## Funk Bros. Seed Co.

Bloomington, Illinois FEB 23 1920

U. S. Department of Agriculture

### WE DO NOT RECOMMEND CHEAP SEEDS

Funk Bros. do not handle the cheapest seed the market offers, but deal only in such qualities as we can afford to use on our high priced land. This is why thousands of farmers have learned to know their absolute reliability through years of trial.

### BUY EARLY

We firmly believe you will save money by buying your seeds now. We not only look for higher prices but on account of scarcity of some kinds of seeds it may be impossible to buy them at any price later on. Everything points to a big demand and increased acreage seeded this spring.

### SEED CORN

Our seed house is filled with the best bred and best quality of corn we ever offered. *Our germination test 97 to 99%.*

Funk's Yellow Dent (Reid's Yellow Dent Improved).....	}	EAR CORN	
Funk's 90-Day—(Both ear and shelled \$5 per bu. in 5-bu. lots or over).....		1 to 5 bu.    \$6.50 per bu.	6 bu. and up    6.00 per bu.

Funk's Tribrid.....	}	SHELLED	
Funk's Iowa Silver Mine.....		and GRADED CORN	
Funk's Silver King.....		1 to 5 bu.    \$5.50 per bu.	6 bu. and up    5.00 per bu.
Funk's Boone County White.....			
Funk's Bloody Butcher.....			
Funk's 329.....			
Johnson County White.....			

Prices f. o. b. Bloomington, bags and crates free.

Our shelled corn has the same breeding work back of it as our ear corn;—one bushel shelled corn will plant 8 acres;—one bushel of ear corn approximately 6 acres.

It is an actual fact, demonstrated on our 8000 acres of corn fields every year and proven by hundreds of testimonials, that an average INCREASED YIELD OF FIVE TO FIFTEEN BUSHELS PER ACRE can be had by using seed corn from high yielding strains.

While such prices as we have given below are subject to change without notice, we hope to be able to maintain same the rest of the season, or as long as our supply lasts.

**BAGS WEIGHED IN FREE**

**SEED GRAIN.**

TERMS OF SALE—It is mutually understood and agreed that seeds ordered from us may be returned any time within ten days after receipt if they are not satisfactory and money paid for them will be refunded. Owing to the contingencies on which the success of any crop depends such as planting too deep or too shallow, too wet or too dry soil, bad weather, insects, fungus diseases, etc., we do not and cannot in any way warrant the stand or crop as they depend upon so many conditions beyond our control.
