2. Authority for the establishment and administration of military occupation courts is contained in the reference.

3. Areas of Responsibility.

a. Commanders designated below are responsible for continuation of control and maintenance of provost courts established in accordance with the reference, in the following areas:

(1) General Officer Commanding, British Commonwealth Occupation Force: Hiroshima Prefecture and the Iwakuni Police District in Yamaguchi Prefecture on the island of Honshu.

(2) Commanding General, Northern Command: The island of Hokkaido and the prefectures of Akita, Aomori, Iwate, Miyagi, Fukushima, and Yamagata on the island of Honshu.

(3) Commanding General, Southwestern Command: The islands of Kyushu (exclusive of Fleet Activities, Sasebo), Shikoku, and the prefectures of Aichi, Fukui, Gifu, Hyogo, Ishikawa, Kyoto, Mie, Nara, Okayama, Osaka, Shiga, Shimane, Tottori, Toyama, Wakayama, and Yamaguchi (exclusive of Iwakuni Police District), on the island of Honshu.

(4) Commanding General, Yokohama Command: Chiba, Gumma, Ibaraki, Kanagawa (exclusive of Yokosuka Naval Base), Nagano, Niigata, Saitama, Shizuoka, Tochigi, and Yamanashi Prefectures and Tokyo (exclusive of metropolitan Tokyo area) on the island of Honshu.

b. Authority to establish and maintain provost courts may be delegated to subordinate commanders authorized to exercise general court martial jurisdiction.

DECLASSIFIED E.O. 12065 SECTION 3 NSC 7 BY [illegible]

c. Unless otherwise directed by this headquarters, provost court jurisdiction over Japanese territory or islands not mentioned herein will be exercised by the commander authorized to exercise provost court jurisdiction whose area of responsibility is nearest thereto.

4. Command Relationship.

Occupation courts operate directly under commanders empowered to appoint same. Their relationship to commanders and to Command Judge Advocates is similar to that of military courts.

5. Local Occupation Court Administrators.

a. Commanders authorized to exercise provost court jurisdiction will designate local Occupation Court Administrators, referred to hereinafter as Administrators, in their respective areas. It is desirable to designate provost court judges or prosecutors as Administrators. Cases which cannot properly be disposed of by Japanese Courts will be forwarded to an area Administrator.

b. Administrators will recommend to the appointing authority through the Staff Judge Advocate disposition of cases brought to their attention. Cases will not be referred for trial unless the Staff Judge Advocate has determined that the provost court has jurisdiction over the accused and the offense.

c. An Administrator will not sit as a member of an Occupation Court in cases which he has recommended for trial.

d. Administrators will maintain a docket of those cases referred to Japanese procurators. The Administrator will arrange for the appearance in Japanese courts of necessary witnesses not subject to Japanese process by reason of nationality, status, location or otherwise.

6. Provost Courts will exercise jurisdiction only in cases properly referred to them by the appointing authority. An accused will normally be tried by a provost court in the area of responsibility referred to in paragraph 3, where the offense occurred; however, the Commanding General, Japan Logistical Command, may direct the transfer or reference of a case for trial to any provost court under his jurisdiction.

7. Trial of Offenses.

Provost Courts will not exercise criminal jurisdiction over persons subject to Japanese criminal jurisdiction for an offense in violation of Japanese Laws, unless authorized by Supreme Commander for the Allied Powers. Requests to assume jurisdiction in a particular case may be made by telephone or in writing to this headquarters, attention: Judge Advocate, and will contain sufficient factual information to determine proper disposition.

DECLASSIFIED E.O. 12065 SECTION 3 402 7 NARS DATE

8. Warning Against Self-Incrimination.

a. Particular attention is directed to paragraph 35 of the reference concerning self-incrimination.

b. In any official investigation conducted by Occupation Forces personnel, a person will have paragraph 35 of the reference read and explained to him before being interrogated.

9. Form of Records of Proceedings.

Notwithstanding the provisions of paragraph 46 of the reference the form of records of trial of general provost courts and special provost courts will contain either a verbatim transcript of the proceedings or a summary of the entire proceedings of the court and all evidence considered by the court.

10. Reviews of Records of Trial.

The Staff Judge Advocate will submit a written review of the record of general provost courts and special provost court trials to the reviewing authority. The review will include his opinion as to the adequacy and weight of evidence and the effect of any error or irregularity respecting the proceedings and specific recommendation as to the action to be taken.

11. Action of Reviewing Authority upon Disapproval of Sentence.

In those cases in which the reviewing authority disapproves a sentence to confinement, in addition to the formal action disapproving the sentence to confinement which is required to be filed with each copy of the record of trial, the reviewing authority will cause a letter to be addressed to the warden or other authority in charge of the place of confinement, informing him of the action taken and requiring said official to release the prisoner forthwith if a re-hearing is not ordered in the case.

12. Action of Reviewing Authority in Vacating Suspended Sentences.

Notwithstanding the provision of paragraph 50b of the reference concerning the vacation of the unexecuted portion of suspended sentences, a reviewing authority will not vacate the suspension of a sentence which has been imposed by an occupation court unless the act for which the suspended sentence is vacated was committed subsequent to the time the suspended sentence was imposed. The order will be distributed as prescribed for records of trial in paragraph 47 of the reference and, where applicable, paragraph 50c of the reference.

DECLASSIFIED E.O. 12065 SECTION 3 402 7 NARS DATE

13. Places of Confinement.

a. Pending action of reviewing authority, occupation court prisoners will be confined within the area of responsibility of the reviewing authority.

b. Subsequent to action of the reviewing authority, a duplicate or certified true copy of the record of trial will be forwarded to the place where the prisoner is confined, and will accompany the prisoner upon transfer to any other places of confinement.

14. Post-Trial Responsibilities.

a. Administrators are authorized to examine the records and to interview wardens, persons under sentence by occupation court, and other persons for the purpose of securing data upon which to base recommendations to proper authorities for action authorized in paragraphs 50b and 50d of the reference.

b. To ensure compliance with paragraph 54 of the reference, periodic visits will be made by Administrators to stockades, prisons, or other places where occupation court prisoners are confined.

c. When observations made on these visits indicate that the provisions of paragraph 54 of the reference are not being complied with in Japanese prisons or other installations where occupation court prisoners are confined, a written report will be made direct to the Chief, Civil Affairs Region charged with surveillance of the functions of the Japanese Government in that area. The report will include a description of the conditions observed and recommendations for corrective action.

My husband, CHO SHUN KEN, tailor having been involved in the narcotic case was examined on 5 January 1950 and sentenced on 18 January to 3-year imprisonment and is now serving his sentence. We were badly off even while he was working for a living. Much more so since his absence from home as we have had no income at all. We spent all our savings and at present are unable to subsist ourselves by selling our belongings. Moreover, we have been in debt already and can not borrow any more money.

I am sure my husband must have been reformed by this time. So making inquiry into the real condition please arrange the matter so that my husband may return home as soon as possible.

Weekly Report note.

Mr. Baugess called to ask disposition of two cases of merchant seaman "employed on U.S. government owned ships". Mr. Bassan ~~xx~~ LS on 27 Dec ruled that all merchant seaman are now under the jurisdiction of the Japanese courts. However Cir. 14 JLC dated 21 Dec 50 makes an exception in cases where the seaman are on "government owned ships" and states that they should be tried in occupation courts. We advised Mr. Bauguess to follow the circular and have the cases handled by occupation courts. A call has been made to Mr. Basson calling his attention to this Cir, who said he did not see the Cir. and thanked us for info.
