To : The legal and Gov't Officer of the Kyushu Civil Affairs Region

From : KIN SHU TAI, No.3, 2 chome, Kubo Machi, Nagata Ku Kobe

Subject : Petition asking release of my son KIN TEI KAN, 19 years old (Full year)

Dear sir ;

I, the undersigned, hereby submit a petition asking your kind consideration for my son, KIN TEI KAN, who is my only a relative in the world and is now confined in Hario Deportation Camp, Nagasaki.

I have been in Japan for about 15 years.

I left my wife and son, the above person, in Korea when he was 5 years old and came to Japan to study.

I was very ambitious at that time.

Though I entered some Japanese shool, studying at night and working in the day time, it was quite difficult for me to continue that without any money from my home in Korea.

I gave it up and worked hard. Now I have a prosperous business and am well off as the president of the Minato sewing machine manufacturing company in Kobe.

Of course, I went home twice, when my wife died and the other time before the War.

And I had been very anxious about my son I left in Korea. He had been depending upon his grand-mother.

2nd 1 To make the matters worse, my mother, his grand-mother

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 715073

died last year.

My son didn't know what to do. Also there was no way for me to help him. Because we, Koreans in Japan, can not send money to Korea.

At last, he sold up all the property he had and came into Japan to rely upon me.

And then he was arrested. I can't sleep well when I think of my son these days.

I need him and he needs me.

I don't care if I lose all of my property for getting my son to me and living together.

I am just impatient and am thinking of doing the best for him.

I don't know what to do.

But somebody told me to submit a petition to you and ask your very kind consideration.

That's the reason why I brought this petition here sir.

He is young. I'm afraid if it is very difficult for you to consider release of young fellow like my son.

But now I know no way except, respectfully and cordially wishing you to do something for my son.

Thank you very much sir.

yours very truely

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 715073

Progress of the dissolution of the Korean League and the attitude of Koreans in Kyushu

Each prefectural government had completed the procedure of taking over the properties of the Korean League's prefectural headquarters, branches, sub-branched by 11 September, except in Nagasaki prefecture.

In taking over branches and sub-branches of the league, government officials encountered no illegal resistance except at Yahata (Fukuoka prefecture) and Arisa village (Kumamoto Pref.). Progress made in each prefecture is as follows:

Fukuoka

Seizure of the property owned by the prefectural headquarters was completed on the afternoon of 11 September. Seizure of the properties of all the branches and sub-branches was completed on 11 September. Eleven Koreans were arrested in Yahata, for interference with the exercise of official duty, on the morning of 9 September. No difficulties were encountered elsewhere. Of the 104 league members arrested on 8 September, 89 were released on the following morning, due to lack of evidence. The 15 were turned over to the procurators office, and 2 were released. So 24 are now detained in Fukuoka Prefecture.

Nagasaki

Taking over of properties of all the branches and sub-branches were completed on 12 September, except in Tsushima where the authorities concerned are expected to go into action on 13 September.

Three persons arrested on 8 September were 2 Japanese Communists and 1 Korean women, who are still under detention.

Saga

Properties of branches and sub-branches were seized on 8 and 9 September. Everything went smoothly.

Kumamoto

Properties of branches and sub-branches were all taken over on 9 September without difficulty, although at Arisa village 1 Korean was arrested for committing injury. 47 league members who were arrested on 8 September are still detained.

Kagoshima

Properties of both the prefectural headquarters and all the branches were taken over during the night of 8 September.

Miyazaki

Properties of all the branches were taken over by 11 September.

Oita

Officials completed their work of taking over the property of the prefectural headquarters on 9 September and took over the properties of all the branches and sub-branches by 11 September.

Encl 1-5

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 715013

Reports have been received by the N.R.P. headquarters concerning meetings of Koreans held under names other than the Korean League, such as a meeting of the fathers and brothers association of a Korean school (Yahata), people's convention for opposing high-handedness of the government (Kagoshima), etc. a report from Miyazaki says that 43 ex-Korean league members including the chairman, has formally joined the Communist Party. It is thought likely that the same trend exists in every prefecture. The N.R.P. regional headquarters believe that attempts will be made in the future for preserving the substance of the Korean League, by forming relief associations, commercial concerns, and the like. Though no such move has been detected yet. Leaders of the dissolved league remain unexpectedly calm, as instructions from the Tokyo Headquarters seem to have reached them ordering them to act calmly and avoid to be taken in by provocations of the Japanese authorities. In the future, Koreans will try to make petitions to prefectural governors in public demonstrations and hold popular meetings, though so far nothing of the sort has been made.

1. The tendency of many Koreans in Japan to accept subversive ideologies can be offset greatly if they are made to feel that they are an accepted part of the Japanese community, that they have essentially the same rights other than voting and holding public office and are eligible to receive the same assistance and benefits under Japanese laws as Japanese citizens. This can be accomplished by Japanese officials through an enlightened public welfare and educational approach.

2. Civil Affairs surveillance of public welfare and labor offices should be maintained with the aim of correcting any undesirable attitude or discrimination toward Koreans that may exist. Meetings should be encouraged between Japanese public welfare officials and responsible representatives of the Koreans to discuss the best ways and means of informing the Koreans of their rights.

3. Participation in the I Corps Adult Education Course by Koreans is suggested. I Corps is now working on a Korean translation and publication of the I Corps Adult Education Course in Democracy for the common man. The book should be available for use in late October.

Attn: Civil Affairs Section

1. The petition of Ko Taishu, requesting the release of his brother, Ko Tai Kei, from Kurio is forwarded as inclosure 1.

2. The petition details a repetition of the injustice carried out by the Japanese Government in pre-War day shifting Korean individuals and groups without respect for home, family, or economic necessity. The subject of the petitioner's request should have been returned to Japan at the close of the war. His health is seriously impaired and his mother and brother should be permitted to have him reunited with them on purely humanitarian grounds.

SUBJECT : Petition asking release

Aug. 9, 1949

Sir :

A Stowaways in question :

Names	:	KO Keisei, aged 59
		KO Biei, aged 8
Address	:	c/o Miyazaki Hospital, Orio, Yawata-shi
Permanent domicile	:	Seiki-ri, Seiki-men, Saishu-Minami-gun, Saishudo, Korea

I, the undersigned, son of KO Keisei and father of KO Biei, hereby respectfully submit a petition asking for your special and generous consideration into the case against the above persons.

My mother, KO Keisei, came to Japan in 1932 and since then she had been living at No. 15 Ikaino-Naka 5-chome, Ikuno-ku, Osaka-shi until the termination of the war.

I have been running an iron works at No. 1 Ikaino-

Higashi 4-chome, Ikuno-ku, Osaka-shi since about 1937.

After the termination of the war, the Koreans in Japan thought that they had to repatriate to Korea and as my daughter KO Biei did not know the Korean language I thought that she must be taught the Korean language at the same time must also be educated in Korea. So I let my mother and my daughter repatriate to Korea. We, husband and wife and other members of my family were staying in Japan, being unable to abandon the business which was the only result of my painstaking efforts for more than ten years and the state of affairs turned favouraoly for us and now we need not go home country.

However, my mother and my daughter who went to Korea were waiting for us every day to join them. Moreover, I could not send money to them and they had no one to rely upon in Korea and they soon became unable to get their living expenses. They sold their clothings one by one to get their living expenses and at last they have sold them up and as there was no means to live there they came to Japan to rely upon me this time, though it is not lawful.

They left Fusan on 31 July and my mother felt a pain at the chest and when she landed at Japan she was very sick and she could not move. She was arrested and taken to the Yawata Police Station. Her condition thereafter

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 715013

is mentioned in the medical certificate attached hereto.

The doctor says that she requires a medical treatment for at least one month and even after leaving the hospital, she must take good care of her health for two or three months, otherwise it is difficult for her to go on a long journey. When I think of my mother and my little daughter, I feel broken-hearted.

As mentioned above, they have no one to rely upon in Korea.

Such being the circumstances, I hereby respectfully ask and entreat that you would be kind enough to take the above into consideration and be also kind enough to liberate my mother and my daughter as soon as possible.

Respectfully submitted,

Very truly yours,

KO SHINRYU

For three days from July 31, she was on board a ship and the wind and seas made her exhausted mentally and physically. On Aug. ∉ 3 when she landed at the coast of Okagaki-mura, Onga-gun, Fukuoka-ken, she was moaning bitterly with pains at the bosom. Since then, she had been taken in the Protection Room of the Onga Area Police Station. 12 August 1949

SUBJECT: Petition From Parents of Child Held for Illegal Entry

TO: Commanding General
Eighth Army, APO 343
ATTN: Civil Affairs Section

Fnclosed is a petition from Mr. and Mrs. Ko, parents of a 14 year old Korean girl who is being held at Hario Deportation Center for illegal entry into Japan. The parents beg that she be allowed to rejoin them in their home in Osaka City. Osaka Civil Affairs Officials concur in this request.

a. Names:

Ko, Seki Hichi, father (36 years old)
Ko, Jo Ju Kyo, mother (36 years old)
Ko, Ryo Jun, daughter (14 years old)

b. Parents born on Saishu Island, Korea
Daughter born in Osaka, Japan 25 September 1935

c. Address of parents in Osaka:

15 Nishi, 1 chome, Ikaino
Ikuno-ward Osaka City, Japan

d. Present occupation: father owns a rubber manufacturing business in Osaka City.

e. Statement of compassionate reason:

Ko Ryo Jun, attempted to make an illegal entry into Japan from Korea to return to her parents. She was arrested by Japanese police in Tokushima Prefecture 28 July 1949 and referred to Hario (Hainosaki) Deportation Center on 30 July 1949. The parents appealed to the Chief, of the Abeno Child Consultation Center, Osaka City, who made a thorough investigation of the following facts:

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 715013

Mr. and Mrs. Ko came to Osaka City from Korea in 1934. They have lived at the same address (c. above) since then and are legal residents of Osaka. Their daughter Ko, Ryo Jun was born at that address. She attended Tsuruhashi Japanese public primary school, going through the third grade. In 1945 she was sent to relatives in Korea, at the time when all primary children were evacuated from Osaka because of the bombings. She completed primary school in Korea and is ready for high school but the relative is too poor to send her, in fact cannot continue to take care of her. She was attempting to return home to her parents when she was apprehended.

Her parents are very anxious to have her with them where they can care for her and send her to high school. Her report cards from Korea which her parents have, show her to be a good student. They are find people and financially well able to care for and educate her. Their only other child is a boy about four years old.

f. After thorough investigation, the prefectural child welfare center referred the parents to Osaka Civil Affairs Public Welfare section with a request that Ko, Ryo June be permitted to return to her parents because she is a minor and not legally accountable for her action and because it is best for her to be with her parents. Osaka Civil Affairs Welfare Officer has interviewed the parents and studied the situation and concurs heartily with the request.

SUBJECT: Clarification of Policy

TO : Commanding Officer, Kyushu Mil Govt Region, APO 24 Unit 5

1. On 9 June 1949 Major Knight, Legal and Government Officer of Fukuoka Military Government Team requested this Headquarters to obtain a temporary release of KU KO NIN from the Hario Repatriation Center. Ku Ko Nin is a Korean woman who is legally registered as a resident of Japan. She was sent to Hario by the Japanese police, without the approval of Fukuoka Military Government Team and in violation of Japanese Ordinance 207 relating to registration of aliens, dated 2 May 1947.

2. On the above date 1st Lt. Wilberger, the Officer in Charge at Hario, agreed to temporarily release the said woman upon receipt of the written request of Military Government. The request was delivered to Hario on 10 June.

3. On 13 June Lt. Wilberger informed this Headquarters that he had not released said woman because he was ordered by Captain Webel, G-2, 24th Infantry Division not to do so. This Headquarters attempted to contact Captain Webel regarding his order and was unable to do so for several days thereafter as Captain Webel was on leave.

4. During the past week this office contacted Captain Webel who confirmed Lt. Wilberger's statement and further stated that Military Government had no authority to request the release of people held in Hario and definitely indicated that such requests, if made, would not be honored. Although Captain Webel credited this policy to a verbal directive of Major General Smith, former Division Commander, all requests from this Headquarters have been honored in the past.

5. Military Government is charged with the responsibility of exercising surveillance over the Japanese police to determine the degree of compliance with SCAP Directives, O. D. 28, Headquarters Eighth Army, dtd 2 June 1949, Administrative Order 22, Headquarters Eighth Army, dtd 15 March 1949.

6. Violations of Japanese Ordinance 207 by the Japanese police is a failure to comply with the directives of SCAP and the direct responsibility of Military Government. Lack of cooperation by the G-2 of the 24th Division, as stated in Paragraph 4 above, prevents Military Government in Kyushu from fulfilling its mission.

SUBJECT: Violation of O. D. No. 28

TO : Commanding Officer, Kyushu Mil Govt Region, APO 24 Unit 5

1. This office has received reports from Kagoshima and Fukuoka Military Government Teams that the National Rural Police in their Prefectures are distributing orders to all police stations directing the police to prohibit any Korean who is arrested and charged with illegal entry from communicating with any person while he is so held.

2. Investigation discloses that said orders are being disseminated; that the order originated with the Chief of the National Rural Police in Nagasaki Prefecture on 6 June 1949; that the chief received the order as an instruction from 1st Lt Wilberger stationed at Hario Repatriation Center; that Lt. Wilberger issued said instructions at the direction of Captain Webel, G-2, 24th Infantry Division and with the concurrence of the S-2, 34th Infantry Regiment.

3. The Japanese Constitution and Code of Criminal Procedure guarantee to the people of Japan the right to consult legal counsel at any time. The foregoing right is extended to other legal residents of Japan including Koreans. The right to consult counsel includes the right to communicate with relatives and friends for the purpose of securing counsel and other purposes.

4. It is the opinion of this section that the order described in Paragraphs 1 and 2 above is illegal and directs the police to violate the legal rights of the people of Japan.

5. It is submitted that said instruction is a violation of O D 28 dtd. 2 June 1949, par 3. The instruction is not from Military Government and is not designed to effect compliance with any SCAP directive. The instruction is not from the Provost Marshal and is not related to routine police activities of mutual interest to military police and Japanese police.

HQ NAGASAKI CIVIL AFFAIRS TEAM, APO 24 Unit 5, 15 July 1949

TO: Commanding Officer, Kyushu Civil Affairs Region, APO 24 Unit 5

1. In compliance with basic communication the following report is submitted:

a. On 10 Jan 1949, the Hoichi-maru drifted in to the Tsutsu harbor, Tsushima, and the occupants were apprehended as illegal entrants and sent to Hario for deportation.

b. The boat was confiscated by the NRP at Tsutsu and taken to Izuhara where the custody of the boat was given to one, Akishiro Akise, chief director of the Izuhara Kokubu, a commercial cooperative union who is at present renting the boat out. The boat is in usable condition.

c. Investigation discloses that an order from the Commanding Officer of the Tsushima Detachment of the 34th Infantry was given to the effect; that regardless of circumstances in the future, even though they are drifters, all Koreans who should enter Japanese Waters will be treated as illegal entrants and should be repatriated to Korea by way of the Hario Detention Camp. This order was not cleared through this team and its existence was unknown until this investigation took place. This order was rescinded upon the discovery of its existence.

2. Inclosed is the report of this apprehension as sent to Kyushu Military Government Region disclosing the names of all personnel aboard and description of the boat Hoichi-maru.

SUBJECT: Policy Concerning Koreans Who are Legal Residents of Japan

THRU : Commanding General, I Corps, APO 301

TO : General Headquarters, Supreme Commander for the Allied Powers, APO 500

1. There are now in Japan an estimated 548,364 Koreans who are legal residents of Japan. For many years, while Korea was under the domination of Japan, Koreans and Japanese traveled freely and frequently between the two places. One of the results of the freedom of communication between Korea and Japan was to greatly entangle the relationships of the two peoples - family, business and property relationships.

2. Because of the unsettled condition of the Korean-Japanese relationships, there frequently exist strong compassionate reasons for Koreans resident in Japan returning to Korea for the purpose of adjusting said relationships. Frequently in those cases, with typical Korean disregard for consequences, the nine-hour trip is made illegally to Korea. The temptation to travel to Korea illegally is strengthened by the ideas that, if apprehended while attempting to go to Korea the punishment given will not be severe, and if apprehended while returning to Japan, they can prove by registration certificates, etc. that they are legal residents of Japan and therefore consequences will not be severe.

3. The volume of traffic between Korea and Japan, despite directives to the contrary, is admitted to be large. The aforesaid condition is accounted for by the fact that the directives attempt to prohibit a firmly established custom, which prohibition is regarded by a large number of people as facetious. The attitude of the people is strongly supported by the fact that no serious attempt is made to enforce the prohibition since the machinery for control of traffic between Korea and Japan is entirely inadequate.

4. Illegal exit is a violation of a SCAP directive, triable and punishable in a Japanese Court only, unless specific permission for trial in a Military Court is granted by Eighth Army. The punishment given by the Japanese court cannot include deportation. Prison sentences are discouraged by the fact that all of the prisons are greatly overcrowded and the space is needed for vicious criminals.

5. The violators cannot be deported legally, as illegal entrants, because they are in possession of the necessary documents to prove legal residence in Japan, ration books, registration certificates, and certificates showing the specific location of their homes in Japan.

6. Because of the highly unsatisfactory situation described above, it is requested that policies similar to the following be announced by General Headquarters, Supreme Commander for the Allied Powers:

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 715073

BASIC: Ltr, Kyushu MG Region, APO 24 Unit 5, Subj: "Policy Concerning Koreans Who are Residents of Japan", dtd 31 May 1949

a. That travel by Koreans from Japan to Korea and vice versa for 60 to 90 day periods for compassionate reasons is authorized. (It is suggested that, in line with the present United States policy of favoring non-comminist groups and countries, the machinery for authorizing travel include the appointment of the President of the Korean Resident's Association, a non-communist group, or a committee designated by him to screen and place recommendations upon applications for permits to travel before sending the request to the Supreme Commander for the Allied Powers authority for approval).

b. That illegal exit or attempted illegal exit from Japan by a non-Japanese resident of Japan is an act which constitutes avoluntary surrender of his registration in Japan. All of the rights and privileges resulting from said registration are surrendered and he shall be considered as an illegal entrant subject to deportation by the Japanese.

3. The entry and exit of all individuals into Japan is controlled by the Supreme Commander for the Allied Powers as provided in reference 1a. Dear Sir:

Referring to the application which is returned to you herewith, I am happy to advise you that there is a special Korean mission in Tokyo whose special duty it is to handle all export and import matters for South Korea. If you will address that part of your application which refers to export to Dr. Jané, Korean Export-Import Mission, Tokyo Office, ECA, SCAP, APO 500, I am sure he will advise you concerning the shipment you propose.

Concerning that part of your application which refers to distribution of American goods sold to Japan, the following principles govern the allocation of such goods: American goods released or sold to the Japanese are distributed as incentive goods to stimulate production in important industries. These goods are distributed to workers regardless of nationality, and Koreans working in such plants or industries undoubtedly receive their fair share. In order to stimulate industry and to stabilize the economy, it is important that these goods be used to boost production and be shared equally by all competent workers in key industries regardless of nationality.

The disposal of cargoes of vessels engaged in smuggling is made by judgment of Japanese or Provost Courts, depending upon the nationality of the vessels concerned. The judgments of these cou rts are governed by the legal codes proper to Japanese courts and provost courts, and this headquarters, of course, cannot interfere in such judgments.

The Occupation Forces have done all in their power to assure equitable treatment of foreign nationals in Japan, and it is believed that generally such equitable treatment has been successfully effected. Any specific instances of inequitable treatment
