MEMORANDUM FOR GENERAL MADDOCKS:

SUBJECT: Designation of Army Member of SANACC.

1. Mr. Draper has designated you to be the Acting Army Member of the State, Army, Navy, Air Force Coordinating Committee during the period of his absence. In order to keep administrative procedures as simple as possible, P&O Division will continue to prepare notes on SANACC papers to the Under Secretary of the Army for the signature of the Director, P&O; however, your action in approving and signing the notes will also serve to be the action of the Army Member of SANACC upon them. All notes and cases will be sent, physically, to the Under Secretary's office for appropriate transmission to the SANACC Secretariat.

2. It has been agreed that no new occupation matters will be submitted to SANACC, and all pending occupation matters will be held in abeyance pending agreement on proposed new terms of reference for SANACC which probably will remove such matters from the cognizance of SANACC.

3. General Noce (CAD) has been informed of the foregoing by Mr. Draper's office.

SUBJECT: Designation of National Military Establishment Staff Officer to Consider Problems of NME - State Relationships

PARTICIPANTS: Robert O'Hara
Edward W. Harding - OBCOPIES TO: Stanley T. Grear - OB
Trevor Swett - O
✓ Harold Moseley - SANACC
J. Carney Howell - OBP

Mr. Robert O'Hara of Mr. W. McNeil's staff, Office of the Secretary of Defense, called to notify us that he had been designated as the staff officer to work on problems of NME - State relationships.

This arrangement for joint study was made in a meeting of Mr. McNeil and Mr. Hulten. The original purpose was to consider administrative relationships to iron out the problem of reimbursement for military support of State-sponsored foreign projects.

Two other problems which are integrated with the question of reimbursement, and which are of immediate concern, will also be considered:

1. The problem of a standardized procedure and division of responsibility between NME and State (including any National Security Council concern) raised in SANACC 397.

2. The problem of desirable legislation necessary to facilitate the rendition of military assistance to foreign countries.
