PREFACE.

IN issuing the present volume, the publishers desire to acknowledge their indebtedness to the Rt. Worshipful John F. Burrill, Secretary of the Grand Lodge; E. Sir James H. Miles, Recorder of the Grand Commandery and Grand Council, and Secretary of the Grand Chapter; Ill. Sir Jonathan J. French, Recorder of the Grand Imperial Council, R. C. of R. and C., and to a great number of Secretaries of Lodges and other bodies throughout the State, for their fraternal assistance in its compilation.

It is presumed that the character of the work will be sufficiently apparent, even from a casual examination, to render prefatory explanation unnecessary. The general features of the present volume will be preserved in subsequent ones, with such improvements and additions as experience may suggest. The publishers are not unmindful of the fact that, in the mass of detailed information contained in the book, the first issue of the Illinois Register stands far in advance of all similar publications in other jurisdictions, and it will be a constant aim to maintain the position.

It is designed to issue the Register annually, and as soon after the sessions of the Grand bodies as practicable. Each volume will show the Grand officers for the ensuing year, the officers of subordinate bodies for the current year and the members of Lodges in good standing at the time of closing the annual reports. With the assistance of the Secretaries, in returning lists of officers and changes in membership, the work of compilation could be so greatly expedited as to ensure the publication of the Register during October.

In preparing the material for the present volume, every effort has been made to secure accuracy. It could hardly be expected, however, that so extended a list of names could be transcribed from the manuscripts of nearly nine hundred persons without errors occurring. A careful examination of the lists is requested of all interested, to the end that the necessary corrections may be made in the next issue. For obvious reasons all names borne upon the Register must come from official sources, and it is therefore suggested that communications, directing changes of any kind, be made through the Secretary, or some other proper officer, and under the official seal.

To the establishments whose advertising favors appear upon these pages, the reader is principally indebted for the almost unprecedentedly low price of the book.

NORTHWESTERN MASONIC AID ASSOCIATION.

Office, 177 Madison Street, Room 17, Chicago, Ill.

ITS OBJECTS ARE:

1st. To furnish substantial aid to the families of deceased Masons, through small contributions from each, of a large number of members.

2d. To relieve the Lodges of the heavy burdens so often imposed upon them, and to accomplish what neither the Lodges nor small local societies can do, viz.: to place such families safely beyond the reach of want or the need of Lodge assistance.

3d. The general elevation of the Fraternity, by reducing the expense to *actual cost*, and so low as to enable every member to provide protection for his own family, and thus maintain a manly self-reliance.

The Association is not restricted to any territorial limits, but admits only carefully selected risks, from all healthy portions of the country, extending now from Maine to California. Thus local epidemics have no marked effect upon the average death-rate, and the membership can be more surely kept up to the maximum needs of the Association, both very important considerations.

The membership is unlimited, which admits of a constant influx of newly examined, healthy members, and this keeps down the average of deaths; and the *expense is limited*.

The experiences and statistics of many years prove, beyond question, that, by this means, these benefits can be, and are secured to our families at an annual expense of from \$6 to \$18 (according to age of members) for each \$1,000, so secured, or about one-third the cost of ordinary life insurance.

This Association is designed to furnish as high as \$7,500 benefit to the families of those who wish to pay for as much, and smaller sums as required.

Confined exclusively to Masons and purely fraternal.

Full particulars sent free on application to the Secretary.

DANIEL J. AVERY, *Pres't.*
T. B. BROWN, *Vice Pres't.*

WM. ALDRICH, *Treas.*
J. A. STODDARD, *Sec'y.*

STILL ANOTHER EUROPEAN TRIUMPH.

At the INDUSTRIAL EXPOSITION, held this year (1875) in Linz, the Capital of Upper Austria, the MASON & HAMLIN CABINET ORGANS have just been awarded the GRAND SILVER MEDAL OF HONOR, being the highest award for instruments of this class.

Constantly Exhibited at the Principal Industrial Expositions of America, they have always received Highest Compensations.

THE MASON & HAMLIN ORGAN Co. have the pleasure of announcing as now ready, several of the MOST IMPORTANT IMPROVEMENTS EVER MADE. The PIANO HARP CABINET ORGAN is an exquisite combination, the introduction of which marks a new era in the manufacture of instruments of this class. The IMPROVED VOIX CELESTE is an improvement upon previous stops of this name or general character, which must delight all who hear it. The ETAGERE ORGAN presents an appropriate union at once useful and elegant.

MANY NEW STYLES OF ORGANS JUST INTRODUCED, varying from plain to highly ornate; embracing a higher degree of excellence than has been before attained in instruments of the class.

The Mason & Hamlin Cabinet Organs are now sold for monthly or quarterly payments, or are rented until rent pays for them.

To Provide for their Families.

BENEFITS PAID, | **ORGANIZED,** | **SURPLUS (Dec.'75)**
\$385,597.54. | **March 9th, 1871.** | **\$39,079.40.**

The Illinois Masons' Benevolent Society

IS INCORPORATED UNDER THE LAWS OF ILLINOIS.

OBJECT.—To afford financial aid to the widows and orphans of deceased members.
MEMBERSHIP.—Applicants for membership shall be Affiliated Master Masons, residents of the State of Illinois, and between 21 and 60 years of age (they may, however, be affiliated with a Lodge in any other jurisdiction). Members are not required to remain affiliated, nor are they restricted as to occupation, residence or travel.

FEE for membership, Six Dollars.

DIVISIONS—The Society has four divisions: First, 5,000; Second, 3,500; Third, 2,500; Fourth, 1,500 members.

CLASSIFICATION.—Members in each division are classed according to age, viz: 21 to 30, 31 to 40, 41 to 50, 51 to 60, inclusive.

BENEFITS in any division are based upon the NUMBER OF MEMBERS AT THE DATE OF THE DEATH OF A MEMBER, and the surviving members of THE DIVISION TO WHICH DECEASED BELONGED are assessed 90c., 95c., \$1.15, \$1.50, according to class. For those who fail to pay such assessment recourse is had to surplus to make up such deficiency. Each division is independent of the others. Applicants can join any or all divisions—fee same in each, or \$4 for all the divisions.

The Society is now established on a firm and lasting basis, and in a highly prosperous condition. Its membership now numbers near 5,000.

Has paid benefits to families of NINETY-SEVEN deceased members, amounting to \$385,597.54, an average of over \$4,000 to each. Its surplus is \$39,079.40.

A portion of this surplus is invested at interest, which, with prudent and careful management is continually augmenting, thus affording its members protection and security in case of emergency. The ratio of expenses to income, it will be seen by reference to last annual report, were but 8 per cent., 82 per cent. paid in benefits and 10 per cent. added to surplus. The rate of mortality is low, even lower than the experience as given in mortality tables, hence we may justly claim this society affords its members their insurance at the lowest possible cost, and is the cheapest and best mode to be found. Whatever SURPLUS accrues after benefits, and the necessary expenses in conducting the business are paid, BELONGS EXCLUSIVELY TO THE MEMBERS.

MONTHLY STATEMENTS in detail, showing the receipts and disbursements, are SENT EACH MEMBER, by means of which they are kept fully advised in respect to all the transactions of the Society. Each member has a voice in the choice of Directors and Officers, as well as all matters pertaining to the business of the Society.

Great care is exercised in the admission of members, hence the new members and lapses maintain an average age, and rate of mortality.

The Directors and Officers are sensible of their responsibility, and nature of the trusts committed to their care, and will faithfully endeavor to maintain, during their official terms, the eminent position the Society has attained.

The Society has resident agents in nearly every town in Illinois, to whom application may be made for information or membership, and the same will be cheerfully and promptly furnished upon application to the Secretary at home office.
