NO. 18

## FRENCH DEFEAT GERMANS ONCE MORE ON AISNE FRONT; THROW ENEMY OUT OF TRENCHES; BRITISH MAKE RAIDS

Trenches Southeast of Cerny Remain in Hands of Petain's Troops After German Effort; Attacks at Other Points Repulsed; Heavy Losses Inflicted; British Report

Paris, July 21.—In the course of violent fighting last night on the Aisne front, southeast of Cerny, German troops penetrated French trenches but were driven out by counter-attacks, the War Office announced this afternoon.

Several other attacks at different points of the front were repulsed by the French, who inflicted heavy losses on the Germans.

London, July 21.—“We raided the enemy’s trenches last night at Greenland Hill, north of Reoux. The hostile garrison hurriedly withdrew,” the War Office reported to-day.

“Successful raids also were made by us southwest of La Bassée and south of Armentieres. German positions were entered on a wide front, a number of Germans were killed and their dugouts were bombed. Hostile raiding parties were repulsed north of Havrincourt Wood and south of Armentieres.”

## KERENSKY AT THE HELM IN RUSSIA; M. TERESCHTENKO FOREIGN MINISTER; IS STATED LENINE IN CUSTODY NOW

Petrograd, July 21.—The meeting of the Cabinet leading to the announcement of the resignation of Premier Lvoff lasted until dawn yesterday and was somewhat stormy. Minister of War Kerensky criticized the Ministers and military authorities for not rising to recent events and for not using their powers to suppress mutiny.

M. Tereschtenko will remain in office as Foreign Minister. M. Kerensky, besides succeeding M. Lvoff as Premier, will continue for the present his duties as War Minister.

London, July 21.—A dispatch to the Daily Mail from Petrograd says it is rumored there that Lenin, leader of the Russian extremists, and seven of his lieutenants have been arrested while trying to escape to Kronstadt.

Maximalists Arrested. Petrograd, July 21.—Detachments of soldiers and sailors with machine guns have arrested thirty-six Maximalist (Radical Socialist) delegates to the Baltic fleet command the Russian destroyer Orphee, which is lying at a British quay.

The regiments which participated in the disturbances here are being disbanded. More troops are arriving from the front.

Conflict Coming. Helsinki, July 20.—A conflict with Russia is regarded as inevitable because of the action of the Finnish diet in adopting a bill granting independence to Finland.

JUNKER RAVES ABOUT SEIZURE OF GERMAN VESSELS BY BRITISH

Copenhagen, July 21.—The British seizure of German ships in the North Sea was denounced as a “brutal assault on defenceless merchantmen” and a “profligate act” by Dr. Krieger, director of the judicial department of the German Foreign Office, in replying to a question in the Reichstag. Dr. Krieger added that Germany had urged Holland to demand an apology for this unprovoked violation of Dutch waters and a precise assurance that it would not recur.

Dr. Krieger said Germany was entitled to and would expect immediate restoration of the captured ships and compensation for the cargoes of those sunk and compensation for the wounded seamen and their dependents.

Holland, he said, had “already” expressed regret at the occurrence, and declared she would demand the fullest satisfaction.

GERMANS CLAIM GAIN ON FORTY-KILOMETRE FRONT IN GALICIA

Berlin, July 21, via London.—German troops in eastern Galicia have crossed the Zlochoff-Tarnopol road, east-southeast of Lemberg, on a front of forty kilometers, army headquarters announced to-day. They found burning villages and great destruction in their path. The German advance was effected on both sides of the town of Jezerna.

Jezerna lies twenty miles north-west of Tarnopol and 35 miles south-east of Zlochoff.

200 HORSES BURNED. Regina, July 21.—Frank Nolan, of Rouleau, Sask., lost 200 horses and a barn valued at \$20,000 in a fire early this morning.

## GERMANS FEAR BIG AIR OFFENSIVE BY FORCES OF ENTENTE

Geneva, July 20.—The Zeppelin factory at Friedrichshafen has started building aeroplanes, the German general staff being convinced that future supremacy in the air belongs to aeroplanes and that zeppelins are of little value. The Germans are said to fear an extensive air offensive and have begun to plan to meet it.

## REICHSTAG ADJOURNS UNTIL SEPTEMBER 26

Copenhagen, July 21.—The German Reichstag has adjourned until September 26.

## DOMINION MUST EXERT FULL STRENGTH, STATE LIBERALS IN ONTARIO

Toronto, July 21.—A conference of the Ontario Liberal members of the Dominion Parliament and the nominated Liberal candidates in Ontario was held yesterday afternoon in the rooms of the General Reform Association of Ontario here, W. A. Charlton, member for Norfolk, acting as chairman. No formal resolutions were passed, but every member and candidate present was given and accepted the opportunity to state his convictions. At the conclusion of the general discussion Hon. George P. Graham took the sense of the gathering as to the unanimous opinions reached. These were summarized and unanimously endorsed as follows:

“That the war administration of the Borden Government does not warrant any further trust by the people of Canada.”

“That at the present time and under the aegis of the present Government a coalition of union Government of Liberals and Conservatives is impracticable and undesirable.

“That before attempting an enforcement of the present conscription measure, and having regard to all the national conditions, there should be a further united and whole-hearted effort under the voluntary system and that contemporaneously there should be steps taken forthwith looking to the complete possible inventory and mobilization of all the resources of the nation for war efforts; also an intelligent and accurate ascertaining in proper perspective of all the needs of the war situation.”

It is understood that later, when all the candidates are in the field and the Government’s policy and attitude in regard to conscription and other issues have been more clearly defined, another conference will be held to deal with the questions.

## SIR EDWARD CARSON GREETED CANADIANS

Addressed Detachment of 208th Which Deposited Colors in Belfast

London, July 21.—The detachment of the 208th Canadian Battalion which deposited the colors of the unit in Belfast Cathedral on Tuesday were present yesterday when Sir Edward Carson visited the Ulster volunteer hospital. Their band greeted him with “The Maple Leaf.”

Sir Edward, addressing the Canadians, said there was a great deal in common between Ulster and Canada, a great many Ulstermen having gone to help build up Canada, their hearts often returning to their old Ulster.

“Also we Ulstermen and Canadians,” he said, “both think of the liberties won by those who have gone before us and are determined to maintain them. It was for that reason that you Canadians did not hesitate to cross the sea with thousands and thousands of your brave fellow-countrymen by rail round the Union Jack. Canada in the war has made a history for herself. In time to come when the history is written and when your children understand it was to prevent the enslavement of the world they will be proud to think we together repelled the grim invader. We’ll keep your colors safe and never let a sacrilegious hand touch them.”

## CONSTRUCTION OF RAILWAYS IN CHINA

San Francisco, Cal., July 21.—Contracts totalling \$75,000,000 for finishing the construction of 2,500 miles of railroad in China and for dredging the Grand Canal, have been closed between the Republic of China and the American International Corporation, according to an announcement here to-day by Warren R. Austen, counsel for the corporation, who has just arrived from the Orient.

## Germany Must Not Recover Lost Lands, View in Australia

Melbourne, July 21.—(Via Reuters’ Ottawa Agency.)—In the Australian Senate yesterday Senator Bakhan, of Tasmania, moved a resolution setting forth that any proposal to restore the captured German territories in the vicinity of Australia would be particularly distasteful to the Australians and would prejudice their interest in any future negotiations looking to a world peace. The motion also expresses unqualified appreciation of the statement by Rt. Hon. Walter Hume Long, the Colonial Secretary, in the British House of Commons on December 31 that no captured colonial possessions would be returned to Germany. The debate on the motion was adjourned.

## REICHSTAG IS NOT SATISFIED WITH CHOICE OF CHANCELLOR MICHAELIS; APPOINTMENT A GAIN FOR JUNKERS

Washington, July 21.—The State Department had secret advice yesterday from a neutral country bordering on Germany that the Reichstag is not satisfied with the way in which Dr. George Michaelis was appointed Imperial Chancellor. The Department’s advice stated that all indications point to the fact that the agitation for parliamentarization of the German Government is only just beginning.

The dispatch added that while the new Chancellor was credited with having liberal tendencies, the change was taken to mean in Berlin a complete victory for the military and reactionary elements in the empire.

Opinion in well-informed quarters here is that the ruling powers in Germany are unwilling to permit the Government to declare the nation’s peace aims until the result of the U boat campaign is known and that it is not their intention to encourage any definite peace pronouncement which would renounce Imperialistic aspirations unless the defeat of Germany should be beyond doubt in the most optimistic German mind. Declaration of a non-annexation and a non-indemnity policy would only be made in the last resort to rally a dispirited and wavering people to a final stand in defence of Germany.

There is interest here in the fortunes of Count von Bernstorff, former German Ambassador to the United States, now that Zimmermann’s place as German Foreign Minister is to be filled. When former Foreign Minister von Jagow was compelled to give up the office von Bernstorff’s name was mentioned in connection with it. Bernstorff, who was then in Washington, disclaimed any desire to accept it, regarding it as the most undesirable post in the German Government—one to which practically all blame attached and which never gained credit.

Appointment of von Bernstorff would be admittedly confusing to observers of the German political situation here, where he is regarded as being friendly in a very lukewarm way toward the submarine campaign and is thought to believe that Germany might negotiate a peace which would not be discredit to her. His appointment would be expected to be followed by peace feelers, sounding out first the United States and then Russia.

## SEATTLE THREATENED WITH GENERAL STRIKE AS CARS STAND IDLE

Seattle, Wash., July 21.—The Seattle Building Trades Council, composed of 22 unions with 5,900 members, last night adopted the following resolution:

“That the secretary send to all unions affiliated with the Building Trades Council a communication notifying them to be ready to answer a call for a general strike in the building industry until such time as the Puget Sound Traction, Light & Power Company grants the rights of its employees to organize.”

## NO PASSPORTS.

London, July 21.—The Government has refused passports to Delegates O’Brien and Campbell of the Irish Trades Union Congress and the Labor Party to proceed to Stockholm and Petrograd. They were appointed to attend the Socialist conferences.

## SPEECH OF THE NEW GERMAN LEADER A THING OF SHAMS, DECLARES MR. LLOYD GEORGE

Grain Board Sets \$2.40 a Bushel as the Price of Wheat

Toronto, July 21.—The Board of Grain Supervisors for Canada, in session in Toronto, has ruled that dating from August 1, 1917, the maximum price of wheat on a basis of No. 1 Northern in store at Port William shall not exceed \$2.40 per bushel. This price is to hold until further notice, and applies to the balance of the present crop.

DIAMOND NECKLACE GIVEN TO KAISERIN SOLD TO AMERICANS

New York, July 21.—The necklace of 375 diamonds presented to the Empress of Germany by the late J. P. Morgan is reported to have been sold. The purchasers are understood to be agents for American jewelers, who may bring the diamonds to this country and sell them separately.

## RAISING FORCE TO RESIST COMPULSION

That is What E. Lalmiere, of Montreal, Says He is Doing

Montreal, July 21.—E. Lalmiere, one of the most outspoken of the anti-conscriptionists, at a meeting here last night appealed for recruits for an anti-conscription military force which he said had been raised and was now busily engaged in drilling under the command of an ex-officer of the United States army.

“I am ready to form an army, and I already have 500 men who are drilling,” said he. “They were drilled last night and their commander is Yvon Larose, a former officer of the United States army. I promise something interesting for next week against General Wilson (the military commander of the Montreal district). I am going to ask Mr. Bickerdike (member of the Commons for the St. Lawrence division of Montreal), to have Wilson removed, and if he is not put out we will settle his account. When Marshal Joffre was here he asked General Wilson some-thing in the most noble of languages and the general turned around and said: ‘What did he say?’ Let him learn French.”

“I ask the young men who have some time at their disposal to give us their names and to drill with us. It does not cost anything. Do not be afraid. We are not raising an army for attack, but to be prepared if they come to take us from our homes. We will be ready.”

## RATE OF LOSSES AT SEA EACH MONTH AS REPORTED TO STATES

Washington, July 21.—Figures in the possession of the Government here, based upon the best information within reach of the Allies, make it appear that since the beginning of the ruthless German submarine warfare the destruction of merchantmen hitherto available for Entente commerce has been at least four times the amount of tonnage built.

The figures show the losses to be averaging about 1,000,000 tons “deadweight” monthly, this including weight of cargo, whereas the weekly statements from London are based upon registered tonnage.

Repeats Prussianism Must Be Wiped Out; Britain Building Ships Four Times as Fast as Formerly; Food Supply.

London, July 21.—Mr. Lloyd George said in a speech here to-day that the speech in the Reichstag of Dr. Michaelis, the new German Chancellor, meant that if Germany were victorious there would be annexation all round and the German military autocracy would be established more firmly than ever. The speech showed that those in charge of Germany’s affairs had for the moment made the choice for war.

The Prime Minister said the statement of Dr. Michaelis contained phrases which would be understood by the military powers of Germany. Unless these were wiped out, he added, they would again plunge Europe into a welter of blood.

## FURTHER INQUIRY INTO COLD STORAGE

Crothers Thinks Department of Labor Can Secure Needed Information

Ottawa, July 21.—Hon. T. W. Crothers, Minister of Labor, stated in the Commons last evening that a further inquiry would be made into the cold storage situation in Canada, as a result of the report made by W. F. O’Connor, K.C. It had not been decided as yet what form the investigation would take. Mr. O’Connor himself had suggested that expert accountants should investigate points upon which he thought there should be more information. Mr. Crothers admitted that he thought it would have been better if the report had not been made public until this further information had been secured.

“That is a mild way of saying you made a grievous mistake,” interposed Hon. Wm. Pugsley.

The question arose in connection with the consideration of Mr. Crothers’s estimates. He explained that the cold storage firms in Canada had been asked certain questions. They had been asked as to the quantity of bacon in storage on a certain date and the cost of bacon laid down in cold storage, including freight and unloading charges. These charges had been answered satisfactorily. They also had been asked what were the storage, overhead and delivery charges. Several firms, including the Davies Company, said they were unable to answer this question. Not having this information, Mr. O’Connor’s report did not profess to deal with net profits, but what in economics were known as margins.

Mr. Crothers added that a day or two after these reports had been published this firm discovered the information which it had been unable to give previously.

In reply to a question, Mr. Crothers said he did not think it was necessary to have further inquiry by a judge. He thought possibly all the further information necessary could be secured by the department. He pointed out that Mr. O’Connor, in his report, said his information was not complete and asked for an accountant to finish the inquiry. He thought this investigation by an expert accountant should have been made before the report was published.

Premature. “Then the Minister thinks he was premature in publishing the report?” asked Hon. William Pugsley.

“I frankly admit,” replied Mr. Crothers, “that it would have been better if further information had been secured first.”

“That is a mild way of saying you made a grievous mistake,” replied Dr. Pugsley.

A. K. Maclean asked if there was to be a further inquiry into the reports made by Mr. O’Connor on anthracite coal and sugar.

Mr. Crothers replied that the answers to these inquiries were satisfactory. He added that the inquiries never ceased, as his department was getting monthly reports from the coal and sugar dealers.

Dr. Pugsley said it looked as if Mr. Crothers was unconscious of what was going on. He read a telegram appearing in the press from Sir Robert Borden to the William Davies Company, stating that there would be an inquiry into the whole matter “by a competent judicial officer.” He understood that meant an inquiry by a judge.

Mr. Crothers said that the judicial officer would not necessarily be a judge.

Dr. Pugsley asked what was a judicial officer.

Mr. Crothers said he was not in a position to define the term, and this closed the incident.

## TIRPITZ NOW WANTS SEAT IN REICHSTAG

London, July 21.—Admiral von Tirpitz, father of the German submarine campaign, is expected to seek a seat in the Reichstag with a view to becoming one of the political leaders of the National Liberals, according to dispatches from Berlin.

“I have read Chancellor Michaelis’s speech three times,” said Mr. Lloyd George. “I see in it only sham independence for Belgium, sham democracy for Germany, sham democracy for Europe.”

The Chancellor’s speech offered no hope for Belgium. The determination of the Allies was that Belgium must be restored as a free and independent people, not a German protectorate.

At another point in his speech Mr. Lloyd George said:

“Regarding the submarine menace, I must disagree with Chancellor Michaelis. Gradually, but surely, we are increasing our protection and diminishing our losses.”

Speaking of the shipbuilding programme, Mr. Lloyd George said Great Britain this year would turn out four times as many ships as last year. In the last two months of 1917 as many ships would be finished as in all of 1916.

Britain’s food supply for the 1917-18 period already had been secured, and a programme of cultivation had been arranged to make the supply for the following year secure, even if the losses at sea should increase.

In conclusion the Prime Minister said the Entente Powers would go on fighting to the end, knowing that the future of mankind was in their trust to maintain and defend.

Know Now. London, July 21.—(By Arthur S. Draper.) Lord Robert Cecil, when asked why he and other high officials here were looking so unusually cheerful, replied:

“Because, after the speech of Chancellor Michaelis we know exactly where we are.”

This remark puts the general view of the British toward the German Chancellor’s speech in a nutshell. Nobody was ever sure what voice in German politics Bethmann-Hollweg represented. Michaelis is everywhere regarded simply as the nominee of the victorious Junkers and as likely to hold office only just as long as they will it. To British minds the speech has only one interpretation—it means war to the end.

Face Value. On the whole, therefore, the speech has been generally welcomed by Britain. The ordinary man tends to disregard the reference to peace contained therein, unless it is further substantiated, and deliberately chooses to take Michaelis’s warlike words at their face value.

“It is better to deal with Michaelis than with Bethmann-Hollweg, who was always careful to put the decent veil of hypocrisy on his intentions,” said Lord Cecil. On the other hand, it is worthy of note that there is a tendency in other authoritative quarters to ascribe a deeper meaning to the terms of the speech. A number of men with reputations for discernment point out the absence of any reference to the recent actions of bodies of Austrians and Bavarians in the direction of peace, as well as Scheidemann’s significant utterances. They declare that the military bombast of Michaelis is only what naturally is expected, and hold that the reference to peace, coupled with an enumeration of the food hardships, can be held to constitute a more intense appeal for the cessation of the war than at any time before.

At the present time it seems that the British opinion will clarify into the view that Germany is anxious for peace, but that Kaiserdom still is expressly in the ascendant. It remains for the democratic forces in Germany to decide on and make possible terms which the Allies could approve. Britain will never conclude a peace that would leave Prussia a victor.

## FRENCH DEFEAT GERMANS ONCE MORE ON AISNE FRONT; THROW ENEMY OUT OF TRENCHES; BRITISH MAKE RAIDS

Trenches Southeast of Cerny Remain in Hands of Petain's Troops After German Effort; Attacks at Other Points Repulsed; Heavy Losses Inflicted; British Report

Paris, July 21.—In the course of violent fighting last night on the Aisne front, southeast of Cerny, German troops penetrated French trenches but were driven out by counter-attacks, the War Office announced this afternoon.

Several other attacks at different points of the front were repulsed by the French, who inflicted heavy losses on the Germans.

London, July 21.—"We raided the enemy's trenches last night at Greenland Hill, north of Roeux. The hostile garrison hurriedly withdrew," the War Office reported to-day.

"Successful raids also were made by us southwest of La Bassée and south of Armentières. German positions were entered on a wide front, a number of Germans were killed and their dugouts were bombed. Hostile raiding parties were repulsed north of Havrincourt Wood and south of Armentières."

## KERENSKY AT THE HELM IN RUSSIA; M. TERESCHTENKO FOREIGN MINISTER; IS STATED LENINE IN CUSTODY NOW

Petrograd, July 21.—The meeting of the Cabinet leading to the announcement of the resignation of Premier Lvoff lasted until dawn yesterday and was somewhat stormy. Minister of War Kerensky criticized the Ministers and military authorities for not rising to recent events and for not using their powers to suppress mutiny.

M. Tereschtenko will remain in office as Foreign Minister. M. Kerensky, besides succeeding M. Lvoff as Premier, will continue for the present his duties as War Minister.

London, July 21.—A dispatch to the Daily Mail from Petrograd says it is rumored there that Lenine, leader of the Russian extremists, and seven of his lieutenants have been arrested while trying to escape to Kronstadt. Maximalists Arrested.

Petrograd, July 21.—Detachments of soldiers and sailors with machine guns have arrested thirty-six Maximalist (Radical Socialist) delegates, to the Baltic fleet on board the Russian destroyer Orphet, which is lying at a British quay.

The regiments which participated in the disturbances here are being disbanded. More troops are arriving from the front.

Conflict Coming.  
Helsingfors, July 20.—A conflict with Russia is regarded as inevitable because of the action of the Finnish diet in adopting a bill granting independence to Finland.

## JUNKER RAVES ABOUT SEIZURE OF GERMAN VESSELS BY BRITISH

Copenhagen, July 21.—The British seizure of German ships in the North Sea was denounced as a "brutal assault on defenceless merchantmen" and a "profligate act" by Dr. Kriesge, director of the judicial department of the German Foreign Office, in replying to a question in the Reichstag. Dr. Kriesge added that Germany had urged Holland to demand an apology for this unbecoming violation of Dutch waters and a precise assurance that it would not recur.

Dr. Kriesge said Germany was entitled to and would expect immediate restoration of the captured ships and compensation for the cargoes of those sunk and compensation for the wounded seamen and their dependents.

Holland, he said, had already expressed regret at the occurrence, and declared she would demand the fullest satisfaction.

## GERMANS CLAIM GAIN ON FORTY-KILOMETRE FRONT IN GALICIA

Berlin, July 21, via London.—German troops in eastern Galicia have crossed the Zlochoff-Taropol road, east-south-east of Lemberg, on a front of forty kilometres; army headquarters announced to-day. They found burning villages and great destruction in their path. The German advance was effected on both sides of the town of Jezerna.

Jezerna lies twenty miles north-west of Tarnopol and 35 miles south-east of Zlochoff.

200 HORSES BURNED.  
Regina, July 21.—Frank Nolan, of Rouleau, Sask., lost 200 horses and a barn valued at \$20,000 in a fire early this morning.

## GERMANS FEAR BIG AIR OFFENSIVE BY FORCES OF ENTENTE

Geneva, July 20.—The Zeppelin factory at Friedrichshafen has started building aeroplanes, the German general staff being convinced that future supremacy in the air belongs to aeroplanes and that zeppelins are of little value. The Germans are said to fear an extensive air offensive and have begun to plan to meet it.

## REICHSTAG ADJOURNS UNTIL SEPTEMBER 26

Copenhagen, July 21.—The German Reichstag has adjourned until September 26.

## DOMINION MUST EXERT FULL STRENGTH, STATE LIBERALS IN ONTARIO

Toronto, July 21.—A conference of the Ontario Liberal members of the Dominion Parliament and the nominated Liberal candidates in Ontario was held yesterday afternoon in the rooms of the General Reform Association of Ontario here, W. A. Charlton, member for Norfolk, acting as chairman. No formal resolutions were passed, but every member and candidate present was given and accepted the opportunity to state his convictions. At the conclusion of the general discussion Hon. George P. Graham took the sense of the gathering as to the unanimous opinions reached. These were summarized and unanimously endorsed as follows:

"That the putting forth of Canada's whole effort to-day toward winning the war is the first consideration of the party's policy and the party's effort.

"That the patriotism, integrity of purpose and statesmanship of Sir Wilfrid Laurier are unquestioned and that under his Dominion leadership the coming campaign will be fought and won.

"That there should be no extension of the term of the present Parliament, but that an appeal should be made to the people for a new Parliament and a new administration.

"That the war administration of the Borden Government does not warrant any further trust by the people of Canada.

"That at the present time and under the aegis of the present Government, a coalition of union Government of Liberals and Conservatives is impracticable and undesirable.

"That before attempting an enforcement of the present conscription measure, and having regard to all the national conditions, there should be a further united and whole-hearted effort under the voluntary system and that contemporaneously there should be the most complete possible inventory and mobilization of all the resources of the nation for war efforts; also an intelligent and accurate ascertaining in proper perspective of all the needs of the war situation."

It is understood that later, when all the candidates are in the field and the Government's policy and attitude in regard to conscription and other issues have been more clearly defined, another conference will be held to deal with the questions.

## SIR EDWARD CARSON GREETED CANADIANS

Addressed Detachment of 208th Which-Deposited Colors in Belfast

London, July 21.—The detachment of the 208th Canadian Battalion which deposited the colors of the unit in Belfast Cathedral on Tuesday were present yesterday when Sir Edward Carson visited the Ulster volunteer hospital. Their band greeted him with "The Maple Leaf."

Sir Edward, addressing the Canadians, said there was a great deal in common between Ulster and Canada, a great many Ulstermen having gone to help build up Canada, their hearts often returning to their old Ulster.

"Also we Ulstermen and Canadians," he said, "both think of the liberties won by those who have gone before us and are determined to maintain them. It was for that reason that our Canadians did not hesitate to cross the seas with thousands and thousands of your brave fellow-countrymen to rally round the Union Jack. Canada in this war has made a history for herself. In time to come when the history is written and when your children's children understand it was to prevent the enslavement of the world they will be proud to think we together repelled the grim invader. We'll keep your colors safe and never let a sacrilegious hand touch them."

## Germany Must Not Recover Lost Lands, View in Australia

Melbourne, July 21.—(Via Reuter's Ottawa Agency.)—In the Australian Senate yesterday Senator Bakphag, of Tasmania, moved a resolution setting forth that any proposal to restore the captured German territories in the vicinity of Australia would be particularly distasteful to the Australians and would prejudice their interest in any future negotiations looking to a world peace. The motion also expresses unqualified appreciation of the statement by Rt. Hon. Walter Hume Long, the Colonial Secretary, in the British House of Commons on December 21 that no captured colonial possessions would be returned to Germany. The debate on the motion was adjourned.

## REICHSTAG IS NOT SATISFIED WITH CHOICE OF CHANCELLOR MICHAELIS; APPOINTMENT A GAIN FOR JUNKERS

Washington, July 21.—The State Department had secret advice yesterday from a neutral country bordering on Germany that the Reichstag is not satisfied with the way in which Dr. George Michaelis was appointed Imperial Chancellor. The Department's advice stated that all indications point to the fact that the agitation for parliamentarization of the German Government is only just beginning.

The dispatch added that while the new Chancellor was credited with having liberal tendencies, the change was taken to mean in Berlin a complete victory for the military and reactionary elements in the empire.

Opinion in well-informed quarters here is that the ruling powers in Germany are unwilling to permit the Government to declare the nation's peace aims until the result of the U boat campaign is known, and that it is not their intention to encourage any definite peace pronouncement which would renounce Imperialistic aspirations unless the defeat of Germany should be beyond doubt in the most optimistic German mind. Declaration of a non-annexation and a non-indemnity policy would only be made in the last resort to rally a dispirited and wavering people to a final stand in defence of Germany.

There is interest here in the fortunes of Count von Bernstorff, former German Ambassador to the United States, now that Zimmermann's place as German Foreign Minister is to be filled. When former Foreign Minister von Jagow was compelled to give up the office von Bernstorff's name was mentioned in connection with it. Bernstorff, who was then in Washington, disclaimed any desire to accept it, regarding it as the most undesirable post in the German Government—one to which practically all blame attached and which never gained credit.

Appointment of von Bernstorff would be admittedly confusing to observers of the German political situation here, where he is regarded as being friendly in a very lukewarm way toward the submarine campaign and is thought to believe that Germany might negotiate a peace which would not be discredit-able to her. His appointment would be expected to be followed by peace feelers, sounding out first the United States and then Russia.

## SEATTLE THREATENED WITH GENERAL STRIKE AS CARS STAND IDLE

Seattle, Wash., July 21.—The Seattle Building Trades Council, composed of 22 unions with 5,000 members, last night adopted the following resolution:

"That the secretary send to all unions affiliated with the Building Trades Council a communication notifying them to be ready to answer a call for a general strike in the building industry, until such time as the Puget Sound Traction, Light & Power Company grants the rights of its employees to organize."

## NO PASSPORTS.

London, July 21.—The Government has refused passports to Delegates O'Brien and Campbell of the Irish Trades Union Congress and the Labor Party to proceed to Stockholm and Petrograd. They were appointed to attend the Socialist conferences.

## SPEECH OF THE NEW GERMAN LEADER A THING OF SHAMS, DECLARES MR. LLOYD GEORGE

Grain Board Sets \$2.40 a Bushel as the Price of Wheat

Toronto, July 21.—The Board of Grain Supervisors for Canada, in session in Toronto, has ruled that dating from August 1, 1917, the maximum price of wheat on a basis of No. 1 Northern in store at Fort William shall not exceed \$2.40 per bushel. This price is to hold until further notice, and applies to the balance of the present crop.

## DIAMOND NECKLACE GIVEN TO KAISERIN SOLD TO AMERICANS

New York, July 21.—The necklace of 375 diamonds presented to the Empress of Germany by the late J. P. Morgan is reported to have been sold. The purchasers are understood to be agents for American jewelers, who may bring the diamonds to this country and sell them separately.

## RAISING FORCE TO RESIST COMPULSION

That is What E. Lalumiere, of Montreal, Says He is Doing

Montreal, July 21.—Eli Lalumiere, one of the most outspoken of the anti-conscriptionists, at a meeting here last night appealed for recruits for an anti-conscription military force which he said had been raised and was now busily engaged in drilling under the command of an ex-officer of the United States army.

"I am ready to form an army, and I already have 500 men who are drilling," said he. "They were drilled last night and their commander is Yvon Larose, a former officer of the United States army. I promise something interesting for next week against General Wilson (the military commander of the Montreal district). I am going to ask Mr. Bickerdike (member of the Commons for the St. Lawrence division of Montreal), to have Wilson removed, and if he is not put out we will settle his account. When Marshal Joffre was here he asked General Wilson something in the most noble of languages and the general turned around and said: 'What did he say? Let him learn French.'

"I ask the young men who have some time at their disposal to give us their names and to drill with us. It does not cost anything. Do not be afraid. We are not raising an army for attack, but to be prepared if they come to take us from our homes. We will be ready."

Mr. Crothers replied that the answers to these inquiries were satisfactory. He added that the inquiries were being made as his department was getting monthly reports from the coal and sugar dealers.

Dr. Pugsley said it looked as if Mr. Crothers was unconscious of what was going on. He read a telegram appearing in the press from Sir Robert Borden to the William Davies Company, stating that there would be an inquiry into the whole matter "by a competent judicial officer." He understood that meant an inquiry by a judge.

Mr. Crothers said that the judicial officer would not necessarily be a judge.

Dr. Pugsley asked what was a judicial officer.

Mr. Crothers said he was not in a position to define the term, and this closed the incident.

## RATE OF LOSSES AT SEA EACH MONTH AS REPORTED TO STATES

Washington, July 21.—Figures in the possession of the Government here, based upon the best information within reach of the Allies, make it appear that since the beginning of the ruthless German submarine warfare the destruction of merchantmen hitherto available for Entente commerce has been at least four times the amount of tonnage built.

The figures show the losses to be averaging about 100,000 tons "dead weight" monthly, this including weight of cargo, whereas the weekly statements from London are based upon registered tonnage.

## Repeats Prussianism Must Be Wiped Out; Britain Building Ships Four Times as Fast as Formerly; Food Supply.

London, July 21.—Mr. Lloyd George said in a speech here to-day that the speech in the Reichstag of Dr. Michaelis, the new German Chancellor, meant that if Germany were victorious there would be annexation all round and the German military autocracy would be established more firmly than ever. The speech showed that those in charge of Germany's affairs had for the moment made the choice for war.

The Prime Minister said the statement of Dr. Michaelis contained phrases which would be understood by the military powers of Germany. Unless these were wiped out, he added, they would again plunge Europe into a welter of blood.

## FURTHER INQUIRY INTO COLD STORAGE

Grothers Thinks Department of Labor Can Secure Needed Information

Ottawa, July 21.—Hon. T. W. Crothers, Minister of Labor, stated in the Commons last evening that a further inquiry would be made into the cold storage situation in Canada, as a result of the report made by W. F. O'Connor, K.C. It had not been decided as yet what form the investigation would take. Mr. O'Connor himself had suggested that expert accountants should investigate points upon which he thought there should be more information. Mr. Crothers admitted that he thought it would have been better if the report had not been made public until this further information had been secured.

"That is a mild way of saying you made a grievous mistake," interposed Hon. Wm. Pugsley.

The question arose in connection with the consideration of Mr. Crothers's estimates. He explained that the cold storage firms in Canada had been asked certain questions. They had been asked as to the quantity of bacon in storage on a certain date and the cost of bacon laid down in cold storage, including freight and unloading charges. These charges had been answered satisfactorily. They also had been asked what were the storage, overhead and delivery charges. Several firms, including the Davies Company, said they were unable to answer this question. Not having this information, Mr. O'Connor's report did not profess to deal with net profits, but what in economics were known as margins.

Mr. Crothers added that a day or two after these reports had been published this firm discovered the information which it had been unable to give previously.

In reply to a question, Mr. Crothers said he did not think it was necessary to have further inquiry by a judge. He thought possibly all the further information necessary could be secured by the department. He pointed out that Mr. O'Connor, in his report, said his information was not complete and asked for an accountant to finish the inquiry. He thought this investigation by an expert accountant should have been made before the report was published.

Premature.  
"Then the Minister thinks he was premature in publishing the report?" asked Hon. William Pugsley.

"I frankly admit," replied Hon. Mr. Crothers, "that it would have been better if further information had been secured first."

"That is a mild way of saying you made a grievous mistake," replied Dr. Pugsley.

A. K. Maclean asked if there was to be a further inquiry into the reports made by Mr. O'Connor on anthracite coal and sugar.

Mr. Crothers replied that the answers to these inquiries were satisfactory. He added that the inquiries were being made as his department was getting monthly reports from the coal and sugar dealers.

Dr. Pugsley said it looked as if Mr. Crothers was unconscious of what was going on. He read a telegram appearing in the press from Sir Robert Borden to the William Davies Company, stating that there would be an inquiry into the whole matter "by a competent judicial officer." He understood that meant an inquiry by a judge.

Mr. Crothers said that the judicial officer would not necessarily be a judge.

Dr. Pugsley asked what was a judicial officer.

Mr. Crothers said he was not in a position to define the term, and this closed the incident.

## GERMAN TROOPS AT LENS ARE NERVOUS

Artillery Duel Increasing; Canadian Guns Work Steadily; An Observer's Experience

Canadian Army Headquarters in France, July 21.—(By the Canadian Overseas Correspondent.)—The artillery duel in the Lens sector is increasing in intensity. There is a continual roll of gun fire from our batteries engaged in the destruction of the enemy's defences. His retaliation unquestionably is great.

Sometimes the German fire assumes a spectacular form. Last night one of our observation balloons, several thousand feet up in the air and at least five miles distant from the German front line, was made a target for a high velocity gun. In the aftermath of the sunset the balloon was a splendid mark. Shells burst all around it for almost an hour while the observer suspended in his basket below the "sausage" continued his work of recording the hits of our guns behind the German lines and the points from which the enemy's return fire came. Finally, when it was almost too dark for further work, a bit of shrapnel punctured the balloon and it began to deflate. The observer landed safely by the use of his parachute, all our observation balloons being provided with such contrivances.

The enemy's artillery has persistently shelled the approaches to Lens from the north and west. These outbursts of exceptional activity are not permitted to divert our batteries from their daily work. Yesterday a number of large explosions and fires were caused. Early this morning there was heavy shelling in the Loos area, where the enemy appears to be especially nervous. The attempt of a raiding party to penetrate his front line was unsuccessful because of the strength in the belief that a serious assault was intended.

The health of the Canadian troops continues very good.

## CONSTRUCTION OF RAILWAYS IN CHINA

San Francisco, Cal., July 21.—Contracts totalling \$75,000,000 for finishing the construction of 1,500 miles of railroad in China and for dredging the Grand Canal, have been closed between the Republic of China and the American International Corporation, according to an announcement here to-day by Warren R. Austen, counsel for the corporation, who has just arrived from the Orient.

### DUTCH PROTEST.

The Hague, July 21.—It is officially announced that the Netherlands Government has instructed its Minister in London to draw the attention of the British Government to a violation of the Dutch sovereignty and neutrality involved in the British attack on German merchantmen off the coast of Holland early in the week. The Minister has been instructed to express confidence that the British Government will give complete satisfaction in the premises according to international law.

### METAL MINERS STRUCK.

Leadville, Colo., July 21.—The metal miners in this district struck this morning. Thirty-seven properties are involved. In each mine eight or ten men remained to keep the property free from water.

## GROUND SOUTHEAST OF ST. QUENTIN WAS RETAKEN BY FRENCH

Paris, July 21.—The War Office reported last night "South-east of St. Quentin there was activity by our own and the enemy's artillery. We have retaken a few elements in the region of Moulins-sous-Touvent.

"There has been rather spirited artillery fighting to the north of the Aisne, between Hurtheise and Craonne. The enemy, after his sanguinary failures of yesterday and last night, made no further attempts.

"There were intermittent bombardments in the Champagne to the south of Moronvillers and on both banks of the Meuse. There was no infantry action.

"The remainder of the front was quiet."

A Belgian communication issued last night said:

"The artillery maintained its usual activity, the actions being more violent in the vicinity of Steenstraete. A number of bombs were dropped on Furnes. One of our aviators brought down an enemy machine between Dixmude and Woumen."

### British Report.

London, July 21.—The following official report was issued last night:

"An enemy raiding party was repulsed with losses last night northeast of Harcourt."

"Beyond the usual artillery activity by both sides, there was nothing further to report."

Brussels, July 21.—"There was a strong artillery duel in Flanders," said an official statement issued last night.

## CARS IN SEATTLE HAD GLASS BROKEN

Seattle, July 21.—Two cars which left the North Seattle farms of the Puget Sound Traction Light and Power Company yesterday afternoon encountered trouble from the start, and in a few minutes all the windows of the cars had been smashed and the cars plastered with eggs and bad fruit.

The 1,600 conductors and motormen of the company have been on strike since Tuesday morning.

## FIVE DOLLARS AND START ON NEW ROAD

### Evidence As To Conservative Methods in Fort George Riding

Prince George, July 21.—Andrew B. Forrest, one of the foremen on roadwork under George Snell, superintendent during the Bowser regime, and B. Moffatt, Snell's clerk, gave evidence at the Fort George election inquiry before Commissioner Young here yesterday. Forrest swore he had not signed one time sheet, exhibit No. 11, his name being put on by someone else. Moffatt said he had signed Forrest's name to it, but had seen nothing wrong with it, as the men whose names appeared had done the work and got their money.

"The charging of work done in one part of the district in one month to another job in another month was explained by the statement that an appropriation for one job often ran out and was more than enough for another."

Forrest testified that it had been his practice last year to make out and sign the time books, but he had never made out the one on which appeared the names of G. Williams, E. Lee, M. P. Murphy, W. Maddock, F. Hammond, Louis Ribichand and A. Gowrie. Forrest said that outside of himself and Williams none of these had worked on his gang for the time mentioned.

Moffatt said on the stand that some of the foremen when new to the work had been unable to make out the time books and he had done it for them. He admitted only two of the men by the time book produced had worked under Forrest, but the others had been on other jobs. He had put them all in one to avoid explanations. A new banking system had been inaugurated by the Public Works Department in April, 1916.

"A looser system was adopted than before," suggested L. W. Patmore, counsel for the Commissioner.

"It looks that way," said the witness.

Mr. Patmore pointed out that one of the signatures of Forrest's name looked like Mr. Forrest's own, while the other was clearly Mr. Moffatt's handwriting. Witness said he had not noticed this, but thought he had initialed the signatures. He probably had told Forrest about it also.

### CASUALTIES AMONG CANADIAN SOLDIERS

Ottawa, July 21.—The following casualties have been announced:

Infantry.

Killed in action—Pte. T. M. Keyes, Varna, Ont.; Pte. M. Messer, Dumbell, Minn.; Pte. B. Brownell, Whiteby, Ont.; Pte. J. Winters, Smith's Falls, Ont.; Pte. O. Bulmar, Cherryfield, N. B.; Pte. S. ## SAYS GERMANS ARE READY TO LISTEN

Michaelis on Peace Question; Tells Germans They Are To "Hold Out"

Copenhagen, July 21.—"The Germans," said Dr. Michaelis, the new German Chancellor, in his maiden address to the Reichstag, "wish to conclude as combatants who have successfully accomplished their purpose and proved themselves invincible."

"A condition of peace was the inviolability of Germany's territory. No peace was possible with the enemy demanding the cession of German soil.

"We must by means of understandings and in a spirit of give and take guarantee conditions of the existence of the German empire upon the continent and overseas," continued the Chancellor.

The Chancellor's words on this point require a careful reading and are capable of various interpretations other than a surface one. His German indi-

## Eczema on Hands

Eczema is usually aggravated by the application of water, and more particularly in the fall and winter, when the water is cold, many suffer keenly from itching, stinging eczema on the hands.

Dr. Chase's Ointment has proven itself the most effective treatment obtainable for eczema, and on this account has enormous sales. It affords relief from the itching and burning almost as soon as applied, and with persistent use heals and cures.

Mrs. W. G. Dowden, Greenspond, Bonavista Bay, Nfld., writes:—"I suffered with eczema on my hands, and for eighteen months was so bad that I could not use a needle to sew or do anything. I could scarcely dress myself. Though I had lots of salves from doctors, I could never get much benefit from them. Then I sent for a sample of Dr. Chase's Ointment, and found it very different in action. It was not long before my hands began to heal, and four 60c boxes made them well. I cannot praise Dr. Chase's Ointment too highly, and frequently give some to others to get them using it, for I know that it will cure."

## Dr. Chase's Ointment

60c a box, all dealers, or Edmondson, Bates & Co., Ltd., Toronto. If any Druggist tries to sell you something else it is on account of more profit. Go to the druggist who will not substitute.

## FLOWER SHOW AT DUNCAN A SUCCESS

Numerous Beautiful Exhibits;  
Mrs. Spofford Spoke of  
Children's Aid Work

Duncan, July 21.—The annual summer flower show of the local branch of the King's Daughters was held in the Agricultural Hall, Duncan, Friday afternoon. The showing as a whole was very beautiful in spite of the fact that several of the regular exhibitors at former shows were too busy to compete. Amongst the exhibits worthy of special mention was that of sweet peas shown by Crossland Brothers. These were of the newest types, beautifully fruted, Margaret Fife, the bluest known pea; Henry Ohn, a new type of an old pink variety, and dozens of others—equally attractive, were there with long stems and four, and five blossoms on each stem. It is interesting to note that Crossland Brothers have an order from England for one ton of sweet pea seed, and have acres of their own, and have sublet several contracts for different varieties.

The Japanese varieties of Iris were most beautiful. White Rommia and several colors of Schizanthus, shown by Messrs. Hamilton, were very fine.

The complete prize list follows:

Three vases of hardy garden flowers—Mrs. Leather, 1; Mrs. Gibbins, Cobble Hill, 2.

Collection of hardy garden flowers—Mrs. F. Price, 1; Mrs. Whitmore, 2.

Three vases of annuals, not more than three varieties—Mrs. Whitmore, 1; Mr. Crosswell, 2.

Three vases of roses—H. D. Morten, 1; Mrs. Smith, 2.

Collection of roses, challenge cup—E. T. Crosswell, who takes the cup from W. H. Allington, who has held it for two years.

Three vases of sweet peas, three varieties, not more than 12 blooms of each—Mrs. Logan, 1; Miss E. Sherman, 2.

Collection of sweet peas named, without foliage (challenge cup)—Mrs. Walker, 1; Mrs. T. L. Dunley, 2; Mrs. Walker, has won this cup for two succeeding years.

Collection of Delphiniums—Mrs. Gibbins, 1; Mrs. W. Kier, 2.

Bowl of roses—Mrs. Elkinson, 1; Mrs. Walker, 2.

Bowl of sweet peas with any foliage—Miss E. Sherman, 1.

Bowl of wild flowers—Mrs. C. F. Walker, 1; Mrs. Elkinson, 2.

Bouquet of garden flowers—Mrs. Walker, 1; Miss Hall, 2.

For Hospital.

The King's Daughters collections for the Duncan Hospital on Queen Alexandra Rose Day amounted all told to \$125.80. Of this amount \$168.50 was for the sale of roses, \$7.20 from a stall in the weekly market, and \$10 from afternoon tea. Of this \$42.20 goes to Queen Alexandra's homes for crippled children and \$1 for advertising. D. Ford kindly lent a vacant store on the main street as headquarters.

At a meeting of the directors of the Cowichan Children's Aid Society E. F. Miller, mayor of Duncan, was elected a director and chosen as president in place of K. F. Duncan, whose resignation owing to his military duties, was accepted with regret.

A reception at which 25 were present was held afterwards to meet Mrs. Spofford, who has been intimately connected with Children's Aid work in Victoria. Mrs. Spofford, who addressed those present, spoke of the wastage of material wealth and human life and the greater need of the Governments to save the children, who from boyish proclivities drift to crime and instead of becoming an asset are a drag on the nation.

The Children's Aid Society was not in any way to interfere with the rights of parents, but to assist them to help the boy or girl to make good. It also was the duty of the Children's Aid to prevent the boy or girl from going astray. Proper recreations, well directed games, interests of any kind along the line of the child's inclinations, all helped toward this end. No boy was naturally a bad boy. His activities properly directed would lead in the right direction. The fault of the delinquent children lay with the parents, and the Children's Protection Act might well go a step further and lay a penalty on the parent who allows his children to degenerate.

Good in Worst.

The Rev. Father Scheedlan, in proposing a vote of thanks, laid emphasis on the good in the worst children, which only needed to be turned in the right direction. Mr. Seymour Green, who seconded the motion, gave a few instances of the need of the Children's Aid in Cowichan and the Rev. A. F. Munro spoke of some phases of the work which might well be carried out to prevent children from becoming delinquent. Mrs. Brindley Rice and R. Musgrave sang and tea was served by the ladies of the directorate.

Mrs. Spofford addressed a meeting under the auspices of the Cowichan Women's Institute on "Woman's Place in the Nation." She recommended the formation of study clubs, non-partisan, to take up the study of the principles of government and the laws of the province.

## Bedroom Furniture AT Smith & Champion's

We want you to inspect our stock of BEDROOM FURNITURE, including Iron Beds, Springs and Mattresses, Pillows, Dressers and Stands, Chiffoniers, Table, Chairs and Rockers. All are most moderately priced for quick sale, and it will pay you to inspect our stock before making your purchase. We allow a discount of 10 per cent for spot cash off regular prices. Free packing and city delivery.

REPAIRING AND UPHOLSTERING  
Of Furniture, Mattresses, Springs, etc., is a specialty with us. Let us estimate on your Furniture Repairs. Nice stock of coverings to choose from at lowest prices.

Invalid Chairs and Tables For Sale and to Rent at Moderate  
Prices. Phone 718

## HIGHER PAY FOR THE MAIL CARRIERS

Ottawa, July 21.—Owing to the absence of the majority of the Liberal members from Ontario who were at a convention at Toronto, and the departure of many members on the comparative side of the House for the week-end, there was a slim attendance in the Commons yesterday afternoon. The business transacted was confined to the advancing of some Government measures, a stage, including the soldiers' land settlement resolution, and consideration of the estimates of the Post Office Department. These were piloted through the House by Hon. C. J. Doherty, Acting Postmaster-General.

At the evening session Mr. Doherty made final announcement that supplementary estimates to be brought down later will provide for an increase for the mail carriers of the large cities of the Dominion to make up for the increased cost of living. The desirability of increasing the salaries of rural postmasters and rural mail carriers was urged upon the Government by several members.

Colonel J. A. Currie, Conservative, North-Simcoe, Ont., urged upon the Government the matter of allowing parcels up to a certain weight to be sent to soldiers in France.

## FAMOUS DRIVERS TO COMPETE AT OMAHA

Omaha, July 21.—Four prominent automobile drivers, Ralph Mulford, Ira Vail, Louis Chevrolet and Earl Cooper, winners of this year's races, will meet on the Omaha speedway in a match race either July 23 or August 4 for the supremacy of the speedways. It was

## Catarrhal Deafness May Be Overcome

A Simple, Safe and Reliable Way That  
Calls for No Ugly Trumpets, Phones  
or Other Instruments.

To be deaf is very annoying and embarrassing. People who are generally mighty sensitive on this subject. And yet many deaf folks carry around instruments that call attention to their infirmity. Therefore people who are hard of hearing, who suffer from head noises, or who are actually deaf from catarrhal trouble, will be glad to know of a simple recipe that can be easily made up at home for a few cents' cost that is really quite efficient in relieving the disagreeable deafness and head noises caused by catarrh.

From any drug store get one ounce of Parmit (double strength), about 5c. worth. Take this home and put it into a simple syrup made of a pint of hot water and four ounces of ordinary granulated sugar. Take a tablespoonful four times a day.

This treatment should by tonic action reduce the inflammation in the middle ear that a catarrhal condition would be likely to cause and with the inflammation gone the distressing head noises, headaches, cloudy thinking and that dull feeling in the ears should gradually disappear. Anyone who suffers from catarrhal deafness or head noises should give Parmit a trial. It is pleasant to take and is quite inexpensive.

Germany is to replace silver and nickel money with zinc coins.

## Trustworthy Tire Service

No matter where you motor to in Canada, there is a man handling DUNLOP TIRES who will gladly attend to your tire wants.

You do not have to buy anything to get his attention. Men who sell DUNLOP TIRES have an obliging way about them—they know it pays.

Utilize Dunlop Service in every town you pass through. You will find it is as good as DUNLOP TIRES—"Traction," "Special," "Plain."

THE FOOD COMBINE.

According to a Toronto dispatch the Prime Minister has informed the William Davies Company that there will be a judicial inquiry into the matters raised in the report of the commissioner on the high cost of living.

Mr. O'Connor is an officer of the Labor Department. He was appointed last year to investigate and report on the high cost of living with particular application to the Order-in-Council supposed to be aimed at food combines and food speculation.

There is sufficient in Mr. O'Connor's report to justify the Government in taking strong action regarding the food situation and in controlling the prices of food products.

Mr. O'Connor also shows that there is a danger of over-centralization of control of food stuffs, pointing out that an amalgamation of three, or four of the largest dealers might secure control of more than half of the total quantity of a specific commodity which passes through cold storage.

For instance, two Montreal firms handled 50,000,000 out of 72,000,000 pounds of cheese sold by all the cold storage companies of the country, and three companies sold 79,160,000 pounds.

The total exports from all Canada according to the trade and commerce returns were in 1916 169,000,000 pounds. Four companies exported 85 per cent. of the butter sent out of the country by the cold storage concerns.

Turning to the question of margins in certain instances, the Commissioner says that company No. 9 sold 566,505 dozen eggs with a "margin" of 7.27 cents a dozen. Certain other Ontario cold storage companies sold eggs at a margin of 5 to 5.5 cents a dozen.

The figures given by Mr. O'Connor, however, show that there is more than a "danger" of over-central-

zation of control of food. They show that in fact this condition actually has arrived. The Labor Gazette proves that with the development of this centralization the cost of living has increased in ever-growing ratio.

PENSIONS.

It is often said that Parliament is out of touch with the actual conditions of the country. There is a great amount of truth in that assertion. The members no doubt are in touch with their political organizations, but that is about all, and all the political organizations combined comprise not more than an infinitesimal proportion of the population.

KERENSKY IS PREMIER.

The recent outbreak in Petrograd, fomented by German agents and sympathizers with the late dynasty, has resulted in the accession of M. Kerensky to the Premiership. The young extremist of other days is thus the virtual dictator of Russia, an evolution which to us appeared inevitable from the first.

With Kerensky now the all-powerful head of the nation there should be a radical change in the administration of affairs. The Lenine and Maximalist factions should be drastically dealt with, for Kerensky is not the man to temporize with the forces of anarchy and treason.

The reverses in Galicia, for the time being, have spoiled the prospects of the offensive which began a short while ago with such brilliant success, and they may develop a Russian defeat of serious proportions. They were due to the activities of pro-German and pro-dynastic elements from Petrograd who induced one of the regiments on the line northeast of Brestany to run away, and others elsewhere to convert an attack into a political meeting to discuss the situation at the capital.

The figures given by Mr. O'Connor, however, show that there is more than a "danger" of over-central-

HOW TO DO IT.

A representative of the United States Government asked a big company if it would manufacture a certain number of articles required for the use of the first expeditionary army. He wanted them in less than a week and knew the company could turn them out.

Mr. Lloyd George requested a company in England to make certain articles of clothing urgently needed for the army. The company said it was unable to fill the order at that time, being engaged on a private contract from which it expected to make fifteen or eighteen per cent. Mr. Lloyd George's reply was that the company would fill the Government order first or he would take over the business and allow only six per cent. The work was done as required.

There is nothing wonderful or awe-inspiring in these examples of direct, efficacious action. Indeed, they may be regarded as matters of course where there is firm leadership. They are dictated by stern emergency. They would be duplicated in Canada in numerous ways if the Dominion were organized for war instead of for half-measures.

PRESIDENT AND PROFITEERS.

Last week President Wilson issued an appeal to the business interests of the United States, the tone and sentiment of which are so applicable to conditions in Canada that The Times feel justified in reproducing a portion of it. The President said in part:

"A just price must, of course, be paid for everything the Government buys. By a just price I mean a price which will sustain the industries concerned in a high state of efficiency, provide a living for those who conduct them, enable them to pay good wages, and make possible the expansions of their enterprises which will from time to time become necessary as the stupendous undertakings of this great war develop. We could not wisely or reasonably do less than pay such prices. They are necessary for the maintenance and development of industry, and the maintenance and development of industry are necessary for the great task we have in hand."

"Patriotism leaves profits out of the question. In these days of our supreme trial, when we are sending hundreds of thousands of our young men across the seas to serve a great cause, no true man who stays behind to work for them and sustain them by his labor will ask himself what he is personally going to make out of that labor. No true patriot will permit himself to take toll of their heroism in money or seek to grow rich by the shedding of their blood. He will give as freely and with as unstinted self-sacrifice as they. When they are giving their lives will he not give at least his money?"

"I hear it insisted that more than a just price, more than a price that will sustain our industries, must be paid; that it is necessary to pay very liberal and unusual profits in order to 'stimulate production'; that nothing but pecuniary rewards will do—rewards paid in money, not in the mere liberation of the world."

"I take it for granted that those who argue thus do not stop to think what that means. Do they mean that you must be paid, must be bribed, to make your contribution, a contribution that costs you neither a drop of blood nor a tear, when the whole world is in travail and men everywhere depend upon and call to you to bring them out of bondage and make the world a fit place to live in again amidst peace and justice? Do they mean that you will exact a price, drive a bargain with the men who are enduring the agony of this war on the battlefield, in the trenches, amidst the lurking dangers of the sea, or with the bereaved women and pitiful children, before you will come forward to do your duty and give some part of your life in easy peaceful fashion, for the things we are fighting for, the things we have pledged our fortunes, our lives, our sacred honor, to vindicate and defend—liberty and justice and fair dealing and the peace of nations?"

There are some, in both the United States and Canada, to whom President Wilson in this appeal uses an unknown language, which can make no impression upon a state of mind dominated for years by undiluted materialism. They cannot understand why business should not be business as they knew it in time of peace during a time of war. They cannot see why they should not commercialize the war and its terrible sacrifices; why they should not take full 'advantage of the market' and make increased profits out of their country's extremity. To them appeals such as that which we have quoted will be made in vain. But fortunately the war presents a remedy; the necessities of

national defence justify extreme measures. If profiteers will not give the state can and will take.

When the election campaign begins we shall have a great outburst of vocal loyalty from the Pork Brigade. This will be intended to divert attention from the cold-blooded profiteering at the expense of the people of England and France and the soldiers in the trenches. Nobody will sing the National Anthem more loudly nor wave the Union Jack more vigorously than those who are helping the German submarines make food costly to our kinsmen and Allies who are on short rations, especially in meat.

The Montreal Star, property of one of Canada's newest peers, has issued a number of resolutions for the guidance of the Canadian people during war time, the harvest time of his brother barons. Here is one resolve which we fear will not meet with the entire approval of the Pork Barons: "Don't eat and don't use what you don't need."

According to a news item in The Times yesterday some of the returned soldiers, despairing of a solution of the problem by Canada, are contemplating leaving for Australia, where a plan for dealing with the situation has been in effective operation for a considerable time. We cannot blame the soldiers, but what a humiliation for Canada is implied by their intention!

There is a time and place for everything, but to hold meetings and engage in discussions during the progress of a battle is scarcely the right thing to do at the right time. That is what the Russian democratic army is reported to have done. Freemen are not likely to win battles from the Huns in that way.

On the whole, the military situation hardly permits an indulgence of the hope that there will not be another winter campaign. Still, when things begin to move they will move quickly. We must not overlook the situation in Austria, Bulgaria and Turkey. Chaos may break out in these countries at any time.

Sir George E. Foster, preaching the doctrine of thrift to Canadians, has pointed out that the British people are voluntarily rationing themselves. Canadians, we may be permitted to point out for the edification of Mr. Foster and the Ottawa Government, are being rationed by the Pork Barons and other baronial food potentates.

The Reichstag, having displayed symptoms of holding opinions of its own, the Kaiser simply dispersed it. Unless things go well with Germany, that debating society is not likely to be called together again for some time.

The Pork Barons practically have forced the Government to eat the words of its departmental officer's report. The document now will be consigned to cold storage.

The answer to the public demand for a business Government during the war time was Sir Joseph Flavelle, Bart, and a multitude of his kind

DAVID SPENCER, LTD.

News for the Last Week of Our 39th July Sale

A Clean Up of Women's Novelty Coats and Suits Monday at \$10.00

For the last week of the July Sale we have made further reductions to clean up the balance of Women's Novelty Coats and Suits. Prices on better-value goods have been lowered to a point that creates some of the most interesting bargains of this July Sale.

Novelty Coats to Go at \$10.00

A nice assortment to choose from in light shades of gold, mustard, greens and rose; also in black silks. Many of these models are lined throughout, and will thus make useful garments for cool evening wear or even early fall wear.

Novelty Suits to Go at \$10.00

Very smart styles in fancy tweeds, gabardines and navy serges. Not a suit worth less than double, so you will easily recognize that they are rare bargains worth while. If ten dollars is your limit for a Suit, then be here with the first rush on Monday.

4 Dozen Wash Skirts Priced for Quick Selling Monday at \$1.75

A very stylish Skirt and a most useful quality. Beautifully made and finished from Horrockses' white cotton repp. Style features button down front and patch pocket. Smartly trimmed on belt and pocket with pale blue or pink. Perfect wearing and washing. Colors are fast. A Skirt that would be good value at one dollar more.

We Clean Up the Balance of Straw Shapes Monday at \$2.00

50 Only of These Smart Yoke Norfolk Suits for Boys to Go Monday at \$4.75

The Biggest Suit Value for Boys in the Province. Examine every Boy's Suit in the province if you like, then come and see the Suits we offer at the above price on Monday. We are confident that you will admit that they are absolutely the best values in the trade at the price.

Boys' Wash Pants, Rompers and Bloomers in a Special Clean-up Monday at 50c

All surplus lots to be cleared before stock-taking day, so we have grouped this odd lot of Boys' Wash Garments into this one low-price offering for a quick disposal. Included are: Rompers, Wash Suits, Sample Print Coats from Boys' Buster Brown Suits, also Wash Knickers, in sizes 3 to 9 years. All to go Monday at, each, 50c.

NEW THOUGHT TEMPLE, Cor. Pandora and Blanshard. By Dr. T. W. Butler, Sunday at 11 A. M.

Have you seen the new Rosemont dinner set? It is a very dainty, neat pink rose pattern border with a small black background and gold edge.

Riding Too Fast.—C. Daly was today fined \$5 by Magistrate Jay for driving his motor cycle at an excessive rate of speed.

Call of Fire.—A number of residents in the Gorge district, reinforced by campers, fought a serious grass fire on the Gorge Road yesterday afternoon.

Condition of Denman Street.—Complaint was voiced in the Civic Streets Committee yesterday of the condition of Denman Street.

Type of Garbage Horses.—Frequent criticism has been voiced with regard to the heavy type of horses used in the city garbage service.

Inspector Dies.—John McLeod, for 17 years Dominion fisheries inspector for East and West Kootenay, died recently at Nelson, aged 77 years.

Lake Hill Institute.—The monthly meeting of the Lake Hill Women's Institute on Tuesday afternoon was well attended.

Annual Flower Show.—The third annual flower show of the West Saanich Women's Institute will be held on Saturday, July 28.

Birds Still Scarce.—The scarcity of birds which has been noticed for the past two years seems to continue.

Where and What is Paradise? Who will inhabit Paradise? What say the Scriptures?

Speaker, MR. CLIFFORD ROBERTS, Bible Expositor.

An Immersion Service When MR. JOHN H. BARTLETT will speak. Subject: "What is the True Significance of Water Immersion?"

Aspirants Associated Bible Students. All Welcome. SEATS FREE. NO COLLECTION.

Blue Cross Raffle.—The drawing for the child's chair, which was an anonymous gift to the Blue Cross, took place yesterday at the Minerva Candy Store.

Hudson's Bay "Imperial" Lager Beer, quarts, \$2.75 per dozen.

Grass Fires.—Two grass fires are reported, one at the corner of May and Eberts Streets, the other at the corner of Quadra Street and Hillside Avenue.

The War Anniversary.—A meeting will be held next week under civic auspices to arrange for the anniversary war service at Beacon Hill Park two weeks from to-day.

Data on Electric Power and Light.—In accordance with the direction of the City Council a considerable amount of data has been assembled on the cost of light and power in other cities, especially to civic institutions.

Saanich School Appointments.—It is announced that Miss Ledingham has been appointed to open the primary school at Cloverdale next term, and Mrs. Millins has been added to the Tillicum School staff.

Executive Meeting.—There will be an executive meeting of the Victoria and Island Development Association on Tuesday afternoon next.

Special School Board Meeting.—Tenders will be opened at a special meeting of the City School Board next week for the repairs for school buildings and electric wiring installation.

Royal Oak Hotel License.—The Saanich License Commissioners were informed last evening that the counsel engaged in the Royal Oak Hotel license case had not reached an agreement.

Memorial Meeting.—The Fraternal Order of Eagles will hold their annual memorial meeting this year at the Eagle Hall to-morrow afternoon.

Resuming Operations.—Granby smelter is about to resume operations and will probably have four furnaces in blast in the immediate future.

Crop is Failure.—Owing to excessive heat during the past week and lack of moisture the Creston Valley strawberry crop will be far below what was expected.

AT THE HOTELS

G. Parkinson, of Port Renfrew, is a guest at the Strathcona Hotel. F. Sugden, of Regina, is stopping at the Strathcona Hotel. C. Sivov, of Chemanus, is staying at the Strathcona Hotel.

W. J. Bender and Jas. Sangster, of Edmonton, are amongst yesterday's registrations at the Dominion. Misses M. McKinnon, A. V. Grant and J. M. Grant, of Winnipeg, are at the Dominion Hotel.

Social & Personal

Miss McDowell, who has been visiting Miss Sweeney in Vancouver, came back to Victoria on Thursday. Mrs. Fletcher went over to Vancouver on Wednesday to be the guest for a time of Mrs. A. Cambie, Robson Street.

Archdeacon Heathcote and Mr. Herbert Drummond, who have been on a two weeks' fishing trip to Powell River, returned home on Thursday. Among the recent arrivals at Brentwood are Mrs. C. B. McNair, of Vancouver, and her daughter, Mrs. Hunter, who intend to visit on the island for a few days.

Dr. J. E. Hodgson, the well-known Calgary musician, who acted as a deputy conductor of the Sheffield choir in 1911, on their western tour, is renewing acquaintances on the coast. While in Victoria he is staying at the Strathcona Hotel.

The name of Miss Hermiena M. Lyons was unwittingly omitted from the successful pupils in the High School commercial course. This makes one more pass for the local school and improves its relative standing in the province.

Jack Browne, chairman of the Burnaby Returned Soldiers' Committee, is coming to the city to live, and last night a special meeting was convened in the Edmonds Municipal Hall for the purpose of appointing a secretary to carry on the work.

Mr. and Mrs. C. E. Rayner, of Shanghai, arrived in the city yesterday on the inbound Japanese steamer to spend the summer in British Columbia. Mr. Rayner is a business man in Shanghai and was anxious to hear the latest news of the recent coup d'etat at Peking. He does not expect any disturbance at Shanghai. They have moved to the Empress Hotel and expect to spend some time at resorts in the island. This is the hot season in China and they are anxious to escape it.

The Life Conservation League is putting on a programme at the High School next Wednesday evening for the benefit of the teacher-students of the Summer School. A number of practical addresses are to be given, and there will be both instrumental and vocal music. The meeting will be open to the public.

The marriage of Miss Valentine Vaudin, of Lake Hill, and Sgt. Olive Percival, of Work Point Barracks, was celebrated at St. Barnabas' Church on Monday last. Rev. E. G. Miller officiating. The bride is the youngest daughter of Mrs. J. H. Ellis, of Lake Hill, and the bridegroom is the only son of Lloyd Henry Percival, of Hays, Saskatchewan, England. During the summer months the couple will make their home at Brentwood.

The B. C. University girls who have been helping the Gordon Head farmers with the fruit-picking for the past few weeks last night had a gala outing at the beach, a big bonfire being lighted and supper being eaten in the late twilight hours. The rest of the girls will leave to-day for their homes on the mainland. Fifteen left last week when the heavier part of the fruit-picking season was past, but thirty-five of the girls remained over for the "gleaming" of the strawberry fields. Each and all have worked so well that they have won the bonus of five cents per crate, which was to be given at the end of the season to the girls who proved satisfactory pickers throughout the season. The girls were distributed among the Vantreight, Somers and McNaughton farms, being billeted in tents on the premises and meeting three times daily at Mrs. McNaughton's for meals. It is very regretfully that the residents of the Gordon Head District are in a state of perturbation, and their return next year will be anticipated with pleasure.

Teachers of the Household Science and Domestic Arts classes, together with those studying advanced art, visited the showrooms of Weller Bros., Ltd., this morning. Harry Currie, the manager, very kindly acted as a lecturer and demonstrated his system of furniture by showing from his ample stock examples of the different period furnishings mentioned. Among the styles described and pointed out were the Jacobean, William and Mary, Queen Anne, Hepplewhite, Chippendale, Sheraton and Adams. Louis XIV, Louis XV, and Louis XVI. The influence of the discoveries found in the excavations of Rome was noted. The lecturer concluded by explaining the origin of the much-used "Mission Style" furniture. The present-day vogue for chintz-covered furniture in so many of the Western homes was approved. The free use of native woods in the panelling of the rooms made it inadvisable to introduce the art-woods and styles found in the classic furniture of the periods mentioned above. Chintz was latterly, Mr. John Kyle and Miss Juniper accompanied the class. Next week Mr. Currie will describe the various styles and designs to be found in pottery and decorations in hangings and tapestry.

License Cancelled.—The Hotel Langley bar at Langley Fort was closed Saturday, the proprietor, J. O. Webster, having been refused renewal of the liquor license, which expired July 15. The license commissioners, Reeve Work, Commissioner Buie and John W. Berry, met Friday to reconsider the matter, but confirmed their previous decision not to grant an extension.

Vacation Needs

A few "extras" are always needed for that vacation trip to make the holiday really worth while. A Wrist Watch \$3.00, Drinking Cups \$1.00, Sun Glasses \$1.00, Field or Marine Glasses \$11.25, Leather Traveling Sets and Manicure Sets combined, and all neatly folded.

Mitchell & Duncan LIMITED Successors to Shortt, Hill & Duhan, Ltd., Jewelers, Central Building, Corner View and Broad Sts.

PLAYED IN HOME TOWN

Mrs. Gertrude Huntley Green Heard in St. Thomas, Ont.

Mrs. Gertrude Huntley Green, who left here some weeks ago to visit her home town and other Eastern Canadian points, recently appeared in concert at St. Thomas, Ont.

"The Central Methodist Church was entirely filled by a splendid audience drawn by the double attraction of an exceptionally fine musical recital, and the fact that the principal artist is among the most gifted daughters of St. Thomas." Mrs. Gertrude Huntley Green, here on a visit from Victoria, B. C., is herself unique as an executante in respect of her wonderful command of expression and technique on both piano and violin. Indeed it would be difficult to pronounce of which instrument she is the greater mistress or which responds more readily and completely to her skilful touch. She possesses the interpretative facility to a degree that enables her to express all the subtle gradations of "feeling and emotion, and renders her a true medium to convey the soul and mind of the composer to the audience." This is but the preliminary to praise of more particular character, by The St. Thomas Daily Times.

Her numbers were particularized: On the violin, "Theme and Variations" (Carroll Tarlton), Slavonic Dances in G Major (Dvorak-Kremler); on the piano, "Study in A Flat," "Valse Brillante," and "Polonaise in A Flat" (Chopin), Arensky's Chime Study, Cyril Scott's Danse Noire, Paganini-Liszt "La Campanella." Her last number was the Allegro-Scherzando from Saint-Saens' Piano Concerto in G Minor.

Miss Winifred Huntley Mrs. Green's sister assisted her in the recital. Miss Huntley is a gifted soprano, and enjoys a reputation musically which is only shadowed by the supreme talent of the gifted musician whom Victorians have so often been fortunate in hearing. Mrs. Green appeared in concert—again an overflowing one—the following Friday of the same week at the Grand Central Hotel, St. Thomas, when she won plaudits scarcely less than those which followed her previous appearance.

AT THE THEATRES

ROYAL VICTORIA.

Women will be interested in the stylish, smart costumes that are worn by all the actresses appearing in "The Whip." These costumes are of the very best and latest design and the most fashionable cut. In fact, they are patterned after the gowns worn by the leaders in New York's most exclusive circles. All women who see "The Whip" will be particularly interested in the hunt costumes worn in one of the scenes in this big production. These costumes are the real thing inasmuch as the hunt itself is the real thing. The pictures of this particular scene were taken during the progress of the annual event held by one of the most famous hunt clubs in the world. The costumes worn by the men and by the women are right up to the minute in design and in smartness. This smartness is particularly effective in the big hunt dinner, held after the conclusion of the day's events. The air of smartness that pervades every scene of "The Whip" makes this the classiest production ever made.

PANTAGES THEATRE.

A programme of bright and entertaining features will comprise the new bill which is to open for a week's engagement at the Pantages with the matinee performance on next Monday afternoon. It is composed of comedy, novelty and good singing and instrumental music. "Wanted a Wife" is the title of the headline attraction, a musical comedy full of bright comedy lines, clever comedians, pretty girls in gorgeous costumes and beautiful scenery. "Wanted a Wife" features Frank Harrington and Charlotte Taylor in the leading roles and a chorus of beauties in some startling costumes; it is sponsored by George Choo, whose name is a guarantee of quality in vaudeville productions.

Rosika Rheingold is a graceful little dancer offering Russian and toe dancing, for the latter interpreting a portion of Pavlova's Dying Swan. Master Kauffman, who accompanies Miss Rheingold in the act, is a youthful prodigy who plays with remarkable finish many ambitious selections for the violin.

The Lacy Lauder Trio will present a combination of good singing, clever comedy in a manner all their own; it is a number that never fails to arouse much enthusiasm among the audience. Julian Hall, the juvenile entertainer, will present a combination of instrumental and singing and dancing; he is a very versatile young man who has many achievements.

The Royal Juggling Gascoignes will offer a combination of juggling and comedy that is in a class by itself. The motion picture feature of the programme will be the showing of the first authentic pictures of the arrival on French soil of General Pershing and his staff. The reception of the general was extraordinary and the film has caught many of the telling human interest features of the event.

HARVEST FISH CROP

Proposal That Organization Should Be Formed to Provide Food From Sea

The suggestion has been made by a citizen, who does not wish his name to appear, that some steps should be taken to organize to care for the fish crop in the neighborhood of Victoria. Ladies were induced to help with the fruits and boys are being used on the farms, but the fish is going to waste. It was pointed out that while the fishermen were unable to secure their supplies women's organizations were asking people to eat fish. Yet fish

was just as expensive as other kinds of food. The proposal this man makes is that old men, women and girls should form an organization to supply Victorians with fish. With launches the work is not very laborious and the possibilities are unlimited. They might sell the fish on the market, through the retail shops or establish a shop of their own. If the people are well-to-do and object to earning money for themselves, the proceeds could well be devoted to soldiers' comforts or Red Cross work.

Clearance Sale OF UNCALLED FOR GOODS 30 Men's Coats and Vests, priced from \$1.50 up to \$5.00. 50 Men's Suits, price, per suit, from \$5.00 up to \$15.00. 45 Ladies' One-Piece Dresses, from 50c up to \$3.00. 20 Ladies' Suits, \$3.00 up to \$10.00. 19 Ladies' Coats, \$2.00 up to \$5.00. FRECKLES Now is the Time to Get Rid of These Ugly Spots There's no longer the slightest need of feeling ashamed of your freckles, as the prescription ointment—double strength—is guaranteed to remove these homely spots. Simply get an ounce of ointment—double strength—from any druggist and apply a little of it night and morning and you should soon see that even the worst freckles have begun to disappear, while the lighter ones have vanished entirely. It is seldom that more than an ounce is needed to completely clear the skin and gain a beautiful clear complexion. Be sure to ask for the double strength ointment as this is sold under guarantee of money-back if it fails to remove freckles. Getting Under Way.—The operation of the old Craig-Taylor mill near Bradner by the Smith-Hutchinson Lumber Co., will soon be in full swing. The work of constructing logging roads is now being carried on. This mill was taken over some time ago by G. Wilbur Smith, of Vancouver, and Mr. Hutchinson, of Bradner.

TRIP THROUGH SPACE TAKEN BY STUDENTS OF SUMMER SCHOOL

Dr. Plaskett, Dominion Astronomer, Conducts Interesting Tour Among Stars

Astronomy is at one and the same time a science of the infinitely great and of the infinitely small...

Some of the established astronomical facts were stated. The earth has four movements: Round its own axis; a movement induced by the refraction of the moon; round the sun once every year; and upwards and forwards with the system.

Matter of Distance. Three means of locomotion were offered by Dr. Plaskett for the imaginary journey proposed: The fastest railway train; a cannon-ball traveling 2,700 ft. per second; on a point of light traveling with a velocity of 186,000 miles per second.

Solar System. Nearer than the nearest fixed star were the moon and planets. The moon, a satellite of the earth, only 240,000 miles distant; the planets, Mars, Venus, Mercury, Jupiter, Saturn, Uranus and Neptune, at distances varying from 35,000,000 to 3,000,000,000 miles from the earth.

Stars Very Distant. The great majority of the stars visible to the naked eye are much further away than Omega Centauri...

esting places mentioned in the astronomical guide-book. The geography of the moon, which presently appeared in detail on the screen, he did not claim to know intimately...

Jupiter, the largest planet, with its beautiful bandings parallel to its equator, was next visited. These bandings the lecturer explained to be due to the rapid rotation, which drew the clouds out in streaks.

The Sun. The temperature of the visible part of the sun is 10,000 degrees Fahrenheit, about three times as hot as molten iron...

Comets. "Comets are both members of the solar system and extraneous," he continued. Moorehouse's and Halley's comets were viewed comparatively near.

Nebulae also occupied brief mention. The distances of nebulae were often greater than the distances of the stars. There were about 200,000 spiral nebulae in the sky.

Vote of Thanks. On behalf of the Department of Education and the students of the Summer School Mr. Gibson extended to the lecturer very hearty thanks for his interesting discourse.

CAPT. GEO. GREAVES M. O. FOR "BRAEMAR"

Important Post for Officer With Two Years' Medical Service in France

Victorians will congratulate Captain George Greaves on his appointment to the important position of medical officer for "Braemar" in Vancouver.

The institution acquired some time ago, as well as the companion premises known as "Langara," by the Military Hospitals Commission, was opened by Major Harvey last week and provision has already been made for the reception of one hundred returned soldiers.

By the time structural alterations have been completed and the full equipment delivered by the contractor, Captain Greaves will have some two hundred and fifty beds under his charge.

Two Years in France. Captain Greaves' appointment will be a most popular one, particularly in view of his two years' experience at the front. He left Victoria early in 1915 to take an appointment with the Imperial Medical authorities...

For six months Captain Greaves was in charge of a supply unit at Abbeyville, and during that period one of his important tasks was in connection with the supply of pure water for the men in the trenches.

Doctored Germans. The latter part of the doctor's term at the front was concerned with the health and sanitation of a German prison camp behind the lines, where accommodation for some seven hundred men was permanently established.

Practiced Here. Captain Greaves was associated in practice here for some years with Dr. Ernest Hall, and prior to leaving for duty overseas he was established on his own behalf. He is a native of Kingston, Ont., and a graduate from the Royal College of Surgeons, London, England.

NOW IN HOSPITAL

PTE. J. DEVINE of the 54th Canadians, who for some time has been serving in the trenches, was recently admitted to Timperley Red Cross Hospital suffering from gas poisoning.

WOUNDED WITH C.M.R.

Pte. Dowell Was Railway Contractor Before Enlisting; Six Nephews At Front

Mrs. W. W. Dowell, of 316 Cook Street, has been informed that her husband was wounded in a night raid on June 24th. Pte. Dowell was a bombing instructor and left here with the 143rd Battalion as a corporal.

Why? LETTER BOX

Why shouldn't your picnic lunch be tempting and distinctly different from the ordinary home fare? It is in this respect that our Cakes, Melton-Mowbray, Beef and Pork Pies, Sausage Rolls and Veal and Ham Patties are greatly appreciated.

The Yorkshire Bakery 640 Yates St. Phone 1929

SENT UP FOR TRIAL ON BURGLARY CHARGE

Preliminary Hearing of Case Against Levnick and Antipas Takes Place

Arthur F. Levnick and Jerry Antipas, accused for burglary, were today committed for trial by Magistrate J. S. Brandon, appearing for the accused, claimed that no evidence had been given at the preliminary hearing to prove that his clients had broken into the premises.

The evidence for the prosecution was given yesterday afternoon. The circumstances surrounding the case were to the effect that the accused were alleged to have entered the residence of George H. Pethick near the 15-mile post on the Malahat Drive, and to have taken from it a quantity of furniture.

John Horocholn, section man for the E. & N. Railway at the Malahat district, stated that on Friday he had visited the Pethick residence in company with his mother-in-law. On arrival he had looked into the front room through a window and noticed a large basket, which he was confident was the one the police had produced in court.

Following the marks of a horse's hoofs the witness and his mother-in-law then proceeded to the garden, where they found the accused men picking strawberries into a large watering can, which he was almost positive was that exhibited by the police.

P. T. Tindall, of Shawanigan Lake, who had resided in the residence of Mr. Pethick for a year prior to April of 1917, was most positive in his identification of many of the articles exhibited by the police.

Levnick and Antipas have also been charged with the theft of a quantity of cable wire at Ladysmith; the preliminary hearing of which will take place at Ladysmith on Tuesday.

PTE. PORTER WOUNDED

Serving With 2nd C.M.R.'s; Was Born in Boston; Studying Dentistry Mrs. Agnes E. Styles has received word that her son, Pte. J. F. Porter, was wounded on June 24 while serving with the C. M. R.'s.

ANSWER TO "HEARTS OF OAK." To the Editor: At the regular meeting of the Trades and Labor Council held Wednesday evening a vote of confidence was unanimously passed re Messrs. Wells, Day, Fox and Simmons.

ONLY A "NAGGER." To the Editor:—Walter Foster has been nagging again. This time he deplores the attitude the seamen and firemen took up in striking for an increase in wages to combat the increase in the cost of living.

FOOD STORAGE AND PUBLIC HEALTH. To the Editor:—The recent disclosures regarding the immense quantities of foodstuffs kept for long periods in cold storage for profiteering purposes suggest a thorough investigation of the subject by the public health authorities of the various governments.

SINGLE TAX. To the Editor:—When I stated that single tax is not in operation in Victoria I meant what I said. Instead of a single tax there are taxes of almost every conceivable kind: Customs duties, personal property taxes, poll taxes, income taxes, amusement taxes, business licenses, excise duties and many others.

of it is before me as I write, and I have read and re-read it many times. If that statement of belief contains nothing contrary to Catholic belief I am fully justified in my statement that single tax is endorsed by the Catholic Church.

of it is before me as I write, and I have read and re-read it many times. If that statement of belief contains nothing contrary to Catholic belief I am fully justified in my statement that single tax is endorsed by the Catholic Church.

Old Dutch

Old Dutch in the Kitchen Keeps Everything Bright It won't hurt aluminum or other metals and turn them black like preparations containing chemicals. Never harms your hands.

Krumbles is delicious with cream, milk or fruit juice, and a special treat with berries, sliced peaches or bananas. Look for this signature H.K. Kellogg

# SPORTING NEWS

## HARVARD AND YALE CANCEL FOOTBALL

### No Varsity Contests; First Year Students May Play Games

Graduate Treasurer F. W. Moore, of the Harvard Athletic Association, announces that there will be no football at Harvard University this fall, and that all football dates with the season have been cancelled. This includes freshmen games. The reason is due to the war.

When Harvard announced the cancellation of its baseball games during the past spring, it was considered a forerunner of similar action on the football schedule. There is a possibility, however, that Harvard may engage in occasional informal games with some of the nearby colleges if sufficient interest is shown.

All but two of the Harvard football team, 29 out of the 41 players, lined up against the Yale freshmen last fall are now ready to take the field.

Mr. Moore said the Harvard Athletic association will send a delegate to the convention of the National Collegiate Association at Washington on August 2. Yale's effort to settle the question of summing athletics this fall has resulted in a decision of the athletic council that only freshmen sports can be held, as far as is known now. The council has asserted its position that all athletics must be kept subservient to the aid which the United States and the world which the University can give in man power or otherwise. It is up to the council that the freshmen class which enters Yale this fall arrange class contests, notably Harvard and Princeton.

The decision of the Yale Athletic Council makes it as near certain as possible that Yale's varsity football schedule, arranged for next fall, will not be played. Yale will also send a representative to the conference of the American colleges, Prof. R. N. Corbin, chairman of the athletic council, probably representing the University. Yale's attitude will be willingness to engage in any programme of athletics which the War Department approves, but to take part in nothing in the line of sports not recommended by a national military authority.

Every Yale varsity athlete of last season has been enrolled in the military service of the country in some form or other, and Yale sees no prospect whatever of holding inter-collegiate athletic contests during the remainder of the war, although the prospect of revival of freshman sports may lead to a broadening of the athletic programme along lines which are not clear. A Yale athletic official states that Yale has turned its athletics over to the military authorities for their recommendations.

## TWO TITLES AT STAKE IN MAIN GO TO-NIGHT

### Ridley and Davies Box for Two Championships; a Line on Visitor

Everything is ready for the first bout at 8:30 to-night at the big boxing tournament at the Willows, the main event of which will be a fifteen-round go between Al Davies, of Victoria, and Bud Ridley, of Seattle, for the Canadian Bantamweight title and the championship of the Pacific Coast. Ridley arrived in town yesterday with his manager, Dan Scott, and gives the impression of being full of confidence in his ability and in first-class condition.

Ridley differs from the general run of fighters in that he is unusually reticent about his actions and words. His manager, however, is not similarly blessed as regards reticence, and gives information concerning his protégé without apparent effort or qualms of conscience. Ridley, he says, has been boxing for about two and a half years, and during that period has met and defeated the best at his weight in the Northwest, and in all his scraps never been knocked off his feet.

The sound city boy works at the Seattle Drydock & Construction Company, and probably his business, which is concealed in his appearance on the street by the prevailing modes in men's fashions, the notorious "pinch-back," is due to his hard daily toil. He resembles both in build and in action Earl Baird, a boy who has appeared in local rings on several occasions.

Eddie Campi, Ridley's sparring partner, who recently created such a furore in Seattle by his work against Anderson, thinks that to-night's bout will be much closer than the one in which he met Davies here a short time ago. Davies will not find the same speed in Ridley, although he will find a more rugged fighter. Campi naturally showed a great interest in this fight, and would certainly have been in his corner if he had an engagement in California not intervened.

Harry Skuce, who made such a satisfactory referee in the last big contest here, will again be third man in the ring for the main event, and the other bouts will be refereed by the promoter, W. H. Davies, two officers from a man-of-war in port, acting as judges in the naval contests, the other bouts being fought under Marquis of Queensberry rules.

Other officials are as follows: Announcer, George I. Warren; time-keeper, L. Oliver and F. Carroll; physician, Dr. Vye. The main event is expected to start at 10:15.

## FINALS IN TOURNEY FOR THIS AFTERNOON

### Yesterday's Play in the Victoria Lawn Tennis Club's Handicap Tournament

The semi-finals in the Victoria Lawn Tennis Club's handicap tournament were all disposed of yesterday and today's play will consist entirely of the finals in each event.

In the ladies' singles yesterday, Miss Marjorie Leeming lost to Miss Lawson by the odd set in three. By her sterling performance throughout the tournament this promising young player has won many encomiums, and a bright career is predicted for her in the tennis world. Miss Idiens (30) and Miss Lawson (40) are playing off the final in this event to-day.

The final of the ladies' doubles should prove an interesting display of tennis tactics, for the play Miss Lawson and Miss McDermott (40) is characterized by steady and accurate shooting, and this will be pitted against the forcible net play of Mrs. and Miss Rickaby (30).

The Chaloner & Mitchell cup, symbolizing of the championship in men's singles, will be competed for by Mr. Fairbairn (40), and the popular secretary of the club, V. C. Martin (45). The resulting struggle will be perhaps the feature of the afternoon. The match goes to the winner of the five best sets. Davies and Fairbairn have so far not lost a set in the men's doubles. They play with a handicap of (15 3:5) against Cove and Trimen, who have a plus 2.5.

The ultimate winners of the mixed doubles would be hard to predetermine for Miss Lawson and Martin in playing Miss Ross and Trimen are contending a handicap of 15. It is expected that a large number will avail themselves of the committee's open invitation to attend this afternoon's play, for it is assured that those who do so will be able to enjoy excellent tennis amid the most pleasant of surroundings. The following are the results of yesterday's play:

Miss Lawson beat Miss M. Leeming, 2-6, 6-3, 6-4.

Miss Ross and Trimen beat Mr. and Mrs. Leeming, 6-4, 6-6, 6-4.

Miss Lawson and Martin beat Mr. and Mrs. Meredith, 7-5, 7-5.

The times set for this afternoon's matches are as follows:

At 2:30 Fairbairn plays Martin; Miss Lawson plays Miss Idiens.

At 4 o'clock Davies and Fairbairn play Cove and Trimen; Miss Lawson and Miss McDermott play Mrs. and Miss Rickaby.

At 5:30 Miss Ross and Trimen play Miss Lawson and Martin.

## MATTY PUTS REDS IN FIRST PLACE

Cincinnati is no place for a nervous ball fan these days for Christy Mathewson and his fast-stepping Reds are in the first division for the first time with in the memory of the oldest inhabitant. The Reds recently took a terrific series from McGraw's Giants in New York and on their last Eastern invasion cleaned up opposing teams in pennant-winning style. One Cincinnati fan already has reserved seats for the world's series and the whole town is wild over the showing Matty has made with the long downtrodden Reds.

## PRO. TRAPSHOT.

St. Joseph, Mo., July 21.—Phil Miller, a young professional trapshooter, of St. Louis, made what is claimed to be a world's record here Thursday, when, shooting in the Western handicap preliminary, he broke 98 targets at a 23-yard handicap. Cal Waggoner, of Diller, Neb., took high honors in the Western special, missing only one target in 100. In the shoot-off for second place in the amateur section of the Western handicap preliminary, M. H. McDaniel, of Durant, Okla., a Choctaw Indian, won with 20 straight breaks.

## AUSTRALIANS HONOR MEMORY OF D'ARCY

The recent sudden and sad death of Les Darcy was a shock to all in Australia and general regret at this sad termination of a great and promising career was expressed in the "hand-down-under."

Two nights after the news was flashed across the Pacific a contest was held at the Sydney stadium between Jimmy Clabby and Dave Smith, and prior to the announcement of operations the announcer asked those present to stand for a second with bowed heads as a token of sympathy to the bereaved ones at his home. This was carried out in complete silence.

A movement is on foot to raise a suitable monument in this great Australian boxer's memory. It is probable that a public fund will be opened for the purpose.

## DUNDÉE WINS BY SHADE.

New York, July 21.—Johnny Dundee, of New York, has a shade the better of Joe Welling, of Chicago, in a ten-round bout here last night. Dundee weighed 130½ pounds, and Welling 133½.

## ANNUAL EVENT AT SHAWNIGAN ON 28TH

### Regatta and Flower Show to be Held at Popular Summer Resort

The annual regatta of the Shawnigan Lake Athletic Club will be held in conjunction with the Flower and Vegetable Show of the Women's Institute on Saturday, July 28th. This year the railway company are not running the usual special train to the lake and visitors must travel by the regular train service. The Red Cross will benefit by diverse raffles and sundry games of chance, and it is expected that the money thus raised will total quite a little sum. In the evening a dance will be held under the auspices of the Athletic Association in the club's gymnasium, and this with a perusal of the programme of aquatic events will prove just as pleasurable as its predecessors. The officials in charge have arranged the following list of races:

1. Motor launch race (handicap race).
2. Outboard motor boat race.
3. Men's single pleasure boat.
4. Ladies' single pleasure boat.
5. Men's double sculls.
6. Men's single canoe.
7. Mixed doubles' canoe.
8. Men's doubles' canoe.
9. Upset canoe.
10. Boys' 50-yard swimming race.
11. Grassy pole.

## A NATIONAL SERVICE

### HEALTH OF THE NATION GUARDED BY FRUIT-A-TIVES

Hundreds of Canada's Sturdy Sons in Khaki Owe Their Vigor and Vitality to This Fruit Medicine

In the shell-swept trenches of Belgium; in the poppy fields of Flanders; in the great concentration camps of England; the fierce energy and driving power of "the Canadians" are the admiration of the armies.

Anything which means improved health for the man and woman of today is of vital importance to the country.

This is why "Fruit-a-tives" has been and is of national service.

This famous remedy—so pleasant to take, so curative in action—has relieved more cases of Stomach, Liver, Blood, Kidney and Skin Troubles than any other medicine. And in severe or chronic cases of Rheumatism, Sciatica, Lumbago, Impure Blood, Headaches, Constipation, Neuralgia, Pain in the Back and chronic indigestion it has brought relief to those who had given up all hopes of being better.

You must be at your best to serve your country best. If you are troubled with any of the complaints mentioned above, get a box of "Fruit-a-tives" to-day.

50c a box, 4 for \$2.50, trial size 25c.

At all dealers or sent postpaid on receipt of price by Fruit-a-tives Limited, Ottawa.

as president of the union to Mr. F. Brown, the secretary, at Montreal. Lally's resignation is short and to the point. He merely states that in view of the Shamrockes' playing Roberts day in defiance of his ruling, he has no other course to pursue but to resign his presidency.

## CRICKET AVERAGES

(Second Division)

The following averages have been compiled by Mr. Locke, the secretary of the league. The batting qualifications is on an average of 10 runs per innings and the bowling 10 wickets:

BATTING.					
Name	No. of Innings	Times Not Out	Total Runs	Highest Score	Average
Carl Hilton (Garrison)	3	1	60	25	20.00
Robertson (Garrison)	1	0	21	21	21.00
Easton (E. M. C. H.)	4	1	73	21	18.25
Wilkinson (Garrison)	2	0	32	18	16.00
Harper (Garrison)	3	0	46	21	15.33
Adams (Copas & Young)	4	0	38	37	14.50
Hemmel (Garrison)	3	1	25	16	12.50
Dawson (E. M. C. H.)	3	0	36	31	12.00
Tutbill (Copas & Young)	4	1	33	14	11.00
Alexander (Garrison)	1	0	41	16	10.25

\*Denotes not out.

## TWO GUN CLUBS MEET TO-MORROW

The meet of the Esquimalt Gun Club will be held on the grounds at Admiral's Road at 10 o'clock. That of the Victoria Club will occur at Colwood near Florence Lake at 11 a.m. In the latter event competition will be continued for the Dupont trophy and the Wenger wrist watch. Both clubs invite sportsmen to secure a little practice. Shells may be had on the grounds.

## CADORE BEST PITCHER.

There did not appear to be much of a chance for a young pitcher to break in with Brooklyn in the spring, but now Leon Cadore is rated the best man on the staff. Sherrod Smith is the season's biggest disappointment, for more was expected of him than of any other pitcher on Robinson's list.

## WINS BICYCLE TITLE.

Newark, Thursday, July 20.—John L. Stahler, Newark, won the national amateur two-mile bicycle championship here yesterday, defeating Gus Ling at the tape. Chris Dotterweich was third and Harry Hoffman, of San Francisco fourth.

## REUTHER BACK TO COAST.

Charley Hollocher, the sensational young infielder of the Portland Club of the Pacific Coast League, has been traded to the Chicago Cubs for "Dutch" Reuther and a cash consideration. Reuther was formerly with Vancouver and Spokane in the Northwestern League, going up from the Indians last fall. He also played with Salt Lake in the Pacific Coast League in the spring of 1916.

## TARDINESS COSTLY.

Manager Connie Mack of the champion Athletics has posted a notice in the clubhouse informing his team that it will cost any player \$5 who is late or absent from the 10 o'clock morning practice for the first offense and \$10 if the offense is repeated. The fines will be given to the Northwestern Hospital, Philadelphia, where there is a bed for disabled baseball players.

## The Smartest Utility Car Ever Produced

No other smart sport model sells for so low a price.

No other smart sport model can be operated for so little.

No other smart sport model is so easy to handle and park.

Here at last is an economical utility car with snappy, distinctive, pleasing style.

And it's a wonderful performer.

It has a wonder of a motor—smooth—lively—powerful.

Front seats are adjustable forward or back—to suit the driver's reach.

The body is grey—the trim black enamel and nickel—the wire wheels, red.

The smartest economy-utility car on wheels!

Come in and get your Country Club today.

## Lemp's Beer

Is Unrivalled for Purity, Palatableness and Digestive Qualities

**BREWING OF BEER TO BE INCREASED**

Chancellor of Exchequer Announces Permission to Add One-Third of Amount for This Quarter.

London, July 5.—Andrew Bonar Law, Chancellor of the Exchequer, announced in the House of Commons to-day that the Government had decided to permit the brewers during the quarter ending September 30 next of an additional amount of beer not exceeding 1.5 per cent. of the amount allowed for that quarter.

This action, he said, was taken owing to the greater consumption during the summer months and the difficulties caused by shortages in large centres of population and in the counties where crops are being harvested.

## CONCERTED ACTION IN EFFORT TO GET ENGINE CONTRACTS

Board of Trade Will Act; May Join Mainland Bodies to Get Business

As mentioned in these columns yesterday, President Forman of the Victoria Board of Trade has been devoting a great deal of energy and perseverance during the last two days to the subject of engine contracts. He has now fully posted himself with a thorough grasp of the situation as far as the possibilities of the local establishments are concerned. He has come to the conclusion that there should not be the slightest possible hesitation on the part of the Imperial Munitions Board in placing a share of those contracts, commensurate with the importance of this city, with the Victoria foundries.

With a view to definite action on the part of the local Board and possibly with an understanding of a concerted plan to be shared in by the Vancouver Board of Trade and the B. C. Manufacturers' Association, a special meeting of the Council is called for Tuesday morning next at 10.30. Appreciative of the tremendously live issue as far as the city and the province generally are concerned, it is hoped that every member of the Council will be present, putting himself on the matter involved as much as possible beforehand.

Members of the Council are unable to see why the Imperial Munitions Board have found it necessary to place contracts for engines destined for ships to be built in this province, with firms separated by hundreds of miles of railway, entailing the long haul eventually to this part and to the coast yards across the Straits. This is the more particularly felt in view of the fact that for nearly three years eastern manufacturers have been working night and day on lucrative contracts for engines, while until very recently British Columbia has had no opportunity to place her industrial resources for operation in the much needed construction of ships and component parts.

With a spirited plan of action initiated by the local Board, backed up by mainland organizations, it is believed that the matter may yet be possible of adjustment to the advantage of all parties.

## MAJOR J. S. HARVEY REPLIES TO JOHN DAY

Explains Methods of "J" Unit; Different Conceptions of Word "Militarism"

The remarks of John Day, at a meeting held on Monday evening last to deal with the question of welcoming returned soldiers as they arrived in the city, were the subject of comment by Major J. S. Harvey to a representative of The Times yesterday afternoon. As officer commanding "J" unit the major declared that Mr. Day's observations were not only wide of the mark, but altogether unconsidered and calculated to give a wrong impression to the relatives and friends of the soldiers and to the public at large.

Authority Unopposed: Recounting the process followed out by his command under the precise and definite instruction of the department of Militia and Defence, Major Harvey traced the history of the movement to offer an unofficial welcome to the returning men. He could only speak authoritatively from a period in January of last year when "J" unit was organized. From that time until mid-summer the Welcome Club had met with the men with cars under an arrangement with the Victoria Jitney Association.

"But," said the major, "I had not the faintest idea for some time after the establishment of the unit that the military authorities were being saddled with the expense of a dollar and a half per car per trip. This I found to be the case through a contract existing with the A. D. M. S. That was perfectly alright, and a sensible arrangement as far as ensuring the men an unofficial reception was concerned. The most unhappy feature of this method, however, was the fact that the Rev. A. deR. Owen and John Day, either from an overzealous sense of patriotism or from a misunderstanding of matters military assumed an authority over the men totally unopposed.

"The confusion resulting from this procedure was unfortunate, and was added to by the fact that the military authorities were being saddled with the expense of a dollar and a half per car per trip. This I found to be the case through a contract existing with the A. D. M. S. That was perfectly alright, and a sensible arrangement as far as ensuring the men an unofficial reception was concerned. The most unhappy feature of this method, however, was the fact that the Rev. A. deR. Owen and John Day, either from an overzealous sense of patriotism or from a misunderstanding of matters military assumed an authority over the men totally unopposed.

### LOCAL NEWS

**International Championship Boxing, Willows, Saturday evening.**

**Visiting Here.**—Mr. and Mrs. Fred Burgess, of Calgary, are spending the week-end as the guests of Mr. and Mrs. W. H. Mearns, at Cadboro Bay.

**Grass Fire.**—A grass fire that might have developed into something of a menace to homes of the district was started in a manner unknown, near Comberford Street, in Esquimalt, yesterday afternoon. Chief Palmer was notified before the blaze had spread and the conflagration was extinguished. A small fire in the house of Mr. Williams, of Head Street, was put out yesterday by several soldiers from the barracks at West Point.

**Drowned at Nanaimo.**—Gordon Ross, son of Mr. and Mrs. John Ross, of Nanaimo, was drowned while bathing yesterday afternoon in the vicinity of Indian Reserve. In company with other boys of his age Gordon was enjoying the warm afternoon in the waters of the harbor when in some manner he slipped off some rocks into the deep water and was drowned before help could be summoned. The deceased lad was thirteen years of age and was an exceedingly bright youth.

**Regular Procedure.** A part of the morning routine at Major Harvey's headquarters is a telephone call to the wireless station at Gonzales Heights. The message is received there from the purser of the boat making the trip from Vancouver. The purser makes it his business to find out all men aboard. He gets their names and sends them to Gonzales. The number of men known, the next duty is to consult the automobile volunteer register and advise the owners of cars whose turn it is to do duty that afternoon.

Before the receipt of the wireless, however, Mr. Harvey says, a telegram is sent by Major Procter from Vancouver as soon as the vessel is sighted. C. P. R. wharf there. That gives the names of the men aboard in addition to which there is a full description of the condition of the men, so that in the event of special cases there would be ample time for special provision on their behalf. The boats were invariably met by Captain Crompton or the sergeant-major and in many cases by both. The system was appreciated by the men who felt that they were properly taken care of at once.

**A Common Bond.** What had he to say about Mr. Day's reference to militarism. Major Harvey smiled and proceeded to explain that he had been to the front himself and he, as well as the men with whom he was dealing, had a different conception of that oft-times wrongly applied word "militarism." For that reason there were no Prussian methods in "J" unit, the chief concern was to restore the broken soldier by methods necessary and sensible.

When a man has his home in Victoria he reports to the office at Esquimalt and draws his cheque to the value of ninety or a hundred dollars and, depending upon his condition, he is immediately given at least a ten-day leave and is passed by the medical officer as being in a fit state for such leave period. In the case of a man

who enlisted here, but has neither friends nor relations in the immediate neighborhood, he is permitted leave according to his condition and circumstances. Duty to Tommy.

Major Harvey explained that it was exceedingly nice to see the people down at the boat to give a cheer to the returning heroes, but he felt sure that those of those self same men—the immediate relatives—would realize and appreciate the fact that a heavy duty devolved upon the Military Hospitals Commission units in the carrying out of their part in the restoration of the warrior to his former robust state. To do duty to the man who had so nobly responded to the call to arms there was no time to be lost in getting him under the necessary wing of the army entrusted with that part of his military life.

## CLEANING THE SLATE OF CIVIC PROBLEMS

Many Miscellaneous Subjects Before City Council on Monday; Women and Road Tax

It is presumed that after the meeting on Monday afternoon on the civic salary question, aldermen will be ready to adopt a supplementary report on the wages issue at Monday evening's meeting. The subject was discussed at considerable length yesterday afternoon in a private meeting, and while some small increases were authorized, the question of police and lighting departments was unfinished when the committee rose. To a sub-committee composed of Aldermen Johns, Sargent and Walker, was referred the preparation of a schedule showing what second-hand material of a metallic character, can be sold while prices are high. There has been a bid for scrap iron which was inadequate for present prices, upon which no action was taken, officials recognizing that better prices could be obtained at this time.

Three Thorny Subjects. Three subjects, two of which will probably be dealt with on Monday, will arise at the weekly meeting of the Council. The tax sale question has been delayed from one cause or another from week to week, it being known that if forced to a vote the issue will be a close one. The Council is evenly divided on the advantages or otherwise of a sale this fall. This period under consideration would be as far back as 1912, before the boom struck. This item will be on the agenda paper.

Women Tax and Vote. The by-law to alter the Revenue Consolidation By-law, in order to enable women to pay the road tax as a necessary preliminary to the household franchise, has been prepared by the City Solicitor. Every attempt to reach an agreement whether the women shall be taxed has hitherto failed. Meanwhile legal opinion holds that taxation is an integral part, and preclude to the franchise.

The third issue may not be reached, because the amendment has not yet been drafted. The proposal is to throw the barriers down to Canadian men and women, having kindly lent the little animal for the occasion. There will be ice cream and cake on sale.

Two small boys of the Hollywood district, Howard and Wilfred Gibson, are selling flowers daily in aid of the Branch funds, and one day made over seventy cents.

A meeting of the Oak Bay Committee of the Red Cross Society was held on Friday evening last, P. F. Curtis in the chair. Mrs. Bullock-Webster, Convener, reported that the following donations had been received: Mrs. Cree, \$2; Mrs. Bruce, \$1; Mrs. Shrapnel, \$1; Miss Elliott, \$1; Mrs. Allison, \$1; Mrs. Macey, \$2; Miss Duncan, Jitney fares, 8c.; 2nd division Monterey Avenue School boys, \$1; by raffle of parasol presented by Miss Ramsdale, \$2.50; old linen from Mrs. Olsson, pyjama cords from Mesdames Winterbottom, Nicholson and O'Brien.

The treasurer was authorized to forward cheque for \$40 to the Victoria head office.

**James Bay Branch.** At Dee Cottage, Simcoe Street, the home of Mrs. Tomlinson, a very successful garden fete and bazaar was held on Saturday last, the 14th inst., in aid of the James Bay Branch funds. A very pretty story lies beneath the above announcement. Four young girls, all under fourteen years of age, Ruth Tomlinson, Kate Renwick, Marjorie Morey and Geniva Sangster, collected 90c. with which they purchased materials, and started making up Fancy articles suitable for a sale, resulting in the very successful Garden Party which was duly opened by Alderman Dilworth. Tea was served on the lawn, while upon a stall in charge of the four young ladies was a goodly supply of home-made candles, home cooked and fancy nick-nacks, all the clever work of the industrious girls. The James Bay work of the fete, the handsome extent of \$17.70 from these efforts, and the Branch hopes they will continue their interest, and that others will follow their example.

Donations received are as follows: Monthly subscriptions \$1 from Mrs. Bartlett for Comfort Bag Fund, \$4 from Mrs. Pawson for Societies Funds, \$5 from Mr. J. Leeming, \$1 from Mrs. Fugle, two pairs of socks from Mrs. Riley, 10 pairs of socks from The Printing Club, camisole for the raffish table from Mrs. Oliver.

The convener wishes to express the thanks of her committee for the very generous help given these summer evenings by the young ladies forming the classes held on Tuesday and Wednesday evenings, which are splendidly sustained, the work turned out has been excellent. A very hearty welcome will be extended to other young ladies who

**Successful Picnic.**—The union picnic of Nanaimo S. S. Schools held on James Turner Park, Nanaimo, on Wednesday, was a most successful outing from the standpoint of enjoyment and from that of the committee. In charge as regards finances, it is estimated that upwards of 2,000 persons were present, the weather being ideal and the programme of sports provided being very entertaining. The Methodists defeated the Presbyterians at baseball, and the soccer match between the two denominations resulted in a draw 2-2.

# DENTISTRY

**DR. C. S. DENT** wishes to announce the opening of his Dental Parlors at 313-314 Central Building. Dr. Dent is a specialist on Pyorrhoea.

### RED CROSS WORK

The Cloverdale Red Cross garden party is to be at the lovely gardens of J. W. and the Misses Tomlie, "Cloverdale," on Saturday, July 28. The usual attractions are being arranged, and everyone is assured of a good time provided the weather continues as favorable as at present.

The new Fernwood Branch rooms are very comfortable, and the ladies will find them cool and pleasant to work in during the hot days. There are four sewing machines, and more workers can be accommodated any day in the week. For the past two weeks the schools and societies in the district have turned in to the branch the following: George Jay School, 19 pairs socks, 1 muffler; Metropolitan Ladies' Aid, 11 pairs socks, 12 chest bandages, 12 triangular bandages, 1 pair pyjamas; Metropolitan Young Ladies, 2 pairs pyjamas, 16 triangular bandages, 23 abdominal bandages; Boys of Bank Street and Oaklands Schools, 40 face cloths.

A cash donation of \$34 from the George Jay School has been handed in through Mr. Charlesworth, the principal.

**Hollywood.** Under Hollywood Branch auspices there is to be a parcel post sale in the Presbyterian Sunday School, Wildwood Avenue, on Thursday afternoon, A Shetland pony will be on hand for the children to ride, Mrs. Spencer, of Shoal Bay, having kindly lent the little animal for the occasion. There will be ice cream and cake on sale.

Two small boys of the Hollywood district, Howard and Wilfred Gibson, are selling flowers daily in aid of the Branch funds, and one day made over seventy cents.

A meeting of the Oak Bay Committee of the Red Cross Society was held on Friday evening last, P. F. Curtis in the chair. Mrs. Bullock-Webster, Convener, reported that the following donations had been received: Mrs. Cree, \$2; Mrs. Bruce, \$1; Mrs. Shrapnel, \$1; Miss Elliott, \$1; Mrs. Allison, \$1; Mrs. Macey, \$2; Miss Duncan, Jitney fares, 8c.; 2nd division Monterey Avenue School boys, \$1; by raffle of parasol presented by Miss Ramsdale, \$2.50; old linen from Mrs. Olsson, pyjama cords from Mesdames Winterbottom, Nicholson and O'Brien.

The treasurer was authorized to forward cheque for \$40 to the Victoria head office.

### FORMER POLICEMAN

**Private A. C. McRury is Reported a Casualty This Morning; Went Overseas With R.M.R.'s.**

Private A. C. McRury, of Kamloops, whose name appears in this morning's casualty list as wounded, was a former member of the City Police force in the interior city.

He joined the 172nd Battalion in May last year and went with the battalion to the summer camp at Vernon, leaving for England in October last. On arrival in the Old Country he was drafted with a reinforcing detachment to one of the earlier battalions for service in France.

He went through the engagement at Vimy Ridge without a scratch.

**Have You Seen the seven-jeweled wrist-watches with unbreakable fronts, sold for \$5.00 each, by F. L. Haynes, 1124 Government Street? They're unequalled.**

Dean Pisker was once showing two American ladies over Bristol Cathedral, and asked, among other things, what was said in New York of Bishop Potter marrying, at seventy, a widow with \$250,000. "Oh," was the reply, "they say that the Bishop took a fancy to the widow's mite, and the widow took a fancy to the Bishop's mite."

### will spare an evening once a week to help on the good work.

The James Bay Branch needs more help—more daily workers, the rooms are open from 9 a. m. till 5 p. m. Sympathetic help and assistance would be appreciated.

Girls' Club. The Victoria Girls' Red Cross Club, which was organized some time ago and which has been meeting four evenings each week at the Y. W. C. A., will now only meet on Wednesday evening of each week. Up to the present time a great deal of work has been accomplished and a certain amount of money raised, \$10 of which has been handed over to those in charge of Red Cross funds.

It is sincerely hoped that those ladies who have been meeting at the rooms on the different evenings will note the change to Wednesday evening of each week and that all who can attend on that evening will do so and help along the good work. Some funds have been raised through various raffles and notice is hereby given that the enamel watch will be drawn on Wednesday evening, July 25. A cordial welcome is waiting for all who can come to the rooms on that evening or any Wednesday evening.

North Ward. There will be a musical under the North Ward Branch auspices at their rooms, Scott Building, on Saturday, July 28, from 3 to 5. A splendid programme has been arranged and a pleasant afternoon is assured all those who attend. The admission fee will include tea and ice-cream, and candy will be on sale. The receipts will be for the benefit of the Branch funds.

**PTE. BIGGON WOUNDED**  
Left With 143rd Battalion; Only a Short Time in Trenches

A telegram was received on the 16th by Mrs. J. Biggon, 823 North Park Street, stating that her husband was wounded on June 24. The soldier must have received his wound during his first or second visit to the trenches, because he transferred from the 143rd, with whom he left Victoria, to the C. M. I.'s but a very short time ago. Pte. Biggon is a native of England, and six years ago came to Esbroue to live, where he had been employed by the council as a laborer, until, coming to Victoria to join the Buffs, he has had a brother and nephew killed in the war. Three children live with their mother at the family home.

**WANTED**—Girls; also one hand ironer. Standard Steam Laundry, 341 View Street. 3221

**WANTED**

SECOND REVOLUTION IN RUSSIA IS OVER

Malcontents Routed and Government in Full Control; Concluding Incidents.

Petrograd, July 20.—Via London, July 21.—One hundred killed and seven hundred wounded of the civilian soldier and sailor strikers, and six Cossacks killed and seventy wounded, is the casualty list of Russia's second revolution, which apparently ended to-day with the government in control.

Out of the violence and bloodshed has come a re-organization of free Russia. The government is now in the hands of the Central Committee of the Workmen and Soldiers' Congress, with the provisional (Duma) representatives acting as an administrative body responsible to this executive committee. Affairs in Petrograd are in the immediate charge of General Polovtsov, chief of the army garrison.

The exposure of Nicolaï Lenin, pacifist agitator, as a paid German agent helped to end the rebellion. Lenin had artfully paraded a pseudo-patriotism and acquired quite a following.

It is believed some of the German agents actually participated in the firing in the streets here. Lenin is still a fugitive.

The Kronstadt insurgents and other malcontents made their last stand at the fortress of St. Peter and St. Paul, where the officials of the old regime in Russia are imprisoned. Contrary to early reports they did not surrender.

Crowds in the streets saw armed men on bicycles and other skirmishers from actual trenches dug in the approaching crossings, run first across the Trotsky Bridge. More invaders sneaked across other bridges.

Somehow they managed to gain entrance to the fortress. Then the walls of the old building began to be dotted with figures, some of sailors and soldiers in uniforms and others the black-garbed Leninists, who had reached the fortress when they were ousted from the palace of the dancer Kashchikinskaya.

This last stand was dramatic. The rat-a-tat-tat of the machine guns sounded in the fortress yard, mingling strangely with the mellow chimes that poured their melody from the glittering spire. The tiny figures to be seen from the river bank dotting the fortress walls soon began to thin out.

They were some of the officials of the old regime, their velvet suits of other days of gorgedness contrasting strangely with disordered collars, loose neckties and faces trembling with fear.

None of Kerensky's troops killed townspeople or agitators in the street fighting.

The cabinet, as now constituted, consists of six Socialists and three members of other Liberal parties, but none of the Workmen and Soldiers' Congress is completely dominant.

A number of women marched with the Kronstadt sailors in some of the earlier clashes in the streets. In one of these street battles late in the afternoon a dozen people were killed. Those who were wise lay prostrate on the ground while the bullets hummed, and then ran for the shelter of nearby houses.

From these observation spots one could see women among the paraders. One Amazon sat in an automobile beside a machine gun. Immediately before this rioting, one of the anti-Government speakers, arrested in the Nevsky Prospect proved to be a German officer and a prisoner of war.

F. L. Haynes, 1124 Government St. The store for reliable watch and jewelry repairs.

THE ROYAL TRUST COMPANY EXECUTORS AND TRUSTEES HEAD OFFICE, MONTREAL Capital Fully Paid, \$1,000,000 Reserve Fund, \$1,000,000 BOARD OF DIRECTORS Sir Vincent Meredith, Bart., President Sir H. ROUMANIANS DROVE BACK ENEMY TROOPS; RESTORED THE LINE

Petrograd, July 21.—An official report issued here to-day says: Fighting was started yesterday on the Rumanian front. Austro-German troops made an attack which was met by a Rumanian counter-attack. The Rumanians drove back the enemy and restored the situation.

GEN. LUDENDORFF ON SUBMARINE WARFARE

Amsterdam, July 21.—General von Ludendorff, the German quartermaster-general, in discussing the military situation for the benefit of the members of the Reichstag, according to a semi-official telegram received from Berlin, said:

"In starting our submarine warfare the supreme army command was guided by a desire to hit the enemy's war industry, especially the production of ammunition. Through the submarine warfare our armies in the west were greatly relieved, and the enemy's production of ammunition having been decreased thus, our U boats are fulfilling their task."

"The supreme army command expects the submarine warfare to break England's ability to prepare for war by lessening her tonnage. Fulfillment of this wish will come despite the United States and with it the end of the world war and peace, which is desired by the supreme army command."

CAPT. M. BELL-IRVING GETS FURTHER PROMOTION

London, July 21.—The following appointments to the Royal Flying Corps are gazetted to-day:

Captain M. McB. Bell-Irving, as squadron commander and major; Lieut. A. Bell-Irving, as flight commander and captain; Lieut. D. Owen, of the Canadian general list, as a flying officer; Lieut. F. R. Alford, of the Canadian Infantry, as instructor of gunnery, and Captain M. H. Park, of the Canadian artillery, as assistant inspector of gunnery.

Captain W. G. McKendrick, of the Canadian Engineers, is gazetted assistant director of roads.

MYSTERIOUS FIRES IN NORTHERN IDAHO

Harrison, Ida., July 21.—Fire of unknown origin began here to-day and at 10:30 had destroyed all of the business section and half of the residence portion of this town. The loss so far is estimated at \$500,000. The fire began in Grant's lumber yard. Earlier in the day a fire was discovered in Grant's logging camp.

Ten forest fires are reported burning in northern Idaho, all of them, it is said, of mysterious origin.

Spokane, Wash., July 21.—A telegram from J. W. Cook, councillor of Harrison, Idaho, to Mayor Fleming, of Spokane, this forenoon said: "We are in trouble. All of the business and over one-half residence portion of Harrison burned. Fire still raging. City out of food and 500 out of homes. We need bedding and food for tonight."

FOOD BILL PASSED BY SENATE OF U.S.

Washington, July 21.—Virtually rewritten as it came from the House a month ago, the administration food control bill, modified but still giving the President broad authority to regulate foods, feeds and fuel, providing for a board of three food commissioners, instead of a single individual, and authorizing a minimum guaranteed price of \$2 a bushel for wheat, was passed late to-day by the Senate.

The prohibition provisions, prohibiting further manufacture of distilled beverages and directing the President to buy all distilled beverages in bond, were left unchanged.

\$137,366,177 MORE FOR U. S. NAVY IS ASKED

Washington, July 21.—Secretary Daniels to-day submitted to the House estimates aggregating \$137,366,177 for war needs of the navy, including armaments, ordnance supplies, improvements of yards and docks, clothing and equipment of the navy yard and gun factory here.

SAN FRANCISCO MAN HONORED IN FRANCE

Paris, July 21.—Gus Agostini, of San Francisco, a member of the Foreign Legion, has been decorated for bravery.

THEIR LAST HOPE

THE CONDITION OF GERMANY.

FOREST FIRES OF GREAT PROPORTIONS

One in Summit Region of Rockies; One Between Cranbrook and Fernie

Calgary, Man., July 21.—With a wind blowing that may be termed a gale, a tremendous forest fire raged in the summit region of the Rockies along the Crow's Nest Pass line of the Canadian Pacific Railway is increasing hourly in volume and is said already to have destroyed several lumbering camps in that district. Should the wind, which is now blowing north to northwest, change to a southerly or southeasterly direction, the town of Coleman and several other towns on the eastern slope of the Rockies would be threatened by this fire alone, while another great blaze in the forest region between Cranbrook and Fernie is raging a d threatening small stations along that line with destruction or will be should the wind veer. Still another forest fire is sweeping the timbered areas of the north Kootenay River country, near Cross-River, and already has destroyed hundreds of thousands' worth of standing timber.

Fernie, July 21.—A bush fire of considerable proportions is reported at Corbin, east of here. It started last night, but already a large number of men are engaged in an endeavor to confine it.

Another small fire is burning across the valley from the town of Hosmer, but no extensive damage is likely to result as very little valuable timber remains in that locality. The extremely dry and excessively hot weather during the past ten days is fast developing very dangerous conditions throughout the timbered areas of this district, and the provincial forestry branch is being taxed to the utmost, but the accessible localities are being constantly patrolled by fire rangers, who actively so far has prevented many small fires from spreading and destroying valuable tracts of merchantable timber.

RUSSIANS FALL BACK FARTHER IN GALICIA; PETROGRAD REPORT

Petrograd, July 21.—A further retreat has been made by the Russians in eastern Galicia, the War Office announces, because the troops did not show the necessary stability, and at points did not fulfill commands. The Russians passed on the line at Plattki-Hopronnva-Vybnlov.

STEPS IN CREATING ARMY OF STATES

Washington, July 21.—With 10,000,000 men listed in the order of their liability to service, the Federal Government began to-day its last task of preparation for organization of a selective draft army—the task of determining who among those chosen shall be exempt.

The drawing to determine who shall first be liable for service ended early to-day, after it had been in progress without interruption for more than sixteen hours, and while the officials in charge rested from their long vigil others took up the tabulation of official figures for forwarding to local exemption boards over the country. Most of the work it is hoped to complete before the day is over, so that the local authorities can be given their instructions early next week.

WHITE HOUSE PICKETED.

Washington, July 21.—"Suffragette picketing" at the White House gates was resumed by twelve members of the Women's Party to-day without interference of police or citizens. It was the first time since the women staged their suffrage demonstration for the benefit of the Russian Mission that the women had been permitted to parade their banners before the White House unimpeded.

President Wilson was away on a week-end cruise. The demonstration was a protest against the President's action in pardoning sixteen of their number from the workhouse recently.

SEATTLE POLICEMEN WOULD BE UNION

Every Patrolman on Force Signs Petition For Union Charter

Seattle, Wash., July 21.—By going on strike yesterday afternoon, sixteen city policemen began a movement to form a union which speedily took two starting phases to-day.

Mayor Hiram C. Gill signed complaints and ordered the immediate arrest of every one of the alleged mutinous policemen, charging them with mutiny in office. Bail was fixed at \$500 in each case.

Before these arrests were ordered the unionization plan spread so rapidly and successfully that every patrolman on the force before noon had signed a petition for a union charter.

Olympia, Wash., July 21.—Attorney-General Tanner to-day notified the State Public Service Commission that it has power under the law to ask the Superior Court for a writ to compel the Tacoma Railway & Power Co. to furnish adequate service on its street car lines. Tanner says he is willing to begin the suit, probably Monday. Only one member of the commission is here. It is expected that the commission will ask Tanner to begin action at once.

THE FLORENCE COOK CASE AT TORONTO

Toronto, July 21.—The inquest into the death here of Florence Cook, seventeen-year-old school girl, adjourned last evening. Edith Copeland, a friend in the employ of Mr. and Mrs. Harry Ellis, uncle and aunt of the dead girl, was removed from the witness box and placed under arrest.

"Take this witness into custody," said Crown-Attorney Greer. "We can not get anything out of her. I will lay a charge against her and it may refresh her memory."

The coroner approved this action. The charge on which the Copeland girl was detained is "assuming to take charge of a patient, knowing her serious condition, and failing to give proper treatment." An application for bail was emphatically refused.

The Copeland girl was the only woman in attendance upon Florence during six days and the Crown was anxious to get her story, but whenever an important question was put to her she pleaded a bad memory. She admitted that she had kept the real cause of Florence's illness from the aunt, who returned the day before Florence went to the hospital, because she thought the girl would soon be all right, and no one would be the wiser.

May Gordon, a cousin of Florence, corroborated her mother's evidence given at the opening of the inquest, describing how Edith Copeland had slapped her face, pulled her hair and chased her, accusing her of tattling and telling lies.

Dr. Wallace Cunningham, house surgeon at the Western Hospital, and Lillian Tansill, a graduate nurse, were the other witnesses.

AFTER I.W.W.'S.

San Francisco, Cal., July 21.—Government officials left San Francisco last night to investigate reported activities of I. W. W.'s at Doris and Klamath Falls on telegraphic orders from the Department of Justice in Washington.

They have full authority to act and will decide as to the advisability of the sending of troops to quell attempts to destroy crops and livestock, to hamper transportation and damage waterworks at Klamath Falls.

Fifty arrests have been made at Doris as an outgrowth of the trouble, according to Federal authorities.

TACOMA STRIKE.

Tacoma, Wash., July 21.—Members of the State Public Service Commission are in Tacoma to-day inquiring into the street car strike. Manager Bean reported the sixth day of the strike opening with sixteen cars operating and a promise of twenty before the day is over.

PROFESSIONAL TRADE AT NEW YORK TO-DAY

Short Covering Brings About Considerable Advance at Brief Session

(By Burdick Bros. & Brett, Ltd.) New York, July 21.—An abnormally large proportion of to-day's transactions was for professional traders on the floor of the New York financial institutions around U. S. Steel. It for the time being is the keynote. Apparently this stock has become oversold and its advance was due to the covering of short contracts. There has been no news published that would indicate any considerable fresh buying for long account. The feature of the day was the bank statement, which shows a decrease in loans of \$12,507,000, a decrease in deposits of \$67,700,000, and of time deposits \$6,200,000, and an increase in reserves of \$107,500,000. Much adverse criticism has been made this week of the lack of management by the New York financial institutions of the call money market. Money has been difficult to obtain at 10 per cent. and freely offered at 2 per cent. all within the same week. Such a condition in the other money markets of the world would be impossible and such uncertainty as exists here militates against financing in this centre. The market closed steady. Sales, 20,200 shares.

Table with columns: High, Low, Sale. Lists various stocks like Alaska Gold, Am. Beet Sugar, Am. Sugar Life, etc.

NEW YORK CURB PRICES.

FINANCIAL NEWS

MONTREAL STOCKS SEPT. WHEAT STRONG FEATURE AT CHICAGO

(By Burdick Bros. & Brett, Ltd.) Montreal, July 21.—The steel shares, which were rather weak in yesterday's local trading, showed a considerable strength to-day and trading in them was a little more active. Detroit United and Ogilvie Milling were other strong features, while the balance of the market was quiet. It is pointed out that the next instalment of the American Liberty Loan will come on the market during September, and it was felt that the Canadian loan should be floated before September if the Government is desirous of securing subscriptions from the United States.

Table with columns: High, Low, Sale. Lists Montreal stocks like Bell Telephone, B. C. Fish, C. P. R., etc.

Wheat continued strong to-day, the September option showing the most activity, advancing to \$2.57, a gain of 2 cents over yesterday's price. Corn was active and firm throughout the greater part of to-day's session, reacting slightly in the last hour and showing a fractional loss for the day. Oats were strong and at one time showed a material advance but reacted slightly, closing at a small advance.

TO-DAY'S TRADING ON THE WINNIPEG MARKET

Winnipeg, July 21.—When it was announced on the exchange this forenoon that the Board of Grain Supervisors had fixed a maximum price of \$2.30 a bushel for wheat to be effective August 1, buyers who had been bidding immediately became inactive and holders became anxious to sell. As a result prices dropped. It is said that as high as \$2.51 was bid at the opening of the session on July basis, but there was a reaction to a point around \$2.40 to \$2.41 when the news of the Board's action became known. October also fell one cent from the opening quotation. All grades of oats were in demand at higher prices and flax also was wanted on a strong and rising market. Millers and a few exporters are in the market, but the volume of business being done is not large. There was nothing doing in barley. Cash wheat closed 3 cents lower than yesterday, at \$2.49. Cash oats closed 4 cents higher than yesterday. July oats closed 1/2 cent higher, at 79; October 1/2 cent higher, at 81; and December 1/2 cent higher, at 82. Barley closed 1/2 cent higher, at 124; July flax closed 1/2 cent higher, at 29; October 1/2 cent higher, at 29; and December 1/2 cent higher, at 29.

Wheat—Open, Close, Oct. 229, 229; Cash, 78, 79; July, 78, 78; Oct., 81, 81; Dec., 81, 81.

HEALTHY REPORT ON WORK OF RETURNED SOLDIERS' COMMISSION

Provincial Committees Doing Splendid Service in Matter of Employment

623 MEN HAVE BEEN PLACED IN BILLETS

Completion of statistics this morning from the returns covering the month of June supplied by all branches of the Provincial Returned Soldiers' Commission, reveals a very satisfactory state of affairs from the employment point of view.

There has been a growing disposition as the magnitude of the task and duty has been better understood to give every possible opportunity for the man from the front.

The total number of men on the Commission's records are 1,915; of these have been invalided home to Canada from overseas for various reasons 1,634; 26 men have been recalled for duty in Canada, and 27 have taken their discharges and returned home on account of stoppage of working pay.

There are 728 men undergoing treatment at the Convalescent Hospitals and Sanatoria operated by the Military Hospitals Commission in the Province, and 48 men belonging to British Columbia have been diverted to that Commission's institutions in other provinces.

Good Service—Five Unemployed. That good service has been rendered by the local employment bureau, acting as sub-committees of the Commission through the province, is evidenced by the fact that civil employment has been provided for 623 men; of these, 591 are men returned from overseas and 32 men who have not been overseas.

A Jewish Palestine

The Return to the Promised Land By H. Sacher in 'The London News' and Leader.

In the eyes of all the world a Jewish Palestine has now become practical politics. Dr. Weizmann, the President of the English Zionist Federation, has publicly announced that the British Government stands for a Jewish Palestine, and that the Head of the Catholic Church contemplates a Jewish Palestine with the utmost benevolence.

To realize the aspiration has not been easy. There have always been some Jews in Palestine since first their fathers entered the promised land, and as late as the seventh century, certainly, the hope still lived of restoring the Jewish state by some swift stroke of arms.

The terrible pogroms of the '90s in Russia changed a trickle into a torrent. All over Russia and South-eastern Europe, and to a lesser degree in Western Europe, the traditional passion for Palestine expressed itself in an effort to recreate in Palestine a home not only for the Jew, but for the tortured soul of Judaism.

Jewish resettlement in Palestine was and is the purest of democratic movements, and only that quality and the fire of a great ideal carried it through the martyrdom of the early years to assured success.

BUGLAR NOT FOUND

Equimault Case is Still a Mystery to Police Who are Investigating

No definite trace of the burglar who is supposed to have entered the drug store owned by H. W. Brown & Co., at the corner of Equimault Road and Head Street, has been found as yet by the district police, who are working on the matter, according to a statement issued by Chief Palmer, of Equimault, this afternoon.

PUBLIC MARKET

The demand for fruit, vegetables and dairy products was very gratifying to the stallholders at the weak end public market. Citizens attended in highly satisfactory numbers and were pleased with the excellent display of wares that met their view.

**GERM OF ERUPTIVE  
TYPHUS IS ISOLATED**

Important Discovery is Made By Japanese Doctor; Combat War-Pestilence

The germ of eruptive typhus has been discovered in Tokio, it is claimed, by a Japanese medical man. This terrible infectious disease, particularly destructive in the trenches on all fronts, and among the civilian population also in Roumania and other Balkan countries, has many names—"spotted fever," "jail fever," "camp fever," "ship fever," etc.—and has always accompanied war and famine, owing to lack of sanitary improvements in Slav countries, it has always been peculiar to Eastern Europe.

News Arrived Yesterday. News of the discovery was brought on the inbound Japanese liner yesterday afternoon. The credit of the discovery rests with Professor Kenzo Futaki, who has been engaged in three years' original research work in the Japanese Imperial Government laboratory.

The germ he has isolated is known as Spirochaeta Exanthematyphus. In a series of patients who have died from Eruptive Typhus he has clearly demonstrated the presence of this spirochaete in the kidneys of the bodies examined. Professor Futaki has succeeded in infecting a number of monkeys and Guinea pigs with the spirochaete taken from the Eruptive Typhus patients, and from these monkeys infected with the germ he has discovered the identical spirochaete.

A Demonstration. He demonstrated with sections of kidneys taken both from human bodies and from monkeys dead with the disease, to the staff of St. Luke's International Hospital just before the steamer sailed.

Dr. Brill of New York, has studied a large number of cases which apparently were Eruptive Typhus Fever, and another American physician, Anderson, has made extensive investigation into the pathology of the disease. A prominent Chicago physician and research worker, Dr. Ricketts, lost his life in Mexico City trying to discover the cause of the fever.

This new discovery of Prof. Futaki will be received with a great deal of interest by the whole medical profession of the world and it is to be hoped that this will form an important link in establishing some specific treatment for the cure of the disease. The mortality in Typhus in Japan is about 22 per cent.

Prof. Futaki is already well-known to scientific workers in the medical profession through his discovery about a year and a half ago of the cause of the fever which arises from a rat bite. This also is due to a Spirochaete, and he gave it the name of Spirochaeta Morsus-Muris (rat bite fever spirochaete).

Recently the Roumanian Government has asked the Japanese Government to send 100 Japanese doctors to Roumania to assist them in combating the disease and instituting sanitary measures to control the epidemic.

**THINKS CURFEW BELL  
SHOULD RING AGAIN**

Alderman Dilworth Refers to Question of Protecting Young Girls

"I think the Curfew bell should be revised, the by-law having fallen into disuse," said Alderman Dilworth yesterday, when a deputation from the Social Service Commission was advocating a grant to the Girls' Preventive Home in Vancouver.

The alderman went on to say that there were far too many young girls and women on the streets of Victoria after nine p. m., also at the parks at late hour of the night. Steps should be taken to see that the boys and girls went home to their parents. Many of the girls came from the American side, worked for a day or two in restaurants and similar places, and thereafter had no settled occupation.

The deputation, which was composed of Revs. Robert Connell, H. T. Archibald, and J. McCoy, appealed for a sum of \$250 to be granted to the Preventive Home for Girls in Vancouver. During the past three years a number of girls had been sent from Victoria, and no contributions made. Care was taken, said Mr. Archibald, to send them before ruin had occurred, they were cases removed from an environment which was dangerous. Last year 19 girls were sent, ranging up to 22 years of age. Younger girls were sent to school. The work was growing steadily. "We are sending," said Mr. Archibald, a constant stream of girls, and have done splendid service, the girls coming back to be useful and productive citizens." In January, he stated two girls were sent, one in February, three in March and April, one in June, and two in July.

Alderman Johns favored the grant of some assistance, while Alderman Walker gave testimony to the work which was being done.

Alderman Sargent said on the one hand they had statements of actual beneficial results, but on the other hand evidence of contributions and how they were raised should be forthcoming before Victoria gave a grant. Alderman Cameron wanted some information as to how the home was conducted, and the cost per capita. It was decided that the deputation should obtain that information, and come again to the committee in one week's time.

**A PATHOLOGIST MAY  
SOON BE APPOINTED**

Hospital Board Dealt With Routine Matters at Meeting Last Night

Following the annual assembly of the donors and subscribers, the first meeting of the Board of Directors of the Provincial Royal Jubilee Hospital was held last evening. In the absence of R. S. Day from the city George McGregor was appointed chairman.

Owing to the fact that the appointments to the board have not been made the election of officers with the exception of president, secretary and treasurer was left over until a later date. R. S. Day, J. A. Mara and G. T. Carver were re-elected to the offices of president, treasurer and managing secretary respectively.

The Board again considered at some length the matter of securing a pathologist for the hospital. Negotiations with several medical men have been in progress from time to time, but no definite arrangements have been completed with any of those consulted. A letter was read last evening from Dr. R. H. Mullin, of the University of Nevada, stating that he had noticed the fact that the hospital was about to secure a pathologist, and that he would be pleased to receive particulars concerning the position. These were forwarded to him some weeks ago, but a reply has not been received.

Well Recommended. The doctor's application if received will be considered most favorably by the Board as a result of a recommendation concerning his past record from Dr. F. F. Wesbrook, president of the University of British Columbia, read at last evening's meeting. The president speaks most highly of doctor Mullin, who is a Canadian by birth. After graduating from the University of Toronto, he worked for many years under the direction of Dr. Wesbrook in the pathological and biological departments of the University of Minnesota and assumed the latter's duties as director of the laboratories of the Minnesota State Board of Health when Dr. Wesbrook retired from that position.

The Board expects to hear from Dr. Mullin in the immediate future. Progress on the new wing of the nurses' home was reported to the meeting, and the matter of installing a three-inch stand-pipe in the building for the water supply, in accordance with the orders of the Fire Chief were dealt with. In effecting this a new line of connection with the city main will be necessary. Several members of the board were of the opinion that the regulation calling for the larger pipe was too stringent, claiming that as a protection from fire it was of little value as no nurse could handle a hose carrying a force from a three inch pipe. A special committee was appointed to deal with the connecting and installing in the most suitable manner.

Estimates Submitted. Miss McKenzie, Lady Superintendent, submitted an itemized estimate of the cost of the furnishings for the new home, amounting to \$2,195.25. The meeting authorized the committee that has been dealing with this department of the work to confirm the estimated prices, and to take what action they deemed best with regard to purchasing the furnishings.

The hospital roads for some time have been in a deplorable state, and the Board last evening appointed a committee to consider the question of repairing them. The committee has power to act.

A motion that tenders for the regular hospital necessities, such as groceries, meats, milk, etc., be called for according to the custom of past years carried. The house committee will be entrusted with the handling of the details of the matter.

Hospital Board. With the exception of the Government members who have not as yet been appointed, the following compose the Board of the hospital: Mrs. C. Rhodes, Mrs. R. F. Green, Dr. R. L. Fraser, Dr. Boyd, Dr. Lester, Dr. Watson, Geo. McGregor, R. S. Day, J. A. Mara, A. C. Fraser, F. W. Vincent, L. Tait, Wm. Mable, Thos. Shotbolt, Reeve Gordon, Andrew Wright, G. H. Brown, A. L. Kirkpatrick and R. Forier.

Nanaimo Boy Wounded. — Arthur Randle, of Nanaimo, has received official notification from Ottawa to the effect that his son Lawrence, who went overseas with the 231st Battalion had been reported as having been wounded on June 26th. In the last letter received from Lawrence he gave a graphic description of his work as a machine gunner.

REV. JNO. GIBSON INKSTER, B.A., will preach to-morrow night the last sermon of the series in "Minor Prophets and Modern Problems." His subject Sunday night will be "Reasonable Religion and Honest Dealing." His text, which is "The Greatest Saying in the Old Testament," deals with the curse of irreligious politicians and immoral merchants.

**HON. T. D. PATTULLO**  
**ON IRRIGATION TOUR**

Nothing Left to Chances; Minister and Committee Probing Orchardists' Difficulties

Commencing his tour of the dry belt of the province at Kamloops on Thursday, the Hon. T. D. Pattullo, Minister of Lands, spent the day in the interior city, leaving the same evening for Vernon and the Okanagan valley. He expects to be back in Victoria on August 3, his itinerary including visits to Kamloops, Vernon, Kelowna, Summerland, Penticton, Greenwood, Grand Forks, Trail, Rossland, Nelson, Kootenay Landing and Fernie. On his return journey the minister will visit the irrigation districts of Idaho and Washington, thence to the Island by way of the Yakima and Kittitas valleys.

Deluged With Letters. When interviewed in Kamloops on Thursday, Hon. Mr. Pattullo declared that he had been deluged with letters and telegrams from farmers and orchardists from the interior of the province beseeching the Government to do something to alleviate the conditions of men dependent upon certain irrigation projects for their supply of water. The failure of a number of the irrigation companies to give adequate service had caused a great deal of concern to the orchardists of the Okanagan valley in particular. In view of this fact and the persistence of the communities affected, legislation passed during the last session, amending the Water Act of 1914, was intended to give the Government certain powers in this connection.

Practical Methods. The appointment of Messrs. Alexander, Dwyer and Kidd this week as a committee of investigation synchronized with the departure of the minister. The new Act provides the privilege of full investigation into the affairs of any concern authorized by its memorandum of association or by an Act of the Legislature to carry or supply water for the purpose of irrigation. The findings of the committee should be all the more valuable and result in a practical solution, by reason of the first hand knowledge of conditions assimilated by the minister during his trip through the districts affected.

Will Assist Sufferer. Hon. Mr. Pattullo further observed to his interviewer: "I appreciate the stress of these people, but I am not prepared to advocate a provincial policy of assistance. The Government is desirous of assisting financially every agriculturist and horticulturist who is suffering from lack of irrigating water, or who is likely to suffer, but the idea that the Government can step in and assume the responsibility of defaulting companies must be dispelled. The Government will undertake to alleviate the distress of the man whose crops are in jeopardy, but it must be distinctly understood that such financial assistance will be undertaken only as an advance to the parties benefited, and not as a wide provincial charge. The guarantee of return of money invested must be from local beneficiaries."

The minister stopped off at Ashcroft and while there interviewed a number of representatives of the Cariboo stock country.

**UNITY AND VICTORY**

Co-operation Essential to Success in World War.

The Italian Commission has followed the British and French Commissions to the United States. Every day improves the plans of the Allies for united war action. There is to be co-operation to the fullest possible extent. The National Service Board is appealing to the Dominion for just such co-operative effort to prevent extravagance and increase investment in War Savings Certificates. The war will be won through national mobilization of human resources. The spirit that has overcome the supremacy of the Central Empires in men and munitions is the spirit that should animate the nation in responding to the appeal against extravagance, against indulgence in luxuries, against uneconomical expenditures. The financial line must be as strong as the firing line if victory is to be secured. The savings of every man and woman in the Dominion are necessary to support the tremendous expenditures involved in the prosecution of the war. Save your money and lend it to your country.
