The Queen's Speech

Which Was Read in the House of Lords To-day Was Brevity Itself.

Further Provisions Necessary to Carry on Operations in Africa and China.

(Associated Press)

London, Dec. 6.—A few minutes after the speaker, Mr. Wm. Court Gully, had taken his chair in the House of Commons this afternoon, the gentleman usher of the Black Rod summoned the Commons to the House of Lords, where the Lord Chancellor read the Queen's speech.

The Queen's speech was as follows: "My Lords and Gentlemen,—"It has become necessary to make further provision for the expenses incurred by the operations of my armies in South Africa and China. I have summoned you to hold a special session in order that you may give your sanction to the enactments required for this purpose."

"You will not enter into other public matters requiring your attention until the ordinary meeting of parliament in the spring."

A number of ladies were present at the proceedings in the House of Lords, though the peers present numbered less than a dozen apart from the four royal commissioners representing the Queen among whom was the Duke of Marlborough.

The ceremony was very brief, the Commons returning to the lower house, and business was suspended until 3:30 p. m.

ELECTION PROTEST.

Proceedings to Void the Return of Messrs. Earle and Prior as Representatives of Victoria.

The return of Messrs. Earle and Prior for the City of Victoria will be protested, sufficient evidence of illegal practices having been obtained to void the election.

The initial proceedings will be taken this week, and as soon thereafter as possible the case will be brought to trial. The charge will be the usual one of bribery by agents, which there is believed to be no doubt whatever, and several of a more serious and direct personal character.

The effects of Victoria will therefore, in all probability, be given another opportunity to record their votes in favor of or against the Laurier government. It would be useless to speculate on what their verdict would be, but it is to be hoped that the law's delays will not protract the proceedings to such a length that a decision will not be reached before the next session of parliament.

"My Lords and Gentlemen,—"It has become necessary to make further provision for the expenses incurred by the operations of my armies in South Africa and China. I have summoned you to hold a special session in order that you may give your sanction to the enactments required for this purpose."

"You will not enter into other public matters requiring your attention until the ordinary meeting of parliament in the spring."

Roberts and The Boers

He Says They Have Been Induced to Fight by Misguided Leaders.

Britain Is Prepared to Give Them the Privileges Which Englishmen Value.

(Associated Press)

Durham, Dec. 6.—Lord Roberts, on board the Canada, has started for Cape Town. He was given an enthusiastic send off. All of the ships in the harbor were decorated with flags.

Prior to his departure Lord Roberts made a speech during the course of which he adjured his hearers to hold out the hand of fellowship to those who had been their enemies.

"When blessed peace is restored," said the Field Marshal, "you will tell them that we are all one in one country, that we have one interest and that we honor them. They have been fighting for a wrong cause, having been induced to do so by their misguided leaders. Nevertheless, we honor them for their fight for the liberty we ourselves so thoroughly believe in, and now in the spirit of liberty, truth, justice and freedom we are prepared to extend the privileges which every Englishman values to those who have been fighting against us."

Left for the Hague.

Cologne, Dec. 6.—Mr. Kruger started for the Hague on a special train at 10 o'clock this morning.

Dutch Sympathy.

The Hague, Dec. 6.—At the opening of the second chamber to-day President J. G. Gleichen said: "President Kruger arrives here to-day. He will take up his residence here. I take the occasion to propose that the chamber authorize me to welcome, in its name, the President to our country, and offer him an expression of our cordial sympathy."

The proposal was adopted amid cheers and bravo.

Afrikaner Congress.

Worcester, Cape Colony, Dec. 6.—The attendance at the Afrikaner congress today is very large. The hotels are filled to their capacity.

The Afrikaners ridicule the idea of trouble. They say they can air their grievances without resorting to violence.

They are greatly incensed at the posting of guns in position, commanding the meeting place. The slopes surrounding the town are crowded with artillery and troops, while cannon have been posted on Gallow's Hill and Prospect Hill.

BURRARD ELECTION.

Heavy-Vote Will Probably Be Cast in Vancouver.

(Special to the Times.)

Vancouver, Dec. 6.—To-day's will probably be the heaviest vote ever cast in Vancouver. Great difficulty is expected in handling the crowds. No attempt will be made to vote Japanese.

The police theory now is that Wm. Wilson, found dead on his door step two months ago, was held up by a robber, who took his money and watch, and fled from the fight and shock. Wilson's real name is Bolton. His wife, who has just been confined, will probably die.

James McKee showed fight to a hold-up man last night, and the latter fled a shot at him as he ran away.

YESTERDAY'S FAIR.

Ladies of Reformed Episcopal Church Hold a Bazaar in Philharmonic Hall.

The Philharmonic hall was crowded yesterday afternoon and evening on the occasion of the bazaar given by the ladies of the Reformed Episcopal church. Those entering the hall were much struck with its beautiful appearance. Festoons of ivy and red, white and blue bunting hung from the ceiling, while the prettily decorated stalls added to the general beauty of the scene. The flower stall, one of the best, if not the best, decorated stall in the building. The stall was presided over by Miss Hartnagel and Mrs. Schwengeler. On the lower left hand side of the hall was the candy booth and a small stand devoted exclusively to photographs of Bishopbridge.

Directly opposite was the novelty stall, and near it was a table bearing cakes and other delicacies, which was largely patronized by the many present during the afternoon.

The feature which afforded considerable amusement for the children was the fish pond which looked very natural and pretty.

The entertainment in the evening was also much enjoyed. A song was rendered by Miss Hartnagel, and Dr. Nash also contributed to the programme by giving a violin solo. Several beautiful tableaux were given and a dance was rendered by fourteen of the children of the Sunday school. The tableaux and the dance will be repeated this evening.

Lunch was served at noon to-day between the hours of twelve and two.

OPPOSITE TROUVE AVENUE.

Re-Engaged Dewet

(Associated Press)
Platt Centre, Neb., Dec. 6.—The prompt arrival of Sheriff Barnes and four deputies, summoned from Columbus, prevented lynching as the culmination of a series of shooting affrays here yesterday. The town is greatly excited.

W.W. J. Gentleman, a wealthy stockman, who caused the trouble, held the entire village at bay and shot four men, one of whom may die. Gentleman, inspired by a grudge over a cattle suit, several months ago, attacked Martin Burns, a farmer, on the street. Infuriated after the fight, Gentleman secured a shotgun and went in search of his enemies. He entered a blacksmith shop of S. Olson and shot the owner. Marshal Hayes tried to arrest him and was shot in the back. Finally the man was taken to jail and then drew a revolver and shot into the crowd that had gathered, and Henry Lance and Robert were badly wounded. The sheriff and four deputies arrived from Columbus in response to urgent summons, and the prisoner was spirited away in a carriage.

EXECUTING REBELS.
Berlin, Dec. 5.—The Chinese minister here has handed the foreign office officials a telegram from Li Hung Chang to the effect that Shih Lang, the new governor of Shensi, has publicly executed upwards of 50 rebel leaders. He also asserts that he is otherwise acting with the greatest severity in the suppression of the Boxers, and energetically protecting the missions.

HALLIFAX, N.S., Dec. 5.—The Allan Parisian, with Rear-Admiral Bickford, who is going to Esquimalt to take command of the British Pacific squadron, arrived here this morning. Admiral Bickford is accompanied by Paymaster R. Clintonbaker, R. N.; W. R. Hodder, R. N.; H. W. Woodward, R. N.; Capt. C. R. Keppel.

The Parisian was delayed 28 hours by the cylinder head blowing out, which caused some anxiety in the city. The steamer came up to the dock under her own steam.

Twenty invalided Canadians were also on board.

BOLD ROBBERS.
Two Attempts Made to Hold Up Cars in Chicago.
(Associated Press)

Chicago, Dec. 6.—Two attempts were made to hold up cars on the west side last night. The first was productive of a fight and the final capture of two of the robbers by the crew and passengers of the car, and came near ending in lynching. Two hours later three men tried to hold up a car on West Fortieth avenue. The car was chased two blocks by the bandits, who fired several shots after it, but the driver, whipping up his horses, escaped.

NICARAGUAN RAILWAY.
Managua, Nicaragua, Nov. 13.—Preliminary survey work has been begun by engineers on the proposed line to connect Matagalpa with the National railroad at Momotombo, a distance of about 80 miles. This projected line, when complete, will give the large coffee growing departments of Matagalpa and Jinotega lower rates and quicker transportation for coffee crops.

Remarkable Development of the Flour Market Feature of the Week.

New York, Dec. 5.—The Evening Post says: "According to a report that reached Wall street today, Vickers Sons & Maxim, Limited of England, have instituted negotiations for the purchase of the Midvale Steel Works and the Cramp Ship Building Co. of Philadelphia. It is believed to be the purpose of the English company to acquire interests of the United States government contracts for warships' armor plate ordnance. The report has it that \$7,500,000 has already been offered for the Midvale Co., and that the Cramp purchase will probably be partly effected by leasing stock for a new corporation to be formed when the deal has been completed. It is said that final arrangements for the deal are to be attempted next week in this city, when Charles B. Craig will be here to meet a New York banker, who will represent the English company."

UNITED STATES ESTIMATES.

Washington, Dec. 5.—The Secretary of the Treasury to-day sent to Congress the annual estimates of the expenses of government for the coming year. They aggregate \$26,741,702, a slight decrease from the total estimate of last year. The approximate of the present year are \$506,655,362.

Chairman Payne, of the ways and means committee, to-day introduced a bill reducing the taxation under the war revenue act, after the Republican members of the committee had agreed on the form of the measure and articles to receive consideration of the tax. The bill provides an aggregate reduction estimated at \$40,000,348.

PASTOR IN CHARGE.

Toronto, Dec. 5.—A Methodist and Empire London dispute says Rev. CROPS OF CENTRAL ASIA.

Washington, Dec. 5.—The crop of Central Asia is expected to be exceeded this year according to Vice-Consul Smith at Moscow. This year's crop is expected to aggregate between seven and eight thousand pounds or enough to meet half the general demand. The remaining cotton required for manufacturing purposes in Russia, will have to be imported.

INCENDIARIES AT WORK.

Downsville, Dec. 5.—During the twenty-four hours ending last night this town has been the scene of five fires, all of which are supposed to have been incendiary. An arrest has been made and others are expected to follow.

Remarkable Development of the Flour Market Feature of the Week.

Those who follow the big markets of the East say, notwithstanding opinions locally entertained to the contrary and the present depreciating tendency of the article, that flour will yet run up very high in price. The slump in the Chicago markets, which continues, and in consideration of which the general cut in prices has been made, is, they assert, opposed to wheat conditions all over the country, and in fact to all grain quotations. It was thought that last week the zero mark had been reached on flour, but expectations were arrested again when, a few days ago, came the announcement that Calgary Hungarian had dropped from \$8.75 to \$5.20 per barrel. Receipts of large Christmas stocks have been the order of the week, the large and handsome show windows all over the city testifying eloquently to the bountifulness and variety of the goods. The department of marine and fisheries gives notice that a steel can buoy, painted black, has been established by the government of Canada on one fathom patch in Ganges harbor, Admiralty Island, off the southeast coast of Vancouver, British Columbia. The buoy is moored in eight feet of water on the patch, with nose point, east tangent, bearing N. 16 deg. W., distant 1 mile 4 cables; and the middle of the southermost channel islet, bearing S. 75 deg. E., also that a steel can buoy, painted black and red in horizontal bands, has been moored in four fathoms, 350 feet southward of the extremity of False reef, entrance to Prentiss harbor, Thetis island, Stuart channel.

Captain J. T. Walbran, commanding D. G. S. Quadra, reports False reef much larger than shown on Admiralty chart No. 741. The area of the foul ground inside a 5-fathom line is fully 1½ cables in diameter, and nearly circular, with the rock shown on the chart, awash at low water springs, near the

Steamer Victoria is still at Tacoma, a slight change having been made in her proposed northern schedule to permit of steamer accommodations being put in the vessel.

Before resuming service, the steamer Barbara Boscowitz will have her machinery overhauled in such a manner as to increase her speed. The vessel will also be thoroughly renovated.

Steamer Utopia is now being operated on the Tacoma-Whatcom route.

Judge White has made a report in the Kinsmen's Mills post office case. Rev. J. M. Whitelaw mailed a registered letter to Rev. Dr. Warren, general agent of the Presbyterian church, Toronto, which he alleged contained \$200 when mailed. The money was missing when the letter was received. The envelope edges had been cut and neatly stuck together. The judge found that the envelope had been delivered to Dr. Warren in the same condition as received from Mr. Whitelaw, and exonerates the postmaster and all members of his family.

Rev. Mr. Whittington arrived from the Mainland last evening.

Steamer Rosalie will be held over here until 10 o'clock to-morrow night for the accommodation of the Seattle Basketball team. She will go through to Tacoma for 100 tons of Victoria freight. Returning, she will not leave Seattle until 11 p. m., two hours and a half later than her regular time, arriving back here at 6:30 o'clock Sunday morning.

According to a Vancouver dispatch the shipping fraternity of that city are about to petition the government, through Captain Gandin, agent of marine and fisheries in this city, for a new lifeboat at the mouth of the Fraser and a light-house at Portier Pass, and among other things for a light on Mary Island.

THE CHRISTMAS RECORD.

Handsome Holiday Number of the Best Mining Paper in the Province.

As promised by the publishers, this year's Christmas edition of the Mining Record is fully in keeping with the high standard set in last year's publication.

The contents include a History of the Progress of Mining in B. C., by the Editor; an article on the Metric System by Sir Henri Joly; another on the Esperanza Mine, by D. R. Bogle; The Growing Time in Lode Mining; Governors and Lieutenant-Governors of B. C., by R. E. Gosnell; Some Typical B. C. Mines, by A. Cole and other mining engineers; Mining in the Slocan, by Howard West, A. R. S. M.; Jimmy's Kill, a story by J. H. McGregor; Towns and Cities of B. C., by C. H. Langrin, N. C. Schor and others; and two stories, Brevet Hawk, by W. W. Jacobs, and The Wendingo, by Clive Phillips-Wolley, and The Rhyme of the Remittance Man, by Robert Service.

The editor has struck the happy medium between a publication purely statistical and technical in a mining sense, and the light contents of the regular Christmas edition of the majority of papers. In this issue, instruction and entertainment are agreeably intermixed, making a very attractive and readable number.

A feature of the issue is the fine cuts with which it is embellished, the majority being the work of a local firm, the Photo-Engraving Corporation; and which are equal to the work of the New York and Chicago houses. The front-piece is particularly apt, being a representation of a prospector's camp fire, with the hardy miners seated about it. The book retails at 25 cents.

The bond of union between the mother country and her colonies is strong. In time of necessity the colonies have always been loyal. Patriotic Canadian ladies, while they cannot bear arms in time of war, can assist their brother colonists in a substantial way. Canada

THE PASSING THROG.

Arrivals of the Day at City Hotels—Gossip of the Corridors.

Governor Brady, who for 22 years has been governor of the District of Alaska, arrived at Vancouver on Tuesday on the United States gunboat Wheeler. A guard of honor of United States Marines accompanied Governor Brady to the landing stage, where he was received by Col. Dudley, United States consul, of Vancouver, in the evening. Governor Brady, Captain Condon and the officers of the gunboat were entertained at the Hotel Vancouver by Col. Dudley, who invited Colonel Womosp, Major-General Kinchane, H. W. Trent, Major Bennett and other Canadian and American residents of Vancouver, to meet His Honor. The Wheeler has come down from Alaska, having been in the Behring Sea all the summer, and is now conveying the Governor to Seattle.

Governor Brady says native-born Canadians can take up quartz claims in the District of Alaska on an equal footing with American subjects. This was decided in May, 1908, when an act to that effect was passed, as it were, reciprocate for privileges given Americans in the British Yukon. Quartz claims in Alaska are not so large as those allowed on Canadian soil, viz., 1,500 square feet, but Canadian and American alike are allowed claims of 1,500 by 600 feet in Alaska.

As laws of the two countries respecting placer claims were so totally different, no workable reciprocal arrangement could be then made for Alaska respecting Canadians working placers on American soil.

G. N. Bothwell arrived from the North on the steamer Amur and registered at the Dominion. He is from White Horse, and says that business was very slack in that city when he left. The work of developing the copper properties has stopped for the winter. A large number of miners are taking advantage of the freezing of the rivers and lakes to come from Dawson to the Coast over the ice. Mr. Bothwell will probably spend the winter in this city.

IN MEMORIAM.

The desire of the people of British Columbia is to erect something or to do something that will effectively perpetuate the memory of their volunteers who died in South Africa. On that point there is no difference of opinion. The great objection to a memorial hall, an adjunct to a hospital, a peal of bells, or anything of that kind, is that with the passing years the memory of the events which these institutions were intended to keep green would become dim in the public mind, and that in another generation the music of bells would remind very few of the men who laid down their lives for their country in South Africa.

It has long been the custom to honor and perpetuate the memory of soldiers whose deeds have been conspicuously meritorious, in Great Britain and in Canada, by monuments. Private memorials, such as tablets in churches, there are by thousands in the Mother Country, but when the actions of any man have been such as to arouse the emotions of the nation, then the public usually take the matter up and erect in a place where all the world may behold it a statue or a suitable monument to the dead, hero or heroes. Memorials in that form are standing in many parts of Canada in honor of the men who defended her from invasion in 1812 and in later years. There is no mistaking the object of these monuments. The names of the volunteers and soldiers of those early days who died in order to preserve Canada to the Empire are carved upon stone. The state sees that they are kept in good condition, and the prospects are that they will remain as they are at present while the British Empire endures. We believe that to be the most suitable form that could be imparted to the monument in memory of the British Columbia deaf who sleep in South Africa, and no doubt when the public have had time to consider the question in all its bearings they will be of the same mind. By such means the names of the men whose lives were cut off in early years will live long in the minds of their countrymen.

FRENCH DREAMERS.

It is impossible to imagine what foolishness may enter into the heart of man, and perhaps there are Frenchmen who think the invasion of Britain practicable. Napoleon took it into his head that he could conquer Russia, and while it is possible that there are men in France today who indulge the hope of invading Great Britain, it is fairly certain that there is none who possesses the military genius of the man whose dreams landed him in St. Helena. The Great Britain of those days was not possessed of a fraction of the power she is endowed with to-day, while relatively France has gone back. And yet the world is treated to the grotesque spectacle of an alleged statesman in the representative chamber of the republic bringing up and endeavoring to discuss the question of the invasion and subjugation of a friendly country. It is another of the idiosyncrasies of republican "institutions" which no fellow brought up in a land

where they have real self-government and individual liberty can understand. Great Britain has no quarrel with France at the present time, and never will have one of our own seeking. But what has occurred within the past couple of weeks unfortunately shows that it is impossible to tell what extraordinary things may happen in France in the shortest possible space of time. She is concerned not at all in the South African war. None of her interests has suffered in the slightest degree, and she is the hereditary enemy of the people who have been trying to overthrow the power of Great Britain there. And yet Kruger was received as a hero and treated like a prince by all from populace to president. He lived like a veteran at the business, and the more atrocious the falsehood the louder the acclamations with which it was received. It is not that the French love Kruger or have any particular regard for the cause he represents. Even they hated the invaders of 1870, virulently in their hearts, appears to have evaporated and the old antagonism to Great Britain to have taken its place. They may fret and fume for their little day, but we do not believe they have become so lost to all sense of proportion as to be guided by the advice of their dreamers of the Mercier stamp. The blame for such demonstrations as have been accorded to Oom Paul was at one time placed entirely at the door of the Parisians. But the feelings of the Parisians seem to have permeated all France as far as Britain is concerned. We can only hope that the day may come when a new school of statesmen and journalists shall arise in the republic, who, foreseeing what a catastrophe they would bring upon their country by plunging her into war with a neighbor of tremendous resources, whose chief desire is to live upon friendly terms with all and upon whose patronage and goodwill the welfare of the French people depends to a very large extent, shall adopt new and more agreeable tactics, securing for their country a powerful ally instead of making an enemy of an invincible nation.

VANCOUVER.

Japanese fisherman have already been approached by white union fishermen, and asked if they will join them in a combine to demand a stated price for fish next season. The reply they received was that the Japanese owed so much money to the canneries, that if they did not wish to re-pudiate their debts and lose their boats also, they must join no combine or strike.

NANAIMO.

Alderman Manson, who filled the office of deputy mayor in the absence of Mayor Isaacs in England, will run for mayor. The contest between him and Alderman Cocking will be an interesting and in all probability, a very close one. The sum to be paid by the corporation to the Nanaimo Water Works company for the purchase of the works has to be handed over before the 1st of January. To this end, the by-law authorizing the expenditure was rushed through the preliminary stages at Monday night's meeting of the council.

FERNIE.

Mike Dorkin, a Slav, was up in the police court charged with assaulting Pauline Morris, another Slav. They were having a good time at a dance in honor of a wedding which had taken place in the morning, and Pauline refused to dance with Mike, hence the assault. Mike's defense was that in his country when a girl refused to dance with a fellow he had a right to make her, so he proceeded to kick her into dancing humor. Pauline received such treatment, and had Mike arrested on a charge of assault. Justice of the Peace Tritts informed Mike that in this country ladies were at liberty to do as they pleased, and fined him \$15 and costs or ten days in jail. He paid his fine.

tastic caricatures of Christianity. Finding favor with the missionaries, his subtle mind imbited their instruction only to use it to advance his own pretensions to a divine mission. He lived concealed in the hills propagating a new creed, which was eagerly accepted by thousands of the poor and wretched who had nothing to lose and everything to gain by revolution.

The new era shored idolatry, adopted the Ten Commandments as its moral code, and the belief in one God as its main tenet. Although it was certainly an advance upon Confucianism, it was a curious medley of very partially comprehended Christian dogma, gross superstitions, and the glorification of its chief apostle, Hung-Sen-Tzen.

An attempt to arrest Hung in 1850 led him to proclaim his intention to overthrow the Manchu dynasty, and to establish a new one, named "Tal-Ping," or "Universal Peace," in its place, with himself at its head, under the title of the "Tien-

Wang," or "Heavenly King." His adherents, whose number rapidly assumed large proportions, allowed their hair to grow long, and twisted it round their heads like a turban, in token of their allegiance to the "Tien-Wang." They plundered and massacred wherever they went. Hung nominated five of his friends, of the same low extraction as himself, to be "Wangs." They were given commands, and were known as the Northern, Southern, Eastern, Western, and Assistant Kings.—The Fortnightly Review.

ELIZABETHAN SEAMEN.

The Elizabethan seaman seems to have been a rather serious minded man. There is little of the happy-go-lucky. Saturday night sailor about the men of Hawkins or Drake. Their officers gave them a very indifferent character; they were a "loose rabble"; "vagrant, lewd, disorderly"; "a regiment of common rogues." Raleigh said that, "they go with as great a grudging to serve in His Majesty's ships as if it were to be slaves in the galley." Perhaps this description was only meant to apply to the sailors of James I, of whom it was written. If we are to judge from the records of the voyages of Hawkins, Drake or the Earl of Cumberland, the tide of Puritanism was already rising among them. They accepted the wonders of the New World with the unquestioning faith of children, and most of its unpleasant surprises were attributed to direct Satanic agency. Prayerfully and powerfully they fought the Spaniard, who was antichrist, and prayerfully and frugally they inaugurated the slave trade, which filled their pockets. When Hawkins, with a hold full of negroes, encountered bad weather, and the cargo sickened and died, he consigned himself with the pious reflection that "the Lord would not suffer His elect to perish." The negroes, not being of the elect, perished freely.—The Nineteenth Century.

CITY NEWS IN BRIEF.

A meeting of the committee having in charge the Victoria Exposition of 1901 will be held at the city hall this evening at 8 o'clock.

Go and see the beautiful tableaux and the children's chrysanthemum picturesquely drill to-night at the A. O. U. W. hall. Admission only 25 cents.

James Pilling, writing to his former music master, Mr. Edgar Buck, says: "I have been with some good companies, such as the Castro Square Opera Co., The Bostonians, etc. I shall always thank you with all my heart for the start you so kindly gave me. I have great hopes of getting right at the top."

The Metropolitan Outlook Club has now full possession of the old hall on the corner of Broad and Pandora streets, the Zionists having vacated the building last evening. A meeting of the executive will be held on Monday next and some time later in the week a meeting of all the members of the club will be held in their new hall to discuss further plans.

A feature in the commercial life of the city, which bodes the approach of Christmas, is the elaborate decoration of the show windows by the departmental stores of the city. This feature has always been emphasized by Spencers and The White House, but they are being pushed hard for honors in this respect of late by the Westside. The corner windows of the Westside this week are gems of the window decorator's art.

No notice is given in this issue that at the next meeting of the legislature application will be made for the incorporation of a railway company to lay down a line of railway from this city north-westly to the point at or near Seymour Narrows, then by bridge or otherwise to the Mainland of British Columbia, then north-easterly alternatively by way of Tête Jaune Cache or Yellow Head Pass or vicinity of Fort George or Pine River or Peace River passes, to the easterly confines of the province. E. G. Tilton, C. E., signs the notice on behalf of the applicants.

Very comfortable quarters adjoining that of the immigration office have been fitted up in the parliament buildings for the offices of the statistical department recently organized, under the charge of R. E. Gosnell. The government has purchased the entire remaining edition of the B. C. Year Book at 25 cents a copy, and after modern data has been substituted in the last chapters for that compiled three years ago, the volume will go forward to the office of the agent-general in London. There are about two thousand copies in all. A large number of photographs are also being sent forward for the office mentioned.

Major Wood, in charge of the Mounted Police, who makes the royalty collections, reports that the royalty on gold collected this year in the Klondike amounts to nearly \$900,000, about \$100,000 more than last year. Allowing that all miners have paid royalty on all the gold taken out in the district this year, this would make the output of the Klondike for the fiscal year of 1900, ending with the last of this month, \$30,000,000, but general estimates place the output at \$20,000,000. Consular certificates issued at the United States consul's office at Dawson, however, show that \$14,000,000 were shipped from May 1st to October 16th this year, demonstrating much of the royalty was evaded.

An extraordinary general meeting of the Fairview Corporation is called by advertisement in another column for December 14th, for the purpose of authorizing the directors to borrow \$30,000 from George Goosherman, of Toronto, upon the credit of the corporation, and to give the gentleman named a five months' option on a one-half interest in the company's assets for the sum of \$100,000. The meeting will also be asked to sanction an agreement for the formation of a new company with a capital of \$1,500,000. The one million five hundred thousand shares will be divided as follows: Fairview Corporation, 500,000; George Goosherman, 500,000, with \$90,000 in the treasury.

A Tacoma source is responsible for the intimation that the Catholic diocese of Vancouver is to be raised to an archdiocese, and Bishop Orth to an archbishop. Also that a formal announcement from Rome was expected within a short time. It is also stated that when the change is made a new diocese will be created of the eastern half of the present jurisdiction of the Bishop of Vancouver, with the establishment of a church headquarters at Nelson, for the diocese of a district to be known by that name, and that a new bishop will be appointed to have charge of the diocese. Interviewed this morning on this subject, Bishop Orth stated to a Times representative that the question had been agitated somewhat previous to his arrival at Vancouver Island. During the visit of His Excellency Mgr. Falconio, apostolic delegate to Canada, however, the matter was discussed by him and Bishop Orth, and after having been maturely considered, it was declared off.

In the County court this afternoon the action of Boscowitz vs. White, for the recovery of rent, is proceeding before Mr. Justice Martin and a jury.

The cutting and stabbing case of Regina vs. Spalding came up this morning before Mr. Justice Drake. The defendant pleaded guilty, and was sentenced to six months' imprisonment with hard labor.

The bazaar at the Reformed Episcopal church will terminate to-night with a splendid concert, which is intended to form a fitting conclusion for the highly successful affair which has been conducted by the ladies for two days past. The chair will be taken at 8 o'clock.

WARRIOR SOLES. TOURNAMENT THIS EVENING. The regular weekly whist tournament of the J. B. A. will be held at the club house to-night.

The father? Gone for the doctor. The mother? Alone with her suffering child. Will the doctor ever come? When there's a crowd in the house you can't get the doctor quick enough. It's too dangerous to wait. Don't make such a mistake again; it may cost a life. Always keep on hand a doctor's bag.

It cures the croup at once. For bronchitis, whooping cough, measles, asthma, pleurisy, weak lungs, loss of voice, and consumption, there is nothing equal. Take a dose every day, and you will cure a cold in a week. It is better for a dose of this size in bottles for a dose that has been standing out. But no doubt it is more economical in the long run.

Kilmarnock Scotch Whisky.

This very fine quality of Scotch Whisky is fast growing in favor in British Columbia. It has for many years been the leading whisky all over Europe, and is to be obtained in all the leading hotels, clubs and refreshment places in London and other large cities of Great Britain. It is termed the "Johnnie Walker", which means Walker's famous "Kilmarnock".

The people of British Columbia demand a good Scotch Whisky, which we take pleasure in presenting, and if you will try the "Kilmarnock", you will accept no other. The proprietors of this whisky, Messrs. John Walker & Sons, of Kilmarnock, do not spend money in fancy advertising matter, and attractive labels, bottles, etc., preferring to put the value into the whisky, thus giving the consumer the benefit.

The "Kilmarnock" is always the same in quality. It is to be found in all the clubs, hotels and refreshment places in British Columbia. Take no substitute. If your grocer does not keep it, come to us, and we will take pleasure in directing you to places where it can be obtained, if desired, in small quantities. We have it in case and in wood.
