THE PASTURE BOOK and THE LIVESTOCK BOOK

These valuable books were written by W. R. Thompson, Extension Pasture Specialist, State College, Miss. He is a real authority on building good pastures and on livestock. Mr. Thompson is in much demand as a speaker before agricultural groups. His books give much useful information and pictures. The Pasture Book has been so popular that there have been 10 editions since 1949. The Livestock Book came out recently. Every farmer should have these books. Order from us today. Each book costs \$3.50.

COASTAL BERMUDA GRASS (CERTIFIED)

Coastal proved its superiority for grazing and hay during the severe 1954 drought. Ask for sheet giving general information and planting and fertilizing recommendations. As long as moisture is ample, it is considered safe to set out stolons or sprigs. We are digging now—when the ground is dry enough. Use 4,000 to 6,000 per acre. We bale our stolons like bales of hay, except shorter. Handy way to count and ship. Weight, 75 to 90 lbs. Bales contain 5,000 stolons or more, but we charge for 5,000. Bales submerged in water soon as dug. Read our information sheet. Make arrangements with us before sending trucks. Price per 1,000 stolons f.o.b. here are:

Bales or bulk on your truck here \$0.80 M
Special Prices on Large Lots. State Quantity Wanted.

Bales of 5,000 sprigs packed for express shipment are \$1.00 M.
Our experience in growing and digging Coastal stolons enables us to offer you the BEST money can buy.
