We are told that we have the largest supply of the finest quality American Elms in the United States.

The Elms are young, vigorous and have straight, smooth stems, well branched and properly headed. Our soil produces a very large fibrous root system. These Elms are grown especially for street, park and highway plantings.

Park Commissions, Highway Commissions and City Foresters are cordially invited to come to Berlin and make their personal selections and tag the trees with their own seals in the nursery rows. We will dig while here, or whenever you desire.

Pyramidal Arborvitae

EVERGREENS

FOR DECEMBER SHIPMENTS.

Our Climate and Soil With Our Growing Methods
Produce America's Finest Evergreens

Our Evergreens have been properly transplanted several times with ample space between each plant to allow the natural and correct development.

Our evergreens are broad at the base and well proportioned.

Our evergreens have been properly sheared to produce attractive compact plants.

Our soil is ideal for evergreens and insures a good, firm natural ball of earth.

All evergreens will be balled and burlapped, that is, carefully dug with the proper amount of soil about the roots and wrapped with burlap which is securely sewed.

These prices include this service.

1 to 9 Evergreens at each rate; 10 to 50 Evergreens at ten rate and 50 or more Evergreens at hundred rate. Can be assorted varieties.
