III. Recommendations and Comments:

1. Audience's opinion Contents of each lesson are too much, if it is presented more plainly, and stressing a few important print, and referring to some living example, the lesson would be more effective even if the time is not so long as such. (This would be applied to other villages)

2. Speakers' opinion They would like to have more lesson materials and make due preperation, the villagers used to not satisfied by their lesson as the speaker have been living in the same place and being daily acquaintance.

3. The lack of recreation in this village caused the unattractiveness of this course.

4. Village authorities and committee was not so active on the AE course activity though they present it formally. Lack of well qualified chairman of the course was fatal point, it seemed.

III. Recommendations and Comments:

Mr. Masajiro Ryokota (a manufacturer of tooth brush stick.. a graduate of Nikone Economic College)

The Nine-Point Economic Stabilyzation Program, which is the supreme order to the recovery of Japanese economy and attracting our grevious concern, was explained by Mr. M. Ryokota with easy and understandable expressions. Especially he put emphasis on the nineth point, that is, the completion of food collection and he asserted we Japanese people couldn't depend on American aids any more without the complete delivery of staple foods. Pointing the data regarding the inport of staple food from States, he stated how much quantity of staple foods we are owing to United States. It was sure that he succeeded in promoting the consciousness of their responsibility in food delivery on the part of farmers.

III. Recommendations and Comments:

Mr. Masao. Namogue. a leading member of village welfare association a repatriate from Manchuria.

His lecture regarding Constitution was one of the best ones I have heard since my surveillance trip had started. The attendants were mostly composed of non-educated farmers, but they were absolutely absorbed in listening to his lecture while he was speaking. Pointing the illustration, he explicated Constitution article by article and never missed the important points. It is not too much to say that his lecture was a great success.

III. Recommendations and Comments:

Both speakers & audiance are very enthusiastic.
Some of the audiance are willing for this kind of program.
Village officials are eager to carry on this kind of course further in the future.
May be it was the bad weather that hindered the attending but it was unexpectedly few.
Village official promised to hold this again in this block.
Major and village council resigned that day and village people were much worried about such things than adult education.
A.E.C was quite effective in other blocks but this one was an exception

7. Is it effective? (Yes ?) (No)

III. Recommendations and Comments:

1 Committee & Village authorities have been approching this programme very earnestly.

2. Speakers are not so well qualified, regrettable to say. And this would cause the ineffectiveness of the course, though it was well organized and had many attendants. Welfare speaker presented his lesson through merely reading text book. And Econ speaker often missed the points.

3. A young man expressed his communistic opinion covering various subjects and Mr. Shintani, inspector gave him pertinent answer. At 10:~~o'clock~~ p.m, the meeting was once dissolved and around 10 persons who were interested in the discussion had stayed over until 1:30 A.m. That young man's opinion follows:

1. I can't agree with the enforcement of 9 P.E. programe which is for the benefit of capitalist and at the sacrifice of labor
2. Capitalistic reconstruction of Japan would inevitably invite war in future.
3. Induction of American Captial would colonize Japan
4. U.S.S.R is not totaritearian country, Stalin is the representative regime of people
5. Production of U.S.S.R has been increasing rapidly, Japan should follow such exist

7. Is it effective? (Yes) (~~No~~)

III. Recommendations and Comments:

Mr. Toshio Kikita. a teacher of junior high school.
With easy and understandable expression, his lecture was fully comprehended by the attendants. Frequent jokes woven into his lecture made the attendants burst into laugh, which kept their attention on his lecture all the time.

Mr. Nobuo Aoki a teacher of junior high school.
He explicated the principles of democracy one by one. Though his speech technique was rather good, he failed to catch the minds of the attendants. Because his speech went too abstract, and didn't appeal to their general concern.

Mr. T. Nomura. doctor.
He pointed out the recent grievious tendency of the prevalence of V. D. in post-war Japan. He warned the young people not to suffer from this disgraceful disease.

IV. Budget.
¥5.000.00 will be appropreated in next fiscal year for adult education course. This amount might be added if necessary.

V. Publicity.
Posters urging villagers to attend the A.E. course have been posted on bulletin boards.
Poster contest will be held in primary school in the first term of next school year.

VI Punctuality
Only one ~~forth~~ tenth of the proposed number of attendants gathered at the place at the appointed time (0600 P.M.) This is because 0600 P.M. is too early for villagers to attend the course Some farmers are said to be still in farm at this early hour. I suggested chairman of A.E. committee to step down the starting hour to 0730 or 0800 P.M. so that villagers may attend the course without any inconvenience.

III. Recommendations and Comments:

As I received the schedule I was planning to visit this village on some of the days when the course is held. Then I got a message from District office that they've changed the schedule, so I went on Sunday the 27th.
But when I went there was nobody in the school, while waited, the teacher and the village official came and told that again they've changed the schedule to 2 or 3 of April.

The administration of this course is very poor.

a. It is better to hold the meeting not at one place but at several places (hooks. where people are easier to attend.
b. Better to hold the meeting at night than during day, for people are busy already.
c. Some recreation program should be planned.

Recommended to hold the committee meeting again and replan this course.

The village officials say that the busy season have started already, & how they would like to hold this kind of meeting more complete during summer season.

III. Recommendations and Comments:

1. No. of attendants was too few.
   a. Daytime, especially when it is fine, farmers are busy and would not like to attend.
   b. Town inhabitants are not much interested in the course, this is usually the case at all towns.
2. Preparation and arrangement were maid pretty well, though.
   a. Attached card which certifies the attendant at each lesson is handed to the attendant and at the end of the course it is the certification of completion of the course if the audience attended whole course.
   b. On each appointed day, school pupils' attraction is prepared by the school such as drama, song etc as refreshment. But on the day I visited this was not realized on account of the too few attendants.

III. Recommendations and Comments:

1. The presentation of the course at this village would be model one in this prefecture, though the attendants is not 100%.

a. The chairman is very well qualified, who is working full time for this programme, and also has good understanding and character.

b. Village authorities are working cooperatively with the chairman.

c. The presentation of each lesson (3 lessons of legal) is very well made, the speakers are well trained and consolidated.

d. Audiences are ernestly joining to this program and presented various questions around presented items of the lesson, which were not destrative nor antagonistic, sort of constructive or trying to understand

e. Slide which is only visual aids exept chart at village section level was used very effectively.

f. The committee has appealed to no measure to force the villagers to attend the meeting, villagers spontaneously attended. At some village 100% attendant obtained but in many cases some forcible measures or other always applied, and though they attend to the meeting they could not be so earnestly join the programme.

Adult Education Course Inspection

1, April

Ryokai Hirose.

I made a third visit to Azuchi village since Adult Education Course started. This is the sixth visit here from the beginning. Each time they change the schedule that I could never attend the course.
According to the last program the course was to be held on 26, 27, and 28 of March. And on the 26th (Education and Welfare) the first day lectures were given but attendants were just 13 from all the village. And so they canceled the whole.
According to the recommendation I made I thought they have replanned the course. But again to-day major says that they are so busy and have no time to meet the committee together. But promised to meet and discuss the matter and report back to M.G. by the 7th.

(1) will hold the A.B.C. as soon as possible.
(2) at night
(3) at each blocks (that will be 10)
(4) cooperation of village official & committee & public.
(5) wish to buy slide projector.

Adult Education Inspection
Kirihara - mura

28 - March

Ryokai Hirose

According to the plan made by the village the course was to be held at just one place that is at the primary school hall and during daytime.
The village has 17 blocks and 1096 house holds (and this village consists of many special blocks „Etai")
And thus the plan made by the village is not complete and could not expect the succes of this Adult Education.
Held a conference with the village official & others and recommended to make up the plan that could have more ~~sss~~ effect.
They promised to hold a administration conference as soon as possible and make up a detailed, and effective plan, that is to hold the lecture at each block and during night-time.
The visit will be made again after the replanned schedule is sent.

民主主義と共産主義について

滋賀軍政部發表

アメリカの國民は總ての國家總ての國民が自分達の思ふような政治をし上品な滿足な生活の出來る世界を希望し、その爲に努力する決心を固めている、とりわけ對等な立場から自由意志に基いて出來た眞の協定の上に立つこの世の平和、公正な永續的な平和を希望し、その爲に不退轉の努力をしている。

この目的に向つて進む際にアメリカ合衆國竝にアメリカ合衆國と同樣な考へ方の國家は目的において相反し、生活觀に於て全く異る國家組織と直接に對立しているのである。この國家組織では人類に自由と安全と他より余計な便益とを與へられると稱するところの誤れる考へ方と結びついている。この考へ方に惑わされて多くの人々は自分の自由を犧牲にし、其の結果は唯僞瞞と嘲笑貧困と暴虐だけしが得られないことを知つて悲しんだのである。

この誤つた考へ方とは共產主義である。

共產主義は人間は弱く不滿足なものであるから自分で自分を治めることは出來ない。從つて强力な支配者が必要であるという信念に基礎をおいているのである。

反對に民主主義は人間といふものは、道義的智的能力竝に不可分の權利を持つて自ら理性的に公明正大に治めることが出來るという觀念に基礎をおいているのである。

共產主義は人を正當な理由なく逮捕し裁判によらずして處罰し國家の手段として强制勞働を課している、何を知らすべきか、ぞんな藝術を生むべきか、その指導者に從うべきか、ぞんな思想を自分の思想とすべきかという枠を示しているのである。

民主主義では政府は各人の利益の爲に作られており、各人の權利とその權能の行使の自由とを保護する責任があるとするのである。

共產主義は社會の惡い處は暴力による他、是正出來ないというのであるが、民主主義では社會正義は平和的な改革によつて達成出來得ることを實証して來たのである。

共產主義は世界の社會的對立は根深く戰爭は避ける事が出來ないというが民主主義は自由な國家は紛爭を公正に解決し、永續的な平和を維持する事が出來るというのである。これらの共產主義と民主主義の相異点はアメリカ合衆國だけに關するものではない。

世界各地に於て人々は物質的な福祉と人間的な品性と神を信じ神を救う權利に係る問題であるということを自覺し始めている。

これらの相違点を述べるのは、信念の問題を信念の問題として論するのでなく共產主義の考へ方から起る行爲が、自由な國家の世界復興と永續的平和を招來しようと努力に對する脅威となつているからである。

6. Is committee working cooperatively and with full very conviction for this program? very (Yes O) (No)
7. Is it effective? (Yes O) (No)

III. Recommendations and Comments:

1. This village bought the slide apparatus and slides with the budget of 10.000 yen for the use of this course. As the course is presented at village ward level where the use of film projector is unable, the slide is the only and practical visual aid.

2. The attendant ratio is always 100% as well as the inspected case. such satisfactory result is caused from:

   a. The villagers' living customs and conditions which has been fostered through many years, and such situations are far beyond the reach of committee's endeavour. So the success or not of the presentation of the course depend much upon the villagers living tradition, at least the attending ratio.

   b. Village authorities are working very earnestly and with full conviction.

3. One of audience told me that it was most desirable that the lesson should be presented interestingly with humor and living example, dry and difficult talk would be forgotten from their memory no sooner than they left the meeting.

5. Was speaker's presentation effective and understandable? (Yes○) (No) very
6. Is committee working cooperatively and with full conviction for this program? (Yes) (No○)
7. Is it effective? (Yes○) (No)

III. Recommendations and Comments:

1. Speaker or instructor and chairman are working earnestly and their presentation is very good and very understandable, but village administrative authority such as headman & ass. headman seemed to be not so interested in the course.

Viewed from various exemple, the course could be well oriented and put into work well only through village administrative system, so it would be most practical and effective that the village headman or ass. headman took the post of the chairman of the course, though it could not be the ideal way of the organization.

2. This village has afflicted by the flood last year & damaged of its arableland of 20 choku, which have caused the unstability of daily life, being not rehabilitated since. This was one of the reasons why this village was not so earnest in the presentation of the course.

3. Attendance ratio of 50% would be the lowest case in whole Ika-gun and is very regrettable, of which inspecter suggested village authority to take pertinent measure so that 100% could be expected hereafter.

② circulating notices

Steering Committee ; Besides village committee,
Each hamlet has its own steering committee
dissenicating the importance of the AEC

Chairman: The AEC chairman, the village mayor and the chief of the village social aducation were much interested in social education and they were making ~~much~~ vivid activities, but tonight the PTA had a troublesome question to consult, and so the audience was not so large as usual. The PTA conference tonight seems to be unavoidable concerning the issue of the case of headmaster of the primary school.

III. Recommendations and Comments:

As recreation, primary school children made a great contribution to the AEC gathering playing childlike comic plays and dancings

The place is one of the remotest ~~parts~~ parts in Shiga Prefecture near the boundary of Fukui Prefecture and is a mountain village famous for charcoal production and cultural aspect ranks lowest so the AEC course seems is timely hit.

The village has been one of the places where no doctors live, but now a physician in the Kinomoto Health Center lives in the village and thanked by the villagers for his his kind treatment

Today wedding ceremony was conducted in one family in the hamlet and so some audience could not present at the Course

The budget for the AEC totals ¥ 8,000 and publicity method is to put the attendants' seal impressions on their names when present.
