CALL: SEAHORSE RED

A/C NO, PILOT TO TOT TOR

MB-14 Bennett 1350 1500 1630

MB-2 Griffith "

Japs. S/H Red "2" circled the target once and then started it bombing and strafing run. All twelve bombs were released on this run and hits were observed to be in the prescribed area. At least 100 persons wearing dark clothing were seen in the town. S/H Red "14" made two runs, dropping three depth charges on each run. After the release from 2500', the a/c dropped down to make its strafing runs. Two houses were set afire. As the return to the base was being made, a brand new stockade was seen in the small town five miles south of Malbel. A half circle of new buildings and piles of new lumber surrounded the stockade.
