen miles northwest of here. The children, who were trapped in the first building which caught fire, are believed to have started the flames by playing with matches.

Perambulators Wanted.—The Friendly Help Association is making an appeal for gifts of two perambulators, not too costly, for the use of poor families. Anyone having such an article is requested to get in touch with Miss Lawson, the secretary, at the rooms, Market Building.

GRADUATION OF ST. JOSEPH'S NURSES A PRETTY CEREMONY

(Continued from Page 5)
that the hospitals of Continental Europe might be equipped with Canadian graduates. Recent experience in France, he said, had shown him how inferior in every way was the training of the nurses in the French hospitals. He extended his congratulations to the graduating class and wished them every success in living up to the high ideals expressed in that pledge.

Rev. Father Deely regretted the unavoidable absence of Bishop O'Donnell and on behalf of the Sisters expressed to the Lieutenant-Governor and the Mayor their appreciation of this public recognition of their work. To the graduates he expressed the hope that they would carry away with them not only the mechanical efficiency taught in their training but the idealism and devotion to duty which translated that efficiency into the highest form of service.

A delightful programme preceded the ceremony. Mrs. A. Dowell sang the solo, "Awake, My Soul," and later with Frank Partridge the duet, "O That We Two Were Maying." Their voices blending beautifully. Mrs. George Elliott sang Campbell-Tipton's "The Spirit Flower"; Arthur Goran contributed Rubenstein's "Since First I Met Thee," and Frank Partridge sang as a solo, "Angels Guard Thee" (Godeard). Solos were also given by an orchestra. Mrs. A. J. Gibson lent sympathetic support at the piano for the solo numbers.

At the close of the programme the graduates and their friends adjourned to the hospital, where supper was served in the sisters' community room, scarlet and white tulips and streamers on the little tables reflecting the training school colors.

Envy Joseph Ivey, well-known local member of the Salvation Army staff, received the sad news of the death of his mother at North Sydney, N.S., this morning at the age of eighty-one years. The late Mrs. Ivey was the widow of the late Joseph Ivey, well known pioneer in Nova Scotia.

WILL OPEN CRAFT WORKERS' STORE

Co-operative Organization is Formed at Public Meeting Last Night
The Craft Workers of Vancouver Island was the name chosen for the organization formed at the public meeting held at the city hall last evening for the advancement of the local home industries and handicrafts. The first big undertaking of the new organization will be the opening up a store for the co-operative sale of such home-made articles as paintings, pottery, woolen goods, carvings, painted china and needlework.

The meeting was the outcome of a movement set afoot by a committee of the Local Council of Women, and the Local Council, Arts and Crafts Society, tourist group of the Chamber of Commerce, and the Women's Institutes, were represented. Reginald Hayward, M.P.P., was in the chair.

Dr. Irene Hudson, who originated the idea and acted as convener of the local council committee to further the project, explained the objects of the enterprise as follows:

1. To encourage local home industries.

2. To give employment to many partly employed people and to those who cannot compete on the normal labor market because of their crippled condition.

3. To advertise Victoria and the Island by means of souvenirs carried to different parts of the world.

4. To get money from tourists and travelers which would not otherwise be spent in Victoria.

It is expected that the store will be open for business within the next few weeks. The new organization of craft workers will admit members who are contributors to the stock of the store, at an entrance fee of \$2. Associate members will be assessed an annual membership of \$1. For the time being, J. S. MacMillan, 221 Union Bank Building, will act as secretary.

St. Alban's Girls.—The members of St. Alban's Girls' W.A. wish to extend their hearty thanks to all those who helped to make their sale of work held on Wednesday, so great a success.

SCHOOL DAYS By DWIG

SHOCKED BY WOMEN TEACHERS' SMOKING

Ontario Woman Tells Convention Flappers Not Only Offenders
Toronto, April 17.—Flappers and women of the "idle rich" are not the only classes of female who smoke. Women teachers are at it, and in public, too. So declared Miss Susan Lawrence of London, Ont., acting president of the elementary section of the Ontario Educational Association which has just concluded its annual convention in this city.

"To-day, to be smart, some women, bobbed or singed, consider it necessary to smoke cigarettes," she said. "You may think that this does not apply to teachers, but there are women teachers who have not only smoked, but have done it in public."

"The at fresco toilet performed by the modern girl had also found its place in the curriculum of the women school teachers, she said.

Fine Programme For Cathedral Guild Concert

An exceedingly attractive programme has been arranged under the

direction of Mr. and Mrs. Noble W. Pirrie for the fourth of the highly successful and popular series of lectures and concerts organized by the Christ Church Cathedral Men's Guild, in aid of the Memorial Hall Fund, which is to be held on Monday. The programme will include the following: Spanish dancing; a comedy entitled "The Mug" classical dance by Madame Valda and Miss Powke; tableaux-sketch from W. S. Gilbert's "Pygmalion and Galatea"; fan dance interspersed with songs by well-known and popular artists, finishing up with an Old Country frolic; "Come to the Fair" by Madame Valda and Mrs. Aldous, in which the solo part will be taken by Colonel Ross Napier, with chorus of "Willow Weep for Me"; a play by Miss Bishop and Harry Charlesworth. As half of the seating capacity of the hall is already reserved to serial ticket holders, early applications for tickets should be made to prevent disappointment. Tickets can be obtained from Mr. Merrick at the Memorial Hall, Dean Quinlan, or any member of the Men's Guild.

COMMENTS ON CONFIDENCE IN COAST CITIES

Consideration is Given to Commercial Enterprises. Industrial Agent Reviews Conditions in the West

"There has been some improvement in Western agricultural and industrial conditions with an increasingly sanguine feeling as to the outlook for Spring business," says a review of the industrial outlook by John Sweeting, Industrial Agent, C.P.R., Winnipeg. "The effect of prices for agricultural products have applied to many lines, including grain, hogs, meat, poultry, dairy products, etc. It is also still more in evidence each month that the products of the farm are increasing in their variety and amount. Some of the years looked upon as unmarketable are to-day considered of commercial value, and in a continuous influx of money throughout the Winter season, which appears to have been wisely used in reducing outstanding indebtedness. There is an undoubted feeling of confidence as to Western conditions and prospects; a feeling which appears to be generally held throughout the prairie provinces, and is still more predominant in the Coast cities. There appear to be justifiable reasons for accepting the present situation on this basis, particularly because of the satisfactory outlook in general farming conditions.

MANUFACTURERS
"The industrial end of Western development, apart from agriculture, is only in its infancy, but there is a noticeable consideration now being given to commercial enterprises, which, as they are brought into being, will assist very greatly in stabilizing conditions generally. The many industrial projects which are under discussion this Spring, some of which are already definite, slated for plant construction, are of sufficient value to constitute important factors in the output of manufactured products. There is a distinct revival in Western cities to call attention to prospective and potential resources available for investigation and investment, but the new propaganda is on a more conservative basis than that of past years, with a greater prospect of local investment in commercial development than has hitherto been the case.

MORE POPULATION NEEDED
More people must, of course, for many years to come, be one of the main factors in determining the advancement of Western production, and the various movements which are on foot at the present time to bring about the more adequate settlement of land would appear destined to meet with success. Western governments are engaged in developing programmes that will assist in this very desirable movement of settlers from other countries than Canada, and are joining in the efforts already being made by existing organizations to take care of and organize the people as they come into the various provinces. This is probably another cause of the somewhat sanguine attitude which is being adopted towards new business and the continued interest that is being manifested in prospective new developments.

CONSTRUCTION is not very active, though somewhat better than the early months of last year. The promise, however, is better, and the months of April and May should show a very distinctive upgrade in this respect. The determining factor so far as the prairies are concerned, is in bringing to a head certain industrial propositions that are on the programme, such as the packing plant and distillery in St. Boniface, the sugar beet factory in Raymond, Alta., and several others. General construction work, provincial, municipal and railways, is not yet determined, but should be known shortly. Altogether conditions are much better. The outlook is quite hopeful, with a more comprehensive effort being made to build up suitable industries and settle land areas in a manner that is applicable to Western requirements, and on a basis that should bring about desirable results.

McKIM'S DIRECTORY
The eighteenth edition of McKim's Directory of Canadian Publications has just been issued. The directory is published by A. McKim Limited, Canada's largest advertising agency, which was established in 1889. The agency early recognized that a dependable record of Canadian publications was necessary in the sound development of advertising and so the first issue of the directory was published when the McKim agency had been only three years in business. McKim's Directory of Canadian Publications is accepted as a reliable source of information on Canadian publications and, as well, is consulted for Canadian geographical and statistical particulars.

ANCIENT MUMMY SEEN IN MONTREAL
Lay in Storeroom Twenty Years; Now at McGill University
Montreal, April 17.—The mummy of a priestess of the "Royal House of Egypt" nearly 2,600 years older than the famous Tutankhamen, in a perfect state of preservation, with hair gray and plentiful, was unpacked at McGill University yesterday after lying in a storeroom downtown for more than twenty years. It was formerly the property of the old Natural History Museum, all the contents of which passed into the hands of the local university. Interest in the mummy was intense, and the building in which it is on exhibition was crowded all morning with professors and students. The feet, which were bare, were perfectly preserved, as were also the toenails. The existence of this treasure had been practically forgotten.

SMALLPOX RULE IS NOT BEING LIFTED
Seattle, April 17.—There is no immediate prospect of lifting the smallpox quarantine that requires vaccination of persons who travel between Vancouver, B. C. and the United States, it was announced according to Colonel Magruder, chief of the Pacific Northwest Department of the United States Health Department, who spoke of following a conference with Dr. H. E. Young, medical health officer of British Columbia and Alderman Worthington of Vancouver. "While the city of Vancouver has greatly decreased the number of smallpox cases, there are a number of smaller towns in Greater Vancouver with different governments that will have to show better results from vaccination," said Colonel Magruder.
