Technical and Bibliographic Notes/Notes techniques et bibliographiques

The Institute has attempted to obtain the best original copy available for filming. Features of this copy which may be bibliographically unique, which may alter any of the images in the reproduction, or which may significantly change the usual method of filming, are checked below.

L'Institut a microfilmé le meilleur exemplaire qu'il lui a été possible de se procurer. Les détails de cet exemplaire qui sont peut-être uniques du point de vue bibliographique, qui peuvent modifier une image reproduite, ou qui peuvent exiger une modification dans la méthode normale de filmage sont indiqués ci-dessous.

The copy filmed here has been reproduced thanks to the generosity of:

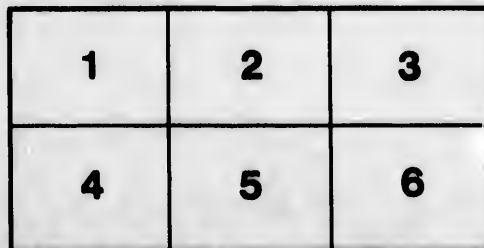

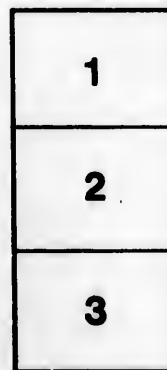

Library of the Public
Archives of Canada

The images appearing here are the best quality possible considering the condition and legibility of the original copy and in keeping with the filming contract specifications.

Original copies in printed paper covers are filmed beginning with the front cover and ending on the last page with a printed or illustrated impression, or the back cover when appropriate. All other original copies are filmed beginning on the first page with a printed or illustrated impression, and ending on the last page with a printed or illustrated impression.

The last recorded frame on each microfiche shall contain the symbol \rightarrow (meaning "CONTINUED"), or the symbol ∇ (meaning "END"), whichever applies.

Maps, plates, charts, etc., may be filmed at different reduction ratios. Those too large to be entirely included in one exposure are filmed beginning in the upper left hand corner, left to right and top to bottom, as many frames as required. The following diagrams illustrate the method:

L'exemplaire filmé fut reproduit grâce à la générosité de:

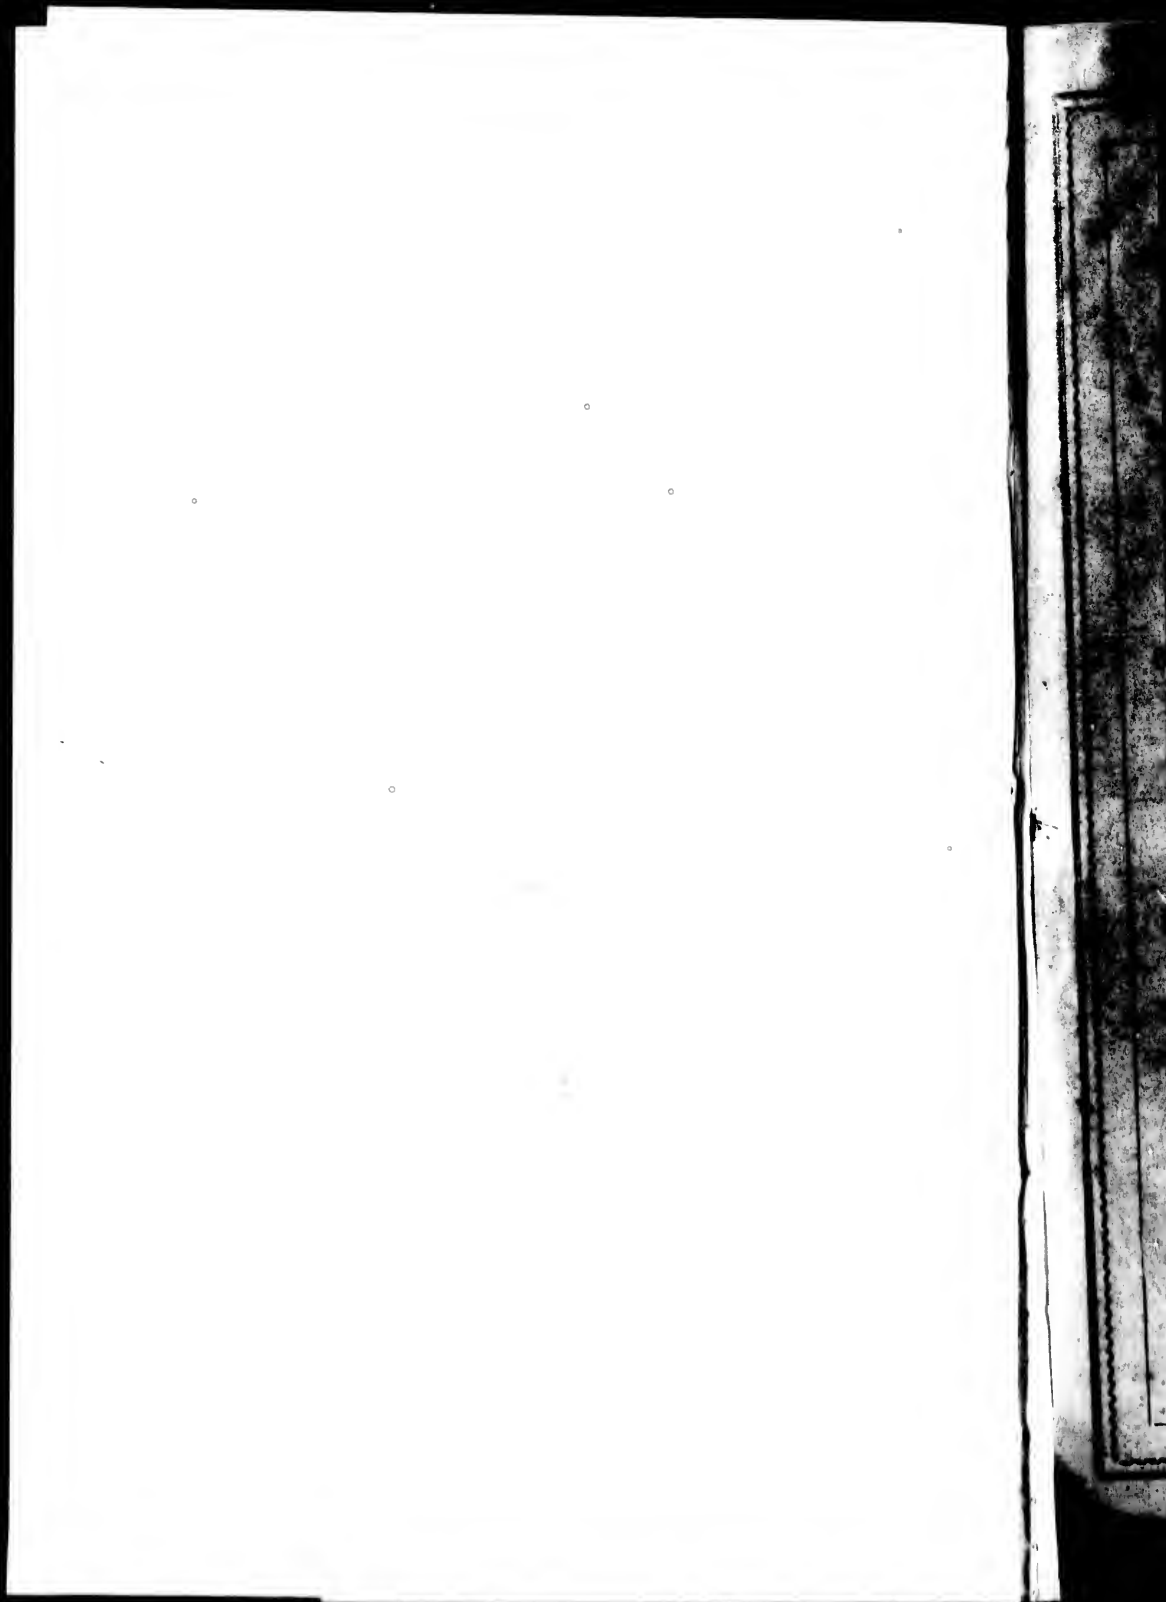

La bibliothèque des Archives
publiques du Canada

Les images suivantes ont été reproduites avec le plus grand soin, compte tenu de la condition et de la netteté de l'exemplaire filmé, et en conformité avec les conditions du contrat de filmage.

Les exemplaires originaux dont la couverture en papier est imprimée sont filmés en commençant par le premier plat et en terminant soit par la dernière page qui comporte une empreinte d'impression ou d'illustration, soit par le second plat, selon le cas. Tous les autres exemplaires originaux sont filmés en commençant par la première page qui comporte une empreinte d'impression ou d'illustration et en terminant par la dernière page qui comporte une telle empreinte.

Un des symboles suivants apparaîtra sur la dernière image de chaque microfiche, selon le cas: le symbole \rightarrow signifie "A SUIVRE", le symbole ∇ signifie "FIN".

Les cartes, planches, tableaux, etc., peuvent être filmés à des taux de réduction différents. Lorsque le document est trop grand pour être reproduit en un seul cliché, il est filmé à partir de l'angle supérieur gauche, de gauche à droite, et de haut en bas, en prenant le nombre d'images nécessaires. Les diagrammes suivants illustrent la méthode.

OTTAWA CITIZEN
ALMANAC

CONTAINING MUCH AUTHENTIC AND USEFUL INFORMATION FOR THE YEAR

1863;

BEING THE SEVENTH YEAR YEAR.

ISSUED AS A SUPPLEMENT

“THE OTTAWA CITIZEN.”

December 29, 1862

PRINTED AT THE “OTTAWA CITIZEN” PRINTING ESTABLISHMENT.

"THE OTTAWA CITIZEN"

STEAM

PRINTING OFFICE

Has every modern requisite for Neat, Cheap, and Expeditious Printing of all kinds. It is the most complete Printing Establishment in Central Canada, whether viewed in regard to the number, skill and taste of the Workmen employed, the extent, variety and finish of the Type in use, or the number and value of its Presses, and the economical and Labour-saving character of its various Mechanical Appliances.

PLAIN & ORNAMENTAL PRINTING

Of every style is done at the Lowest Price, and on the shortest notice.

Orders sent by Mail carefully and promptly attended to. The instructions accompanying orders from the country should be as brief and explicit as possible.

25 S	"Ocean Wave" burnt near Kingston, 1853.
26 M	(29) Order to stop pro. of F. W. at Ottawa, 1861.

FARMING INFORMATION.

A practical farmer says: "I have worked a horse all winter long on *carrots* and *hay*, with better health, with equal effectiveness, and with less expense than on *hay* and *oats*. All horses will not eat them readily at first, but all will soon learn, and they are never logged by them." I think parsnips are equally good; certainly they are equally acceptable to the animal. I leave it to you to ascertain the relative proportions of phosphate of lime, of phosphates and nitrogenous matter. Carrots are the root we prefer for late winter. They keep better than turnips and

MAY—31 days.

1 F	Shock of an earthquake at Ottawa, 1856.

23 Th	Road murder, 1860. Rome cap. by French, 1849.

most other roots. With good hay and carrots the horse will hardly feel the want of fresh grass." The attention of Canadian farmers has been called to the cultivation of the vetch or tare. This leguminous forage-plant is reckoned very valuable, and is therefore extensively cultivated in several European countries. There are several varieties, all of which possess properties adapted more or less to the wants of the farmer. Many entertain doubts about the profitable introduction and cultivation of this plant in our climate, but considering the value of the vetch as an article of food for all the animals of the farm, all of whom are very fond of it, it might not be unwise to

give the plant a fair trial in this country, before deciding that we cannot profitably raise it.

Farm-yard manure, varies much in the degree of its fertilizing power, from several causes; such as particularly the kind of food on which animals are fed, and the amount of skill and care that is taken in preserving and mixing their solid and liquid excrementa with straw, and other substances which by fermentation produce a compost more or less rich in the food of plants. Animals liberally fed on hay, turnips, &c. produce a manure exceedingly rich in phosphate, the various salts required by our cultivated plants, and the process of the formation of it is

manure, the farmer should pay particular attention to the chemical action and change to which the mass is at all times subject.

It would be especially advantageous for our young farmers to devote some time to the study of geology. The recent discoveries of valuable ores and oil springs in various parts of Canada, have turned the attention of many to this important science. Many investigations of our territory have been by their aid, and science directed to certain localities, with the view of gain, and they have not been disappointed. In some days it is necessary to be well

HOLY AND SAINT DAYS, &c., MEMORABLE EVENTS.

NOVEMBER—30 days.

- 1 Su 22ND SUNDAY AFTER TRINITY.
- 2 M Capua captured in Piedmontese, 1860.

- 26 S WHEAT DIED, 1777.
- 27 Su 1st SUNDAY AFTER CHRISTMAS.
- 28 M Bombardment of Canton, 1854.
- 29 Tu Destruction of the "Caroline," 1836.
- 30 W Jeauie's Society founded, 1854.
- 31 Th City of Ottawa first lighted with gas, 1860.

Herschel's Weather Table.

The following Table, constructed upon philosophical considerations of the attraction of the Sun and Moon in their several positions respecting the Earth, and confirmed by experience of many years' actual observation furnishes the observer, without further trouble, with the knowledge of what kind of weather there is the greatest probability of succeeding, and that so near the truth that in very few instances will it be found to fail:—

MOON.	SUMMER.	WINTER.
If it be New or Full Moon, or the Moon entering into the First or Last Quarter at 12 noon or between 12 and 2.....	Very Rainy.....	Snow and Rain
2 and 4 afternoon.....	Changeable.....	Fair and Mild
4 and 6 evening.....	Fair.....	Fair
6 and 10 do.....	{ Fair, if wind at N. W.....	{ Fair and frosty, if wind N or N E
10 and 12 night.....	{ Rain, if wind at S. or S. W.....	{ Rain or frost, if wind S or S W
12 and 2 morning.....	Fair.....	Fair and frosty
2 and 4 do.....	Cold, frequent showers.....	Hard frost, unless wind S or S W
4 and 6 do.....	Esu.....	Snow and stormy
6 and 8 do.....	Wind and Rain.....	do..... do
8 and 10 do.....	Changeable.....	Stormy weather
10 and 12 do.....	Frequent showers.....	Cold rain, if wind W; Snow, if E
		Cold, with high winds

Muck is a valuable economizer of barn-yard manure. A layer of muck in the stable saturated with urine is nearly as good as the best solid excrement. A cord of muck thoroughly mixed with a cord of animal excrement, will make two cords of manure worth twice as much as the unmixed matter, if left to leach and ferment in the usual manner. This mixture can be more equally diffused, a matter of very great importance. In the fall of the year you may gather muck; mix during winter and spring. Try the experiment, certainly it will cost something, but you may rely on ultimate profit. Soil is also an excellent manure. It is extensively used in England, and when only fifteen or twenty bushels are applied to the acre, it induces the most luxuriant crops of wheat and other grains. Soil also has several sorts of manure, which are equally valuable. In comparison with

stimulants of plants, and if both be used to great advantage as a concentrated fertilizer. Potatoes and cabbages are especially benefited by it. Six quarts of soot to a large hoghead of water make an excellent liquid manure for the garden.

To preserve and increase manure let no necessary waste occur. Eave-troughs ought to be provided in all places where cattle are kept, and their manure exposed to the action of the weather. If this precaution be neglected, a large portion of the soluble salts will be washed out, and make their escape, as is so commonly seen, in the form of a dark brown liquid, flowing down the yards or heaps over the lower levels of the adjoining ground, till it meets with a final exit in the water-course of a neighboring ravine. The amount of valuable manure that is thus annually lost would be a large one, were it not that the soil of the adjacent fields is so much enriched by it.

 EVANGELICAL UNION: AMERICAN BRANCH.—Revs. H. Melville, President, Toronto; G. Anderson, Secy; Huntington, O.E.

Post Office Information.

Letter Rates.—Letters posted in Canada addressed to any place within the Province pass, if prepaid, for 5 cents per ½ oz., but if posted unpaid such letters are charged 7 cents per ½ oz.

On Letters to Nova Scotia, New Brunswick, and Prince Edward's Island, the rate is 5 cents per ½ ounce, with optional prepayment.

The rate on Letters to the United Kingdom is, by Canadian Packet,

Not exceeding ½ oz. 12½ cents
 Exceeding " and not exceeding 1 oz. . 25 "
 Exceeding " 1 oz and not " 2 oz. . 50 "
 and so on, increasing two rates of postage for each additional ounce.

And by Cunard Packet, 17 cents per ½ oz. &c.

Letters for the United Kingdom must be prepaid, or they will be charged a fine of 6d sterling on delivery.

Letters for British Colonies and Possessions beyond sea, and Foreign Countries, via England, must be prepaid.

The rate on letters for the United States, (except California & Oregon) 10 cents per ½ oz for California and Oregon... 15 "
 " to Cuba 20 cents per ½ oz

The postage rate to British Columbia is, Letters 25 cents per ½ oz Newspapers 2 cents each

Mails for Canada from England.—Two Ocean steamers carrying mails for Canada leave Liverpool in each week, viz: a Canadian Packet on every Thursday, &c. derry on Friday, sailing to Quebec in Summer, and Portland in Winter, by which the Postage rate is 6d ½ per ½ oz; and a Cunard Packet every Saturday, &c. Cork on Sunday, bringing Mails for Canada, alternately to Boston and New York, by which the Postage rate to Canada is 8d ½ per ½ oz.

The British Post Office forwards letters to Canada by the first packet sailing after the letter is posted, unless the letters bear a special direction—"By Canadian Packet" or "By British Packet,"—and in that case they are kept over for the Packet designated. "By Canadian Mail" is not a distinctive subscription; for any Mail for Canada is a "Canadian Mail," by whatever Packet forwarded.

Registration of Letters.—Persons posting Letters containing value, should be careful to require them to be registered, and to obtain from the Post Master a Certificate of receipt for Registration.

The charge for Registration, in addition to the Postage is as follows, viz:

On Letters to any other place in Canada, or British North America 2 cents
 On Letters for the United States 5 "
 On Letters for the United Kingdom 12½ "
 On Letters for British Colonies or Possessions, &c. 25 "
 On Letters for France and other Foreign Countries, via England, an amount equal to the postage rate.

Both the postage charge and registration fee must in all cases be prepaid.

Registration is not an absolute guarantee against the misarrangement or loss of a Letter; but a Registered Letter can be traced when an Unregistered Letter cannot, and the posting and delivery or non-delivery can be proven. A Registered Letter is thus secured against many of the casualties which, from incorrect address, forgetfulness of the receiver, or other error, may affect an Unregistered Letter.

Miscellaneous Charges.—The charge on Parcels by the Parcel Post, which is limited to places within the Province, is 20 cents per lb (with 8 cents additional if Registered.)

One cent per ounce, payable in advance by Postage stamp, is the rate on Printed Circulars (printed Circulars are liable to letter postage), Prices Current, Hand Bills and other Printed Matter of a like character, and on Books, bound or unbound, when posted at a Canadian Post Office addressed to any place in Canada, British North America generally, or the United States.

The charge on Books, &c., by Book Post to England, is 7 cents on packets not exceeding 4 ounces in weight, 12½ cents on ½ packets, and 12½ cents additional for every additional ½ lb. These charges must be prepaid.

Photographs, provided they are not upon glass or in cases containing glass, may be forwarded to England at the Book rate of postage.

Book Post with France.

For a Packet of Printed matter, or single Newspaper, Book, &c. not over 2 oz 4 cents

Do " exceeding 2 oz and " 4 oz 8 "

Do " " 4 oz and " 8 oz 17 "

Do " " 8 oz and " 1 lb 34 "

And so on, increasing 17 cents for each additional ½ lb.

The Book Post regulations between Canada and England apply to matter between Canada and France.

Newspapers and Periodicals.—Newspapers published in Canada may be sent by Post from the office of publication, addressed to any place in Canada, at the following rates, if paid quarterly in advance by either the publisher at the post office where the papers are posted, or by the subscriber at the delivering post office:

For a paper published 6 times a week, 40 cts per quarter

" " " 8 " 20 "

" " " 12 " 18 "

" " " 16 " 6 "

When the above rates are not paid in advance by either publisher or subscriber, such Papers are charged one cent each on delivery.

TRANSIENT NEWSPAPERS.—That is to say, Canadian Newspapers posted otherwise than from the office of publication, and American or British papers posted or re-posted in Canada, must be prepaid 1 cent each, by postage stamp, or they cannot be forwarded—except only *British Newspapers* distributed to regular subscribers by Canadian Booksellers or News Agents—such papers pass free as they would do if received in the Canadian Packet Mails.

Newspapers by Mail from England or United States.—Newspapers received from England by the Canadian Packet Mails are delivered free.

Newspapers from England by the Cunard Packet Mails are charged 2 cents each on delivery. (This is the American transit charge.)

United States Newspapers, brought by mail into Canada, are charged one cent each on delivery.

Periodical Publications.—The rate on Periodical Publications is, if not exceeding 8 ounces in weight, 1 cent; over 8 ounces, 4 cents.

If prepaid by postage stamps from the office of publication, Periodicals published in Canada, weighing over 8 ounces, may pass for 2 cents each.

Periodicals, printed in this Province, other than Newspapers, when specially devoted to the Education of Youth (both religious and general), to Agriculture, to Temperance, or to any branch of science, and addressed directly from the office of publication, to be transmitted to any post office in this Province, are exempt from charge.

TRANSIENT PERIODICALS.—Including Canadian Periodicals not prepaid the commuted rate from the office of publication—not exempted by the preceding clause, and all other Periodical publications posted in this Province, must be prepaid by Stamp, the full rate, at the time of posting.

Periodicals received in Mails from the United States are charged with the rates named in the 1st clause of this section.

Money Orders.—Money Orders payable in the Province may be obtained at any Money Order Office in the annexed list, at the following rates of commission: Under and up to \$10 5 cents

" 10 " " not exceeding \$20 10 "

" 20 " " " 30 15 "

" 30 " " " 40 20 "

" 40 " " " 50 25 "

" 50 " " " 60 30 "

" 60 " " " 70 35 "

" 70 " " " 80 40 "

" 80 " " " 90 45 "

" 90 " " " 100 50 "

N. B.—No half cents to be introduced in the Order; No single Order can be issued for more than \$100.

Money Orders, payable at any Money Order Office in Great Britain and Ireland, can be obtained at any Canadian Money Order Office. The Orders are drawn in Sterling, the commission chargeable being: Over and under \$1, over \$1 and up to \$5, 6%; \$5 and up to \$25, 5%; over \$25 and up to \$100, 4%. No Order can be drawn for more than \$10, but any number of orders of \$10 each may be procured.

Postage Stamps.—Postage stamps are provided for sale at the respective values of 1 cent for Newspapers, 5 cents for ordinary Provincial Letters 10 cents

United States rate and 17 cents for Letter Envelope, addition stamps, at postage to the amount. The 5 cent over price of \$5 50 per rate of a single ounce. The 10 cent of \$10 50 per hundred pounds 11 cents. **Postal Clauses.**—General clauses.—To inclose a letter in the Parcel Post, a written mark to inclose any other letters in a newspaper, at papers (except in newspaper published folded within the subscribers), shall

The Autumn Term begins the Monday following the Summer Term, and ends the 22nd December. The Winter Term begins on the 7th of January, and ends the Tuesday before Easter. The Spring Term begins the Wednesday after Easter, and ends the last Friday in June. Fees payable in advance; French and Drawing extra. *Course of Instruction:* Common English Branches, Arithmetic, Geography, Algebra, Geometry, Natural Philosophy, History, Physiology, Drawing, Book-keeping, Latin, Greek and French.

SEMINARY OF LEARNING OF THE GRAY SISTERS OF OTTAWA.—Lady Superior, Sister Bruyere. This institution opens on the 1st September and ends on the 10th of July.

THE OTTAWA ACADEMY.—This institution, for the education of young ladies and gentlemen, is situated at the corner of Queen and Metcalf Streets. The Faculty of Instruction is as follows:—Duncan Thompson, Principal; Mrs Elbertine M Thompson, Preceptress; Duncan Morrison, E A, Assistant; Rollin De Launo, Teacher in Junior Department; Madame Dorion, French Department; Miss Georgiana Rogers, Primary Department.

COMMON SCHOOL TEACHERS, 1863.—Victoria Ward, LeBreton Flint; William Stewart and Miss Margaret Stewart; Victoria Terrace; F J O'Connor, and Miss Ellen Sparks; Wellington Ward, Engine House; W B Bonsall and Miss E O Caron; Central School, Wellington Ward; Samuel Rathwell, and Miss Elizabeth Murray; St George's Ward; John Robertson, and Miss Elizabeth Langrell; Ottawa Ward, Hamilton Allen, and Miss M Kerr.

R C SEPARATE SCHOOLS.—Upper Town: Wellington Ward, F B Wilkins Teacher; Victoria Ward, Miss A Hackett. Lower Town: English Schools, Messrs J and E O'Reilly; French Schools; Messrs L Tasse and G Demers; Female Schools, Sisters of Charity.

NATIONAL AND OTHER SOCIETIES.

ST GEORGE'S SOCIETY.—Incorporated by Act of the Provincial Parliament, 24 Vic, cap 141. The objects of this Society are to unite Englishmen and Welshmen and their descendants, in a social compact for the promotion of mutual and friendly intercourse, and for affording to such Englishmen and Welshmen as may stand in need, advice and counsel, and such pecuniary assistance as the funds of the Society may enable it to give.

J D Slater, Esq, President; Ed Routh, Esq, 1st Vice-President; G T Thomas, Esq, 2nd Vice-President; Revs C P Emory and T Machin, Chaplains; Hammet Hill, Esq, M D, Physician; James Dyke, Esq, Treas; W Mills, Esq, Secretary. *Committee.*—Messrs James Perry, George Offord, G H Preston; T W Shepherd, J E Cole, J P Featherston, W Law. *Stewards.*—Messrs J H Patterson, Thomas Starmer, J O Macerow, E Miles. *Auditors.*—James Ballif and James Stobbes.

The Committee of Management meet at Woodrow's Hotel, Centre Town, the first Tuesday in each month, at 8 p.m. General meetings of the members are held quarterly on the first Tuesday in July, October, January and April respectively, at the same place and hour. Officers are chosen at the annual meeting, first Tuesday in April of each year. Subscription one dollar per annum; Entrance Fee one dollar; Life Subscription twenty dollars.

ST PATRICK'S NATIONAL AND BENEVOLENT SOCIETY.—This Society was instituted to advance the welfare of Irishmen. Its chief object—benevolence; its paramount duties—to afford advice and assistance to fellow countrymen emigrating to this Province; to encourage and facilitate their settlement therein, by useful information and such pecuniary aid as the funds of the Society will admit of; having in view always their ultimate benefit and advantage.

The Society meets at the Union Block, Sussex St, every Wednesday evening, at half-past 7 o'clock. *Officers for the year 1863.*—Mr Edward Smith, President; Dr O'Reilly, 1st Vice-President; Mr John Myers, 2nd Vice-President; Mr Christopher Carleton, Recording Secretary; Mr P V Flynn, Assistant

INSTITUT CANADIEN FRANCAISE.—Dr. P St Jean, President; Pierre Roquee, First Vice-President; L A Grison, Second Vice-President; Horace La Pierre, Recording Secretary; Dr. E R E Riel, Corresponding Secretary; Pierre Marier, Treasurer; Flavien Kochon, Librarian. *Managing Committee*.—Nazaire Germain, Naroise Parent, G Goyor, Moise Lafontaine, G Laporte, and Dolphis Lefebvre.

This institution owns a fine lot opposite the Cathedral, on which they have lately erected a most spacious and comfortable building for the meetings of the members and the regular course of lectures with which they annually treat the public during the winter months. Their Library is one of the richest in Canada, although it was unfortunately partially destroyed at the fire of the By-ward Market, above which this Society had their Hall. Amongst their works may be noted the French Emperor's gift to this institution of choice engravings, books, &c., valued at 25,000 f. It is now in a most prosperous condition, and is the equal to any of its sister societies in this City.

HIBERNIAN TEMPERANCE SOCIETY.—Rev. Father Molloy, President; John Heney, First Vice-President; Thomas F O'Brien, Second Vice-President; Thomas Kehoe, Treasurer; John O'Reilly, Secretary; Paul V Flynn, Assistant Secretary.

IMMIGRATION TO OTTAWA IN 1862.

From the commencement of the season to the 30th December, the number of Immigrants who arrived in Ottawa was as follows:—

	M.	W.	C.	Tot.	Capital
Natives of England,	143	74	180	397	\$26,000
Do Scotland,	13	25	62	100	8,125
Do Ireland,	134	103	112	349	24,000
Germany and Poland,	288	172	369	770	16,600
Natives of Norway,	10	12	12	34	
	699	370	645	1692	\$64,000

Who were disposed of in the following order:—

Fombroke, F Wharf, Arnprior, Gould's Wharf	
Sebastopol, Brudenel, Grafton, Wilberforce, Alice—County Renfrew	269
Thurso, Aylmer, Lowe, Hull, Templeton, Buckingham—County Ottawa	54
Portage-du-Fort, Bristol, Quio, Thorn, Leslie, Litchfield—County Pontiac	103
Hawkebury,—County Prescott	2
Gloucester, Cumberland, Osgoode,—C Russell Lanark, Pakenham, Beckwith, Almonte,—C Lanark	02
Nepean, Goulbourne, Marlborough, Fitzroy, Huntly Torbolton, March, North Gower, County Carleton	208
Kemptville,—County Grenville	20
Ottawa City	237
	1688

The number of acres of improved land for sale on the Register at the Immigration office is 20,975, and the land is owned by 83 proprietors. The demand for imported labour during the season was as follows, viz:—Common Labourers 60, Farmers 242, Gardeners 1, Masons 16, Tailors 12, Blacksmiths 3, Shoemakers 14, Bricklayers 4, Brickmakers 14, Carpenters 12, Female Domestic Servants 150, Boys from 14 to 18 years 60, Stonecutters 8, Cartwright-makers 2, Confessors 2, Cabinet-makers 1, Coopers 1. 87 families settled upon Crown lands, which they purchased in the counties of Renfrew, Pontiac and Ottawa and 9 families purchased partly improved farms.

A FEW OTTAWA INCIDENTS.

THE FIRST SETTLER IN THE OTTAWA COUNTRY.—The parents of Philomont Wright, Esq, the first settler in the Township of Hull, were from the County of Kent, England. They emigrated to Massachusetts, in New England, and there Mr Wright was born in 1740. He explored the country along the Ottawa or Grand River in 1797, again in 1798, and again in 1799, when he determined to commence a settlement upon the banks of some part of this noble stream. He hired about 25 men, and started with them and five families from Woburn on the 2nd of February 1800. He brought with him—according to a statement made by him to the House of Assembly in 1824—"Mill-irons, Axes, Scythes, Hoes, and all other kinds of Tools I thought most useful and necessary, including fourteen horses and eight Oxen, seven Sleighs, and five Families, together with a number of Barrels of clear Pork, sufficient to last the party for some time." The party arrived at Montreal on the 10th of the same month, and after a short stay in that city proceeded on their route for the township of Hull. They arrived at Hull on the 14th of March. All the hands that were able to use an axe then assisted in felling the first tree, and this having been formally done they commenced clearing a spot for the erection of a house and other buildings for the accommodation of the families and men.

THE FIRST SYMBARER COMMENCED RUNNING ON THE WATER OF THE OTTAWA, between this city and Grenville, in the year 1828, and was called the "Union"—Records of the *Life and Progress of Ottawa, by Miss Yeo-Corkland, 1858.*

THE FIRST PLACE OF PUBLIC WORSHIP erected in Bytown, in the year 1827, was a small wooden edifice situated on Sandy Hill, and devoted to the services of the Wesleyan Methodists.—*Ibid.*

THE SAPPAN BRIDGE, which spans the Rideau Canal, was commenced in 1827 and completed in 1829.

THE UNION SUSPENSION BRIDGE at Ottawa was erected by the Board of Works of Canada, in 1843-4. Samuel Keefer, Esq., was the Engineer; Messrs. David Wilkinson & Son, the Contractors for the Cables and Roadway, and Mr. Alexander Christie, the Contractor for the Masonry. Cost \$15,000.

THE CANALS.—The *Grenville Canal* has three Locks, 108 m 19, and the depth of water is 4' 6". The *Carrillon Canals* include Greece's Point, with 4 Locks, 128 m 82; Onute a Blondin, 1 Lock, 128 m 82; and Carrillon, 3 Locks, 128 m 82. The depth of water is 4' 6". These Canals have 11 Locks in all, are twelve miles in length, and the lift amounts to 60 feet. Vessels 95 feet keel, 19 feet beam, and drawing 4' 6" of water, can pass through the Grenville Canal.

The *Rideau Canal* is 126 miles in length, has 47 Locks, 184 m 33, and vessels drawing 4' 6" water can navigate it. The work commenced September, 1826. The first steam propeller passed through on the 29th of May, 1829, and the Canal was completed, Aug. 1832. Cost of Canal Sterling £208,774. Upper Rideau Lake, the summit level of the Rideau, is 292 miles above Ottawa, and above Lake Erie 165 miles.

On the morning of the 24th of May, just about two o'clock, the shock of an earthquake was distinctly felt in this town. The houses shook and the windows rattled so as to wake up several persons. The direction of the vibration was from the west by the north.—*Ottawa Citizen*, May 28, 1858.

About twelve o'clock on Thursday, this city was shaken by an earthquake of sufficient force to startle people with the idea that something was going wrong in the subterranean regions. The shock was accompanied by a rolling noise, like that made by a very heavy wagon passing over a strong pavement. In the house where we were sitting at the time we heard the sound for two or three seconds, then came a heavy jar, which shook the house and threw down some wood loosely piled in the kitchen. After the shock the rumbling sound continued for about eight seconds, and seemed to roll away towards the north-east.—*Ottawa Citizen*, May 8, 1856.

On the morning of Wednesday last, a slight but somewhat prolonged shock of an earthquake was felt in this city. It was experienced more or less in all parts of the city by those who had arisen or were awake at the time: it appeared to have a vibrating motion, which lasted for nearly two minutes. It was most apparent in the neighborhood of Sandy Hill. We are assured by a gentleman residing there that it was powerful enough to cause the bed on which he was lying to rock, that it set a cradle in motion, and caused a clock to strike before its proper time. It will be seen by our telegram that it was felt much more severely in Maine. In Ottawa it was unaccompanied by any report or noise, and we have not heard that any atmospheric changes either before or after its occurrence were remarked.—*Ottawa Citizen*, Oct. 10, 1860.

APPALLING ACCIDENT: FIVE MEN DROWNED.—The Chaudiere Falls at the west end of this city was yesterday afternoon the scene of a heartrending and melancholy accident, in which five men were drowned. It seems that nine men were descending the river on a crib of timber belonging to Mr. E. B. Eddy, and at whose factory at Hull, northward of the Falls, it was intended to be taken. About four o'clock the crib made its appearance above the Chaudiere, and considerably to the southward of the course usually taken to reach the Hull side. From the excited gestures and desperate struggles of the men on the crib it was apparent that the mass of timber was beyond their control, and the sport of the swift current of the now swollen river. On, on, it rushed till it sped with the swiftness of an arrow over the Falls into the boiling chaldron beneath. For the moment the crib and its living freight were submerged in the mail, tossing waters; but when it emerged below the Suspension Bridge and struck the little island where it went to pieces, five of the nine poor fellows who took the awful plunge had been washed off and drowned. The other four were borne down the river for nearly a mile, clinging to such portions of the dismembered crib as they in their frenzy could lay hold of, and were

plucked up by some forrymen when opposite the locks.—*Ottawa Citizen*, May 11, 1861.

Names of men who went over the Chaudiere Falls at 4 p.m. on Friday, 10th May, 1861:—Francois Charbonnault of Montreal, Augustin Gravelle of Chateaugay, Xavier Larriere of Ottawa, Onse Larriere of Quebec.

DISASTROUS ACCIDENT: TWO YOUNG LADIES BURIED ALIVE.—A melancholy and fatal accident occurred in the vicinity of Lochaber, on Tuesday 7th inst., by which two sisters—Catharine and Alexina McDonald—were hurried into eternity. For the following particulars of the heart-rending occurrence, we are indebted to Mr. John McDonald, brother to the unfortunate young ladies. On the morning of the day above mentioned the young women, aged respectively 16 and 18 years, accompanied their mother to witness the devastation made in the vicinity of their dwelling by a recent land slide. While being thus engaged, one of the girls, noticing a considerable crack in the portion of the earth on which they were standing, suggested the propriety of retiring from such a dangerous locality. Mrs. McDonald at once proceeded to leave the spot, but on turning round to see if her daughters were following, she was horror-struck at observing them disappear beneath a mass of earth which had given way. Her immediate impulse was to rush to their rescue, but a man who witnessed the calamity caught her suddenly and saved her from sharing in the lamentable fate of her daughters. In half an hour after the accident the bodies were recovered, but of course life was then extinct. This sad event has spread a marked gloom over the whole neighborhood, and must be most distressing to the relatives of the deceased.—*Ottawa Citizen*, May 17, 1861.

Shortly before nine o'clock last night a most violent and startling shock of an earthquake was felt in this neighborhood. It lasted from six to eight seconds, and created intense alarm throughout the entire city. A general rush from the tottering houses was made in all quarters, and from an incredible short space of time the streets were thronged with people, whose frightened looks and gestures betokened the wildest alarm and dread. A noise somewhat resembling a low rumbling clap of thunder accompanied the shock. In several parts of the city the vibration of the earth was so violent as to crack the walls of the houses and even overturn some chimneys. Opposite our own office, in the "Vienna House," goods were shaken from the shelves, and several articles of glassware broken. The eastern portion of the city seemed to be most affected by the shock, and there its effects are more apparent than elsewhere. This is the second shock of an earthquake we have felt here within a year, but this last one was much more violent and alarming than its precursor.—*Ottawa Citizen*, July 13, 1861.

Wooden sleepers of Union Suspension Bridge substituted by iron, 1861.

1862.—Unprecedented Spring Freshets; vast destruction of Bridges; ice strong enough to admit of crossing the river with horses and vehicles, save at borders, on 21st April; a man, horse and train passed on 15th.

December 1862.—New County Jail opened for reception of criminals; cost \$14,000; the largest and best of our Penal Institutions.

September, 1862.—Specimens of *Asclepias* sent from Ottawa as substitutes for cotton: reported upon favourably in the *Liverpool Journals*.

GAS.—A requisition, numerous signed by the inhabitants, appeared in the *Ottawa Citizen* on the 4th of March, 1854, requesting the Mayor to call a public meeting, to consider the propriety of getting up a gas company, the result of which meeting was that an Act of Incorporation for the Bytown Consumers' Gas Company was obtained from the Provincial Parliament, and operations for carrying out the objects of the Company were commenced in the following October. A assualty attended the progress of the work the summer succeeding.—On the 11th September, whilst in progress of erection, a great part of the front of the building fell, carrying with it several workmen engaged thereon, three of whom were very seriously injured, but fortunately none of the cases ended fatally. The city was first lighted with gas on the night of the 31st December, 1855. This building was the first on which slate was used for roofing; and the entire cost of the undertaking amounted to about \$19,000.—*Records of the Rise and Progress of Ottawa, by Miss VanOrlandt.*

Census of Canada, 1861.

UPPER CANADA.

Table listing population for various cities and counties in Upper Canada, including Hamilton City, Kingston, London, Ottawa, Toronto, Brant, Bruce, Carleton, Dundas, Durham, Elgin, Essex, Frontenac, Glengary, Grey, Grenville, Haldimand, Halton, Hastings, Huron, Kent, Lambton, Lanark, and Lennox & Addington.

Total Population, 1,336,091.

CANADA EAST.

Table listing population for various cities and counties in Canada East, including Montreal, Quebec, Three Rivers, Sherbrooke, Argenteuil, Arthabaska, L'Assomption, Sagot, Beauce, Beauharnois, Bellechasse, Berthier, Bonaventure, Broms, Chambly, Champlain, Charlevoix, Chateauguay, Chicoutimi, Compton, Dorehester, Drummond, Gaspé, Hochelaga, Huntingdon, Iberville, L'Islet, Jacques Cartier, Joliette, Kamouraska, Laprairie, and Laval.

Total Population, 1,110,664.

COMPARATIVE TABLE OF POPULATION—CANADA EAST AND WEST.

Table comparing population of Canada East and West for the years 1851, 1856, 1861, 1844, 1842, and 1861.

POPULATION OF THE GLOBE.

M. Dietrich, Director of the Office of Statistics, at Berlin, calculates the total number of inhabitants of the globe at upwards of 1,333,000,000. The number of the different human races are estimated as follows:—The Caucasian, 569,000,000; the Mongol, 359,000,000; the African (Negroes), 190,000,000; the American (Indian), 1,000,000; the Malay, 500,000,000. The leading

religions he divides as follows:—Christianity reckons 835,000,000 adherents; Judaism, 5,000,000; the Asiatic religions, 200,000,000; Mohammedanism, 160,000,000; and Polytheism, 200,000,000. Of the Christian population, 170,000,000 belong to the Roman Catholic Church; 80,000,000 to Protestantism; and 75,000,000 to the Greek Church.

Currency Table.

Large table for currency conversion between Canadian, Malpais, and Sterling currencies, with columns for Canadian, Malpais, and Sterling in both directions.

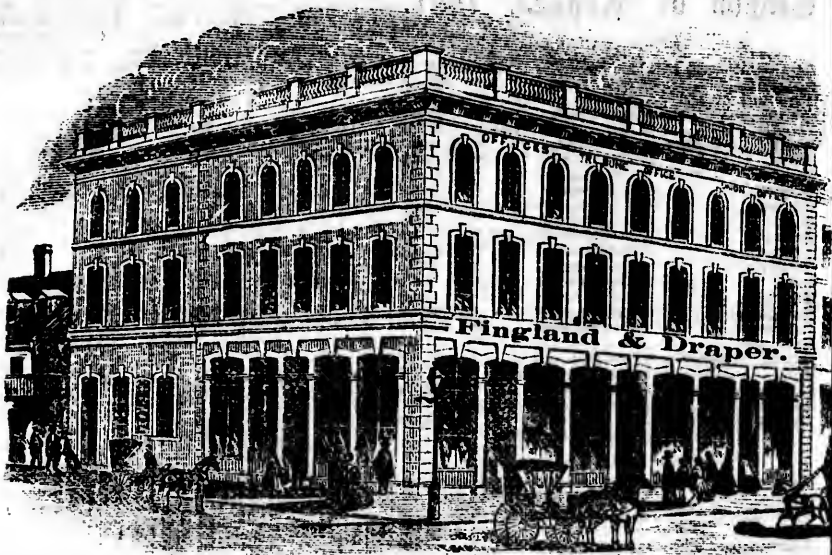

To convert Pence into cents.—Add a cypher to any number of Pence, and divide by 4. Example: 44 Pence add a cypher, 440, which divided by 4 gives 110 cents.

To convert cents into Pence.—Multiply any number of cents by 4, and put off the last figure, which is tenths. Example: 78 cents multiplied by 4 gives 312, or 31 Pence and 2-tenths, say 31 Pence.

To convert Sterling into currency.—To the given sum add one-fifth of itself, and one-tenth of that once fifth.

Convert Currency into Sterling.—Multiply by 60, and divide by 78.

CUSTOMS RETURNS FOR 1862.—The regular Custom Returns of Imports for the last eleven months show that our trade in this direction has on the whole considerably increased. The value of imports for the eleven months amounts to only \$48,800,000. For the corresponding period in 1861 it amounted to only \$41,800,000. The increase, therefore, is \$6,500,000; but this increase is wholly in free goods, the import of dutiable goods having declined. Thus the increase in free goods was \$6,500,000; and the decrease in dutiable goods \$1,000,000. In the first eleven months of 1861 the duties amounted to \$4,650,000, and during the same period in 1862 to \$4,470,000. The first five months this year showed a decrease in duties of half a million of dollars. The duties in the month of November, 1861, amounted to \$253,000; same month, 1862, \$245,000.

CANADA STARCH.

BENSON & ASPDEN

Having the most complete works in the World, the Starch produced is positively superior to that of any other Maker; and the large consumers in England, acknowledging its merit, are willing to pay more for it than for any article they can get at home.

BENSON & ASPDEN manufacture for the Laundry

The Canada Satin Face Starch,

The Canada Silver Gloss Starch,

And Pure Starch, White and Blue.

Also, their celebrated

CANADA PREPARED CORN

EXTRACTED FROM THE PUREST WHITE CORN, FOR

PUDDINGS, BLANC MANGE, INFANTS' FOOD, &c.,

Which is preferred by all who have tried it to anything of a similar nature imported from the United States. The above articles have taken the First Prizes wherever they have been shown: at the INDUSTRIAL EXHIBITION held in Montreal, during the visit of H.R.H. the Prince of Wales; at the GREAT INTERNATIONAL EXHIBITION in London in 1862; also at the PROVINCIAL FAIR at Toronto, and various other Fairs held throughout the Province.

ADDRESS,

Benson & Aspden,

Edwardsburg, C.W.,
and 298 St. Paul Street, Montreal.

Montreal, December, 1862.
