Ottawa Willing To Consider Case Of Oriental Lands

Advisory Board Hears From Dr. Tolmie, Who Is Uncertain Whether He Can Proceed to London; East Coast Districts of Island Feel Pressure.

Low prices for farm products and unemployment coming along at this time on top of the menace of Oriental competition in agriculture here make it necessary that something be done to curb Oriental farm competition. C. E. Whitney-Griffiths, secretary of the Advisory Board of the Farmers' Institutes, points out in a telegram to the Hon. S. F. Tolmie, Minister of Agriculture at Ottawa.

British Columbia farmers are working to have Hon. Dr. Tolmie go to the Imperial Conference at London to represent their views on the Oriental question. Hon. Dr. Tolmie says that the possibility of him visiting London is not quite decided, but he has indicated by telegram that if British Columbia agriculturalists want the case fought for them at London they had better leave no stone unturned to back up his efforts with resolutions from their own organizations and expressions from public bodies.

Lower Than Before War. Many products of the farm are even below pre-war prices, says Mr. Whitney-Griffiths in a telegram to Hon. Dr. Tolmie.

We sincerely believe that a continuation of the present conditions without an effort to control them will only add to the difficulties of the crisis. We urged that this Oriental menace be duly cared for to the utmost of your power.

Hon. E. D. Barrow, Minister of Agriculture, is confident that you understand the seriousness of this situation. We look to you to have at London a B. C. representative familiar with the situation as recommended by his societies.

Small Settlers Hard Hit. You are aware that we are approaching a serious crisis, owing to the sudden drop in price of all farm produce, the small settler being particularly hard hit, says Mr. Whitney-Griffiths to-day in a letter dealing with the situation which he is issuing to agriculturists.

Farms have been equipped and all improvements made at a very high cost and some of the improvements during the war, but as you know, farm products are below pre-war prices.

Not Enough For Loans. With the Hon. Mr. Barrow and the Rev. Thomas Menzies, M.P.P. of Comox, I visited some of the more remote settlements on the East Coast of Vancouver Island and we found them tense with interest as to the possibility of the Government advancing loans and assisting in land clearing.

Unfortunately, these people have not sufficient equity to enable the Government to advance these loans.

In the majority of cases they have only made one payment on their land, the cost of which has not been unreasonable, but the Government clearing a small part of this has absorbed the balance of their money.

Unfortunately, what small amount of produce they have for sale is not a factor in even paying running expenses, whereas they had expected, in ignorance, to have realized something towards making future payments on their property.

SENATORS HEAR REPORT ON CANADIAN UNEMPLOYMENT

Ottawa, June 2.—(Canadian Press)—That a general want of confidence on the part of the manufacturer, producer, middleman and consumer is at the heart of the employment situation in Canada is the opinion of the Senate committee which investigated unemployment and which has reported through its chairman, Senator J. A. Macdonald, Wednesday.

The committee presented to the Senate a summary of the evidence of witnesses representing bankers, manufacturers and workmen and stated that it had not had sufficient time thoroughly to investigate the situation and make a comprehensive report.

Improved Lately. The evidence of J. A. Acland, Deputy Minister of Labor, showed 200,000 fewer men employed in April, 1921, than there were in January, 1920. The worst situation in the last two years had been reached at the end of April and conditions had improved from that time. Coal mines in British Columbia, Alberta and Nova Scotia had been closed part time work instead of closing down.

Vancouver and Toronto were stated to be the two cities which had fared worst in regard to unemployment. Arthur Macdonald, however, gave evidence from the labor standpoint. Lack of employment, he said, was largely due to the non-circulating of money. Canada's people were waiting for prices to come down before they would buy.

BANK AGREEMENT. VIENNA, June 2.—An agreement on the gold reserve of the Austro-Hungarian Bank has been reached by Austria and Czechoslovakia. The latter will be given 15,000,000 gold crowns under the agreement as its share and will be permitted to purchase the bank's buildings in Czechoslovakia at the inventory price less twenty per cent.

Release of Britishers. TURKS HOLD IS DEMANDED

Constantinople, June 2.—The Allied Supreme Council to-day sent a message to the Turkish Nationalist Government in Ankara asking it to give up the British prisoners held by the Nationalists, declaring the British were preparing to blockade the Anatolian ports, take over the command of the Eleventh Greek Division in Ismid and otherwise support the Greeks against the Nationalists.

It is thought here, however, that the request comes too late, as the British are considered virtually at war with the Nationalists. More Trouble. London, June 2.—Trouble is again brewing in the Near East. The attitude assumed in the last week or two by the Kemalists is causing the British and French Governments serious concern. The settlement announced on page 4.

PROROGATION AT OTTAWA IS SET FOR SATURDAY

Ottawa, June 2.—(Canadian Press)—It is evident Parliament will be prorogued Saturday. Invitation to this effect was given to the Prime Minister in the House this afternoon.

VANCOUVER CLEARINGS. Vancouver, June 2.—The past week's bank clearings here were \$13,091,664.

Plan to Deliver Beer From Brewery to Homes

Brewers of British Columbia are conferring this afternoon with the Liquor Board on plans to supply people of this Province with beer.

Although the Liquor Board will not deliver whisky to a person's home, as the cost and risk of loss is too great, beer will be delivered as it is considered too bulky for the average person to carry, as it is not likely that anyone would ever buy less than half a dozen bottles.

The plan of the Liquor Board is to have brewers made deliveries direct from breweries to the homes of consumers. Orders for beer will be taken by permit holders to the Government liquor, who will inspect the permits and mark down the liquor purchase against the permit. The order will then be passed on to the brewery.

NO HIGHER PAY FOR BRITISH M.P.'S. Proposals Defeated in House of Commons

London, June 2.—The hardships of the members of the House of Commons whose official salary of £400 yearly has not been changed since the war despite the increased cost of living and traveling, have been the subject of much discussion recently, and the Government, on recommendation of a special committee, proposed to exempt the salaries from the income tax and to allow traveling expenses.

These proposals have met with strong opposition outside the House, mainly on the ground that such action would render the members indifferent to the interests of the income taxpayers.

When the proposals were submitted in the House yesterday, the Government felt constrained to allow the members a free vote, with the result that both proposals were rejected.

Mr. Hon. Austen Chamberlain, the Government leader, in the course of the debate, explained that the members could reckon the cost of traveling as working expenses on which they could claim exemption from the income tax.

SURFACE OF LAKE WAS DISTURBED Burns Lake Gas and Oil Prospects

Burns Lake, B. C., June 2.—Gustav Gervais witnessed a curious phenomenon in the lake here, when a spout of water was sent up many yards into the air, probably by an explosion of natural gas at the bottom of the lake.

Explosions of this kind are not new here, some having taken place years ago. It was a series of these explosions four years ago that drew attention to the oil possibilities and which led to the staking of the land and the installation of an oil drill.

The drill is set up on the banks of the lake all ready for operations and the local syndicate is awaiting the issuing of the licenses by the Provincial Government before commencing operations. Oil seepages have been found here, and the lake is often covered with an oily scum. Oil is the chief talk of the neighborhood.

NO CHOICE YET FOR GOVERNOR. Byng Mentioned as Devonshire's Successor

Montreal, June 2.—The Gazette says that a private cable received in Montreal last night stated that Lord Byng of Vimy had been offered the post of Governor-General of Canada in succession to the Duke of Devonshire and that subject to his acceptance an official announcement of his appointment might be expected within a few days. It was impossible to obtain from authoritative sources either confirmation or denial of the report of the cable.

No Action. Ottawa, June 2.—At the office of the Governor-General's secretary here it was stated this morning that no information had been received of the choice of a successor to the Duke of Devonshire as Governor-General of Canada.

It was also intimated that no immediate action toward such appointment was anticipated.

Lord Byng was commander of the Canadian army in France for a period, being succeeded by General Sir Arthur Currie.

Release of Britishers. TURKS HOLD IS DEMANDED

Constantinople, June 2.—The Allied Supreme Council to-day sent a message to the Turkish Nationalist Government in Ankara asking it to give up the British prisoners held by the Nationalists, declaring the British were preparing to blockade the Anatolian ports, take over the command of the Eleventh Greek Division in Ismid and otherwise support the Greeks against the Nationalists.

It is thought here, however, that the request comes too late, as the British are considered virtually at war with the Nationalists. More Trouble. London, June 2.—Trouble is again brewing in the Near East. The attitude assumed in the last week or two by the Kemalists is causing the British and French Governments serious concern. The settlement announced on page 4.

Times Want Ad Quickly Obtains Garden Hose

This is the little advertisement that did the trick: WANTED—MISCELLANEOUS. WANTED—Garden hose, about 25 or 30 feet in length. Phone 6191.

SEVERE PENALTY FOR OBSTRUCTION

People Warned to Answer Census Questions Promptly Imprisonment and Fine Is Provided

People who are inclined to waste the time of census enumerators are given warning that they are required by law to facilitate matters. Refusal or obstructions put in the way of enumerators securing the information which the Government requires to complete the national records are subject to not only a heavy fine, but to a prison sentence, even both penalties.

W. G. Gairnes, Census Commissioner for Victoria, has already received reports from some of his enumerators that some of the people approached have assumed an unfortunate attitude by either refusing to answer the questions put to them, or putting the enumerators off by telling them to call again.

Wasting Time. This sort of thing, it is pointed out, only means a waste of the people's money, and the time of the public servants engaged in the work. It is pointed out that the law will be strictly carried out, and in the case of those who fail to discharge what is required of them a warrant will be issued, and they will be subject to the full penalty of the law.

Some of those canvassed have given a flat refusal to give the Government any information whatever, and these have been given a warning that they must comply, or immediate proceedings will be taken against them. As the time is so limited for taking the census, however, this immediate action will be taken, following this public warning.

The Penalty. The clause in the Act covering failure to answer reads as follows: (Concluded on page 14.)

CHURCH UNION PLAN IS URGED

Hon. N. W. Rowell Addresses Presbyterian Assembly

Toronto, June 2.—(Canadian Press)—A vigorous and eloquent note in support of union of the Protestant churches was struck by Hon. N. W. Rowell, when he appeared this morning with Dr. Bowles, Chancellor of Victoria College before the Presbyterian General Assembly to convey greetings from the Methodist Church.

Mr. Rowell said he had recently visited Halifax and had found there a large new union church which was taking the place of the old Presbyterian and Methodist Churches which had been blown up in the recent disaster. This church, he felt, was a testimony to the spirit of brotherhood between the rank and file of those churches, despite a split which was actually an embarrassment to the leaders of both churches in Western Canada.

Problems. The leaders, said the speaker, were confronted like the rest of the world with grave problems. He believed that the strife between capital and labor would never be solved until the churches had brought about a spirit of Christian brotherhood.

Replying to the Methodist delegates, the Moderator, Dr. C. W. Gordon, concurred in the view that the problems confronting Canada would be solved only with the co-operation of the churches. Only, he said, when one voice arose from the Christian churches would the whole world listen.

Dr. Ballantyne. The views of Professor Ballantyne of Knox Church, the retiring Moderator, were expressed last night, when, referring guardedly to the subject of a public meeting.

AMERICANS WISH TO BUY DIRIGIBLES FROM BRITISH

London, June 2.—An American syndicate is negotiating with the British Government for the purchase of four dirigible airships, it has been learned. British airships which the Air Ministry cannot experiment with further because of expense and which it is unlikely any British syndicate will accept for commercial exploitation because of financial uncertainties, may be turned over.

BARKER, AIRMAN, WEDS IN TORONTO

Toronto, June 2.—Lieut.-Colonel William G. Barker, V.C., D.S.O., M.C., noted Canadian ace in the war, who married yesterday afternoon in an Anglican Church to Miss Jean Kilbourn Smith, only daughter of Mr. and Mrs. Horace B. Smith, of this city, was unattended. Lieut.-Col. W. A. Bishop, V.C., D.S.O., M.C., with Bar, was best man. Lieut.-Colonel and Mrs. Barker will reside in Toronto.

Chancellor States All Germans Must Disarm

Berlin, June 2.—Chancellor Wirth told the Reichstag this afternoon in outlining the Government's programme that "restoration and reconciliation" would be the keynote of the new Government's policy. He added that the Cabinet was determined that disarmament should be carried out loyally and that disarmament would not be the occasion of the imposition of further penalties by the Allies.

BETTER BUSINESS PREDICTED BY HEAD OF BANK

Montreal, June 2.—At the annual meeting of the Mercantile Bank of Canada yesterday, Sir Montagu Allan, president, said the general depression in business had affected the bank to some extent, but he hoped the low point of the depression had been passed and that there would soon be a change for the better.

He warned, however, to be cautious before undertaking new commitments. In regard to general conditions, he said his view was one of "tempered optimism."

ONLY TWO CRAFT ENTERED FOR BIG ATLANTIC RACE

New York, June 2.—The international sailing race scheduled to start July 4 from Sandy Hook to London, for a sum offered by King Albert of Belgium, probably will be abandoned this year because only two craft have been entered, the Belgian consulate announced to-day.

British Ministers Look to Dominion Premiers For Lead

Constructive Suggestions By Leaders of Commonwealths Are Hoped For At Conference of Empire Prime Ministers in London.

London, June 2.—Statesmen recognize the far-reaching importance of the conference of Empire Prime Ministers which is to be held in London this month. It may mark a new stage in Empire organization. What it will accomplish depends on the Ministers from overseas. Public opinion in this country is in a fluid condition. British Ministers are waiting for a lead from the Dominions.

The conference will have definite subjects before it, and is expected to prepare the ground for a revision of the unwritten constitution of the Empire. The results attained will depend on the Dominion representatives.

The relationship of the Dominions to the British Government requires readjustment to meet altered conditions. To do this is a task of the utmost delicacy and the greatest constitutional difficulty; more than one conference will be required before a solution can be found to devise constitutional machinery which will deal with foreign policy and defence of the Empire as a unit, and at the same time preserve complete autonomy to the component parts of the Empire.

Yet that is the problem which must be faced. Valuable suggestions have been made from time to time. Dominion statesmen are suspicious of any central control and would not tolerate any interference with their political freedom from Downing Street.

At Cabinet Meetings. One suggestion which has been frequently made is that the Dominion High Commissioners resident in London should be invited to attend sessions of the British Cabinet when questions of defence or matters affecting the Dominions are discussed, but only in the capacity of consultants so that they could report to their respective Governments. This is a policy of unity by consultation or at any rate of keeping in touch.

Some Need Information. There is still a section—a diminishing section—of the British people who do not fully realize that the Dominions have reached the status of full commonwealths. Democratic evolution was proceeding as the Dominions increased in population, wealth and organization, but the process was quickened by the part which those new countries played in the war. A new impetus was given to nationhood. The full status of Empire relationships necessary; the war has made it imperative.

"Colonial" Office. The removal of the self-governing Dominions from the supervision of the Colonial Office has been discussed for years. Something will have to be done. The new nations within the Empire, no longer daughter, but sister nations, will not be content to be linked up with the same administration that supervised Government in uncivilized territories inhabited by savage races.

As to the influences at the Prime Ministers' gathering, there are those here who are inclined to think that the driving force in the conference will come from the Dominion Minister of South Africa. His record and his recent election victory in South Africa make him a great figure.

BOUNDARY SURVEY IN THE ROCKIES

Edmonton, June 2.—R. W. Cautley, a surveyor who formerly lived in Vancouver, is about to leave for another boundary survey, the inter-provincial boundary survey between Alberta and British Columbia. He will have a party of eleven men, who will be engaged in the survey of the "fall line" already marked at the top of the Province. Monuments will be placed at intervals along the way through the mountains, continuing the border line already determined in the previous years' work from the north.

The work is being done by joint arrangements between the two Provincial Governments and the Dominion Department of the Interior.

Albertans Laying Blame on Vancouverites

Edmonton, June 2.—Charges that Vancouver is still dumping its unemployed into this city, thus making an acute situation even worse than it is at the present time, are being made at the Edmonton headquarters of the Great War Veterans' Association.

Returned soldiers without money and floaters of many kinds are drifting into this city from the coast daily. Some of the recent arrivals declare their passage money was given them by city and soldier officials in Vancouver in order to bring them to the Alberta capital.

POINTED TO HUGE RAILWAY LOANS

Cahill Spoke During Commons Railway Debate

Ottawa, June 2.—(Canadian Press)—Before the House of Commons late last night approved the loan of \$19,687,632 to the Grand Trunk Railway and \$26,000,000 to the Grand Trunk Pacific Railway the charge was made by Frank Cahill, Pontiac, that the total amount involved in the loans to the Grand Trunk and other Government roads amounted to more than the total cost of the Intercolonial and the National Transcontinental, and one-third of the cost of the Canadian Pacific Railway; was greater than half of the total debt of Canada ten years ago; more than the total revenue ten years ago and greater than the total Customs revenue last year. He had been surprised to hear the Minister of Railways say that he hoped Sir Joseph Flavelle would be permanent chairman of the joint board of control of all the Government roads. Sir Joseph Flavelle might be an excellent business man and an absolutely honest man, but he had a reputation which would not inspire confidence in the whole Canadian people.

Hon. J. D. Reid, Minister of Railways, deplored the criticisms which had been levelled at Sir Joseph Flavelle. It would be impossible to get suitable men for the directorate of the roads if they were to be the victims of such attacks.

F. F. Casgrain protested against the suppression of the French language among officials of the Cana-

When Your Appetite Fails This Is What You Need

When Your Appetite Fails This Is What You Need

When the very thought of eating makes you feel dizzy, when you're run down, stomach in bad shape—you need a real housecleaning with Dr. Hamilton's Pills. They tone up the liver, assist the stomach and improve digestion. The taste becomes aware of new flavors in food you never noticed before. You'll look and feel a whole lot better after using Dr. Hamilton's Pills. Many folks used this fine old remedy and nothing else and kept in the pink of condition all the time, 25c at all dealers, or The Catarrhose Co., Montreal.—Adv.

WAGES LOWERED.

New York, June 2.—The clothing strike here which involved approximately 65,000 men and women workers since December has been settled on a basis of a 15 per cent wage reduction and an agreement as to a union policy and an impartial board of arbitration.

Fred Newman, who has been president of the Pictou Board of Trade for six years was re-elected for 1921.

FOUR HUNDRED YEARS SINCE MAGELLAN LANDED

Two Notable Anniversaries to Be Marked

It is becoming the custom around the Pacific to observe September 17 as Pan-Pacific Day. The 17th of September this year is the 40th anniversary of the discovery of the Pacific by Vasco Nunez de Balboa. Eight Years Ago On the 40th anniversary of "Balboa," or "Pan-Pacific" Day, there was held a gathering in Honolulu of all races of the Pacific. Ex-Queen Liliuokalani returned to her throne for the first time in twenty-one years to receive flags of all Pacific countries in behalf of the Pan-Pacific Union. That evening a banquet was held and friendly speeches made by representatives of every Pacific country.

A year or two later "Balboa" or "Pan-Pacific" Day was observed in San Francisco at a gathering of 500 people of all Pacific races at the St. Francis Hotel. A branch of the Pan-Pacific Union was then organized at San Francisco. This was later merged with the Foreign Trade Club of San Francisco, which now calls the annual get-together meetings in the California city on Pan-Pacific Day.

Hands Round Pacific In Australia and New Zealand the Hands-Around-the-Pacific Clubs and the millions clubs, branches of the Pan-Pacific Union, have begun to observe this general occasion when the peoples of the Pacific get together for friendly discussion and cooperation. In the Philippines, Japan and China there are now Pan-Pacific Associations where the leaders of all Pacific races meet together once a year to hear from each other. Even at Washington and London there are such gatherings on Pan-Pacific Day.

In Honolulu, where all the races of the Pacific gather and mingle, Balboa Day has been the occasion when the school children prepare essays on the Pan-Pacific Union. Speakers are sent to the schools from among the leading citizens to tell something about Balboa and the Pacific. Schools in Alaska, a number of Pacific coast cities, in Latin-America, Australia, New Zealand and the Orient also make a feature of Pan-Pacific talks to the pupils on Balboa Day.

Notable Anniversaries This year more than ever it is hoped that all of the schools in Pacific lands will make a feature of Pan-Pacific Day, the 17th of September, for the reason that this is a year fraught with interest to the schools. Four hundred years ago on March 16th Ferdinand Magellan completed the first voyage around the world at Samar, in the Philippines, for it was from the Philippines that Magellan may be said to have begun his voyage around the world. On April 2, 1521, he was killed on the island of Mactan, in the Philippines.

FARMERS MAKE GAY ON NORTHERN TRIP

Rough Sea Only Thing Interfering With Perfect Joy on Way Up

Prince Rupert, June 2.—After dances led by the Hon. E. D. Barrow, Minister of Agriculture, and singing choruses also led by the Minister in a baritone voice, members of the F.V. Dairymen's Association arrived here yesterday afternoon and entrained for Vanderhoof, where the convention will be opened on Monday. A day will be spent on the way at Smithers meeting farmers and dairymen. Crossing Queen Charlotte Sound there was quite a swell and a number of the prominent agriculturists had to take to their cabins. Professor Sudder of the University of B. C. was able to emerge from his room only just before the boat reached the dock here.

SURE PROTECTION FOR YOU; WHILE YOU TRAVEL

You may find the water bad, some poorly cooked food may excite trouble, a draught from a car window may give you an ache or pain—a cold or damp sheets may cause rheumatic twinges. Remember this—any pain that is caused by congestion yields rapidly to Nerviline. When your stomach is sour and you feel cool or hot sheets may cause twenty drops of Nerviline in sweetened water. If cramps waken you in the dead of night, Nerviline will mix with your water and keep you on hand—always. —Adv.

PUTTER YOUR WAY BACK TO HEALTH, BUT 'WARE CARPENTERITIS!

(From The New York Herald) There's a hint for every household in the illustration of Senator Sherman of Illinois that a course in carpentry restored his health after he had vainly spent \$4,000 with specialists. His slight and aching back was affected. A wise doctor diagnosed his ailment as the outcome of nervousness and prescribed puttering with country tools to get his mind off his aches. Almost every man of the house has some physical flaw. Almost every home needs to be puttered with. Tools may be had at a figure ranging from \$8.93 to \$52.93.

Soon after the husband goes in for home carpentry his nervousness is likely to leave a permanent possession of the wife. This happens when the patient is too eager to show his natural aptitude for manual labor. It takes his mind from his physical ills when he plans to fasten a neat shelf, of his own making and staining, to the end of the upright piano. The patient can buy a hammer, a saw and a screwdriver for \$2, or he can order an oak work bench with a fitted tool cabinet at figures ranging from \$8.93 to \$52.93.

Let the invalid tackle the evil of most dining rooms, swinging doors whose patent hinge will not function except to cause the door to attack any entering person who is using both hands on a tray. The dining table is always ready for the amateur. If one leg is not shorter than its mates, surely one leaf is longer than its fellows. The sliding board knife drawers always need partitions. To make these properly the patient should have a plane. Learning how to raise or lower the blade of a plane should not take more than twenty-four hours.

A living room's possibilities in carpentry are vast. Here sometimes the patient will find complete recovery. Every parlor from Noah's time has had one squeaky board in its floor, one door that sticks in damp weather, one missing piece of moulding in an obscure corner. The patient should go lightly in the living room until he is sure of his art. "You cannot ruin a living room, and then, frowning slightly, say: Well, throw it out!"

In the case of the nervous commuter there is an unlimited field for carpentry. Here sometimes the patient will find complete recovery. Every parlor from Noah's time has had one squeaky board in its floor, one door that sticks in damp weather, one missing piece of moulding in an obscure corner. The patient should go lightly in the living room until he is sure of his art. "You cannot ruin a living room, and then, frowning slightly, say: Well, throw it out!"

Frequently carpenteritis becomes more alarming to the family than the ailment is succeeded. It is hard to tell whether an extreme case of it will be cured. The doctors say that there is hope until the victim starts to learn to sharpen his own saws. Once that stage is reached recovery is not to be looked for. The wretch talks glibly about hammers, mortises, rabbits, punches and wimble. He lives in a world of sawdust and he wears overalls and carries his hammer in a loop at the back.

PRISONERS USE SOAP AND ESCAPE

Stockton, Cal., June 1.—Common laundry soap was partly responsible for the escape of John F. Harris and Eugene Wheeler from the San Joaquin county jail at an early hour yesterday. The men removed their clothing, threw it through a very small window from which they had removed the bars and then, with the motion facilitated by the soap, wriggled through themselves.

More than ten years ago prisoners sawed the bars from the small window of the cell. These were welded back into place and Harris and Wheeler decided that the welds had crystallized. They tore a piece of pipe from a small sink in the cell, and using this as a crowbar, broke the bars and, with the aid of the soap, wriggled to freedom.

FLEET FOOT
means Style, Wear, Comfort and Economy

PUT the whole family in FLEET FOOT this summer. There are FLEET FOOT styles in oxfords, pumps, sport shoes, working shoes—FLEET FOOT styles for home, business, evening wear, holiday time—for men, women and children.

FLEET FOOT are certainly the most attractive shoes for summer wear. They are so well made, of such excellent materials, with tough rubber soles and heels, that you can count on long wear from every shoe stamped with the name FLEET FOOT.

They are easy and comfortable; the coolest and most restful footwear that can be worn on hot days.

Look for the name **FLEET FOOT** in this style of lettering on every pair.

FLEET FOOT shoes are sold by the leading dealers everywhere

HEY, LUKE! HAVE YOU EVER HEARD THE HAT BAND—HOLYOKE.

LUX for Voiles, Linens, Batistes, Cottons

Do not think of LUX as a cleanser for only georgettes, chiffons, tricolettes, crepe-de-chines. The bubbly LUX lather means double life to anything you can wash—anything that pure water will not harm. Chiffon or linen, it's all the same—use LUX.

LUX free booklet, "The Care of Dainty Clothes" sent on request. Lever Brothers Limited, Toronto

To Mrs. W. Union Bay

This recipe was given us by a railway dining car chef—and it is lovely. We print it instead of matting, because quite a few ladies have asked for this.

To one tablespoonful of Pacific Milk add one-half teaspoonful salt, level teaspoonful sugar, dash of cayenne pepper, one-eighth teaspoonful mustard; blend thoroughly with fork and add one tablespoonful olive oil. Blend thoroughly with fork and dilute with vinegar to desired consistency. Be careful not to get on the face.

- Regular \$12.75, sale price \$6.50

ONLY SPEECHLESS WINE. London, May 30.—Wine merchants from California were landed at Cherbourg on their way to Italy, where they are to inspect a drink discovered by the Italian merchants, said to be as pleasant to the palate as an alcoholic wine, with a reminiscence of the latter's flavor. One woman thought so at Bloomsbury County Court, and shyly asked the Registrar to be excused. She confessed to "being very nervous" and based her objection to serve upon her age. The Registrar promptly granted her request.

Victoria Daily Times

THURSDAY, JUNE 2, 1921. Published every afternoon (except Sundays) by THE TIMES PRINTING & PUBLISHING COMPANY, LIMITED.

UP TO THE PEOPLE.

There is no ground for the assumption that it will be necessary to establish additional liquor vending stores because the Board of Control has found it too costly to institute a delivery service. It goes without saying that much of the public display of ungainly packages would have been avoided if the original proposal could have been carried out.

It should also be remembered that a delivery system was originally decided upon before the Dominion Government had earmarked British Columbia's liquor as a source of new revenue for the national treasury.

In other words the Board is endeavoring to pair down its cost of administration in order that the individual who desires to take advantage of the new order of things may do so without paying a price out of proportion to the value of the goods he will receive.

As it is the Board will be compelled to add at least one dollar to the present selling price in satisfaction of the Federal impost. Add to this the cost of an elaborate method of distribution and the figure that would have to be asked for well-known Scotch products would be not far short of five or five and a half dollars.

In suggesting that it will be necessary to establish more distributing stores because of the altered programme our morning contemporary seems to lose sight of the fact that the new law never was intended to compete with the old licensing system in point of facility for general sale.

In the final analysis the length of time the new law will remain on the statute books of this Province will depend upon the people themselves. If it is abused it will die a violent death before it is many years old.

EATING HUMBLE PIE.

Nobody feels like going into ecstasies over anything the German Government promises to do in its attempt to atone for the crime of which that country has been found guilty. But it is refreshing to see something in the nature of a determination to discharge the obligations which a display of Allied force has compelled her to accept.

to the family of nations will not be unduly delayed. The Government's resolute decision to carry out its disarmament instructions in order that an infraction of this provision of the ultimatum shall not be the cause of further penalties is a measure of self-defence with which the Allies will not quarrel.

ONLY AU REVOIR.

When the Aurora and the Patrician leave these waters tomorrow the people of Victoria will say au revoir and not farewell. They will look forward to another visit of the Canadian squadron at an early date when the pleasant relationships established with the officers and men of the three vessels may be renewed under equally pleasant circumstances.

COAL AND OIL.

One of the breakers ahead of the British Miners' Federation is the widespread conversion of industrial plants from coal to oil in respect of fuel. As each successive strike takes place two or three dozen of the larger establishments reduce their dependence upon the product of the miner's toil and enter into arrangements for the alternative fuel supply.

HEAL THE SICK.

Some people argue that the hospital systems of the country should not be made a charge on the State. They contend that as soon as the public treasury provides the funds for their maintenance and operation private interest in the fate of the poor in health ceases.

RELEASE OF BRITISH TURKS HOLD IS DEMANDED

The Amir of Afghanistan has concluded a treaty with the Kemalists at Moscow. The British Government realizes that acts such as these have made it impossible to show as much consideration to the Turkish people as its attitude at the London conference showed it was anxious to do.

those who through no fault of their own are unable to take care of themselves. But as long as hospitals are allowed to get into debt for want of support that obligation will go unrecognized.

BE FRANK ABOUT IT.

In his testimony before the Royal Commission appointed by the British Government to inquire into the embargo upon imported cattle Sir Daniel Hall would not admit that a pledge was given amounting to a promise to remove the embargo at the end of the war.

NOTE AND COMMENT

British officers were hugged and kissed by grateful Germans in Silesia. Even the days of peace have their perils. When Uncle Sam gets into trouble with any section of his people he usually takes prompt steps to end it and asks permission of public opinion afterwards.

Mr. O. T. G. Esmonde has left British Columbia en route for Montreal and Liverpool. That is the last that should be heard of the young man who has attracted enough attention to last him a lifetime.

HOROSCOPE

THURSDAY, JUNE 2, 1921. (Copyright, 1921, by The McClure Newspaper Syndicate.)

Astrologers read this as an uncertain day. Although Jupiter and Venus are in benefic aspect, Uranus rules with ill omen.

MARKETS NEEDED

J. F. Walsh, representing the Canadian Manufacturers' Association, pointed out to the committee that while Canadian manufacturers had done their utmost to absorb returned soldiers, they could not keep their factories going without markets for their products.

RELEASE OF BRITISH TURKS HOLD IS DEMANDED

The Amir of Afghanistan has concluded a treaty with the Kemalists at Moscow. The British Government realizes that acts such as these have made it impossible to show as much consideration to the Turkish people as its attitude at the London conference showed it was anxious to do.

MORE DOMESTIC WORKERS WANTED

Women Immigrants Discussed by National I.O.D.E.

Toronto, June 2.—Immigration of women was a subject of interesting discussion at the annual convention of the National Chapter of the Imperial Order of the Daughters of the Empire here.

Mrs. W. D. Spence, of the Calgary I. O. D. E., representative of the Canadian Council of Immigration for the Women, presented a report recommending establishment of training schools in the various provinces for inexperienced domestic workers.

Public opinion in Canada would regulate the number of immigrants by the power of absorption, she said.

LETTERS

Letters addressed to the Editor and intended for publication must be short and legibly written. The longer an article the shorter the chance of insertion.

PARCEL POST.

To the Editor.—In connection with parcel post to the United Kingdom, information has been received from the Post Office Department that under arrangements recently entered into with the British postal authorities a person sending a parcel to the United Kingdom may write on the wrapper a request that if it cannot be delivered as addressed, it may either be treated as abandoned or delivered at a second address.

HEAR! HEAR!

To the Editor.—The universal admiration expressed by thousands of onlookers for the splendid effort made by the Scottish Societies in the broom-bedecked carnival float has led me to wonder if those who went to so much expense and devoted so many hours of love-labor had any thought that "they" build better than they know in their "rain wee house."

Shortly after the days of William Wallace, in the year 1258, we learn that at Galuschel, now Galushiel, on Gala Water, the shepherds there set up their "shielings" of stakes covered and protected by leafy boughs.

No mention is made in your issue as to how the awards were placed, but it is a great disappointment to those who were anxious to see the essentials of the idea of a Broom Carnival thoroughly carried out to learn that some of the adjudicators had apparently taken but little consideration of the fundamental desirable qualities and that this design in broom had been relegated to a secondary position.

Broom and shasta daisies were used in the decoration of St. John's Church yesterday morning for the wedding of Hazel Marjorie, daughter of Mr. and Mrs. A. H. Walker, 3267 North Quadra Street, and Joel James Pendray, son of Mr. J. J. Pendray, Saanich Road. The Rev. F. A. P. Chadwick officiated. The bride was prettily gowned in cream georgette with bridal veil and orange blossoms, and carried a bouquet of roses and carnations. The Misses Louise Pendray and Thelma Walker were bridesmaids attired in white lace gowns, and carrying bouquets of roses and carnations. Mr. Lawrence Stewart supported the bride, and after the ceremony a reception was held at the home of the bride, attended by about eighty guests. The young couple stood beneath a marriage bell of flowers and received their friends. Later Mr. and Mrs. Pendray left on a motor tour of Vancouver Island as far as Great Central Lake, the bride wearing a smart suit of navy gabardine and black tulle hat.

Miss Mary Tolson, a popular bride-elect whose marriage to Mr. Douglas Leighton will take place at the end of June, was honored at a miscellaneous shower yesterday afternoon at the home of Mrs. D. Keith Wilson, Richardson Street. Mrs. E. Ham receiving the guests and presided at the tea table. A huge basket of pink may centered the daintily appointed table and concealed the gifts, which consisted of pale pink anemones, each carried one. Only the intimate friends of Miss Tolson were present, including Mrs. Edward H. King, Mrs. H. Mayhew, Mrs. Ridewood, Mrs. Russell Kerr, Mrs. Meredith, Miss Meredith, Miss Marjorie Rant, Miss G. Rant, the Misses Stuart-Robertson, Miss Footton, the Misses Eileen and Joan Innes, Miss Constance Hayward and Mrs. Scott-Ritchie.

At the minister's residence, "Breadalbane," yesterday afternoon, a quiet wedding took place when the Rev. Dr. Campbell officiated at the marriage of Bruce Marjorie Willoughby, of Mill Bank, and Miss Sybil Crawford Cass, of Victoria. The bride, who was given in marriage by her mother, Mrs. Lydia Mary Cass, was gowned in light gray poplin with picture hat, attended as bridesmaid by Alexander, of Cobble Hill. The groomsmen were Norman G. Alexander, Mr. and Mrs. Willoughby will make their home at Mill Bank.

J. Muirhead, Miss Helen McHall and Miss M. McHall, Mrs. Howard A. Cox, of Vancouver, Mrs. H. T. McKee, of Sidney, J. E. Rendle, of Victoria, Mrs. James Knight, of Nanaimo, P. Lloyd, of Westholme, Mr. and Mrs. R. S. W. Corbett, of Pender Island; Arthur Crane and Major William A. Pennington, of South Pender Island, are guests at the Strathcona Hotel.

Announcement is made of the marriage which took place quietly in Victoria of Mr. W. T. Gollan, of Edmonton, Alberta, to Mrs. Florence McElrea, of Victoria. Mr. and Mrs. Alexander, of Lake Hill, attended the bride and groom. Mr. and Mrs. Gollan left on the afternoon boat for Seattle. On their return they will make their home in Victoria.

FOR CHILDREN THE SANDMAN STORY FOR TONIGHT

THE FALL OF THE BUTTERFLY FAIRY

Butterfly Fairy was a very beautiful little fairy, as you will, of course, know. She was dressed in yellow like the sunshine, with black dots and tiny dabs of black on the wings she wore on her back.

On her head she wore a cute cap of yellow, with long black sticks up on top and tied under her chin with little black strings.

On her feet she wore black slippers and yellow stockings, and with her sweet face she was one of the prettiest little fairies the Queen had in her large family.

But because she was a Butterfly Fairy the Queen told her she must not forget her work, and for a long time she obeyed her queen, and every day she went about the garden placing the dewdrops on the flowers.

But one morning she stopped to speak to some real Butterflies that were just getting ready for their flight in the garden. "Why don't you come with us and play?" they asked. "We never work as you do, we sport in the sunlight and sit on the perfumed flowers or swing in the jeweled swings that the Spiders sometimes spin for us."

Butterfly Fairy still held her little basket of dewdrops on one arm while she listened to the real Butterflies; the sunlight on the perfumed flowers did not tempt her, for she had plenty

She swung back and forth of both. But when they spoke of the jeweled swings poor Butterfly Fairy forgot her Queen and her work.

Down went the basket on the ground and out rolled the dewdrops of blue and yellow. "Where can I find one of the swings?" she asked.

All the Butterflies began to wave their wings and flutter about, for, of course, it is their delight to get some one to join in their lazy way of living, so they called "Come!" to Butterfly Fairy and away they flew.

And she followed them, ally Butterfly Fairy forgot her basket on the ground, but the Queen found it or no telling what the fate of the little Fairy might have been.

The real Butterflies took the little Fairy to a beautiful red rosebush where under one big rose hung a jeweled swing, and when she was seated they gave her a push and off they flew.

But Butterfly Fairy forgot the sun and how the warmth would make the swing vanish, just as did her Queen's wand make many things disappear that it touched.

So there she swung back and forth thinking only of her beauty and the fun she was having, when all at once the swing disappeared and down she tumbled on the ground.

Her little cap tumbled off, and one wing was so bruised she could not fly, nor could she step, for her knees were badly bumped and hurt. And there was the Queen found her, Butterfly Fairy on her face crying but she did not scold her; she picked her up and put her in her own royal carriage.

Then she drove her about showing her the work she had left undone, the poor thirty flowers she had neglected, and while Butterfly Fairy sat at home with her wing and knees bound in dew and honey balm, the Queen's own make she saw how foolish she had been to listen to the real butterflies.

That was the reason the Queen did not make her well at once with a touch of her magic wand, she wanted Butterfly Fairy to think what she had done and you may be sure she never again neglected the flowers or stopped to talk with the real Butterflies that never work.

CYMRORION SOCIETY

The Welsh Cymrodorion Society held their ordinary meeting at the I. O. F. Hall, Douglas Street, last evening.

A. Fitch, the president, was in the chair. The meeting was started with the singing of the old Welsh hymn, "Duw maer y rhyddodau maith."

A motion was passed that the executive be responsible for the business of the society.

The following is a list of the entertainers: W. V. Jones sang "Yr Iach I U Gymru" and "Aderyn Pur." Mrs. W. Jones gave "Going Down the Vale." J. M. Thomas referred to the "Yr Iach I U Gymru" as the next hymn, after which Miss Coupland gave a piano-forte solo. D. C. Hughes sang "Hoffiad y Nguedig." Miss V. Fitch gave "At Early Dawn." Mr. Fitch followed with "Mentra Gwin;" and Mrs. H. Hollins gave a recitation about "Clwyd y Drydoedd." Miss Lewis sang "Tros y Sarg;" Mr. Fitch gave a short recitation, and W. V. Jones followed with "Open the Gates of the Temple."

All the artists were most heartily applauded, and a most successful and enjoyable evening came to a close with the singing of the two National Anthems. A number of new members joined the society.

Health Centre Auxiliary.—The meeting of the Women's Auxiliary to the Health Centre, scheduled for this week, has been postponed until June 5.

ST. GEORGE'S SOCIETY GARDEN FETE

Mrs. Nichol to Open Garden Fete at Bishopsclose June 15.

The Royal Society of St. George will hold a garden fete in the grounds of Bishopsclose on June 15, at 3 p. m., when there will be stalls of home cooking, candies, fruit, flowers and vegetables, and superfluities. Mrs. Walter Nichol will open the function at 3 o'clock. Afternoon tea will be served.

Contributions for the stalls or prizes for the sports will be very gratefully accepted and may be sent to the assistant-secretary, Miss Thorner, care of D'Alaird's, 613 Yates Street.

On Tuesday, June 7, the Society will hold a social evening at 8 o'clock at Christ Church school room, when the new entertainment committee will provide the programme.

I.O.E. CHAPTER TO HOLD GARDEN FETE AT MRS. W. J. BOWSER'S

An enthusiastic meeting of thirty-eight members of the Margaret Rocke Robertson Chapter, I. O. E. last night discussed the final arrangements for the garden fete to take place on Saturday afternoon, June 18, at "Buncrana," the lovely home of Mrs. W. J. Bowser. Mrs. Gordon Smith, the regent, presided. Five new members were added to the Chapter's roster and two new names were proposed.

The fete will be the final function of the Chapter prior to the Summer vacation and the members are devoting their energies assiduously to its preparation. The many attractions will include stalls of home cooking, baby wear, fancy work and a samples stall, and ice cream and tea will be served. Miss Belle Hastie has been appointed general convener for the occasion. At the meeting a donation of \$10 was passed to the James Bay troop of Boy Scouts.

VIVID COLORS LEAD LONDON FASHIONS

Sober Hues in Interior Decoration Yield to Something More Lively

London, June 2.—The passion for vivid color now passes many who have been content with sober hues in paint and quiet hints and patterns in wallpaper and hangings, says a London interior decorator.

Orange and purple in startling combination, or even with the addition of blue and yellow with black to a moderating element, find their way into some houses; rooms are being decorated in Chinese red and black or in the Roman colorings of Pompeian houses. Sometimes the very ceiling takes on futuristic coloring.

But most people are content with grey walls and black paint in sunny rooms, and walls of varying richness of color from cream onwards in the darker ones. Where pictures are not hung, panels may be introduced of different coloring or of more elaborate wallpaper designed for the purpose.

A fashion of the moment is for a pattern of conventionalized flowers and leaves, such as is seen in Russian or Oriental embroidery. With painted walls, a motif of black or deep color may be introduced, or perhaps a wall hung with plain colored paper or with linen, a frieze of dull gold paper with silhouetted black figures. In bathrooms, offices and entrances black and white are best.

Tips on Paint

Good oil color paint is the most easily cleaned and durable of all surfaces. Sometimes, for doors and surfaces where high polish is desired, it is varnished and rubbed down with rotten stone and linseed oil. This gives ordinary wood a surface which never wears more than a rub, which never dries dry rag. Painting is still so expensive that it is advisable to choose the best materials. Lacquer is the most effective of all, especially for a room containing Oriental treasures. If two shades of green or whatever color is chosen are applied, the flatness of ordinary paint can be avoided, where should be thoroughly cleaned off before the new is applied.

She was a professor's wife, and she was awfully proud of her husband. One day when the Smith-Joneses came along to tea she told them all about him. "He's a wonder, them all about him," she said. "Just at this minute he is in the laboratory conducting some experiments. The professor expects to go down to posterity. B-r-r! Crash! Rattle! Another B-r-r-r! from the direction of the laboratory. 'I hope he hasn't gone,' said one of the visitors anxiously.

A horse in the Montclair, N. J., Parks Department has been drawing a salary of \$1 a day from the city since January 1, and has been paid in cheques made out to "H. Bell," which were cashed under an endorsement, "H. Bell, X, his mark."

Not A Blotch

Not A Blotch mares the perfect complexion of her complexion. Persists in temporary skin troubles are effectively concealed. Reduces unsightly color and corrects greasy skin. Highly satisfactory. Send 15c for Trial Size.

A GAMBLE IN BEAUTY

By NANCIBELLE HALE.
ONE LOVE STORY YOU NEVER CAN FORGET.

The Romance of Two Sisters, Both Beautiful, One Demure, the Other Vampish—With Thrills in Every Chapter and an Unexpected Denouement.

Varia pulled off her gloves and pushed back her hair with that gesture she used when she was a little tired. Then she stood still without moving. It all came back to her now! Nina used to come running up to her to say, "Play something, Varia! I don't care what, but play for half an hour or so."

And Varia, who loved her music, would mount the stairs to her "music room" and play, forgetting time and circumstances. Once she had stumbled on John sitting out there in the ante-room listening, but he had not seemed to recognize her in the half-light, and she had gone on.

And Nina had always pretended that it was she who played, not Varia!

"How would you like to go out to dinner in John's car?" "Can you be ready in twenty minutes?"

Varia could. She told Sally Lou that they were going out, and Sally Lou moaned, "I's gettin' up the nicest dinner for you, Mis' Amory, and now it's jes' gone to waste!"

But Varia, with a few words and her sweet smile, smoothed over Sally's disappointment and promised her an extra afternoon of solace.

Varia flung open her closet door and chose her dinner frock, a simple black satin. She pulled down a picturesque hat that was wide and drooping, and was buttoning her gloves when John called:

"Ready?" "Where are we going?" she asked at length. "The Biltmore," he answered tersely.

When she found herself at the small table opposite him something of his excitement seemed to enter her blood. The music drifted down to her, the sound of voices and the fragrance of flowers, of powders, of perfumes—all these other women dining with men.

Varia looked proudly across at John. He was so distinguished. How the black and white of his evening clothes became him! How very dark his brows were, and how clean-cut his mouth! She leaned forward, studying him while he ordered dinner, and she was unconscious of all that her eyes might give away.

"Pretty crowded, isn't it?" John asked, his eyes sweeping the small tables about them. "I've lifted his hat," she declared, then laid it down untouched. Varia, following his gaze, saw that it rested on a table in the corner where, under the cluster of lights, sat a man and a woman.

Nina, Varia wondered why her heart began to hammer so fast as she watched Nina, and why the pulse in her temple began to thrum. "Nina," she murmured, "she was in jade color with a tiny feathered hat. Her white arms, her creamy neck, her dusky hair against the feathers, and her eyes sparkling with light made her bewitching."

She waved to them with a flutter of her white hand. And Varia, tasting her lips, declared, "I've lifted his hat," she murmured, "she was in jade color with a tiny feathered hat. Her white arms, her creamy neck, her dusky hair against the feathers, and her eyes sparkling with light made her bewitching."

John, who was with Nina, she asked John. "Goldman, the multi-millionaire," John answered, as though he did not like to tell her. "But he's married, John!" Varia said in a shocked voice.

Nina dining with that old rone! Other women did such things, but not one's own sister! Just because he had millions he could get the most beautiful women—Varia's thought plunged on headlong.

enough! What about this caper? What did it mean?

CHAPTER XI.

Try as she would, Varia could not get that last picture of Nina out of her mind.

Nina, wrapped in that wonderful coat, with her head tilted back, looking up into the eyes of that red-faced, fat old millionaire!

In a very desperation at last she flung on her clothes and took a bus that would drop her not far from Nina's flat.

"Oh, it's you!" Nina greeted her and went along the narrow hall that led to her bedroom.

Boxes and tissue paper littered the bed, and cluttered up the free space on the floor.

"I've just been getting some things," Nina explained, putting a handbox from a chair and kicking it under the bed, "it's nice of you to come, Varia. I was rather a wretch the other night! But Dad sent me the allowance and Mel has had a lucky strike! Sounds like an advertisement," she rattled on, clearing a space for herself on the bed and clasping her arms about her knees.

Varia was so relieved that she could have wept or flung her arms about Nina. Instead, she just stood there looking at her. Nina's cheeks were bright with excitement; her heavy dark hair had come unloosed and a coil hung low in her neck and she had a gipsy-like charm that caught Varia's eye.

"What an adorable dress!" Varia cried, catching a glimpse of a lavender and silver frock that showed through the open closet door.

"Don't let's bother about clothes now," Nina said petulantly, kicking the door shut. "I want to tell you about Mel—he's doing wonderfully—we're going to get out of this stuffy hole. Mel says I shall have a car and perhaps we can run down to Palm Beach!"

The bell interrupted them and Nina came back into the room bearing another box in her arms.

"A frock," she said carelessly and began pulling off the wrapping paper about a long box.

The open box showed a velvet gown of an exquisite shade of rose. Varia exclaimed in wonder.

"Why, Nina, it must have cost a fortune!"

(To Be Continued.)

Poor Appetite? Adler-i-ka! "My daughter has gained 7 pounds while taking Adler-i-ka. She had constipation, gas on the stomach and a very poor appetite. She now has good appetite." (Signed) H. F. Newman.

Adler-i-ka acts on BOTH upper and lower bowel, removing foul matter which poisons stomach. Brings out all gasses, relieving pressure on heart and other organs. EXCELLENT for gas on the stomach or so-called stomach. Removes surprising amount of foul, decaying matter which nothing else can dislodge. Prevents appendicitis. Ivel's Pharmacy, View and Douglas. Hall & Co., 702 Yates Street. —Advt.

CITY SEES NEED FOR NEW HOSPITAL

Aldermen Find Efficiency, But Serious Crowding at Jubilee

Though handicapped by almost intolerable lack of space and facilities of various sorts, the Provincial Royal Jubilee Hospital directors are managing the Jubilee Hospital at present on a basis of efficiency. But more hospital accommodation must be supplied without delay to relieve the present congestion and provide for the growing needs of the city and district.

This was the conviction shared by members of the City Council after they had made a thorough inspection of the hospital yesterday afternoon accompanied by the hospital directors, under Chairman George McGregor. "There can be no doubt that a new hospital building is badly needed, but I must say that, owing to the remarkable enterprise, initiative and enterprise shown by the present Hospital Board, the hospital is in far better condition to-day than it was three years ago." Acting Mayor Sangster, expressing the general opinion of his colleagues, declared after the inspection had been completed.

The aldermanic party, accompanied by Dr. T. H. Paterson, Superintendent of the Hospital, and Miss McKinnon, the energetic Lady Superintendent and Matron, first visited the pathological laboratory, which is in charge of Dr. W. F. Walker. This laboratory, which has been enlarged recently, does all the bacteriological work for the whole island, including research for the Provincial and Federal Governments. Before it was brought up to its present standard this work had to be done on the Mainland.

The aldermen declared that the aldermen were told, is the best equipped on the Continent. All equipment was brought through, requests and cost the people of Victoria noted.

Use Chapel For Ward. In the public works the aldermen found serious overcrowding, though every effort had been made for the comfort of the patients. So pressed are the hospital authorities for space that Orientals and Hindus lie in beds a few feet from white patients. A striking proof of the necessity for more accommodation is the use of the Pemberton Chapel as a ward for a number of old men. The aldermen also visited the tubercular wards and the big laundry, which will contain the heating plant for the new hospital wing. It was explained to them that all Chinese workers except in two special cases had been replaced by white men and women recently, both in the laundry and the kitchen, with very satisfactory results.

P. Leonard James, architect for the new eastern wing, explained the new hospital plans to the aldermen. It was stated that the directors planned now only to erect one floor of the wing for the present on account of financial difficulties. The Conservative Club will be asked to duplicate the present Sir Richard McBride ward in the new wing, and the Liberal Association will be asked to establish a ward in honor of one of the great party leaders.

ENTOMOLOGIST IS PROMOTED

R. C. Treherne, Federal Entomologist in charge of the British Columbia District, has been appointed to the position of Chief of the Field Crop Insect Division in Ottawa as a result of the decision of the Dominion Civil Service Commission. The announcement is made to The Times to-day in a message from Mr. Treherne. The appointment, dated from June 1, Mr. Treherne, it is stated, will represent the Federal Government at the Western Plant Quarantine Conference to be held in Victoria June 7.

Mr. Treherne is well known in Victoria and on the island on account of the important work which he has carried on here. It will be recalled that he completed the first scientific investigation into the strawberry weevil pest in Gordon Head. As a result of this investigation, he wrote the first pamphlet ever published on this subject in Canada and devised the early methods of coping with the pest.

For a number of years Mr. Treherne has come to Victoria to lecture at the Summer School for teachers on entomology. Before receiving his new appointment, he was in charge of the field work at the Agassiz State Farm, but he has lived in Vernon of recent years.

EDDIE LENNOX MAKES LONG TRIP

Drives Car From New York to Ottawa in Thirteen Hours

Making the trip from New York to Ottawa in one day, Eddie Lennox, chauffeur for A. J. Freeman for the past eight years, probably established a record for the inter-city flight last Tuesday when he drove a 1920 Cadillac, with three passengers, from the metropolis at an average speed of about 35 miles per hour the whole

journey. The party left the Commodore Hotel, New York, at 4:30 a.m. Tuesday, May 17, and arrived in Ottawa to meet Mr. Freeman at 11 p.m. The trip constituted 13 hours and ten minutes of actual driving time and the average speed made on state roads in New York was 37 m.p.h. The car reached the Ogdensburg Ferry at 8:30 p.m. just in time to catch the boat, and departure was made from Prescott immediately after the ferry reached this side of the St. Lawrence River. The log from Prescott to Ottawa was covered in two hours and fifteen minutes, despite the roughest roads.

The following route, with inter-city mileages, was followed: New York to Poughkeepsie, 74 miles; Poughkeepsie to Albany, 174 miles; Albany to Utica, 42 miles; Utica to Watertown, 87 miles; Watertown to Alexandria Bay, 36.5 miles; Alexandria Bay to Ogdensburg, 26 miles; Prescott to Ottawa, 59 miles. The total mileage for this route was 455.5 miles. The Cadillac was a touring model and the top was kept up during the drive. The car carried the luggage of the three passengers and, of course, was regularly equipped. During four days, the car was driven about 1,100 miles, this including the return journey to Ottawa.

WOUNDED IN MARINE FIGHT AT SEATTLE

Christian Morentsen, Alleged Striker, Is Not Expected to Recover

Seattle, June 2.—Christian Morentsen, alleged to be a striking sailor, who was wounded last night when alleged marine strike sympathizers attacked three members of the crew of the Shipping Board steamer West Jappa, was in a serious condition to-day and was not expected to recover, according to physicians.
Fred R. Bunker, first officer of the West Jappa, and Walter Toy, ship blacksmith, who received stab wounds during the fight, were reported out of danger.
John Prokushuk, 24, and Fred Schwalbe, 29, both sailors, were held to-day pending investigation of the affair. Five others, arrested when police answered a riot call, were later released.
R. M. Semmes, district director of the Shipping Board here, announced he had asked the Department of Justice to enforce the letter a Federal Court order issued several weeks ago restraining marine strikers from interfering with Shipping Board vessels, agents or employees.

FREIGHTS TO ENGLAND HAVE BEEN SLASHED

Twenty Per Cent, Cut on Certain Goods From Pacific Coast

San Francisco, June 1.—Announcement of a cut in ocean freight rates on shipments of dried fruit, canned goods, beans and alfalfa from American Pacific ports to England amounting to approximately 20 per cent, was made public in shipping circles here to-day. The reduction, according to F. A. Hooper, local steamship official, will be effective immediately. Among the firms which have decided to reduce rates are the Blue Funnel, Isthmian, Balfour, and United American Lines, Mr. Hooper said.

NORWEGIAN EXCURSION REACHES CHRISTIANIA

Advices have been received by the Cunard Line regarding the arrival of the Bygdalagene, Norwegian excursion, in Christiania early on the morning of May 14. Just ten and three-quarter days after they left New York. Of these ten and three-quarter days, a day was spent in sight-seeing in the city of London. This day gave such pleasure to the excursion that T. A. Wallby, who is in charge, cabled to the Minneapolis office as follows: "London tour great; leave the men ordered. The excursionists sailed from Hull on the Norwegian steamship Rolo, which carried them direct to Christiania, where arrangements had been made for their being met by a committee of welcome from the Norwegian parliament."

ARMY OFFICERS TRIED IN VIENNA

Vienna, June 1.—Eleven former army officers, including Major-General Joseph Hummel, were placed on trial before a special court here to-day on a charge of having committed treason in connection with the recent attempt of Charles Hapsburg, former Emperor of Austria-Hungary, to regain the throne of Hungary. The charge is based on the allegation that the men organized legionary troops for the purpose of restoring the Hapsburg dynasty.

THE SUBTLE COMPOSER

Movie theatre ad, in Fort Wayne Journal-Gazette: "The Immortal Classic by John Fox, Jr."
The can opener is so much a part of some women's kitchen apparatus that if it weren't sold hot water in tin cans they would not go to the trouble to heat water.

An iceberg, hard aground which has withstood sailing for a year, is reported by the captain of a steamer arriving in New York, to be in exactly the same position it was a year ago.

Gore Bay citizens are agitating for an electric light system.

Biliousness

PILOT HARRY MARDEN SUSPENDED FOR YEAR

Was in Charge of S.S. Governor When Sunk Off Point Wilson

Seattle, June 2.—Suspension for one year of the license of Captain H. H. Marden, pilot of the steamship Governor, which was rammed and sunk off Point Wilson, April 1, with the loss of eight lives, announced by the local board of the United States, disposes of the last of the charges brought against officers of the Governor, in connection with the investigation of the disaster. Captain Marden was charged with inattention to the duties of his station.
Similar charges against Second Officer Ernest Kellenberger and Third Officer Arne Hage were dismissed and both officers exonerated.
Captain Marden was tried by the local board, composed of Inspectors H. C. Lord and Donald S. Ames, on charges of inattention to the duties of his station in that he did not leave the Governor's pilothouse, the windows of which were closed, when lights were reported in proximity to the passenger liner. The local board exonerated Capt. John Alwen, master of the Hartland, from all blame for the disaster, but later charges of negligence, unskillfulness and inattention to his duties were preferred against Captain Alwen by Supervising Inspector William Fisher of the inspection service. Captain Fisher is the superior officer of the local board.
In its decision, the local board finds Captain Marden guilty on the charges of inattention to the duties of his station. He is one of the western pilots of Puget Sound, and the testimony showed he had a splendid record as a conscientious and careful navigator. The board, however, held that he should have been suspended for a year.
The Alwen trial before Captain Fisher is drawing to a close.

TAKING SPECIAL ALASKA CRUISE

C. P. R. STEAMSHIP PRINCESS ALICE

New Flagship For Victoria Yacht Club

Geary Designed Auxiliary Yawl Being Built By Dick Bird For Commodore L. A. Genge; Fine Craft Nears Completion and Will Shortly Be Launched.

A new flagship will fly the Commodore's burgee in the squadron of the Royal Victoria Yacht Club this season. Designed by Ted Geary, the famous racing yacht designer, the new boat is now under construction here by Dick Bird, the well-known local boat builder, to the order of L. A. Genge, Commodore of the Royal Victoria Yacht Club.
The new yacht is now well advanced, the trim hull being under construction in the big warehouse at Pier No. 2, Outer Docks, and will be launched and put into commission in time to play a conspicuous part in the Victoria Club's opening events.

Auxiliary Yawl.

She will be an auxiliary yawl and will have exceptionally fine lines. The best of materials, personally selected by Commodore Genge, are being put into the craft. Staunchly constructed and well finished she will have no peer in her class. The new yawl will have a length over all of forty-one feet, with a length of 30 feet at the waterline.

Big Sail Area.

She will have a beam of 11 feet 3 inches, will draw 5 feet 6 inches, and will carry a sail area of 954 square feet, 592 feet of this being in the mainsail, 199 feet in the mizzen and 145 feet in the jib.

Power Plant.

The power plant carried merely as an auxiliary by the yawl will consist of a seven horsepower two-cylinder Union heavy duty engine, with a two-bladed wheel that will swing in direct line with the stern post when the vessel is under sail. The rudder, constructed and well finished she will have no peer in her class. The new yawl will have a length over all of forty-one feet, with a length of 30 feet at the waterline.

Interior Fittings.

No other type of boat of the same size could have so complete accommodations. In the peak will be a compartment for paint stores, and also a chain locker, and aft of this will be a bobby hatch leading down to the fore in the centre, with the space to each side used for a sail locker and bobby's stores. The forward cabin will have a single built-in berth on each side with lockers underneath and transom seats in front. The passage leading back to the main cabin will have the toilet to port and there will be a well-equipped galley to starboard. The main cabin itself will have the usual folding table in the centre, with transom seats on each side, the backs of which will be upholstered box springs that will fold down over the seats at night to provide extra berthing accommodations.

Excellent Growing Weather Reported

Whinpley, June 2.—A continuation of the excellent growing conditions is reported in the weekly crop review issued by The Grain Trade News to-day. One or two days' temperatures in parts of Saskatchewan and Alberta have been below freezing, and in consequence some tender garden stuff has suffered to a greater or less extent.

COMMANDER HOLME TO RELINQUISH DOCKYARD CHARGE

Returning to England and Will Be Succeeded by Commander Nixon

With the termination of his appointment as commander-in-charge of the Esquimalt Dockyard, Commander H. E. Holme, R. C. N., is relinquishing his office in the naval service here, June 30, and will shortly leave the station for England.
It is understood that the Department of Naval Affairs has decided to amalgamate the command of the Esquimalt Dockyard and while nothing official has been sent out from Ottawa regarding the successor to Commander Holme, it is generally conceded in naval circles that Commander S. A. E. Nixon, of the Naval College, will be given the command of the naval dockyard, at the same time retaining charge of the naval college.
On the expiration of his term of office, Commander Holme was offered another appointment, which he could not see his way clear to accept. He proposed to return to his home in England in the immediate future.
After serving in the British navy for many years, Commander Holme retired from the service in 1912. On the outbreak of war he offered his services to the British Admiralty, and later was loaned to the Canadian Government. In May, 1917, he became first lieutenant with Captain Walter Hope on the cruiser Rainbow at Esquimalt, and was aboard the Rainbow when she made her dash South in search of the raiding cruiser Leipzig.
Subsequently he served on the Halifax station, being in command of the cruiser, Niobe, and in June of last year he returned to Esquimalt to take charge of the Esquimalt Dockyard.

S.S. PRINCESS ALICE WILL MAKE SPECIAL CRUISE TO ALASKA

Leaves June 8 for Skagway and Will Continue in Service During the Summer

Making a special cruise to Alaska to relieve the congestion of early Summer travel the Canadian Pacific Railway steamship Princess Alice will be dispatched from Vancouver June 8 for Skagway. It was announced to-day at the offices of the company here.
The rush of bookings for the early June sailings to the Northwest has been so heavy that all the space on the steamship Princess Royal, scheduled to sail North June 11, has been sold out, and order to take care of the overflow the C. P. R. has completed arrangements to send the Princess Alice on a special cruise. In view of the demand, it is expected that the Princess Alice will carry a full complement of passengers.
The entry of the Princess Alice in the Alaska service this Summer was originally scheduled for June 17. The Princess will arrive here from the special cruise in good time to take the scheduled sailing June 17, and she will then continue to operate in the Skagway service until the end of the Summer season. The existing schedule calls for the Princess Royal to operate north in conjunction with the Princess Alice, but there is still a possibility that the Princess Adelaide may be sent to Alaska later in the season.
Alaska travel this season is expected to smash all former records.
Thieves entered the store of Bucovetzky & Co., Timmins, and stole \$400 worth of goods.

BRIEF LOCALS

Trial is Adjourned.—The action of Clark versus the Harbor Marine Company, Ltd., and others was adjourned in the Supreme Court yesterday afternoon without further evidence being taken until Monday, when Mr. Justice Clemond will continue the hearing.

Memorial Service.—The Army and Navy Veterans extend a cordial invitation to all public bodies in the city to attend the Memorial Service on Sunday afternoon next at 2.30, at Christ Church Cathedral. Weather permitting, the service will be held in the open air, on the west side of the Cathedral.

Victoria Women's Institute.—At a recent meeting of the Executive of the Victoria Women's Institute Town Centre Mrs. S. W. Raven was elected President to take the place of Mrs. T. Godman, who has had to resign owing to ill-health. The officers now are: Mrs. S. W. Raven, 1st vice; Mrs. R. Burnes, 2nd vice; Mrs. Wm. Peden, 3rd vice; Mrs. H. Crocker, sec.-treas.; Mrs. W. D. Todd, and an assistant executive composed of Mesdames Warren, Smith, Kent and Lee.

Memorial Service.—Members of the I. O. O. E. are reminded of the memorial service to be held at Christ Church Cathedral on Sunday afternoon at 2.30 under the auspices of the Army and Navy Veterans, to which members of the Order have been invited. Sturdy workers of the primary chapters are requested to assemble at the Cathedral at 2.15. It is hoped as many members as possible will attend to pay this tribute to the memory of fallen heroes.

Last Lecture on Luther.—The last of a series of four lectures on Dr. Martin Luther will be given Thursday by the pastor, R. F. Kibler, in connection with the regular bi-monthly meeting of the Missionary Service League of St. Paul's Lutheran Church, Princess Avenue and Chambers Street. The subject this evening solicits the keenest interest and attention. "Some tributes paid to Luther by non-Lutherans." After the business meeting and lecture a social will follow.

Held Box Supper.—A social get-together supper held by the Ladies Aid Society of St. Columba Church last evening in the schoolroom of that edifice proved a great success, with a large number attending. A box supper was served, arrangements being in the hands of Mesdames Kemp, Eddie and Forest. The Rev. Mr. McConnell, pastor of the church, was in attendance. In charge of the social arrangements were Mesdames M. G. More, W. Gelling, T. McConnell and Blythe, to whom credit is due for the success of the entertainment.

Y. M. C. A. Planning Camps.—Working under the direction of Harold C. Cross, Boys' Work Secretary of the Y. M. C. A., a party of boys yesterday afternoon put the finishing touches to the Beaver Lake camp pavilion, that has been instituted by the Y. M. C. A. and built by combined community effort. Three camps are arranged this year, one that of the seniors already started in progress at the Gorge. The employed boys will take to camp this Saturday also at the Gorge, below Burlinlt, while the seniors will be present in weekly periods at the Beaver Lake camp to open in July.

School Children Entertain.—The school children of Sidney staged a successful concert and gymnastic display yesterday evening in the Berquist Hall, which was crowded for the occasion. Scarf, drill, club-swinging, marches, dancing and recitation, together with some excellent vocal numbers, completed a program that was very keenly enjoyed. The children have been practicing earnestly under the guidance of Misses Olson and Christie for the event, and were greatly pleased with the cordial reception they were accorded. Costume dresses and novelty scenes were excellently carried out by the school children, who all through the entertainment took great delight in their function.

Saanich Police Court.—Several cases were heard in a sitting of the Saanich police court held yesterday afternoon before Magistrate Jay. The charges against Clifford Alexander for using excessive traffic over roads of the municipality was dismissed, it being pointed out by Magistrate Jay that the Saanich Council had no power to impose such a general provision for excessive traffic other than on roads defined. This was not done. Frank Higgins, K. C. appeared for the defendant. Six cases of speeding were brought before the court in which P. B. Darnell, defended by J. S. Brandon, was alone successful in winning an acquittal. Lennox Jones and Oliver R. Stout were each fined \$20 for speeding; C. B. Ross, of the Western Fish Company, and John Rolfe were also fined \$20 for similar offences. C. R. Long, with C. and C. Taxi Service, were each fined \$5 for driving without the requisite tail light after dark. Lit Wah, a Chinaman, was fined \$15 plus \$2.50 costs for cruelty to a horse which he was using in his business. The accused was surprised at his fine, but was persuaded that he had managed to get off very luckily at that. E. L. Tait appeared as counsel for the municipality.

Naval Men to Meet.—The Naval Branch of the Great War Veterans Association will meet in the Great War Veterans' rooms on Fort Street at eight o'clock to-morrow night. All former members of the Imperial Navy are invited to attend.

Good Cheer Club.—The regular monthly meeting of the Good Cheer Club of the Colfax Rebekah Lodge No. 1, I. O. O. F., will be held on Friday evening, June 2, at 8 o'clock, in the Odd Fellows' Hall, Douglas Street.

Remanded Until Saturday.—Richard Bell, proprietor of the Willow Hotel, was charged today in the Oak Bay court with having liquor in other than a private dwelling. The action was remanded until Saturday morning next, when R. C. Lowe will appear for the accused.

In Police Court.—As a result of a raid at the rear of 542 Fisgard Street last night, when Chief Fry and his posse found two Chinamen in premises that are alleged to be an opium den, Lee and Wong faced charges in the police court to-day. Lee was charged with being an inmate, and defended by R. C. Lowe, who asked a remand until Wednesday next, which was granted. Wong was held on two charges, that of being the keeper and also of being in possession of opium. To the latter charge Wong pleaded not guilty, through his counsel, R. C. Lowe, and was admitted to bail at \$1,000 until Wednesday next, when both cases will be heard.

C. W. E. REDFERN DIES IN PERU

News reached the city yesterday of the death of Charles William Redfern, son of Charles E. Redfern, St. John Street, ex-Mayor of Victoria, who died at Talera, Peru. The late Mr. Redfern was until recently a member of the Colonist editorial staff. On April 27 he sailed on an oil-tanker the "Tarralite" of the International Petroleum Company, bound for Peru. In the absence of details it is presumed he contracted a dangerous illness on the voyage, and was put ashore at Talera, where he died on May 28. The late Mr. Redfern was born in Victoria in 1879. At various times he was employed on the editorial staffs of the Colonist and The New-Advertiser of Vancouver. When the war broke out he joined the Canadian Naval Reserve, and after being engaged in patrol work, transferred to the British Navy, serving in H. M. C. S. Canada with the Grand Fleet in the North Sea. He is survived by his father, two brothers, and five sisters with whom a wide circle of friends will sympathize in their bereavement.

No Regrets

When you bring your prescription for your glasses to us you will have nothing to be sorry for, because every lens and every detail is executed as perfectly as it is possible for human skill and modern equipment to make it.

COME TO SKETCH IN GULF ISLANDS

Distinguished Captain and His Sister Admire Beautiful Scenery

Sidney, June 2.—The launch "Zell" put into Sidney Monday evening with a very interesting couple on board, Captain W. G. Gale and his sister, Mrs. Madeline Gale-Currie, of Orcas Island, Washington, who are on a two months' cruise of the Gulf Islands. Captain Gale, in addition to being navigator of distinction, having made the trip across the Pacific in a very small boat, Jack London being the first to break his record in this direction, is a holder of considerable reputation. This trip through the Gulf Islands is for the purpose of sketching, and later the Captain intends exhibiting his work at the Art Exhibition in Victoria.

The Captain studied under the best of masters both at Paris and Leipzig. Mrs. Madeline Gale-Currie is also an artist, and is as much interested in the combined holiday cruising and sketching trip as her brother. They carry with them a complete camping outfit and can pitch their tents anywhere on the shore whenever or wherever the scenery appeals to them. So far they are very jubilant over their trip and look forward to a successful holiday, and many good sketches from the scenic features of this part of Vancouver Island.

DRY GOODS FIRM CHANGES MANAGERS

Col. Herbert Snell Takes Control of Local Branch of Gordon Drysdale Ltd.

Due to a change in the management of the Vancouver headquarters, A. Dale Davies, manager of the local branch of Gordon Drysdale, Ltd., is leaving to take charge of the Vancouver premises, and Mr. D. Davies, Herbert Snell, late Colonel of the 46th Battalion, C. E. F., arrived today to take over the management of the Victoria store.

Prior to a considerable service overseas in the Canadian forces, Col. Snell was in business in Moose Jaw, Saskatchewan, and of late has been connected with the Vancouver headquarters of the firm of Gordon Drysdale, Ltd. Col. Snell will make his home in Victoria, taking over his new duties to-day. Mr. Davies, late manager of this branch will leave shortly for Vancouver to assume his duties at the headquarters there.

PRETTY WEDDING

Miss Annie Shaddick Becomes Bride of John Gilliflan at Quet Ceremony.

In the presence of a few intimate friends, a wedding was solemnized at the residence of the Rev. S. Cook, Moss Street, last evening at 7.30 o'clock, the contracting parties being Miss Annie Shaddick of London, England, and Mr. John Gilliflan, of Glasgow, Scotland.

The bride wore a smart navy blue serge suit and large picture hat of the same color, with touches of henna, and a white ostrich feather boa, carrying a bouquet of lilies of the valley and bridal roses. She was attended by Miss Jessie Boyd, who was charmingly dressed in a frock of pink figured voile with black hat trimmed with French flowers. Mr. A. Buchanan supported the bridegroom.

After the ceremony a reception was held at the home of Mr. and Mrs. A. E. Mitchell, of 855 Pemberton Road, where a dainty buffet supper was served in the dining room, which was artistically decorated with lilies of the valley, and in the centre of the attractively appointed table was a handsome three tier wedding cake.

Later in the evening Mr. and Mrs. John Gilliflan, who were the recipients of many handsome and useful presents, left for their home, which they are making in Victoria.

SEAMAN ARRESTED

John McDonald, an able seaman from the H.M.C.S. Aurora, was arrested to-day on a warrant charging him with being absent without leave from his ship since March 26 last. The dockyard authorities were notified by the police and the man turned over to the command of the H.M.C.S. Aurora.

Roof Fire Quelled.—A fire on the roof of the kitchen at the Royal Arms Hotel, Store Street, shortly after 12.30 this morning gave the department a slight run to extinguish the blaze. The damage was slight. It was thought the fire started from one of the windows above.

WHAT'S IN A NAME?

Facts About Your Name: Its History, Its Meaning, Whence It Was Derived, Its Significance, Your Lucky Days.

By Mildred Marshall
(Copyright, 1921, by The Wholesome Syndicate, Inc.)

FAITH.

From a Biblical source comes the charming Faith, which sprang into popular usage during the vogue of Puritanical names. The prevalence of appellatives which denoted a belief in the marked beginning of Puritanism in England, and many such names came into use here from other lands but the cause of the widespread dislike of the "Ipsud Heads."

The divine beauty of Faith, as well as the divine virtue for which the name was symbol, kept her popularity undimmed. For was not one of the trio whom St. Paul recommends to the Corinthians, saying "And now abideth faith, hope, charity, but the greatest of these is charity."

The Puritans brought Faith to New England, where they engaged the country, it is one of the few feminine appellatives which cannot be contracted.

The pearl is Faith's talismanic gem. It is a fitting symbol of purity for its wearer, who will possess enviable charm and affability and have many friends.

Wednesday is her lucky day and 5 her lucky number.

Hundreds of Men's Suits, Good Grades—All Well Tailored Selling at Manufacturers' Unloading Prices

These Suits come to us from the most reliable clothing manufacturers of Eastern Canada, who, forced to get rid of their excess stock, are disposing of them at sacrifice prices. Ever in a position to take advantage of such situations, we have secured great quantities of this best grade clothing and are passing it on to our customers almost at the cost of handling it.

This is your opportunity to get a Quality Suit at a price that would scarcely pay for the material in the ordinary way.

Suits in Standard and Young Men's Models . . . **\$15.00**

Stylish Tweed Suits, in shades of brown, grey, green and heather mixtures; some are quarter lined with silk, others full lined with mohair and twill of a grade only used in suits of quality; suits that in the ordinary way would cost you \$30.00 to \$35.00. The price asked for these well made Tweed Suits would not pay for the material it takes to make one **\$15.00**

Men's Suits For **\$35.00**

For the man who wants a better grade Suit this is a great money saving opportunity. The suits are of excellent grade materials, trimmed and finished to perfection and will give every satisfaction; the best models are presented in grey, blues, browns, greens and mixed tweeds. Extraordinary values at **\$35.00**

—Men's Clothing, Main Floor

Suits in High Grade Materials For **\$25.00**

Well Tailored Suits, of high-grade materials and in the best models; suits suitable for business men, young men and young men's "First Longs"; the linings are of good grade and the general finish most excellent; the shades featured are browns, greys, greens and heather mixture tweeds. Suits worth, under ordinary conditions, \$35.00 to \$45.00, now offered at **\$25.00**

Stylish, Light Weight Overcoats For **\$10.00**

This is a bargain in Overcoats that every man will welcome. So attractive are they and such wonderful value at the Manufacturers' Unloading price that they will be snapped up quickly. Therefore if you would benefit by the opportunity don't fail to be on hand early Friday morning. Coats in grey and mixed tweeds. Regular \$25.00 values sacrificed for, each **\$10.00**

THE FLAPPER SCORED

Miss Oldbird was airing her views on marriage and men to Miss Flapperette, and it was evident that she was a man-hater.

"I don't care for men, my dear," she said to her young friend. "In fact, I have already said 'No' to several of them."

"Indeed!" said the young thing, with a twinkle in her eye. "What were they selling?"

Beacon Hill Park, Now Mecca For Victorians and Visitors, May Lose Familiar Flag Pole

Large crowds of people who are enjoying the beauties of Beacon Hill Park at present will hear with regret the announcement made to-day by Acting Mayor George Sangster that the familiar flag pole, which stands on the summit of Beacon Hill, probably will be removed immediately. Alderman Sangster was informed by Park Superintendent Thomas Purdy this morning that the flag pole was getting shaky with age. According to a workman who climbed to the top of the pole recently, the top of the giant stick is rotting away. It has been

found almost impossible to keep any rope on the flag pole for more than a few days. People persist in stealing the rope at night. After a conference on the matter, Alderman Sangster instructed Mr. Purdy to make a last attempt to fix the flag pole or to remove it altogether. If such a plan is found to be feasible the pole may be taken down, shortened and re-erected.

Mr. Purdy told the Acting Mayor to-day that, when he visited the Hill recently, he found that a number of small boys had fastened one of their

comrades to the guy rope and hauled him to the top of the flag pole. "Here the boy was swinging far out from the pole—seven feet at least, while the pole swung back and forth," Mr. Purdy said. "The boy gave me a fictitious name. Had he fallen he would have been killed, I suppose."

"This has got to stop," Alderman Sangster ruled. "Either the pole must be made safe and children kept off it or it must be removed." He added that he would instruct City Engineer F. M. Preston to figure out a plan for removing the pole.

Imperial Bank of Canada

Forty-Sixth Annual Meeting of Shareholders

The Forty-Sixth Annual General Meeting of the Imperial Bank of Canada was held in pursuance of the terms of the Charter at the Head Office in Toronto, on Wednesday, 25th May, 1921, at 12 noon.

THE REPORT.

The Directors have pleasure in presenting to the Shareholders the Forty-sixth Annual Report and Balance Sheet of the affairs of the Bank as on 30th April, 1921, together with Statement of Profit and Loss Account, showing the result of the operations for the year. The balance at credit of Profit and Loss Account brought forward from last year was \$1,062,278.04

Net profits for the year, after deducting charges of management, auditors' fees and interest due depositors, and after making provision for bad and doubtful debts and for rebate on bills under discount, amounted to 1,287,061.56

Making a total at credit of Profit and Loss Account \$2,349,339.60

This amount has been appropriated as follows:

Dividends at the rate of 12% per annum	840,000.00
Special bonus of 1% for the year	70,000.00
Annual contribution to Officers' Pension and Guarantee Funds	42,500.00
Special contribution to Pension Fund	100,000.00
Dominion Government Taxes	125,000.00
Balance of Account carried forward	1,171,839.60
Total	\$2,349,339.60

During the year Branches of the Bank have been opened at the following points:

IN ALBERTA—Big Valley, Dorenee, Edberg, Leslieville.
IN BRITISH COLUMBIA—Atholmer.
IN MANITOBA—Poplar Point, St. Vital.
IN ONTARIO—Toronto: College and Shaw Streets, Runnymede and Annette Streets; Chute a Blondeau, Connaught Station, Englehart, Gormley, Hilton, Kapuskasing, Kettleby, Monteith, Porquas Junction, Union, Virg.
IN SASKATCHEWAN—Carlton, Carmichael, Primate, Tompkins.
The following branches have been closed:
IN ALBERTA—Bear Lake, Cherhill, Greencourt, Griffin Creek, Gwynne, Westlock.
IN SASKATCHEWAN—Edgeley.
IN ONTARIO—Simpson Street, Fort William; Marshville, Verschoyle.

It is with deep regret that your Directors have to record the death during the year of Sir William Gage, who had been a valued member of the Board since 1910. The vacancy has been filled by the appointment of Mr. George C. Heintzman of Toronto, who has been a shareholder for many years past.

The Head Office and Branches of the Bank, now numbering 218, have in accordance with the usual custom been carefully inspected during the year.

The auditors appointed by you have also made their examinations as required by law, and their report and certificate is appended to the Balance Sheet.

The Directors have pleasure in again testifying to the satisfactory manner in which the officers of the Bank have performed their respective duties.

All of which is respectfully submitted.

PELEG HOWLAND, President.

REPORT DECLARES LONDON TIMES IS CHANGING HANDS

London, June 2.—Under the heading "Which One," The Daily Mail, a Northcliffe paper, published the following:

"The usually well-informed writer of the 'London Letter' in The Westminster Gazette, gave much prominence last night to the following, which it is understood, has afforded a good deal of relief in Government circles: 'Rumor in clubs and elsewhere is very busy with the question of the future of one of the London morning dailies. I have good reason to believe that in a short while it will be found that the Coalition Government has a new and powerful supporter in a quarter where it has not been free from criticism. The transaction will create a first class sensation when it becomes known. Very big sums of money are involved in the change of control.'

This is the first reference to Northcliffe paper has made in a report which has been current to the effect that The London Times had changed hands.

PELEG HOWLAND, President. **W. MOFFAT, General Manager.**

REPORT DECLARES LONDON TIMES IS CHANGING HANDS

where is very busy with the question of the future of one of the London morning dailies. I have good reason to believe that in a short while it will be found that the Coalition Government has a new and powerful supporter in a quarter where it has not been free from criticism. The transaction will create a first class sensation when it becomes known. Very big sums of money are involved in the change of control."

Grand Forks to Get Big Irrigation Works, MacLean Announces

With the announcement of the formation of British Columbia's latest irrigation district at Grand Forks, the Hon. J. D. MacLean, Provincial Secretary, returned to Victoria to-day after a tour of the Interior.

The Government is to advance \$225,000 from the Conservation Fund for the construction of the irrigation works there. All the money spent on the construction of the irrigation works will be repayable to the Government, however, Hon. Dr. MacLean explained. The cost of the work will be a charge on the land benefited, and will in no way increase the burden on the taxpayer in any other part of the Province.

Policy to Cut Taxes. Improvements in the Grand Forks district is in line with what has been done

by the Government in other places during the last two or three years to add to the productivity of the Province to bring and hold population here so that the debt burden per capita may be lowered, Hon. Dr. MacLean said.

At Summerland, Hon. Dr. MacLean opened a new hospital.

All through the Southern Interior the country is looking good and the crops fine, he said. There will likely be a tremendous fruit production.

NEW COMPANIES

New companies with a capitalization of \$500,000 have been incorporated in British Columbia this week. It was announced to-day by the registrar of companies.

The incorporations are: O. K. Auto Tube Co. Ltd., \$20,000, Vancouver; W. W. Powell Co., Ltd., \$200,000, Nelson; Sunset Brokers and Builders, Ltd., \$50,000, Vancouver; Leonard's Cafe, Ltd., \$10,000, Vancouver; Lister Trading and Supply Co., Ltd., \$10,000, Campbell River; International Collection Co., Ltd., \$10,000, Vancouver; Howe Sound Navigation Co., Ltd., \$10,000, Vancouver; McLeod Slocan Mining Syndicate, Ltd., \$100,000, Vancouver.

ASSIZE COURT OPENS

The sitting of the Victoria Spring Assizes opened to-day at 2 p.m. with only one case on the list awaiting trial. The case in question is that of a charge of highway robbery against Eric Crowe, John Dean and Robert Soutter, three soldiers who are at the Esquimalt Road in January last. J. S. Brandon is appearing for the Crown, while J. A. Alkman and R. C. Lowe are acting for the several accused.

The proceedings to-day were confined to the selection and swearing in of the grand jury, who considered the indictments in question. Chief Justice Hunter presided.

GRAND JURY PANEL

Those required to serve on the Grand Jury are as follows: Messrs. Edwin B. Andrews, William James H. Beatty, Alfred A. Clayton, Henry Dalby, Marshall P. Gordon, Joseph Heaney, Sidney M. Jones, John R. Sanders, Thomas O'Brien, John Carl Fendray and John R. Sanders.

FEW MORE BERTHS FOR VOYAGE NORTH

G. T. P. Steamship Prince George Will Leave on Excursion June 7.

The G. T. P. Steamship Prince George will not call at Victoria in connection with the business men's excursion to the North, as it was deemed advisable that the time spent in making the trip from Vancouver to Victoria might better be spent in cruising northern waters, according to an announcement made by the Chamber of Commerce this morning.

The excursion is being promoted by the Vancouver Board of Trade and anyone wishing to participate in the pleasure trip is welcome to do so, reservations being available at the Chamber of Commerce office here, or at the steamship offices.

The special excursion rate includes passage from Victoria to Vancouver via the C. P. Route, and John G. S. Prince George will sail from Vancouver Tuesday night, June 7 at 8 p. m. As this is considered the best time of the year to make the trip to Prince Rupert, Anyox and other points along the British Columbia coast, it is believed that every reservation for the limited number set will be taken up. In order that everyone may thoroughly enjoy themselves, it was decided to limit the number of passengers to a number considerably less than the vessel will carry but there is yet time for the making of a few reservations. About six or eight more are desired from Victoria, and it is hoped that those wishing to take advantage of the excursion will send in their names at once.

FAIL IN EFFORT TO GET CABARET DEFINITION HERE

But Council Will Tackle Problem Again Monday

Though City Solicitor H. S. Pringle did not have time, while in Eastern Canada recently, to make a personal investigation of cabaret conditions there, the City Council will start again next week on its weary way toward the solution of the local cabaret problem.

The new Cabaret By-law, upon which the Council founded before in its efforts to clean up Victoria cabarets, has been placed on the agenda for Monday's Council meeting so that the aldermen will have to tackle the job again then.

The aldermen had hoped that Mr. Pringle would be able to get into the Eastern cities so that he might discover a satisfactory definition of a cabaret—the point which has foiled all Council attempts at attempts at solution. Mr. Pringle was so busy with the telephone case, however, that he had no time to visit any of the Eastern cities.

The Council is unable to fix a legal definition which will include all real cabarets and at the same time exclude all places in which dancing is carried on but which are not real cabarets. It is feared that any sweeping definition might ban private dances and large public balls, or at least force them to cease at midnight.

The civic authorities are taking no chances of the prospective effect of the new Liquor Act and plan to put the new Cabaret By-law in force by the time the Government Control Act becomes effective on June 15. And it is hoped that by Monday Mr. Pringle will be in a position to suggest some way out of the difficulty which surrounds the legal definition of a cabaret.

OBITUARY RECORD

The funeral of the late James Mallett, whose death occurred last Sunday, took place yesterday afternoon at 2:30 o'clock from the St. Andrew's Church. Mr. C. J. W. were conducted by the Rev. W. M. McLeod. Relatives and many friends were present, including representatives from the A. O. U. W. The casket was hidden beneath beautiful flowers. The following acted as pallbearers: W. Ormond, Wm. Marchant, F. W. Davis, H. Barradough, W. G. Cameron and P. P. Hane. Interment was made in the family plot at Ross Bay Cemetery.

Annual Rotary Meeting.—The Victoria Rotary Club, at its annual meeting in the Knights of Pythias Hall to-night, will install the new officers elected recently and conduct other business items made. After the banquet and business session the members and their wives will indulge in dancing.

Out-of-works are flocking into Cochrane and about sixty men sleep in the railway station at night.

BUSINESS AS USUAL

To-morrow, the King's birthday, is a legal holiday, but no one can be prosecuted for conducting business as usual. Attorney-General Farris explained to-day.

Banks, schools and the Parliament Buildings will close all day.

OKLAHOMA RIOTS ARE INVESTIGATED

No Further Race Disorders in Tulsa

Tulsa, Okla., June 2.—A sweeping investigation of the race riots of Tuesday night and Wednesday morning which resulted in unofficial estimates of nearly 100 killed and scores wounded, most of the victims being negroes, was expected to get under way to-day. The city was in the firm grasp of the militia, and officials were confident the disturbances would not recur. A military commission had the task of fixing responsibility for the outbreak.

Stores were permitted to open at 8 a. m. after business had been suspended last night and the citizens kept the streets.

Checking Up.

The military officials began a check of the unofficial lists of dead and wounded. About eight white men and fifteen negroes lay in morgues. Some of the thirty-five injured remaining in hospitals were not expected to recover. The loss from a negro church recently erected at a cost of \$75,000 and several substantial brick business buildings were reduced to ruins. The burned area covered more than a square mile.

Camped Out.

Nearly 5,000 negroes camped in the fair grounds all night and citizens and authorities to-day began consideration of the need of housing. Clearing up of the debris in the negro quarter and erection of tents at once was one suggestion. A committee of citizens and the Red Cross provided funds for immediate necessities.

The absence of negroes from their work, especially those employed in hotels and other downtown establishments, caused much inconvenience. There were no negro passengers on the case of a mobilized force of similar strength. The recent destruction of bridges in this area has affected the complete isolation of these bases so far as the Crown forces are concerned, so much so, that the Valencia peninsula is no longer approachable from the land with that elementary degree of safety required by a fighting force.

These facts must be taken in conjunction with De Valera's message to the British government in respect of their frightfulness in respect.

Four Killed.

Dublin, June 2.—Four members of the police force were shot dead and three were wounded in an ambush yesterday at Clomunogue, County Kerry. It was announced at headquarters here to-day. The killed were Police Inspector McCoughy, a sergeant and three constables. The three men wounded were constables.

LOSS IS CAUSED BY FOREST FIRE

Lumber Camp at Stillwater Is Burned

Victoria, June 2.—The camp buildings and contents of Brooks, Scanlon and O'Brien Camp, No. 1, Stillwater, were destroyed by fire on Tuesday, according to word received in the company offices Wednesday night. There were rumors that a locomotive and three donkey engines had been destroyed, but according to latest word from the camp this is not true. It was also reported that the powder house, situated some distance from the camp, had blown up.

Rush fires have been raging in that vicinity since Saturday, and sparks are supposed to have caused the damage. It is estimated the loss at Camp No. 1 will be in the neighborhood of \$20,000.

CADETS Praised BY INSPECTING OFFICER

General Ross Commends High School Corps

The Victoria High School Cadet Corps, at its annual inspection by Brigadier-General Ross, C.M.G., of the 1st Canadian Trench Battalion, No. 11, this morning displayed efficiency and soldierly smartness worthy of any military unit.

The corps performed a variety of manoeuvres on the school campus under the supervision of the instructor, Major S. Harvey, a veteran of the Great War, and cadet officers. Each movement was performed without hesitation, and showed that they had undergone long and careful training in preparation for the inspection. A large number of people, as well as interested spectators of the inspection, Mrs. Barnacle, Regent, and Mrs. Colison, of the Cadet Chapter, I. O. O. F., were present representing that body, which has taken a generous interest in the corps for some years.

The march past when General Ross took the salute was particularly striking.

"The inspection was most satisfactory and reflected the greatest credit upon Major Harvey and the officers of the corps," General Ross declared after the inspection to-day. "In fact, I have given credit to every militia unit."

Colonel Homer Dixon accompanied General Ross at the inspection.

Inspection of public school cadet corps will take place at an early date, General Ross stated.

CONFERENCE PRESIDENT.

Calgary, June 2.—Rev. A. C. Farrell, of Medicine Hat, was elected president of the Alberta Methodist Conference this morning.

Rev. E. E. were pastor of Wesley Church, Calgary, and previously occupied various pulpits in Ontario. He served as a chaplain overseas.

OIL INVESTIGATION.

Ottawa, June 2.—In the Senate the report of the committee which investigated oil shale development was presented by Senator Fowler, who recommended that the committee had not completed its work it be empowered to continue its investigations next session.

Wretchedness OF Constipation

Can Be Quickly Overcome by CARTER'S LITTLE LIVER PILLS. Purely vegetable and gentle on the liver. Relieves biliousness, headache, indigestion. They do their duty. Small Pill—Small Dose—Small Price.

ULSTER PARLIAMENT TO MEET JUNE 21

Members Will Take the Oath Next Week

Belfast, June 2.—The News Letter to-day says it has learned "on very good authority" that in all probability "King George will visit Belfast for the purpose of opening the Ulster Parliament in state June 21."

The Parliament will meet next Tuesday for the election of a speaker and the swearing in of the members.

No Confirmation.

London, June 2.—The Irish Office to-day stated it was unable to confirm the report that the King would open the Parliament of North Ireland in Belfast June 21.

Rebels.

London, June 2.—The Morning Post says: "Information has been received in London from Ireland that the 'Irish Republican Army' is being mobilized. While the military authorities doubt the possibility of a standstill fight between the 'Republicans' and the Crown forces, the present happenings seem clearly to indicate that the rebels mean to come into the open. In the wild country about the Clynagh mountains of County Kerry the concentration of a rebel force in progress, and at least 1,000 are already massed, while it is known that the lonely Valencia peninsula is the scene of a mobilized force of similar strength. The recent destruction of bridges in this area has affected the complete isolation of these bases so far as the Crown forces are concerned, so much so, that the Valencia peninsula is no longer approachable from the land with that elementary degree of safety required by a fighting force."

These facts must be taken in conjunction with De Valera's message to the British government in respect of their frightfulness in respect.

Four Killed.

Dublin, June 2.—Four members of the police force were shot dead and three were wounded in an ambush yesterday at Clomunogue, County Kerry. It was announced at headquarters here to-day. The killed were Police Inspector McCoughy, a sergeant and three constables. The three men wounded were constables.

BANK OF ENGLAND'S WEEKLY STATEMENT

London, June 2.—The weekly statement of the Bank of England shows the following changes: Total reserve decreased £1,274,000; circulation increased £12,842; other securities decreased £7,831,000; other deposits increased £21,109,000; public deposits increased £1,777,000; notes reserve decreased £1,285,000; Government securities increased £2,304,000.

The proportion of the Bank's reserve to liabilities this week is 11.83 per cent; last week it was 14.78 per cent. Rate of discount 4 1/2 per cent.

CHURCH UNION PLAN IS URGED

(Continued from page 1.)

question of church union he said no part of the Christian world was free from this burning question.

"In our own church and in this Assembly," Dr. Ballantyne said, "is the topic of the hour, and it is not for me in this address to say in what definite way the question should be settled."

Dr. Ballantyne referred to the Lambeth Conference and characterized it as a wonderful advance the concurrence of the bishops on the subject of union.

"No longer is it claimed that the Church of England is the one true church, that of Jesus Christ," said Dr. Ballantyne, "but on the other hand there is the frank and full recognition that other Christian communions are also churches of the Holy Ghost."

Asking what should be the approach of the Presbyterian Church to this approach, Dr. Ballantyne said: "I may say, as a humble member of the church, that we make no claim for the divine right of Presbyterianism. There have been those who did so. Nor is there any hostility to episcopacy."

IMMIGRATION BILL APPROVED

Ottawa, June 2.—The bill to amend the Immigration Act received third reading in the Senate. The deportation clause which last session was the subject of much discussion, had been considerably modified in the Commons. On motion of Senator Lynch-Staunton this modified clause was eliminated after a strong protest from Senator Robertson.

BRICKLAYERS IN CALGARY WORK

Calgary, June 2.—A letter notifying the Calgary contractors that the bricklayers had withdrawn their strike order was received by Secretary John Wilson this morning from the Bricklayers' Union. This will mean that the bricklayers will resume work at once.

The metal workers and stonemasons will also return to work, it is expected.

SITUATION IS DECLARED GRAVE

More Fighting in the Silesian Area

Oppeln, June 2.—French soldiers forming the garrison of Beuthen, a city in Southeastern Silesia, near the old Polish frontier, have been attacked by forces organized by German inhabitants of the town. Reports state that the Germans in the fighting numbered 2,000. The French and are said to have gained the upper hand in the battle. There have been many German casualties, it is reported, but the French have not suffered losses.

The situation at Beuthen is complicated by the presence of Polish insurgent forces around the city. The Poles began a fight with Germans in the outskirts of the town on Sunday and when the French were attacked the Poles rushed men to their assistance. It would appear, however, that the French commander refused the aid. It is said the French are holding the Poles from entering the town.

The situation is reported by neutral referees here to be grave. The German population of the city is declared to be desperate. Food supplies are running short and there has been much looting.

Recalled.

Oppeln, June 2.—General Lerond, head of the Allied Commission for Upper Silesia, has been recalled, it is unofficially reported here.

SEVERE PENALTY FOR OBSTRUCTION

(Continued from page 1.)

"Every person who, without lawful excuse, (a) refuses or neglects to answer, or wilfully answers falsely, any question requisite for obtaining any information sought in respect of the objects of this Act, or any regulation, or (b) refuses or neglects to furnish any information, or to fill up, to the best of his knowledge and belief, any schedule or form which has been required to fill up and to return the same when and as required of him under this Act or any regulation, or wilfully gives false information, or practices any other deception thereunder, the penalty shall, for every such refusal or neglect, or false answer, or deception, be guilty of an offence and liable, upon summary conviction, to a penalty not exceeding one hundred dollars and not less than twenty dollars, or to imprisonment for a period not exceeding three months and not less than thirty days, or to both fine and imprisonment."

Owners of small properties, particularly of fruit and dairy farms, are asked to aid the commissioners by preparing the data, already published, or prompt turning over to the enumerators.

STRIKE FAILURE IN ARGENTINA

Buenos Ayres, June 2.—Efforts by Communists to cause a general strike in Argentina have thus far failed to win complete success.

All public services, with the exception of taxicabs, continue in operation, while work in the port zone is proceeding with non-union laborers.

Newspapers generally credit the authorities with preventing the spread of the strike by vigorous restoration of Communist activities and preventing gatherings and demonstrations.

ANTI-BOLSHEVIK REVOLT SPREADS

Peking, June 2.—The anti-Bolshevik revolt in Eastern Siberia, which began with the capture of Vladivostok and nearby towns by troops formerly commanded by the late General Kappell, has spread to Blagovestchensk, capital of the Amur province, it is said in reports reaching here. Local authorities at Blagovestchensk are said to be defying the Government of the Far Eastern Republic which has its capital at Chita.

The new Socialist Government established at Vladivostok continues to function. The city is reported to be quiet.

WESTMINSTER CLEARINGS.

New Westminster, June 2.—The bank clearings here during the past week were \$666,870.

TOO LATE TO CLASSIFY.

IMPERIAL Premier WINTER GASOLINE

Winter Motoring Wisdom

IMPERIAL Premier Gasoline and Imperial Polarine will give you motorists the service and mileage that you have a right to expect during the winter.

Imperial Premier Gasoline has a uniform chain of high, low and medium boiling points. This insures perfect starting, smooth acceleration, full power and "More miles per gallon."

It is straight-distilled and free from all impurities. If better gasoline could be made, Imperial Oil Limited would make it.

Imperial Polarine is the ideal winter lubricant. It does not lose its lubricating efficiency in cold weather, neither does it run thin under extreme engine heat.

It maintains the proper piston ring seal, prevents overheating, eliminates carbon trouble and keeps your motor out of the shop.

Use the grade of Polarine recommended by the Imperial Chart for your car. "Automotive Lubrication" is a booklet containing this chart. Ask for your copy.

AMSTERDAM "BEGGAR COUNCILLOR" QUILTS

The Hague, June 1.—A solution has been found for the extraordinary case of Hadjemamaar, the Amsterdam "Beggars Councillor," which had caused famous Dutch jurists and members of the Government to rack their brains for a law to deprive Hadjemamaar of his councillorship. Parliament failing to pass the proposed bill to meet the case, Hadjemamaar resigned his office. The first meeting of the City Council, Hadjemamaar after being sentenced to a term of imprisonment for drunkenness and disorder which would have prevented him attending the first meeting of the City Council. For months past the press has been full of the strange case but no solution could be found to banish the unruly councillor from public life.

Why let cold pieces of furniture accumulate in the cellar or warehouse? A Times classified ad will save you worry, time and money.

It is easy to see why the public recognize the value of Times classified advertisements. They accomplish so much at such little cost.

The chap who said "Oh, for a lodge in some vast wilderness" might have found just what he wanted had he studied the Times classified ads.

News of Markets and Finance

CALL MONEY DEPRESSES MARKET

(By Burdick Brothers, Ltd.)
New York, June 2.—Stocks were uneasy again to-day as a result of some selling caused by stiff money rates, and the operations in the steel industry continuing at a low ebb. Readjustments continue in various lines, and until this process has been pretty well consummated stocks will undoubtedly carry on in this uncertain manner.

TO-DAY'S TRADING IN WINNIPEG MARKETS

Winnipeg, June 2.—Further strength in the wheat market was displayed around the opening this morning caused by some early buying, but later the market became quiet with prices acting stubbornly and stayed around the high mark during most of the session. During the last half-hour there was little more active buying and prices again advanced to higher levels. The close was 5/8 to 3/4 cents higher.

CROP ESTIMATES GREATLY REDUCED

(By Burdick Brothers, Ltd.)
Chicago, June 2.—Further reports of decrease in indicated yield in winter wheat States was responsible for another big upturn in prices for July wheat here to-day. Private crop reports estimate 13,250,000 bushels for winter wheat States at a million under last advance for the Government. July wheat estimates for the day was three cents, selling to a new high at 141 1/4 on heavy buying by exporters and Eastern investors.

IMPERIAL BANK

MAKES NEW RECORDS

Assets and Deposits Attain Highest Figures in the Bank's History

A feature of the financial statement of the Imperial Bank of Canada submitted at the annual meeting of the shareholders on May 25 is the new high record which is shown to have been attained in respect to assets and in deposits by the public. The one of the objectives of the bank's financial position and the other in spite of the trade depression money is accumulating.

Gain in Assets.

By an increase of approximately \$100,000 during the year the assets of the bank reached a total of \$128,376,612, a sum unequalled during the forty-six years of the institution's existence. But the best indication of the healthy condition of the bank financially is the relation of the liquid assets to the liabilities to the public. These standing at \$58,102,312, bear a proportion to the latter of 52 per cent. Cash assets alone amounting as they do to \$30,504,350, are equal to 30 per cent of the bank's liabilities to the public. This is a particularly gratifying feature. The reserve fund of \$7,500,000 continues to exceed capital by half a million.

Gain in Savings Deposits.

In savings deposits there is a gain of \$1,130,545 or 12.55 per cent, the figures being \$8,179,624 compared with \$7,049,079 as at April 30, 1920. Notwithstanding a decrease in non-interest-bearing deposits, the increase with the Government total deposits, by an increase of \$1,340,794, reach a sum of \$99,125,011 the largest in the history of the bank, an increase in the past years of \$22,620,519 and in twenty years of \$83,609,255.

Satisfactory Profits.

Profits for the year amounted to \$1,287,061 thus allowing the payment, as in 1920, of a bonus of 1 per cent on the assets of the bank of \$1,287,061. This involved the sum of \$910,000. After making the usual contributions to pension and other funds and paying \$125,000 in taxes to the Government the sum of \$1,171,829 was carried forward to profit and loss balance an increase over the previous year of \$109,541.

Increase in Commercial Loans.

Commercial loans at the end of April 30 stood at \$61,957,400 compared with \$59,432,842 at the close of the previous year an increase of \$2,524,558. This healthy expansion, the general manager pointed out in his address, was largely due to loans advanced to the grain dealers, grain farmers and cattlemen, and are accounted among the bank's safest loans. In call loans there was a decrease of nearly two million.

A Study on the Situation.

Both the president and the general manager gave some attention during the course of their addresses to the country's general financial condition. Mr. Howland, the president pointed out that "with the heavy taxations, and part time working, goods can not be produced cheaply in our factories, nor with freight rates and other costs can they be distributed cheaply by either wholesaler or retailer." He was, however, of the opinion that "gradually matters will adjust themselves, and when they do there will come to us an era of prosperity such as we have never seen."

Mr. W. H. Corbett, of Cleveland,

is said to own the smallest and most nearly perfect Boston terrier in the U. S. It is 4 years old, weighs 6 1/2 pounds, has been thirty cups, and scores of ribbons at dog shows.

Rent concessions, as an inducement

to prospective tenants to rent apartments were offered in Chicago this week for the first time in several years. A real estate firm advertised free rent until June 1 on two choice apartments.

Thieves entered the home of Will

May, at Hyde Park, and stole a basket of eggs, the following night his flock of forty hens were stolen.

Life Insurance

THE PEOPLE of Canada are insured for over two and a half billion dollars. This sum would provide for 350,000 widows and orphans for twenty years; it would purchase 625,000 homes at \$4,000 each; or it would furnish an education to over a million children.

These figures are evidence of the value placed upon life insurance by the people of Canada, and of what it is doing for the individual and for the nation.

Life Insurance is the guarantee that your home can be saved for your family and your children be given a chance in life—whether death overtakes you or you live to old age.

What Daily Newspaper Advertising Has Done For You

Daily Newspaper Advertising has done more to raise the standard of living and to educate people to the refinements of life than any other force.

Daily Newspaper Advertising brought the world of modern music into the home through the medium of the talking machine and the player-piano.

Daily Newspaper Advertising popularized the automobile.

Daily Newspaper Advertising has educated mothers in the care and feeding of children.

Daily Newspaper Advertising has made meals more appetizing by introducing better quality and daintier foods. It has educated the public in the science of dietetics.

Daily Newspaper Advertising has made housework lighter by educating women to the use of vacuum sweepers and cleaners, washing machines, ironing machines, clothes dryers, laundry soaps, general cleansing compounds and cooking utensils, etc.

Daily Newspaper Advertising has preserved the complexion of the nation by its introduction of fine toilet soaps and emollients.

Daily Newspaper Advertising has made the decoration and preservation of the home and its furnishing easier by advocating the use of ready-made paints and varnishes.

Daily Newspaper Advertising has educated women to a finer taste and a greater utility in home furnishing. It killed the horsehair sofa, the antimacassar, the straight back chairs and the old-time parlor.

Daily Newspaper Advertising has taught men and women how to dress better and more economically.

Daily Newspaper Advertising has shown men and women the physical value of outdoor life.

Daily Newspaper Advertising has standardized prices for definite commodities.

Daily Newspaper Advertising has standardized weights and measures.

You should buy goods advertised in daily newspapers in preference to others—and patronize, first, the local merchant who advertises.

The manufacturer or merchant who advertises is invariably producing and selling a better article. If it were not so, it would not be advertised.

GATHERS VALUABLE DATA ON LOGANBERRY INDUSTRY

JUICE PLANTS

SAVE OREGON CROPS

Commissioner Points Out Value to City of Potential Crop

Commissioner Thomson, of the Victoria and Island Development Association, calls attention to the market conditions with respect to loganberry production that existed in Oregon a few years ago, when there was little or no sale for this berry, and the growers commenced to pull out their plants. This made necessary the introduction of a method for the use of the loganberry, and the juice product evolved. The success of this, as developing an extensive market, is evidenced by the huge increase in acreage under loganberries and which further shows that through the cooperation and financial interest of the growers themselves in the many juice plants they have succeeded in making their loganberry crops a substantial source of revenue.

A side light of great importance that should not be overlooked by the Victoria business men, the land owner, and the realty operator is that if a market cannot be developed for the loganberry it will greatly retard the future settlement of Victoria's hinterland.

Suitable land for loganberry growing can be obtained in almost any of the districts of the island, whereas land suited to commercial strawberry growing is restricted to certain small areas.

The land sales in Saanich and the building permits issued in that municipality during the past six months evidence where the large majority of newcomers have located, and this will continue if conditions continue favourable, and finally the building up of Saanich will represent a very valuable asset to the business interests of the city.

EXPERT RECOMMENDS

BERRIES IN SYRUP

Regards It As Best Course For Vancouver Island Growers

As an alternative to pressing loganberries the advisability of canning was recommended to the deputation in Portland. This process is simple and effective, and consists of canning the berries in a proper proportion of syrup. The deputation tasted some of this product and found it excellent both as to flavor and quality.

Since our return to Victoria the deputation has received a letter from Mr. Gile, who writes as follows: "In discussing this matter together with my associate, Mr. Jenks, this morning, we are inclined to think that, under all the circumstances, your best bet, by far, would be to put up your loganberries in syrup this season. The quantity you have is not great, and certainly the Dominion of Canada not growing loganberries anywhere else, would easily absorb these, it seems to me, at a very handsome profit, and there would be absolutely no chance of loss of failure, providing the fruit is properly canned. Since you have the building and the steam power, the amount of necessary equipment would be almost negligible, so that we think this would be by far the best thing for you to do this season."

Mr. Gile, in giving this advice, has taken into consideration the smallness of the loganberry tonnage available, and he also considers that such a plant would be of inestimable use in taking care of any superfluous strawberries or other fruit which might be thrown upon the hands of the growers at the last moment.

A DIVORCE GRANTED

After many years of patient suffering, you can be divorced from corns, you can get rid of them completely by applying Eastern Corn Extractor. This wonderful old remedy acts in 24 hours and never fails. Refuse a substitute and remember "Putnam's" is the only Painless remedy, 25c. everywhere. Advt.

HAS HELPED PUBLIC HEALTH NURSING

Red Cross Made Substantial Grants to Island Settlements

The Victoria and District Branch of the Red Cross started September 1, 1919, with \$30,274.80 on hand and has expended in the thirteen months ending September 30 the following amounts:

Soldiers' hospitals	\$ 6,117.93
Personal supplies for soldier patients	4,977.49
Nursing station for soldiers' settlement, Merville	872.54
Salaries Public Health Nurses	1,444.00
Motor cars for Public Health Nurses, Saanich, Metchoir and Duncan	2,740.41
	\$16,408.12

Since October 1, 1920, date of last annual report, the local Red Cross has continued to furnish personal supplies to all soldier patients in the hospitals of the district, underclothing alone costing over \$978.

It has also expended \$925 on the nursing station for the soldiers' settlement at Merville, of which \$68.81 was for nurses' salary and the balance mostly milk, special foods and supplies for new babies arriving at the settlement.

Next Monday's membership campaign is expressly for the purpose of raising funds for the continuance of this peace-time work.

DODD'S KIDNEY PILLS

ALL KIDNEY DISEASES
RHEUMATISM
BRIGHT'S DISEASE
DIABETES
GRAVEL
1087 THE PROPHET

SAMUEL HILL BACK FROM TOUR

(Continued from page 1.)

His Own Cinema.

Just before leaving England, Mr. Hill gave a private production in the Coliseum (London) of his cinema, "The Sacred Treaty of a Scrap of Paper," which is to be memorialized in the Peace Portal erected on the boundary between the United States and Canada, and into which is being built the block of the old Quaker barn at Jordan's, and the site of the original timbers of the Mayflower.

The inscription on the brass plate now fixed in the barn on the site of the cut out by American friends, marks the place where a piece of timber, given by the British Society of Friends, from the Mayflower barn at Jordan's, has been taken to be placed in the Pacific Highway Association's Peace Portal, erected on the boundary between the United States and Canada. This gift commemorates our common ancestry, and especially the peace which has lasted for more than one hundred years, between the United States and Great Britain.

The Mottoes.

The mottoes on the Peace Portal at Blaine refer to the hundred years of peace between Canada and the U.S.A. since the Treaty of Ghent, 1812, which is to be memorialized in the Peace Portal, and (on the reverse) "Brethren dwelling together in unity." On the concrete and steel doors recessed in the wall appear, "July 4, 1812, open for a hundred years. May these doors never be closed."

The Penn Settlement.

It is less than a year since there came into existence The Penn Pioneer, issued by a committee of tenants in the interests of Jordan's Village and its neighborhood, and it is interesting to know that in addition to the block cut from the Mayflower being placed in the box it is deposited by Mr. Hill in the Peace Portal at Blaine, there were one hundred copies of the paper also.

THE PEACE PORTAL AT BLAINE

LOGANBERRY REPORT

MADE TO GROWERS

Delegation to Oregon Plants Offers Suggestion

The fruitgrowers of the Saanich Peninsula last evening heard the reports of the delegation composed of George G. Busby and J. H. Sutton, who recently visited the loganberry districts of Oregon to obtain data on marketing the crop.

Mr. Busby presented an excellent written report on the various conditions contributing to the industry where it is well established, and the arguments for loganberry juice as against a canning industry. As the juice plant requires 250 tons to warrant it, and there is no prospect of more than 150 tons in sight, it was thought wiser to support the canning project, using 70 per cent. syrup. The necessary provision, it was suggested at the meeting, should be made through the Fruitgrowers' Association.

It is proposed to go ahead with plans for the establishment of a plant for this product, possibly next season. The Victoria and Island Development Association will lend every help in the undertaking.

At the meeting were J. C. Pendery, President, and Commissioner Thomson, of the Victoria and Island Development Association, E. W. Pendery, President, and J. H. Sutton, Secretary of the Saanich Fruitgrowers' Association; Councilor G. A. Vant-Resig, of the Victoria Fruitgrowers' Association; W. F. Somers, officers of the Gordon Head Fruitgrowers' Association; E. W. White, Assistant Provincial Horticulturist; R. A. Fraser, C. M. Maywood, and George Stewart.

Advices Caution

"In Portland we received advice of Mr. Schmeer, vice-president of the U. S. National Bank, who advised caution, but was considered that if the growers themselves were interested in the operation of the business and would guarantee an adequate supply of material, a successful competition arising out of the use of extracts which are extensively used by manufacturers in the preparation of so-called pure fruit juices.

We visited a factory in the vicinity of Portland, where a successful loganberry juice business has been carried on for several years. The proprietor of this establishment was extremely anxious to have us examine his plant, and he personally gave us all the information we asked for.

"While he stated that in his opinion the berry tonnage now available in this district is not sufficient to warrant the erection of a juice plant, he was willing to admit that if the cooperation of the growers was obtained there should be a good chance of success.

"He explained the many pitfalls which must be overcome, the principal being fermentation. Absolute cleanliness is essential, and attention are the keynote of success in this business.

"No sugar is required in the case of pure juice, but a sufficient quantity for further preparation for the retail market. It is recommended to store the raw juice in one gallon glass bottles with aluminum caps.

"What is styled concentrated juice is juice put through an evaporating process in a vacuum pan. This process is not desirable as it deteriorates the product.

No Filtration.

"No filtration is necessary in the case of raw juice. We examined many bottles of the 1919 press and observed very little sediment due to settlement of solids.

"Berries must be pressed as soon as possible after picking, otherwise trouble will commence from fermentation. Four to six hours is long enough to keep the berries.

"Wet berries must not be used as the presence of water is injurious to the keeping qualities of the juice.

"Berries must be perfectly ripe, when the best quality of juice is obtained from them. There must be no green berries used.

"The berries must not be heated before pressing as the heating process draws out the acids from the seeds and impairs the quality and flavor of the product.

No Delay Essential

"There must be no delay in handling the berries in the factory. Every effort must be used to get the juice safely stored, and pasteurized as soon as possible.

"The nature of the process and the crushing and pressing of the berries all tend to hasten fermentation. This is advisable in order rapidly to handle the material and prevent any delay which might endanger the quality of the product.

"All manufacturers agree that fermentation is caused by mold in the berries, unclean portions of plants, contact with the hands of workmen.

"The owner of this plant offered to send his process man to help us this season, and to show the details of operation. The Oregon season will be over just as the season here commences. In the event of operations being carried on here the deputation should suggest that this offer be accepted."

The delegates then proceeded to Salem, Oregon, the home of the loganberry where they met the management of the Phe Company. This plant is a converted brewery, and they use steel, glass-lined tanks in cold storage for the storing of their juices. This concern does not ship out any raw juice, all their product being bottled. They have in storage some of their 1919 press. Cold storage is not necessary. "We received the same advice from these people as to cleanliness and avoidance of sterilization," says the report.

Mr. Gile's Advice.

"We called upon Mr. Gile, the father of the loganberry juice business in Oregon. He added his quota regarding sterilization, in fact, his advice is aimed in the most respects to that of the other gentlemen whom we interviewed," continues the report.

Reports Upon His Advice.

In the matter of price, all manufacturers agree that the price of 6 cents per pound is the most that can be paid, and they expect to be able to purchase berries for less. Pickers are paid at the rate of 1 cent to 1 1/4 cents per pound, according to performance. The pickers come from the larger towns and camp out, making a holiday season of the job.
