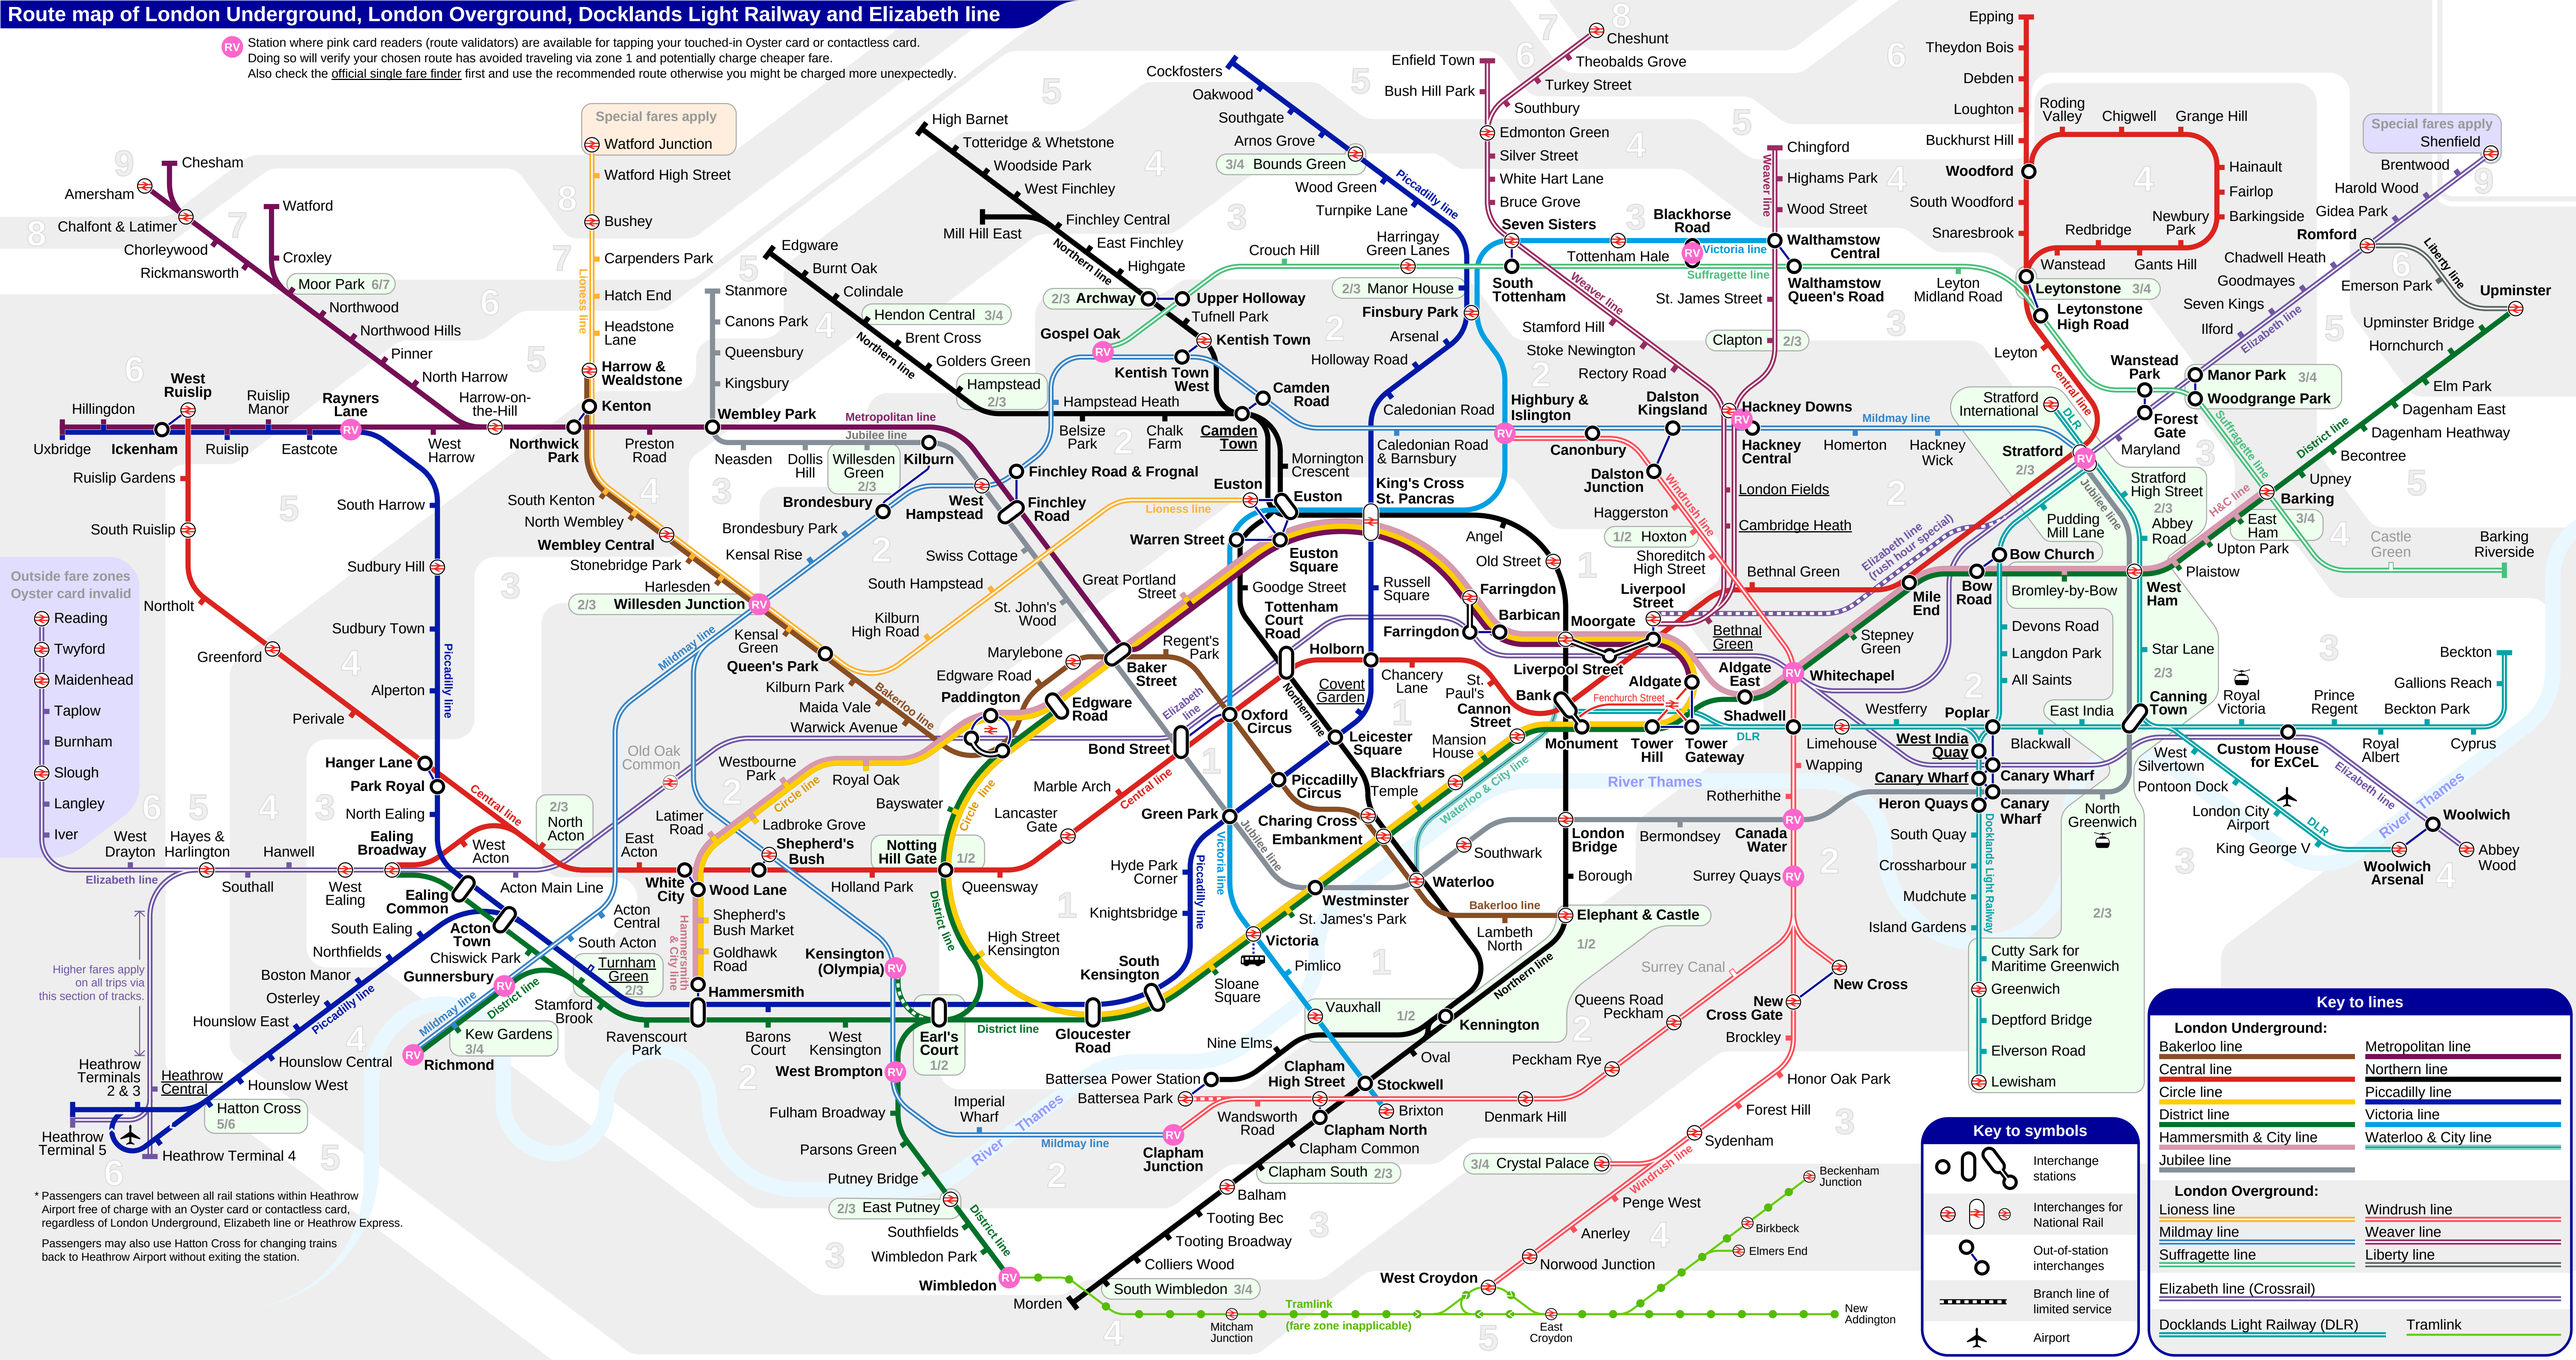
Route map of London Underground, London Overground, Docklands Light Railway and Elizabeth line

RV Station where pink card readers (route validators) are available for tapping your touched-in Oyster card or contactless card.
Doing so will verify your chosen route has avoided traveling via zone 1 and potentially charge cheaper fare.
Also check the official single fare finder first and use the recommended route otherwise you might be charged more unexpectedly.



* Passengers can travel between all rail stations within Heathrow Airport free of charge with an Oyster card or contactless card, regardless of London Underground, Elizabeth line or Heathrow Express.

Passengers may also use Hatton Cross for changing trains back to Heathrow Airport without exiting the station.
