

## The Big Night of the Year---March 17th

The American Legion expects to break all records for time, speed, pop, jazz and several other things next Wednesday night, when they lift the lid from the proceedings in Elm Hall. From the minute those famous Kings of Synecopation, the Senators, strike up the first strains of the grand march (Yes, there's going to be one of them, and you know what a riot they are) until the last horn blows, which will be at a very early hour, speaking in terms of the milk-man, no effort will be spared to make all comers enjoy one of the liveliest tinkletoes within their ken.

Let no evil-minded person, however, think that anything is planned that will transgress the strictest decorum. Boisterous, in a highly genteel fashion, the Legion dances may wax—it is possible that you may get a handful of confetti on the left frontal accipitus, but never a blush of shame in the cheek. Those who prefer to take their amusements at a more leisured pace will find their tastes unimpeded.

The main desideratum is that everyone have a good time, and that is just what the members of the Legion who have the arrangements of this particular affair in hand are endeavoring to bring about. We have every reason to think that they will be successful in this instance as they have been in the past.

It is then, with the expectation of seeing your pleasant, smiling faces at the big carnival of joy next Wednesday night, that we thank you for your kind support on the occasions of our previous shindigs, and bid you au revoir.

Tickets may be had for the ridiculously paltry sum of two dollars a couple, from any member of the Legion, or at the door on the big night.

## Two Wonderful Events

TO BE HELD FRIDAY EVENING,  
MARCH 19, AND SATURDAY  
AFTERNOON, MARCH 20,  
AT Y. M. C. A.

### Friday Evening, March 19.

And come be a kid again at the Y. M. C. A. There's going to be some good peppy fun, and every one from 18 to 80 had better run, as of tickets there's not a ton. What are we going to do? Why should we tell you? But this is your cue—it'll be more fun than even the zoo! Don't think you'll come and just sit—not a bit! Each one will have a part from the very start, and then, after the lively feats—honest-to-goodness you'll get some home-made eats! Don't forget—March 19—we're going to look for you—aw come over, do! And say—all this for a few pence—to be exact, only fifty cents. With apologies to Walt.

GIVE THE KIDDIES A GOOD TIME!  
Saturday Afternoon, March 20.

Send them over to the Y. M. C. A. on Saturday afternoon, 2.30, March 20, and the Methodist Choirs will show them one awfully good lively time. Lots of games, good eats, and a rip roaring good time. All for 25 cents. Any youngster will be welcome from 6 to 17. This is called a "Progressive Novelty Party for the Kiddos," and they'll enjoy it from beginning to the end. KEEP IT OPEN FOR THE BOYS AND GIRLS. Y. M. C. A., MARCH 20, 2.30.

## Meeting of Council

It seems that the reports, on behalf of the Narberth Civic Association, concerning Council meetings, are not having the effect desired. It was hoped that the complacency or indifference of at least a small percentage of the population would be stirred to action by attendance at those meetings in Elm Hall on the second Monday of each month.

It may be that the reports heretofore have been so embracing and so satisfying that a purpose to attend the meetings has been put to sleep with the confident thought, "What's the use?"

Some years ago you will remember a certain statesman of national prominence characterized a particular community as "corrupt and contented." That condition invariably arises from indifference to one's civic duties. We are fortunate in the fact that not even a breath of suspicion attaches to our present Borough officers. But they will not always be with us, and if from our present contented status we allow corrupt practices in the future to gain a foothold the blame can be unquestionably put upon the inhabitants of our Borough.

Our Borough administration is a business proposition, and we are all partners. We cannot escape our liability. If anything or anybody goes wrong we shall have no right to squirm and squeal. We have by our absence, neglect and indifference destroyed our only defense.

Last Monday evening it developed at the meeting that Mr. Hill presented his resignation as policeman. The resignation was accepted. The Borough, however, is not without protection, because it is being covered by an arrangement with Chief Donaghy, of Lower Merion Township, pending the selection of a man who will meet the requirements. Mr. Noel brought his personal and official influence to bear in a certain direction and upon a particular individual, so that any S. O. S. and other phone calls for the police will automatically be flashed to Ardmore and Chief Donaghy.

The tax collector was granted exemptions on 1919 taxes for many delinquents who had moved away. He will be expected to reach the others, whose time of grace expired with the old year. They will find it cheaper to pay their taxes than to move under present conditions.

The treasurer presented a report which was reassuring. It was decided to adhere to the budget system and create temporary loans for current year purposes to be paid by tax collections. Therefore, the sinking fund will not be encroached upon. Settlement with the Springfield Consolidated Water Company is still hung up. Provision, however, has been made to meet the payment when so ordered by court.

## About Dahlias

INFORMATION TO ASSIST YOU TO  
PARTICIPATE IN THE SEPTEM-  
BER NARBERTH DAHLIA  
SHOW.

### Raising Dahlias from Seed.

This is very interesting, as no one can be certain just what a seed will produce. Seeds will sometimes come true to the parent form or type, but the color or color combination is invariably different.

All the best new varieties have been raised from seed, the uncertainty of the results lend a fascination to this method of raising dahlias.

The seeds should be planted in shallow boxes of good, rich, well prepared soil in March, about the 15th, in a sunny window in the house or in the greenhouse. In from six to ten days the plants will appear.

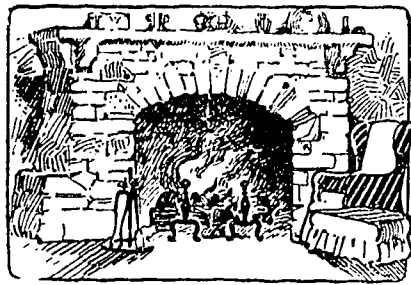

When the plants have made two sets of leaves, each plant should be placed singly in a 1½-inch or 2-inch pot. They do best in a cool place rather than a warm one, and should be changed to larger pots as they grow larger.

After May 15th they can be planted out in their permanent locations, allowing four square feet each the first season.

Tag the rows or plants with name of type and grower of seed. Dahlia growers and seed houses offer seeds for sale, although the beginner will possibly prefer to buy roots of named varieties.

The growers take orders at their fall shows for delivery the following spring, but their catalogs are usually quite comprehensive and a selection can readily be made for delivery about May 10 to May 15, as this time is the earliest that roots can be planted out.

Have you read "The Object of the Narberth Civic Association." It is printed from time to time in the columns of this paper, and should be read—and read again.

Everyone invited to Civic Association meeting in the Y. M. C. A. gymnasium Friday evening, March 26. Moving pictures, lantern slides and two very interesting talks to accompany them on subjects in which Narberthites are interested.

Our local American Legion hopes some day to have a good library of reference books for use of their members, covering subjects of interest to veteran soldiers and sailors. Save those books which you were thinking about getting rid of, for the American Legion and be assured that they will be fully appreciated.

Narberth people have been well represented at Atlantic City recently. Among those known to the Our Town reporter as being at the famous seashore resort, or having recently returned, are the following: Mr. and Mrs. E.

## Have You Reserved March 26 for the Big Civic Meeting?

MOTION PICTURES AND COLORED  
MAGIC LANTERN SLIDES TO IL-  
LUSTRATE TALKS BY JOHN  
IRWIN BRIGHT AND A. B.  
WOHLERT—ELECTION OF OF-  
FICERS.

There is every indication that the annual meeting of the Narberth Civic Association, to be held in the gymnasium of the Y. M. C. A. Friday evening, March 26, will be one of the most interesting affairs held in Narberth in a long while. Moving pictures will illustrate the talk to be given by Mr. John Irwin Bright, of Philadelphia, and colored magic lantern pictures will illustrate the talk to be given by Mr. A. E. Wohlert. The only business to be transacted at the meeting will be the election of officers of the Civic Association—President, three Vice-Presidents, Secretary, Treasurer, and six Directors.

Mr. Bright's talk will be of unusual interest for two reasons. First, because he is going to speak about the architectural development of modern housing, a subject on which he is nationally recognized as an expert, and second, because of what he will say with regard to Narberth's relation to the proposed new metropolitan district for Philadelphia. Mr. Bright is a member of the special committee of the Philadelphia Chapter of the American Institute of Architects in charge of the drafting of a plan for the development of the metropolitan Philadelphia area. The rapid growth and development of Philadelphia's suburbs, including, of course, Narberth, is the cause of the frequent raising of the question. When will the Philadelphia suburbs be taken in as part of the city? This is a subject in which we are all vitally interested, and for this reason alone Mr. Bright's talk will be eagerly awaited.

That part of Mr. Bright's talk dealing with the development of modern housing will be illustrated with motion pictures.

Mr. Wohlert's talk will also be interesting for two reasons. First, because he is a recognized authority on horticulture, landscape gardening and all kinds of planting. Every resident of our borough who is interested in improving and developing his garden would do well to attend this meeting, for he will get a great deal of very helpful information.

Remember, the date of this meeting is Friday evening, March 26, and it will be held in the gymnasium of the Y. M. C. A. building.

## Musicales

The Community Club Chorus for women's voices presented an extremely varied and enjoyable program to the many friends who were fortunate in hearing its first musicale on Monday evening. After the initial number by the chorus, Miss Sjöholm, who accompanied the chorus singing, gave a piano selection, Mr. Turner sang a charming group of tenor solos, and Mrs. William S. Horner gave a unique whistling number.

Mrs. Trowbridge sang a delightful group of Scotch ballads, and later, with Mr. Turner, a duet for contralto and tenor. Mrs. Noel Butler had a lovely soprano solo. Especial mention should be made of the final number of the chorus, "The Americans Come." This stirring patriotic number was given with great spirit and feeling by the chorus, with a tenor obligato by Mr. Turner.

As a small token of appreciation for his unselfish efforts, the Community Club presented Mrs. Tillman O. Lane, the leader of the chorus, with a bouquet of flowers and a silk handbag. Mrs. Lane and Mrs. Ross have worked tirelessly, under many handicaps of illness, weather, etc., to make the chorus a success. It is felt that the foundations have been laid for a very valuable and hitherto undeveloped part of the club work. A trained chorus of women should be of great benefit not only to the club, but to the community as a whole, and the undertaking deserves the interest and support of everyone.

### BRYN MAWR COLLEGE WILL INSURE AGAINST RAIN.

Bryn Mawr College is contemplating the taking out of some insurance against rainfall on May 1, or whatever date may be selected for some kind of festival that they wish to hold about that time. The representatives of the institution say that it will be satisfactory to both parties to base any claims that they make on the records of the Narberth Co-operative Observer of the Weather Bureau.

Breakfast was served at the home of the bride's parents. After their wedding trip, Mr. and Mrs. Cotton will live in Cornwall.

### WELCOME TO DAYLIGHT SAVING.

We believe that the action of our Borough Council in adopting the Daylight Saving Plan for Narberth, in cooperation with many of the larger cities in this part of the country—especially Philadelphia, with which our daily lives are so closely identified—meets with general satisfaction and approval.

Daylight saving this year goes into effect at 2 A. M. Sunday, March 28, and we urge all our citizens to remember this date and be sure and turn their clocks and watches forward one hour before retiring on Saturday night, March 27. If we will all cooperate in this matter there will be absolutely no confusion or misunderstandings.

After all the "weather" we have experienced this past winter, with more than the usual "indoor living" attendant upon the season, we should welcome the reinauguration of Daylight Saving for the extra time it will give us this spring and summer to enjoy the warm weather for which we have all been longing.

### AN OPEN LETTER.

To Residents of Narberth, Wynnewood and Merion:

The officers and members of the Narberth Firemen's Relief Association wish to express through Our Town their most sincere and hearty thanks for the generous donations given them in response to a letter which they sent out several weeks ago; and also for the

### FIRE'S A HOT SUBJECT

When commodity values go up, every mother's son of us hot-foots it to the fire insurance man to have him raise the ante on everything we hold—but no matter how high living costs go, most of us are disposed to stand pat on our life insurance. Two minutes' contemplation will tell you your present life policies are not serving their original purpose—and that's why I'm here to serve you.

generous support given to the Band Concert and Dance held on March 2. The Relief Association is in very much better condition financially, although they believe that contributions have not as yet ceased as they are still receiving donations.

The sense of feeling that the fire company relief association is able to compensate its members who are injured in fighting fires makes a pleasure of the duty which the volunteers have taken on themselves.

Appreciatively and sincerely,  
NARBERTH FIREMEN'S RELIEF ASSOCIATION.

CHARLES V. NOEL, Secretary.

Narberth, Pa., March 11, 1920.  
Hon. Carroll Downes,

Chief Burgess,  
Narberth, Pa.

Your letter of appreciation, dated March 4, copy of which was printed in Our Town on March 6, has been received by the writer, who believes that it deserves an acknowledgment.

Personally, and on behalf of the Narberth Fire Company, I wish to thank you for this mention, coming as it does from you, and showing a sincere appreciation for our efforts in fighting fires in Narberth and adjacent territory.

A spirit of willingness and bravery of the men of the Narberth Fire Company is one that is found in few such organizations, and it is only with a knowledge of this spirit that its members can venture into what would seem a hazardous task, but knowing that the rest of the organization are on the job with a full knowledge of their duty is the impulse that governs such actions.

Active members of the fire company, since your letter was published, indeed have a very much better spirit and feel that their efforts are appreciated and that they will continue to be appreciated in the future.

(Signed) EDWIN H. WIFE,  
Assistant Chief.

To the Editor of Our Town:

Can nothing be done to give us more adequate police protection? For a long time my lot has been in the mercy of boys, who have trampled on hedges and flower beds, and continue to do so.

It is high time that something should be done to stop this nuisance and annoyance. Drastic measures should be taken to protect residents from the damage caused and the disregard of property rights. It is purely one of the fundamentals that one's own garden should be one's own possession and not free to be damaged and trespassed upon day after day.

D.

To the Editor of Our Town:

As the party who is sending letters to Our Town under the name of "Observer" persists in saying that the Fire Company, in answering alarms, makes a lot of noise simply for the sake of making it, and as he continues to ask for a direct statement regarding his complaint, I merely desire to state at this time that his charges are not supported by the facts of the case. If he wants a further explanation of the matter, we will appoint a special committee to meet him personally, as we deny his right to line up the town against us, and he practically admitted that this was his idea when he wrote to the paper without giving us a chance to present our side of the case, and consequently for us to answer him, in detail in the columns of Our Town newspaper, would be doing something which is not coming to a man who fails in the courtesy due volunteers who have tried to the best of their ability to provide needed service to the Borough. It sounds strange to us to have needless and harmful fault-finding called "public spirit," and as this man confessed to being guilty of effrontery in his last letter it seems to us that that should end the matter, and we hope it will, as we have not heard of one citizen who is not indignant over the attack which has been made on us, and the men appreciate the stand of the Borough on the matter.

The Company also desires to thank the citizens for their generous support in patronizing the recent band concert for the Relief Fund, which was very successful. Every seat in the hall was occupied and we hope all who were present had an enjoyable evening.

CHAS. V. NOEL,  
Chief Engineer.

## Alfred H. Haag Speaks at Annual Banquet

SYNOPSIS OF ADDRESS GIVEN AT NINTH ANNUAL BANQUET AT ADELPHIA HOTEL, FEBRUARY 27.

Alfred H. Haag, of Narberth, president of the American Society of Marine Draftsmen, addressed a large audience at the ninth annual meeting held at the Adelphia Hotel, Philadelphia, on Friday evening, February 27.

As long as workmen continue making unreasonable demands for a shorter day, and by this means throttle production, the cost of living will remain high, he told the members.

Unrelenting and thoroughgoing persistence in the policy of deportation of aliens who make themselves undesirable by anti-governmental activities was urged by Mr. Haag, who called upon members of the organization to align themselves as a determined unit for the crushing of radical enterprise.

"The great trouble," said Mr. Haag, "is not so much the repeated demands for increased wages to meet the ascending cost of necessities, but rather the unfair, illogical reasoning of employees who insist upon less hours of work per day. While this condition exists, no alleviation may be expected in the cost of living. Production is being curtailed alarmingly, while demand for commodities increases proportionately; therefore we have increased prices to meet the demands. Social unrest is bound to follow in the wake of such circumstances.

These conditions are largely due to a vicious germ imported from a country so infected that to-day it is sucked almost dry of its lifeblood and vitality, and stands out as a pitiful example of anarchy and spoliation. This germ we must repel with every ounce of our Americanism.

### Outrages Traced to Reds.

"Outrages upon outrage has been traced to the door of anarchists who have been permitted to operate directly, openly, without molestation, until the patience of the people has become exhausted. Today the hand of the Federal Government is reaching out in deadly earnest, bent on plucking every one of these lecherous parasites from the communities which they infest, and returning them to the seminary of anarchy of which they are apt students.

"In contemplating the deportation of this rabble it seems a travesty on justice that so much consideration should be given in providing for their convenience and comfort. It is disgusting to think that perhaps the very ship on which the American Expeditionary Forces sailed are to be defiled by the process of exterminating these cultures, who would rock the very foundations of the society for the perpetuation of which a new lease has been signed in the lifeblood of thousands of our noble lads. Deportation is the only effectual means of ridding ourselves of this lawless element. Let the line of emigration continue until the last vestige of these nefarious schemers is obliterated, and let these despicable scoundrels find solace and consolation under their red rag of anarchy and rebellion.

**THE FIRESIDE**

(Continued from Page 1.)

Bolich, Miss Bolich, Miss Humphries, Miss Ethel Gregg, Mr. and Mrs. William S. Horner, Mr. and Mrs. A. L. Jacoby, Miss Jacoby.

W. Arthur Cole, well known to many Narberth people and a former editor of Our Town, has deserted New York City for an extended sojourn at his country home near Brattleboro, Vermont. Judging by the reports that have reached us of New England blizzards, Arthur must have been kept pretty busy shoveling snow to the wood pile in order to keep the home fires burning.

Rumor has it that several of the borough's citizens have been worshipping regularly of late at the shrine of Terpsichore—said Terpsichore in this instance being a supple, young dancing master from Philadelphia. One of the students, we understand, is the brilliant writer who has been taking about half of the space in Our Town of late press-agenting for the Tennis Club Entertainment last Friday night. We sincerely trust he was able to give a satisfactory demonstration of his newly acquired abilities at the dance which followed the entertainment.

**Missionary Musicales**

A fine programme has been arranged for the musicale to be held on Tuesday evening, March 16th, by the Women's Home Missionary Society of Narberth Methodist Church for the benefit of Deaconess Home of Philadelphia. The talent includes: Miss Spoholm, Mrs. Tillman O. Lane, Mr. Robert Hoffman, Mrs. James Foote, in the musical numbers, and Mr. John Bradway and Miss Alice Fricke, of Swarthmore, in readings and recitations. Also the Women's Sextette of Narberth. A silver offering will be taken. Come and enjoy a musical treat. On Tuesday, March 16th, at 8 P. M., in the Church on Essex and Price avenues.

**Community Club Notes**

At the meeting of the club on Tuesday afternoon, Mrs. Horace Moore, a member of the legislative class, presented and explained a chart making clear the mysteries of our local borough government in a very interesting manner.

The speaker of the afternoon was Mrs. Mary Rose Collins, who recited with great spirit and charm. She first gave a group of simple lyrics. These were followed by some rollicking war poems with a ring of careless bravery. Then came several humorous small boy selections with piano accompaniment. The reading of an amusing one-act play from the Harvard press completed an entertainment of great interest.

The decorations for the meeting hinted the coming of St. Patrick's Day. The hostess for the afternoon was Mrs. H. F. Stevens, assisted by Mrs. Chappatte, Mrs. Shaw and Mrs. Porter.

**A Message to Parents**

Every father and mother in Narberth should hear Mrs. A. W. Karnell, who speaks on Thursday evening of the Holy Week services in the Presbyterian Church. Mrs. Karnell is Home Department Secretary of the International Sunday School Association, the organization that provides the International Lessons, and that numbers an army of teachers and pupils aggregating 20,000,000.

She is a woman of beauty, charm and piety, an eloquent speaker, with a vitally important message to parents in these days when children are not being trained as they used to be.

There will be special music every night, from March 28 to April 4. All in every church are invited.

**FULL ACCOUNT OF THE "SCANDALOUS REVUE" IN NEXT WEEK'S ISSUE.**

Barring the arrest and deportation of the management and the entire cast of "Our Own Scandalous Revue" Company, the long heralded and much discussed performance will have been given on Friday evening of this week, in Elm Hall—that is, it will have been given by the time you read these lines. And for the benefit of those "poor, benighted heathen" who didn't attend, and those who waited until the last minute to get tickets and then found the hall crowded, next week's issue of Our Town will contain full account of the entertainment.

**PALACE THEATRE, ARDMORE, PA.**

Program week of March 15th: Monday, March 15, Dorothy Dalton in "His Wife's Friend"; Tuesday, March 16, Tom Mix in "The Heart of Texas Ryan"; Wednesday, March 17, Montague Love in "The Broadway Saint"; Thursday, March 18, a special attraction, Mary Miles Minter (Mary Pickford's best competitor), in her \$10,000 story, "Anne of Green Gables"; Friday, March 19, Elaine Hammerstone in "Greater Than Fame"; Saturday, March 20, Wallace Ried in "Double Speed"; Matinee, comedy, "Footlights Maids"; Volavil, Mutt and Jeff in "The Chambermaid's Revenge." **CAN YOU IRON TISSUE PAPER?**

IT IS A DELICATE TEST OF IRONING EFFICIENCY—a shade too much heat will scorch the paper; a bit too much pressure will tear it.

Yet tissue paper is ironed daintily and with the utmost safety in our flatwork ironers and special presses.

It is done without any special adjustments or elaborate preparations—it is one of the things that illustrate the fineness of our everyday ironing methods. These are the methods we employ in the ironing of all the work you send us.

They are typical of our laundering processes all the way through—processes that are the highest development of modern laundering science.

Why permit washday to be a worry? Why fret over the vexing question of laundresses? The easy and the modern way, is to make your washing into a bundle and phone us. We will have our representative call.

**I**N any well managed business,  
 if a branch is losing money,  
 one of two things must be  
 done—

Make adjustments so that the  
 department will be self-support-  
 ing, or

Close up that end of the business.

Bell telephone operations in  
 Pennsylvania are yielding no  
 profits.

Certain units of the Bell Sys-  
 tem in other states have been  
 granted increases in rates which  
 make it possible for them to  
 meet their expenses.

Today, Pennsylvania is not in that  
 class and we in Pennsylvania cannot ask  
 other states to shoulder our responsibili-  
 ties. We must face our own problems.

In Pennsylvania right now, we are  
 not making ends meet.

We have our own bills, our own  
 payrolls, our own dividends to pay.  
 We can't ask other states to pay them.

We must have increased rates in  
 Pennsylvania or the service cannot be  
 kept up.

**The Bell Telephone Company  
 of Pennsylvania**

The above department should be of the  
 greatest use to the community, the list con-  
 tains the name of every professional man,  
 tradesman, mechanic, shopkeeper, etc., who  
 does or can in any way serve his fellow-  
 townsman, and who is progressive enough  
 to add name to list of Register.  
 As it is difficult for those contributing  
 their time and efforts to the production of  
 "Our Town" to personally either know or  
 interview all such, it would be most help-  
 ful if those not now found in the printed  
 list would send in a memo of their names,  
 address, phone numbers and businesses or  
 professions for listing. This will cost as fol-  
 lows: 10 cents each issue for 2 lines; 5 cents  
 for each additional line.
